STUDY SESSION

AB 5847: Mercer Island Community and Event Center & Recreation Programs and Services Strategy Implementation

Jason Kintner, Chief of Operations & Public Works Director, and Ryan Daly, Operations & Transition Team Manager, shared the Reset Strategy for Recreation and the Mercer Island Community and Event Center, explaining that it was a philosophy and a plan to guide the selection, delivery, and support of future programs and services. They went on to explain that creating and applying a cost recovery and resource allocation philosophy was a key component to:

- Maintaining an agency's financial control
- Equitably pricing offerings
- Helping to identify core services including programs and facilities

Rory Westberg, Parks & Recreation Commission Chair, outlined the Parks & Recreation Commission's proposed cost recovery plan, the immediate action plan, and proposed Phase 1 accelerated potential programs and services. Staff also reviewed the potential barriers to success, which included:

- Failure to recognize the lead-time and staff resources needed,
- Not building in enough flexibility to roll with the Pandemic,
- Inability to implement the strategy,
- Lack of consistent application of the strategy, and
- Failure to measure and hold accountable to the strategy.

Staff further noted that there was an Immediate Action Proposal for the Arts Council, which included a funding appropriation for arts services and program for the remainder of 2021.

It was noted that under Regular Business, staff intended to seek City Council approval of the appropriation of the remaining Recreation Recovery Plan Startup Funding reserve needed to begin implementation of the "Accelerated Phase 1 – Foundational Phase" of the Reset Plan.

REGULAR BUSINESS

AB 5851: Development Code Amendment ZTR21-001 Comprehensive Plan Implementation

Alison Van Gorp, CPD Deputy Director, explained that the amendment provides guidance on the implementation of Comprehensive Plan amendments, noting that previously the Growth Management Hearings Board found that adoption of current code provisions was legal, but *could* result in a GMA violation. She further noted that City staff believe that state statute and regulations provide sufficient guidance to properly implement Comprehensive Plan amendments and to adopt consistent development regulations. Consequently, there is no need to keep MICC 19.15.230(I) in the city code in light of the Board's caution. Van Gorp noted that on February 17, 2021, the Planning Commission held a public hearing on the proposed amendment and recommended the City Council approve the proposed amendment by a unanimous vote.

It was moved by Jacobson; seconded by Rosenbaum to:

Set the second reading and adoption of Ordinance No. 21C-05 on May 4, 2021.

PASSED: 7-0

FOR: 7 (Anderl, Jacobson, Nice, Reynolds, Rosenbaum, Weiker, and Wong)

AB 5852: Development Code Amendment ZTR21-002 Conditional Use Permit (CUP) Applicability

Alison Van Gorp, CPD Deputy Director, explained that the amendment relates to changes to CUPs after they are granted noting that the proposed amendment adds a subsection (c), clarifying that a CUP is only applicable to the property for which it is granted and can only be expanded through a new CUP application.

Van Gorp further explained that on January 20, 2021, the Planning Commission reviewed the proposed code amendment during a public meeting. Based on the staff recommendation, the Commission requested further revisions to the amendment to provide additional clarity and to remove ambiguity in the implementation of the amendment. On February 17, 2021, the Planning Commission held a public hearing on the revised amendment. Following the hearing, the Planning Commission requested further revisions to the proposed amendment and asked to schedule another review of the amendment. The Planning Commission held their final review of the proposed amendment on March 17, 2021 and by a unanimous vote recommended the City Council approve the proposed amendment.

It was moved by Reynolds; seconded by Rosenbaum to:

Set the second reading and adoption of Ordinance No. 21C-06 on May 4, 2021.

PASSED: 7-0

FOR: 7 (Anderl, Jacobson, Nice, Reynolds, Rosenbaum, Weiker, and Wong)

AB 5848: Mercer Island Community and Event Center & Recreation Programs and Services Strategy Implementation

Jason Kintner, Chief of Operations, referenced the earlier Study Session discussion explaining that staff was seeking an appropriation of \$328,000 to begin implementation of the Mercer Island Community and Event Center and Recreation Programs and Services Strategy (also known as the Reset Strategy) Accelerated Phase 1- Foundational Phase. A total of \$400,000 was included as part of the 2021-2022 Adopted Budget as "2021 Recreation Recovery Plan Startup Funding," but the funds were not appropriated. If City Council approves the appropriation, next steps would include:

- Begin work to assess current and anticipated pandemic conditions and assign resources to develop and begin implementation of "Accelerated- Phase 1" recreation and arts services.
- Communicate to the community what services would be offered and when. Establish service intentions and timelines for delivery.

- Staff would return in Q3 / Q4 with a revised budget recommendation for the 2022 fiscal year which would include a long-term staffing strategy.

It was moved by Nice; seconded by Jacobson to:

Appropriate the remaining \$328,000 of the 2021 Recreation Recovery Plan Startup Funding to begin implementation of the “Accelerated Phase 1- Foundational Phase” of the Recreation Reset Strategy and the Arts Council Immediate Action Plan.

PASSED: 7-0

FOR: 7 (Anderl, Jacobson, Nice, Reynolds, Rosenbaum, Weiker, and Wong)

AB 5837: Financial Status Update: FY 2020 Year-End and Budget Carryover Requests

Matt Mornick, Finance Director, reviewed the 2020 Year-End and outlined the following:

- Budget v. Actuals at Year End (General Fund and Utility Funds)
- Fund Balance Overview
- Basis for Fiscal Year 2020 Surplus:
 - General Sales Tax and B&O Tax revenues outperformed projections.
 - New Ground Emergency Medical Transport program revenues.
 - Departments generated significant expenditures savings.

Staff recommendations included:

- Immediate One-time Requests
- Total FY 2020 year-end General Fund surplus is \$2.24M
- Staff recommends using \$295,000 on mediate one-time needs:
 - Public Right-of-Way Clean-up/Replanting
 - Paid Family Medical Leave
 - Professional Services
- 2021-2022 Budget Amendments:
 - Carryovers relate to uncompleted work authorized but unspent in FY 2020.
 - Both funding and expenditure authority need to be “carried over” to the new biennium to complete the work items.

It was moved by Nice; seconded by Reynolds to:

Suspend the City Council Rules of Procedure 6.3, requiring a second reading for an ordinance.

PASSED: 7-0

FOR: 7 (Anderl, Jacobson, Nice, Reynolds, Rosenbaum, Weiker, and Wong)

It was moved by Nice; seconded by Jacobson to:

Adopt Ordinance No. 21-07, amending the 2021-2022 Biennial Budget.

PASSED: 7-0

FOR: 7 (Anderl, Jacobson, Nice, Reynolds, Rosenbaum, Weiker, and Wong)

It was moved by Nice; seconded by Anderl to:

Appropriate a portion of the FY 2020 budget surplus to the following:

- \$100,000 for public right-of-way clean-up and replanting.**
- \$45,000 to switch to the state-run Paid Family and Medical Leave plan.**
- \$150,000 to hire professional services/contracts, as needed to support 2021-2022 work plan goals.**

PASSED: 7-0

FOR: 7 (Anderl, Jacobson, Nice, Reynolds, Rosenbaum, Weiker, and Wong)

AB 5844: Town Center Moratorium - Commercial Feasibility Analysis Discussion Continued

Jeff Thomas, Interim CPD Director, reviewed the history of the Town Center Moratorium and explained that staff was seeking direction on any additional analysis desired. Thomas outlined the following for Council considerations:

Adjust Pro Forma Inputs:

- Future Population Growth
- Per Capita Spending
- Capitalization Rate Range

No Net Loss Requirement:

- A “no net loss” code requirement is a potential path forward to preserve existing TC retail space
- Could be accomplished on a parcel-by-parcel basis through one of the following options
 - a) Retain the equivalent total retail square footage at a project site through vertical mixed-use redevelopment;
 - b) Retain the existing total retail footprint and square footage at a project site through the addition of multi-family residential units, creating a horizontal mixed-use development; or
 - c) Some proportional combination of (a) and (b).

Thomas also outlined the Town Center Retail Frontage Requirements:

- Per code, new development north of SE 29th Street must provide ground floor street frontage commercial space for retail, restaurant, or personal services.
- 40-60% of ground floor must be designed for retail, restaurant, or personal services (40% required for developments that include public parking; 60% required for those that do not provide public parking).
- Commercial space is allowed, but not required, south of SE 29th Street in the TC.

Council asked several questions and provided the following direction to staff:

- Research former TC code requirements in moratorium area – specifically whether ground floor commercial / retail was required in areas of 39’ height limit.
- Complete supplemental analysis to the April 6 CAI draft report considering changes in future population, capitalization rates and per capita spending.
- Complete a code analysis for the addition of a “no net loss” of existing commercial / retail space.
