ADJOURNMENT

NOTICE: Persons with disabilities needing accommodations for effective participation through electronic means in this meeting should contact the City Clerk at (248) 583-0826 or by email: clerks@madison-heights.org at least two working days in advance of the meeting. An attempt will be made to make reasonable accommodations.

A Regular Meeting of the Zoning Board of Appeals was called to order by Chairman Kimble on Thursday, April 04, 2024, at 7:30 PM at Council Chambers - City Hall, 300 W. 13 Mile Road, Madison Heights, MI 48071

Present: Chair Kimble and members: Aaron, Covert, Fleming, Loranger, Oglesby, and Sagar

Absent: Corbett, Holder, and Marentette

ZBA 01-24. Minutes

Motion made by Mr. Oglesby, Seconded by Ms. Aaron, to approve the November 16, 2023, Meeting Minutes as presented.

Voting Yea: Aaron, Kimble, Loranger, Oglesby, Sagar, Fleming, Covert
Motion Carried.

ZBA 02-24. Excuse member(s)

Motion made by Mr. Oglesby, Seconded by Ms. Aaron, to excuse Ms. Linda Corbett, Ms. Cindy Holder, and Ms. Margaret Marentette from tonight's meeting.

Voting Yea: Aaron, Kimble, Loranger, Oglesby, Sagar, Fleming, Covert
Motion Carried.

ZBA 03-24. Case # PZBA 24-01: 32751 Concord Drive

City Planner Lonnerstater reviewed the staff report provided in the meeting packet, incorporated herein:

REQUEST

The applicant, Aver Sign Company, on behalf of Antoun Property Group LLC (property owner), requests two (2) dimensional variances from Section 10.511(IV)(C) of the Zoning Ordinance pertaining to signage: One (1) variance pertaining to the maximum height of a ground sign; and one (1) variance pertaining to the maximum area of a ground sign. The subject property is located at 32751 Concord Drive (tax parcel #44-25-02-201-026) and is zoned B-3, General Business. The property is located on the east side of Concord Drive, south of W. 14 Mile Road. A new gas station/convenience store is currently under construction on the property.

The applicant requests variances from the following sections of the Zoning Ordinance pertaining to ground signage:

Variance #1: Section 10.511(IV)(C)(2)(a)1: Not over eight feet in height above the adjacent grade; and

Variance #2: Section 10.511(IV)(C)(2)(a)4: A ground sign under this section shall not exceed 0.5 square feet per each lineal foot of lot frontage to a maximum of 60 square feet in area.

The applicant proposes to demolish the existing monument sign on the property (formerly for “Steak ‘n Shake”) and construct one new monument sign with the following dimensions:

9.52-ft. tall (1.52-ft. variance)

63.2 sq. ft. area (3.2-sq. ft. variance)

These variances are detailed individually below.

Height Variance

Per Section Per Section 10.511(IV)(C)(2)(a), ground signs in B-3 zoned districts are afforded a maximum height of eight (8) feet. The proposed sign measures 9.52 feet tall, requiring a 1.52-foot variance. The existing ground sign, to be demolished, is approximately 8 feet tall and meets Ordinance requirements.

The proposed sign features an aluminum cabinet, a 16 sq. ft. digital message board, and a 1.6-foot-tall faux brick base monument.

Area Variances

Per Section Per Section 10.511(IV)(C)(2)(a), ground signs in B-1 zoned districts are afforded a maximum a maximum area of sixty (60) square feet. The existing sign is approximately sixty (60) square feet, meeting Ordinance requirements. The new sign is proposed at 63.2 square feet, requiring a 3.2 square foot area variance. Note that the applicant has included the sign base in the area measurement; however, per the City’s zoning definitions, the sign base does not count towards sign area calculations.

SITE PLAN REVIEW COMMITTEE (SPRC) ACTION

The SPRC discussed the variance request at their November 8th, 2023, meeting. The SPRC did not object to allowing two (2) ground signs on the property but

expressed concern regarding the potential impacts to landscaping as well as allowing a sign so close to the side property line.

ZBA ACTION

Any ZBA motion, including approval and denial, should include findings of fact relating to the variance criteria listed in Sections 10.804(2) and 10.805. In granting a variance, the ZBA may attach conditions regarding the location, character, and other features of the proposed use(s) as it may deem reasonable in furthering the purpose of the Zoning Ordinance. If the ZBA moves to approve the requested variances, staff suggest the following conditions of approval: 1. Landscaping shall be planted around the foundation of each new sign to soften the appearance of the metal base and reduce the visual impact of the added height. 2. The new ground sign shall not obstruct clear vision corners. 3. The ground sign shall feature a decorative brick base, as presented in the variance application.

Applicant Avis Antoun of Antoun Property Group, LLC was present to answer any questions.

Petitioner Brian Stakley, Permit Agent at Aver Sign Company, representing BP at 32751 Concord Drive is requesting the board to approve two sign variances. The height variance of 9.52 feet and the area variance square footage of 76.17. The following are Mr. Stakely's answers to questions from the board: The variances are required to ensure optimal visibility without encroaching on adjacent properties. The flow of traffic from key vantage points, including 14 Mile Road, is distinctive to this property. To effectively and safely capture the attention of vehicular and pedestrian traffic a variance is essential to ensure visibility within the unique traffic patterns. This decision stems from a commitment to promote their brand and business growth. BP franchise requires the monument sign to advertise all grades of gasoline.

Chair Kimble opened the public hearing at 7:52 p.m. to hear comments on application #24-01.

There being no comments on application #24-01, Chair Kimble closed the public hearing at 7:53 p.m.

Motion made by Ms. Aaron, Seconded by Mr. Oglesby, to approve the variance application to allow one (1) new ground sign measuring 9.52 feet in height and 63.2 feet in area at the subject property located at 32751 Concord Drive after the required public hearing, based upon the following findings:

- 1) Section 10.511(IV)(C)(2)(a) of the Zoning Ordinance permits ground signs not over eight (8) feet in height above the adjacent grade and not over sixty (60) square feet in the B-3 Zoning District.
- 2) Based on exceptional shape or area of the specific piece of property in relation to its redevelopment, the strict application of the regulations enacted would result in peculiar or exceptional practical difficulties to, or exceptional undue hardship upon, the owner of such property, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purposes of this ordinance.
- 3) The literal interpretation of the provisions of this ordinance deprives the applicant of rights commonly enjoyed by others in the same zoning district.
- 4) The special conditions and/or circumstances are not a result of the applicant.
- 5) The variance is the minimum variance necessary to provide relief to the applicant.

This variance is granted with the following conditions:

1. Landscaping shall be planted around the foundation of the new sign to soften the appearance of the metal base and reduce the visual impact of the added height.
2. The new ground sign shall not obstruct clear vision corners.
3. The ground sign shall feature a decorative brick base, as presented in the variance application.

Voting Yea: Aaron, Kimble, Oglesby, Sagar, Fleming, Covert

Voting Nay: Loranger

Motion Carried.

ZBA 04-24. Public Comment: For items not listed on the agenda.

Seeing no one wished to comment, Chair Kimble opened public comment at 7:52 p.m. and closed the public comment at 7:53 p.m.

ZBA 05-24. Officer Elections: Chair and Vice Chair

Chair Kimble called for nominations for the position of Chairperson and Vice Chairperson of the Board.

Councilman Fleming nominates Mark Kimble as Chair and Toya Aaron as Vice-Chair.

Mark Kimble accepts the nomination for the Chair position and Toya Aaron accepts the nomination for the Vice-Chair position.

Motion made by Councilman Fleming, Seconded by Mr. Oglesby, to approve Mark Kimble as Chair and Toya Aaron as Vice-Chair.

Voting Yea: Aaron, Kimble, Loranger, Oglesby, Sagar, Fleming, Covert
Motion Carried.

ZBA 06-24. City Planner updates

City Planner Lonnerstater gave an update that Ordinance 2198 of the new Zoning Ordinance and Zoning Map, First Reading which will come before City Council for approval at the April 8, 2024, Regular Council Meeting. He announced that Ms. Christina Rodgers resigned effective immediately due to health issues.

ZBA 06-24. Adjournment.

Motion made by Ms. Aaron, Seconded by Mr. Oglesby.

Voting Yea: Aaron, Kimble, Loranger, Oglesby, Sagar, Fleming, Covert
Motion Carried.

There being no further business, Chair Kimble adjourned the meeting at 8:08 p.m.

MEMORANDUM

Report Date: May 30th, 2024
 To: City of Madison Heights Zoning Board of Appeals
 Meeting Date: June 6th, 2024
 From: Matt Lonnerstater, AICP – City Planner
 Subject: Lot Area and Width Variances
 PZBA 24-03; 27376 Barrington Street.

NOTE: City Council adopted a new Zoning Ordinance and Zoning Map on May 13th, 2024. The effective date of the new Ordinance and Map is May 29th, 2024. The applicant applied for these variances on May 13th, 2024, prior to the effective date of the new Zoning Ordinance. Therefore, this request shall be reviewed and acted upon utilizing the prior Zoning Ordinance.

REQUEST

The applicant and property owner, Magdalena Biriac, requests variances from the City's Zoning Ordinance related to minimum lot area and minimum lot width in order to divide an existing parcel into two (2) parcels. The subject property is located at 27376 Barrington Street (tax parcel #44-25-14-476-003) and is zoned R-3, One-Family Residential. The property is approximately 10,080 square feet in area, 76 feet in width, and is vacant. The property is located on the east side of Barrington Street, between University Avenue and Farnum Avenue.

The applicant requests variances from the following sections of the Zoning Ordinance pertaining to minimum lot size:

Variance #1: Section 10.401: Minimum lot area (R-3 district): 5,500 square feet.

Variance #2: Section 10.401: Minimum lot width (R-3 district): 50 feet.

The applicant proposes to divide the existing residential parcel into two (2) parcels for the purpose of developing two (2) detached single-family homes. The new parcels are proposed as follows:

Parcel A: 5,038 sq. ft. (462 sq. ft. variance); 38 ft. in width (12 ft. variance).

Parcel B: 5,041 sq. ft. (459 sq. ft. variance); 38 ft. in width (12 ft. variance)

These variances are detailed individually below.

Lot Area Variances

Per Section 10.401 (Schedule of Regulations), new parcels created in the R-3 zoning district shall have a minimum lot area of 5,500 square feet. Both new parcels resulting from the proposed land division fail to meet the minimum lot area requirement. However, the subject parcel comprises two historic lots of the Symphony Park No. 1 subdivision which was platted prior to the 1960s. The historic platted lots on the east side of Barrington Street average approximately 5,300 square feet and do not comply with Zoning Ordinance standards. While several historic lots have been combined to create larger compliant parcels (including the subject parcel), there are four (4) existing parcels on the east side of Barrington Street which are legally non-conforming regarding lot size. Additionally, all but one existing parcel on the west side of Barrington Street have non-conforming lot areas.

Lot widths and lot sizes are denoted in the image below:

Lot Width Variances

As shown in the aerial image above, the historic platted lots of the Symphony Park #1 subdivision have widths of forty (40) feet. Based on information from the Oakland County Register of Deeds, the northern four (4) feet of the subject parcel was sold to, and combined with, the parcel to the north sometime prior to 1986. Therefore, the proposed land division results in two (2) 38 ft.-wide lots as opposed to two (2) 40 ft.-wide lots. A majority of the existing parcels on the east/west sides of this block of Barrington Street have lot widths of 40 feet, which do not conform to Zoning Ordinance standards. At 38 feet, the proposed lot widths are slightly less than the predominant pattern on the block face.

Additional Setback and Dimensional Standards

The applicant has provided a conceptual architectural site plan and floor plan of the two (2) proposed detached single-family homes. If the requested variances and the subsequent land division application are approved, the proposed structures will be required to meet all other dimensional zoning requirements and design requirements, including but not limited to minimum setbacks, maximum lot coverage, and maximum building height. Additional dimensional variance(s) will be required for any non-compliant aspect of the proposed structures.

VARIANCE FINDINGS AND CRITERIA

Section 10.804(2) outlines criteria for reviewing variance requests, summarized below:

- ***Exceptional narrowness, shallowness, shape or area of a specific piece of property at the time of enactment of the Zoning Ordinance or by reason of exceptional topographic conditions or other extraordinary or exceptional conditions of such property.***
- ***The strict application of the regulations enacted would result in peculiar or exceptional practical difficulties to, or exceptional undue hardship upon, the owner of such property, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purposes of this ordinance.***

Additional standards for reviewing variance cases, as required per the ZBA application, are outlined below:

- *The literal interpretation of the provisions of this ordinance deprives the applicant of rights commonly enjoyed by others in the same zoning district.*
- *The special conditions and/or circumstances are not a result of the applicant.*
- *The variance is the minimum variance necessary to provide relief to the applicant.*
- *In the absence of a variance, the property could not be used in a manner permitted by the Ordinance.*

Additional variance review criteria are contained in Section 10.805, listed at the end of this report.

STAFF ANALYSIS

The applicant has provided written responses addressing the variance criteria of Section 10.804(2) of the Zoning Ordinance. Per their application, the applicant primarily cites compatibility with adjacent non-conforming parcels as justification for the requested variances.

Practical difficulties relating to dimensional variance requests should generally relate to unique physical constraints on the property, including but not limited to natural features (e.g. wetlands, topography, soil situations) or extraordinary parcel shape. Where physical constraints severely limit the ability to place a legal use or structure on the property, variances may be warranted.

Staff finds that the existing subject parcel is of a regular rectangular shape with adequate lot area, depth, and frontage to accommodate construction of one (1) single-family structure. The dimensions of the existing parcel do not deprive the property owner of rights commonly enjoyed by others in the R-3 zoning district, nor prevent the owner from developing a residential building on the parcel. However, staff notes that the variance requests are minimal when compared with the prevailing historic lot pattern on Barrington Street (40 feet lot widths and 5,225 sq. ft. lot areas). While the variances would result in two lots that are *slightly* smaller and narrower than those existing on the block today, staff does not believe that the variances would result in a substantial detriment to the public good nor significantly alter the character of the neighborhood.

ZBA ACTION

Any ZBA motion, including approval and denial, should include findings of fact relating to the variance criteria listed in Sections 10.804(2) and 10.805. Template approval and denial motions are provided below for the ZBA's consideration.

In granting a variance, the ZBA may attach conditions regarding the location, character and other features of the proposed use(s) as it may deem reasonable in furthering the purpose of the Zoning Ordinance. **If the ZBA moves to approve the requested variances, staff suggests the following conditions of approval:**

1. Proposed structures on the new residential parcels shall satisfy all other dimensional and design standards contained within the Zoning Ordinance unless subsequent variances are obtained through the Zoning Board of Appeals.

TEMPLATE MOTIONS

Lot Area and Lot Width Variances

APPROVAL

Move to APPROVE the dimensional variance requests to allow a land division at 27376 Barrington Street in the R-3 zoning district resulting in the following parcel dimensions:

Parcel A: 5,038 sq. ft. (462 sq. ft. variance); 38 ft. in width (12 ft. variance).

Parcel B: 5,041 sq. ft. (459 sq. ft. variance); 38 ft. in width (12 ft. variance)

The dimensional variances are granted based upon the following findings:

- 1) Section 10.401 of the Zoning Ordinance requires new parcels in the R-3 zoning district to contain a minimum lot area of 5,500 square feet and a minimum width of 50 feet.
- 2) The strict application of the regulations would result in peculiar or exceptional practical difficulties to, or exceptional undue hardship upon, the owner of such property, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purposes of this ordinance.
- 3) The special conditions and/or circumstances are not a result of the applicant.
- 4) The variances are the minimum variance necessary to provide relief to the applicant.

This variance is granted with the following conditions:

1. Proposed structures on the new residential parcels shall satisfy all other dimensional and design standards contained within the Zoning Ordinance unless subsequent variances are obtained through the Zoning Board of Appeals.

DENIAL

Move to DENY the dimensional variance requests to allow a land division at 27376 Barrington Street in the R-3 zoning district resulting in the following parcel dimensions:

Parcel A: 5,038 sq. ft. (462 sq. ft. variance); 38 ft. in width (12 ft. variance).

Parcel B: 5,041 sq. ft. (459 sq. ft. variance); 38 ft. in width (12 ft. variance)

The dimensional variances are denied based upon the following findings:

- 1) Section 10.401 of the Zoning Ordinance requires new parcels in the R-3 zoning district to contain a minimum lot area of 5,500 square feet and a minimum width of 50 feet.
- 1) Based on the absence of exceptional shape or area, or physical constraints of the specific piece of property, the strict application of the regulations would not result in peculiar or exceptional practical difficulties to, or exceptional undue hardship upon, the owner of such property.
- 2) The literal interpretation of the provisions of this ordinance does not deprive the applicant of rights commonly enjoyed by others in the same zoning district.
- 3) The special conditions and/or circumstances are a result of the applicant.
- 4) The variances are not the minimum variance necessary to provide relief to the applicant.

CODE REFERENCES**Sec. 10.804. - Power of zoning board of appeals.**

(2) Variance. *To authorize upon an appeal, a variance from the strict applications of the provisions of this Ordinance where by reason of exceptional narrowness, shallowness, shape or area of a specific piece of property at the time of enactment of this Ordinance or by reason of exceptional topographic conditions or other extraordinary or exceptional conditions of such property, the strict application of the regulations enacted would result in peculiar or exceptional practical difficulties to, or exceptional undue hardship upon the owner of such property, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purposes of this Ordinance. In granting a variance the board may attach thereto such conditions regarding the location, character and other features of the proposed uses as it may deem reasonable in furtherance of the purpose of this Ordinance. In granting a variance, the board shall state the grounds upon which it justifies the granting of a variance.*

Sec. 10.805. - Standards.

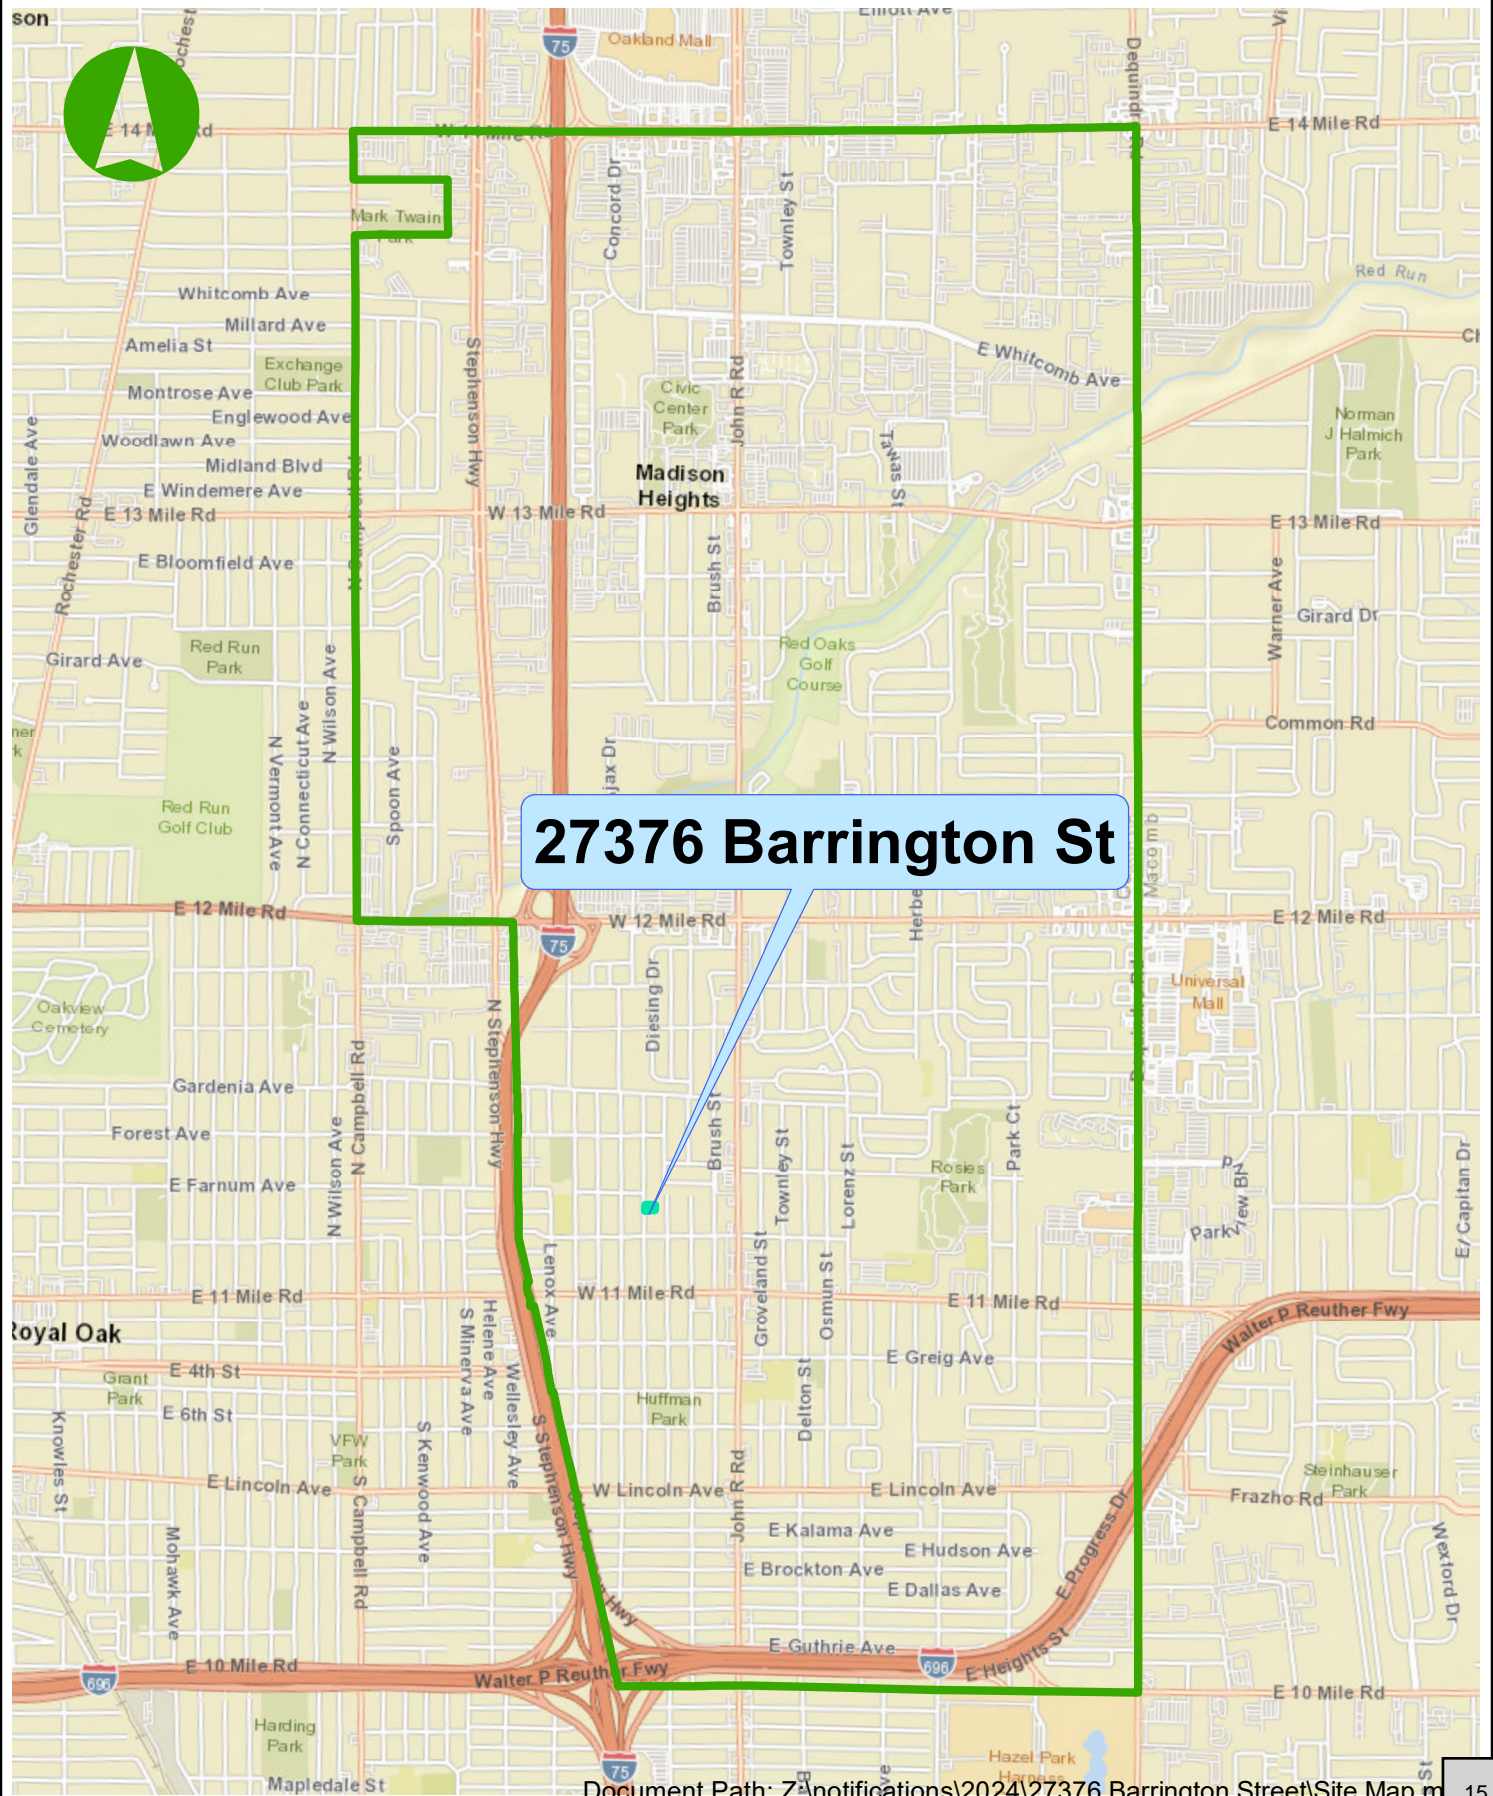

Each case before the city council, zoning board of appeals or plan commission shall be considered as an individual case and shall conform to the detailed application of the following standards in a manner appropriate to the particular circumstances of such case. All uses as listed in any district requiring approval for a permit shall be of such location, size and character that, in general, it will be in harmony with the appropriate and orderly development of the district in which it is situated and will not be detrimental to the orderly development of adjacent districts. Consideration shall be given to the following:

- 1) The location and size of the use.*
- 2) The nature and intensity of the operations involved in or conducted in connection with it. (See section 10-319(4).)*
- 3) Its size, layout and its relation to pedestrian and vehicular traffic to and from the use.*
- 4) The assembly of persons in connection with it will not be hazardous to the neighborhood or be incongruous therewith or conflict with normal traffic of the neighborhood.*
- 5) Taking into account, among other things, convenient routes of pedestrian traffic, particularly of children.*
- 6) Vehicular turning movements in relation to routes of traffic flow, relation to street intersections, site distance and the general character and intensity of development of the neighborhood.*
- 7) The location and height of buildings, the location, the nature and height of walls, fences and the nature and extent of landscaping of the site shall be such that the use will not hinder or discourage the appropriate development and use of adjacent land and buildings or impair the value thereof.*
- 8) The nature, location, size and site layout of the uses shall be such that it will be a harmonious part of the district in which it is situated taking into account, among other things, prevailing shopping habits, convenience of access by prospective patrons, the physical and economic relationship of one type of use to another and related characteristics.*
- 9) The location, size, intensity and site layout of the use shall be such that its operations will not be objectionable to nearby dwellings, by reason of noise, fumes or flash of lights to a greater*

degree than is normal with respect to the proximity of commercial to residential uses, not interfere with an adequate supply of light and air, not increase the danger of fire or otherwise endanger the public safety.

Section 10.401 – Limiting Height, Bulk, Density and Area by Land Use

6. Action Requested: Variance

- A. The variance desired in this application is for Section 10.401 of the Code of Ordinances. Our request is contrary to the current Zoning Ordinance by requesting a lot width of 38' per lot rather than the current requirement of 50' as well as a request for a lot size of 5,053 sq ft as opposed to the current requirement of 5,500 sq ft per lot. Our plans meet all other requirements set in place by Section 10.401 of the Code of Ordinances.
- B. This residential single family lot at address 27376 Barrington St Madison Heights, MI 48071 is currently a vacant dirt lot in the middle of a fully developed residential neighborhood. The development of single family residences on this lot would enhance the aesthetic and value of the surrounding neighborhood.
- C. The literal interpretations of the provisions of this ordinance would deprive us of rights commonly enjoyed by others in the same zoning district because there have been other properties in the recent past that have been approved for very similar zoning variances as we are requesting. I have attached property listing tickets of the other properties that have been approved for these variances as proof. (Please see attached)
- D. The special conditions/circumstances are not a result of our actions. The property was purchased as a vacant dirt lot in the middle of a fully developed residential neighborhood.
- E. The property may not be used in a matter permitted by the ordinance as it stands currently due to market conditions and projected costs. The project would not be feasible. The variances requested are the minimum variances required in order to successfully complete this project and bring two new single family residences to a highly coveted area that has a large shortage in residential real estate inventory.
- F. If the requested variances are granted, they will not change the character of the area and can only improve upon the current area/neighborhood.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a Meeting of the Madison Heights **Zoning Board of Appeals** will be held in the **City Council Chambers** of the Municipal Building at **300 W. 13 Mile Road**, Madison Heights, Oakland County, Michigan 48071 on **Thursday, June 6th, 2024 at 7:30 p.m.** to consider the following requests:

1. Case # PZBA 24-03: 27376 Barrington Street

REQUEST: The applicant and property owner, Magdalena Biriic, requests four (4) dimensional variances from Section 10.401 of the Zoning Ordinance pertaining to minimum lot size, as follows: Two (2) variances pertaining to the minimum width of a new lot; and two (2) variances pertaining to the minimum area of a new lot. The applicant intends to divide an existing residential parcel into two (2) developable parcels.

The subject property is located at 27376 Barrington Street (tax parcel #44-25-14-476-003) and is zoned R-3, One-Family Residential district.

The applications and any supporting documents can be viewed during regular business hours at the Community & Economic Development Department. In addition, the agenda item can be viewed online at www.madison-heights.org in the Agenda Center after 4:00 p.m. on Friday before the meeting.

If you are unable to attend the meeting, you can send your comments via email to: MattLonnerstater@madison-heights.org and your comment will be read into the record at the meeting. Written comments may also be mailed prior to the meeting to 300 West Thirteen Mile Road, Madison Heights, Michigan, 48071. All comments will be heard at the meeting.
