

PLANNING COMMISSION

SPECIAL HYBRID MEETING AGENDA

Wednesday, August 5, 2026 at 6:00 PM

PLANNING COMMISSIONERS

Chair: Dan Thompson
Vice Chair: JB Gibson
Commissioners: Nazim Nice,
Anthony Perez, and one vacancy

LOCATION

Mercer Island Community & Event Center and Zoom
8236 SE 24th Street | Mercer Island, WA 98040
(206) 275-7706 | www.mercerisland.gov

We strive to create an inclusive and accessible experience. Those requiring accommodation for Planning Commission meetings should notify the Deputy City Clerk's Office 3 days prior to the meeting at (206) 275-7793 or by emailing cityclerk@mercerisland.gov.

Individuals wishing to speak live during Public Appearances (public comment period) or during a scheduled public hearing must register with the Deputy City Clerk at (206) 275-7791 or cityclerk@mercerisland.gov by 4pm on the day of the Planning Commission meeting. Each speaker will be allowed three (3) minutes to speak.

Join the meeting at 6:00 pm (Public Appearances will start sometime after 6:00 PM) by:

- 1) **Telephone:** Call 253.215.8782 and enter Webinar ID **847 3668 4114**, Passcode **830166**.
- 2) **Zoom:** Click this [Link](#) (Webinar ID **847 3668 4114**, Passcode **830166**)
- 3) **In person:** Mercer Island Community & Event Center | 8236 SE 24th Street, Mercer Island, WA 98040

CALL TO ORDER & ROLL CALL, 6:00 PM

PUBLIC APPEARANCES

This is the opportunity for anyone to speak to the Commission about issues of concern. Please limit your comments to three minutes.

SPECIAL BUSINESS

1. Planning Commission Meeting Minutes

Recommended Action: Approve the June 10, 2026 Special Meeting minutes.

2. PCB26-09: Public Hearing to amend the Comprehensive Plan Land Use Map Designation from Single-Family to Commercial Office for Parcels 2655500137, 2655500136, 2655500132, and a portion of 2655500115 (CPA25-002)

Recommended Action: Hold the public hearing for CPA25-002 and make a recommendation to the City Council.

OTHER BUSINESS

3. Staff Report

ADJOURNMENT

PLANNING COMMISSION SPECIAL MEETING MINUTES

Wednesday, June 10, 2026

Item 1.

CALL TO ORDER

The Planning Commission was called to order by Chair Thompson at 6:03 PM.

Chair Dan Thompson, Vice Chair JB Gibson, and Planning Commissioners Kate Akyuz, Nazim Nice, and Anthony Perez were present.

Staff Participation:

Jeff Thomas, CPD Director (Zoom)
Alison Van Gorp, Deputy CPD Director
Raven Gillis, Recreation Specialist
Adam Zack, Principal Planner

Kim Adams-Pratt, Contract Legal Counsel (Zoom)
Deborah Estrada, Deputy City Clerk (Zoom)

PUBLIC APPEARANCES

There were no public comments.

REGULAR BUSINESS

1. Planning Commission Meeting Minutes of June 3, 2026, Regular Meeting:

A motion was made by Nice; seconded by Perez to:

Approve the minutes.

Motion Passed 5-0

2. PCB26-08: Public Hearing (Continued) – Comprehensive Plan Update, Station Subarea Plan, and Implementing Development Code Amendments

Principal Planner Adam Zack continued the June 3 discussion on the Comprehensive Plan Update, Station Subarea Plan, and development code amendments and addressed the following items:

- GMHB appeal requires updates on land capacity, affordable housing provisions, station subarea planning, and anti-displacement measures (deadline: July 31).
- Proposed zoning: Town Center up to 8 stories; adjacent multifamily areas up to 6 stories.
- Inclusionary zoning: 10% of units at 50% AML; fee-in-lieu option included.
- Station Subarea Plan: Phase 1 zoning/code updates now; Phase 2 broader planning through 2029.
- Anti-displacement measures addressed in separate ordinance (Ordinance No. 26C-07).
- Planning Commission actions: accepted non-substantive edits, clarified daylight plane standards, added Policy 7.4 on compatibility for Phase 2.
- Daylight plane clarification: step-back at 45 ft; measurement begins at sidewalk edge.

At its June 3 Special Meeting, the Planning Commission approved the Non-substantive and adopted the new Policy 7.4. They also requested that staff clarify the daylight plane standard.

Zack outlined next steps explaining that the Planning Commission recommendation will be forwarded to the City Council for consideration. The City Council will continue the discussion of an anti-displacement ordinance at its June 16 meeting to complete all required updates ahead of the July 31 GMHB compliance deadline. He further noted that the Phase 2 station area planning will begin after current updates are adopted.

Chair Thompson opened the public hearing at 6:31 PM.

- Kevin Richards, Mercer Island, shared a series of questions regarding upcoming affordable housing requirements, the July 31 deadline, the number of units involved, and where they would be located. He sought clarification on whether detailed maps were available, whether existing buildings might be removed, and how these changes could affect taxes. The speaker also questioned whether the plan was final or could be reversed, noting concerns about limited public awareness and outreach.
- Jim Madison, Mercer Island, expressed concern about upcoming changes and asked whether specific zoning exists for the supportive housing mandated by the state. He further expressed concern about how Phase 2 development may affect neighborhoods like his.
- Lynn Warwick (sp?), Mercer Island, reported that she was unfamiliar with the Planning Commission's work. She noted that recent meetings were not mentioned in the local reporter and urged the City to better publicize them through traditional and online channels. She also asked about the height of existing buildings in the Town Center and received clarification that some structures near I-90 are five stories tall.
- Ken Krakow (sp?), Mercer Island, inquired about the long-term vision for zoning changes near the light rail station, expressing concern that incremental adjustments make it difficult to understand the ultimate plan. He suggested that if higher-density development is anticipated in the future, the City should consider addressing it more directly rather than through gradual increases. The speaker questioned whether the area should be redeveloped all at once rather than through incremental changes.
- Anita McSweeney (sp?), Mercer Island, expressed concern about recent changes under HB 2266, noting that Mercer Island will no longer receive pre-approval public hearings for homeless shelters or supportive housing projects. She shared worries about safety, neighborhood impacts, and what she views as insufficient communication to the community. She urged elected officials to oppose the shelter requirement and encouraged broader public notification through local news and social media.
- Steve Hearun (sp?), Mercer Island, expressed concern that proposed changes related to housing would alter the community and that he preferred it to remain the same. He further stated that he opposed bringing additional low-income residents to the island, arguing it would negatively impact the community.

There being no further public testimony, Chair Thompson closed the hearing at 6:50 PM.

The Planning Commission deliberated for a period.

A motion was made by Gibson; seconded by Perez to:

Recommend adoption of the Comprehensive Plan, Station Subarea Plan, and Implementing Development Code Amendments as presented in PCB26-08 (outlined below):

Comprehensive Plan – PCB26-08 Exhibit 1

- Added non-substantive amendments identified in PCB26-07 (Comment Matrix Logs: 2, 5, 6, 7, 8, 15, 22, 23, 25, 26, 27, 28, 29, 30, 31, 32, 34, 35, 36, 37, 38, 39, 40, 42, 44, 45). These amendments include minor edits proposed by staff to provide clarity, correct grammar, etc.
- Added the technical appendixes – Appendix I: Land Capacity Analysis and Appendix J: Barriers Analysis.
 - These appendixes are technical reports, Planning Commission action should be limited to affirming inclusion of the appendixes in the draft Comprehensive Plan.
 - Both technical reports were posted on the project Let's Talk page for public review last month.

Station Subarea Plan – PCB26-08 Exhibit 2

- Added non-substantive amendments identified in PCB26-07 (Comment Matrix Logs: 1, 3, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 18, 19). These amendments include minor edits proposed by staff to provide clarity, correct grammar, etc.
- Added the amendment proposed in Comment Matrix Log 4 to add a new Policy 7.4 related to adopting development and design standards in Phase 2 to address the transition between the Station Area and adjacent lower-density neighborhoods.

Implementing Development Code Amendments – PCB26-08 Exhibit 3

- Added non-substantive amendments identified in PCB26-07 (Comment Matrix Logs: 1, 4, 5, 15, 16, 21, 24, 28, 32, 33, 34, 35, 39, 40, 41, 43, 44, 46, 47). These amendments include minor edits proposed by staff to provide clarity, correct grammar, etc.
- Staff drafted clarifying amendments to MICC 19.11.030(A)(6), the average daylight plane standards, to address direction from the Planning Commission at the June 3, 2026 meeting and in relation to Comment Matrix Log 29 (more details provided below).

A motion was made by Gibson; seconded by Thomas to:

Amend section 19.11.030 A(6)a: From a height of 27 feet at the front property line, buildings shall step back at a 45-degree angle up to the maximum height limit a height of 57 feet.

Amended Motion Passed 3-2

Main Motion Passed 5-0

Principal Planner reiterated that the Planning Commission's recommendation was scheduled to go before the City Council on June 16 and that the first reading of the ordinance was scheduled for July 7 and the second reading on July 21, which would allow the public to continue providing input.

OTHER BUSINESS**3. Staff Report**

CPD Deputy Director Alison Van Gorp reported that the next meeting would be a Special Meeting on July 8 wherein a public hearing was scheduled to discuss a Comprehensive Plan Amendment.

ADJOURNED - The meeting adjourned at 7:25 pm

Deborah Estrada, Deputy City Clerk

PLANNING COMMISSION CITY OF MERCER ISLAND

PCB 26-09
August 5, 2026
Public Hearing

AGENDA BILL INFORMATION

TITLE:	PCB 26-09: Public Hearing to Amend the Comprehensive Plan Land Use Map Designation from Single-Family to Commercial Office for Parcels 2655500137, 2655500136, 2655500132, and a portion of 2655500115 (CPA25-002).	☐ Discussion Only ☒ Action Needed: ☒ Motion ☒ Recommendation
RECOMMENDED ACTION:	Hold the public hearing for CPA25-002 and make a recommendation to the City Council.	

STAFF:	Jeff Thomas, Community Planning and Development Director Alison Van Gorp, Community Planning and Development Deputy Director Molly McGuire, Senior Planner
EXHIBITS:	CPA25-002 Staff Report

EXECUTIVE SUMMARY

The purpose of this agenda bill is to hold the public hearing and arrive at a Planning Commission recommendation for the proposed Comprehensive Plan Map Amendment to redesignate parcels 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential to Commercial Office within the Land Use Map of the Comprehensive Plan. As discussed further below, this agenda item does **not** address the request for rezoning of the same parcels within the City's zoning map.

- On December 5, 2023, the City Council adopted [Resolution No. 1657](#) which added the Stroum Jewish Community Center's (SJCC) proposal for a Comprehensive Plan Land Use Map Amendment and Rezone to the 2024 Annual Docket.
- Applications for the proposed Comprehensive Plan Amendment (CPA25-002) and Rezone (RZN25-002) were received by the Community Planning and Development (CPD) Department on December 11, 2025 and deemed complete for the purpose of review on January 6, 2026. The application for the Rezone has been put on hold until the City Council completes a first reading of CPA25-002.
- A combined Notice of Application and Notice of Public Hearing for CPA25-002 was published in the Mercer Island Reporter on June 3, 2026 and in the City's Weekly Permit Bulletin on June 8, 2026 for a July 8, 2026 Public Hearing. However, as the Planning Commission lacked a quorum for its July 8, 2026 meeting, the public hearing was rescheduled to August 5, 2026. A combined Notice of Application and Notice of Public Hearing was published in the Mercer Island Reporter on July 1, 2026 and in the City's Weekly Permit Bulletin on June 29, 2026 for the rescheduled public hearing. The Notices were also mailed to adjacent properties within 300 feet from the subject properties on June 8 and June 29, 2026.
- 225 public comments were received between June 3, 2026 and the time the Planning Commission packet was published on July 30, 2026. These public comments have been included in the staff report for CPA25-002. The public comment period is open through the close of the public hearing on August 5, 2026. Any written comments received between July 30 and August 4, 2026 will be included in an amendment to the Planning Commission packet on August 4, 2026.

- A SEPA Determination of Non-Significance was issued on June 22, 2026. The comment period ended on June 6, 2026 and no comments were submitted regarding the City's determination. There were no timely appeals of the SEPA threshold determination.
- At its August 5, 2026 meeting, the Planning Commission will hold a public hearing and consider public comments as well as the staff report and criteria in the Mercer Island City Code (MICC) Chapter 19.15. The Commission is expected to make a recommendation to the City Council for consideration at its September 1, 2026 regular meeting for first reading.

BACKGROUND

On December 5, 2023, the City Council adopted [Resolution No. 1657](#) which added the SJCC's proposal for a Comprehensive Plan Land Use Map Amendment and Rezone to the 2024 Annual Docket. On December 11, 2025, the SJCC submitted applications for a Comprehensive Plan Amendment (CPA25-002) to redesignate parcels 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential to Commercial Office and a Rezone to reclassify (RZN25-002) parcels 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential (R-9.6) to Commercial Office (C-O). The applications were deemed complete for processing on January 6, 2026. The application for the Rezone (RZN25-002) was put on hold until the City Council completes a first reading of CPA25-002.

Pursuant to MICC 19.15.230(G), in cases where both a comprehensive plan amendment and an area-wide rezone are required, both shall be considered together. Since applications for comprehensive plan amendments and rezones follow two different review processes, to accomplish consideration together, first, CPA25-002 will undergo review by the Planning Commission. Once the Planning Commission makes a recommendation to the City Council, the City Council will complete a first reading of CPA25-002, currently anticipated for September 1, 2026. After the first reading of CPA25-002, the required public hearing for RZN25-002 is anticipated to be scheduled before the Hearing Examiner followed by first reading with the City Council. Should both applications proceed, a second reading and potential adoption of both CPA25-002 and RZN25-002 would likely occur in December of 2026.

Legislative Review

Comprehensive Plan Map Amendments must be reviewed and decided according to the procedures in MICC 19.15.230 and .260. Pursuant to MICC 19.15.260(B), the Planning Commission shall consider the proposed amendment for conformance with the criteria listed in MICC 19.15.230(F) (the applicable section) and make a written recommendation to the City Council.

MICC 19.15.230(F) – Decision criteria

Decisions to amend the comprehensive plan shall be based on the criteria below. An applicant for a comprehensive plan amendment proposal shall have the burden of demonstrating that the proposed amendment complies with the applicable regulations and decision criteria. The applicant's demonstration is contained in the staff report for CPA25-002.

1. The amendment is consistent with the Growth Management Act, the countywide planning policies, and the other provisions of the comprehensive plan and city policies; and:
 - a. There exists obvious technical error in the information contained in the comprehensive plan; or
 - b. The amendment addresses changing circumstances of the city as a whole.
2. If the amendment is directed at a specific property, the following additional findings shall be determined:
 - a. The amendment is compatible with the adjacent land use and development pattern;
 - b. The property is suitable for development in conformance with the standards under the potential zoning; and

- c. The amendment will benefit the community as a whole and will not adversely affect community facilities or the public health, safety, and general welfare.

ISSUE/DISCUSSION

Consistent with CPD practices, staff prepared a Staff Report containing staff findings on the consistency of the comprehensive plan amendment application with the criteria in MICC 19.15.230(F). In addition to the staff report, the Planning Commission should consider public comments submitted to the City, as well as comments provided during the public hearing on August 5, 2026. The Planning Commission shall consider the proposed comprehensive plan amendment for conformance with the criteria in MICC 19.15.230(F).

During the meeting, the following steps will be taken to complete the legislative review of the comprehensive plan amendment application:

1. Planning Commission Chair explains process
2. Presentation from Applicant
3. Presentation from City
4. Public hearing
5. Planning Commission deliberations
6. Adoption of findings on comprehensive plan amendment criteria
7. Recommendation

Based on the Planning Commission's direction at the meeting, staff will prepare a draft of the written recommendation, which will be reviewed and signed by the Chair.

NEXT STEPS

The City Council will consider the Planning Commission recommendation at its September 1, 2026 regular meeting where it will hold a first reading.

RECOMMENDED ACTION

Hold the public hearing for the proposed Comprehensive Plan amendment and make a recommendation to the City Council.

STAFF REPORT AND RECOMMENDATION

CPA25-002

Project Number:	CPA25-002	
Project Name:	Stroum Jewish Community Center (SJCC) Comprehensive Plan Amendment	
Review Type:	N/A	
Description:	A request for a Comprehensive Plan Amendment to reclassify King County Parcel Nos. 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential to Commercial Office (C-O).	
Applicant/Owner:	Amy Lavin (Stroum Jewish Community Center) / Stroum Jewish Community Center (SJCC)	
Address:	3801 E Mercer Way, 9824 SE 40th St, 3975 99th Ave SE, and 3795 E Mercer Way, Mercer Island, WA 98040; identified by King County Assessor's Parcel Numbers: 2655500137, 2655500136, 2655500132, and 2655500115

- 12. Applicant Response to Public Comments, received June 29, 2026
- 13. SEPA Checklist, dated November 20, 2025
- 14. SEPA Determination of Nonsignificance, issued by the City of Mercer Island on June 22, 2026

I. APPLICATION OVERVIEW

1. Project Overview: A request for a Comprehensive Plan Amendment to reclassify King County Parcel Nos. 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential to Commercial Office (C-O) within the Land Use Map (**Exhibit 8**).
2. Location: The subject properties are located at 3801 E Mercer Way, 9824 SE 40th St, 3975 99th Ave SE, and 3795 E Mercer Way, situated in the Southeast Quarter of Section 7, Township 24, and Range 5, in the City of Mercer Island, King County, WA 98040.
3. Access: Access to the subject properties is from E Mercer Way.
4. Existing Conditions: The subject properties contain the two-story, 88,362 square foot Stroum Jewish Community Center building on King County tax parcel 2655500137 which was constructed in 1969 and includes facilities for various activities including an auditorium, fitness center, indoor pool, and most of the parking for the site. Tax parcel 2655500115 contains the French American School, which is a two-story, 31,815 square foot building constructed in 2005. Tax parcel 2655500136 is developed with landscaping, picnic tables, and hardscape. Finally, tax parcel

2655500132 contains a two-story, 1,860 square foot, single-family residence constructed in 1986. Tax parcels 2655500137, 2655500115, and 2655500136 all appear to be integrated in their daily operations as the Stroum Jewish Community Center site.

Term:	Refers to, unless otherwise specified:
Applicant	Stroum Jewish Community Center
Proposed development	Comprehensive Plan Map Amendment to redesignate parcels 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential (R) to Commercial Office (C-O) within the Future Land Use Map.
Subject property, site	The subject property or site where the proposed development is located as defined in this staff report
City	City of Mercer Island
MICC	Mercer Island City Code
Code Official	City of Mercer Island Community Planning and Development Director or a duly authorized designee
SJCC	Stroum Jewish Community Center
CPA	Comprehensive Plan Amendment

II. PROCEDURE AND NOTICE REQUIREMENTS

- Review Type: Applications for Comprehensive Plan Amendments (CPA) are required to be processed consistent with the requirements in MICC 19.15.260. Following the completion of an open record public hearing, the Planning Commission shall consider the proposed amendment for conformance with the criteria as listed in MICC 19.15.230(F), the Comprehensive Plan, and other applicable development standards (MICC 19.15.260(B)(1)). The Planning Commission shall make a written recommendation on the review to the City Council (MICC 19.15.260(B)(2)). The City Council shall consider the Planning Commission's recommendation at a public meeting where it may adopt or reject the Planning Commission's recommendation or remand the review back to the Planning Commission (MICC 19.15.260(B)(3)).
- Application: The application for the proposed CPA was submitted on December 11, 2025. On January 6, 2026, the application was deemed complete for the purposes of review, pursuant to MICC 19.15.070 (**Exhibit 6**).
- Notice of Application and Public Hearing: The City issued a combined notice of application and public hearing for the proposed CPA on June 29, 2026, consistent with the provisions of MICC 19.15.260, which include the following methods: a mailing sent to the neighboring property owners

within 300 feet of the subject property; a notice sign posted on the subject property in a location visible to the public right-of-way; publication in the City's weekly permit bulletin; and made available to the general public upon request (**Exhibit 9**). The notice of application and public hearing was also published in the Mercer Island Reporter, a newspaper of general circulation, on July 1, 2026, as required in MICC 19.15.260 (**Exhibit 10**).

10. Opportunities for Public Comment: The notice of application began the 30-day public comment period, which took place on June 29, 2026 through the close of the public hearing on August 5, 2026. Public comments that were received during the public comment period, between the issuance of the Notice of Public Hearing and the day the packet for the Planning Commission was published, are included in **Exhibit 11**.
11. Response to Public Comment: While the City accepts public comments at any time prior to the open record pre-decision hearing, common practice is to request that the applicant provides responses only to those public comments received during the 30-day public comment period. The code does not require the applicant to respond to any public comments received. The applicant provided responses to the public comments received during the public comment period through July 28 contained in **Exhibit 12**.
12. State Environmental Policy Act (SEPA) Review: A SEPA Determination of Non-significance (DNS) was issued on June 22, 2026, following the DNS process in WAC 197-11-340 (**Exhibit 14**). The comment period ended on July 6, 2026 and no comments were filed.
13. Public Hearing: Pursuant to MICC 19.15.260, a public hearing is required for the CPA. A combined notice of application and notice of public hearing was provided to the public as described in MICC 19.15.260 (**Exhibits 9 and 10**). The public hearing will take place with the Planning Commission on August 5, 2026.

III. ZONING AND COMPREHENSIVE PLAN DESIGNATIONS

14. Site Zoning and Land Use: The Comprehensive Plan designation for the parcels is: Single-Family Residential. Parcel 2655500137 is currently split-zoned Single-Family Residential (R-8.4) and Single-Family Residential (R-9.6). Parcels 2655500136 and 2655500132 are zoned Single-Family Residential (R-8.4). Parcel 2655500115 is split-zoned Single-Family Residential (R-9.6) and Commercial Office (C-O). A site zoning map can be found in **Exhibit 7**. Pursuant to MICC 19.01.040(G)(2), where a boundary between zones divides a lot into two or more pieces, the entire lot shall be deemed to be located in the first zone on the following list in which any part of the lot is located: R-15, R-12, R-9.6, R-8.4, MF-2L, MF-3, MF-2, OS, PI, PBZ, C-O, TC, and B; therefore, parcels 2655500137 and 2655500115 are located in the R-9.6 zone.
15. Comprehensive Plan Policies: The Comprehensive Plan, adopted by the City Council in 2024, contains a Land Use Map, which designates parcels 2655500137, 2655500136, and 2655500132 as Single-Family Residential. The single-family residential land use designation represents areas within Mercer Island where development will be predominantly single-family residential neighborhoods. Complementary land uses (e.g., private recreation areas, schools, home businesses, public parks, etc.) are generally supported within this land use designation. Parcel 2655500115 is within the Commercial Office designation. The commercial office land use designation represents commercial areas within Mercer Island, located outside of the Town Center, where the land use will be predominantly commercial office. Complementary land uses (e.g., healthcare uses, schools, places of worship, etc.) are also generally supported within this land use designation.
16. Adjacent Zoning and Comprehensive Plan Designations:

Direction and Current	Zoning	Comprehensive Plan
-----------------------	--------	--------------------

Development		Designation
North; SE 36th St and E Mercer Way	Public Institution (PI)	Linear Park (I-90)
East; Single-Family Residences and E Mercer Way	Single-Family Residential R-9.6	Single-Family Residential
South; SE 40th St and Single-Family Residences	Single-Family Residential R-8.4	Single-Family Residential
West; Commercial Buildings and Single-Family Residences (City of Mercer Island City Hall and Public Works beyond)	Commercial Office (C-O), Single-Family Residential R-8.4, Public Institution (PI) beyond	Commercial Office, Single-Family Residential, Public Facility

IV. CONSISTENCY WITH MICC 19.15.230, COMPREHENSIVE PLAN AMENDMENTS

17. *Application requirements.* Proposed amendment requests may be submitted by the public, city manager, city department directors or by majority vote of the city council, planning commission or other city board or commission. Proposed amendments submitted by the public shall be accompanied by application forms required by this title and by the code official and the filing fees established by resolution. All application forms for amendments to the comprehensive plan shall include a detailed description of the proposed amendment in nontechnical terms.

Staff Analysis: The application for a comprehensive plan amendment was submitted by a representative of the Stroum Jewish Community Center, a member of the public. The application included all required materials for a comprehensive plan amendment, as detailed on the application forms provided by the City (**Exhibit 2**) and the filing fees established in the 2026 Fee Schedule were paid. A detailed description of the proposed amendment in nontechnical terms was also provided (**Exhibit 3**). The applicant also provided a memorandum prepared by Transpo Group to address potential trip generation as a result of the proposed CPA and rezone (**Exhibit 5**); therefore, the application requirements have been met.

18. *Frequency of amendments.*

- A. *Periodic review.* The comprehensive plan shall be subject to continuing review and evaluation by the city ("periodic review"). The city shall take legislative action to review and, if needed, revise its comprehensive plan to ensure the plan complies with the requirements of the GMA according to the deadlines established in RCW 36.70A.130.
- B. *Annual amendment cycle.* Updates, proposed amendments, or revisions to the comprehensive plan may be considered by the city council no more frequently than once every calendar year as established in this section (the "annual amendment cycle"). During a year when periodic review of the comprehensive plan is required under RCW 36.70A.130, the annual amendment cycle and the periodic review shall be combined.
- C. More frequent amendments may be allowed under the circumstances set forth within RCW 36.70A.130(2). Amendments processed outside of the annual amendment cycle under RCW 36.70A.130(2) may be initiated by action of the city council. The city council shall specify the scope of the amendment, identify the projected completion date, and identify and, if necessary, fund resources necessary to accomplish the work. Amendments allowed to be processed outside of the annual amendment cycle are not subject to the docketing process outlined within subsection D of this section.

Staff Analysis: The proposed comprehensive plan amendment would be updated through the annual amendment cycle. This would be the only regular comprehensive plan amendment for the

2026 annual amendment cycle period; therefore, the proposed amendment is consistent with the frequency of amendment limitations established by both the GMA and MICC chapter 19.15.

19. *Decision criteria.* Decisions to amend the comprehensive plan shall be based on the criteria specified below per MICC 19.15.230(F). An applicant for a comprehensive plan amendment proposal shall have the burden of demonstrating that the proposed amendment complies with the applicable regulations and decision criteria.

A. The amendment is consistent with the Growth Management Act, the countywide planning policies, and the other provisions of the comprehensive plan and city policies; and:

- 1) There exists obvious technical error in the information contained in the comprehensive plan; or
- 2) The amendment addresses changing circumstances of the city as a whole.

Applicant Response: Yes. The proposal complies with MICC 19.15.230(F)(1). First, it is consistent with the Growth Management Act, at Chapter 36.70A RCW. Most specifically, the amendment is “internally consistent” with the Comprehensive Plan, which is one of the main requirements of GMA (RCW 36.70A.070: “The plan shall be an internally consistent document and all elements shall be consistent with the future land use map”).

Second, it is consistent with the Countywide Planning Policies (“CPPs”), specifically the following (responses to CPPs in *italics*):

- FW-6: Enable culturally and linguistically appropriate equitable access to programs and services and help connect residents to service options, particularly for those most disproportionately cost-burdened or historically excluded. *The SJCC welcomes everyone, and connects the community to a wide variety of programs and services. The SJCC exists due to historical exclusion of Jewish people from other clubs and organizations on Mercer Island and elsewhere. The redesignation will allow the J’s work to continue on Mercer Island. The SJCC issues extensive scholarships so that anyone can participate in anything related to the J: Camp, Schwartz Early Childhood School, after-school care and programs, swim lessons, general membership, gardening, and any cultural arts event. The change to the CO zone allows SJCC to remain on the island in an appropriate designation/zone.*
- EN-3: Ensure public and private projects incorporate locally appropriate, low-impact development approaches developed using a watershed planning framework for managing stormwater, protecting water quality, minimizing flooding and erosion, protecting habitat, and reducing GHG emissions. *The redesignation will eventually allow for remodeling or rebuilding of the SJCC, which will be required to comply with then-current codes and regulations. This will benefit the environment.*
- EN-4: Encourage the transition to a sustainable energy future by reducing demand through efficiency and conservation, supporting the development of energy management technology, and meeting reduced needs from sustainable resources. *The redesignation will eventually allow for remodeling or rebuilding of the SJCC, which will be required to comply with then-current codes and regulations. This will benefit the environment.*
- DP-2: Prioritize housing and employment growth in cities and centers within the UGA, where residents have higher access to opportunity and high-capacity transit. *..the UGA will include a mix of uses that are convenient to and support public transportation to reduce reliance on SOV travel for most daily activities. The SJCC is the fifth largest*

employer on Mercer Island. The designation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods.

- DP-4: Develop and use...commercial land efficiently in the UGA to create healthy, vibrant, and equitable urban communities with a full range of urban services, by...b) encouraging compact and infill development with a mix of compatible residential, commercial, and community activities...*The redesignation to a commercial designation allows the SJCC to remain on Mercer Island, providing a wide variety of needed community services to the Mercer Island community. The commercial designation is consistent with the existing and proposed use of the property and would be an efficient use of commercially designated land. Given that the City recently took its own property out of CO, it makes sense to add additional CO land back to ensure compliance with job target and other Comp Plan policy goals surrounding jobs and employment (the CO zone is one of the main zones where businesses/jobs can be placed).*
- DP-6: Adopt land use and community investment strategies that promote public health and address racially and environmentally disparate health outcomes and promote access to opportunity. Focus on residents with the highest needs in providing and enhancing opportunities for employment, safe and convenient daily physical activity, social connectivity, protection from exposure to harmful substances and environments, and housing in high opportunity areas. *The redesignation allows the SJCC to remain and offer a variety of opportunities for daily physical activity and social connectivity for people of all ages, in a high opportunity area.*
- DP-8: Increase access to healthy and culturally relevant food in communities throughout the Urban Growth Area by encouraging the location of healthy food purveyors, such as grocery stores, farmers markets, urban agriculture programs, and community food gardens in proximity to residential uses and transit facilities, particularly in those areas with limited access to healthy food. *The SJCC includes a garden for fresh food production. Food grown in the garden is used in SJCC programs, donated to community food banks, and used to prepare food for those in need, like unhoused teens at YouthCare. The SJCC also regularly conducts food drives for both the broad and Kosher communities. It is in close proximity to alternative modes of transportation and is walkable to housing areas.*
- EC-2: Support economic growth that accommodates employment growth targets (see Table DP1) through local land use plans, infrastructure development, and implementation of economic development strategies. Prioritize growth of a diversity of middle-wage jobs and prevent the loss of such jobs from the region. *The SJCC is the fifth largest employer on Mercer Island. The designation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods. In addition, the SJCC employs people of all ages and all stages of careers. The SJCC is often a teenager's first employer and many of these employees return for employment, either seasonal or permanent, for decades. The designation to CO protects hundreds of jobs that will be able to remain on the island.*
- EC-14: Celebrate the cultural diversity of local communities as a means to enhance social capital, neighborhood cohesion, the county's global relationships, and support for cultural and arts institutions. *The SJCC is the Puget Sound's most open and welcoming community-centered Jewish organization, creating opportunities that*

amplify profound Jewish connection for people of all ages. The designation to CO protects this Jewish cultural institution on Mercer Island, creating a space and place for anyone to experience Jewish culture, traditions, and education.

- EC-26: Encourage commercial and mixed-use development that provides a range of job opportunities throughout the county to create a closer balance between the location of jobs and housing. *The SJCC is the fifth largest employer on Mercer Island. The redesignation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods and is walkable to housing.*
- EC-29: Stabilize and prevent the economic displacement of small, culturally relevant businesses and business clusters during periods of growth, contraction, and redevelopment. Mitigate displacement risks through monitoring and adaptive responses. *The SJCC is the fifth largest employer on Mercer Island. The designation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods. The designation to CO protects the SJCC and enables it to remain on Mercer Island.*
- PF-19: Locate schools, institutions, and other community facilities and services that primarily serve urban populations within the Urban Growth Area, where they are accessible to the communities they serve, except as provided in Appendix 5 (March 31, 2012 School Siting Task Force Report). If possible, locate these facilities in places that are well served by transit and pedestrian and bicycle networks. *The SJCC includes the Island's largest early childhood school and is extremely accessible to the families it serves. It also includes other child-related care and services including after-school care that includes transportation directly from schools, J Camp, teen programs, and a wide variety of other classes and activities that are geared toward education and children. The site is well served by alternative means of transportation as well as traditional means of transportation. The designation to CO is the more appropriate designation for the existing and proposed use, and allows the SJCC to remain in this location, which is specifically called for by the CPP.*

Third, the proposal is consistent with the Mercer Island Comprehensive Plan, specifically the following (responses to plan in italics):

The proposal serves the public interest and implements the following specific goals and vision of the city (responses to policies, where appropriate, in italics):

- Residential Community. Mercer Island is principally a single-family residential community supported by healthy schools, religious institutions, and recreational clubs. (Comp. Plan, Community Values). *The proposal will allow the SJCC, which is a school, afterschool care provider, summer camp organization, cultural arts producer, and a recreational club open to all, to continue to serve Mercer Island. The CO designation directly supports this Comprehensive Plan value—in fact, is the only organization on Mercer Island that does all of these things for anyone and everyone.*
- Education is the Key. The community and its public and private institutions are committed to provide excellence in Education (Comp Plan, Community Values). *The proposal allows the SJCC's Schwartz Early Childhood School to continue its excellent education of hundreds of young children on Mercer Island, after-school care for elementary students, and camp care for children four years old through their teens. SJCC also offers dozens of opportunities each month for adults to learn new skills,*

create with art, and explore curious subjects through the SJCC Arts + Ideas program. The CO designation directly supports this Comprehensive Plan value.

- Welcoming and Inclusive. Mercer Island is a place of acceptance where all are welcome, irrespective of race, ethnicity, national origin, religion, gender, sexual orientation, disability status, financial resources, or age. We believe that a diverse community is a healthier community. We respect and appreciate the benefits of diversity. *The SJCC's vision is to be the Puget Sound's most open and welcoming community-centered Jewish organization. The CO designation directly supports this Comprehensive Plan value.*
- Pride & Spirit, Excellence in Education, Recreational & Cultural Opportunities. Mercer Island will continue to provide a wide range of education, cultural, and municipal services for the community's varied population. Balanced and flexible programs will be necessary to meet the community's evolving needs in education, recreation, and cultural enjoyment. The community will maintain its broad range of quality basic services, including public safety, human services, physical development and utilities. At the same time, community leaders recognize that delivery of these services will take place in an arena of limited resources and heightened competition for tax revenues (Comp Plan, Values Manifested). *The SJCC provides a community center and educational, recreational, and cultural opportunities that are privately funded and do not burden the City's budget. The SJCC is the only Jewish Community Center in the state of Washington. It anchors Jewish community in the region, serves thousands of households on Mercer Island—Jewish and beyond—and is an irreplaceable asset to Island life, providing services and community connection that the City could not possibly replace. The CO designation directly supports this Comprehensive Plan value.*
- Residential, Environmental Stewardship, Leadership, Citizen Involvement, Neighborhood Pride. Civic, recreation, and religious organizations are important and integral elements of the community character and fabric. Their contribution and importance to the established community character should be reflected and respected in land use permit processes. (Comp Plan, Values Manifested). *The SJCC has been an important and integral part of the community for decades. This redesignation request will allow the SJCC to rebuild and reconfigure the SJCC to continue serving the community with modernized amenities, sustaining the benefits the community knows and expects from the J. We are hopeful that this request for redesignation is respectfully considered and approved, so that we can rebuild under the current CO zoning rules. The designation to CO directly supports this value.*
- Commercial Office and PBZ zones must serve the needs of the local population while remaining compatible with the overall residential character of the community. (Comp Plan, Land Use Issues, Outside the Town Center). *The Commercial Office zone, as developed in the future by the SJCC, will remain compatible and increase compatibility with the overall residential character of the community. Anything that is built will conform to CO standards. Finally, the proposal is adjacent to CO designations and extends them southward; this extension is consistent with good zoning and planning principles.*
- Goal 7.1 Preserve the neighborhood character in residential zones. For the purpose of implementing this element, neighborhood character only refers to the form, bulk, scale, and intensity of the built environment. (Comp Plan, Land Use Goals). *The proposal is consistent with this goal. The SJCC is a use that requires a gym and a pool, the larger*

scale of which is inconsistent with the desired scale identified in a single family zoning designation. Therefore, the designation should be changed, so that the SJCC can remain in this location. In addition, the designation to CO will require compliance with CO zoning, which includes significant protections of neighboring residential zones in terms of form, bulk, scale, light, and noise standards.

- Goal 7.4 Social and recreation clubs, schools, and religious institutions are predominantly located in single-family residential areas of the Island. The City may consider measures within the land use code to address the maintenance, updating, and renovation of these facilities, while ensuring compatibility with surrounding neighborhoods. Such facilities contribute to the mental, physical, and spiritual well-being of Mercer Island residents. Land use decisions should balance the retention of these facilities with overall community planning and zoning regulations (Comp Plan, Land Use Goals). *The City's current single family zoning regulations, and its issued formal interpretation of the regulations, do not allow variation from the gross square footage or impervious surface limitations currently placed on all structures in single family zones such that it is not possible for the SJCC to rebuild/remodel in place. The only sustainable option to retain the SJCC in this location is to redesignate to CO. The City has been very aware of this issue for many years now and has declined to make changes to its single family code that would accommodate the SJCC. Thus, a change to CO is necessary to allow the SJCC to move forward on Mercer Island.*
- Goal 7.5 Encourage compatible uses such as education, recreation, open spaces, government, social services, and religious activities (Comp Plan, Land Use Goals). *This goal of the Comprehensive Plan specifically encourages compatible uses such as the SJCC, which offers education, recreation, open space, and social services. As such, the Plan supports the redesignation to CO as the redesignation allows the SJCC to sustainably remain on the Island within a comp plan designation/zone that supports it.*
- Goal 9.2 Commercial uses and densities near the I-90 / East Mercer Way exit and SE 36th Street are appropriate for that area. All activities in the Commercial Office zone are subject to design review, and supplemental design guidelines may be adopted. *All SJCC uses are allowable uses in the CO zone. Any development proposal would be subject to design review. The CO designation is specifically called out in the comprehensive plan as being appropriate in this subarea.*
- Goal 10.6. Encourage low impact development approaches for managing stormwater and protecting water quality and habitat. *Any new development proposal will comply with current stormwater codes, which will benefit the environment. Designation to CO facilitates updated facilities and compliance with modern codes and practices, maintaining a safe, accessible, and operationally functional facility.*
- The commercial office land use designation represents commercial areas within Mercer Island, located outside of the Town Center, where the land use will be predominantly commercial office. Complementary land uses (e.g., healthcare uses, schools, places of worship, etc.) are also generally supported within this land use designation. *The SJCC fits within the description of this designation. The land and its uses are appropriate for designation to CO.*
- Transportation Goal 6.1: Ensure compatibility between transportation facilities and services and adjacent land uses, evaluating aspects such as: potential impacts of transportation on adjacent land use; potential impacts of land development and activities on transportation facilities and services; and need for buffering and/or

landscaping alongside transportation facilities. *While the designation of the property will change, the use will not change. The project-specific transportation review for any future SJCC project will analyze at a project-level transportation impacts, including concurrency review, that may be mitigated via trip reduction and physical improvements.*

- Transportation Goal 9.2. Address parking overflow impacts on neighborhoods caused by major traffic generators such as schools, businesses, parks, and multifamily developments. *The change to CO will allow the SJCC to better address parking issues. As an existing nonconforming building/site, the SJCC cannot change its footprint without triggering full compliance with the code, which would require compliance with the gross floor area and impervious surface limitations intended for single family homes which the SJCC cannot meet. As a result, the SJCC cannot address any existing parking issues. At the time of any future development proposal submittal, the SJCC would be required to comply with applicable parking requirements, which will address any potential parking issues.*

Finally, the proposal complies with the following provisions of MICC 19.15.230(F)(1):

- **There exists obvious technical error in the information contained in the comprehensive plan; or N/A;** *this is not a technical error. While we believe it is an error to include a non-single family use in a single family designation, when the City's zoning standards severely restrict the existing nonconformities, this is not correcting a technical error.*
- **The amendment addresses changing circumstances of the city as a whole.** *Yes. The amendment is necessary due to the change in the single family zoning requirements that were passed in 2017. In 2017, the City limited the amount of gross floor area and impervious surface that could be built in all single family zones, without including an exception for rebuilds, expansions, and remodels of institutional uses like the SJCC. The City subsequently interpreted its code to limit permitted variances in single family zones. Thus, the SJCC - and many other vital community organizations on MI - are stranded in a zone that does not allow for the necessary rebuilding/remodeling to be present on the Island for another 50 years. As has been documented, the SJCC facilities are nearing the end of their useful life and the strict nonconforming provisions of the single family code cannot accommodate the needed remodel/refurbishing/renovation. Standards for community centers and the residential zones in which they sit have changed over the years, and significant change to the facility needs to occur so that it can attract members and sustain operations with facilities that meet modern environmental, safety, and accessibility standards. It is not possible to achieve this goal under the single family residential designation and zoning. It is therefore asking for the redesignation to CO to correct this issue so that it can be permitted to move forward with an appropriate redevelopment plan. These code changes have created a changed circumstance that applies to the city as a whole.*

Staff Analysis: Pursuant to MICC 19.15.230(F) an applicant for a comprehensive plan amendment proposal has the burden of demonstrating that the proposed amendment complies with the applicable regulations and decision criteria.

The City agrees that the proposed CPA is consistent with the Growth Management Act, the countywide planning policies, and the other provisions of the comprehensive plan and city policies, as detailed in the Applicant's Response above.

The City further agrees that there is no obvious technical error in the information contained in the comprehensive plan and that the proposed CPA is not intended to resolve any obvious technical errors in the comprehensive plan.

Additionally, the City agrees that the proposed CPA addresses changing circumstances of the City as a whole. The City disagrees with the Applicant's assertions as to the 2017 development standards. The changes to the residential development standards that occurred in 2017 were policy decisions made by the then seated City Council, and are not "changing circumstances of the city as whole." Additionally, the applicant's assertion that the changes to the residential development standards were passed "without including an exception for rebuilds, expansions, and remodels of institutional uses like the SJCC" is incorrect. The development code includes provisions for the exterior alteration or enlargement of nonconforming structures other than single-family or in Town Center in MICC 19.01.050(D)(3). Intentional exterior alteration or enlargement is allowed, provided the legal nonconforming status of the structure is not lost. Legal nonconforming status would be lost if there is an intentional exterior alteration or enlargement of the structure over any three-year period that incurs construction costs in excess of 50 percent of the structure's current King County assessed value as of the time the initial application for such work is submitted.

The changing circumstances of the city as a whole are more accurately described as an increased demand of a facility that is at the end of its useful life and which demand cannot be accommodated under the current provisions allowed for intentional exterior alteration or enlargement of a legally nonconforming structure in MICC 19.01.050(D)(3). To meet these increased demands, a remodel or enlargement that would likely exceed 50 percent of the structure's assessed value would likely be necessary, which would in turn result in the loss of legal nonconforming status, and the whole site would be required to come into compliance with the development standards in the single-family residential zoning designation. The currently applicable standards are, as the name suggests, written for single-family residential development with no provisions that address facilities that need a larger footprint or gross floor area to accommodate the demand required by the community.

- B. If the amendment is directed at a specific property, the following additional findings shall be determined:

- 1) The amendment is compatible with the adjacent land use and development pattern;

Applicant Response: *Yes. The SJCC has been on this property for over 50 years and the existing use is inherently compatible with the adjacent land use and development pattern; the SJCC is part of the existing land use and development pattern. There is no change proposed to the underlying use of the property. In addition, the proposal would simply extend the CO zone from the north to encompass the SJCC property. The adjacent designations (SF, B, CO, potentially PI) would not be impacted by the redesignation. Any future development proposal would be reviewed under the CO zone standards and would be subject to SEPA and development-level review at that time. Any use that is proposed under the CO zone would be required to comply with the CO zone standards, which include height, setback, and bulk standards to protect adjacent lower density zones.*

Staff Analysis: The City agrees that the proposed CPA is compatible with the adjacent land use and development patterns. Adjacent land use and development patterns include both single-family residences and commercial buildings. The proposed amendment would redesignate four Single-Family Residential parcels to Commercial Office. The adjacent land uses and development patterns include single-family residential development,

commercial, and public facilities, which all align with the existing facilities on the SJCC properties. The applicant has emphasized the SJCC's intentions to rebuild the SJCC facilities to continue providing services to Mercer Island residents, which can no longer be adequately provided with the existing, aging buildings. The commercial office land use designation represents commercial areas within Mercer Island, located outside of the Town Center, where the land use will be predominantly commercial office. Complementary land uses (e.g., healthcare uses, schools, places of worship, etc.) are also generally supported within this land use designation.

- 2) The property is suitable for development in conformance with the standards under the potential zoning; and

Applicant Response: *Yes. The SJCC is an allowed use in the CO zone. The CO standards are suitable for any future rebuild or remodeling of the SJCC. The property itself is well-suited for redevelopment with the standards under the CO zoning, as it is a large enough parcel that can accommodate CO-permitted uses, and also accommodate the required large setbacks and landscaping buffers that are required by the CO zone.*

Staff Analysis: The City agrees that the subject property is suitable for development in conformance with the standards in the proposed C-O zoning designation. Allowed uses in the C-O zone include professional, scientific, and technical services, office uses, places of worship, civic and social organizations, and public and private schools. Required conditions for development within the C-O zone are contained in MICC 19.04.020 and include, but are not limited to: screening adjacent to external boundaries of the site, restrictions on lot coverage and building footprints, building height limits, yard requirements, and parking requirements.

MICC 19.04.020(E) provides yard requirements for development within the C-O zone. The minimum setback from all rights-of-way shall be 50 feet. The minimum rear yard setback shall be 50 feet. The sum of side yards shall be at least 75 feet, with no side yard less than 25 feet; provided, however, that a minimum 50-foot setback shall be required from the property line of any adjacent property that is zoned residential or multifamily and developed for such use and no parking or driveways shall be allowed within this setback. Dimensions of the subject properties are provided below:

Parcel	Width (Side Yards)	Depth (Front and Rear Yards)
2655500132 (south property line adjacent to single-family residentially zoned parcel)	75.5 feet	108 feet
2655500136	110 feet	205 feet
2655500137	Must be determined using Lot Width Circle method	Must be determined by the mean average distance measured from the front lot line to the rear lot line
2655500115	Must be determined using Lot Width Circle method	Must be determined by the mean average distance measured from the front lot line to the rear lot line

Based on this information, at least one parcel would not be suitable for development in conformance with the standards under the potential zoning as it currently exists; however, the development code includes options for nonconforming structures, sites, and uses, as

well as the option for lot line revisions to create a lot width and depth which could allow a new building in the C-O zone to conform with the development standards.

- 3) The amendment will benefit the community as a whole and will not adversely affect community facilities or the public health, safety, and general welfare.

Applicant Response: *Yes. The amendment allows the SJCC to remain on the Island in its current location, as it has existed for the last 55+ years. As stated throughout this document, the SJCC is a very clear public benefit for the Island, with the largest early childhood school on the Island, the largest provider of swim lessons on the Island, and the fifth largest employer on the Island. The SJCC provides a place for people of all ages. It is committed to affordability and accessibility. It provides an antidote to the current loneliness epidemic. The redesignation to CO allows the SJCC to sustainably rebuild/remodel in place, which benefits all who ever use, or will use, the SJCC. The loss of the SJCC would be devastating to a large amount of people on Mercer Island. Aligning the designation of the property to the actual use, thereby facilitating a thriving use from a land use perspective, will have a positive, not adverse, effect on the public health, safety and welfare. In addition, the CO zone, as stated above, is protective of surrounding properties and regulates what can be built on the property, regardless of use. It requires large setbacks, landscape buffers, and other elements that result in no adverse effect on community facilities or the public health, safety, and general welfare.*

Staff Analysis: The City agrees that the proposed CPA would benefit the community as a whole and would not adversely affect community facilities or the public health, safety, and general welfare. The proposed CPA would allow for new commercial development in an area that has contained uses that align with those allowed in the Commercial-Office designation for many decades. The subject properties contain uses that already provide benefit to the community, and the proposed CPA would align the comprehensive plan designation with these uses.

20. *Combined comprehensive plan amendment and rezone.* In cases where both a comprehensive plan amendment and a rezone are required, both shall be considered together, and all public notice must reflect the dual nature of the request.

Staff Analysis: The proposal results in a case where both a comprehensive plan amendment and a rezone are required. The applicant has submitted applications for both the comprehensive plan amendment and rezone. Since these applications require different review procedures under both state law and the MICC, the public hearing with the Planning Commission will be solely focused on the comprehensive plan amendment, which the rezone will undergo quasi-judicial review starting with the Hearing Examiner. Following the receipt of recommendations from the Planning Commission and Hearing Examiner, both applications will then be presented to the City Council for final review and approval, together.

V. DEVELOPMENT REGULATION COMPLIANCE – DISCLOSURE

21. Compliance with all local, state, and federal regulations is required.

VI. PLANNING COMMISSION RECOMMENDATION

Staff reviewed the proposed application in accordance with the criteria for comprehensive plan amendments in MICC 19.15.230(F). The staff report and findings are based on the application and all supplemental information. The Planning Commission shall consider the proposed amendment for conformance with the criteria listed in the applicable section, the comprehensive plan, and other applicable development standards. The Planning Commission shall make a written recommendation on the review to the City Council. Based on the findings contained in this staff report and the application

materials, Staff recommend the Planning Commission adopt the above findings and move to recommend approval of the proposed Comprehensive Plan Amendment under City File Number CPA25-002 to reclassify King County Parcel Nos. 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential to Commercial Office (C-O) within the Land Use Map (**Exhibit 8**) to the City Council.

			Accessory Dwelling Unit	New Wireless Communication Facility
DEVIATIONS			Code Interpretation Request	Wireless Communications Facilities- 6409 Exemption
	Deviations to Antenna Standards – Code Official		Conditional Use (CUP)	Small Cell Deployment
	Deviations to Antenna Standards – Design Commission		Noise Exception Type I - IV	Height Variance
	Public Agency Exception		Other Permit/Services Not Listed	
	Reasonable Use Exception	SHORELINE MANAGEMENT		
	Variance		Shoreline Exemption	
	Seasonal Development Limitation Waiver – Wet Season Construction Approval		Shoreline Substantial Development Permit	
			Shoreline Variance	
			Shoreline Conditional Use Permit	
			Shoreline Permit Revision	

LAND USE APPLICATION SUBMITTAL REQUIREMENTS

Each Land Use Application requested above must be accompanied by the appropriate land use application form and required materials. Refer to the [City of Mercer Island Permit Forms](#) webpage for a complete list of all land use application forms and submittal requirements.

2025 Stroum Jewish Community Center Comprehensive Plan Map Amendment

Redesignation Project Narrative

Thank you for the consideration of our Comprehensive Plan Amendment. The Stroum Jewish Community Center (“SJCC”) is proposing to redesignate the Future Land Use Map (“FLUM”) of the Mercer Island Comprehensive Plan from Single Family Residential (“R”) to Commercial Office (“CO”), for the following parcels:

- 2655500137
- 2655500136
- 2655500132
- small portion of 2655500115

The current zoning (R-8 and R-9.6) does not reflect how the property is being used today or how it is planned to be used in the future, which is as the SJCC. The SJCC has been in place on the property for over 55 years. Changing the zoning requires a FLUM change as well, and brings both the FLUM and the zoning into alignment with the actual use of the property. The City has given guidance that the Comprehensive Plan Amendment and Rezone Amendments should be submitted separately.

As the City is aware, under the current single family zone, rebuilding and renovation is inefficient and not possible. The City has determined that the variances necessary to rebuild the SJCC are not available in the single family zones. As such, a redesignation is necessary.

The SJCC has been intently pursuing the ability renovate our aging facilities for over eight years. In this timeframe, we’ve taken many opportunities to share the hopes we have for a re-envisioned facility with our members, our neighbors, and the broader Mercer Island community.

Through multiple SJCC open houses, community meetings and even through public testimony provided during 2018-2019 council consideration of a broader Mercer Island initiative, we shared our priorities, and also learned what the community and our neighbors care about the most:

- Facilitating better traffic flow and providing enough safe parking so there is less impact on our neighbors;
- Designing our use of space to ensure less noise or light impact, and minimize visibility impact;
- Supplementing foliage and trees to enhance the buffer between our facilities and our neighbors; and
- Ensuring that any changes to the SJCC property through zoning don’t have secondary impact on other Mercer Island community facilities or neighborhoods.

In 2023, before the Comprehensive Plan and Rezone were docketed by the City Council, the SJCC hosted an open house where the redesignation and rezone were presented and discussed, followed by questions and answers. Similar to prior initiatives, an invitation was mailed to all addresses within 1000’ radius of the SJCC, emailed to SJCC members, SJCC participants and users, and other Mercer Island community facilities, and was promoted widely on SJCC assets.

The SJCC hosted approximately 100 attendees at this open house, and we were pleased to see our revised designs, which are the direct benefit of so much engagement and feedback over the last six years, being received so well by the vast majority of the community and our neighbors.

There is no current development proposal that is being submitted to the City for simultaneous review with the redesignation and rezone proposal. However, we are confident that a rebuilt SJCC can meet the objectives that the majority of the community has put forth. The redesignation of the property will reflect the long-standing use of the site as the SJCC, and will allow for the property to continue to serve the community into the future.

2025 Stroum Jewish Community Center Comprehensive Plan Map Amendment

Criteria Compliance Narrative

Thank you for your consideration of our Comprehensive Plan Map Amendment. The Stroum Jewish Community Center (“SJCC”) is proposing to redesignate the Future Land Use Map (“FLUM”) of the Mercer Island Comprehensive Plan from Single Family Residential (“R”) to Commercial Office (“CO”), for the following parcels:

- 2655500137
- 2655500136
- 2655500132
- small portion of 2655500115

Please see Exhibit A attached to this form for the redesignation map.

Per the application form, the following are answers as to how the proposed amendment meets the following codes:

- MICC 19.15.230¹
 - RCW Chapter 36.70A
 - Mercer Island Comprehensive Plan
 - Mercer Island City Policies
-

1. MICC 19.15.230.E.

The proposed Comprehensive Plan Amendment was docketed by the City Council in December 2023.

2. MICC 19.15.230.F

F. Decisions to amend the comprehensive plan shall be based on the criteria specified below. An applicant for a comprehensive plan amendment proposal shall have the burden of demonstrating that the proposed amendment complies with the applicable regulations and decision criteria.

- 1. The amendment is consistent with the Growth Management Act, the countywide planning policies, and the other provisions of the comprehensive plan and city policies, and:**
 - a. There exists obvious technical error in the information contained in the comprehensive plan; or**

¹ Please note: the application checklist request “how the application meets the review criteria in MICC 19.15.260.” The criteria stated in 19.15.260 are procedural in nature and not appropriate for inclusion in the review narrative.

b. The amendment addresses changing circumstances of the city as a whole.

Yes. The proposal complies with MICC 19.15.230.F.1. First, it is consistent with the Growth Management Act, at Chapter 36.70A RCW. Most specifically, the amendment creates an “internally consistent” Comprehensive Plan, which is one of the main requirements of GMA (RCW 36.70A.070: “The plan shall be an internally consistent document and all elements shall be consistent with the future land use map”).

Second, it is consistent with the Countywide Planning Policies (“CPPs”), specifically the following (responses to CPPs in italics):

- FW-6: Enable culturally and linguistically appropriate equitable access to programs and services and help connect residents to service options, particularly for those most disproportionately cost-burdened or historically excluded. *the SJCC welcomes everyone, and connects the community to a wide variety of programs and services. The SJCC exists due to historical exclusion of Jewish people from other clubs and organizations on Mercer Island and elsewhere. The redesignation will allow the J's work to continue on Mercer Island. The SJCC issues extensive scholarships so that anyone can participate in anything related to the J: Camp, Schwartz Early Childhood School, after-school care and programs, swim lessons, general membership, gardening, and any cultural arts event.*
- EN-3: Ensure public and private projects incorporate locally appropriate, low-impact development approaches developed using a watershed planning framework for managing stormwater, protecting water quality, minimizing flooding and erosion, protecting habitat, and reducing GHG emissions. *The redesignation will eventually allow for remodeling or rebuilding of the SJCC, which will be required to comply with then-current codes and regulations. This will benefit the environment.*
- EN-4: Encourage the transition to a sustainable energy future by reducing demand through efficiency and conservation, supporting the development of energy management technology, and meeting reduced needs from sustainable resources. *The redesignation will eventually allow for remodeling or rebuilding of the SJCC, which will be required to comply with then-current codes and regulations. This will benefit the environment.*
- DP-2: Prioritize housing and employment growth in cities and centers within the UGA, where residents have higher access to opportunity and high-capacity transit. *..the UGA will include a mix of uses that are convenient to and support public transportation to reduce reliance on SOV travel for most daily activities. The SJCC is the fifth largest employer on Mercer Island. The designation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods.*
- DP-4: Develop and use...commercial land efficiently in the UGA to create healthy, vibrant, and equitable urban communities with a full range of urban services, by...b) encouraging compact and infill development with a mix of compatible residential, commercial, and community activities...*The redesignation allows the SJCC to remain*

on Mercer Island, providing a wide variety of needed community services to the Mercer Island community.

- DP-6: Adopt land use and community investment strategies that promote public health and address racially and environmentally disparate health outcomes and promote access to opportunity. Focus on residents with the highest needs in providing and enhancing opportunities for employment, safe and convenient daily physical activity, social connectivity, protection from exposure to harmful substances and environments, and housing in high opportunity areas. *The redesignation allows the SJCC to remain and offer a variety of opportunities for daily physical activity and social connectivity for people of all ages, in a high opportunity area.*
- DP-8: Increase access to healthy and culturally relevant food in communities throughout the Urban Growth Area by encouraging the location of healthy food purveyors, such as grocery stores, farmers markets, urban agriculture programs, and community food gardens in proximity to residential uses and transit facilities, particularly in those areas with limited access to healthy food. *The SJCC includes a garden for fresh food production. Food grown in the garden is used in SJCC programs, donated to community food banks, and used to prepare food for those in need, like unhoused teens at YouthCare. The SJCC also regularly conducts food drives for both the broad and Kosher communities. It is in close proximity to alternative modes of transportation and is walkable to housing areas.*
- EC-2: Support economic growth that accommodates employment growth targets (see Table DP1) through local land use plans, infrastructure development, and implementation of economic development strategies. Prioritize growth of a diversity of middle-wage jobs and prevent the loss of such jobs from the region. *The SJCC is the fifth largest employer on Mercer Island. The designation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods. In addition, the SJCC employs people of all ages and all stages of careers. The SJCC is often a teenager's first employer and many of these employees return for employment, either seasonal or permanent, for decades.*
- EC-14: Celebrate the cultural diversity of local communities as a means to enhance social capital, neighborhood cohesion, the county's global relationships, and support for cultural and arts institutions. *The SJCC is the Puget Sound's most open and welcoming community-centered Jewish organization, creating opportunities that amplify profound Jewish connection for people of all ages. The SJCC welcomes everyone.*
- EC-26: Encourage commercial and mixed-use development that provides a range of job opportunities throughout the county to create a closer balance between the location of jobs and housing. *The SJCC is the fifth largest employer on Mercer Island. The redesignation will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods and is walkable to housing.*
- EC-29: Stabilize and prevent the economic displacement of small, culturally relevant businesses and business clusters during periods of growth, contraction, and redevelopment. Mitigate displacement risks through monitoring and adaptive responses. *The SJCC is the fifth largest employer on Mercer Island. The designation*

will ensure that this employment continues on the Island. In addition, the SJCC is extremely well-served by bike/trail infrastructure for alternative commuting methods.

- PF-19: Locate schools, institutions, and other community facilities and services that primarily serve urban populations within the Urban Growth Area, where they are accessible to the communities they serve, except as provided in Appendix 5 (March 31, 2012 School Siting Task Force Report). If possible, locate these facilities in places that are well served by transit and pedestrian and bicycle networks. *The SJCC includes the Island's largest early childhood school and is extremely accessible to the families it serves. It also includes other child-related care and services including after-school care that includes transportation directly from schools, J Camp, teen programs, and a wide variety of other classes and activities that are geared toward education and children. The site is well served by alternative means of transportation as well as traditional means of transportation.*

Third, the proposal is consistent with the Mercer Island Comprehensive Plan, specifically the following (responses to plan in italics):

The proposal serves the public interest and implements the following specific goals and vision of the city (responses to policies, where appropriate, in italics):

- Residential Community. Mercer Island is principally a single-family residential community supported by healthy schools, religious institutions, and recreational clubs. (Comp. Plan, Community Values). *The proposal will allow the SJCC, which is a school, after-school care provider, summer camp organization, cultural arts producer, and a recreational club open to all, to continue to serve Mercer Island.*
- Education is the Key. The community and its public and private institutions are committed to provide excellence in Education (Comp Plan, Community Values). *The proposal allows the SJCC's Schwartz Early Childhood School to continue its excellent education of hundreds of young children on Mercer Island, after-school care for elementary students, and camp care for children four years old through their teens. SJCC also offers dozens of opportunities each month for adults to learn new skills, create with art, and explore curious subjects through the SJCC Arts + Ideas program.*
- Welcoming and Inclusive. Mercer Island is a place of acceptance where all are welcome, irrespective of race, ethnicity, national origin, religion, gender, sexual orientation, disability status, financial resources, or age. We believe that a diverse community is a healthier community. We respect and appreciate the benefits of diversity. *The SJCC's vision is to be the Puget Sound's most open and welcoming community-centered Jewish organization. The SJCC serves people of all ages and capabilities. Everyone is welcome.*
- Pride & Spirit, Excellence in Education, Recreational & Cultural Opportunities. Mercer Island will continue to provide a wide range of education, cultural, and municipal services for the community's varied population. Balanced and flexible programs will be necessary to meet the community's evolving needs in education, recreation, and cultural enjoyment. The community will maintain its broad range of quality basic services, including public safety, human services, physical development and utilities. At the same time, community leaders recognize that delivery of these

services will take place in an arena of limited resources and heightened competition for tax revenues (Comp Plan, Values Manifested). *The SJCC provides a community center and educational, recreational, and cultural opportunities that are privately funded and do not burden the City's budget. The SJCC is the only Jewish Community Center in the state of Washington. It anchors Jewish community in the region, serves thousands of households on Mercer Island—Jewish and beyond—and is an irreplaceable asset to Island life, providing services and community connection that the City could not possibly replace.*

- Residential, Environmental Stewardship, Leadership, Citizen Involvement, Neighborhood Pride. Civic, recreation, and religious organizations are important and integral elements of the community character and fabric. Their contribution and importance to the established community character should be reflected and respected in land use permit processes. (Comp Plan, Values Manifested). *The SJCC has been an important and integral part of the community for decades. This redesignation request will allow the SJCC to rebuild and reconfigure the SJCC to continue serving the community with modernized amenities, sustaining the benefits the community knows and expects from the J. We are hopeful that this request for redesignation is respectfully considered and approved, so that we can rebuild under the current CO zoning rules*
- Commercial Office and PBZ zones must serve the needs of the local population while remaining compatible with the overall residential character of the community. (Comp Plan, Land Use Issues, Outside the Town Center). *The Commercial Office zone, as developed in the future by the SJCC, will remain compatible and increase compatibility with the overall residential character of the community. Anything that is built will conform to CO standards. Finally, the proposal is adjacent to CO designations and extends them southward.*
- Goal 7.1 Preserve the neighborhood character in residential zones. For the purpose of implementing this element, neighborhood character only refers to the form, bulk, scale, and intensity of the built environment. (Comp Plan, Land Use Goals). *The proposal is consistent with this goal. The SJCC is a use that requires a gym and a pool the larger scale of which is inconsistent with the desired scale identified in a single family zoning designation. Therefore, the designation should be changed, so that the SJCC can remain in this location.*
- Goal 7.4 Social and recreation clubs, schools, and religious institutions are predominantly located in single-family residential areas of the Island. The City may consider measures within the land use code to address the maintenance, updating, and renovation of these facilities, while ensuring compatibility with surrounding neighborhoods. Such facilities contribute to the mental, physical, and spiritual well-being of Mercer Island residents. Land use decisions should balance the retention of these facilities with overall community planning and zoning regulations (Comp Plan, Land Use Goals). *The City's current single family zoning regulations do not allow variation from the gross square footage limitations currently placed on all structures in single family zones such that it is not possible for the SJCC to rebuild/remodel in place.. The only sustainable option to retain the SJCC in this location is to redesignate to CO. The City has been very aware of this issue for many years now and has declined to make changes to its single family code that would accommodate the SJCC.*

- Goal 7.5 Encourage compatible uses such as education, recreation, open spaces, government, social services, and religious activities (Comp Plan, Land Use Goals). *This goal of the Comprehensive Plan specifically encourages compatible uses such as the SJCC, which offers education, recreation, open space, and social services. As such, the Plan supports the redesignation to CO as the redesignation allows the SJCC to sustainably remain on the Island within a comp plan designation/zone that supports it.*
- Goal 9.2 Commercial uses and densities near the I-90 / East Mercer Way exit and SE 36th Street are appropriate for that area. All activities in the Commercial Office zone are subject to design review, and supplemental design guidelines may be adopted. *All SJCC uses are allowable uses in the CO zone. Any development proposal would be subject to design review.*
- Goal 10.6. Encourage low impact development approaches for managing stormwater and protecting water quality and habitat. *Any new development proposal will comply with current stormwater codes, which will benefit the environment.*
- The commercial office land use designation represents commercial areas within Mercer Island, located outside of the Town Center, where the land use will be predominantly commercial office. Complementary land uses (e.g., healthcare uses, schools, places of worship, etc.) are also generally supported within this land use designation. *The SJCC fits within the description of this designation.*
- Transportation Goal 6.1: Ensure compatibility between transportation facilities and services and adjacent land uses, evaluating aspects such as: potential impacts of transportation on adjacent land use; potential impacts of land development and activities on transportation facilities and services; and need for buffering and/or landscaping alongside transportation facilities. *While the designation of the property will change, the use will not change. The project-specific transportation review for the SJCC project will analyze at a project-level transportation impacts, including concurrency review, that may be mitigated via trip reduction and physical improvements.*
- Transportation Goal 9.2. Address parking overflow impacts on neighborhoods caused by major traffic generators such as schools, businesses, parks, and multifamily developments. *The change to CO will allow the SJCC to better address parking issues. As an existing nonconforming building/site, the SJCC cannot change its footprint without triggering full compliance with the code, which would require compliance with the gross floor area limitations intended for single family homes which the SJCC cannot meet. As a result, the SJCC cannot address any existing parking issues. At the time of its development proposal submittal, the SJCC would be required to comply with applicable parking requirements, which will address any potential parking issues.*

Finally, the proposal complies with the following provisions of MICC 19.15.230.F.1:

- a. **There exists obvious technical error in the information contained in the comprehensive plan; or** *N/A; this is not a technical error. While we believe it is an error to include a non-single family use in a single family designation, when the City's zoning standards severely restrict the existing nonconformities, this is not correcting a technical error.*

- b. The amendment addresses changing circumstances of the city as a whole. Yes.** *The amendment is necessary due to the change in the single family zoning requirements that were passed in 2017. In 2017, the City limited the amount of gross floor area and impervious surface that could be built in all single family zones, without including an exception for rebuilds, expansions, and remodels of institutional uses like the SJCC. The City subsequently interpreted its code to limit permitted variances in single family zones. Thus, the SJCC - and many other vital community organizations on MI - are stranded in a zone that does not allow for the necessary rebuilding/remodeling to be present on the Island for another 50 years. The SJCC is therefore asking for the redesignation to CO to correct this issue so that it can be permitted to move forward with an appropriate redevelopment plan. These code changes have created a changed circumstance that applies to the city as a whole.*

MICC 19.15.230.F.2

F.2. If the amendment is directed at a specific property, the following additional findings shall be determined: Yes. The proposal is compliant with 19.15.230.F.2:

- a. The amendment is compatible with the adjacent land use and development pattern; Yes.** *The SJCC has been on this property for over 55 years and the existing use is inherently compatible with the adjacent land use and development pattern; the SJCC is part of the existing land use and development pattern. There is no change proposed to the underlying use of the property. In addition, the proposal would simply extend the CO zone from the south to encompass the SJCC property. The adjacent designations (SF, B, CO, potentially PI) would not be impacted by the redesignation. Any future development proposal would be reviewed under the CO zone standards and would be subject to SEPA and development-level review at that time.*
- b. The property is suitable for development in conformance with the standards under the potential zoning; and Yes.** *The SJCC is an allowed use in the CO zone. The CO standards are suitable for any future rebuild or remodeling of the SJCC.*
- c. The amendment will benefit the community as a whole and will not adversely affect community facilities or the public health, safety, and general welfare. Yes.** *The amendment allows the SJCC to remain on the Island in its current location, as it has existed for the last 55+ years. As stated throughout this document, the SJCC is a very clear public benefit for the Island, with the largest early childhood school on the Island, the largest provider of swim lessons on the Island, and the fifth largest employer on the Island. The SJCC provides a place for people of all ages. It is committed to affordability and accessibility. It provides an antidote to the current loneliness epidemic. The redesignation to CO allows the SJCC to sustainably rebuild/remodel in place, which benefits all who ever use, or will use, the SJCC. The loss of the SJCC would be devastating to a large amount of people on Mercer Island and disrupt daily family activity. Aligning the designation of the property to the actual use, thereby facilitating a thriving use from a land use perspective, will have a positive, not adverse, effect on the public health, safety and welfare.*

3. Compliance with the Growth Management Act, chapter 36.70A.

Yes. The proposal is consistent with GMA, in particular the internal consistency requirement stated in RCW 36.70A.020. See above for additional information.

4. Compliance with the Countywide Planning Policies.

Yes. Please see above for the consistent CPPs.

5. Compliance with the Comprehensive Plan and City Policies.

Yes. Please see above for consistency.

Exhibit A Comp Plan Change Map

MEMORANDUM

Date: February 10, 2026 **TG:** 1.25486.00

To: Molly McGuire – City of Mercer Island

From: Dan McKinney Jr. and Kassi Leingang, PE – Transpo Group

cc: Amy Lavin - SJCC

Subject: 3801 E Mercer Way Rezone Potential Trip Generation Review

The following memorandum responds to the comment received from the City of Mercer Island dated January 20, 2026 regarding the requested rezone to Commercial Office (CO) Zone of 3801 E Mercer Way, Mercer Island, WA 98040 (see location in Figure 1).¹ The City's comment and response are provided below.

Figure 1: Requested Rezone

Rezone Comment 1:

Traffic impacts should be analyzed for the change in allowed uses as a result of the proposed rezone. While City staff understand that the property is not anticipating a change in use in the foreseeable future, the rezone could result in future traffic impacts from the highest intensity use that could be allowed. **Please provide a memorandum or report from a qualified professional**

¹ RZN25-002; CPA25-002; SEP25-021 Review Letter 1

to speak to the traffic impacts that would result from the proposed changes to the allowed uses. Consider comparing the trip generation for the highest possible generating uses and the existing use from the ITE Manual.

Response:

The trip generation for the existing/proposed use and allowed use in the CO zone (area as illustrated in Figure 1) was estimated based on trip rates using the Institute of Transportation Engineers (ITE) *Trip Generation Manual* (12th Edition, 2025). The existing/proposed use and the allowed use in the Commercial Office (CO) zone are summarized below. It is our understanding that no proposed use is requested as part of the rezone application, but the City is requesting documentation of the highest possible generating use allowed in the CO zone.

Existing - The existing use is the Stroum Jewish Community Center (SJCC) totaling 94,723 gross square feet (gsf). ITE's Recreational Community Center (495) was assumed for the existing use based on review of the land use description as well as validation through existing driveway counts. The detailed trip generation for the existing use is provided in Attachment A.

Allowed use in the CO zone² – In the CO zone, the site could accommodate a 134,087 sf building footprint (35%) with 3 stories for a total of 402,261 gsf. The trip generation of the allowable uses in the CO zone for that size of development were evaluated. This included consideration of the following ITE land uses:

- Government Office Building (730)
- Research and Development Center (760)
- General Office Building (710)
- Church (560)
- Medical-Dental Office Building - Stand-Alone (720)
- Hospital (610)ⁱ

Note that the size of the potential building was outside of the extremes of the Government Office Building and Medical-Dental Office Building - Stand-Alone buildings so those potential land uses were eliminated. Of the remaining land uses above, the highest generating land use was the General Office Building, and so was assumed for the comparison of traffic impacts with the requested rezone. The detailed trip generation for the potential uses reviewed is provided in Attachment A.

The comparison of trip generation for the existing use and the highest possible generating use is summarized in the table below.

Table 1. Weekday PM Peak Hour Trip Generation Comparison

Condition	Land Use ¹	Size	Weekday PM Peak Hour Trips		
			In	Out	Total
Existing	Recreational Community Center (495)	94,723 gsf	132	142	274
Allowed in CO Zone	General Office Building (710)	402,261 gsf	69	360	429

Note: gsf = gross square-feet

1. Trips rates from ITE *Trip Generation Manual*, 12th Edition.

² The allowed uses in the CO zone are found at MICC 19.04.020.

Attachment A: Detailed Trip Generation

<u>Potential Use</u>

RE: **RZN25-002; CPA25-002; SEP25-021** Determination of Complete Application; 3801 E Mercer Way, Mercer Island, WA 98040

The City of Mercer Island received applications for a(n) **Reclassification of Property (Rezone), Comprehensive Plan Amendment, and SEPA Threshold Determination** for the subject property on December 11, 2025. The City has assigned file number **RZN25-002** to the Rezone application, **CPA25-002** to the Comprehensive Plan Amendment application, and **SEP25-021** to the SEPA Threshold Determination application. Following review of the application, City staff has determined that the application is procedurally complete and has established a vesting date of January 6, 2026.

Formal review of the application will now begin in compliance with Mercer Island City Code, Chapter 19. As review progresses, additional documentation will most likely be requested. Pursuant to Mercer Island City Code 19.15.110(B), if the applicant fails to provide the required information within 60 days from the date of any request for information, the application shall lapse, and become null and void.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Molly McGuire, Senior Planner

CPA25-002 PROPOSED LAND USE

Item 2.

-  Single Family Residential (R)
-  Multifamily Residential (MF)
-  Town Center (TC)
-  Commercial Office
-  Neighborhood Business
-  Park
-  Open Space
-  Linear Park
-  Public Facility

The Land Use Plan is intended to be a generalized depiction of land uses. The map is not a description of zoning boundaries nor should it be interpreted on a site specific basis.

The Mercer Island City limits delineates the communities' Urban Growth Area. The City limits are contiguous with the Mercer Island Lake Washington Shoreline.

NOTICE OF PUBLIC HEARING - RESCHEDULED

NOTICE IS HEREBY GIVEN that the City of Mercer Island Planning Commission open record public hearing previously scheduled for July 8, 2026 has been **RESCHEDULED** for **August 5, 2026 at approximately 6:00PM** for the project described below:

File No. CPA25-002

Permit Type: N/A; Comprehensive Plan Amendment

Description of Request: A request for a Comprehensive Plan Amendment to amend the Land Use Map for King County Parcel Nos. 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential to Commercial Office (C-O).

Applicant/Owner: Amy Lavin (Stroum Jewish Community Center) / Stroum Jewish Community Center (SJCC)

Location: 3801 E Mercer Way, 9824 SE 40th St, 3975 99th Ave SE, and 3795 E Mercer Way, Mercer Island, WA 98040; identified by King County Assessor's Parcel Numbers: 2655500137, 2655500136, 2655500132, and 2655500115

A vicinity map is available at <https://mieplan.mercergov.org/public/CPA25-002>

SEPA Compliance: Following review of the submitted State Environmental Policy Act (SEPA) checklist, an initial evaluation of the proposed project for probably significant adverse environmental impacts has been conducted. The City issued a SEPA Determination of Non-Significance (DNS) for this project under File No. SEP25-021 on June 22, 2026 with a 14-day comment period ending on July 6, 2026. The DNS process, as specified in Washington Administrative Code (WAC) [197-11-340](#), is being used. This may be your only opportunity to comment on the environmental impacts of the proposal. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared. A copy of the threshold determination for this specific project may be obtained upon request.

Project Documents: <https://mieplan.mercergov.org/public/CPA25-002>

Use the camera on your smartphone to scan the QR code and easily access the project documents.

Environmental Documents: Copies of all studies and/or environmental documents are available through the above project documents link.

Written Comments: Only those persons who submit written comments or testify at the open record hearing will be parties of record; and only parties of record will receive a notice of decision and have the right to appeal. Written comments may be submitted to the City of Mercer Island either by email to molly.mcguire@mercerisland.gov or by mail to the City of Mercer Island, 9611 SE 36th Street, Mercer Island, WA 98040-3732.

Public Hearing/Meeting: Pursuant to Mercer Island City Code (MICC) [19.15.030](#), public hearings are required for Type IV land use reviews.

A public hearing for CPA25-002 is scheduled before the Planning Commission on **August 5, 2026 at approximately 6:00PM** at the Mercer Island Community and Events Center (8263 SE 24th St, Mercer Island, WA 98040).

The Planning Commission public hearing is accessible in person and using Zoom. The public will have the opportunity to comment during the public hearing by either attending in person, calling in, or logging onto the meeting via Zoom. Written comments may be submitted to the City of Mercer Island by e-mail to cityclerk@mercerisland.gov until such time that the public hearing is adjourned.

Detailed instructions on how to comment live during the public hearing will be available online on or before July 31, 2026, at <https://www.mercerisland.gov/bc-pc>

Americans with disabilities accommodations are available by calling (206) 275-7791.

Applicable Development Regulations: Review procedures for comprehensive plan amendments are contained in MICC 19.15.260.

Other Associated Permits: Permit No(s): RZN25-002; SEP25-021

This Comprehensive Plan Amendment is accompanied by an application for a reclassification of property (rezone) which follows a separate review process and will be duly noticed as the project moves forward.

SEPA Compliance: Fol-

following review of the submitted State Environmental Policy Act (SEPA) checklist, an initial evaluation of the proposed project for probably significant adverse environmental impacts has been conducted. The City expects to issue a SEPA Determination of Non-Significance (DNS) for this project. The DNS process, as specified in Washington Administrative Code (WAC) 197-11-340, is being used. A SEPA Determination will be issued on or before June 22, 2026 followed by a 14-day comment period. This may be your only opportunity to comment on the environmental impacts of the proposal. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared. A copy of the subsequent threshold determination for this specific project may be obtained upon request.

Written Comments:

This may be the only opportunity to comment on this proposal. Written comments on this proposal may be submitted to the City of Mercer Island either by email, in person, or by mail to the City of Mercer Island, 9611 SE 36th Street, Mercer Island, WA 98040-3732. Anyone may comment on the application, receive notice, and request a copy of the decision once made. Only those persons who submit written comments or participate at the public hearing (if a hearing is required) will be parties of record; and only parties of record will have the right to appeal.

Public Hearing: A public hearing for CPA25-002 is scheduled before the Planning Commission on **Wednesday, July 8, 2026 at approximately 6:00PM** at the Mercer Island Community and Events Center (8263 SE 24th St, Mercer Island, WA 98040).

The Planning Commission public hearing is accessible in person and using Zoom. The public will have the opportunity to comment during the public hearing by either attending in person, calling in, or logging onto the meeting via Zoom. Written comments may be submitted to the City of Mercer Island by email to cityclerk@mercerisland.gov until such

time that the public hearing is adjourned.

Detailed instructions on how to comment live during the public hearing will be available online on or before July 3, 2026, at

<https://www.mercedisland.gov/bc-pc>

Americans with disabilities accommodations are available by calling (206) 275-7791.

Applicable Development Regulations: Review procedures for comprehensive plan amendments are contained in MICC 19.15.260.

Subject: Written comments regarding CPA25-002

To Molly McGuire, Senior Planner for the City of Mercer Island. **Please reply to this email to confirm your receipt.**

My wife and I have lived on Mercer Island since 2007 in the Mercerwood neighborhood near the SJCC. We raised our daughter here, taught her to ride a bike on the low-traffic neighborhood roads, and appreciate the deer and other wildlife that live in the forest in the ravine bordering the SJCC and north of SE 40th Street. We've created an intentional community with our neighbors hosting National Night Out events, holiday gatherings, and supporting our kids with Girl Scout cookie sales, impromptu games of baseball in the cul-de-sac, and walk and talks with nearby families.

We are writing as a concerned neighbor regarding **CPA25-002 – the Comprehensive Plan Amendment**. We support the SJCC and recognize its value to Mercer Island. However, our concern, and reason for this note, is not with the SJCC itself but with the permanent zoning and Comprehensive Plan changes being requested.

There is already a lot of change that has happened near the SJCC since we first moved here, and more is currently underway. Traffic during the day for the SJCC combined with peak school hours for the French American School of Puget Sound has gotten to a point where it's dangerous to cars, bicycles, and pedestrians as harried parents rush to pickup or dropoff their kids and patrons come in and out of the JCC. During holidays and events at the Temple, parking along East Mercer Way and up SE 40th Street is such that cars line both sides of the street, and since there are no sidewalks, pedestrians dangerously walk into the lanes of oncoming traffic. The infrastructure in this area is simply not ready for increased traffic, tenants, etc. It is a primarily residential area, and should remain that way.

As we read through the documents available at: <https://permitbulletin.mercerisland.gov/public/CPA25-002/>, this application is being presented as a way to align the zoning with the SJCC's existing use. However, the City of Mercer Island (the "City" henceforth) is not being asked to approve the site as it exists today. The City is being asked to change the property from residential to Commercial Office zoning, creating new development rights that would remain with the property long into the future.

What concerns us most is that no specific redevelopment proposal is being reviewed at this time. The application repeatedly states that there will be little or no impact because this is a "nonproject" action. Yet without a project proposal, neither the City nor neighboring residents can fully evaluate future traffic, parking, noise, lighting, building scale, or other impacts that could result from the broader Commercial Office zoning being requested.

Mercer Island's Comprehensive Plan emphasizes protecting neighborhood character while balancing the needs of community institutions. We do not believe the record currently demonstrates that this balance has been achieved. The fact that the existing zoning may make future redevelopment difficult is not, by itself, a sufficient reason to redesignate residential land to a commercial classification.

Before making a permanent change to the Comprehensive Plan and zoning map, the City should require a clear understanding of the future impacts that could result and demonstrate that the proposal is fully consistent with the City's long-standing commitment to protecting residential neighborhoods. These findings should be proactively distributed with ample time for review, conversation and discussion, and not scheduled near a major holiday or over the summer when so many travel.

For these reasons and so many more, we respectfully request that the City deny the application as currently proposed, and require substantially more analysis, community, and availability of specific plans for development before amending the Comprehensive Plan.

Thank you for your consideration.

CC: Teresa Hall <teresajkhall@gmail.com>, Wally Hall <wallyhallnd68@gmail.com>

Having lived on Mercer Island for more than forty years in the Mercerwood neighborhood near the SJCC, we have watched our community evolve while retaining the residential character that makes it such a special place to live. It is in that spirit that we are writing regarding CPA25-002.

First, we want to emphasize that we value the SJCC and the many ways it serves island residents. The issue before the City is not whether the SJCC is an important community asset. It clearly is. Our concern is with the long-term implications of the zoning and Comprehensive Plan changes being requested.

After reviewing the application materials available through the City's permit bulletin, it appears that the request is being framed as simply bringing the property's zoning into alignment with its current use. However, the decision before the City goes much further than recognizing what exists today. It would permanently redesignate residentially designated property to Commercial Office, creating future development opportunities and rights that would remain in place indefinitely.

What gives us pause is that there is no actual redevelopment proposal for the City or neighboring residents to review. We are being asked to evaluate a permanent change in land use policy without knowing what a future project might look like or how it might affect the surrounding neighborhood. Questions about traffic, parking, building scale, noise, lighting, and neighborhood compatibility are largely being deferred to some future date. Once the zoning change is approved, however, the community will no longer have the opportunity to weigh in on whether that broader land use designation is appropriate for this location.

The Mercer Island Comprehensive Plan has long recognized the importance of both community institutions and stable residential neighborhoods. In our view, this application has not yet demonstrated how those competing interests are being balanced. The fact that existing zoning may constrain future redevelopment does not necessarily mean that residentially designated land should be converted to a commercial designation.

For that reason, we believe the City should proceed carefully and require a much clearer understanding of the practical impacts and long-term consequences of this proposal before making a permanent amendment to the Comprehensive Plan and zoning map.

We respectfully ask that the City deny the application as currently proposed, or alternatively require additional analysis and community review before taking further action.

Thank you for your time and consideration. Please reply to this mail so that we know you have received this and your comments are registered.

Hi Blake,

Thank you for reaching out regarding the SJCC's Comprehensive Plan Amendment project. I wanted to take a moment to answer your questions regarding the application process, but you can also find all of this information, and more, published on the City's Let's Talk page: [Stroum Jewish Community Center Comprehensive Plan Map Amendment and Rezone Project | Let's Talk Mercer Island](#)

A decision has not been made on this proposal. The notice you received was to notify neighbors that a public hearing will be taking place with the Planning Commission on August 5, 2026. At this public hearing, the Planning Commission will be making a recommendation for approval or denial to the City Council based on the criteria for a Comprehensive Plan Amendment in [MICC 19.15.230\(F\)](#).

Sincerely,

Molly McGuire

Finally..the hearing for the JCC rezone – so long overdue! Thank you for finally scheduling the hearing for August 5. So many residents are eager for this to pass to improve both the JCC AND traffic around the area. It's going to be awesome once the J can make their improvements that will benefit the entire community and local residents and their members. And have the building zoned properly for what it is.

As a resident of Mercer Island, I object to rezoning the JCC property to commercial office. This sets a terrible precedent and moves Mercer island away from its stated goal of being a premier residential community, we did not move her to live in a commercial setting or downtown. This is a residential area and we have already been affected by the lack of planning by the JCC. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school this seems like a very calculated move on the JCCs part.

 To: City Clerk <cityclerk@mercerisland.gov>
 Subject: Public hearing for CPA25-002

As a resident of Mercer Island, I am writing to object to the proposed rezone of the JCC property (CPA25-002) from residential to Commercial Office. A change of this kind sets a troubling precedent and moves the Island away from its stated goal of remaining a premier residential community.

My concern is heightened by the fact that the JCC appears to have unresolved code compliance issues on the two residential lots it purchased last year — including summer camp activities and overheight fencing that fall outside what residential zoning permits. It seems premature to expand the property's allowed uses through a rezone while existing residential conditions are not being met. Full compliance with the current zoning and the original Conditional Use Permit should be established before any rezone is even considered.

I also object to scheduling the hearing in the middle of summer, when many residents are traveling or preparing for the start of the school year and are far less able to follow or participate. Please reschedule this matter for a time when the community can meaningfully weigh in.

Thank you for your consideration.

We object to the proposal to rezone the JCC property to Commercial Office.

Our home is one of the closest residences to the JCC, and its existing operations have already had a significant impact on our daily lives. These impacts include increased traffic, noise from the summer camp, and congestion during special events. On those occasions, visitors often park wherever they can, including along the shoulder of East Mercer Way, creating safety hazards for pedestrians and cyclists.

We also object to holding the public hearing during the summer, when many residents are away on vacation or occupied with preparations for the upcoming school year. Scheduling the hearing at this time limits meaningful public participation in a decision that will have a lasting impact on the surrounding neighborhood.

Thank you for your consideration.

 Subject: Public hearing for CPA25-002

As the 40 plus year owner of a home on Shoreclub Drive, and the mother of two offspring who attended preschool and after school and summer camps at the JCC, I am very supportive of the organization overall.

However, this proposed rezoning of the JCC to commercial/office is a terrible idea. First of all, traffic is already extremely bad in that area, particularly when the JCC and/or French School are ending their school, camp or daycare days or having special events. I recently sat for nearly 10 minutes in traffic, trying to get off of westbound I 90 because of the traffic going into and out of the JCC. This intolerable traffic situation would worsen even further if rezoning is allowed.

Furthermore, due to the JCC preschool, and the French school, there are many children crossing east Mercer Way in front of the JCC at multiple times during each day, even into dark hours in winter. These kids would be further endangered by a situation that could engender even more traffic than is already present. Sadly, not everyone drives carefully or attentively and I have personally witnessed near misses when kids moved unexpectedly while trying to cross.

Commercial use areas are not needed in this part of Mercer Island, more office space is most certainly not needed in our region overall, and commercial zoning would detract from the residential quality of life for property owners in this area of Mercer Island.

Who would compensate the residents of this area of town for the likely loss of peace and quiet; increased traffic, noise, air pollution, and pedestrian hazards, and overall lessened quality of life there if the zoning of the JCC to commercial/office is approved? Would the JCC be willing to provide such compensation? I suspect not, and even if they were, money could not adequately compensate for the loss of quality of life.

The very idea of rezoning to commercial/office seems quite unnecessary and most undesirable.

There is in fact already plenty of underutilized commercial space in downtown Mercer Island and in the south end, where commercial zoning is already permitted, and there is already massive underutilization of both retail and office space in both Bellevue and Seattle. There is absolutely no need to extend commercial/office zoning to the JCC based on any sort of reasonable community needs. There isn't even a bus stop near the JCC any longer, much less a train stop, to justify even a coffee kiosk.

Exactly whose interests would be served here by approving a zoning change? It is certainly not good for either the children who attend the JCC, or for the residential neighbors who live around the JCC who already have to battle annoying and often dangerous traffic and attendant air pollution and noise caused by the already existing activities at the JCC.

Commercial rezoning extension anywhere on the island is certainly not good for the purpose of maintaining the near pristine environment of Mercer Island, an ecologically vulnerable area which, if well managed, can withstand being a primarily residential community but not a center of commerce. The community's commercially zoned areas already in existence provide for the needs of Mercer Island citizens more than adequately.

Moreover, the hearing on this proposal should be held at a time when citizens of Mercer Island are likely to be on island, available, and able to voice their opinions on this matter. It appears highly manipulative on someone's part to schedule such an important and impactful meeting at times when the community cannot participate to a maximum degree.

I don't know with whom this bad idea originated, but I am firmly opposed to it.

Thank you for what I hope will be a careful and thoughtful decision to deny this change in zoning.

Hi, I am writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. My family moved to the Seattle area in 2006 and have been JCC members since then for 20 and have benefitted from the excellent programs and services made available to the community there. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Best,

Mike Adler

Hello

I have questions about the rezoning petition for the JCC.
 What is it that they want to do, that they can't do under the current zoning?
 I don't want to wake up one morning to see new commercial offices or a bigger school being built on the current site.
 The JCC is great, I have no problem with the JCC.

I am not as happy with the French American School.
 Isn't that operated on JCC property with JCC cooperation?
 It's the traffic that is the problem.
 I live at 9974 SE 39th St just off East Mercer Way and only a couple blocks from the entrance to the JCC and the school.
 In the mornings and afternoons, I am afraid to walk north along East Mercer at the JCC entrance because of the high traffic volume.
 People are coming from both north and south and equal numbers are exiting.
 I've seen many near misses between through traffic and turning and exiting traffic.
 It doesn't really get better in the summer because of summer camps.

Anyway, I agree with the folks who say that the public hearing should be in October when more island residents are home.
 And I think more people on the south end of the island that use East Mercer Way need to be made aware of potential traffic impacts.
 And as of this minute I don't believe the rezoning should go forward without a lot more detail about the plans that would need a rezone.

Thanks for listening
 Mike Post

As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school.

How do I get more information about the proposed changes and how that will impact my community?

*Thank you,

I first got to know the SJCC when we moved to the US and were looking for a preschool for our daughter. We found an amazing preschool but we also found a family at the J - where all our kids grew up (after school activities, summer camps, swim lessons etc), where we attend events and cultural gatherings, and where we all regularly exercise and swim.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

As a long time member of the JCC, I urge you to help our Mercer Island community thrive by allowing the rezoning of the JCC property.

My family has used the JCC daily for the last 17 years. My kids were in preschool there. We work out there and now my eldest son is a camp counselor for their summer camp. This institution is an important third place for many Mercer Island residents. We would like to see it evolve to meet the needs of current and future Mercer Island residents. We believe the rezone will allow this evolution to occur responsibly. And it is critical to support necessary building and facility updates and remodeling. Please do your part to help ensure the safety of our JCC community.

Subject: Urging revision of the comprehensive plan

To members of the Mercer Island Planning Commission,
 I will be unable to attend the upcoming Planning Commission meeting in person, yet I am passionate about the need to modify the Comprehensive plan and land use maps to address the erroneous designation of the JCC as a single family property.

My name is Carla Greenbaum. I've been a Mercer Island resident for more than 30 years and a member of the Jewish Community Center for the same length of time. My four children, who are now adults with their own families and all of whom live on Mercer Island, all attended JCC pre-school and camps, participated in sports through the JCC and developed lasting relationships. My five Mercer Island grandchildren are now also active at the JCC. In addition, is my own personnel connection. I regularly use the pool to swim laps, I attend exercise classes, and interact with others at events such as celebration of holidays, movies, education. The JCC has been an essential part of my family's life for decades and has been a key attraction of living on Mercer Island all these years.

The current designation of the SJCC as a single family property is patently incorrect. The JCC has been a community center - serving the Mercer Island community for more than 50 years. I'm therefore writing to urge your support to amend the Comprehensive Plan - and align the zoning with the reality that the property is a commercial and not-single family residence.

This change in the comprehensive plan and land use maps will allow the JCC to continue to add value to Mercer Island residents for the future.

Thank you for your consideration,

Carla Greenbaum

Subject: SJCC rezoning

To Members of the Mercer Island Planning Commission,

I am writing to urge you to amend the land use maps and Comprehensive Plan to change the erroneous designation of the JCC from single family property to its real use - a community center that benefits a significant proportion of Mercer Island residents.

I have been a Mercer Island resident for more than 30 years. We've raised 4 children who currently are all Mercer Island residents. They all attended JCC preschool, camps, sports, and holiday activities. They made lasting friendships. It truly has been a community center for them. The next generation is now also embedded with the JCC - the 5 grandkids enjoy the preschool and facilities. In addition, I make regular use of the JCC classes, gym, and cultural activities.

It is time to correct an obvious mischaracterization - the JCC has been a commercial property and community center for more than 50 years. Please amend the Comprehensive plan to reflect reality and allow this facility to continue to serve Mercer Island residents and families in the years ahead.

I'm writing to you, because I'm unable to attend the planning meeting in person. Yet, this issue is incredibly important to me, my family, and to the greater Mercer Island community Jews and non-Jews alike. It is a place to be with neighbors, it is a place that creates the environment that Mercer Island residents come here for.

Thank you for your attention,
Fredric Tobis
7411 SE 36th St
Mercer Island, WA 98040

Subject: SJCC Designation Change

Good day,

I am writing to urge your support to amend the Comprehensive Plan to change the **designation of the SJCC property** from single family to commercial. My wife, three children ages 10, 7, and 6, and I reside in Newcastle. Over the years, we have exercised, attended musical concerts, youth services and events, and enriched our own and our children's lives at the J. My kids took swimming lessons at the SJCC, and two attended preschool there. At no point is the building serving as a single family home and there is no logical reason it should be designated as such.

The J has **been serving** the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect **that** reality and ensure the J can continue to **serve our community and thrive** on Mercer Island for the next 55 years.

Sincerely yours,
 Joshua Levin

Subject: Support to amend comprehensive plan re: the SJCC

As a long time member of the JCC, I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. In 1962, my family moved to Shorewood Apartments from Butte, MT. We belonged to the J in Seattle before the MI facility even opened. Having a brand-new building 55 years ago was exciting, and the community has changed significantly since then. I learned to swim at the J, went to classes there, attended day camp, and then became a daycamp counselor. My children went to daycare, camps and learned to swim there. Now as a senior, I take fitness classes there. I love how the J serves the entire MI and West Bellevue community.

The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. As a West Bellevue resident, when I come to the J, I do my food, book and gift shopping on the Island. The J matters to me and many others as a place for fitness, connection and community.

Thanks,
 Linda

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

Please lend your support to amending the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

I've lived on the island for 30 years, and the presence of the J is a big part of why I moved here. It's a vital part of this community and needs to continue to serve in a capacity that meets modern needs.

Thank you,

Mindy Stern

As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school.

Subject: JCC Permit - Public Hearing

Hello, I recently learned about the JCC seeking to rezone their property to a commercial office. I am a resident of Mercer Island and have owned several homes on the island. I currently own and reside in a home on Shoreclub Drive with my family. Our home is located near the JCC, and on a daily basis we drive, walk or bike near the JCC and East Mercer multiple times a day. In the past couple of years, we've experienced increased traffic, congestion and potential safety hazards with cars darting in and out of the JCC facilities and onto East Mercer Way. This is made worse with the nearly blind curve on that road and multiple streets converging into that area. We've also been experiencing various nuisance, inconvenience, and safety concerns with the ongoing construction as JCC expands its property and facilities.

We are deeply concerned about ongoing safety, traffic, congestion, nuisance, aesthetic, property values, and the overall well-being of our residential community. To be sure, we do support the JCC and its offerings on the island, and also encourage more downtown commercial development with respect to retail, restaurants, etc. to enhance our neighborhood and avoid having to drive off island for more retail and restaurant choices. However, we want to ensure that such commercially zoned areas remain in a central main corridor vs. expanding into residential zones with limited land and many families residing in a densely populated area, such as the area surrounding the JCC. It's already congested enough with the East Mercer Way I-90 ramp and on several occasions I've personally witnessed near accidents with cars and families/children crossing the stop sign near the JCC. Commercial expansion will only exacerbate this issue and I'm deeply concerned that we're not holding more public forums and assessments to determine the impact of such a commercial re-zoning request on our community. Safety and the well

being of our community should be paramount and as such, any hearing regarding the rezoning should be noticed well in advance to the community and certainly not rushed within the next couple months.

As part of this, MI should communicate more public notice of such hearing(s), invite more analysis and fact gathering on the impact of the request, and ensure this is completed in a manner where all information is readily available to the community before any decisions are made that significantly impact MI residents.

Thank you for your time and consideration.

Regards,
Thuy and Mark Seafort

Subject: SJCC Property Designation - Please support change to commercial property

Hello:

I have been part of the SJCC community for over 50 years. I attended preschool and day camps, had my first job as a junior counselor at their day camps, then sent my own children to preschool there. They continued participating in activities like Dinky Dunkers and others and now, as adults, still come play pick-up basketball at the J. My husband and I use the facilities on a weekly basis to this day.

The J has been serving as a community hub for the entirety of my life (55+ years). While it's officially the "Jewish" community center, it serves all communities. I hear a multitude of languages as I walk down the halls. It's an critically important community space housed in a building that has outlasted its best self.

Please support the plan to amend the designation of the property from single family to commercial use. It's always been used as a commercial space and the zoning should reflect that so that this property can continue serving the greater Mercer Island and Seattle areas.

Thank you,
 Tracy Sigmon

My husband and I moved to Mercer island over 40 years ago from Kirkland. We built our home here and raised our son here and joined the Jcc and still belong. Now as a senior Citizen It still is an important part of my life. I attend the pool exercises during the week and use the gym. It is an amazing organization that serves everyone .

Our Grandson also attended classes as a preschooler and fought against the racism at Whitman college which he attends presently.

We are not Jewish but the fact that it serves everyone is extremely important.

Subject: Public Hearing for CPA25-002

Good morning,

Seeing all the commentary about the zoning change to the JCC made me want to write in with a safety request. Our two toddlers attend the daycare at the JCC, and we prefer, when possible, to walk to daycare.

From our house on the north end of the island, the only way on foot to the JCC is down Gallagher Hill (not safe) or down 40th, accessing it from the neighborhoods directly to the south. The problem is that from these neighborhoods, you have to walk briefly on East Mercer Way. There is no sidewalk along this portion, and the shoulder is almost always blocked by parked cars, forcing us onto the street. (And even the shoulder is not that safe, being along a blind curve.)

We believe that there is a safer way. 97th Ave used to provide safe access to the J, the parking lot behind the pediatrician's office, and the other commercial buildings along 36th St. This access was blocked by the installation of a fence in the last year. 36th St has a sidewalk providing safe access to all these institutions, and there seem to be a couple of easy locations where a short pedestrian trail could be added to restore access.

About 25% of the island would be within a safe 30-minute walk of this area if access were restored between 40th St and 36th St. There is city property, namely the City Shop behind City Hall, providing a connection (the blue line in the attached). There is also JCC property which could provide access (the

pink line in the attached). Both of these options would only involve building a trail 50 yards long through relatively flat forest. This exact route behind the City Shop was already mostly cleared of brush in the last year.

Item 2.

Our family would be grateful for anything the city can do to facilitate safe pedestrian access to this community and childcare center. This will be all the more important as more cars access the J, making travel to the J by alternate transportation methods more beneficial to the entire community.

Thank you,
Michael, Nicole, Finn, and Nash Searing

Subject: Comprehensive Plan Amendment for the SJCC

My name is Richard Fruchter and I've lived on Mercer Island for 20 years. My wife and I are members of the SJCC and our grandchild attended its preschool. I was the CEO of the Jewish Federation of Greater Seattle (now retired), the umbrella agency for the Jewish community.

The SJCC brings the Jewish and non Jewish community together in a way no other institution can. Whether through its exercise facilities, pool, preschool, cultural events, family activities, summer camps, sports camps, basketball leagues, garden, film festival, speaker series, the SJCC offers a place for families and individuals to feel a part of a giving and supportive community. It is truly a jewel in the crown of Mercer Island.

I urge your support in amending the Comprehensive Plan to change the designation fo the SJCC property from single family to commercial, more in keeping with its historical use as a community center. Please align the the comprehensive plan with the longstanding and future use of this facility and property. I know the SjCC is embarking on a needed upgrade of their facility and the designation as a commercial property will allow them to continue to serve the community for an additional 55 years.

Please approve this plan amendment.

Sincerely,

Richard Fruchter

 Subject: Public hearing for CPA25-002

Hello,

As a newer resident of Mercer Island I support the rezoning of the JCC property to a commercial zone. Reading through numerous e-mails and reviewing the JCC's website it appears that the JCC offers numerous enrichment programs. For Mercer Island to be a premier residential community the Island needs organizations like the JCC to attract and support families.

A conditional use permit is not intended for long-term use. The JCC has existed for decades so it makes logical sense to convert the property so the City can enforce applicable regulations instead of this perpetual grey area the JCC exists in now.

Residents who express concern that the JCC is acquiring additional residential properties for club use would actually benefit from the re-zoning. The CUP provides precedence for using residential properties for commercial purposes. Rezoning would pull it out of the grey and provide clear direction that residential for residential purposes only and commercial for commercial purposes only. Rezoning would allow the City to provide clear guidance and enforcement on lighting, parking, ADA requirements, and operating hours.

Please do not reschedule the hearing. Delaying it further will not change the circumstances. It has been nine years since the 2017 proposal; the City of Mercer Island needs to either rezone the property or enforce the CUP. Seeing as nothing has changed in nine years continuing the CUP likely will provide the same results as the prior years where no one is happy. Now is the time for momentum, not delaying until October.

Change is always hard, but it should not be avoided.

Sincerely,

Molly McGuire

As a resident of Mercer Island, I strongly object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. This will lead to near by French American school to do the same and the current already busy traffic will be even more that itself will affect the property owners in this neighborhood not ideal place to live if it passed. Therefore, I object to the hearing to consider the proposal being during a time when residents are in summer vacation and preparing for back to school. All the concerning neighbors must get a fair and reasonable date to attend for the healing.

Subject: Commercial Zoning for the J!

Dear Mercer Island City Council and Planning Commission,

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J is what drew my family to live within easy access to Mercer Island. I sent my kids to the preschool there, we participated in basketball and swimming, the gym, evening classes, lectures and the library. My kids had their first jobs as camp counselors and lifeguards at the J. We come to the J for community events and holiday events. We met our first and lasting friends at the J. It's the heartbeat of Mercer Island and unequivocally deserves your support! The J has been serving the Mercer Island community – as a community center – for over 55 years. Enough of the bureaucratic runaround. Please align the comprehensive plan and land use maps to reflect the reality of the J as a commercial entity that is integral to the success of Mercer Island.

Sincerely,
 Gina Gonchar

Hi,
Please support the designation of the SJCC property from single family to commercial.

I've lived on Mercer island my whole life and now raising my children on Mercer island. They both graduated from the SJCC preschool and now attend J camps. It's a cornerstone of the Mercer island community and so many families rely on the JCC for child care and camps.

Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Thank you,
Kayla Locke

Subject: Designation of SJCC Property

Dear Planning Commission, Council Members and Government Servants,

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. My family and I have been residents of Mercer Island for over 18 years and we've been members of the SJCC for almost the entire time we've lived on the island.

The SJCC has been so important to my family over the years. When we first moved to the Island from Austin, Texas in 2008, it is where we enrolled our daughters in pre-school, and it is where our family made lasting, foundational friendships that have provided us with tremendous joy and community throughout our time on Mercer Island.

As an empty nester, I now take Line Dancing lessons weekly, which I love and have at times relied on Aquafit classes when I've been unable to do weight bearing exercises. My husband and I will occasionally attend social or educational events or speakers which consistently enrich our lives. It is always nice to connect and see people we know when we visit the J. It is so familiar, that when we walk through the doors, it feels like a home away from home. We feel so fortunate to live in a community which has a vibrant and active JCC.

The J has been serving the Mercer Island community - as a community center - for over 55 years. **Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.**

Thank you for your consideration,

Subject: rezoning of JCC property

As a resident of the neighborhood near the JCC, I am concerned about the consideration of the rezoning of the JCC property from residential to commercial.

There is enough pressure on neighborhood traffic patterns under the current zoning. Adding additional vehicle traffic under the rezone would create access and safety issues for all Island residents using the East Mercer Way ramp to I-90.

At the very least, the scheduled hearing on July 31 should be postponed to a date later in the year to encourage input from the MI community.

What is the purpose of the rezone? Mercer Island is essentially a residential community, not a commercial hub. We should recognize this and not open up additional land to commercial development.

Very truly yours,

Andrew Iwano

July 31, 2026

To the MI city council:

I'm writing to urge your support for amending the Comprehensive Plan to change the designation of the SJCC property from single-family residential to commercial, allowing the Jewish Community Center to move forward with plans to replace its aging facility.

I'm here as a passionate member of the Mercer Island community and as someone who regularly uses the JCC. I visit several times a week for fitness and classes, and I have come to appreciate the J as much more than a Jewish institution. It is a community resource that welcomes people of all backgrounds and serves Islanders at every stage of life—from preschoolers and families to adults and seniors.

The JCC is an important part of the fabric of Mercer Island. It provides opportunities for fitness, education, recreation, childcare, and community connection. It also makes an effort to ensure that cost is not a barrier for those who cannot afford membership. In that sense, the J's mission extends well beyond its membership. It contributes to the health, well-being, and vitality of our entire island community.

But the current facility is aging, outdated, and no longer able to meet the needs of the community it serves. It is not simply a matter of wanting a newer or larger building. The existing structure presents significant challenges related to safety, accessibility, infrastructure, and security. At a time when antisemitism is on the rise and security concerns are very real, the limitations of the current facility are particularly troubling. It is difficult to accept that armed officers must stand outside in the rain and cold to protect the building and the people inside it. A modern facility would provide the opportunity to address these concerns in a way that the existing building simply cannot.

I understand that some Islanders have concerns about the proposed project, including traffic, membership growth, the scale of the new building, and whether rezoning would provide the JCC with an unfair advantage. These concerns deserve to be considered carefully, but I also believe they need to be evaluated in the context of what this project means for Mercer Island as a whole.

The proposed redevelopment is not an effort to fundamentally change the character of East Mercer Way community. It is an opportunity to replace an aging facility with a modern, safe, and functional community resource.

I also believe the proposed rezoning should be viewed in the context of the property's history and existing use. The JCC has long served as a community institution, and the current zoning designation does not fully reflect the property's established role or the services it provides. Changing the designation would allow the land use designation to better align with the reality of how this property has functioned for years.

This decision is ultimately about more than one building or one organization. It is about what kind of community we want Mercer Island to be. Do we want to preserve an aging facility that is increasingly difficult to secure, maintain, and adapt? Or do we want to support the creation of a modern community center that can safely and effectively serve Islanders for decades to come?

I believe Mercer Island is stronger when we invest in institutions that bring people together, support families, promote health and wellness, care for children and seniors, and provide a place where people from different backgrounds can connect. The JCC is one of those institutions.

I urge you to support the requested Comprehensive Plan amendment and rezoning. The JCC cannot simply remodel its way out of the limitations of the existing building. It is time for a thoughtful tear-down and rebuild.

The JCC is asking for the opportunity to build a modern facility that can continue serving Mercer Island—safely, inclusively, and for generations to come. I believe that is an investment that benefits the entire island.

Thank you for your time and consideration.

Subject: Please support the rezone for the SJCC on Aug. 5

I was on hand when the SJCC was officially opened in 1969. It was a gem for the island. Since then, my grandmother, great aunt, parents, husband and I, brothers, children and grandchildren have used it in so very many ways. Sports, culture, day care, preschool, after school, camps and I came backyard later to learn bridge -- meeting a whole new group of Island residents. It is a remarkable place. It must continue to serve that purpose.

But today the building desperately needs your help. It has no HVAC, no elevator and is held together with duct tape! It may be in a residential area but it and has been for almost 60 years a commercial facility serving hundreds of thousands of people.

It should be zoned as such, consistent with its decades old use

Over the years of discussion, J leaders have heard the neighbors and addressed their concerns. No showy building is planned. Buffers, traffic, etc. have all been carefully considered. A revitalized J is needed, and it would be as much a part of the neighborhood as the current J has been. And it would be there for everyone with open doors.

From someone born and raised on the island, to you who are now stewards of the island, I urge you to support the proposed rezone for the SJCC.

Thank you for your consideration

.

To: Planning Commission; Alison Van Gorp; Deb Estrada; Council
Subject: SJCC's Comprehensive Plan Amendment and Rezone request

My name is Karen Roberts, and I live at 7007 SE Maker Street in Mercer Island. I have owned my home since 2004, and my sons went to school in Mercer Island. I retired in 2023 and have chosen to remain in Mercer Island. Our community here in Mercer Island offers so much that I appreciate, but truly, one of the main reasons I remain here is the easy accessibility to the **Stroum Jewish Community Center (SJCC)**, located at 3801 East Mercer Way, Mercer Island. This institution is such a gift to all of us here in the area!

While the SJCC is an entity founded to foster and promote Jewish connections in the community, it is so much more than that. It is a supportive, inclusive, and welcoming gathering place for ALL people regardless of religion, race, age, and domicile. It is a gym facility, a school, an activity center, and gathering space for our Mercer Island community. And it is where I personally spend countless hours every week exercising and finding connections with other people. Were it not for the SJCC, I would be lonely and disconnected from a community that supports and cares for me in countless ways. I feel lucky to belong to the SJCC, and I take advantage of its many offerings throughout the year. It is an extremely important resource to me and so many others, serving needs that are not met elsewhere in the Mercer Island community or the greater King County region.

I am writing to you to request your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. I understand that the current zoning of the property is that of single-family usage, and this must be changed to properly reflect the actual usage AND allow the SJCC to update its facilities to provide even more benefits and support to our community.

I strongly urge the Planning Commission to support the revision of the Mercer Island comprehensive plan and land use maps with the longstanding actual use of this property, removing any barriers due to zoning designation. This will allow the SJCC to continue to serve the Mercer Island community without the obstacles its current zoning designation represents.

Thank you.

Regards,

Karen Roberts

Dear Planning Commission and Members,

As the long-time director of the Washington State Jewish Historical Society (WSJHS, 20+ years), I want to write in support of amending the designation of the SJCC property from single family to commercial.

Historically speaking, the SJCC is a significant center of Jewish life in for our community as well as for the entire Mercer Island and surrounding communities. The sense of comradery and community that is lived within its walls on a daily basis cannot be understated. It is time to step up for the next generation to ensure that this building get the renovation it so badly needs to continue to serve the community at large for the next 50 years.

We also have the oral history interview of Samuel Stroum.

[Stroum \(Samuel\) interview - Samuel Stroum interview, audio \(Cassette 1A\) - Oral History Collection - University of Washington Digital Collections](#)

Please see his transcript at: [Stroum \(Samuel\) interview - Samuel Stroum interview, transcript - Oral History Collection - University of Washington Digital Collections](#) On page 83, of the 99 page transcript, Sam Stroum stated that” everyone had to feel a part of saving the JCC, even if they gave a dollar.” He truly meant that everyone matters, a community effort, and at this point it is your vote will make a difference.

Being the Director of the WSJHS, has taught me that **there are certain times that history calls for courage and commitment. This is that time.** Please make this happen now so that the SJCC can thrive with the facility that is long past due for improvement. The WSJHS also had its offices at the SJCC for 5 years (2018-2023) and we were able to personally witness that values that were promoted amongst staff, volunteers, members and the next generation of our community’s leaders – our youth!

Please feel free to use this email at the hearing, that I am sorry not to be able to attend. I would also be available for any questions or comments.

Lisa

Lisa Kranseler, WSJHS Executive Director Emerita

Every day, you make history happen!

Subject: Support for JCC Rezone

Just writing to support the JCC rezone scheduled for the August city council meeting agenda. There appears to be an opposition group in favor of changes and moving this item to a later time. This has been an ongoing project for a very long time, there are no surprises in here, and the fact that this opposition group has just popped up recently expressing concerns about I90 access and the reality that the JCC is already a commercial enterprise operating on mixed zoned land, is a little late and disingenuous. The JCC's operations are not going to materially change, but they need the flexibility to replace and rebuild the property to modern needs, including an entirely new pool to replace one that is currently leaking and near the end of its life.

Best,

Michelle Pierce Kavesh

Subject: Public Hearing – CPA25-002 / RZN25-002

Dear City Clerk,

I am writing as a Mercer Island resident to oppose the proposed rezoning of the JCC property from residential to commercial (CPA25-002 / RZN25-002).

This is a permanent change, and I don't believe the community has had a fair opportunity to weigh in, scheduling a consequential land-use hearing during summer vacation and the first weeks of school makes it hard for most families to participate.

I'm also concerned about traffic. The JCC sits at our east side I-90 access point, and congestion already spills off the property during busy periods. Commercial zoning removes any regulatory limit on membership, events, or vehicle trips, leaving the city no mechanism to require mitigation. That's a real impact on everyday life for residents on this side of the island.

I support the JCC and the role it plays in our community. But I believe a Conditional Use Permit with enforceable conditions is the right framework for the JCC and for every organization on Mercer Island. I urge the city to require full CUP compliance before any rezone discussion moves forward, and to reschedule the hearing to no sooner than October, when residents are home and able to engage.

Thank you for considering my comments.

Best,
Yunhan Huang

Subject: JCC re-zoning

Hello MI city clerk,

I am a resident of Mercer Island and I live off East Mercer Way, mid island. I oppose the re-zoning of the JCC to a commercial property. I believe this will have many consequences that will negatively impact the quality of life of my family. Further, this decision opens a can of worms as it sets a precedent for future re-zoning.

At the least, push back the hearing to the fall when residents are around. Scheduling during the summer for such a consequential decision is inconsiderate to the citizens of our city.

Thank you,
Jason McCune

Subject: Support amendment in favor of SJCC

To the Members of the Mercer Island Planning Commission,

I am writing to express my strong support for amending the Comprehensive Plan to redesignate the SJCC property from single-family to commercial. This change is not only appropriate; it is long overdue.

I have been involved with the J for more than 20 years: as a member, supporter, committee member, board member, President of the Board, and now as a past president. Over these decades, I have watched the organization work tirelessly to be a responsible, thoughtful steward of its property and its mission. I have also watched it face obstacle after obstacle - procedural, structural, and political - despite its clear and consistent commitment to serving Mercer Island.

The J has been a community anchor for over 55 years. It has welcomed generations of Islanders and beyond, provided essential programs for families and seniors, supported cultural and educational enrichment, and served as a gathering place for all. Its role in the community is undeniable. Yet the land use designation applied to its property does not reflect that reality, nor does it support the organization's ability to evolve and meet the needs of the next generation.

For years, the J has attempted to establish the right, logical conditions to responsibly redevelop its property, conditions that would allow it to modernize its facilities, expand community services, and continue contributing meaningfully to Mercer Island. Instead, it has been met with delays, shifting requirements, and a lack of alignment between its actual use and the City's planning framework. This mismatch has hindered progress and placed an unnecessary burden on an institution that has done nothing but serve this community with integrity.

We are well past the point of asking whether the J's property should be designated as commercial. The question now is: why hasn't this already happened? What are we waiting for? The Comprehensive Plan and land use maps should reflect the truth of the J's role and presence on Mercer Island and support - and in fact, accelerate - its ability to thrive for the next 55 years, just as it has for the last 55.

I urge you to adopt this amendment and bring the City's planning documents into alignment with the lived reality of our community. It is time to remove the barriers that have held the J back and allow it to move forward responsibly, sustainably, and in partnership with Mercer Island.

Thank you for your consideration.

Subject: CPA25-002

I reside at 4130 100th Ave SE and am one of the citizens having to contend daily, morning and afternoon, with the traffic snarl from drop off and pick up of students at the French American School. And now I see construction of the Seattle Jewish Day School directly across East Mercer Way. The city Traffic Engineers have failed to acknowledge and resolve this issue. More than one year ago, in conversation with Ms. Corigliano's predecessor I was reassured that the problem was temporary since the FAS was relocating. It has not.

I mention this issue since an application has been made to rezone the JCC to Commercial Office. Good for them. If I owned the property, I would want the same. However, it is my understanding that the JCC has not been in compliance with all the provisions of their conditional use permit. Maybe this is hearsay. The council should know if the city has been assiduously enforcing the CUP.

I am asking that the city fulfil its obligation to correct the current traffic mess and do a thorough traffic study of foreseeable impacts on EMW before any serious consideration of the request for rezoning. Thank you for your consideration.

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

I have been a board member of the SJCC for over ten years. Members of my family, friends and relatives, and members of the community at large have been using the facilities, resources, and programs of the SJCC for decades — all of these having been of inestimable value to the both the Jewish and non-Jewish members of the community.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Thank you in advance for your support for amending the Comprehensive Plan.

Sincerely,

Moss Patashnik

Subject: Residential Area Rezone proposal

With a precedent setting agenda item next week about rezoning a residential area to commercial, I strongly suggest that agenda item be bumped to October in order for the broader impacted community to be in town to comment. Otherwise, this looks like the planning commission and potentially city council have already been heavily influenced by the JCC, made their decision and prefer to do this "under the radar" to zone JCC area for the benefit of the JCC.

Please consider a reschedule.

Subject: Please support the JCC

Dear Commission,

As a community member who benefits greatly from the JCC, I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

These improvements will not only benefit current residents, but future as well, as people from all ages and demographics use the JCC. I am a Bellevue resident. It's worth noting that when I come to MI, I often shop or eat on MI. The only reason I am on MI is the JCC. Not improving the JCC would discourage membership and also have a deleterious effect on the community as a whole. I would imagine that others patronize local businesses as well when they come over to work out or drop off a child at camp. While I know some congestion is not desirable, it also results in increased revenue and positive activity on the Island.

The JCC an organization that encourages community and productive activity for people of all ages. At a time when people need connection more than ever, making places like the JCC as functional, safe, and accessible as possible should be the priority of any group looking to improve and sustain their community.

Many thanks for your consideration,
Laura Senft

Subject: Public hearing for CPA25-002

Dear City Council Members,

I am writing to formally oppose the proposed rezoning of the JCC property to Commercial Office. As a resident of Mercer Island, I believe this change would set a troubling precedent and move our community away from its stated vision of remaining a premier residential community.

The traffic impacts alone are reason for rejection. The JCC sits at Mercer Island's east side I-90 access point, and traffic already backs well off the property during peak times, sometimes extending to the I-90 off-ramps and limiting east side residents' timely access to and from their homes. Commercial zoning removes all regulatory limits on membership, events, and vehicle trips, leaving the city with no mechanism to require mitigation. This would permanently worsen an already critical choke point.

I further urge the Council to reconsider the hearing schedule. Holding this review during summer vacation—when residents are traveling and managing back-to-school logistics—severely limits meaningful community participation. A proposal of this significance deserves a hearing scheduled when the community can fully engage.

I respectfully ask that the council reject this rezoning proposal and reschedule the hearing to a date that allows for broader community engagement. Thank you for your time and for your service to Mercer Island.

Sincerely,

Tanming Fong

As a resident of Mercer Island, I passionately object to rezoning the JCC property to commercial office zoning. What is the City Council thinking?? This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I regularly travel from the north end of the island to mid island along East Mercer Way. The traffic around JCC is horrendous as it is. If the acquiring neighboring properties, which I have heard, for unknown reasons, that raises a lot of red flags. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school.

The current non-compliance with established rules and regulations should have the JCC under investigation and violations mitigated. I am pro-JCC, just not pro commercial, do whatever you want, JCC.

Protect our Island.

July 27, 2026

Dear Planning Committee Representative,

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. As a homeowner on Mercer Island, parent and career educator, the JCC created a familiar home away from home, a learning community and safe place for my children when they were very young. As they grew up, they continued to frequent the JCC as a camper and exercise enthusiast. As parents, we continued to support the JCC by attending many evening programs, cooking classes and exercise classes.

Fact is, the JCC has been serving the Mercer Island community – as a community center – for over 55 years. It has not been updated to meet current standards in all the years my family has used it. My family and many, many others have moved to this area because it has a local JCC. Where else, other than the schools, can you see generation after generation, grow and continue to learn?

I urge you to please align the comprehensive plan and land use maps to reflect the current reality and ensure the JCC can continue to serve our community and thrive on Mercer Island for the next 55 years.

Thank you,
 Deborah Urman
 7025 82nd Ave. SE

The J welcomed me and my family as newcomers to the Seattle area in 1994. Many friendships were formed from preschool and day camp experiences for us, through community and cultural events, as well as various classes over the years. Most recently I have been attending water aerobic classes, where I have been forming new friendships (and getting much-needed exercise) in a supportive and friendly environment. Those of us with physical limitations would really appreciate an updated, more easily accessible pool and restrooms.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

I attend the SJCC several times weekly to use the fitness facilities and attend other events such as classes and lectures. My daughter teaches in the preschool. The current building is inadequate to serve the widespread use of the facility. The building is used extensively by Mercer Island residents and folks throughout the Seattle metropolitan area. It is a jewel for the entire city to utilize. The parking area is frequently filled to capacity. As a former Mercer Island resident and MIHS graduate and now Bellevue resident, please comply with updating the property status so we all can continue to use our Community Center and give it the facelift it deserves.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

The JCC has been a place of inclusiveness and gathering. Since we moved here with our two children in 2024; we have used the facility for a place that provides a safe, nurturing and educational space for our children to grow and learn. Myself uses it as a space to stay healthy and clear my mind by using the gym and attending the fitness classes. My family has also attended some of the events held by the JCC such as the movies and a treat. (Frozen and frozen yogurt) (Moana and milkshakes). My oldest daughter takes swim lessons there and has made a lot of improvement through the lessons. We also use the pool to attend open swim with both our young children. Regardless of one's religion or beliefs we have felt welcomed and it is a place everyone on the island and beyond can enjoy.

Please consider changing the zoning from single family to commercial for the JCC to continue to server and support our community as it moves foward.

The J has been part of my family for generations. My husband and I both attended preschool there, as did our children. I worked at the J as a teenager, and today both of my kids work there as well, and also attend youth group meetings each week. Over the years I've taken classes and attended lectures at the J, my husband played in the basketball and baseball leagues, and my parents made some of their closest, lifelong friends through the community there, friendships that helped shape my own childhood. Three generations of my family have called the J home, and it has never once functioned as a single-family residence. It has always been exactly what it is today: a school, a gathering space, an activity center, and a cornerstone of community life on Mercer Island.

The J has been serving the Mercer Island community, as a community center, for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality, and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

As a resident of Mercer Island for over 66 years, I object to rezoning the JCC property to Commercial Office. The traffic caused by their out of compliance operations blocks East Mercer Way onto the I-90 overpass for multiple stoplight changes at times now. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school. Please consider moving it to a date in September or October so it can be attended by more residents of Mercer Island.

Subject: The future of SJCC facilities

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. I grew up at the J in LA, and have now attended the J in Seattle for over 20yrs. The J has been a key focal point throughout my life, and the Seattle Stroum JCC badly needs updated facilities. I think of it each time I visit. The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Thanks,
Lisa Cohen

Subject: JCC Plan Revision

I am writing to support the request of the Jewish Community Center to be able to update and expand its aging facilities. I live at 6107 SE 32nd St. I have lived on Mercer Island since 1995. I have raised 4 children here.

My wife and I have been members of the JCC for more than a decade. One or both of us use it essentially every day. We see the importance of the JCC for Mercer Island families: activities for kids, like summer camps and after-school child care; and exercise equipment, a pool and gym for Mercer Island residents of all ages. We also see classes and activities that give Islanders a convenient place to follow their passions. I see young people spending time there working out, playing table tennis, and talking with other athletes. We all know how many unhealthy and destructive options are available to teens these days. The JCC is a precious resource.

I am closing in on my 70th birthday. I know that the loss of muscle mass and balance are the natural outcomes of aging unless something is done. That means regularly lifting weights and performing plyometrics and balance exercises. I use the JCC facilities extensively for that. I see dozens of other seniors doing the same at the JCC. It is the most convenient and best-equipped facility on the Island for how I like to work out. Please don't make me go off-Island to stay fit as I age.

It would be a huge mistake to underestimate the extent and significance of the JCC in maintaining and improving the quality of life on Mercer Island. Similarly, it would be a huge mistake to force the JCC to continue to labor under the constraints of the old facility with inadequate parking, traffic control and layout. The Planning Commission should focus on how the JCC can perform its mission more effectively and serve Mercer Island families even better.

A rejection of the JCC's request would be a huge mistake. Do not think for a minute that, if Mercer Island slams the door on the JCC's efforts to provide a better facility, the JCC will simply continue at the present premises for the next 20+ years. The Planning Commission can be sure that other cities will be opportunistic and take advantage of Mercer Island's mistake. If Mercer Island insists on a policy of small-mindedness, you can bet that the JCC will have other attractive options from cities on both shores of Lake WA. You should not be the Commissioners who "lost" the JCC to Bellevue, Newcastle, Renton or Seattle. Keep the JCC here and allow it to serve Mercer Island even better.

Mercer Island suffers from a common condition in our part of the country: allowing a small number of vocal citizens to kill efforts that would materially improve the quality of life for thousands of Island residents. The JCC is vital to the health of this community. It should be allowed to provide the best services to Island residents that it can envision and afford. A small number of vocal opponents should not ruin and drive away one of the best organizations available to Mercer Island residents.

Sincerely, Mark A Clausen

Subject: Support for Proposed Zoning Change for the SJCC

To the Members of the Planning Commission,

I am writing to urge your support in amending the Comprehensive Plan to redesignate the Stroum Jewish Community Center (SJCC) property from single-family to commercial.

The SJCC is a true community hub—a welcoming place where people come together and lifelong friendships begin. Although I’ve lived on Mercer Island for over 28 years, I still remember what it felt like to be new to the Pacific Northwest. The SJCC immediately gave me a place to belong. Years later, when my in-laws moved here to be near us, the SJCC offered them that exact same warmth and connection. Today, when I teach mosaic classes at the J, I see firsthand how inclusive and supportive this space continues to be for everyone who walks through its doors.

For over 55 years, the SJCC has served the entire Mercer Island community as an open, vibrant gathering place. Updating the comprehensive plan and land use maps simply aligns the official designation with the reality of how the site functions today. Most importantly, it ensures the J can continue to thrive and serve our community..

Thank you for your time and consideration.

Sincerely,

Sandy Glass
Mercer Island resident

Subject: SJCC zoning proposal

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Mercer Island Planning Commission,

Please recommend that the Mercer Island City Council places the Stroum Jewish Community Center's request to rezone their large residential land parcels to Commercial Office on the docket, with action taken in 2024.

For over 54 years, the SJCC has served Mercer Island residents with programs for all ages and all are welcome. However, this building is old, is not ADA compliant, needs a working HVAC system and it features a swimming pool that is long past its usefulness.

I have lived on Mercer Island since 1984. During this period I have used the JCC

for preschool, swim lessons for my kids, sports leagues, cultural events, camp, physical fitness and for 15 years water aerobics which has basically satisfied critical health issues, allowed me to develop relationships with the greater Mercer Island community, and has satisfied numerous social needs.

It's time for a substantive, accessible, and sustainable redevelopment, yet the current residential zoning makes this nearly impossible. A rezone to Commercial Office property would significantly facilitate this remodel while honoring the neighborhood integrity and specific interests of the proximate neighbors.

For over 54 years, the SJCC has operated as a vital community asset. It would be a loss for the broad Mercer Island community to not support the modernization of this facility.

Further, this request affects the SJCC ONLY, and will not have any impact on any other facility or institution on the Island.

The time to support the future of the Stroum Jewish Community Center on Mercer Island is now.

Thank you for your support.

Sandy M. Samuel

Subject: JCC - Totally against the rezoning of the JCC, it is not compatible with single family residential neighborhoods

Hello, I received an email urging me to support the Comprehensive Plan to change the designation, see below. The JCC have no right to amend the Comprehensive Plan to change the designation from single family zone to commercial. I want you to all understand the implications should you allow the zone change. I want you to specifically ask the following questions:

1) if you allow the JCC to change their zoning, will the other clubs on the island all be allowed to change their zone?

2) Commercial Office allows a retirement home, would the JCC and all the other clubs, should the zone change, be allowed to have a retirement home on their property in a single family residential area?

And are each and every one aware of what is allowed in Commercial Offices????

These are the examples of what you are permitting, because I don't want to hear that you allowed the JCC to rezone and the next minute, they are providing "Care services, special employee dormitories, service stations in connection with authorized motor pool facilities and similar uses, special needs group housing, special service transitional housing;

3) And I would like to know, are the things I mentioned above, would those things be allowed in a single family residential zone?

4) And with regards to the theater which was remodeled in 2014 as state of the art, why would they want to demolish it and build another theater? I love the theater and have special memories of going to watch the films with my mum or to attend the Jewish film festivals there.

5) And are they not supposed to build a playfield, but in the designs, I don't see any playfield. Currently, there is a garden for the preschoolers. What is going to happen to that garden? Is it going to be paved over?

6) And what the JCC is trying to build is a campus, it is not compatible with a residential zone.

7) And please ask how the JCC has been a good neighbor? Please ask them to list all the examples of how they have accommodated the neighbors to date.

This is what the Commercial Offices zone offers so you need to make it very clear to the JCC that not only if the City allows them to rezone, but they are making it that the Beach Club, the Shore Club, the Yeshiva, the Country Club, will then all be able to have the same permitted uses as the JCC and if you think that is not the case, please explain why that is not the case.

19.04.020 - Commercial offices.

A.

Uses permitted.

1.

Government services.

Item 2.

2.

Professional, scientific, and technical services.

3.

Office uses.

4.

Places of worship.

5.

Civic and social organizations.

6.

Mortuary services.

7.

Healthcare services.

8.

Care services.

9.

Auxiliary uses directly related to the principal use, such as residences of watchmen or employees in training, special employee dormitories, employee cafeterias, auditoriums, service stations in connection with authorized motor pool facilities and similar uses.

10.

Wireless communications facilities subject to the conditions set out in MICC [19.06.040](#).

11.

Special needs group housing as provided in MICC [19.06.080](#).

12.

Social service transitional housing as provided in MICC [19.06.080](#).

13.

Public and private schools accredited or approved by the state for compulsory school attendance, subject to design commission review and the following conditions:

Item 2.

a.

A one-fourth acre or larger playfield, play surface or open space shall be provided in one usable unit abutting or adjacent to the site.

8) There is a conflict of interest with Dave Rosenbaum, Ted Weinberg, Daniel Becker, and Julie Hsieh should remove themselves from voting on this because there is a conflict of interest in that they all have interests and/or connections to the JCC/Jewish Community.

This is what Amy Lavin is telling members to write to the Planning Commission just in case you were not aware of what she is telling members to email:

- “I am here to urge your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.” The J has been serving the Mercer Island community — as a community center — for over 55 years. My hope is it will be here for another 55. I am not a land-use expert, but I know for certain the J has always served the community as a gathering space, an activity center, a school, and as a place for reflection and community — it has never been in single family use. As such, the city should align the comprehensive plan and land use maps with the longstanding use of this property. More importantly, it will allow the J to continue to serve the Mercer Island community without hindrance.
- Recommend approval of this comprehensive plan amendment.

Subject: I support the SJCC rezone request

Dear Mercer Island City Council,

I am writing in support of the SJCC rezone request. I am a neighbor of the SJCC (13 El Dorado Beach Club Drive, Mercer Island) and a member. The SJCC is a beloved MI institution. For too long (maybe a decade?) the SJCC rebuild has been mired in permitting issues. The result is a building that doesn't meet the standards of the community. Without complete and timely support from the Mercer Island City Council, this institution will no longer be able to provide the services that MI loves - summer camp, swim lessons, pre-school, etc. Please do not force our non profits off the Island. Without explicit support from the council, we will lose what makes MI a community.

Thank you for your consideration,

HI - my name is Winky Lai and my family of 3 lives at 3716 E Mercer Way right across from JCC and I am writing to represent myself, my husband and my son to ask the city to and also to (1) reschedule the hearing to at least to October 2026 after residents settle back in from their summer travels & adjusting to new school year schedules. I feel that with the current agenda, it does not allow for a reasonable amount of time for residents to do their research to give the appropriate input to the project. I would also like to ask the city to halt / deny the rezoning request as is. I feel that the application should require a full CUP compliance before any rezoning discussion should be considered.

As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school.

Subject: Re: Public hearing for CPA25-002

Thanks Deb. I want to add a bit more to my comment to the record on concerns. I don't mind JCC modernizing their facility but they can do so without rezoning and they should be in compliance before having a hearing.

- Existing record of noncompliance. I live across the street and the lighting is already illegally shining into my window. The trees have also been trimmed down to what is required.
- Traffic and overflow parking. The property sits close to the I-90 interchange, and drop-off and pickup traffic already backs up along East Mercer Way. A commercial rezone removes any limit on how much bigger that gets. Parking also overflows to our street, sometimes partially blocking my and the neighbor's driveways
- Safety. Neighbors have already raised concerns about pedestrians and cyclists being pushed into the road near the bus stop on this stretch. More traffic makes that worse.
- Fairness. Every other Conditional Use Permit property owner on Mercer Island operates within their special zoning rules. The JCC should be held to the same standard.
- Property values. Neighbors' homes were bought and built around a residential zoning designation. A commercial rezone next door changes that calculus for everyone nearby.
- Compliance. The JCC already operates under an existing Conditional Use Permit, and there are reported violations of it on record. The city shouldn't be expanding what this property is allowed to do while known compliance issues remain unresolved.
- Complete application. Part of the rezone application is missing information the applicant was required to provide. The city shouldn't move forward on an incomplete application.
- Timing. The hearing is currently set for August 5, right in the middle of summer vacation, when many residents are traveling and can't participate. Pushing it to September doesn't fix that either, since that's back to school and just as hard for families to engage with. Ask the city to reschedule to no sooner than October, so residents actually get a fair chance to weigh in.

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. My family has been a part of the J since we moved to the Seattle area over 26 years ago and have **spent countless hours at the SJCC. From pre-school to fitness classes, swim lessons to fundraising events, lectures to cooking classes -- the J has always provided a rich and diverse menu of offerings for all ages.**

The J has been serving the Mercer Island community - as a community center - for over 55 years! Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our growing community and thrive for the next 55 years!

Many thanks,

Candace

Subject: Amend JCC property to commercial

Hello.

My Name is Cindy Stratiner. I grew up in Bellevue and went to the JCC regularly with my family. We played and participated in sports, we participated in all kinds of classes, including art, music, theater, and I learned to swim at the JCC. We also came for community. When I married and moved to Issaquah, we chose to send our 3 boys to preschool at the JCC. They also did camps of all kinds and many sporting activities. We also participated in community activities especially the Purim Carnival every year.

Now they bring their children (our grandchildren) to the JCC.

I urge your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J has been serving the Mercer Island community — as a community center — for over 55 years. My hope is it will be here for another 55. I am not a land-use expert, but I know for certain the J has always served the community as a gathering space, an activity center, a school, and as a place for reflection and community — it has never been in single family use. As such, the city should align the comprehensive plan and land use maps with the longstanding use of this property. More importantly, it will allow the J to continue to serve the Mercer Island community without hindrance.

I strongly recommend and hope that you will approve this comprehensive plan amendment.

Sincerely,

Cindy Stratiner

To: Planning Commission
Subject: JCC zoning

We are writing to strongly urge the planning commission to grant the zoning variance requested by the Stroum Jewish Community Center to make critically needed improvements to existing structures and for a much-needed expansion. JCC programming is a magnet for a significant number of Mercer Island residents of all denominations, as everyone is welcome at the JCC.

The JCC Preschool, After School Day Care and Summer Day-Camp programs are of the best in the region and are almost always full. So many Mercer Island parents rely on the JCC as a safe, nurturing environment for their children to be cared for, taught and encouraged, while they are at work, taking care of elderly parents or engaged in other activities.

The combination of the JCC gymnasium, workout rooms, sports courts, pool and locker rooms are, by far, the best combined facilities on the Island, and available to all Islanders. The senior fitness and social programming is also unmatched on the Island. The auditorium hosts performing arts programming as well as the Seattle Jewish Film Festival. However, this, and so much more, is all being accomplished in an old facility that is badly in need of upgrading or, in some cases, replacing with newer, larger and more energy-efficient facilities.

With its growing popularity, the JCC needs upgrading and expanding to meet the needs our community. Without it, The JCC may have no choice but to find a city that appreciates and welcomes the services that the JCC uniquely offers to a surrounding community. We have not doubt that the presence of the JCC on Mercer Island is a strong reason people choose to live here. Please don't force them to search elsewhere for a supportive local government. Please don't allow a few vocal objectors to drive one of Mercer Island's most cherished and utilized resources to relocate elsewhere.

Sincerely,

Carol and Andy Harris
50 year MI residents

Subject: SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

I attended preschool at the JCC in the early 1970's and more recently my kids attended preschool there too. It has been a center of activity in our community for both religious and secular events its entire existence. When I found out the land is still zoned as single family use, I initially laughed and thought it was a joke, or some silly error that never got corrected many years ago. It's time to fix that.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

As Mercer Island works to develop its density “downtown” and now has functioning light rail, the need for nearby community services adds even more value. The J is a large and active preschool, fitness center, place for community events, lectures, and other activities for members, non-members, and everyone in the area.

It is especially important at a time when anti-Semitism and anti-Israel sentiment is rising, that our community actually increase the engagement and cross-religious bonds that the J provides. Please support the J in expanding its mission to do exactly that.

Sincerely,

Dan Friedman
Mercer Island

Dan Kezner
 7248 SE 27th Street
 Mercer Island, WA 98040

I am writing to urge your support for amending the Comprehensive Plan and changing the designation of the Stroum Jewish Community Center property from single family to commercial.

I have lived on Mercer Island for most of my life, and the JCC has been one of the most important and frequently used community assets in my experience. In high school, I attended youth group meetings there and formed friendships that have lasted a lifetime. I worked out at the JCC for more than 20 years, and both of my children attended preschool there for five years each. Today, my sons attend the same youth group meetings that I attended when I was their age.

For more than 55 years, the JCC has served as a true community center for Mercer Island. It is part of the identity and fabric of the Island, supporting children, families, adults, and seniors in countless ways. The proposed improvements are necessary to ensure that the JCC can continue meeting the needs of our community for generations to come.

Please align the Comprehensive Plan and land use maps with the reality of how this property has long been used. Updating the designation will help the JCC remain on Mercer Island, make needed improvements, and continue serving the community for the next 55 years and beyond. These improvements will provide significant benefits to the entire Island, and it would be a great loss if they were unable to move forward.

Sincerely,

Dan Kezner

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission and City Council

I encourage you to support amending the Comprehensive Plan to redesignate the SJCC property from single-family to commercial.

For my family, the J has been much more than a building. All three of my children attended preschool there, and as they grew, they participated in camps and other programs that helped make the J a central part of their childhood. Today, it continues to be a place where adults gather, families connect, and our community comes together.

That experience isn't unique to my family. For more than 55 years, the J has been a cornerstone of Mercer Island—a place that serves young families, children, teens, older adults, and people from every corner of our community. It has long functioned as a true community center, and its land use designation should reflect that reality.

Updating the Comprehensive Plan and land use maps is a practical, common-sense step that recognizes how the property has served Mercer Island for decades. More importantly, it will help ensure the J can continue to evolve, serve future generations, and remain a vibrant community asset for the next 55 years and beyond.

Thank you for your thoughtful consideration.

Thanks,

David Youssefnia

Subject: In Support of JCC Renovation

Planning Commission

I am writing to strongly express my support for the Stroum JCC and its plan to update the facility.

I have been a member of the JCC for about 15 years, using its fitness facility 3 days a week for 60-70 minute workouts. I received my PhD from the UW in nuclear engineering more than 50 years ago and worked at Boeing for 24 years where I achieved the level of Technical Fellow. Thus, I believe that I am a good judge of excellence in Seattle institutions. The J operates at a high level, but the facility is old and could use renovation, which I strongly support.

Subject: Support for the Comprehensive Plan Amendment for the SJCC Property

Dear Members of the Mercer Island Planning Commission and City Council,

I am writing to respectfully urge your support for amending the Comprehensive Plan to change the designation of the SJCC (The J) property from single-family to commercial.

I have lived on Mercer Island for many years and have witnessed firsthand the tremendous value that The J brings to our community. For more than 55 years, it has never functioned as a single-family property. Instead, it has served as a true community center that welcomes everyone, regardless of their religious beliefs or background. Over the years, I have had the privilege of participating in many activities at The J.

I have attended educational programs, community events, and fitness classes, and I have seen children, families, adults, and seniors all benefit from what this special place offers. The fitness and wellness programs are especially important for many older adults, providing opportunities to stay active, healthy, and socially connected. The J truly offers something meaningful for every generation.

One of the things I admire most is that The J creates a welcoming environment where people feel they belong. It brings neighbors together, builds friendships, supports families, and strengthens the sense of community that makes Mercer Island such a wonderful place to live. Countless children have grown up participating in programs there, and many adults continue to benefit from its services throughout their lives.

Like many community facilities that have served for decades, the building now needs significant care and investment. I believe that updating the property's designation to reflect its longstanding community use will help ensure that these improvements can happen and allow The J to continue serving Mercer Island for generations to come. This change would not only recognize the reality of how the property has been used for decades, but it would also enable it to better meet the needs of our growing and evolving community while continuing to be a good neighbor.

Please approve this amendment to the Comprehensive Plan and align the land use designation with the property's historic and ongoing role as a community center. Doing so will help ensure that The J continues to enrich the lives of Mercer Island residents for the next 55 years and beyond.

Thank you for your thoughtful consideration and for your service to our community.

Sincerely,
 Evelyn Jimenez

Subject: SJCC zoning designation

Hello,

I'm writing to request support for amending the Comprehensive Plan to change the SJCC property designation from single family to commercial. It occupies space that is clearly not a single-family neighborhood, and its ability to meet its stated mission means that it must be able to maintain and upgrade its facilities going forward.

I am a member of SJCC primarily to use its athletic facilities, including the pool. There is the only comprehensive sports facility on Mercer Island that is financially accessible to most. The Beach Club, Country Club, and Shore Club are out of reach for many. Other athletic options are typically single focus. The J's fitness classes and equipment, including swim lessons and aqua classes, are an invaluable resource for me and for the community.

In addition to fitness, the SJCC offers preschool, summer camps, and other programming for kids and families, regardless of faith tradition. When my kids were young they were able to attend camps, theater, and dance at SJCC along with many of their friends.

SJCC has been serving as a community center on Mercer Island for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure that it can continue thrive on Mercer Island for the next 55 years.

Thanks,
Jean Greaves

My very first memories in life were at the SJCC. This place is so vital for our community and has been a place to connect with the Jewish Community and the Mercer Island community as well. This is a multi-generational asset and needs to be updated. I'm 50 years old and much of the structure hasn't been changed since I was a preschool but the community is nearly 3x the size.

We need a welcoming, safe and modern space to welcome the Jewish Community and the greater community as a whole!

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Dear Planning Commission, I am urging you to switch the status of SJCC from single family to commercial usage. I have lived in Seattle for 59 years, and the SJCC has always been a recreational facility since inception 55 years ago.

The SJCC provides affordable opportunities for health and wellness, on Mercer Island. No one is turned away for lack of funds, and it is a warm and welcoming place for all.

I take numerous classes and swim at the SJCC, and I have participated in its beloved water aerobics that is largely made up of seniors.

A son of a friend of mine has gained employment experience working as a lifeguard. What a joy it was for me to see the teenagers participating in lifeguard training.

The SJCC is an iconic institution on Mercer Island, and I urge you to approve the comprehensive plan amendment for the SJCC to be considered commercial usage.

Dear Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

I've been a member of the SJCC for at least 10 years and have found the center to be truly inclusive of our community. I participate in fitness and various other activities and feel that I am part of a very supportive community that includes all races & religions. I especially enjoy seeing the pre-school and camp children in the pool, garden, hallways and gym.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Like any property of that age, it is in sore need of updating, especially for ADA, and that apparently requires this change in zoning. It only makes sense to align that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

I am frustrated that this item has been on the docket for almost two years and public consideration has been expected and anticipated. Council and the City guaranteed immediate consideration as soon as other State growth management matters were addressed, and that time is now. Please support the change from single family to commercial zoning.

Thank you,

Julie Sarkissian

Subject: Support for the Re-Zoning of the JCC

Dear Planning Commission Members,

I am writing to express my support for the re-zoning of the JCC property that will be voted on in the August 5th Planning meeting. The JCC is a bedrock institution on Mercer Island. It has faithfully served multiple generations on this Island and deserves a makeover and that can't be done without the necessary re-zoning. A small group of loud and opinionated individuals on this Island continue to hamper progress and essential development. The Planning Commission should not allow what happened to the schools and city hall to happen to the JCC. I hope you will vote to affirm the re-zoning of the JCC.

With gratitude for all you do!

Kim

Subject: Re: Public hearing for CPA25-002

Dear City Clerk,

I'm writing to add additional information to my earlier comment objecting to the JCC rezone from Commercial Office designation, to be considered at the August 5th meeting. Since submitting my initial comment, I've learned of two additional concerns that I believe the council should weigh before moving forward:

- **Compliance:** The JCC already operates under an existing Conditional Use Permit, and there are reported violations of that permit on record. The city should not expand what this property is permitted to do while known compliance issues remain unresolved.
- **Incomplete application:** Part of the rezone application is missing information the applicant was required to provide. The city should not move forward on an incomplete application.

I also want to note that other Conditional Use Permit property owners on Mercer Island operate within their zoning rules, and the JCC should be held to that same standard.

Given these outstanding issues, I renew my request that the council delay this hearing, ideally to no sooner than October, to allow time for these matters to be resolved and for residents to participate fully.

Lisa Pedee

 206 412 8230

On Tue, Jul 28, 2026 at 11:15 AM Lisa Pedee <lisamp@gmail.com> wrote:

Dear City Clerk,

As a resident of Mercer Island living near 36th street & East Mercer Way, I object to the proposal to rezone the JCC property to Commercial Office, to be considered at the August 5th council meeting.

This rezone sets a troubling precedent and moves Mercer Island away from its stated goal of remaining a premier residential community. Two specific concerns:

- **Spot zoning:** This parcel would become an island of Commercial Office surrounded by residential zoning, a classic spot-zoning problem that invites legal challenge.

- **Precedent for adjacent parcels:** Once this parcel converts, it becomes harder to deny similar requests nearby, and this decision would set a pattern others could point to.

I'm also concerned about the timing of this hearing. The council isn't holding regular meetings in August due to summer recess, yet this item is being allowed to proceed during a period when many residents are on vacation or preparing for back to school, limiting the public's ability to weigh in.

I urge the council to reconsider this rezone, or at minimum delay the hearing to a date that allows for full public participation.

Thank you,
Lisa Pedee

To the Planning Commission, Alison, Deb, and City Council

I'm reaching out to ask you to support updating the Comprehensive Plan to designate the SJCC property as commercial rather than single-family residential.

My husband grew up at the J, and both my kids went to preschool and summer camps at the J. The community and all that the J has to offer have been a big part of all of their childhoods. And it still is a source of community and connection as we have moved through our adult lives.

For more than 55 years, the J has been an important part of Mercer Island, serving as a community gathering place and providing programs, resources, and connections for people of all ages. Its current use clearly reflects its role as a community center, and the Comprehensive Plan should recognize that reality.

I hope you will support bringing the Comprehensive Plan and land use maps into alignment with the J's longstanding use and purpose. Doing so will help ensure that the J can continue to be a vibrant and valuable part of Mercer Island for generations to come.

Thank you for your consideration and for supporting the future of our community.

Warmly,

Melissa Benaroya

Subject: Supporting the JCC's development plans

I grew up on Mercer Island and the JCC played a formative role in my childhood. I went to preschool there, attended afterschool care there, played sports there and made lifelong friendships there.

Today, my own kids attend summer camp there.

The JCC has been a foundational community organization on Mercer Island for decades and a force for good on the Island. For the JCC to continue to thrive in the future, it needs to be able to redevelop its facilities and expand its footprint.

The city of Mercer Island should both welcome this invest in the community and approve it.

Thank You.

As a resident of Mercer Island who drives on East Mercer every day, I object to rezoning the JCC property to Commercial Office.

Traffic already backs up multiple times a day during camp and school drop off and pick up times interfering with Mercer Island residents access to and from I-90 and East Mercer Way.

And there is another school that was approved across the street when road capacity is already maxed out.

The JCC and schools need to build additional capacity for vehicles on site, stagger their pickups, or find another way to manage their traffic so that they do not overwhelm city streets and I-90 ramps and block access for residents who do not have another way to get out of their neighborhood.

Was there a traffic study with this application or any mitigation agreed to by the JCC, French American School or the new school?

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

The J has become a big part of my life over the past 4 years, allowing me to connect to the wider community as I work towards my own personal betterment. I discovered the exercise classes at the J through a friend while looking for avenues for weight loss. As someone who struggled to find enjoyment in exercise her whole life, the J's classes provided not only the guidance I needed to stick to a consistent plan, but an encouraging community that enabled me to, through commitment and perseverance, lose over 50lbs and return to a much healthier version of myself.

But these classes are not the only reason I value the J. While the exercise classes the J provides have been stellar for my personal health, the community that the J provides has been even greater. Through the J, I have had the privilege of meeting the amazing people of Mercer Island and greater King County. I'm not a particularly social person, and after moving to the Seattle area with my family, I struggled to make new connections out here. But through the community that the J provides, I've found a great place that I feel at home, with friendly people with whom I can connect. It's done so much for me, I can only imagine how much it has helped the wider Mercer Island community.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Regards

Nicola Thornton

Subject: SJCC

I want to urge you to support the change in designation of the SJCC property from single family to commercial zoning. The J has been a part of the Mercer Island community for over 55 years and has been a centerpoint of my life for almost 50 years. It's where I met my first group of close friends when our children were in preschool. And, as a "mature" adult, it's where I met my most recent group of good friends..in the J pool in Aquafit. These friends are women from all kinds of backgrounds and people I wouldn't have met without the JCC. We get together outside the J as well and utilize many of the Island's cafes, restaurants and other businesses.

The J has always been an open and very welcoming place for everyone and anyone, with friendly faces around every corner. Honestly, as a retiree, I would be at a loss of what to do and where to go if I didn't have the JCC. Also I can't tell you how many older women in the Aquafit classes have talked about finally finding real friends by joining the J.

We need the JCC and we need to be able to grow and welcome more people into its school, its camps, its arts/lecture programs and its pool and fitness center/classes. It is truly a community center and I ask that you align the comprehensive plan/land use maps with the actual use of the property so that it can continue to thrive and serve our community.

Thank you.

Subject: Mercer Island SJCC

Dear Members of the Mercer Island Planning Commission and City Council,

My name is Paul Amato. As a 51-year-old resident and a parent of three children, I am writing to share my strong support for the Stroum Jewish Community Center and its future on our island. My family and I use the SJCC regularly, whether for fitness, youth programs, or gathering with friends, and I am proud to count myself among the thousands of community members whose daily lives are enriched by what the J offers.

Over the decades, the SJCC has served as far more than just a facility. It is a vital anchor for Mercer Island—a place where children grow up learning, playing, and making lifelong friendships, where adults stay active and connected, and where community members of all backgrounds find a welcoming home for reflection, celebration, and connection. The value the J provides to our island is immeasurable, offering accessible health and wellness, educational programs, and cultural enrichment that strengthen the social fabric of our entire city.

I am here to urge your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J has been serving the Mercer Island community — as a community center — for over 55 years. My hope is it will be here for another 55. I am not a land-use expert, but I know for certain the J has always served the community as a gathering space, an activity center, a school, and as a place for reflection and community — it has never been in single family use. As such, the city should align the comprehensive plan and land use maps with the longstanding use of this property. More importantly, it will allow the J to continue to serve the Mercer Island community without hindrance.

For over half a century, the SJCC has proven itself to be a deeply committed and caring neighbor, continuously adapting to meet the evolving needs of our growing population. Updating the land-use designation simply recognizes the reality of what this site has been since 1969, giving this indispensable institution the regulatory clarity it needs to update its aging facilities and continue its mission for generations to come.

I strongly recommend approval of this comprehensive plan amendment. Thank you for your time, your service to our city, and your thoughtful consideration of Mercer Island's future.

Sincerely,

Paul Amato

Subject: Letter of Support for Amendment to Comprehensive Plan

Dear Planning Commission;

As a Mercer Island resident, I am emailing you to support the proposed amendment to the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

The J has been an anchor institution for the Mercer Island community for many years, and the city should enable it to continue serving this role by aligning the comprehensive plan and land use maps with the J's current use. The J helps me feel connected to my neighbors and invested in the island, and my daughter is enrolled in the early childcare program there. While I understand there are important trade-offs in this decision, there is tremendous value in enabling the J to thrive and undergo improvements, and I urge you to support the proposed amendment.

Subject: JCC: Support of amending the Comprehensive Plan

Hello,

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. I moved here from the east coast, where large metropolitan areas have thriving JCCs that serve their communities. The JCC on Mercer Island serves this same, important role. From childcare, to cultural events, arts, the fitness center and basketball courts, the JCC is a lifeline to families through the Greater Seattle area.

Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next century.

Kind regards,

Sarah Kopelovich

To: Planning Commission; Alison Van Gorp; Deb Estrada; Council
Subject: JCC

To the Members of the Planning Commission and City Council-

I encourage you to support amending the Comprehensive Plan to redesignate the SJCC property from single-family to commercial.

For my family, the J has been much more than a building. All three of my children attended preschool there, and as they grew, they participated in camps and other programs that helped make the J a central part of their childhood. Today, it continues to be a place where adults gather, families connect, and our community comes together.

That experience isn't unique to my family. For more than 55 years, the J has been a cornerstone of Mercer Island—a place that serves young families, children, teens, older adults, and people from every corner of our community. It has long functioned as a true community center, and its land use designation should reflect that reality.

Updating the Comprehensive Plan and land use maps is a practical, common-sense step that recognizes how the property has served Mercer Island for decades. More importantly, it will help ensure the J can continue to evolve, serve future generations, and remain a vibrant community asset for the next 55 years and beyond.

Thank you for your thoughtful consideration.

Subject: Please Support Proposed Zoning Change for the SJCC

Members of the Planning Commission,

I am a third generation Stroum who grew up on Mercer Island and currently resides a bridge away in Lake Hills, Bellevue. Growing up at the JCC and being surrounded by Jewish culture seemed like a given as a child. Only as I grew older and became a parent myself did I realize how incredibly rare an organization and campus like the SJCC is.

The most common question I get when I suggest someone join is whether they must be Jewish to belong. My answer is simple: No, it's for everyone. When I visit, I see people of all backgrounds, faiths, orientations, and incomes sharing a safe space to relax, learn, exercise, or even take a break from parenting for just a moment. Right now my two daughters are at summer camp there (which they look forward to throughout the school year). This allows me to work full time to support my family and be present for them at the end of the day.

However, the current facility and its zoning make it difficult to maintain and expand the services it provides to the community. The preservation of Mercer Island's environment and character through zoning laws is entirely understandable. I also believe we can agree that the SJCC campus is not a single-family home. I also believe that a modernized, ADA-accessible campus (subject to the same land use regulations and public processes the rest of the island has followed) would benefit Mercer Island by attracting families and their business here. Thoughtful leadership by the Commission in this instance would result in a win for the community and the city, demonstrating to the region that Mercer Island is and will continue to be one of the best places to live and visit.

Thank you for your time and consideration,

-Zach Stroum

Subject: The Heart of Our Community: Unwavering Support for the Jewish Community Center

Dear Mercer Island City Officials and Community Leaders,

I am writing to you today to express my absolute, unwavering support for the Jewish Community Center and its reselling and redevelopment efforts.

While I cannot be at the upcoming meeting to speak in person on August 5th, it is crucial to me that my voice is on the record. I stand shoulder-to-shoulder with the Jewish community, and I want to make it unequivocally clear how vital this institution is to the very soul of Mercer Island.

Through my daily work in early childhood education, I see firsthand exactly what it takes to build a strong foundation for the next generation. It takes safe spaces, shared resources, and a true sense of belonging.

The JCC isn't just a building; it is a lifeline. It is where our families grow in parallel, where our children learn, and where the fabric of our city is woven together. When we support spaces like this, we are investing in the health and future of everyone who lives here.

diminishing this center is not an option. We need to fiercely protect and advocate for the spaces that keep our community tight-knit and vibrant.

I strongly urge the council and community leaders to clear the path for the JCC's plans. Let's ensure this incredible community cornerstone continues to thrive for generations to come.

Thank you for your time and for prioritizing the people of Mercer Island.
Sincerely,

Akili Lawson

Subject: Please Support Rezoning the SJCC Property to Reflect its Longstanding Community Role

Dear Mercer Island Planning Commission and City Council Members,

We are writing to urge your support for amending the Comprehensive Plan to change the designation of the Stroum Jewish Community Center (SJCC) property from single-family residential to commercial.

The SJCC has been serving the Mercer Island community as a community center for more than 55 years. We respectfully ask that the Comprehensive Plan and land use maps be updated to reflect that longstanding reality and to ensure that the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Our family's connection to the SJCC spans generations and has shaped some of the most important experiences of our lives. We have grandparents who were members, both sets of our parents were members, and now our family of five are members.

Between the two of us, we attended preschool at "the J" (as we affectionately refer to the SJCC), took swim lessons and gymnastics classes there as children, participated in youth groups as teenagers, and worked out at the J through our young adulthood.

As adults, we met each other while working out at the J's fitness center and began dating soon afterward. We played softball and basketball through the J's sports leagues, and after we married, we settled in Bellevue, where we have lived for the past 25 years.

Even though we do not live on Mercer Island, the SJCC continues to draw us to the Island on an almost daily basis. We regularly use the fitness center, pool, and gym. Our children attended preschool there, took swimming lessons there, participated in youth groups and sports programs there, and now use the fitness facilities themselves.

Our story also highlights something important about the SJCC's impact beyond its campus. Families like ours who live off-island make frequent trips to Mercer Island because of the J. Before and after our visits, we regularly shop at Mercer Island grocery stores and pharmacies, buy books, purchase gas, dine at local restaurants and cafés, and use local businesses and services. The SJCC is an economic driver that brings thousands of visitors and customers to Mercer Island businesses every year.

The reality is that the J has operated as a community center for decades and has become an integral part of the social, recreational, educational, and economic fabric of Mercer Island. The facility is also in need of significant modernization and reinvestment to continue serving current and future generations. If the zoning designation is not updated to support the J's long-term viability and redevelopment needs, Mercer Island risks losing not only a cherished community institution, but also the economic activity generated by families like ours who choose Mercer Island because of the SJCC.

We strongly encourage you to approve the Comprehensive Plan amendment and redesignate the SJCC property from single-family residential to commercial. Doing so will align the City's planning documents with the property's actual use, recognize the J's more than half-century of service to the community, and help ensure that this invaluable institution can continue to benefit Mercer Island residents and visitors alike for generations to come.

Thank you for your consideration.

Sincerely,

Alan Waldbaum

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

The other day I went to the JCC for the first time in a few years to enjoy my new hobby, Mah Jongg. It was not a particularly warm day but the room we were in was stuffy, hot, and humid. It struck me as the building has not changed since I went to preschool there 40+ years ago.

The SJCC and its facilities serve a wide range of Mercer Island residents and provide tremendous educational, recreational, cultural, and community services. To ensure that the organization can continue meeting the needs of our community, I strongly urge you to support amending the Comprehensive Plan to change the designation of the SJCC property from single-family residential to commercial.

Please align the Comprehensive Plan and land-use maps with the property's longstanding use and current reality. Doing so will help ensure that the J can continue to improve its facilities, serve our community, and thrive on Mercer Island for the next 55 years and beyond.

Thank you for your consideration.

I am a Mercer Island resident on 36th street and a member of JCC. I oppose changing the JCC property to Commercial Office zoning. In my view, approving this change would create an unfortunate precedent and conflict with Mercer Island's commitment to preserving its residential character.

I also object to the hearing being scheduled during a period when many residents are traveling for summer break or focused on back-to-school preparations.

Thank you in advance for acknowledging receipt of this message.

Regards,
Benjamin E. Norton

Subject: Public hearing for CPA25-002

Hello!

As a Mercer Island resident, I object to rezoning to JCC property to Commercial Office. The hearing to decide on this matter needs to be postponed until October (after summer vacations, not coinciding with the start of the school year) so that all relevant stakeholders can be present to participate democratically.

Thank you!
Caitlin Curry

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

My now 40 year old kids were in preschool and camps for many years... I have attended and been a volunteer at countless events since we moved to Mercer Island in 1990.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Respectfully,

Carol Schapira

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

My family moved to Mercer Island in June 2023, and we immediately became members of the SJCC as it was so well regarded in the community as a center for fostering friendships with any person regardless of religion, race, ethnicity or socioeconomic status. The J is a center where my children enjoy camps, sports, swim, arts, and have the opportunity to learn Jewish culture. I regularly use the J to maintain my fitness and health. While my family is not Jewish, I deeply appreciate the support this center provides to all the families who follow the Jewish faith. We always feel so welcomed at the J by the staff and feel as part of the community despite my family not being of Jewish heritage. This center is a jewel on the island.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. However, in order to continue to serve all its members optimally in the future, we need to plan now for the future. The SJCC could benefit from building expansion and updates to serve its members safely and optimally. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Sincerely,
Catherine Lee
Mercer Island Resident and SJCC Member

Subject: Support for JCC Comprehensive Plan Amendment

To the Mercer Island Planning Commission and City Council,

We are writing in strong support of the Comprehensive Plan amendment that would allow the Stroum Jewish Community Center to move forward with its long-needed remodel.

We are Christina and Aaron Hendelman. We moved to Mercer Island in 2005 with three small children, not knowing a single person on the island. From nearly the first week, the J became our home away from home. Our kids went through J preschool, took their swim lessons there, and spent their summers at J camp. Looking back, the JCC helped raise our children as much as any other institution.

The J's role in this community goes far beyond our own family. It's likely the largest employer of Mercer Island teenagers outside the school district itself, hiring them for camps, the front desk, and the gym. Our (non-Jewish) neighbor spent last summer working as a J counselor. For Mercer Island's teenagers and college students home for the summer, the J is often their first job and their default workout spot.

Twenty years later, we're still there every week. We work out at the gym, take fitness classes, and catch up with friends. We come for the speaker series and film nights. We are still making new friends there today, and many of the people we met through preschool drop-off two decades ago remain our closest friends now. Our amazing friendships with Noreen (of Irish descent) and Lisa (who is Australian) started and blossomed at the J and have nothing to do with religion. That's the point: the J is no more "Jewish" than Providence Hospital is Christian. It's a community institution that happens to have Jewish roots, and it draws in and serves everyone on this island, regardless of background.

That's exactly why this amendment matters. The current building is more than 60 years old. Anyone who has spent time there has seen the maintenance issues and the lack of space for the classes and programs that serve so many of us. A remodel means the J can keep doing what it's done for our family and thousands of others for the next 60 years and can serve even more of our neighbors in the process.

We urge the Planning Commission and City Council to approve this amendment. Mercer Island is a better, more connected place because of the J, and this vote will decide whether it can keep serving us the way it always has. We're asking nothing more and the community deserves nothing less.

Thank you for considering our comments.

Sincerely,
 Christina and Aaron Hendelman

Subject: The J is for the whole community

All

Why is rational, positive, supportive action so difficult for this community?! All the SJCC does is of benefit for the whole island - people of ALL ethnicities and religions. The haters - and you know who they - are enemies of the people and just need to be ignored. Do what it takes to let the J flourish and elevate its ability to serve this *whole community*. The city has done a masterful job holding up progress for at least the 15 years I've lived here. It's time to let the good guys finally win.

Subject: The JCC builds future leaders

I have been a member of the JCC my entire life. I grew up there, and later I raised my own children there. I'm sure you've heard many reasons why people choose to invest in the J, but I'd like to share one that is especially meaningful to me.

The J doesn't just serve families—it helps shape the next generation by giving young people meaningful opportunities to work, lead, and grow. Both of my children, along with countless others, got their first jobs at the J as camp counselors. They learned responsibility, accountability, teamwork, and what it means to show up for others.

For my daughter, working as a camp counselor sparked a passion for teaching. She went on to earn her master's degree in education and now has a career she truly loves. My son chose a different professional path and works in banking, but the values he developed at the J stayed with him. For the past 15 years, he has continued to coach youth sports, giving back to the next generation in the same spirit that the J invested in him.

Today's job market is challenging, and it can be difficult for young people to gain the experience employers value. The J provides that critical first opportunity. Every summer I watch new camp counselors, lifeguards, coaches, and teachers begin their journeys there, building confidence, developing leadership skills, and discovering passions that often last a lifetime.

I am proud to support an organization that strengthens our community not only through its programs, but by investing in young people and helping develop the skills, character, and leadership of our future.

Thanks for your consideration,
Dana Azose

Subject: Please approve the JCC plan

Hi,
I'm David Landsman, an MI resident since 1999, and JCC member since 1994 when we moved to the Northwest and lived in Kirkland. Our son went to pre-school at the J.

I am no expert on city planning, but I'm surprised, and it makes no sense to me, that the J would be zoned as single family. The city should zone the JCC campus for what it is, a commercial entity serving Mercer Island and beyond. Surely the J can better plan its future without having to arbitrarily navigate single family zoning when putting forward plans for the site.

Please amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

Best regards,
David Landsman

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

Although, we don't live on Mercer Island, the JCC has been both valuable to my family and me over the years. I attended various programs at the MIJCC while in high school in the Shoreline School District. I attended both Jewish programs, but above all I used the different athletic facilities and took classes. This was about 50 years ago.

20 years ago, our eldest went to the high school of Jewish Studies at the JCC. A few years ago, my husband and I took Bridge playing classes for about 8 weeks in a row. Every year we attend the Jewish Film Festival movies at the JCC as well as many other events including speakers, cookbook tours, wine tastings, etc.

The JCC is on Mercer Island, but because it's on the north end of the island, it's very easy to get to from our north end Seattle home.

The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

The J is not only a community gathering space for Jewish people from the greater Seattle and Eastside area, it is also a gathering place for people who live on or near Mercer Island to work out or take various classes.

Thank you.

Subject: Support for the SJCC Comprehensive Plan Amendment

Dear Planning Commission and City Council,

I am writing to urge your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. This change is needed to accurately reflect its current use and use for the past 55 years.

My family and I have been Mercer Island residents for the past 15 years. My first introduction to the J was when I moved to Seattle in 1997. I volunteered at the SJCC advising teens. I served as a volunteer for over a decade.

Years later, my wife and I sent our children to the JCC's early childhood school. We regularly frequented Mercer Island retail, supermarkets, and restaurants during this time. While our children made friends in preschool, we too, made friends and built a community. So much so, that in 2028 we moved to Mercer Island for the Mercer Island School District and the JCC, as well as the community we had forged there. The JCC supports our family and other MI families alike in all life stages. It serves the Mercer Island intergenerational community.

My hope is that the SJCC will continue to be a resource for all of Mercer Island. Recognizing and rectifying the inaccurate zoning designation will allow a revitalization of facilities that are up to code and ADA accessible. These changes will better enable the SJCC to continue to serve our community, Mercer Islanders, and future Mercer Islanders to come for the next 55 years.

Sincerely,
Doron Holan

Subject: Counting on Your Support

Members of the Planning Commission,

The Jewish Community Center has been serving Mercer Island families for decades. It is a cherished institution that has been invaluable to my family and was central to our decision to relocate from Kirkland to Mercer Island after our children were born. The JCC is a core part of what makes Mercer Island such a great community, not just for Jewish families but for local families of all faiths. It is a safe and welcoming place for our children to receive early childhood education, attend arts and cultural events, swim, exercise, and be made to feel a part of a very welcoming community.

At a time when third spaces are so important and often lacking, the JCC is a vital resource and one that needs our continued and ongoing support. It is my sincere hope that you will support amending the comprehensive plan to change the designation of the JCC property from a single family to commercial so that the JCC can continue to serve Mercer Islanders for decades more to come.

Thank you in advance for your support and for your service to our community.

Subject: Support for SJCC's Comprehensive Plan Amendment and Rezone request

To the committee,

My name is Jamie Weinstein and I am a proud board member of the SJCC. I am here to urge your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J has been serving the Mercer Island community — as a community center — for over 55 years. My hope is it will be here for another 55 and beyond. While I don't have children currently, my dearest hope is to have a family one day and have a community and place like the SJCC to raise my kids, just as my parents raised me. All of my formative memories from childhood are at the J, from preschool, to after school gymnastics and musical theater, and of course, summer camp. It left such an imprint on my life that I returned in college to be a camp counselor, and now as an adult, it is a privilege to help shape the future of the organization as a board member. As I am sure you are aware, redeveloping our current physical structure is imperative to the longevity and prosperity of our organization. Our journey to redevelop our campus has been years in the making, and now, more than ever, our community needs the J. I am not a land-use expert, but I know for certain the J has always served the community as a gathering space, an activity center, a school, and as a place for reflection and community — it has never been in single family use. As such, the city should align the comprehensive plan and land use maps with the longstanding use of this property. More importantly, it will allow the J to continue to serve the Mercer Island community without hindrance. With that, I urge you to support amending the comprehensive plan to change the designation of the SJCC property from single family to commercial.

Thank you for your time and consideration.

Best,
Jamie Weinstein

Subject: Support for Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

The SJCC has been serving Mercer Island as a community center for all - for over 55 years. The J welcomes everyone, no matter what their ethnicity, age, etc. More than 1/3 of Mercer Island belongs to the J, however you don't need be a member to take advantage of its programs and facilities.

On a personal level, when I moved to Mercer Island from the Midwest in 1974, I didn't know anyone and there weren't many avenues for people to make friends. We immediately joined the J and have been members ever since. Our children were in daycare, preschool, camp, sports, continuing education, etc. and the J has been a focal point in all of our lives. The J has provided a foundation for life and, by the values that the J promotes, to become good citizens of the world. All 4 of our children are productive members of society and I attribute much of that to their lifelong connection to the J. And for me, the J has been a place of instant warmth and connection throughout my whole life.

The current building is basically the same one that was there in 1974. At this point it is well past the life span for just "fixes". It needs a building that is up to code, ADA accessible and realigned to meet the shared goals of the J, our neighbors, and the Mercer Island community. Very much thought and planning have gone into the proposed plan keeping consideration of neighbors and community at the forefront.

Changing the land use designation will not in any way change the daily operations of the SJCC. Any future changes in configuration will go through design review and significant public processes. The J will be subject to the same land use protocol as similarly zoned properties including its next door neighbor, Mercer Island City Hall. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. Thank you.

Sincerely,

Jean Klein

 Subject: Please modify zoning requirements to allow the JCC to remodel.

City Council Members,

The JCC is an absolute asset to our community on so many levels.

I am not Jewish, but when we first moved to Mercer Island 17 years ago, I looked at every local preschool option for my 3 year old. It turned out that the JCC and their program was the perfect fit for him. It was an incredibly caring and kind environment and a great way to start our time living on Mercer Island.

Since those years we have returned many times to attend lectures, watch our son perform in plays, have our sons participate in Dinky Dunkers basketball and summer camps, and to attend important community fundraising auctions.

17 years later I am still going to the JCC weekly to workout, as they have one of the best gyms on the Island.

What I love so much about the JCC is that they truly welcome every community member regardless of religion.

From an equity perspective, there really is no better community space on Mercer Island. Mercer Island has three private swim, fitness, and social clubs each of which charge significant entry fees to join that cost many thousands of dollars. This exclusive cost structure is cost prohibitive for so many families.

The JCC has monthly memberships with no initiation fees and is truly affordable and more equitable for all community members. Similar to the three private clubs, this also includes a pool, an important offering for children who live on an island to learn how to swim. They also offer community childcare, fitness, camps, recreation activities, lectures, programs, event space, and just general community building.

I urge you all to vote in favor of any necessary zoning modifications so that the JCC can modernize and continue to offer great programming at an affordable price without expensive initiation fees to our entire community.

Thank you,

Jennifer Selby

Subject: SJCC plans

Hi,

My name is Jill Friedman. My husband Chuck and I have lived on Mercer island since 2013, just around the corner from the JCC on Mercerwood Dr. However, our connection to the SJCC began in 1997 when we moved to the Seattle area. This organization has been an important part of our lives and the lives of our children for decades.

I write with a unique perspective of being a longtime member of the SJCC, member of Herzl Ner Tamid synagogue and past parent+ past board chair of the Jewish Day School. My interest in this project before you also extends to my interest as a close neighbor. On all accounts, the SJCC project is an essential part of the Jewish community and will be an enhancement to the whole community on Mercer Island.

I urge you to support amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J has been serving the Mercer Island community — as a community center — for over 55 years. My hope is it will be here for another 55. I am not a land-use expert, but I know for certain the J has always served the community as a gathering space, an activity center, a school, and as a place for reflection and community — it has never been in single family use. As such, the city should align the comprehensive plan and land use maps with the longstanding use of this property. More importantly, it will allow the J to continue to serve the Mercer Island community without hindrance.

This building project will provide a much-needed refresh of a well-loved and well-used property and provide an opportunity to configure the infrastructure to adapt to the needs of the community and the surrounding area.

Thank you for your consideration.

Subject: Support for Revising SJCC Zoning

Good morning,

I'm writing to express my strong support for the SJCC and to encourage the City to revise its zoning so the J can (a) continue serving our community with updated facilities and (b) move forward with a plan that minimizes the impact on neighboring residents.

My family has lived on Mercer Island for 16 years, and the J has been an important part of our lives. Our child attended summer camp there for several years, making lasting friendships and wonderful memories. I use the J regularly for fitness and have met an incredible community of people through its programs.

We live on East Mercer Way, so I frequently use Exit 8. In all these years, I have rarely experienced any significant traffic issues related to the J or the French School. The tremendous value these organizations bring to Mercer Island far outweighs the occasional, brief inconvenience when traveling to and from I-90.

I'm also willing to tolerate the temporary inconvenience of construction, knowing it will result in lasting benefits for our community—just as many of us have done during the Light Rail project.

The SJCC is an exceptionally welcoming and inclusive place that enriches the lives of people of all ages and backgrounds. It provides invaluable recreational, educational, and community programming that makes Mercer Island a better place to live. I hope you'll support its efforts to improve its facilities while balancing the needs of the surrounding neighborhood.

Thank you for your consideration.

Jill Landauer and Peter Hundrieser

Subject: JCC RE-ZONE OPPOSITION
Attachments: JCC RE-ZONE OPPOSITION .pdf

Dear Commissioners and City Council members

Please read my opposition submittal and look at 98040mi.com
If you need any history documents let me know.

John Hall
9970 S.E. 40th Street
Mercer Island, WA 98040
206-914-5599

I have lived in the Mercerwood neighborhood since 1958, long before the Jewish Community Center (JCC) was established at its current location. Over nearly six decades I have witnessed the gradual expansion of the JCC and its increasing impacts on our residential neighborhood. The tranquility of our neighborhood has already been significantly affected by repeated violations and abuses of the JCC's Conditional Use Permit (CUP), including increased traffic and the safety of pedestrians daily on East Mercer noise, parking on residential lawns, and other ongoing impacts.

As a neighborhood we have had great neighbors leave because of the continual abuses of the JCC.

The Mercerwood neighborhood has repeatedly borne the burden of this expansion. During planning discussions in the mid-1980s, the City Council and Planning Commission recognized the importance of protecting adjacent residential properties. Their direction was clear: if the JCC needed to expand, it should do so to the north, where commercial zoning already existed, while the southern boundary adjacent to Mercerwood homes would remain a permanent greenbelt buffer.

The current rezone proposal disregards that long-standing planning principle. The JCC has had opportunities over the years to acquire property to the north that would allow it to expand consistent with those earlier decisions. Instead, it has repeatedly sought to change the zoning of neighboring residential property, asking homeowners—not the institution—to bear the impacts of its continued growth.

This proposed rezone is not necessary for the JCC to achieve its long-term objectives. Rather, it shifts the burden of institutional expansion onto an established residential neighborhood, contrary to the City's previous commitments and planning policies.

My concern is also based on experience. The JCC has repeatedly violated the conditions of its Conditional Use Permit (CUP), often with little or no effective enforcement. This history raises legitimate questions about whether additional development and increased intensity of use can be relied upon to comply with future conditions.

The scale of the institution compared with the surrounding neighborhood is also significant. According to the JCC's 2016 IRS Form 990, the organization employed 472 people and served more than 5,000 members. Those numbers have likely increased since then. By comparison, Mercerwood is a residential neighborhood made up of young families, working adults, and retirees. The institution already has a far greater daily presence than the surrounding residents.

The City should protect the integrity of established residential neighborhoods and honor the planning commitments made to Mercerwood decades ago. This proposed rezone is unnecessary, inconsistent with prior City direction, and would further erode the character and livability of our neighborhood.

Please protect our neighborhoods. This is where we live, raise our families, and invest in our homes for the long term.

The Mercerwood residents have carefully documented the history of complaints and repeated CUP violations. We ask that the City's decision be based not only on future promises, but also on this documented record of past performance.

This re-zoning effects the whole Island if one can change a residential lot to commercial or its illegal spot zone.

Cat No 11282Y

Form 990 (2016)

September 8, 2015

I am Judy Neuman, CEO of the Strohm Jewish Community Center on Mercer Island. We have been paying close attention to transportation issues facing our Island and I wanted to share how critical mobility is for the JCC, our employees and our members and guests.

Our 250 year-round employees, which grow to 400 seasonally, serve more than 15,000 people every year, including 195 children for preschool, close to 1000 summer day campers and over 500 seniors, plus any more members and guests. Our employees and members commute to the J from all over the metro area via cars, carpools and buses. I-90 traffic is so bad it's impacting our business. Last month a promising young teacher reluctantly backed out of accepting a job after a test run of her commute. I fear for the safety of our employees who walk over 30 minutes each way in the dark to and from the Park & Ride, since the bus route on 36th was closed quite some time ago. I watch every day as preschoolers wait in our classrooms for road-weary parents delayed by traffic both on I-90 and in our Town Center.

While Light Rail will certainly help some, the resulting increase in car traffic will hurt others. These are big, complicated issues that will have a dramatic impact on our business. It is critically important that everyone be educated on the changes and ramifications to make sure Mercer Island benefits from this massive investment.

Specifically:

- Mercer Island traffic to and from Seattle and I-405 should have permanent access to the new HOV lanes
- Mercer Island traffic should be permanently exempt from any tolls or congestion pricing
- We need better ways to get commuters to and from the Park & Ride
- The Park & Ride should be limited to Island residents and even more parking is needed
- We need more bus capacity to and from Seattle immediately- the majority of my employees live off-island.
- I-90 cut-through traffic ties up our roads and needs to be stopped
- The proposed bus intercept should be located elsewhere as it will snarl traffic and overload our already crowded transit stop
- We cannot lose HOV access ramp capacity
- I-90 construction closures should be limited to late nights instead of entire weekend

I urge the council to negotiate fiercely for what is best for Mercer Island and to do so productively, finding win-win opportunities for the people of Mercer Island and the region's transportation needs. The JCC depends on both.

Thank you for your time and interest in this important topic,

Judy Neuman

DECLARATION OF JOHN MICHAEL HALL

I, John Michael Hall, the undersigned, being over 18 years of age and otherwise competent to make this declaration, do freely offer the statement outlined below as a true and accurate account of events based upon my direct knowledge and recollection and public record.

I have lived in the Mercerwood neighborhood for 64 years moving here in 1958. Our family has been involved with living in or building 8 homes in the neighborhood. Currently residing for 41 years at 9970 S.E. 40th Street, Mercer Island, WA.

The JCC has known the limit of their footprint and intensity of use since 1967 under Ord #142 and current Conditional Use Permits.

They have repeatedly tried to expand beyond their required buffer zones into existing residential neighborhoods and the City of Mercer Island has denied them every time for the best interest of the taxpaying residents #1(1971,1985,2019-CFZ). The City of Mercer Island decreed if the JCC wants to expand, they should do so by purchasing the commercial properties to the North of their existing facility. These pieces of commercial property are situated with I-90 to the north and the City of Mercer Island to the West.#2 (MAP/Commercial Property)The JCC did purchase one piece of commercial property in 1997 to the North however instead of expanding as they have claimed they needed they instead leased it out to the French School (FASPS) for \$600,000.00 a year rent.

UNFORTUNATLEY THIS IS ALL ABOUT MONEY!

The JCC has tried to manipulate past and present Mayor, City Council, and Planners for the past 53 years with narratives (for one example, they claim they are like the other clubs and organizations on Mercer Island. However, the others all have less than ten employees).#3 On the 2016 filed tax forms 501 (c) The JCC claimed 472 employees and 115 volunteers for a total of 587 The FASPS claimed 126 employees and 250 volunteers for a total of 376 #3 In 2016 for a total of 963 Employees and volunteers.

By their own publication the JCC has over 5,000 family memberships while their commitment to the City and neighbors was #4 1,000 family memberships. The intensity of use is horribly abusive.

The JCC has had the same complaints by the neighbors #5 (public Record small sampling) for 53 years of their failure to follow the regulations and commitments, have created abusive nuisances which forced out neighbors over the years, and the current JCC management has forced out 6 neighbors recently. These neighbors were very exhausted going to council and planning hearing for years on end and hiring attorneys. A neighborhood is where you raise your family and spend time, not to have facilities trying to constantly manipulate the zoning laws to their benefit and to ruin the residential nature of our community.

Their request for Variances permission is just another go around on the chess board. #6 For example in 2002 the street vacation will not be used for increased density. **We agree with the City of Mercer Island this Variance request should not be granted.**

Sincerely
John Michael Hall

Subject: In support of SJCC's Plan Amendment and Rezone

Hi there,

My name is Jonathan Spare, and I live on south Mercer Island. I have 3 young children (7, 10, and 12), who attend Island Park Elementary and IMS. While our family is not Jewish, we have utilized the SJCC since we moved to Mercer Island in 2017. Our kids have attended camps, played sports, and had swimming lessons at the SJCC, and my wife and I have played in rec leagues at the SJCC. The SJCC has been a wonderful, welcoming place on Mercer Island.

I write to urge you to approve amending the Comprehensive Plan to change the SJCC property's designation from single family to commercial. The rezoning will align the comprehensive plan and land use maps with the property's longstanding use. The rezoning will also allow the SJCC to be remodeled to continue serving the Mercer Island community, especially the families with children who use it.

I recommend approving the SJCC's comprehensive plan amendment.

Cheers
Jonathan Spare

Subject: Support amendment in favor of SJCC

To the Members of the Mercer Island Planning Commission,

I am writing to express my strong support for amending the Comprehensive Plan to redesignate the SJCC property from single-family to commercial. This change is not only appropriate; it is long overdue.

Over the past twenty-two years during which I have been a devoted member and supporter of the J, I have watched the organization work tirelessly to be a responsible, thoughtful steward of its property and its mission. I have also watched it face obstacle after obstacle - procedural, structural, and political - despite its clear and consistent commitment to serving Mercer Island.

The J has served as a pillar of the MI community for over 55 years, welcoming generations of Islanders and beyond, providing essential programs for families and seniors, supporting cultural and educational enrichment, and serving as a gathering place for all. Its central and vital role on Mercer Island is undeniable, and yet the land-use designation applied to its property does not reflect that reality, nor does it support the organization's ability to evolve and meet the needs of the next generation.

For years, the J has attempted to establish the right, logical conditions to responsibly redevelop its property, conditions that would allow it to modernize its facilities, expand community services, and continue contributing meaningfully to Mercer Island. Instead, it has been met with delays, shifting requirements, and a lack of alignment between its actual use and the City's planning framework. This mismatch has hindered progress and placed an unnecessary burden on an institution that has done nothing but consistently serve this community with integrity.

We are well past the point of asking whether the J's property should be designated as commercial. The question now is: Why hasn't this already happened? What are we waiting for? The Comprehensive Plan and land-use maps should accurately reflect the J's true role and presence on Mercer Island and support - and in fact, accelerate - its ability to thrive for the next 55 years, just as it has for the last 55.

I urge you to adopt this amendment and bring the City's planning documents into alignment with the lived reality of our community. It is time to remove the barriers that have held the J back and allow it to move forward responsibly, sustainably, and in partnership with our broader Mercer Island community.

Thank you for your service to our community and consideration to this important matter.

Regards,
 Jordan Friedman
 2035 80th Ave SE, Mercer Island

Subject: JCC

I am writing in support of the rezone for the JCC property.

The J has long been a hugely important part of the fabric of Mercer Island. My family - and hundreds of other families we know - have long used the facilities and programming at the J.

Use of the J has not been limited to the Jewish community... it has always been open to and widely used by a broad cross section of Islanders.

Facilities age, they need to be renewed to accommodate current needs, and the J needs to be updated.

We urge you to change the designation of the JCC property from single family to commercial.. both to reflect its actual usage and to allow the J to continue to serve our MI community.

With respect..

Subject: SJCC

Good morning,

My name is Julie Takasugi. I've resided here on Mercer Island for 38 fantastic years and I have enjoyed the SJCC for about 10. The SJCC has become a very important part of my life, especially since my retirement about 7 years ago. Since joining, life has been enriched through friendships, exercise, education, community, and outreach.

The SJCC is in need of growth as more people discover its benefits. The facility is aging and putting dollars into temporary repairs seems wasteful. Enlarging the facility would allow more people to enjoy the welcoming atmosphere, classes, friendships and exposure to a variety of age groups and ideas here on the island at a very reasonable price.

Please allow the expansion of the SJCC, I truly believe that this would be beneficial for a large part of the Mercer Island community.

Thank you,

Julie

Subject: Please Support the Proposed Zoning Change for the Stroum Jewish Community Center

To the Members of the Planning Commission:

As Mercer Island residents for over 40 years, and members and frequent users of the Stroum Jewish Community Center for the entire time our family has lived here, we're writing today to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial.

We joined the JCC right after moving to Seattle in 1984, and that connection eased our move to the new community. The services we've received and the friends we've made through the JCC have been a vital enriching part of our lives. We use the gym almost daily, and we enjoy the cultural arts programs that are offered as well.

The JCC has been serving the Mercer Island community – as a community center for all - for over 55 years. Many of the users, including the people we see every day in the gym, are not Jewish, but the JCC is welcoming to everyone.

The JCC is clearly not a single family residence. Please align the comprehensive plan and land use maps to reflect that reality and ensure the JCC can continue to serve our community and thrive on Mercer Island for at least another 55 years.

Thank you!

-Michele and Alan Tesler

Subject: Please approve the JCC plan

Hi,

I'm Mindy Landsman, an MI resident since 1999, and a JCC member since 1994 when we moved to the Northwest and lived in Kirkland.

The J has been a critical part of our family life since 1994. Here are some of the ways that the J has enriched our lives:

- Our son (who was 10 months old at the time) attended the Mommy and Me class. He is now 33 years old.
- Our son went to pre-school at the J.
- I've been working out in the fitness room at the J since 1994.
- I worked as a Personal Fitness Trainer at the J from 2003 until 2020.
- I've been taking fitness classes at the J for 30 years.
- Our family watches films in the J auditorium from the Seattle Jewish Film Festival.
- We've attended wonderful cooking classes, comedy shows, and more at the J.
- For the past 2 years, I've been a volunteer in the Parkinson's Fitness Class.

I am no expert on city planning, but I'm surprised, and it makes no sense to me, that the J would be zoned as single family. The city should zone the JCC campus for what it is, a commercial entity serving Mercer Island and beyond. Surely the J can better plan its future without having to arbitrarily navigate single family zoning when putting forward plans for the site.

Please amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

Best regards,
Mindy Landsman

- I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. Our family has enjoyed the SJCC for many years. We've taken advantage of many of the adult programs. Our children and grandchildren have enjoyed the preschool, day camps, youth programs, lifeguarding and working in the preschool. It's provide many great experiences and many new friends,.The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. Thank you, Miriam Porad

Subject: Support for the JCC

Dear All,

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

The J has been a large part of my family's positive experience with our move to Mercer Island nearly 5-years ago. It has provided swim lessons and the first classroom experience for my two young boys; it has fostered an environment and community for our Jewish identity; and it has created a safe and fun camp experience, building lasting relationships and growth. The JCC is a critical voice and force during this period of uncertainty and challenge for the Jewish community.

The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.

Thank you,
Mitch Buder

Subject: Support Proposed Zoning Change for the SJCC

To the Members of the Planning Commission:

Good evening. My name is Naomi Alhadeff, and I have been coming to the Stroum Jewish Community Center since I was a little girl, beginning in preschool.

Some of my happiest childhood memories were made there and where I could celebrate Jewish holidays, learning to swim, attending summer camp, and participating in teen programs. Today, it's incredibly meaningful that my own children now attend preschool, camp, and community programs, creating memories of their own.

The JCC is so much more than a building. It is a place where people of all backgrounds come together to learn, build friendships, celebrate, exercise, volunteer, and support one another. It strengthens not only the Jewish community but the entire Mercer Island community and surrounding areas.

Especially in today's climate, Jewish families need places where our children can safely and proudly embrace their identity. The JCC provides that sense of belonging, acceptance, and security while welcoming everyone who walks through its doors.

Approving this zoning change is an investment in community, allowing the building to update to code, ADA accessibility and other needed improvements. A vibrant community center that serves thousands of children, families, seniors, and neighbors every year provides far greater and longer-lasting value than a single commercial or residential development on this site. The benefits extend well beyond the Jewish community, it will continue to strengthen the social fabric of Mercer Island for generations to come.

I hope you'll support this request and path to updating the facilities to help ensure that future generations have the same opportunity to learn, grow, celebrate, and build community that I have been fortunate to experience throughout my life.

Thank you for your time and consideration.

Naomi

Subject: JCC

Dear Planning Commission,

I urge your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

My parents, brother, and I are all members of the JCC. I attended preschool at the JCC and made friends there who have remained my friends from kindergarten through MIHS and beyond. As a teenager, I learned leadership skills through participating and holding office in a teen organization held at the J, as well as through serving as a counselor-in-training.

That the J is zone'd single family does not make sense. It doesn't reflect its use over the past 6 decades, including the two decades I've been a member. Changing the designation is necessary to reflect reality AND allow it to serve Islanders for the next 6 decades.

Thank you,

Nathan Holan

Subject: Recommendation to amend Comprehensive Plan to change SJCC property designation to Commercial

Hello,

My name is Owen Smith and I urge the Mercer Island planning commission to amend the Comprehensive Plan to change the designation of the Stroum Jewish Community Center property from single family to commercial.

I am a Mercer Island resident and I currently serve on the board of the SJCC. I'm grateful for the community that I found at The J since I moved here three years ago. Both of my kids attended preschool at the Schwartz Early Childhood School, learned to swim at the JCC Pool, played basketball in the gym and enjoyed camp for several weeks this summer as well as last. There's no other community gathering place on Mercer Island with such a variety of valuable resources that is as readily accessible and as welcoming to newcomers such as myself. I'm not Jewish, and neither are many of the families who I've gotten to know through all my activities at The J — truly all are welcome here. For these reasons I recommend amending the property designation to ease the administrative burden and expense of maintaining and improving this vital community resource.

Best Regards,

Owen Smith

Subject: Planning Commission meeting August 5 on Stroum JCC

This is Paul Burstein writing in favor of amending the Comprehensive Plan to change the designation of the Stroum Jewish Community Center property from single family to commercial.

My wife Florence and I have been members of the Stroum JCC for 40 years. When we moved from Nashville, Tennessee, to the Seattle area in 1985, and to Mercer Island in early 1986, we knew we wanted to join the SJCC. Our children were 3-1/2 and 1-1/2, and we had heard that the SJCC preschool was a great place for young children, and for their families. Our children spent many years at the SJCC--in the preschool, after-school programs, holiday programs, and summer camp. They were soon joined by our third child. The SJCC programs for children served not only our children, but ourselves as well. It was there that we made friends--some of whom are friends to this day--and were introduced not only to the Jewish community, but to the general Mercer Island community as well. We have participated in cultural programs, worked out at the fitness center, enjoyed holiday celebrations, and engaged with friends in the very real community provided by the SJCC. It is a critical part of life on Mercer Island. One of our daughters and her family live in Seattle, but they enjoy their membership as well.

The SJCC facility is aging. The addition of the fitness center years ago, and the more recent upgrade of the preschool facility have added greatly to the quality of the SJCC, but the entire facility needs major upgrades if it is to continue to fulfill its purpose as a center of community life. Mercer Island's central business district is not what it was 55 years ago--it is much more developed, more vibrant, a real 21st century center of community life. Mercer Island would not be what it is today if the central business district had been forced to remain what it was 55 years ago, and it is just not reasonable to force the SJCC to remain what it was so many years ago.

Please allow the SJCC to formally be what it has always been in practice--a community center rather than the mythical location of single family homes that have never existed. I urge you to change the designation of the SJCC property from single family to commercial, and by so doing enhance the quality of life on Mercer Island.

Thank you for your consideration.

Sincerely,

Paul Burstein

Subject: The Stroum JCC is essential for Mercer Island residents and nearby communities

Hello. My name is Paula L. Chester. I've lived on "the island" since 1988. I've finally begun to take full advantage of the amazing resource that is the Stroum Jewish Community Center. When I go there to swim, to take classes and to view movies, I am amazed at the huge demographic served by this 50 year old facility. Truth: Nearly all of the original Jewish residents of the city have passed on or are in assisted living facilities. They have been replaced by young families of all religions and nationalities who see the same advantage of living in our beautiful community. We continue to have the best schools, amazing parks and walking trails, and now a more vibrant and thriving downtown. The Stroum JCC is a home away from home for Mercer Island parents and their children. It offers great fitness facilities for adults, teens and seniors. There is always lots going on, and there could be even more if the aging facility were to undergo a radical updating.

It's not only Mercer Islanders who utilize the JCC. We are a stone's throw from Bellevue, and other communities who take advantage of the JCC's offerings. Please keep a modernized Stroum JCC part of any long term plan as the City of Mercer Island looks to the future.

Thank you for your time and consideration.

Sincerely,

Paula Libes Chester

Subject: Support for the SJCC Comprehensive Plan Amendment

Dear Members of the Planning Commission,

I'm writing to urge your support for amending the Comprehensive Plan to change the designation of the Stroum Jewish Community Center property from single-family to commercial.

My children have attended the SJCC's Early Childhood School since 2021, and our family has become deeply connected to the J through its programs and community. I am co-chair of the Early Childhood School Parent Teacher Committee, and over the years my children have attended camp, taken swim lessons, and participated in youth sports at the J. It is so much more than an early childhood school or a fitness center—it is a true community center that brings people together across generations and is an invaluable asset to Mercer Island.

The J has been serving the Mercer Island community as a community center for more than 55 years. It is where children learn, families build lifelong friendships, neighbors connect, and traditions are celebrated. The J has enriched my family's life in countless ways, and I hope it will continue to do the same for future generations.

Please align the Comprehensive Plan and land use maps with the longstanding reality of how this property has served Mercer Island and ensure the J can continue to thrive and serve our community for the next 55 years.

Thank you for your time and thoughtful consideration.

Sincerely,

Perry Drapekin

To Whom it May Concern

I am writing to urge your support for amending the Comprehensive Plan to change the designation of the Stroum Jewish Community Center (SJCC) property from Single Family to Commercial.

My husband grew up on Mercer Island attending the JCC as a child. His parents are still members there 36 years later. Although we do not live on Mercer Island, we still make a point to bring our daughter to the JCC for lessons.

At a time when antisemitism is on the rise and Jewish communities across the country are experiencing unprecedented levels of harassment and hate crimes, spaces like the J are more important than ever. They offer not only programs and services but also a sense of security, belonging, and community. Preserving and supporting these spaces demonstrates our community's commitment to inclusion, religious freedom, and ensuring that everyone has a place where they feel welcome.

The J has been operating as a community center on this site for over five decades. Updating the Comprehensive Plan and land use maps to designate the property as Commercial simply recognizes the reality of how the property has long been used and provides the certainty needed for the J to continue serving Mercer Island for generations to come.

Please align the Comprehensive Plan and land use maps to reflect this longstanding community asset and ensure the J can continue to serve, grow, and thrive on Mercer Island for the next 55 years.

Thank you for your consideration and for your commitment to supporting institutions that strengthen our entire community.

Sincerely,

Rebecca Raphaley MD

Subject: It is time to rezone the SJCC Now

Hi,

My name is Ricca Piha Poll. I have lived on the island for over 22 years. I grew up in Bellevue but Mercer Island JCC was a big part of my childhood life. I attended preschool there in the early 70s, went to summer camp throughout my early childhood years (still friends with many of the people I met there), and attended youth group programming in my teens. As I walk through the center I do not see a lot of significant change since I was young. My children also grew up at the J. They both went to preschool there, summer camp and the same youth program I did. Some of their closest friends are from preschool at the SJCC. The J feels like home to my family. The problem is it NEEDS a great deal of improvements to be a constant center for our generations to come.

One big piece for me that is troublesome is that the J cannot become ADA compliant without a rezone. Mercer Island claims to care about EVERYONE, however limiting access to the entire building without going outside to get from one level to other is unacceptable. Unfortunately my sister died at the age of 44, but because of her cancer treatments she was in a wheelchair towards the end of her life. I think about how people like my sister could not drop off their child at the preschool and then go downstairs for programming without going outside. THAT IS NOT OK!

It is shameful that it is taking the city council this long to rezone such a valuable institution to our island. The time is NOW to amend the Comprehensive Plan to change the designation of the SJCC property from single family to a commercial use as it is currently being used.

My hope is that you see the importance of the changes that need to happen to the SJCC and you stop putting the off what needs to be done today.

Please rezone NOW!

Thank you for taking the time to read,
 Ricca Piha Poll

I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial.

My family, like many others, has benefitted by the presence of the JCC on Mercer Island. My children and grandchildren have attended the preschool as well as the summer camps. They learned how to swim, they developed skills in arts and crafts, and most importantly, they were taught to embrace everyone in their community and treat everyone with respect. The "J" provides opportunities for physical activity and cultural enrichment for all age groups in this community. It's a real asset to Mercer Island. The population of the Island has grown and the demand for the SJCC's services has grown with it - it's no wonder that the J needs to expand. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island.

Sincerely,
Rick Clarfeld

Dear City Clerk,

As a resident of Mercer Island, I respectfully request that the public hearing regarding the proposed rezoning of the JCC property be rescheduled until the fall. This proposal sets a concerning precedent and moves Mercer Island away from its stated vision of being a premier residential community.

Holding a hearing on a matter of such significance during the summer limits meaningful public participation and prevents many residents from having the opportunity to be informed and provide input. A proposal that could have a lasting impact on the character of our community deserves the broadest possible public engagement.

Best,

Stephanie Lee

To: Planning Commission; Alison Van Gorp; Deb Estrada; Council
Subject: Please amend the MI Comp Plan as requested by the JCC

Dear Mercer Island government members:

I am joining the chorus of residents urging that the City amend the comp plan to change the JCC's property designation from single family to commercial.

This is a common sense change which reflects the current use and, moreover, will allow the JCC to undertake important and essential renovations of its aging facility.

The JCC is absolutely integral to the fabric of the Mercer Island community. It's membership is affordable and consequently, I have heard that one-third of MI residents belong. It provides essential services to families: after school programs, child care, summer camps, swimming lessons and so much more. It provides essential services to seniors: specialized, affordable mobility and strength classes, senior social time and health clinics and so much more. It opens its doors annually to a well-received, affordable film festival that is open to all: where else on MI can one see the latest international films open to all?

In short, it is essential that the City approve this comp plan change to keep the JCC able to play the key role it plays in the lives of thousands of MI residents.

And for heavens sakes, the City does not need any more single family residences. It needs community spaces to support the families that call MI home.

Suzanne Skinner

Subject: JCC Comprehensive Plan Amendment

Dear Mercer Island City Council Members and Planning Commission Members,

I'm writing to you as a lifelong Mercer Island resident who also raised our children on Mercer Island. We attended Mercer Island schools and have also been proud and involved lifelong members of the Stroum Jewish Community Center (SJCC), starting with preschool.

Our family and so many fellow Mercer Islanders who we know have made countless lifelong friends at the SJCC.

I am writing to you today to ask that you *please support a Comprehensive Plan amendment, that would create a viable path forward for the SJCC to update the facility.*

I ask that you consider this for several reasons.

1. The SJCC is open to everyone. You do not need to be a member to come to the SJCC.
2. A bigger and better SJCC will benefit the entire Island.
3. Everyone is welcome at the SJCC, regardless of age, ethnicity, religion, or gender.
4. The current space is old and limited and there are many ongoing and costly maintenance issues.
5. The SJCC is such an important part of our community, and with a remodel it will be able to serve even more Mercer Island children, adults and seniors.

Thank you so much for your consideration and ongoing support for this beloved and critically important Mercer Island institution.

My warmest regards,
 Wendy Rosen

I want to add my POSITIVE support for you to amend the Comprehensive Plan to change designation of the SJCC property from single family to commercial.

As a Mercer Island resident since 1959, acquiring the SJCC was a fantastic addition to the stellar lifestyle we still value.

My father, Herb Meltzer, served on the original Construction Committee & my mother Fern Meltzer, served on the Board of Trustees & Co-Chaired the Ground Breaking Ceremony.

Because the SJCC has been so well managed & inclusive, our family has enjoyed over 50 years of lifetime enrichment opportunities. Programs including Pre-School, Athletic , Camping, Arts & Cultural have been available for all ages.

Daughter Dana spent her childhood years developing skills & friendships & leadership prowess while participating on Gymnastics & Swim Team. As an adult, Dana worked as Senior Program Director & Group Fitness Coordinator. She initiated the outstanding Rock Steady Boxing for Parkinson's program as well as many other innovative wellness programs.

Our granddaughter Molly also benefitted from the incredibly well run Athletic & Theater Arts opportunities.

Molly, presently teaching First Grade @ Ben Franklin Elementary, produced 3 plays at the school where she received the Outstanding Teacher of the Year Award.

And where did Molly get her inspiration?

Where did she develop her skills?

AT THE SJCC!!

Grandson Mason who participated @ SJCC camp & other many other athletic activities will now be Mercer Island High School Head Coach this fall.

And where did he develop his passion for Coaching & for working with young kids?

Yep ! At the SJCC!!

SJCC is a beacon of light on our precious island & a treasure for all ages to enjoy!!

Thank you for your support.

As a resident of Mercer Island, I object to proposed rezoning of the JCC property to Commercial Office. This sets an unfair and inequitable precedent and moves Mercer Island away from its goal of being a premier residential community. I further object to the hearing to consider the proposal being held during a time when a majority of island residents are on summer vacation and preparing for back to school and ask the City to postpone this important community hearing to early Fall when island families are back in town and children are settled back into school. This will allow for broader participation, consideration and discussion by the overall Mercer Island community so that an informed equitable decision may be made.

*Thank you for your consideration,
Camberly Gilmartin*

Applicant JCC Response to Comments Received through 7/28/26

Thank you for the opportunity to respond to public comments received regarding our application to redesignate the JCC property to CO to align its land use/zoning with its actual use, which will facilitate remodeling/reconfiguration of the JCC, so that it can remain a Mercer Island institution for the next 50 years.

The majority of the comments were supportive of the change, recognizing the special place the JCC holds in the community, and recognizing the fact that this is a technical zoning change needed to allow the J to meaningfully remodel its building, and in doing so, address existing parking and traffic issues.

The rest of the comments include a variation of the following themes:

- Concern that this application sets a precedent that somehow undermines the residential nature of Mercer Island
- Concern that this application changes the property to commercial use
- Concern about traffic/parking/neighborhood impact issues
- Concern about lack of information on a “future plan,” which may have impacts
- Accusation that the JCC is out of compliance with its current permit requirements
- Statement that JCC is receiving “special treatment” and should be subject to a CUP that includes binding conditions
- Objection to holding public hearing during summer, when people are out of town

The following is a brief response to concerns raised.

Comment: Concern that this application sets a precedent that somehow undermines the residential nature of Mercer Island

Response: This cannot be the case, it is not the way land use law works. This application only covers the JCC-owned property. Anyone who would want to change the designation of their property would need to submit an application to the City that must be docketed for consideration on the City’s work plan, and then considered by the City Council under the City’s approval criteria. Redesignations/rezones do not have precedential effect under the law. Further, this specific land has been used as a community facility for the last 55 years. Changing the underlying zoning to reflect actual use has zero impact on the residential nature of Mercer Island.

Comment: Concern that this application changes the use of the property to include more commercial uses

Response: No. The JCC has been here since 1969 and its use will not change. The only reason we are asking for a zoning change is due to the changes the City itself made to the single family zoning code in 2017. That change strictly limits the amount of square footage that can be built on single family zoned properties. In addition, in 2022, the City issued an interpretation to the JCC that even as an existing nonconforming property, no variances could be sought from that strict limitation. The City's nonconforming rules do not allow the JCC to complete the remodels necessary (which will improve the traffic and parking issues that exist), without conforming to the current single family code. This would mean that under the current single family code the JCC could only build a 5,000 s.f. community center (the current center is approximately 90,000 s.f.). The City has not evidenced a willingness to change this strict square footage limitations as applied to community centers. The JCC is left with no other choice but to redesignate its property to CO, which does not have such strict square footage limitations, which includes setbacks and other standards that are properly protective of surrounding neighbors, and would allow the reconfiguration and remodel for a new JCC that would be roughly the same square footage as today.

Comment: Concern about existing traffic/parking/neighborhood impact issues.

Response: To the extent that traffic and parking issues are existing, they cannot be solved if the JCC remains zoned single family, due to the fact that the site is nonconforming and any proposed changes could not conform to the single family zoning standards. In order to address these neighborhood impact concerns, the property needs to be rezoned to CO. Otherwise, the JCC is unable to realign its building footprint to minimize its impact, address parking, and address safety and ADA needs.

Comment: Concern about lack of information on a "future plan," which may have impacts

The current rezoning proposal was reviewed for potential impacts under the State Environmental Policy Act ("SEPA") as a nonproject action, given the fact that nothing is actually being built—this is simply a map change. Any future plan that includes a building proposal will be reviewed as a "project action" under SEPA—and the more specific issues related to trip generation, turning movements, parking counts, pedestrian safety, noise, or any other impact. SEPA includes substantive mitigation authority, meaning that the City can place conditions of approval on the future project that must be followed in perpetuity.

Comment: Accusation that the JCC is out of compliance with its current permit requirements.

This is false. The J is in compliance with all of these requirements and there is no open code complaint on the JCC for noncompliance with CUP permit conditions. It's unfortunate that a few people are spreading misinformation.

Comment: Statement that the JCC is receiving “special treatment” and should be subject to a CUP that includes binding conditions.

Response: The JCC is not receiving special treatment. In fact, the JCC has been attempting to update its facilities for 10 years and has encountered difficulty at every turn. As stated above, the ability to remodel and reconfigure in a single family zone was taken from the JCC as an option by the City when it changed its zoning in 2017 and issued interpretations in 2022 removing the variance option. A CUP in a single family zone is no more protective than are SEPA conditions placed in a CO zoned property—and we do anticipate there will be required conditions of approval, particularly related to traffic and pedestrian safety. SEPA conditions are binding for the life of a project, just like the CUP.

Comment: Objection to holding the public hearing during summer, when people are out of town.

Response: This hearing was rescheduled from July, and has had public notice issued since June. In addition, this specific proposal has been public, with multiple public notices published as part of the docketing process, for the last 2 years. Given the volume of comments received (approximately 80 to date), it does not appear as though the public is having an issue with receiving public notice or submitting their comments for consideration. Finally, there are several subsequent public comment/hearing opportunities regarding this proposal before the City Council and the Hearing Examiner.

Blake Zhang	bzblake347@gmail.com	7/9/2026	I got a letter in the mail about the public hearing for this project at Stroum Jewish Community	Thank you for your comment. These studies

			Center. It doesn't say in the letter but has this been fully approved? I live right across the street from JCC so this has the biggest impact on me. Thanks. I would want to understand whether these have been conducted / considered: traffic study, event parking plan, no overflow parking on nearby residential streets, lighting directed away from homes, strong landscape screening on E Mercer Way, limits on outdoor amplified sound, and disclosure of max building height facing E Mercer Way.	will be conducted as part of any building-specific review, and we look forward to engaging with you during that process. In terms of parking and traffic issues that exist, one of the reasons the rezone is necessary is to allow the JCC to reconfigure to fix these pre-existing issues.
Brooke Pariser	brookepariser@gmail.com	7/17/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I attended preschool and summer camp at the JCC and both of my children have done the same. My entire family grew up at the JCC and nothing has changed at all in that time and it desperately needs a lot of improvements to be able to sustain the future generations as the current building is falling apart. The J has been serving the Mercer Island community - as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment, we look forward to another 60+ years on the Island.
Deb Arnold	debarnold01@gmail.com	7/17/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. As a	Thank you for your comment, we look forward to another 60+

			member of the greater Seattle Jewish community, I have attended countless cultural events at the J over the years, including yearly attendance at the Seattle Jewish Film Festival. The J has been one of the vital organs of our community for over 55 years. We need it to survive and thrive. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. Thank you for your attention in this matter.	years on the Island.
Erin K Randall	erin.randall.v2@gmail.com	7/16/2026	As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school.	Thank you for your comment. The JCC parcel has not been in single family use since 1969. The change does nothing to change the character of the island. No uses on the site will be changed. Further, this hearing was rescheduled from July, and the issue was docketed two years ago, giving the community plenty of time to comment. There are additional opportunities to comment later in this process.

Henry & Magdalen Hwang	magdalenhwang@yahoo.com	7/17/2026	We object to the proposal to rezone the JCC property to Commercial Office. Our home is one of the closest residences to the JCC, and its existing operations have already had a significant impact on our daily lives. These impacts include increased traffic, noise from the summer camp, and congestion during special events. On those occasions, visitors often park wherever they can, including along the shoulder of East Mercer Way, creating safety hazards for pedestrians and cyclists. We also object to holding the public hearing during the summer, when many residents are away on vacation or occupied with preparations for the upcoming school year. Scheduling the hearing at this time limits meaningful public participation in a decision that will have a lasting impact on the surrounding neighborhood. Thank you for your consideration.	Thank you for your comment. It appears that your home is across 40th Street from the JCC property. Additional setbacks are required in the CO zone. In terms of parking and traffic issues that exist, one of the reasons the rezone is necessary is to allow the JCC to reconfigure to fix these pre-existing issues. In addition, any future project on the site will be subject to review under the State Environmental Policy Act (SEPA), which will require noise, traffic, parking, and other neighborhood impact studies.
Jessica Prince	jgprince@hotmail.com	7/14/2026	Finally...the hearing for the JCC rezone -- so long overdue! Thank you for finally scheduling the hearing for August 5. So many residents are eager for this to pass to improve both the JCC AND traffic around the area. It's going to be awesome once the J can make their improvements that will benefit the entire community and local residents and their members. And have the	Thank you for your comment.

			building zoned properly for what it is.	
John & Kathleen O'Rourke	johnsorourke@gmail.com	7/6/2026	My wife and I have lived on Mercer Island since 2007 in the Mercerwood neighborhood near the SJCC. We raised our daughter here, taught her to ride a bike on the low-traffic neighborhood roads, and appreciate the deer and other wildlife that live in the forest in the ravine bordering the SJCC and north of SE 40th Street. We've created an intentional community with our neighbors hosting National Night Out events, holiday gatherings, and supporting our kids with Girl Scout cookie sales, impromptu games of baseball in the cul-de-sac, and walk and talks with nearby families. We are writing as a concerned neighbor regarding CPA25-002 - the Comprehensive Plan Amendment. We support the SJCC and recognize its value to Mercer Island. However, our concern, and reason for this note, is not with the SJCC itself but with the permanent zoning and Comprehensive Plan changes being requested. There is already a lot of change that has happened near the SJCC since we first moved here, and more is currently underway. Traffic during the day for the SJCC combined with peak school hours for the French American School of Puget Sound has gotten to a point where its dangerous to cars, bicycles, and pedestrians as harried parents rush to pickup or dropoff their kids and patrons come in and out of the JCC. During holidays and events at the Temple, parking along East Mercer Way and up SE 40th	Thank you for your comment. In terms of parking and traffic issues that exist, one of the reasons the rezone is necessary is to allow the JCC to reconfigure to fix these pre-existing issues. The use of the JCC property is not being changed—the zoning is simply being aligned to the use that has been in place since 1969. We would also direct you to the SEPA determination that has been made by the City regarding this nonproject action that included environmental study at the appropriate level of detail for this type of land use application. We look forward to engaging with you and working with you as this process continues—there will be several

			Street is such that cars line both sides of the street, and since there are no sidewalks, pedestrians dangerously walk into the lanes of oncoming traffic. The infrastructure in this area is simply not ready for increased traffic, tenants, etc. It is a primarily residential area, and should remain that way. As we read through the documents available at [Mercer Island Permit Bulletin], this application is being presented as a way to align the zoning with the SJCC's existing use. However, the City of Mercer Island (the "City" henceforth) is not being asked to approve the site as it exists today. The City is being asked to change the property from residential to Commercial Office zoning, creating new development rights that would remain with the property long into the future. What concerns us most is that no specific redevelopment proposal is being reviewed at this time. The application repeatedly states that there will be little or no impact because this is a "nonproject" action. Yet without a project proposal, neither the City nor neighboring residents can fully evaluate future traffic, parking, noise, lighting, building scale, or other impacts that could result from the broader Commercial Office zoning being requested. Mercer Island's Comprehensive Plan emphasizes protected neighborhood character while balancing the needs of community institutions. We do not believe the record currently demonstrates that this balance has been achieved. The fact that the existing zoning may	additional opportunities to make comment and engage with decisionmakers throughout this process, including the design process, which requires a public hearing.
--	--	--	---	--

			make future redevelopment difficult is not, by itself, a sufficient reason to redesignate residential land to a commercial classification. Before making a permanent change to the Comprehensive Plan and zoning map, the City should require a clearer understanding of the future impacts that could result and demonstrate that the proposal is fully consistent with the City's long-standing commitment to protecting residential neighborhoods. These findings should be proactively distributed with ample time for review, conversation and discussion, and not scheduled near a major holiday or over the summer when so many travel. For these reasons and so many more, we respectfully request that the City deny the application as currently proposed, and require substantially more analysis, community, and availability of specific plans for development before amending the Comprehensive Plan. Thank you for your consideration.	
Michele Murburg	mmurburg@comcast.net	7/16/2026	As the 40 plus year owner of a home on Shoreclub Drive, and the mother of two offspring who attended preschool and after school and summer camps at the JCC, I am very supportive of the organization overall. However, this proposed rezoning of the JCC to commercial/office is a terrible idea. First of all, traffic is already extremely bad in that area, particularly when the JCC and/or French School are ending their school, camp or daycare days or having special events. I recently sat for nearly 10 minutes in traffic, trying to get off of	Thank you for your comment. To be clear, the use of the property is not changing—this is a zoning change that is required due to new constraints in the single family code. No additional commercial uses will be on the property—just the JCC. Simply

			westbound I90 because of the traffic going into and out of the JCC. This intolerable traffic situation would worsen even further if rezoning is allowed. Furthermore, due to the JCC preschool, and the French school, there are many children crossing East Mercer Way in front of the JCC at multiple times during each day, even into dark hours in winter. These kids would be further endangered by a situation that could engender even more traffic than is already present. Sadly, not everyone drives carefully or attentively and I have personally witnessed near misses when kids moved unexpectedly while trying to cross. Commerical use areas are not needed in this part of Mercer Island, more office space is most certainly not needed in our region overall, and commercial zoning would detract from the residential quality of life for property owners in this area of Mercer Island. Who would compensate the residents of this area of town for the likely loss of peace and quiet; increased traffic, noise, air pollution, and pedestrian hazards, and overall lessened quality of life there is the zoning of the JCC to commercial/office is approved? Would the JCC be willing to provide such compensation? I suspect not, and even if they were, money could not adequately compensate for the loss of quality of life. The very idea of rezoning to commercial/office seems quite unnecessary and most undesirable. There is in fact already plenty of underutilized	put, to remodel the JCC and reconfigure parking and access, we need a new zoning code.
--	--	--	--	---

			commercial space in downtown near Mercer Island and in the south end, where commercial zoning is already permitted, and there is already massive underutilization of both retail and office space in both Bellevue and Seattle. There is absolutely no need to extend commercial/office zoning to the JCC based on any sort of reasonable community needs. There isn't even a bus stop near the JCC any longer, much less a train stop, to justify even a coffee kiosk. Exactly whose interests would be served here by approving a zoning change? It is certainly not good for either the children who attend the JCC, or for the residential neighbors who live around the JCC who already have to battle annoying and often dangerous traffic and attendant air pollution and noise caused by the already existing activities at the JCC. Commercial rezoning extension anywhere on the island is certainly not good for the purpose of maintaining the near pristine environment of Mercer Island, an ecologically vulnerable area which, if well managed, can withstand being a primarily residential community but not a center of commerce. The community's commercially zoned areas already in existence provide for the needs of Mercer Island more than adequately. Moreover, the hearing on this proposal should be held at a time when citizens of Mercer Island are likely to be on island, available, and able to voice their opinions on this matter. It appears highly manipulative on someone's part to schedule such	
--	--	--	---	--

			an important and impactful meeting at times when the community cannot participate to a maximum degree. I don't know with whom this bad idea originated, but I am firmly opposed to it. Thank you for what I hope will be a careful and thoughtful decision to deny this change in zoning.	
Mike Adler	madler1988@gmail.com	7/17/2026	I am writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. My family moved to the Seattle area in 2006 and have been JCC members since then for 20 and have benefitted from the excellent programs and services made available to the community there. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.
Mike Post	mpost23@outlook.com	7/16/2026	I have questions about the rezoning petition for the JCC. What is it that they want to do, that they can't do under the current zoning? I don't want to wake up one morning to see new commercial offices or a bigger school being built on the current site. The JCC is great, I have no problem with the JCC. I am not as happy with the French American School. Isn't that operated on JCC property with JCC cooperation? It's the traffic that is the problem. I live at 9974 SE 39th St just off East Mercer Way and only a couple blocks from the entrance to the JCC and the school. In the mornings and afternoons, I am afraid to walk north along East	Thank you for your comment. The use of the JCC is not changing, no additional commercial uses are being added. The zoning change is needed because the single family zoning code was changed to include an 8,000 s.f. limit on the property that our building cannot conform to! In order to

			Mercer at the JCC entrance because of the high traffic volume. People are coming from both north and south and equal numbers are exiting. I've seen many near misses between through traffic and exiting traffic. It doesn't really get better in the summer because of summer camps. Anyway, I agree with the folks who say that the public hearing should be in October when more island residents are home. And I think more people on the south end of the island that use East Mercer Way need to be made aware of potential traffic impacts. And as of this minute I don't believe the rezoning should go forward without a lot more detail about the plans that would need a rezone.	address existing parking and traffic issues, we need to reconfigure, and in order to do that we need a new zone.
Narita Ghumman	narita.ghumman@gmail.com	7/16/2026	As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school. How do I get more information about the proposed changes and how will that impact my community?	Thank you for your comment. The JCC parcel has not been in single family use since 1969. The change does nothing to change the character of the island. No uses on the site will be changed. Further, this hearing was rescheduled from July, and the issue was docketed two years ago, giving the community plenty of time to comment.

				There are additional opportunities to comment later in this process.
Rick Tydings	rtydings@comcast.net	7/1/2026	As a former homeowner that lived next to the JCC for 22 years and was forced out by the congestion, I'm totally opposed to their efforts of any zoning changes. Please keep me posted on the hearings.	Thank you for your comment. In order to address existing parking and traffic issues, we need to reconfigure, and in order to do that we need a new zone.
Rosanne Fleischmann Lapan	rflapan@gmail.com	7/17/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. [State why you value the J, and your relationship with the J. Sven Kratz	svenkratz@fastmail.com	7/16/2026	As a resident of Mercer Island, I am writing to object to the proposed rezone of the JCC property (CPA25-002) from residential to Commercial Office. A change of this kind sets a troubling precedent and moves the Island away from its stated goal of remaining a premier residential community. My concern is heightened by the fact that the JCC appears to have unresolved code compliance issues on the two residential lots it purchased last year -- including summer camp activities and overheight fencing that fall outside what residential zoning permits. It seems premature to expand the property's allowed uses through a rezone while existing residential conditions are not being met. Full compliance with the current zoning and the original Conditional Use Permit should be established before any rezone is even considered. I also object to scheduling the hearing in the middle of summer, when many residents are travelling or preparing for the start of the school year and are far less able to follow or participate. Please reschedule this matter for a time when the community can meaningfully weigh in. Thank you for your consideration.	Thank you for your comment. The JCC parcel has not been in single family use since 1969. The change does nothing to change the character of the island. No uses on the site will be changed. Further, this hearing was rescheduled from July, and the issue was docketed two years ago, giving the community plenty of time to comment. There are additional opportunities to comment later in this process.
Sydney Tomlinson	sydneyraetomlinson@gmail.com	7/14/2026	As a resident of Mercer Island, I object to rezoning the JCC property to commercial office.	Thank you for your comment.

			This sets a terrible precedent and moves Mercer island away from its stated goal of being a premier residential community, we did not move her to live in a commercial setting or downtown. This is a residential area and we have already been affected by the lack of planning by the JCC. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school this seems like a very calculated move on the JCC's part.	The JCC parcel has not been in single family use since 1969. The change does nothing to change the character of the island. No uses on the site will be changed. Further, this hearing was rescheduled from July, and the issue was docketed two years ago, giving the community plenty of time to comment. There are additional opportunities to comment later in this process.
Teresa & Wally Hall	teresajkhall@gmail.com	7/6/2026	Having lived on Mercer Island for more than forty years in the Mercerwood neighborhood near the SJCC, we have watched our community evolve while retaining the residential character that makes it such a special place to live. It is in that spirit that we are writing regarding CPA25-002. First, we want to emphasize that we value the SJCC and the many ways it serves island residents. The issue before the City is not whether the SJCC is an important community asset. It clearly is. Our concern is with the long-term implications of the zoning and Comprehensive Plan changes being requested. After reviewing the application materials	Thank you for your comment. In terms of parking and traffic issues that exist, one of the reasons the rezone is necessary is to allow the JCC to reconfigure to fix these pre-existing issues. The use of the JCC property is not being changed—the zoning is simply being aligned to the use that has been in place

			available through the City's permit bulletin, it appears that the request is being framed as simply bringing the property's zoning into alignment with its current use. However, the decision before the City goes much further than recognizing what exists today. It would permanently redesignate residentially designated property to Commercial Office, creating future development opportunities and rights that would remain in place indefinitely. What gives us pause is that there is no actual redevelopment proposal for the City or neighboring residents to review. We are being asked to evaluate a permanent change in land use policy without knowing what a future project might look like or how it might affect the surrounding neighborhood. Questions about traffic, parking, building scale, noise, lighting, and neighborhood compatibility are largely being deferred to some future date. Once the zoning change is approved, however, the community will no longer have the opportunity to weigh in on whether that broader land use designation is appropriate for this location. The Mercer Island Comprehensive Plan has long recognized the importance of both community institutions and stable residential neighborhoods. In our view, this application has not yet demonstrated how those competing interests are being balanced. The fact that existing zoning may constrain future redevelopment does not necessarily mean that residentially designated land	since 1969. We would also direct you to the SEPA determination that has been made by the City regarding this nonproject action that included environmental study at the appropriate level of detail for this type of land use application. We look forward to engaging with you and working with you as this process continues—there will be several additional opportunities to make comment and engage with decisionmakers throughout this process, including the design process, which requires a public hearing.
--	--	--	--	--

			should be converted to a commercial designation. For that reason, we believe the City should proceed carefully and require a much clearer understanding of the practical impacts and long-term consequences of this proposal before making a permanent amendment to the Comprehensive Plan and zoning map. We respectfully ask that the City deny the application as currently proposed, or alternatively require additional analysis and community review before taking further action. Thank you for your time and consideration. Please reply to this mail so that we know you have received this and our comments are registered.	
Tyler	46_oat_parkway@icloud.com	7/14/2026	As a resident who lives very near the JCC, I oppose the proposed rezone to commercial office. I much prefer the area to stay residential like it is when my wife and I moved here 6 years ago. I also support rescheduling the hearing to the autumn when residents are more able to attend. Thanks!	Thank you for your comment. The use of the JCC is not changing. No additional commercial uses will be added. In addition, the hearing was rescheduled from July, the issue has been in front of the City for two years, and there will be many additional opportunities in this process for the public to comment. Given the volume of comments received by the City, it is clear

				that there is no issue related to notice of the project.
Zivit Shechter-Nissim	zivit_s@hotmail.com	7/17/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I first got to know the SJCC when we moved to the US and were looking for a preschool for our daughter. We found an amazing preschool but we also found a family at the J - where all our kids grew up (after school activities, summer camps, swim lessons etc), where we attend events and cultural gatherings, and where we all regularly exercise and swim. The J has been serving the Mercer Island community -- as a community center for all -- for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.
A.M.	degree.album_5l@icloud.com	7/20/2026	As a resident of Mercer Island, I strongly object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. This will lead to near by French American school to do the same and the current already busy traffic will be even more that itself will affect the property owners in this neighborhood not ideal place to live if it passed. Therefore, I object to the hearing to consider the proposal being during a time when residents are in summer vacation and	Thank you for your comment. The use of the JCC is not changing. No additional commercial uses will be added. In addition, the hearing was rescheduled from July, the issue has been in front of the City for two years, and there will be many additional

			preparing for back to school. All the concerning neighbors must get a fair and reasonable date to attend for the healing.	opportunities in this process for the public to comment. Given the volume of comments received by the City, it is clear that there is no issue related to notice of the project.
Albert Angel	aangels@aol.com	7/20/2026	Please allow the sjcc to grow and thrive and zone as they request I grew up at the J. My 4 children grew up at the J And now my grandchildren at the J Invaluable resource for children adults and now as I am experiencing seniors Thank you	Thank you for your comment.
Alexis Odell	alexis.odell@gmail.com	7/17/2026	As a long time member of the JCC, I urge you to help our Mercer Island community thrive by allowing the rezoning of the JCC property. My family has used the JCC daily for the last 17 years. My kids were in preschool there. We work out there and now my eldest son is a camp counselor for their summer camp. This institution is an important third place for many Mercer Island residents. We would like to see it evolve to meet the needs of current and future Mercer Island residents. We believe the rezone will allow this evolution to occur responsibly. And it is critical to support necessary building and facility updates and remodeling. Please do your part to help ensure the safety of our JCC community.	Thank you for your comment.
Andrew Iwano	andycolleen12@gmail.com	7/21/2026	As a resident of the neighborhood near the JCC, I am concerned about the consideration of the rezoning of the JCC property from residential	Thank you for your comment. The use of the JCC is not changing. No

			to commercial. There is enough pressure on neighborhood traffic patterns under current zoning. Adding additional vehicle traffic under the rezone would create access and safety issues for all Island residents using the East Mercer Way ramp to I-90. At the very least, the scheduled hearing on July 31 should be postponed to a date later in the year to encourage input from the MI community. What is the purpose of the rezone? Mercer Island is essentially a residential community, not a commercial hub. We should recognize this and not open up additional land to commercial development.	additional commercial uses will be added. In addition, the hearing was rescheduled from July, the issue has been in front of the City for two years, and there will be many additional opportunities in this process for the public to comment. Given the volume of comments received by the City, it is clear that there is no issue related to notice of the project.
Anne Woodley	a.woodley@comcast.net	7/20/2026	Rezoning As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. We have a traffic problem at our current use. The new school being built will add to that. This sets a terrible precedent a...	Thank you for your comment. The rezone is necessary to retain the JCC in this location and to be able to address any existing parking/ traffic issues.
Carla Greenbaum	cjtobis@gmail.com	7/20/2026	I will be unable to attend the upcoming Planning Commission meeting in person, yet I am passionate about the need to modify the Comprehensive plan and land use maps to address the erroneous designation of the JCC as a single family property. My name is Carla Greenbaum. I've been a Mercer Island resident for more than 30 years and a member of the Jewish Community Center for the same	Thank you for your comment.

			length of time. My four children, who are now adults with their own families and all of whom live on Mercer Island, all attended JCC pre-school and camps, participated in sports through the JCC and developed lasting relationships. My five Mercer Island grandchildren are now also active at the JCC. In addition, is my own personnel connection. I regularly use the pool to swim laps, I attend exercise classes, and interact with others at events such as celebration of holidays, movies, education. The JCC has been an essential part of my family's life for decades and has been a key attraction of living on Mercer Island all these years. The current designation of the SJCC as a single family property is patently incorrect. The JCC has been a community center - serving the Mercer Island community for more than 50 years. I'm therefore writing to urge your support to amend the Comprehensive Plan - and align the zoning with the reality that the property is a commercial and not-single family residence. This change in the comprehensive plan and land use maps will allow the JCC to continue to add value to Mercer Island residents for the future.	
Cathy & Jim Ford	fordjc@comcast.net	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. My husband and I joined the "J" several years ago. Now that we are spending more time on Mercer Island while at the J, we find that we have been doing more of our shopping on Mercer	Thank you for your comment.

			Island. Supporting local businesses (or their branches) such as Island Books, Able Acupuncture, Metropolitan Market, QFC, Mercer Island Farmer's Market, Barrels Wine Shop, True Value Hardware (so much better than Home Depot), Shell station, Mercer Island Pilates, Bank of America (Mercer Island branch). Allowing the J to better serve the community with an improved facility serves everyone. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Cindy Paborsky	dcpaborsky@yahoo.com	7/21/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I have been a member of the J for more than 15 years. I have met and built a community of people thru the J. I am an active user of the fitness center, pool, regularly play pickleball during rainy season and attend community events, comedians, author talks, and movie festivals. It is a huge asset to living on Mercer Island. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.

Cynthia Moller	cindmo724@gmail.com	7/20/2026	All should be held to the same regulations. Problems that would occur, if no restrictions were in place, would not be able to be resolved. No special allowances for anyone. Please schedule hearing during a time all can attend. Not Summer vacation or beginning of school year.	Thank you for your comment. The JCC will be held to the CO regulations, which are restrictive in terms of protections for neighboring properties. This is not a special allowance. In addition, the hearing was rescheduled from July and the issue has been before the City for 2 years. There are additional opportunities for public comment and given the volume of comments received regarding the matter, it is clear there is no public notice or scheduling issue.
David Paborsky	dmp@igpequity.com	7/20/2026	I am writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I have been a member of the J for more than 15 years. I have met and know 100's of people thru the J. I am an active user of the fitness center, pool, regularly play pickleball during rainy season and attend community events, comedians, author talks, and movie festivals. It is a huge asset	Thank you for your comment.

			to living on Mercer Island. The J has been serving the Mercer Island community - as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Denise Joffe	densiejoffe@mac.com	7/22/2026	I'm writing to urge your support for amending the Comprehensive Plan to change the designation of the SJCC property from single-family residential to commercial, allowing the Jewish Community Center to move forward with plans to replace its aging facility. I'm here as a passionate member of the Mercer Island community and as someone who regularly uses the JCC. I visit several times a week for fitness and classes, and I have come to appreciate the J as much more than a Jewish institution. It is a community resource that welcomes people of all backgrounds and serves Islanders at every stage of life -- from preschoolers and families to adults and seniors. The JCC is an important part of the fabric of Mercer Island. It provides opportunities for fitness, education, recreation, childcare, and community connection. It also makes an effort to ensure that cost is not a barrier for those who cannot afford membership. In that sense, the J's mission extends well beyond its membership. It contributes to the health, well-being, and vitality of our entire island community. But the current facility is aging, outdated, and no longer able to meet the needs of	Thank you for your comment.

		the community it serves. It is not simply a matter of wanting a newer or larger building. The existing structure presents significant challenges related to safety, accessibility, infrastructure, and security. At a time when antisemitism is on the rise and security concerns are very real, the limitations of the current facility are particularly troubling. It is difficult to accept that armed officers must stand outside in the rain and cold to protect the building and the people inside it. A modern facility would provide the opportunity to address these concerns in a way that the existing building simply cannot. I understand that some Islanders have concerns about the proposed project, including traffic, membership growth, the scale of the new building, and whether rezoning would provide the JCC with an unfair advantage. These concerns deserve to be considered carefully, but I also believe they need to be evaluated in the context of what this project means for Mercer Island as a whole. The proposed redevelopment is not an effort to fundamentally change the character of the East Mercer Way community. It is an opportunity to replace an aging facility with a modern, safe, and functional community resource. I also believe the proposed rezoning should be viewed in the context of the property's history and existing use. The JCC has long served as a community institution, and the current zoning designation does not fully reflect the property's established role or the services it provides.	
--	--	---	--

			Changing the designation would allow the land use designation to better align with the reality of how this property has functioned for years. This decision is ultimately about more than one building or one organization. It is about what kind of community we want Mercer Island to be. Do we want to preserve an aging facility that is increasingly difficult to secure, maintain, and adapt? Or do we want to support the creation of a modern community center that can safely and effectively serve Islanders for decades to come? I believe Mercer Island is stronger when we invest in institutions that bring people together, support families, promote health and wellness, care for children and seniors, and provide a place where people from different backgrounds can connect. The JCC is one of those institutions. I urge you to support the requested Comprehensive Plan amendment and rezoning. The JCC cannot simply remodel its way out of the limitations of the existing building. It is time for a thoughtful tear-down and rebuild. The JCC is asking for the opportunity to build a modern facility that can continue serving Mercer Island -- safely, inclusively, and for generations to come. I believe that is an investment that benefits the entire island. Thank you for your time and consideration.	
Elaine Kraft	ejk9151@gmail.com	7/21/2026	I was on hand when the SJCC was officially opened in 1969. It was a gem for the island. Since then, my grandmother, great aunt, parents, husband and I, brothers, children and grandchildren have	Thank you for your comment.

			used it in so many ways. Sports, culture, day care, preschool, after school, camps and I came backyard later to learn bridge -- meeting a whole new group of Island residents. It is a remarkable place. It must continue to serve that purpose. But today the building desperately needs your help. It has no HVAC, no elevator and is held together with duct tape! It may be in a residential area but it and has been for almost 60 years a commercial facility serving hundreds of thousands of people. It should be zoned as such, consistent with its decades old use. Over the years of discussion, J leaders have heard the neighbors and addressed their concerns. No showy building is planned. Buffers, traffic, etc. have all been carefully considered. A revitalized J is needed, and it would be as much a part of the neighborhood as the current J has been. And it would be there for everyone with open doors. From someone born and raised on the island, to you who are now stewards of the island, I urge you to support the proposed rezone for the SJCC. Thank you for your consideration.	
Fredric Tobis	fredtobis@gmail.com	7/20/2026	I am writing to urge you to amend the land use maps and Comprehensive Plan to change the erroneous designation of the JCC from single family property to its real use - a community center that benefits a significant proportion of Mercer Island residents. I have been a Mercer Island resident for more than 30 years. We've raised 4 children who currently are all Mercer Island residents. They all	Thank you for your comment.

			attended JCC preschool, camps, sports, and holiday activities. They made lasting friendships. It truly has been a community center for them. The next generation is now also embedded with the JCC - the 5 grandkids enjoy the preschool and facilities. In addition, I make regular use of the JCC classes, gym, and cultural activities. It is time to correct an obvious mischaracterization - the JCC has been a commercial property and community center for more than 50 years. Please amend the Comprehensive plan to reflect reality and allow this facility to continue to serve Mercer Island residents and families in the years ahead. I'm writing to you, because I'm unable to attend the planning meeting in person. Yet, this issue is incredibly important to me, my family, and to the greater Mercer Island community Jews and non-Jews alike. It is a place to be with neighbors, it is a place that creates the environment that Mercer Island residents come here for.	
Gina Gonchar	ginagonchar@gmail.com	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J is what drew my family to live within easy access to Mercer Island. I sent my kids to the preschool there, we participated in basketball and swimming, the gym, evening classes, lectures and the library. My kids had their first jobs as camp counselors and lifeguards at the J. We come to the J for community events and holiday events. We met our first and lasting friends at the J. It's	Thank you for your comment.

			the heartbeat of Mercer Island and unequivocally deserves your support! The J has been serving the Mercer Island community -- as a community center -- for over 55 years. Enough of the bureaucratic runaround. Please align the comprehensive plan and land use maps to reflect the reality of the J as a commercial entity that is integral to the success of Mercer Island.	
Janet Matzke	janet.matzke@gmail.com	7/24/2026	As a resident of Mercer Island I don't agree with the proposed rezone of JCC to commercial property. The traffic is horrendous as it is, there are commercial centers already established on the island nearby and unless this fills the coffers of the local government I don't understand why this is being proposed.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. The change will allow the JCC to address existing traffic and parking issues.
Jason McCune	mccune_jason@yahoo.com	7/22/2026	I am a resident of Mercer Island and I live off East Mercer Way, mid island. I oppose the re-zoning of the JCC to a commercial property. I believe this will have many consequences that will negatively impact the quality of life of my family. Further, this decision opens a can of worms as it sets a precedent for future re-zoning. At the least, push back the hearing to the fall when residents are around. Scheduling during the summer for such a consequential decision is	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family

			inconsiderate to the citizens of our city.	zoning. The change will allow the JCC to address existing traffic and parking issues. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Jean Dunbanin	jeanfdunbabin@outlook.com	7/20/2026	I have been a member of the J since my husband and I first moved to Mercer Island over 40 years ago. Our son. David attended	Thank you for your comment.
Jean F Dunbabin	jeanfdunbabin@outlook.com	7/20/2026	My husband and I moved to Mercer island over 40 years ago from Kirkland. We built our home here and raised our son here and joined the Jcc and still belong. Now as a senior Citizen It still is an important part of my life. I attend the pool exercises during the week and use the gym. It is an amazing organization that serves everyone. Our Grandson also attended classes as a preschooler and fought against racism at Whitman college which he attends presently. We are not Jewish but the fact that it serves everyone is extremely important.	Thank you for your comment.
Jim Horgdal	jimhorgdal@gmail.com	7/21/2026	As a resident of Mercer Island, specifically on E Mercer Way, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and	Thank you for your comment. The use of the property is not changing—the

			moves Mercer Island further away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school. Please reschedule the meeting for October when more residents will be available to attend and state their position on the matter.	JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. The change will allow the JCC to address existing traffic and parking issues. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Joanne Kinsman	joaniekinsman@gmail.com	7/20/2026	I am a 37 year resident of homeowner of Mercer Island. I vehemently oppose the rezoning of the JCC property to commercial. It does not benefit the Mercer Island community.	Thank you for your comment. The use of the JCC is not changing, this is a technical zoning change needed to be able to remodel the facility. There is a significant benefit to the community in retaining the JCC in its current location.

Joshua Levin	joshualevin@gmail.com	7/20/2026	I am writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. My wife, three children ages 10, 7, and 6, and I reside in Newcastle. Over the years, we have exercised, attended musical concerts, youth services and events, and enriched our own and our children's lives at the J. My kids took swimming lessons at the SJCC, and two attended preschool there. At no point is the building serving as a single family home and there is no logical reason it should be designated as such. The J has been serving the Mercer Island community -- as a community center -- for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.
Karen Roberts	kroberts@live.com	7/22/2026	My name is Karen Roberts, and I live at 7007 SE Maker Street in Mercer Island. I have owned my home since 2004, and my sons went to school in Mercer Island. I retired in 2023 and have chosen to remain in Mercer Island. Our community here in Mercer Island offers so much that I appreciate, but truly, one of the main reasons I remain here is the easy accessibility to the Stroum Jewish Community Centers (SJCC), located at 3801 East Mercer Way, Mercer Island. This institution is such a gift to all of us here in the area! While the SJCC is an entity founded to foster and promote Jewish connections in the community, it is so much more	Thank you for your comment.

		than that. It is a supportive, inclusive, and welcoming gathering place for ALL people regardless of religion, race, age, and domicile. It is a gym facility, a school, an activity center, and gathering space for our Mercer Island community. And it is where I personally spend countless hours every week exercising and finding connections with other people. Were it not for the SJCC, I would be lonely and disconnected from a community that supports and cares for me in countless ways. It is an extremely important resource to me and so many others, serving needs that are not met elsewhere in the Mercer Island community or the greater King County region. I am writing to request your support in amending the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. I understand that the current zoning of the property is that of single-family usage, and this must be changed to properly reflect the actual usage AND allow the SJCC to update its facilities to provide even more benefits and support to our community. I strongly urge the Planning Commission to support the revision of Mercer Island comprehensive plan and land use maps with the longstanding actual use of this property, removing any barriers due to zoning designation. This will allow the SJCC to continue to serve the Mercer Island community without the obstacles its current zoning designation represents. Thank you.	
--	--	--	--

Kayla Locke	kaylalocke17@gmail.com	7/21/2026	Please support the designation of the SJCC property from single family to commercial. I've lived on Mercer island my whole life and now raising my children on Mercer island. They both graduated from the SJCC preschool and now attend J camps. It's a cornerstone of the Mercer island community and so many families rely on the JCC for child care and camps. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.
Kristi & Chad Robins	kristirobins@icloud.com	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. Our family has been coming to the J for over 17 years and both my grown daughters attended the J for pre school. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.
Linda Bookey	linda@bookeygroup.com	7/20/2026	As a long time member of the JCC, I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. In 1962, my family moved to Shorewood Apartments from Butte, MT. We belonged to the J in Seattle before the MI facility even opened. Having a brand-new	Thank you for your comment.

			building 55 years ago was exciting, and the community has changed significantly since then. I learned to swim at the J, went to classes there, attended day camp, and then became a daycamp counselor. My children went to daycare, camps and learned to swim there. Now as a senior, I take fitness classes there. I love how the J serves the entire MI and West Bellevue community. The J has been serving the Mercer Island community -- as a community center -- for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. As a West Bellevue resident, when I come to the J, I do my food, book and gift shopping on the Island. The J matters to me and many others as a place for fitness, connection, and community.	
Lisa Dembo	ljdem@comcast.net	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. The SJCC has been part of my life since moving to the Seattle area 28 years ago this July. My first group of friends were found there as a single person, my moms group as a mother, day care for our first child, and the day camps that gave both of our children an impactful childhood/young adulthood and subsequent employment. I have lived on Mercer Island plus lived in Seattle and Bellevue over the years and this is the community that an expansive contribution to the	Thank you for your comment.

			Puget Sound area. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Lisa Kranseler	lisak@wsjhs.org	7/22/2026	As the long-time director of the Washington State Jewish Historical Society (WSJHS, 20+ years), I want to write in support of amending the designation of the SJCC property from single family to commercial. Historically speaking, the SJCC is a significant center of Jewish life in for our community as well as for the entire Mercer Island and surrounding communities. The sense of comradery and community that is lived within its walls on a daily basis cannot be understated. It is time to step up for the next generation to ensure that this building get the renovation it so badly needs to continue to serve the community at large for the next 50 years. We also have the oral history interview of Samuel Stroum [linked]. On page 83, of the 99 page transcript, Sam Stroum stated that" everyone had to feel a part of saving the JCC, even if they gave a dollar." He truly meant that everyone matters, a community effort, and at this point it is your vote will make a difference. Being the Director of the WSJHS, has taught me that there are certain times that history calls for courage and commitment. This is that time. Please make this happen now so that the SJCC can thrive with the	Thank you for your comment.

			facility that is long past due to improvement. The WSJHS also had its offices at the SJCC for 5 years (2018-2023) and we were able to personally witness that values that were promoted amongst staff, volunteers, members and the next generation of our community's leaders -- our youth! Please feel free to use this email at the hearing, that I am sorry not to be able to attend. I would also be available for any questions or comments.	
Liz Friedman	lizfriedman@outlook.com	7/24/2026	I am writing to express my strong support for amending the Comprehensive Plan to redesignate the SJCC property from single-family to commercial. This change is not only appropriate; it is long overdue. I have been involved with the J for more than 20 years: as a member, supporter, committee member, board member, President of the Board, and now as a past president. Over these decades, I have watched the organization work tirelessly to be a responsible, thoughtful steward of its property and its mission. I have also watched it face obstacle after obstacle - procedural, structural, and political - despite its clear and consistent commitment to serving Mercer Island. The J has been a community anchor for over 55 years. It has welcomed generations of Islanders and beyond, provided essential programs for families and seniors, supported cultural and educational enrichment, and served as a gathering place for all. Its role in the community is undeniable. Yet the land use	Thank you for your comment.

			designation applied to its property does not reflect that reality, nor does it support the organization's ability to evolve and meet the needs of the next generation. For years, the J has attempted to establish the right, logical conditions to responsibly redevelop its property, conditions that would allow it to modernize facilities, expand community services, and continue contributing meaningfully to Mercer Island. Instead, it has been met with delays, shifting requirements, and a lack of alignment between its actual use and the City's planning framework. This mismatch has hindered progress and places an unnecessary burden on an institution that has done nothing but serve this community with integrity. We are well past the point of asking whether the J's property should be designated as commercial. The question now is: why hasn't this already happened? What are we waiting for? The Comprehensive Plan and land use maps should reflect the truth of the J's role and presence of Mercer Island and support - and in fact, accelerate - its ability to thrive for the next 55 years, just as it has for the last 55. I urge you to adopt this amendment and bring the City's planning documents into alignment with the lived reality of our community. It is time to remove the barriers that have held the J back and allow it to move forward responsibly, sustainably, and in partnership with Mercer Island. Thank you for your consideration.	
--	--	--	---	--

Lori Kraft	lkraft7142@gmail.com	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. As a member of the Jewish Community, my family has used the SJCC for as long as it has existed and find it to be a valuable and vital part of not only the Jewish Community but the community at large. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your comment.
Margie Starnes	mbstarnes@comcast.net	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I moved here in 2006 & my family has enjoyed the SJCC through the years, back to when my daughter attended preschool and all the many activities and events there - too many to list here, but I do attend regularly for fitness classes as well as other activities. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. Thank you for your consideration to this important issue.	
Marion & George Mohler	mgmarion@msn.com	7/20/2026	As residents of Mercer Island, we object to rezoning the JCC	Thank you for your comment.

			property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. We further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school. Thank you.	The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city’s single family zoning. The change will allow the JCC to address existing traffic and parking issues. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Mark Meyer	<3dotstudio.com@gmail.com	7/17/2026	As a long-time Mercer Island homeowner & resident, I am very concerned about the proposed rezoning of the JCC from residential to commercial. Doing so may set a precedent that can affect MI neighborhoods in general. For this reason, whether one is pro or con, the proposed upcoming meeting will be especially important for MI residents. Like many, I would like the opportunity to attend and deliberate the proposal, but the	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city’s

			timing for this summer is not convenient for many, including myself. Please consider postponing the meeting date to October to give everyone the chance to participate.	single family zoning. The change will allow the JCC to address existing traffic and parking issues. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Martin Nelson	martynelson@hotmail.com	7/17/2026	Good morning. I have been a resident of Mercer Island for 26 years. I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. Both of my daughters went to preschool at the SJCC and had fantastic experiences, like countless other lucky children. The SJCC has been serving the Mercer Island community as a community center for over 55 years. It is one of our island's true gems. Please align the comprehensive plan and land use maps to reflect the reality of it serving as a community center so it can continue to enhance the quality of life on Mercer Island for many decades more. Thank you.	Thank you for your comment.
Maureen Leyser	maureen.leyser@gmail.com	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of	Thank you for your comment.

			the SJCC property from single family to commercial. [State your relationship with the J and why you value the J]. The J has been serving the Mercer Island community -- as a community center -- for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55	
Michael, Nicole, Finn, & Nash Searing	searing.michael@gmail.com	7/21/2026	Seeing all the commentary about the zoning change to the JCC made me want to write in with a safety request. Our two toddlers attend the daycare at the JCC, and we prefer, when possible, to walk to daycare. From our house on the north end of the island, the only way on foot to the JCC is down Gallagher Hill (not safe) or down 40th, accessing it from the neighborhoods directly to the south. The problem is that from these neighborhoods, you have to walk briefly on East Mercer Way. There is no sidewalk along this portion, and the shoulder is almost always blocked by parked cars, forcing us onto the street. (And even the shoulder is not that safe, being along a blind curve.) We believe that there is a safer way. 97th Ave used to provide safe access to the J, the parking lot behind the pediatrician's office, and the other commercial buildings along 36th St. This access was blocked by the installation of a fence in the last year. 36th St has a sidewalk providing safe access to all these institutions, and there seem to be a couple of easy locations where a short pedestrian trail could be added	Thank you for your comment! This zoning change is necessary so we can address exactly pre-existing issues such as these. We look forward to engaging with you on the remodeling and reimagining process as we move ahead.

			to restore access. About 25% of the island would be within a safe 30-minute walk of this area if access were restored between 40th St and 36th St. There is city property, namely the City Shop behind City Hall, providing a connection (the blue line in the attached). There is also JCC property which could provide access (the pink line in the attached). Both of these options would only involve building a trail 50 yards long through relatively flat forest. This exact route behind the City Shop was already mostly cleared of brush in the last year. Our family would be grateful for anything the city can do to facilitate safe pedestrian access to this community and childcare center. This will be all the more important as more cars access the J, making travel to the J by alternate transportation methods more beneficial to the entire community.	
Michelle Price Kavesh	mpiercekavesh@gmail.com	7/22/2026	Just writing to support the JCC rezone scheduled for the August city council meeting agenda. There appears to be an opposition group in favor of changes and moving this item to a later time. This has been an ongoing project for a very long time, there are no surprises in here, and the fact that this opposition group has just popped up recently expressing concerns about I90 access and the reality that the JCC is already a commercial enterprise operating on mixed zoned land, is a little late and disingenuous. The JCC's operations are not going to materially change, but they need the flexibility to replace and rebuild the property to modern	Thank you for your comment.

			needs, including an entirely new pool to replace one that is currently leaking and near the end of its life.	
Mike Dacosta	michel.david@gmail.com	7/24/2026	I just heard that the SJCC property is zoned as a single home. That makes no sense, because I have a subscription and use their facilities regularly. Nothing looks like a single home to me. Can we please fix the zoning issue?	Thank you for your comment.
Mindy Stern	mindyellenstern@gmail.com	7/20/2026	Please lend your support to amending the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I've lived on the island for 30 years, and the presence of the J is a big part of why I moved here. It's a vital part of this community and needs to continue to serve in a capacity that meets modern needs.	Thank you for your comment.
Moss Patashnik	mossnpeg@aol.com	7/24/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I have been a board member of the SJCC for over ten years. Members of my family, friends and relatives, and members of the community at large have been using the facilities, resources, and programs for the SJCC for decades -- all of these having been of inestimable value to the both the Jewish and non-Jewish members of the community. The J has been serving the Mercer Island community -- as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive	Thank you for your support.

			on Mercer Island for the next 55 years. Thank you in advance for your support in amending the Comprehensive Plan.	
Paulo	paulo@fassina.me	7/20/2026	As a resident of Mercer Island, I object to rezoning the JCC property to Commercial Office. This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city’s single family zoning. The change will allow the JCC to address existing traffic and parking issues. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Randy Kessler	randy.kessler@comcast.net	7/21/2026	Our family has been living in Mercer Island since 2007 and I have been a lifelong member of the Stroum Jewish Community Center. As a child, I went to summer day camp there, and for the past 34 years, I have used the facility for personal fitness as well	Thank you for your support.

			as for community events. It's a huge part of why we-- and so many other Island residents - love living here. I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial, so that the facility can serve my family and others for decades to come. Please align the comprehensive plan and land use maps to give the JCC the flexibility to grow. This will ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Richard Fruchter	richardfruchter@comcast.net	7/20/2026	My name is Richard Fruchter and I've lived on Mercer Island for 20 years. My wife and I are members of the SJCC and our grandchild attended its preschool. I was the CEO of the Jewish Federation of Greater Seattle (now retired), the umbrella agency for the Jewish community. The SJCC brings the Jewish and non Jewish community together in a way no other institution can. Whether through its exercise facilities, pool, preschool, cultural events, family activities, summer camps, sports camps, basketball leagues, garden, film festival, speaker series, the SJCC offers a place for families and individuals to feel a part of a giving and supportive community. It is truly a jewel in the crown of Mercer Island. I urge your support in amending the Comprehensive Plan to change the designation fo the SJCC property fron single family to commerical, more in keeping with its historical use as a community center. Please align	Thank you for your support.

			the the comprehensive plan with the longstanding and future use of this facility and property. I know the SjCC is embarking on a needed upgrade of their facility and the designation as a commercial property will allow them to continue to serve the community for an additional 55 years. Please approve this plan amendment.	
Robin Farrish	robin@gallagherco.net	7/17/2026	I'm writing to support the rezone for the SJCC. The code change would reflect the actual function of the space and allow the improvements needed to fully support the community needs. Thank you for your consideration.	Thank you for your support.
Sarah Joshi	sarah.a.joshi@outlook.com	7/17/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. We are members of the J and our son attends SJCC. It's so important that the Jewish community has a place in Seattle to be safe and thrive - there's no other places like it left. The J has been serving the Mercer Island community -- as a community center -- for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your support.
Sayce William Falk	sayce.w.falk@gmail.com	7/24/2026	Hi, just wanted to say I'm in favor of the JCC rezone and think it's the right decision for that part of our community.	Thank you for your support.

			offers numerous enrichment programs. For Mercer Island to be a premier residential community the Island needs organizations like the JCC to attract and support families. A conditional use permit is not intended for long-term use. The JCC has existed for decades so it makes logical sense to convert the property so the City can enforce applicable regulations instead of this perpetual grey area the JCC exists in now. Residents who express concern that the JCC is acquiring additional residential properties for club use would actually benefit from the re-zoning. The CUP provides precedence for using residential properties for commercial purposes. Rezoning would pull it out of the grey and provide clear direction that residential for residential purposes only and commercial for commercial purposes only. Rezoning would allow the City to provide clear guidance and enforcement on lighting, parking, ADA requirements, and operating hours. Please do not reschedule the hearing. Delaying it further will not change the circumstances. It has been nine years since the 2017 proposal; the City of Mercer Island needs to either rezone the property or enforce the CUP. Seeing as nothing has changed in nine years continuing the CUP likely will provide the same results as the prior years where no one is happy. Now is the time for momentum, not delaying until October. Change is always hard, but it should not be avoided.	
--	--	--	--	--

Susan Szafir	susanoszaafir@gmail.com	7/20/2026	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. My family and I have been residents of Mercer Island for over 18 years and we've been members of the SJCC for almost the entire time we've lived on the island. The SJCC has been so important to my family over the years. When we first moved to the Island from Austin, Texas in 2008, it is where we enrolled our daughters in pre-school, and it is where our family made lasting, foundational friendships that have provided us with tremendous joy and community throughout our time on Mercer Island. As an empty nester, I now take Line Dancing lessons weekly, which I love and have at times relied on Aquafit classes when I've been unable to do weight bearing exercises. My husband and I will occasionally attend social or educational events or speakers which consistently enrich our lives. It is always nice to connect and see people we know when we visit the J. It is so familiar, that when we walk through the doors, it feels like a home away from home. We feel so fortunate to live in a community which has a vibrant and active JCC. The J has been serving the Mercer Island community - as a community center - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your support.
--------------	-------------------------	-----------	--	-----------------------------

Thuy & Mark Seafort	tseafort@gmail.com	7/20/2026	Hello, I recently learned about the JCC seeking to rezone their property to a commercial office. I am a resident of Mercer Island and have owned several homes on the island. I currently own and reside in a home on Shoreclub Drivr with my family. Our home is located near the JCC, and on a daily basis we drive, walk or bike near the JCC and East Mercer multiple times a day. In the past couple of years, we've experienced increased traffic, congestion and potential safety hazards with cars darting in and out of the JCC facilities and onto East Mercer Way. This is made worse with the nearly blind curve on that road and multiple streets converging into that area. We've also been experiencing various nuisance, inconvenience, and safety concerns with the ongoing construction as JCC expands its property and facilities. We are deeply concerned about ongoing safety, traffic, congestion, nuisance, aesthetic, property values, and the overall well-being of our residential community. To be sure, we do support the JCC and its offerings on the island, and also encourage more downtown commercial development with respect to retail, restaurants, etc. to enhance our neighborhood and avoid having to drive off island for more retail and restaurant choices. However, we want to ensure that such commercially zoned areas remain in a central main corridor vs. expanding into residential zones with limited land and many families residing in a densely populated area, such as the area surrounding the JCC.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. The change will allow the JCC to address existing traffic and parking issues. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
---------------------	--------------------	-----------	---	--

			It's already congested enough with the East Mercer Way I-90 ramp and on several occasions I've personally witnessed near accidents with cars and families/children crossing the stop sign near the JCC. Commercial expansion will only exacerbate this issue and I'm deeply concerned that we're not holding more public forums and assessments to determine the impact of such a commercial rezoning request on our community. Safety and the well being of our community should be paramount and as such, any hearing regarding the rezoning should be noticed well in advance to the community and certainly not rushed within the next couple months. As part of this, MI should communicate more public notice of such hearing(s), invite more analysis and fact gathering on the impact of the request, and ensure this is completed in a manner where all information is readily available to the community before any decisions are made that significantly impact MI residents. Thank you for your time and consideration.	
Tracy Sigmon	tracy.sigmon@comcast.net	7/17/2026	I have been a part of the SJCC community for over 50 years. I attended preschool and day camps, had my first job as a junior counselor at their day camps, then sent my own children to preschool there. They continued participating in activities like Dinky Dunkers and others and now, as adults, still come play pick-up basketball at the J. My husband and I use the facilities on a weekly basis to this day. The J has been serving as a	Thank you for your support.

			community hub for the entirety of my life (55+ years). While it's officially the "Jewish" community center, it serves all communities. I hear a multitude of languages as I walk down the halls. It's an critically important community space housed in a building that has outlasted its best self. Please support the plan to amend the designation of the property from single family to commercial use. It's always been used as a commercial space and the zoning should reflect that so that this property can continue serving the greater Mercer Island and Seattle areas.	
Yunhan Huang	yunhan.huang94@gmail.com	7/22/2026	I am writing as a Mercer Island resident to oppose the proposed rezoning of the JCC property from residential to commercial (CPA25-002 / RZN25-002). This is a permanent change, and I don't believe the community has had a fair opportunity to weigh in, scheduling a consequential land-use hearing during summer vacation and the first weeks of school makes it hard for most families to participate. I'm also concerned about traffic. The JCC sits at our east side I-90 access point, and congestion already spills off the property during busy periods. Commercial zoning removes any regulatory limit on membership, events, or vehicle trips, leaving the city no mechanism to require mitigation. That's a real impact on everyday life for residents on this side of the island. I support the JCC and the role it plays in our community. But I believe a Conditional Use Permit with enforceable conditions is the right framework for the JCC and	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. The change will allow the JCC to address existing traffic and parking issues. The new CO zone includes many setback requirements that are more protective of the community, and any impact issues such as

			for every organization on Mercer Island. I urge the city to require full CUP compliance before any rezone discussion moves forward, and to reschedule the hearing to no sooner than October, when residents are home and able to engage. Thank you for considering my comments.	noise, traffic, parking will be reviewed and the new project conditioned, with enforceable conditions, to mitigate any significant adverse impacts of the future project. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
A. Teng	Del8com.yahoo.co	7/27/26	To Whom it may concern: As a resident of Mercer Island, living VERY near JCC, I would like to express my objection to rezoning of the JCC property to Commercial Office. I also would like to kindly request any hearing on rezoning of JCC be rescheduled till after October 1, 2026 when residents are less likely to be gone on vacation and can participate in this discussion/hearing.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city’s single family zoning. The change will allow the JCC to address existing traffic and parking issues.

				The new CO zone includes many setback requirements that are more protective of the community, and any impact issues such as noise, traffic, parking will be reviewed and the new project conditioned, with enforceable conditions, to mitigate any significant adverse impacts of the future project. Ben Pariser	pariser@bpsqd.com	7/27/26	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of	Thank you for your support.

			the SJCC property from single family to commercial. I am a Mercer Island resident and the JCC has been an integral part of my life since 1982. This institution has been there at every stage of my life. And the JCC has provided a safe community space for my family and children since they were infants through their present teenage years. The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Beth Lippman	b.lippman@icloud.com	7/24/26	I am a member of the JCC and find it a welcoming ming and busy place for people of all ethnicities We need to expand to serve the people Please allow the expansion	Thank you for your support.
Carol Shafer	Aloha4now@gmail.com	7/27/26	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I am a resident of Mercer Island. I attend classes at the J five days a week. I have developed close friendships here. I credit the J with improving my physical strength as well as my mobility. The J definitely needs modernization. I look forward to seeing the J renovated so it can better serve its patrons and the community at large. The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect	Thank you for your support.

			that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Charles Flake	crflake@outlook.com	7/23/26	I reside at 4130 100th Ave SE and am one of the citizens having to contend daily, morning and afternoon, with the traffic snarl from drop off and pick up of students at the French American School. And now I see construction of the Seattle Jewish Day School directly across East Mercer Way. The city Traffic Engineers have failed to acknowledge and resolve this issue. More than one year ago, in conversation with Ms. Corigliano's predecessor I was reassured that the problem was temporary since the FAS was relocating. It has not. I mention this issue since an application has been made to rezone the JCC to Commercial Office. Good for them. If I owned the property, I would want the same. However, it is my understanding that the JCC has not been in compliance with all the provisions of their conditional use permit. Maybe this is hearsay. The council should know if the city has been assiduously enforcing the CUP. I am asking that the city fulfil its obligation to correct the current traffic mess and do a thorough traffic study of foreseeable impacts on EMW before any serious consideration of the request for rezoning.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. The change will allow the JCC to address existing traffic and parking issues. The new CO zone includes many setback requirements that are more protective of the community, and any impact issues such as noise, traffic, parking will be reviewed and the new project conditioned, with enforceable conditions, to mitigate any significant adverse impacts of the future project.

David and Patrick White	Surjin907@yahoo.com	7/27/26	This email is in complete support of a Comprehensive Plan to change the designation of the SJCC property from single family to commercial. I am a member who uses the J for exercise and classes for my medical issues. The J is a critical member of the MI community for those of us that cannot afford other expensive facilities nor can easily commute to outside of MI. Please allow this change so we can update the facilities.	Thank you for your support.
Elaine Kavalok	No email address listed, 5908 E Mercer Way address	7/24/26	With a precedent setting agenda item next week about rezoning a residential area to commercial, I strongly suggest that agenda item be bumped to October in order for the broader impacted community to be in town to comment. Otherwise, this looks like the planning commission and potentially city council have already been heavily influenced by the JCC, made their decision and prefer to do this "under the radar" to zone JCC area for the benefit of the JCC.	Thank you for your comment. There is no precedent being set by this proposed change; the City is required to look at the merits of a proposal individually. This is required by state law. In addition, the public hearing has been rescheduled from July and the issue has been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Ellen Lynn	Ellenlynn215@hotmail.com	7/27/26	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. The J	Thank you for your support.

			welcomed me and my family as newcomers to the Seattle area in 1994. Many friendships were formed from preschool and day camp experiences for us, through community and cultural events, as well as various classes over the years. Most recently I have been attending water aerobic classes, where I have been forming new friendships (and getting much-needed exercise) in a supportive and friendly environment. Those of us with physical limitations would really appreciate an updated, more easily accessible pool and restrooms. The J has been serving the Mercer Island community – as a community center for all - for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	
Emmi Kearns	kearnsemmi@gmail.com	7/27/26	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single-family to commercial. I attend the SJCC several times weekly to use the fitness facilities and attend other events such as classes and lectures. My daughter teaches in the preschool. The current building is inadequate to serve the widespread use of the facility. The building is used extensively by Mercer Island residents and folks throughout the Seattle metropolitan area. It is a jewel for the entire city to utilize. The parking area is frequently filled to capacity. As a former Mercer Island resident and MIHS graduate and now Bellevue	Thank you for your support.

			resident, please comply with updating the property status so we all can continue to use our Community Center and give it the facelift it deserves. 				been before the City for 2 years. There are many additional opportunities for public comment in this lengthy process.
Kunal Patel	drpatelk@gmail.com	7/25/26	As a resident of Mercer Island, I am writing to formally object the proposed rezoning of the JCC property to Commercial Office. This change sets an unfavorable precedent and deviates from Mercer Island's established goal of remaining a premier residential community. Furthermore, I object to scheduling the hearing for this proposal during the summer, a time when many residents are away on vacation or preparing for the upcoming school year, thereby limiting community participation.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. This is not a precedent, as each proposal made needs to be reviewed as an individual proposal, per state law. The change will allow the JCC to address existing traffic and parking issues. The new CO zone includes many setback requirements that are more protective of the community, and any impact issues such as noise, traffic, parking will be reviewed and

				the new project conditioned, with enforceable conditions, to mitigate any significant adverse impacts of the future project.
Laura Senft	Laura_senft@hotmail.com	7/24/26	As a community member who benefits greatly from the JCC, I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years. These improvements will not only benefit current residents, but future as well, as people from all ages and demographics use the JCC. I am a Bellevue resident. It's worth noting that when I come to MI, I often shop or eat on MI. The only reason I am on MI is the JCC. Not improving the JCC would discourage membership and also have a deleterious effect on the community as a whole. I would imagine that others patronize local businesses as well when they come over to work out or drop off a child at camp. While I know some congestion is not desirable, it also results in increased revenue and positive activity on the Island. The JCC an organization that encourages community and productive	Thank you for your support.

			activity for people of all ages. At a time when people need connection more than ever, making places like the JCC as functional, safe, and accessible as possible should be the priority of any group looking to improve and sustain their community.	
Urmil Shah	urmilshah@comcast.net	7/26/26	I'm writing to urge your support to amend the Comprehensive Plan to change the designation of the SJCC property from single family to commercial. I'm a member at J for 15 years. We moved from Minnesota and new to town. Originally we are from India and JCC accepted us and we have made so many friends now. They accepted us without asking any questions and welcomed us. We attend so many classes and water aerobics that has improved our life. The J has been serving the Mercer Island community – as a community center – for over 55 years. Please align the comprehensive plan and land use maps to reflect that reality and ensure the J can continue to serve our community and thrive on Mercer Island for the next 55 years.	Thank you for your support.
Patty Willner	Pattywillner623@gmail.com	7/26/26	Please approve the zoning change to comport with longstanding use of the facility as a multi purpose facility for combatting, athletics, aquafit and lap swim. It has never been a single family facility.	Thank you for your support.
Pavel Sterba	psterba@parpacific.com	7/24/26	Please I am out of town during August 5. Most of my neighbors are as well. Why do we have a hearing during a time when most neighbors can't comment? Can we please reschedule for sometime in the fall when everyone is back?	This issue has been before the city for 2 years, and there are several additional opportunities for public comment on

				this proposal in the future. The volume of comments received regarding this matter shows there is no issues regarding public notice.
Peter Jacobs	pjacobs@comcast.net	7/26/26	As a resident of Mercer Island, I passionately object to rezoning the JCC property to commercial office zoning. What is the City Council thinking?? This sets a terrible precedent and moves Mercer Island away from its stated goal of being a premier residential community. I regularly travel from the north end of the island to mid island along East Mercer Way. The traffic around JCC is horrendous as it is. If the acquiring neighboring properties, which I have heard, for unknown reasons, that raises a lot of red flags. I further object to the hearing to consider the proposal being during a time when residents are on summer vacation and preparing for back to school. The current non-compliance with established rules and regulations should have the JCC under investigation and violations mitigated. I am pro-JCC, just not pro commercial, do whatever you want, JCC.	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. This is not a precedent, as each proposal made needs to be reviewed as an individual proposal, per state law. The change will allow the JCC to address existing traffic and parking issues. The new CO zone includes many setback requirements that are more protective of the community, and any impact issues such as noise, traffic,

				parking will be reviewed and the new project conditioned, with enforceable conditions, to mitigate any significant adverse impacts of the future project. If you are pro-JCC and would like traffic issues to be remedied, then the property must be rezoned.
Sandy Samuel	sandysamuel@icloud.com	7/27/26	Please recommend that the Mercer Island City Council places the Stroum Jewish Community Center's request to rezone their large residential land parcels to Commercial Office on the docket, with action taken in 2024. For over 54 years, the SJCC has served Mercer Island residents with programs for all ages and all are welcome. However, this building is old, is not ADA compliant, needs a working HVAC system and it features a swimming pool that is long past its usefulness. I have lived on Mercer Island since 1984. During this period I have used the JCC 1 for preschool, swim lessons for my kids, sports leagues, cultural events, camp, physical fitness and for 15 years water aerobics which has basically satisfied critical health issues, allowed me to develop relationships with the greater Mercer Island community, and has satisfied numerous social needs. It's time for a substantive, accessible, and	Thank you for your support.

			sustainable redevelopment, yet the current residential zoning makes this nearly impossible. A rezone to Commercial Office property would significantly facilitate this remodel while honoring the neighborhood integrity and specific interests of the proximate neighbors. For over 54 years, the SJCC has operated as a vital community asset. It would be a loss for the broad Mercer Island community to not support the modernization of this facility. 2 Further, this request affects the SJCC ONLY, and will not have any impact on any other facility or institution on the Island. The time to support the future of the Stroum Jewish Community Center on Mercer Island is now.	
Tanming Fong	tmfong@yahoo.com	7/24/26	I am writing to formally oppose the proposed rezoning of the JCC property to Commercial Office. As a resident of Mercer Island, I believe this change would set a troubling precedent and move our community away from its stated vision of remaining a premier residential community. The traffic impacts alone are reason for rejection. The JCC sits at Mercer Island's east side I-90 access point, and traffic already backs well off the property during peak times, sometimes extending to the I-90 off-ramps and limiting east side residents' timely access to and from their homes. Commercial zoning removes all regulatory limits on membership, events, and vehicle trips, leaving the city with no mechanism to require mitigation. This would permanently worsen an already critical choke point. I further urge the Council to	Thank you for your comment. The use of the property is not changing—the JCC will remain with no additional commercial uses. This is a technical zoning change required due to changes to the city's single family zoning. This is not a precedent, as each proposal made needs to be reviewed as an individual proposal, per state law. The change will allow the JCC to address existing

			reconsider the hearing schedule. Holding this review during summer vacation—when residents are traveling and managing back-to-school logistics—severely limits meaningful community participation. A proposal of this significance deserves a hearing scheduled when the community can fully engage. I respectfully ask that the council reject this rezoning proposal and reschedule the hearing to a date that allows for broader community engagement. Thank you for your time and for your service to Mercer Island.	traffic and parking issues. The new CO zone includes many setback requirements that are more protective of the community, and any impact issues such as noise, traffic, parking will be reviewed and the new project conditioned, with enforceable conditions, to mitigate any significant adverse impacts of the future project.
Trea Diamant	treadiamant@gmail.com	7/27/26	I am writing in support of the SJCC rezone request. I am a neighbor of the SJCC (13 El Dorado Beach Club Drive, Mercer Island) and a member. The SJCC is a beloved MI institution. For too long (maybe a decade?) the SJCC rebuild has been mired in permitting issues. The result is a building that doesn't meet the standards of the community. Without complete and timely support from the Mercer Island City Council, this institution will no longer be able to provide the services that MI loves - summer camp, swim lessons, pre-school, etc. Please do not force our non profits off the Island. Without explicit support from the council, we will lose what makes MI a community.	Thank you for your support.
Winky Lai	winkylai@gmail.com	7/27/26	HI - my name is Winky Lai and my family of 3 lives at 3716 E Mercer	Thank you for your comment.

Suresh Krishnamoorthy Ashwin Krishnamoorthy			Way right across from JCC and I am writing to represent myself, my husband and my son to as the city to and also to (1) reschedule the hearing to at least to October 2026 after residents settle back in from their summer travels & adjusting to new school year schedules. I feel that with the current agenda, it does not allow for a reasonable amount of time for residents to do their research to give the appropriate input to the project. I would also like to the city to halt / deny the rezoning request as is. I feel that the application should require a full CUP compliance before any rezoning discussion should be considered.	The issue has been before the City for 2 years and there are several additional opportunities for public comment in this matter. The volume of comments received shows there is no issue with public notice or comment. We are unsure what you mean by full CUP compliance; the project is in compliance with its existing CUP. There is a lot of misinformation being spread about the JCC unfortunately.

SEPA REVIEW

The State Environmental Policy Act (SEPA), chapter [43.21C RCW](#), requires all governmental agencies to consider the environmental impacts of a proposal before making decisions. An environmental impact statement (EIS) must be prepared for all proposals with probable significant adverse impacts on the quality of the environment. The purpose of this checklist is to provide information to help you and the agency identify impacts from your proposal (and to reduce or avoid impacts from the proposal, if it can be done) and to help the agency decide whether an EIS is required.

REVIEW PROCESS – TYPE III LAND USE REVIEW

Type III reviews require the exercise of discretion about nontechnical issues. Type III reviews require a pre-application meeting, letter of complete application, notice of application mailing and posting, a 30-day public comment period, notice of decision, and the decision is made by the Code Official. Type III reviews do not require a public hearing.

SEPA reviews are also subject to the environmental procedures outlined in [MICC 19.21](#). When the city is the lead agency for a proposal, the responsible official shall supervise compliance with the threshold determination requirements and, if an EIS is necessary, shall supervise preparation of the EIS.

Upon the receipt of an application for a proposal, the receiving city department shall, and for city proposals, the initiating city department shall, determine whether the proposal is an action potentially subject to SEPA and, if so, whether it is categorically exempt. This determination shall be made based on the definition of action ([WAC 197-11-704](#)), and the process for determining categorical exemption ([WAC 197-11-305](#)). As required, city departments shall ensure that the total proposal is considered. If there is any question whether or not a proposal is exempt, then the responsible official shall be consulted.

PRE-APPLICATION MEETING

A Pre-Application Meeting is used to determine whether a land use project is ready for review, to review the land use application process, and to provide an opportunity for initial feedback on a proposed application. Some land use applications require a pre-application meeting – in particular: short and long subdivisions, lot line revisions, shoreline permits, variances, and critical area determinations. The City strongly recommends that all land use applications use the pre-application process to allow for feedback by City staff.

For more information on the Pre-Application Meeting process, please refer to the [Pre-Application Meeting Request Form](#).

FEES

Fees applicable to this project:

- SEPA Review
- Environmental Impact Statement

Refer to the City of Mercer Island [Fee Schedule](#) for current permit fees.

PROPERTY INFORMATION

Property Address:

3801 East Mercer Way

Parcel Number(s):

• 2655500137 • 2655500136 • 2655500132 • small portion of 2655500115

Gross Lot Area(s):

405,242 s.f.

Net Lot Area(s):

Zone:

R-8.4, R-9.6

Shoreline Environment Designation (if located within 200 feet of Lake Washington):

- ☐ Urban Residential
- ☐ Urban Park

CRITICAL AREAS ON PROPERTY**GEOLOGICALLY HAZARDOUS AREAS**

- ☒ Potential Landslide Hazard
- ☐ Erosion Hazard
- ☒ Seismic Hazard
- ☐ Steep Slope
- ☐ None

WATERCOURSES

- ☐ Type F
- ☐ Type Np
- ☐ Type Ns
- ☐ Piped
- ☐ Unknown

WETLANDS

- ☐ Category I
- ☐ Category II
- ☐ Category III
- ☐ Category IV
- ☐ Unknown

SUBMITTAL CHECKLIST

In addition to the items listed below, the code official may require the submission of any documentation reasonably necessary for review and approval of the land use application. An applicant for a land use approval and/or development proposal shall demonstrate that the proposed development complies with the applicable regulations and decision criteria.

- ☒ **1. Development Application Form.** Provide a completed and signed [Development Application Form](#).
- ☒ **2. Pre-Application Meeting.** [Pre-Application Meetings](#) are required for Type III & IV Land Use Permit Applications.
- ☒ **3. Project Narrative.** The project narrative should describe the proposed development, including any anticipated phases.
- ☒ **4. Title Report.** Less than 30 days old.
- ☐ **5. Affidavit of Ownership.** An Affidavit of Ownership, signed before a notary.
- ☐ **6. Affidavit of Agent Authority.** An Affidavit of Agent Authority, signed before a notary, if applicable.
- ☐ **7. Development Plan Set.** Refer to the [Land Use Application Plan Set Guide](#) for preparing plans.
- ☐ **8. Concurrent Review Form.** Provide a completed [Concurrent Review Form](#) if the applicant wishes to request consolidated review for two or more land use applications. Refer to [MICC 19.15.030\(F\)](#) for land use application reviews that may be consolidated.
- ☒ **9. SEPA Checklist.**
- ☐ **10. Fees.** Payment of required fees.

I HEREBY CERTIFY THAT I HAVE READ THIS APPLICATION AND SUBMITTAL CHECKLIST AND ALL REQUIRED APPLICATION MATERIALS ARE INCLUDED IN MY APPLICATION SUBMITTAL, UNLESS WAIVED BY THE CODE OFFICIAL. ALL INFORMATION SUBMITTED IS TRUE AND COMPLETE TO THE BEST OF MY KNOWLEDGE. I ACKNOWLEDGE THAT WILLFUL MISREPRESENTATION OF INFORMATION WILL TERMINATE THIS APPLICATION. I UNDERSTAND THAT MY SUBMITTAL WILL BE REVIEWED FOR COMPLETENESS AND, IF FOUND TO BE COMPLETE, WILL BE PROCESSED PURSUANT TO THE PROVISIONS OF CHAPTER 19.15 MICC.

INSTRUCTIONS FOR APPLICANTS

This environmental checklist asks you to describe some basic information about your proposal. Governmental agencies use this checklist to determine whether the environmental impacts of your proposal are significant, requiring preparation of an EIS. Answer the questions briefly, with the most precise information known, or give the best description you can.

You must answer each question accurately and carefully, to the best of your knowledge. In most cases, you should be able to answer the questions from your own observations or project plans without the need to hire experts. If you really do not know the answer, or if a question does not apply to your proposal, write "do not know" or "does not apply." Complete answers to the questions now may avoid unnecessary delays later. Some questions ask about governmental regulations, such as zoning, shoreline, and landmark designations. Answer these questions if you can. If you have problems, the governmental agencies can assist you. The checklist questions apply to all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

USE OF CHECKLIST FOR NONPROJECT PROPOSALS

For nonproject proposals complete this checklist and the supplemental sheet for nonproject actions (Part D). The lead agency may exclude any question for the environmental elements (Part B) which they determine do not contribute meaningfully to the analysis of the proposal. For nonproject actions, the references in the checklist to the words "project," "applicant," and "property or site" should be read as "proposal," "proposer," and "affected geographic area," respectively.

A. BACKGROUND

1. Name of proposed project, if applicable:

~~Strom Jewish Community Center Comprehensive Plan Amendment and Rezone~~

2. Name of applicant:

~~3801 East Mercer Way~~

3. Address and phone number of applicant and contact person:

~~Amy Lavin, SJCC, 3801 E. Mercer Way, Mercer Island, WA 98040 206-232-7115~~

4. Date checklist prepared:

~~November 20, 2025~~

5. Agency requesting checklist:

~~City of Mercer Island~~

6. Proposed timing or schedule (including phasing, if applicable):

~~The proposal was docketed in 2023. The desired timing of passage of the comprehensive plan amendment and rezone is as soon as possible in 2026.~~

7. Do you have any plans for future additions, expansions, or further activity related to or connected with this proposal? If yes, explain:

~~This is a non project action. The proposal would ultimately allow for a rebuild/remodel of the SJCC on the property. A project-level application has not yet been prepared.~~

8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal:

~~SEPA DNS for Mercer Island Comprehensive Plan update, 2025~~

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain:

~~None known.~~

10. List any government approvals or permits that will be needed for your proposal, if known:

~~Comprehensive Plan amendment approval, Rezone approval.~~

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)

~~The SEPA checklist fulfills SEPA review for two separate proposals--the first proposal would redesignate the Comprehensive Plan FLUM from Single Family Residential to Commercial Office. The second proposal would change the City's Official Zoning Map from Single Family (R)/8.4 (R)/9.6 to Commercial Office ("CO").~~

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.

~~The proposal is located generally at 3801 East Mercer Way, on the following parcels:
2655500137 • 2655500136 • 2655500132 • small portion of
2655500115~~

B. ENVIRONMENTAL ELEMENTS**1. Earth**

a. General description of the site (check one):

Flat ☐ Rolling ☐ Hilly ☐ Steep slopes ☐ Mountainous ☐ Other ☐

b. What is the steepest slope on the site (approximate percent slope)?

~~Rolling--the steepest slope is 58%, this is a man made slope created with the construction of the existing building. Per City of MI the overall slope of the site is 9.35%.~~

c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.

~~Soils are typical of Mercer Island with some glacial till in places.~~

d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.

~~None known.~~

e. Describe the purpose, type, total area, and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill.

~~N/A, nothing associated with nonproject action.~~

f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.

~~No, not as part of nonproject action.~~

g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?

~~N/A, nothing associated with nonproject action.~~

h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any:

~~N/A, no impacts.~~

2. Air

- a. What types of emissions to the air would result from the proposal (i.e., dust, automobile, odors, and industrial wood smoke) during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known.

~~N/A; none--nonproject action.~~

- b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.

~~No, this is a map change.~~

- c. Proposed measures to reduce or control emissions or other impacts to air, if any:

~~N/A, no impacts.~~

3. Water

- a. Surface:

- i. Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.

~~No.~~

- ii. Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans.

~~N/A, non project action, and not adjacent to water.~~

- iii. Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.

~~N/A, nonproject action~~

- iv. Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.

~~N/A, nonproject action~~

- v. Does the proposal lie within a 100-year floodplain? If so, note location on the site plan.

~~No.~~

- vi. Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.

~~N/A, no, nonproject action.~~

b. Ground

- i. Will groundwater be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well? Will water be discharged to groundwater? Give general description, purpose, and approximate quantities if known.

~~N/A, no, nonproject action.~~

- ii. Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, [containing the following chemicals...]; agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.

~~N/A., none, nonproject action.~~

c. Water runoff (including stormwater):

- i. Describe the source of runoff (including stormwater) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.

~~The current stormwater from the site runs into the combined system.~~

- ii. Could waste materials enter ground or surface waters? If so, generally describe.

~~N/A., none, nonproject action~~

- d. Proposed measures to reduce or control surface, ground, runoff water, and drainage pattern impacts, if any:

~~N/A, no impacts.~~

4. Plants

- a. Check types of vegetation found on the site
- ☐ Deciduous tree: Alder, Maple, Aspen, other
 - ☒ Evergreen tree: Fir, Cedar, Pine, other
 - ☐ Shrubs
 - ☐ Grass

- ☐ Pasture
- ☐ Crop or grain
- ☐ Wet soil plants: Cattail, buttercup, bulrush, skunk cabbage, other
- ☐ Water plants: Water lily, eelgrass, milfoil, other
- ☐ Other types of vegetation

b. What kind and amount of vegetation will be removed or altered?

~~N/A, none, nonproject action~~

c. List threatened or endangered species known to be on or near the site.

~~Bald Eagles frequent Mercer Island, though Bald Eagles are no longer listed as threatened or endangered species as of 2007. Salmonoids are known to live in Lake Washington.~~

d. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any:

~~N/A, none, nonproject action~~

e. List all noxious weeds and invasive species known to be on or near the site.

~~None.~~

5. Animals

a. State any birds and animals which have been observed on or near the site or are known to be on or near the site. Examples include:

Birds: hawk, heron, eagle, songbirds, other:

Mammals: deer, bear, elk, beaver, other:

Fish: bass, salmon, trout, herring, shellfish, other:

~~Hawks, eagle, songbirds, crows, deer, raccoons, rats, squirrels, and other typical urban species for Mercer Island.~~

b. List any threatened or endangered species known to be on or near the site.

~~Salmonoids are in Lake Washington.~~

c. Is the site part of a migration route? If so, explain.

~~The entire Puget Sound basin is part of the Great Pacific Flyway for bird migration.~~

d. Proposed measure to preserve or enhance wildlife, if any:

~~N/A, none, nonproject action.~~

- e. List any invasive animal species known to be on or near the site.

~~None.~~

6. Energy and natural resources

- a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.

~~N/A., non project action.~~

- b. Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.

~~N/A, non project action. The height limit of the proposed CO zone is 36 feet and require setbacks from property lines. Adjacent single family zones are allowed to be built up to 30 feet in height.~~

- c. What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any:

~~N/A. non project action.~~

7. Environmental health

- a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste that could occur as a result of this proposal? If so, describe.

~~No, nonproject action.~~

- i. Describe any known or possible contamination at the site from present or past uses.

~~None known.~~

- ii. Describe existing hazardous chemicals/conditions that might affect project development and design. This includes underground hazardous liquid and gas transmission pipelines located within the project area and in the vicinity.

~~None known.~~

- iii. Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project.

~~N/A, none known. The only hazardous chemical currently on site is chlorine for the pool.~~

iv. Describe special emergency services that might be required.

~~N/A, non project action~~

v. Proposed measures to reduce or control environmental health hazards, if any:

~~N/A, no impacts.~~

b. Noise

i. What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)?

~~No noise would impact the nonproject action. Noise sources include I-90 and East Mercer Way.~~

ii. What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.

~~N/A, no impacts from a nonproject action.~~

iii. Proposed measures to reduce or control noise impacts, if any:

~~N/A, no impacts.~~

8. Land and shoreline use

a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe.

~~The current use of the site is the Stroum Jewish Community Center which includes an early childhood school, pool, gym, performing arts center and other community uses. The adjacent uses include public institution, synagogue, school, the current/new site for the Mercer Island City Hall and city shops, and single family residences. The non-project action has no impact on uses on nearby or adjacent properties.~~

b. Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use?

~~No.~~

c. Describe any structures on the site.

~~The SJCC exists on the site.~~

d. Will any structures be demolished? If so, what?

~~No, nonproject action.~~

e. What is the current zoning classification of the site?

~~R-8.4 and R-9.6.~~

f. What is the current comprehensive plan designation of the site?

~~Single Family Residential.~~

g. If applicable, what is the current shoreline master program designation of the site?

~~N/A.~~

h. Has any part of the site been classified as an "environmentally sensitive" area? If so, specify.

~~There is a small steep slope area mapped in the area between the upper parking lot and the lower parking lot, based on LIDAR maps. Most of the Island is designated as a seismic environmentally sensitive area.~~

i. Approximately how many people would reside or work in the completed project?

~~N/A, nonproject action. The proposal would not change the amount of people working or visiting the site.~~

j. Approximately how many people would the completed project displace?

~~N/A, none nonproject action.~~

k. Proposed measures to avoid or reduce displacement impacts, if any:

~~N/A, no impacts as a nonproject action, and no displacement would occur.~~

l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any:

~~The proposal is consistent with the CPPs, the MI comprehensive plan, and code provisions related to redesignations and rezones. The redesignation designates land that has not been used as residential for over 55 years to a designation more appropriate with its use.~~

9. Housing

a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.

~~N/A, none.~~

- b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing.

~~N/A, none.~~

- c. Proposed measures to reduce or control housing impacts, if any:

~~N/A, none.~~

10. Aesthetics

- a. What is the tallest height of any proposed structure(s), not including antennas? What is the principal exterior material(s) proposed?

~~N/A, no structure is proposed. The height limit of the CO zone is 36 feet.~~

- b. What views in the immediate vicinity would be altered or obstructed?

~~N/A, none, no structure is proposed.~~

- c. Proposed measures to reduce or control aesthetics impacts, if any:

~~N/A, none.~~

11. Light and glare

- a. What type of light or glare will the proposal produce? What time of day would it mainly occur?

~~N/A, none, nonproject action.~~

- b. Could light or glare from the finished project be a safety hazard or interfere with views?

~~N/A no, nonproject action.~~

- c. What existing off-site sources of light or glare may affect your proposal?

~~N/A, none, nonproject action.~~

- d. Proposed measures to reduce or control light and glare impacts, if any:

~~N/A. none, nonproject action.~~

12. Recreation

- a. What designated and informal recreational opportunities are in the immediate vicinity?

The SJCC offers numerous recreational opportunities for people of all ages and life stages. The boat launch is also across the street.

- b. Would the proposed project displace any existing recreational uses? If so, describe.

~~N/A., no~~

- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:

~~N/A. no impacts from nonproject action~~

13. Historic and cultural preservation

- a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers? If so, specifically describe.

~~The SJCC is older than 45 years old and is not eligible for listing.~~

- b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources.

~~None known.~~

- c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc.

~~N/A, nonproject action without site disturbance.~~

- d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required.

~~N/A, nonproject action without site disturbance.~~

14. Transportation

- a. Identify public streets and highways serving the site or affected geographic area and describe proposed access to the existing street system. Show on site plans, if any.

~~East Mercer Way, I-90. The property accesses East Mercer Way from a driveway. No changes are proposed from the non project action.~~

- b. Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop?

~~There are no transit stops in the vicinity currently. The site is accessible by the I-90 trail to light rail when it opens.~~

- c. How many additional parking spaces would the completed project or nonproject proposal have? How many would the project or proposal eliminate?

The nonproject proposal does not change the current parking count.

- d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private).

~~The non project action will not change anything transportation related.~~

- e. Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.

~~The non project action will not change anything transportation related.~~

- f. How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and non-passenger vehicles). What data or transportation models were used to make these estimates?

The change to CO would not change the number of trips generated by the existing building. Please see the attached memorandum from the Transpo Group regarding the number of trips that could be generated from an office use on the property, which is a permitted use under the CO zone. While there is absolutely no plan or intent to build an office building on this property, the City requested a trip generation memorandum to analyze the extreme worst case and highly unlikely/improbable scenario of an office built on this property.

- g. Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.

~~No, nonproject action.~~

- h. Proposed measures to reduce or control transportation impacts, if any:

~~N/A, no impacts as a nonproject action. Any future proposal would be required to comply with any and all applicable codes, and would require a concurrency analysis at the "net new trips" are generated per MICC 19.20.030.~~

15. Public services

- a. Would the project result in an increased need for public services (for example; fire protection, police protection, health care, schools, other)? If so, generally describe.

~~N/A, no as a nonproject action.~~

- b. Proposed measures to reduce or control direct impacts on public services, if any.

~~N/A, nonproject action.~~

16. Utilities

a. Check utilities currently available at the site:

Electricity ☒	Natural Gas ☒	Water ☒	Refuse Service ☒
Telephone ☒	Sanitary sewer ☒	Septic system ☐	Other ☒

b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.

~~No changes to utilities or construction is proposed as part of the nonproject action.~~

C. SIGNATURE

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the answers to the attached SEPA Checklist are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

SEPA RULES

SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS

(do not use this sheet for project actions)

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; productions, storage, or release of toxic or hazardous substances; or production of noise?

~~It would be unlikely to create an increase; no increases would be created. The uses permitted in the CO include the SJCC, and typical commercial/services uses. The redesignation is not proposing to change the use of the property, which will remain as the SJCC.~~

Proposed measures to avoid or reduce increases are:

~~While no increases are anticipated, all future development would require compliance with then-existing codes, which are much more stringent than the codes under which the existing SJCC was developed. Existing noise and zoning ordinances that govern the CO zone prevent and mitigate impacts.~~

2. How would the proposal be likely to affect plants, animals, fish, or marine life?

~~The proposal would not impact plants, animals, fish or marine life. The redesignation is not changing the use of the property, which will remain as the SJCC.~~

Proposed measures to protect or conserve plants, animals, fish, or marine life are:

~~While no increases are anticipated, all future development would require compliance with then-existing codes, which are much more stringent than the codes under which the existing SJCC was developed. The site is not within a shoreline zone and will have no impacts to marine life or fish. No impacts to protect species will occur, as they are not present on the site. The redesignation would require compliance with existing tree codes and zoning ordinances, which intend to mitigate any impacts.~~

3. How would the proposal be likely to deplete energy or natural resources?

~~The proposal would not deplete energy or natural resources. The list of allowed uses in the CO zone does not include a use that would deplete energy or natural resources. The redesignation is not changing the use of the property, which will remain as the SJCC.~~

Proposed measures to protect or conserve energy and natural resources are:

~~While no increases are anticipated, all future development would require compliance with then-existing codes, which are much more stringent than the codes under which the existing SJCC was developed. The redesignation requires compliance with current energy codes, which are applicable throughout Mercer Island.~~

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

~~There is a very small steep slope area on the site. No other protected habitat or critical areas are present on the site. No anticipated impact to this area that would be harmful in nature is anticipated. No other government-protected areas would be used or impacted.~~

Proposed measures to protect such resources or to avoid or reduce impacts are:

~~All steep slope areas on the Island are regulated by the City's critical areas ordinance and geotechnical codes.~~

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

~~The proposal changes the designation of the property but it does not change the actual use of the property. Therefore, there are no impacts to compatibility. The use of the land remains as compatible as it always has been with adjacent uses in the area. In addition, the area already includes several areas designated/zoned CO, which have remained compatible with surrounding uses and plans. The proposal is consistent with the MI comprehensive plan, as well as the MICC, as stated in our application.~~

Proposed measures to avoid or reduce shoreline and land use impacts are:

~~There are no land use impacts. The proposal complies with the comprehensive plan and the MICC. The CO zone restricts the allowed uses in the CO zone to those that are compatible with the existing comprehensive plan and surrounding uses, and the development standards of the CO zone, as well as the MICC in general, maintain compatibility with surrounding uses and existing plans.~~

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

Very unlikely, particularly because there is no proposed change to the existing use of the property. Please see the attached memorandum from the Transpo Group, which outlines the worst case scenario in terms of traffic trip generation. This outcome is highly unlikely to occur, as the stated current and proposed use of the property is the SJCC. No additional increase to demand on public services or utilities could occur as a result of the change to CO.

Proposed measures to reduce or respond to such demand(s) are:

Any development proposal proposed under the redesignation would be required to obtain concurrency review when it proposes net new trips, and would be required to review impacts to public services, utilities, and transportation under SEPA. Compliance with the MICC and applicable codes mitigates potential impacts.

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

~~The proposal does not conflict with any such local, state, or federal laws or requirements regarding environmental protection.~~

SEPA THRESHOLD DETERMINATION OF NON-SIGNIFICANCE (DNS)

NOTICE IS HEREBY GIVEN that a determination has been issued for the application described below:

File No.	SEP25-021
Permit Type:	Type III – Non-Project Action
Description of Request:	Review under the State Environmental Policy Act (SEPA) for a non-project action amending the 2024 Comprehensive Plan Land Use Map (Comprehensive Plan Amendment CPA25-002) and the City of Mercer Island Zoning Map in Appendix D (Reclassification of Property RZN25-002) to redesignate King County Parcel Nos. 2655500137, 2655500136, 2655500132, and a portion of 2655500115 from Single-Family Residential R-8.4 and R-9.6 to Commercial Office (C-O).
Applicant/Owner:	Amy Lavin (Stroum Jewish Community Center) / Stroum Jewish Community Center
Location:	3801 E Mercer Way, 9824 SE 40th St, 3975 99th Ave SE, and 3795 E Mercer Way, Mercer Island, WA 98040; identified by King County Assessor's Parcel Numbers: 2655500137, 2655500136, 2655500132, and 2655500115
Lead Agency:	City of Mercer Island, Department of Community Planning & Development
Project Documents:	https://mieplan.mercergov.org/public/SEP25-021 Use the camera on your smartphone to scan the QR code to easily access the project documents.
Environmental Documents:	Copies of all studies and/or environmental documents are available through the above project documents link. 
Application Process Information:	Date of Application: December 11, 2025 Determination of Complete Application: January 6, 2026

The lead agency determined that the proposed development will not have a probably significant adverse impact on the environment. An environmental impact statement (EIS) is not required pursuant to RCW 43.21C.031(2). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

☐	There is no comment period for this DNS.
☐	This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.

☒	This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by <u>July 6, 2026 at 5:00 PM.</u>

APPEAL INFORMATION

This decision to issue a Determination of Non-significance (DNS) rather than to require an EIS may be appealed pursuant to Section 19.21 of the Mercer Island Unified Land Development Code, Environmental procedures.

☒	Any party of record may appeal this determination to the City Clerk at 9611 SE 36 th Street, Mercer Island, WA 98040 no later than 5pm on July 6, 2026 by filing a timely and complete appeal application and paying the appeal fee. You should be prepared to make specific factual objections. Contact the City Clerk to read or ask about the procedures for SEPA appeals. To reverse, modify, or remand this decision, the appeal hearing body must find that there has been substantial error, the proceedings were materially affected by irregularities in procedure, the decision was unsupported by material and substantial evidence in view of the entire record, or the decision is in conflict with the city's applicable decision criteria.
☐	There is no agency appeal.
☐	Any person aggrieved by the issuance of this decision may seek review from the Shorelines Hearings Board by filing a petition for review within twenty-one days from the date of filing of the decision as defined in RCW 90.58.140 (6). Within seven days of the filing of any petition for review with the Board, the petitioner shall serve copies of the petition on the Washington State Department of Ecology, the Office of the Attorney General, and the City of Mercer Island. More information on this process can be found on the Shoreline Hearing Board's website: http://www.eho.wa.gov/ or by calling (360) 664-9160.
