<b>From:</b>	Kevin Trewhella
<b>Date:</b>	November, 2023
<b>Department:</b>	Water and Wastewater

**Water and Wastewater:**

Both treatment Plants are operating excellently. In an effort to improve our water system, we have invested in Variable Frequency Drives. These VFD's will allow us to pump the water out of the wells at a slower more consistent pace. This will also allow for less wear and tear in our entire system. This in turn saves us money in the future. Installation of these new VFD's begins today, November 1, 2023, and will be completed by Friday November 23, 2023.

Have a great month!

# City of McCleary STAFF REPORT

<b>To:</b>	Mayor Miller and Council
<b>From:</b>	Jenna Jarvis, Field Foreman
<b>Date:</b>	October 31, 2023
<b>Department:</b>	Public Works

Hello everyone!

The Public works crew has been thriving and constantly busy trying to finish up the mowing season as well as get ahead of common stormwater issues that arise.

First off, we have officially removed, as much as we could, asphalt and concrete from near one of our well houses that was dumped from 3<sup>rd</sup> St. construction back in 2019. The crew removed and hauled just over 208 yards of material. Since then, it has been landscaped, grass seed has been put down, and trees have been planted.

We have been working with the museum in assisting with their project for a new sidewalk on the east side of the museum. We took out the old concrete that was not ADA compliant as well as unwanted cracks that have happened over time.

With the weather slowly changing, we had just enough sunny days to fix some minor repairs and some major structural issues. When doing a walk around there were various bolts, washers, and nuts missing from the posts on the east side of the transit station. They have since been replaced. We have also painted the posts, trim, and doors. A new women’s restroom, men’s restroom, as well as an address sign has been installed. During the winter we will focus more on interior issues.

A couple weeks ago we did our biannual hydrant flushing where the crew goes out and flushes every other hydrant and flushes a hydrant for 5 minutes. We do this to clean the inside of the pipe from any mineral buildup that may have happened. This also allows us to have a visual inspection of every hydrant to ensure the fire department can operate any hydrant at any given time in case of an emergency. Here recently we had some gaskets fail. Which resulted in not being able to turn the hydrant on. The gaskets have been replaced and the hydrant is up and running.

Lastly, I would like to welcome our newest public crew member Jim Higgins. He started out as our seasonal help this last summer and officially started full time this week. You may have seen him working at the library, transit station, mowing, and weed eating around town. I’m truly honored to have him on board!

Have a wonderful day!  
-Jenna Jarvis

<b>Date:</b>	November 1, 2023
<b>Department:</b>	Finance & Administration

In October the quarterly reports for payroll and state reimbursements for pass through dollars were completed. The 2024 Budget was entered and a new cost allocation method was drafted that will be coming to the policy committee for review. The city created and sent out installment no. 2 of the city newsletter. We will continue to add content as we progress. The city participated in the downtown trick or treating event, it was great to see all the kids out and about!

The Public Records Policy draft has been sent to Mr. Coker and will be sent to policy committee when the draft is finalized. Employee open enrollment is in November for any changes in 2024. We have been preparing for the multiple meetings in November.

**Public Records:**

There are four remaining public records requests, three are on installation schedules and one is new.

<b>Department:</b>	Fire Department

Hello all,

We have been diligently working with our local suppliers and looked at several choices of bunker gear. We have made a decision on and are going to go with the same Lion brand of bunker gear that we currently use and will start the custom fitting process with them in the next month. They have stated that after fitting and purchase it will be around 100 day turn around before we see delivery.

We have received the tablets for the department and are working with First Due to get a quote on software so we can track training, personnel, certifications, response data, as well as electronic patient care reports. We are hoping to have this finalized this month and sent to the mayor for approval in order to get this program loaded on the tablets. We will also be loading our electronic dispatch system I Spy Fire onto the devices to give us real time updates as we respond.

We had a very successful Fire Prevention Week public education at the school for the first part of the month. We were able to participate in the downtown Trick or Treat last Friday and it was great to see everyone out in the community. With the remainder of our training budget 2 of our members were able to attend the Pacific Northwest Fire Conference. During this packed 3-day conference they were able to hear 12 different speakers from around the country give lectures on many different subjects including building construction, search and rescue, fire attack, and mental health. It was a great experience with over 300 other firefighters in attendance and we hope to send even more members next year to learn.

Our end of year numbers have been compiled as our year goes from October 1 to September 30. Last year we responded to a total of 151 calls. Of those calls your volunteer firefighters in total logged 880 hours response time and completed over 487 hours of training.

October Call numbers are as follows:

Vehicle Accidents- 4	Medical emergencies- 3	Fires- 1	Fire Alarms- 1
Mutual aid medical- 1	Mutual Aid Fires- 1	Mutual Aid Vehicle Accidents- 1	
Total= 12			

A reminder to all Citizens to Change our smoke detector batteries when you change your clocks on November 5<sup>th</sup> for daylight savings time.

As fall is approaching this is also a great time to make sure that your chimneys and furnaces are cleaned with the colder weather approaching.

Thank you for the opportunity and Stay Safe,

Captain Andrew Pittman

completeness of the information provided to it by the Office of the County Assessor.

NOW, THEREFORE, BE IT ORDAINED AS FOLLOWS BY THE CITY COUNCIL OF THE CITY OF McCLEARY:

SECTION I: The regular property tax levy is hereby authorized for 2024 for collection in 2024 in an amount of \$348,509.97, a figure which the Office of the County Assessor has indicated represents the amount allowed by RCW 84.55.0101 from the amount levied and collected the previous year, to include additional revenue resulting from assessment of any new construction, improvements to property, any increase in the value of state assessed property or utilities, any annexations which have occurred, or any refunds. This amount is lower than the previous year due to an error in 2023 for a fire levy lid lift in the amount of \$49,114.98, and reflects a refund of said amount.

SECTION II: This ordinance is based upon the information from the Office of the County Assessor as to amounts and calculations, as well as advice from County officials that this ordinance can be amended to modify the tax rate established herein by adoption of an appropriate amendatory ordinance. The City specifically reserves the right to take such amendatory action up to and including the last day allowed. Upon execution by the Mayor, a certified copy of this Ordinance shall be provided to the appropriate officials of the County so as to provide for appropriate assessment.

SECTION IV: If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance. The Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections; subsections, sentences, clauses, or phrase

had been declared invalid or unconstitutional, and if for any reason this Ordinance should be declared invalid or unconstitutional, then the original ordinance or ordinances shall be in full force and effect.

SECTION V: Corrections by the Clerk-Controller or Code Reviser. Upon approval of the Mayor and City Attorney, the Clerk-Controller and the Code Reviser are authorized to make necessary corrections to this ordinance, including the correction of clerical errors, references to other local, state or federal laws, codes, rules, or regulations, or ordinance number and section/subsection numbering.

SECTION VI: This ordinance shall take effect upon the fifth day following the date of publication.
