there is nothing wrong with the water. Mr. Sleasman would like to see a policy in place in regards to water testing when this happens next time. He appreciated Steve Randich for coming out right away and flushing the hydrants near his restaurant right away, which helped the situation.

Mr. Sleasman asked if there was a change in policy on how a trespass order is issued. He used to get a paper that he signed before it was issued to the person.

5. MOU between the City and Olympic Mountain Fraternal Order of Police Lodge 23

Mayor Miller stated the FOP contract with the police is a 4% increase for 2023. When they compared that to Elma, the gap is 14.5% & they are going to get another massive jump. We are not trying to be Elma, but we don't want to get too far behind. We want to offer an additional 3%. With the Teamsters, next year they only get 2% and with the inflation at 9.6% they are getting further behind, and are the lowest paid employees at the City. With the additional 3%, that would bring them to 5% for next year. Councilmember Dahl asked if the IBEW contract on the table tonight, did we calculate the inflation into that, or is that just to catch them up to their comparables? Miller said it was a little of both. Councilmember Amsbury asked for FOP, did they use any other comps other than Elma? Chief Patrick stated there were others, but Elma was closest and in the same County. Councilmember Amsbury stated she knows we need to pay Police Officers more and would like to see a wage scale. She knows the Police are hard to keep, but would like to see comparables for Teamsters as well. Miller stated we are just bringing this up tonight, we are not voting on it. Councilmember Dahl's biggest issue is we are doing this for two bargaining units and not the other one. If we are going to hand Police and Teamsters more money based on inflation, then we need to be doing it for IBEW also. Councilmember Amsbury said they agreed to their contract. Normally we don't do this out of cycle, but she is more concerned about the other two unions, especially keeping police comparable because we have plenty of applicants for the Public Works Crew, but not for Police. Councilmember Huff asked if we are still planning on hiring a sixth Police Officer next year, what our numbers will look like. They will discuss that at the next budget workshop. Councilmember Dahl said, we have two MOU's in front of us, back in May she asked for a MOU on the police working from home, we still haven't seen that. These got to us really fast, but is still waiting for the on-call MOU which she doesn't think is right to be paying our Police time and a half to work from home. Miller stated the on-call time is going to end come December because our 5th officer starts on Monday.

6. November & December Meeting Cancellation Discussion

Mayor Miller stated the second meeting in November is the day before Thanksgiving and we typically cancel it. We want to cancel that meeting and tentatively cancel the second meeting in December assuming we pass the budget at the first meeting of December. Councilmember Iverson would like to see us lay out all the meetings for the year in January of every year.

Costs for the Collections Systems costs will increase since the system needs repairs. Otherwise, we can ignore the Collections System and look at spending millions of dollars upgrading the plant in 3 to 4 years.

| From: | Paul Nott |
| Date: | 12/5/2022 |
| Department: | Light and Power |

Hello All,

This past month has been busy for the power crew. We've had 4 outages this last month, assisted Mason County PUD 1 with mutual aid for a storm, prepared the town for the Christmas holiday and handled many customers service jobs. Outages.

On 11/4 the county experienced a large wind event. This led to numerous outages in our distribution system and took out the transmission feeder that feeds our substations. When we lose the transmission line it results in our substations losing power and our entire distribution system goes dark.

On 11/10 we had a dump truck pull over some poles on sand creek.

On 11/29 a tree limb took out the transmission between Elma and McCleary again. And on 12/5 we had a large alder tree come down at the end of N 7th street in proximity of our substation resulting in an outage that took out all 3 circuits at the 7th and Simpson substation. Once we cleared the lines and made the repairs, we had customers in lights within 2 hours.

One thing that needs to be mentioned is that we are in storm season now and everyone should be prepared at home for the possibility of losing power. Stay away from down power lines and report outages as soon as possible. We do our best to keep the lines clear and to get people back in lights as quickly as possible, but mother nature is out of our control and all we can do is react to whatever she deals us. Another issue we have is cold load pick up. That happens when we have large sections of town out of power and when we try to reenergize the lines the fusing won't hold because of the large load. It would really help if when you lose power you turn off your breakers to your large load appliances and most of your lights. It's ok to have a few on so that you know when power is restored, but when we are trying to pick up everyone's complete houses all at the same time it extends the outage for everyone. What we end up having to do is pick up the system in smaller sections, "let it cook" for a while allowing the load to lessen and balance out and then add another section until everyone is back in power.

The crew would like to wish everyone a safe and happy Holiday season...

If anyone has any questions or concerns, feel free to contact us...

Paul

Task 1: Initial IT Assessment: Scope of Work

Activity 1: Inventory of IT at the City

We will take inventory of all systems, software, hardware, ISPs, applications, databases etc. to understand what needs to move to the cloud and what may stay local. We will produce a final list of inventoried items for the City.

Activity 2: Facilitate 3 Workshops

We will facilitate 3 workshops as identified in the Initial Assessment Planner to understand and document the current IT scenario at the City. These workshops will provide us with a deeper understanding of gaps and deficiencies. We will work with the City Project Manager (PM) to schedule the workshops. The PM will identify and invite appropriate participants to these workshops.

Activity 3: Develop Network Architecture Diagram

The city doesn't have an existing network architecture diagram. This is a vital document to understand IT infrastructure deployment within the City. We will develop this important document that will reflect the desired future of the City's IT infrastructure. It may include cloud based and local on-premises systems.

Activity 4: Cyber Security Deep Dive

All cyber security related issues and gaps will be identified, and recommendations will be developed around the issues how to bridge the gap and what to address on the cloud vs. on premises systems. Details will be included in Activity 5.

Activity 5: Overall IT Assessment Report

From the outcomes of all of the above activities, an overall IT assessment report will be produced covering Applications, Data, Process, Technology, IT Infrastructure, & Cyber Security. The report will identify major findings, issues, gaps, and recommendations on each of the topics above. What needs to be moved to the cloud and how, what remains on premises, what does the maintenance and infrastructure support plan look like moving forward, etc. - all of these will be covered in this report.

Activity 6: Develop Budget and Scope for 2023 and ongoing

Two major things will be done in this activity as below:

- Refinement of the Scope and Budget for Task 2: Desktop, Laptop, End User Support and Task 3: IT Infrastructure Support - Network and Server admin will be done. The ballpark estimate now is approximately \$2500 - \$3000 per month, spending 20 -24 hours per month @ \$125/ hr. Please refer to the Proposal Summary file for details.
- Develop Scope and Budget for Task 4: Application and Data Migration to the Cloud and Task 5: Cyber Security Monitoring and Compliance. Please refer to the Proposal Summary file for details.

The plan is to move towards terminal end points so that no user is machine dependent. Applications, Microsoft Office tools, storage etc. will be moved over to the cloud so that everything can be monitored and managed remotely and in a much affordable way. Desktops and laptops can be serviced easily either locally or with the City's DELL service agreement. The City will eventaully become independent of the machine, so any machine can be swapped for any user because most things will be accessed from the cloud. |

Azure cloud space, Office 365, VPN, cyber security software, and all required licenses to be purchased by the City. The plan is to migrate most things as much as possible to the cloud (Microsoft Azure preferred as the City is a predominantly a Microsoft user) so that local network and infrastructure management becomes minimal. The City has internet services provided by ISP vendor, we need to plan for primary, secondary, tertiary vendors on that end for business continuity. Microsoft Azure cloud is inherently compliant with business continuity protocols. We will also make sure all things done are following the overall goal of business continuity and least amount of downtime. We need to discuss with the ISP for the bandwidth and physical network services at the City. |

Such agreement shall provide that impounded animals be held in accordance with the terms of this chapter and shall establish the rates to be charged for such services.

D. Subject to the limitations stated, the owner of an impounded animal may redeem the animal within three working days next following the day of impoundment, or thereafter if the animal has not been destroyed or redeemed by another, by payment of all charges incurred for such animal at the place of impoundment, as such charges are established by the agreement of the impounding agency. In addition to such charges, the owner shall pay a release charge as may be established. Such release charge shall be paid at the office of the City Clerk-Treasurer during regular office hours or may be paid to the Chief of Police or other police officer of the City outside of the office hours of the City Clerk-Treasurer. H. Notwithstanding the above provisions, no animal impounded under this chapter shall be released or redeemed unless provisions satisfactory to the Chief of Police or his designee have been made to assure that the keeping of the animal will no longer violate this chapter.

I. Notwithstanding the above provisions, no animal impounded under this chapter shall be released or redeemed without a hearing first being held before the District Court Judge, after reasonable notice to the owner and any other party deemed to be concerned by the Chief of Police, and an order of the judge directing the release or redemption of the animal. In the event that pursuant to the provisions of subsection F of this section it has not come to the City's attention as to any party who is either the owner or an interested party in terms of an ownership interest in the animal, then such notice requirement shall be deemed waived. Further, notice shall be deemed reasonable if given twenty-four hours prior to the date and time of the hearing. If after such hearing the judge determines that the animal has or exhibits vicious or dangerous propensities and would, if released, constitute any threat to the welfare of the townspeople, the judge is authorized to direct the governmental agency having jurisdiction over the animal to destroy or otherwise satisfactorily dispose of the animal.

C. In the event that a person is charged with a second violation of this chapter within any twelvemonth period and either a prior alleged violation is still pending or the person has been found to have committed that prior infraction, then this second charge shall be deemed a misdemeanor and shall be subject to punishment as provided in Chapter 1.20 of this code; provided that in the event of a conviction, the fine imposed shall be no less than one hundred fifty (\$150) dollars and the individual shall additionally be required to reimburse the city for the cost of care, maintenance, and disposal, in the appropriate circumstance, of the animal in question. None of said one hundred fifty (\$150) dollars or costs is subject to suspension or deferral. D. In addition to such fines or penalties as may be imposed pursuant to this section upon the finding of a violation of this chapter or a conviction of a violation of this chapter, the court may impose such restitution for such losses as it finds appropriate that have arisen out of the incident, including but not limited to medical costs incurred for treatment.

(Ord. 501 § 14, 1986: Ord. XXX § 12, 2022)

6.08.150 At large dogs—Seizure and placement in facility.

A. It shall be the duty of the Chief of Police or other authorized person of the City to seize and place in a proper facility, either inside the City or at a suitable place, any dog being and remaining in the City in violation of this chapter, or any stray dog running at large in the City.

B. If said person cannot conveniently seize any stray dog, he may destroy the same and properly dispose of its body.

ORDINANCE NO.

AN ORDINANCE RELATING TO FINANCE; ADOPTING A BUDGET FOR THE CITY'S OPERATIONS FOR THE YEAR 2023.

RECITALS:

1. The Mayor and Council, with the aid of the City staff, has undertaken an extensive review of the anticipated needs of the City for the year 2023, as well as the revenues available to finance those needs. That review has included workshops held by the Mayor and Council reviewing all available information.

2. As a result, a preliminary budget was presented. Public input was sought and received in relation to various elements of the preliminary budget draft through the holding of public hearings. The final public hearing on the budget was held on December 14, 2022.

3. As was true during the course of the development of the budgets for prior years, the economic situation of the City in terms of revenue remains challenging.

4. The Mayor and Council have sought to develop a budget which is balanced while providing adequately for the needs of the City and its citizens while not imposing undue fiscal burdens upon the citizens. The situation is one which continues to require the City to consider actions which are very difficult, both from an operational standpoint and, just as importantly, in light of their actual or potential impacts upon City 's

citizens and businesses as well as the employees whose services are so important to the operation of the City.

5. Prior to the finalization of this budget, the Council adopted and thereafter the Mayor signed an ordinance establishing the authorized level of taxation on real property within the City. A certified copy of that ordinance has been delivered to the appropriate County officials by the Clerk-treasurer.

6. After a final review by the elected officials and staff, it has been determined by the Council that the best interests of the Citizens and this City are served by the adoption of a budget as set forth upon Attachment "A" and Attachment "B".

The budget as set forth is balanced in terms of projected income and expenditures.
 It is adopted as a budget by fund and not a line-item budget.

NOW, THEREFORE, BE IT ORDAINED AS FOLLOWS BY THE CITY COUNCIL OF THE CITY OF MCCLEARY:

SECTION I: There is hereby adopted as the budget for the City of McCleary for the calendar year 2023 the expenditures and revenues set forth upon Attachment "A", and wages and salaries set forth upon Attachment "B", attached hereto and incorporated by this reference.

ORDINANCE - 2 12/07/22 CJC 98557

The Clerk-Treasurer shall further take such steps as are necessary to distribute information as to the budget to those governmental agencies, if any, to which such information is to be provided.

SECTION III: If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance. The Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases had been declared invalid or unconstitutional, and if for any reason this Ordinance should be declared invalid or unconstitutional, then the original ordinance or ordinances shall be in full force and effect.
