Ordinance(s):

Sec. 86-52. – When required.

A person, firm or corporation shall not construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or erect, or construct a sign, or install or alter fire extinguishing apparatus, elevators, engines, steam boiler, furnace, incinerator, or other heat producing apparatus, plumbing, mechanical or electrical equipment or any appurtenances, the installation of which is regulated by the land development regulations or other sections of the Code until a permit has been issued by the building official. Corrective Action(s):

Either the property owner and/or licensed contractor will need to apply for and obtain an “after-the-fact” building permit to comply.
