# MADEIRA BEACH HISTORY

- 1940-80s: Many of the buildings in John's Pass area were built.
- 1983: Creation of Zoning Districts with uses, height, and setbacks. Many of these did not reflect what was on the ground.
- 2007-08: Amendments to the Comprehensive Plan and Land Development Regulations exceeded the Countywide Plan's maximums.
- 2020-22: Current staff found the inconsistencies and proceeded with public meetings and discussions with Forward Pinellas on how to proceed.
- 2022-24: The John's Pass Village Activity Center was created and adopted at the County and local (Comprehensive Plan) levels.
- Now: Zoning to correspond with the Activity Center must be adopted.

# WHY AN ACTIVITY CENTER?

- Protect the unique character of the Village
- Compatible redevelopment
- Consistency with the Countywide Plan
- Proactive instead of reactive planning

# LAND DEVELOPMENT REGULATIONS (LDR)

# HEIGHT

- Average Floor Height is 11-14 feet

# SETBACK

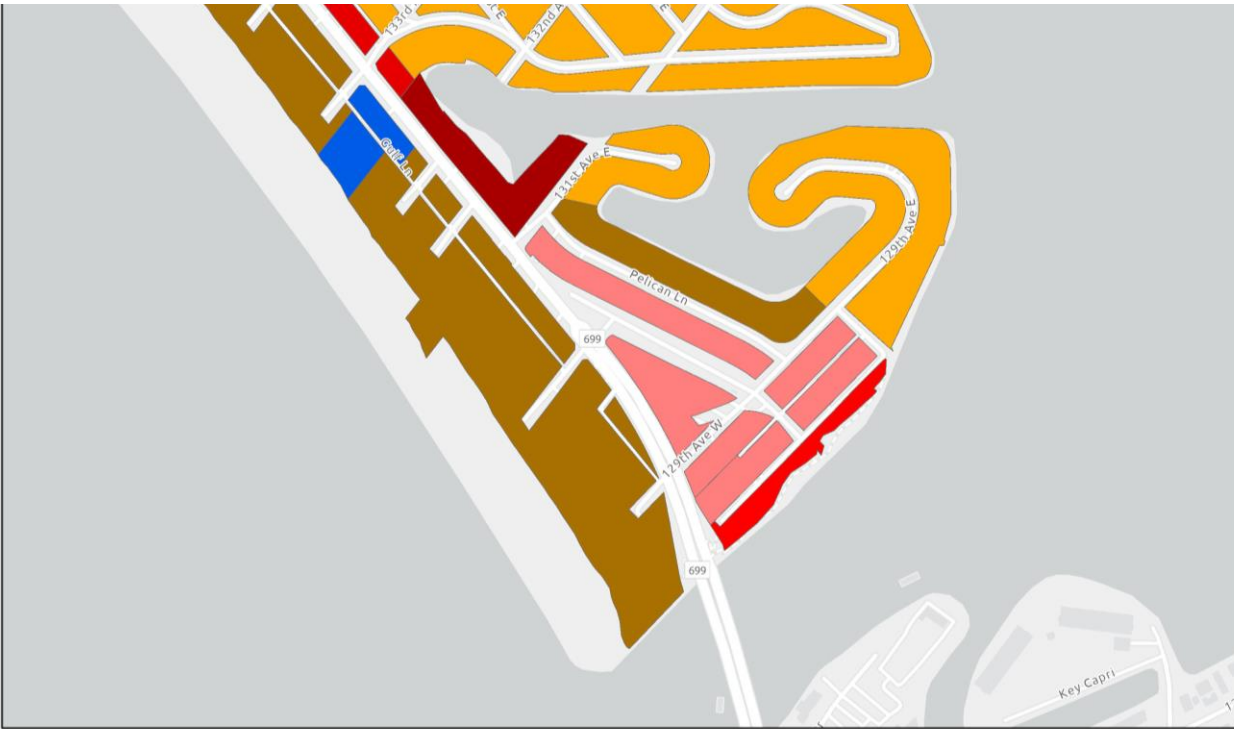

Setbacks vary from district to district and can also change depending on use or lot size.

Setbacks are from the property lines or with a waterfront rear yard from back of seawall or CCCL.
