

PARKS & RECREATION COMMISSION REGULAR HYBRID MEETING AGENDA

Thursday, September 4, 2025 at 5:00 PM

COMMISSIONERS

LOCATION

Chair Peter Struck
Commissioners: Jodi McCarthy, Don Cohen
Sara Marxen, Rory Westberg,
Ashley Hay, and Mar Brettmann

MICEC – Slater Room Council Chambers and via Zoom

8236 SE 24th Street | Mercer Island, WA 98040 Phone: 206.275.7609 | www.mercerisland.gov

We strive to create an inclusive and accessible experience. Those requiring accommodation for meetings should notify the Staff Liaison's Office 3 days prior to the meeting at 206.275.7870 or by emailing ryan.daly@mercerisland.gov.

The virtual meeting will be broadcast live on Zoom and recorded and saved on the City Council's YouTube Channel

Registering to Speak: Individuals wishing to speak live during Appearances will need to register their request with staff at **206.275.7861** and leave a message or <u>email</u> before 4 PM on the day of the Commission meeting. Each speaker will be allowed three (3) minutes to speak.

Join by Telephone at 5:00 PM: Call 253.215.8782 and enter Webinar ID 825 9108 6996 and Password 896196.

Join by Internet at 5:00 PM:

- 1) Click this link
- If the Zoom app is not installed on your computer, you will be prompted to download it.
- 3) If prompted for Webinar ID, enter 825 9108 6996 and Password 896196.

Join in person at 5:00 PM: Mercer Island Community & Event Center - 8236 SE 24th Street, Mercer Island

CALL TO ORDER & ROLL CALL - 5:00 PM

APPEARANCES

This is the opportunity for anyone to speak to the Commission about issues of concern.

STAFF LIAISON REPORT

PARKS & RECREATION COMMISSION REGULAR HYBRID MEETING MINUTES June 5, 2025

CALL TO ORDER

The Parks & Recreation Commission was called to order by Commissioner Struck at 5:01 pm.

ROLL CALL

Commissioners Peter Struck, Jodi McCarthy, Ashley Hay, and Mar Brettmann were present for the Parks & Recreation Commission. City Council Liaison Craig Reynolds was present.

Commissioners Don Cohen, Rory Westberg, and Sara Marxen were absent.

Recreation Manager Ryan Daly and Recreation Specialist Raven Gillis were present.

APPEARANCES

No Public Appearances

STAFF LIAISON REPORT

1. Staff Liaison Report & Planning Schedule Update

Recreation Manager Ryan Daly reported on the following:

- Project Updates
 - o Deane's Children's Park Site Plan
 - Playground Replacements Roanoke & First Hill
 - Luther Burbank Park Sport Courts
 - Park Maintenance Spring Updates
- Upcoming Events
 - Juneteenth
 - Summer Celebration!
 - Mostly Music in the Park
 - PRIDE in the Park on 8/7
- Mercer Island Summer Camps
- In July we're celebrating the 40th Anniversary of Parks & Recreation Month
- Planning Schedule Update

REGULAR BUSINESS

2. Approval of Minutes

Minutes from the May 1, 2025, Regular Hybrid Meeting were presented.

It was moved by McCarthy; seconded by Hay to:

Approve the minutes from the May 1, 2025, Regular Hybrid Meeting.

Passed: 4 - 0

3. PRC25-07: Commission Officer Elections

It was moved by McCarthy; seconded by Brettmann to:

Suspend the Chair and Vice-Chair elections until the next regular scheduled meeting and have Commissioner Peter Struck serve as the Presiding Officer for the remainder of the June 5 PRC Meeting

Passed: 4 - 0

4. PRC25-08: King County Library System Mercer Island Branch- Annual Update

Recreation Manager Ryan Daly and KCLS Staff presented. Commissioners received the report and asked questions.

OTHER BUSINESS

5. Absences and Commissioner Reports

Chair Struck asked for a motion to excuse Commissioner Cohen's, Commissioner Westberg's, and Commissioner Marxen's absences from tonight's meeting.

It was moved by McCarthy; seconded by Hay to:

Excuse Commissioner Cohen's, Commissioner Westberg's, and Commissioner Marxen's absences from tonight's meeting

Passed: 4 - 0

Commissioner Hay commended the Parks & Recreation Team for their efforts in preparing the baseball fields for the upcoming games and expressed appreciation for their ongoing work in maintaining the fields' appearance.

Commissioner Struck expressed his gratitude to the Mercer Island Rotary for their generous \$3,000 contribution toward the Dragon Park remodel. He also shared his appreciation for the hundreds of volunteers recognized at the recent Volunteer Appreciation Event at the MICEC, noting the thousands of hours they contribute in support of the community. Additionally, he commended the City's involvement of Mercer Island K-5 students in providing feedback on the Dragon Park remodel, as highlighted in the Department Report.

ADJOURNMENT at 6:04pm

PARKS & RECREATION COMMISSION CITY OF MERCER ISLAND

PRC 25-09 September 4, 2025 Regular Business

AGENDA BILL INFORMATION

TITLE:	PRC 25-09: Commission Officer Elections	☐ Discussion Only ☐ Action Needed:		
RECOMMENDED ACTION:	Appoint a Chair and Vice Chair			
STAFF:	Ryan Daly, Recreation Manager			
EXHIBITS:	N/A			

EXECUTIVE SUMMARY

On June 7th the Parks and Recreation Commission directed staff to postpone appointment of the Commission Chair and Vice Chair until the next meeting.

The purpose of this staff report is to present the process for the election of officers for the Mercer Island Parks and Recreation Commission (PRC).

BACKGROUND

According to the <u>Mercer Island Parks and Recreation Commission Bylaws</u>, the positions of Chair and Vice Chair are elected annually by the commission during the June meeting. Each officer serves a one-year term, with no term limits, allowing members to be re-elected to the same position in subsequent years.

All members of the PRC are eligible for appointment to officer positions at any point during their tenure on the Commission. The bylaws also outline the duties associated with each officer role and the procedures for conducting elections.

On June 7th the Parks and Recreation Commission asked Commissioner Struck to facilitate the meeting and directed staff to postpone the appointments of a Chair and Vice Chair until a future meeting.

ISSUE/DISCUSSION

Tonight, the PRC is scheduled to appoint a new Chair and Vice Chair utilizing the following process to elect new officers (as noted in section 3.1 of the bylaws).

The Staff Liaison shall conduct the elections for Chair as follows:

- A. Any Commissioner may nominate a candidate for Chair; no second is needed.
- B. Nominees may accept or decline the nomination.
- C. If only one (1) nomination is made, it is appropriate to make a motion and obtain a second to instruct the Staff Liaison to cast a unanimous ballot for that nomination for Chair. Approval is by majority vote of Commissioners present.
- D. If more than one (1) nomination is made, an open election is conducted by roll call vote.
- E. To be elected, the nominee needs a majority vote of the Parks and Recreation Commission.

- F. Elections will continue until a Chair is elected by a majority vote of the Parks and Recreation Commission.
- G. The Staff Liaison shall declare the nominee receiving the majority vote as the new Chair.
 - *This process is repeated for the election of the Vice Chair.

NEXT STEPS

Following the election of officers, the new officers will immediately assume their respective roles. The Staff Liaison will assist in the transition as desired by the newly elected Chair.

RECOMMENDED ACTION

1. Appoint Chair and Vice Chair

	2. Phase I Community Engagement Summary				
	4. Preliminary Design Concept – Woodsy Wonders				

EXECUTIVE SUMMARY

On March 18, 2025, the Mercer Island City Council approved the scope of work for the Deane's Children's Park Site Plan (Capital Project 90.25.0015). The purpose of this agenda bill is to provide an overview of the scope of work and a summary of the first phase of community engagement to the Parks and Recreation Commission (PRC).

- Deane's Children's Park is an expansive play area at Island Crest Park that includes multiple
 playground structures, the iconic "dragon", the Bike Skills area, a picnic shelter, a small restroom
 facility, walking paths, and limited parking.
- The 2022 Parks, Recreation, And Open Space Plan (PROS Plan) included a conditions assessment of
 park infrastructure and amenities and revealed that most playgrounds in the Mercer Island parks
 system are not ADA accessible. In addition, the assessment indicated that all playground structures
 would be due for replacement over the next two decades.
- The Deane's Children's Park playground structures were identified for early replacement in the 2023-2028 Parks Capital Improvement Program (Parks CIP).
- In November 2022, Mercer Island community members voted to renew the parks levy that was set to expire at the end of 2023. The parks levy includes dedicated funding for playground replacements across the Mercer Island parks system.
- During early work on the playground replacement plan, staff identified Deane's Children's Park as a good candidate for ADA improvements and conversion to universal play equipment, similar to the approach taken at Mercerdale Park. The topography of the play area is relatively flat, and the site is flexible, allowing equipment and structures to be reorganized to meet universal play standards.
- In addition to the playground equipment replacement, Deane's Children's Park includes a picnic shelter and storage shed at the end of its service life, and a small single-user restroom that is located outside the play area and is not easily accessible.
- Finally, the Bike Skills area was relocated to Deane's Children's Park in 2023.
- Given the combination of planning needs mentioned in the previous bullets, staff made the decision
 to pause the playground replacement project and instead pursue the development of a new Site Plan
 for Deane's Children's Park. The Site Plan will address universal play standards with a new layout and

- will include a phasing plan, cost estimate, and recommended funding strategy for replacing equipment and amenities.
- The City Council allocated \$1,500,000 in the 2025-2026 Biennial Budget and Capital Improvement Program for the planning, design, and construction of the improvements at Deane's Children's Park, including the development of the new Site Plan. The scope of work for the first phase of construction at the park will be determined through this planning process.
- The City entered into a contract with Berger Partnership in the amount of \$195,300 to facilitate the planning process and development of the Deane's Children's Park Site Plan.
- Between April and May 2025, the project team conducted the first round of outreach through an online survey, open house, school visits, and community event booths to gather input on priorities for the Site Plan.
- Key themes from the first round of engagement included strong support for inclusive and accessible
 play, preserving the park's natural and wooded character, and incorporating imaginative and naturebased design elements.
- Based on this input, two early design concepts were developed: The Quest and Woodsy Wonders.
- Between July and August 2025, the project team conducted the second round of outreach through an
 online survey, project booths at four community events, and a discussion with the Friends of Dragon
 Park to gather input on preferred concept and preferences on the look, feel, and character of play
 equipment.
- Key themes from the second round of engagement included strong support for the *Woodsy Wonders* concept, and a focus on imaginative, inclusive play experiences that preserve the park's natural character.

BACKGROUND

PARK FORMATION

In 1962, the Mercer Island Preschool Association (MIPA) proposed a children's park at Island Crest Park, which was owned and operated by King County. After the plan was approved, MIPA solicited support from local organizations to purchase equipment and enlisted community volunteers to build the children's play area. The City acquired Island Crest Park in 1968 and renamed the play area Deane's Children's Park in 1985, in honor of Lola and Phil Deane, Mercer Island residents who were instrumental in the park's creation. MIPA has continued to partner with the City to improve Deane's, including a major park renovation completed in 2005.

2022 PARKS, RECREATION, AND OPEN SPACE PLAN (PROS PLAN)

The 2022 PROS Plan included a conditions assessment of park infrastructure and amenities. This assessment helped guide the development and prioritization of the 6-year Parks Capital Improvement Program (Parks CIP). The assessment revealed that most playgrounds on Mercer Island do not meet ADA or universal accessibility standards, and much of the playground equipment is not accessible. Additionally, ten out of the 18 playgrounds in the park system were approaching the end of their useful life, including play structures at Deane's Children's Park and almost all of the playground equipment would need to be replaced over a twenty-year period. Deane's Children's Park was one of the five playgrounds with equipment slated for replacement in the 2023-2028 Parks CIP.

2022 PARKS LEVY

In November 2022, Mercer Island community members voted to renew the parks levy that was set to expire at the end of 2023. The renewed 16-year levy provides continued funding for parks operations and maintenance, in addition to funding Pioneer Park forest management and the replacement of 15 play structures. Deane's Children's Park was prioritized for early replacement due to the age and condition of equipment and the desire to provide universally accessible play opportunities.

DEANE'S CHILDREN'S PARK SITE CONDITIONS/EARLY ASSESSMENT

A preliminary assessment of existing conditions was conducted from 2023-2024. Key takeaways from these findings are divided into three categories:

Play Equipment

Play equipment at Deane's Children's Park was installed in 2005 and 2012. Except for the "dragon," the existing play equipment is nearing the end of its useful life. The timber curbs framing the play areas do not meet accessibility standards and the existing play equipment is not truly accessible. Additionally, the park's play equipment lacks diverse and inclusive play opportunities for all users.

Park Amenities

In addition to the play equipment, the park includes several amenities that require replacement. The original restroom that was decommissioned and converted into a storage shed is nearing the end of its useful life, as is the picnic shelter. The single-user restroom serving Deane's Children's Park and the Bike Skills area is located at the eastern edge of the property next to the parking lot, making it difficult to access. Site furnishings, including picnic tables and park benches, do not meet accessibility standards, and many are in disrepair.

Site Circulation

The park lacks clear wayfinding to the various play areas, which are spread out and do not offer clear sightlines, making overall site navigation confusing. The existing trails and pathways throughout the park require upgrades to meet accessibility standards and should be clearly defined to distinguish accessible from non-accessible paths. Furthermore, the accessible parking spaces in the parking lot do not comply with accessibility standards.

Along with the key takeaways from the preliminary assessment, it is important to note the relocation of the Bike Skills area to the northwest quadrant of the park, adjacent to the play area. The park amenities and overall site circulation will need to consider both user groups, ensuring restroom facilities and picnic shelters are centrally located, providing clearly defined paths for riders entering the Bike Skills area versus play areas, and developing amenities that meet accessibility standards. For these reasons, the scope of the playground replacement needs to be broadened to include the Bike Skills area, ensuring a cohesive plan for Deane's Children's Park.

SITE PLAN OVERVIEW AND SCOPE OF WORK

In the fall of 2024, the City engaged Berger Partnership as the design consultant to facilitate the development of a new Site Plan for Deane's Children's Park. The plan will address cohesive integration of the Bike Skills area and the playground structures, with the goal of modernizing the park area to meet universal play standards. The plan will also address improvements to pedestrian and bike circulation, restroom and picnic shelter replacement, parking, and other potential park improvements. The final Site Plan will include a cost estimate, phasing plan, and funding strategy.

The planning, design, and construction of Deane's Children's Park will include multiple phases:

Phase I: Develop a Site Plan in 2025 through a community engagement process that will address
universal play standards including a new park layout and phasing plan for the replacement of
equipment and amenities. The Site Plan will also include cost estimates and a funding strategy. The
Parks and Recreation Commission will review the proposed alternatives and present a
recommendation to the City Council for adoption.

- Phase II: The Site Plan will identify the first phase of capital improvement work, including
 anticipated replacement of one or more playground structures. The project will advance through
 detailed design, permitting, and phased construction that is anticipated to take place from 20262027.
- Future Phases: The anticipated scope of improvements for Deane's Children's Park likely exceed
 the initial budget allocation. Future capital improvements will be recommended for
 implementation in phases, to include continued opportunities for community fundraising and
 grants.

UNIVERSAL DESIGN AND ADA ACCESSIBILITY

To ensure the Deane's Children's Park Site Plan reflects principles of accessibility and inclusivity, the designs developed will be reviewed for visitors of all abilities by Kanics Inclusive Design Services, a consulting firm that specializes in developing inclusive play opportunities. Additionally, Kanics will be completing an inclusive playground evaluation at five other playgrounds on the Island, including Aubrey Davis East and West, Luther Burbank Park, South Mercer Playfield, and Mercer Island Community and Event Center. As part of the evaluations, a comprehensive report for each playground will be created, detailing recommendations for improvements.

COMMUNITY ENGAGEMENT PLAN

Community engagement for the Deane's Children's Park Site Plan will focus on identifying the needs and priorities of the project, gathering input on various play elements to inform the development of the design concept alternatives, and gathering feedback on concept alternatives to inform the final recommendation. Specific engagement opportunities include:

- Up to two public meetings/events may be a combination of in-person and virtual opportunities.
- Up to two online surveys run concurrently with the public meetings/events to collect additional input and reach community members that are unable to attend the events.
- Check-in meetings with the Parks and Recreation Commission (PRC) to seek feedback on the design concept alternatives and prepare a final recommendation on the Site Plan for review and adoption by the City Council.
- Regular updates posted on Let's Talk, including key dates, surveys, and other project information, as well as tools such as quick polls for ongoing engagement outside of the open house and surveys.
- Engagement with park neighbors and community groups to share project information, promote events, and seek feedback on the Site Plan.

ANTICIPATED PROJECT TIMELINE

The Site Plan development process is expected to take about one year and is divided into five major steps:

- Project Kickoff and Site Assessment: Q4 2024 Q1 2025 (complete)
- Pre-Design and Pre-Engagement: Q1 2025 (complete)
- Concept Development: Q2 Q3 2025 (complete)
 - o Identify gaps, needs, and priorities of project, and gather input on play elements
 - Develop concept alternatives
- Final Design Recommendation: Q4 2025 (initiating)
 - Refine concept alternatives into one final design as recommended by the Parks and Recreation Commission
- Site Plan Adoption: Q1 2026
 - o Parks and Recreation Commission to provide Site Plan recommendation to the City Council for review and adoption.

ISSUE/DISCUSSION

COMMUNITY ENGAGEMENT SUMMARY - INITIAL INPUT GATHERING

From April to May 2025, the project team conducted a multi-faceted first phase of community engagement to inform Deane's Children's Park Site Plan. Outreach efforts included an online survey, an in-person open house, project booths at two community events (MIPA Circus and Leap for Green), and school-based engagement activities across four elementary schools. These efforts were designed to gather feedback from a broad cross-section of the community – including families, children, and longtime park users – on their experiences, priorities, and ideas for the future redevelopment of the park.

Key themes and takeaways included:

- Strong support for inclusive and accessible play features, including improved paths and restrooms
- Desire to preserve the natural, wooded character of the park
- Continued enthusiasm for the park's dragon legacy, with interest in incorporating imaginative elements
- Preference for a unified theme, with top choices including Treehouse Adventure and Fairytale Kingdom
- High interest in active and diverse play features such as swings, climbers, spinners, and ziplines
- Support for phased improvements, starting with a new restroom facility, followed by a picnic shelter and access upgrades

A detailed summary of this engagement is provided in Exhibit 2.

PRELIMINARY DESIGN CONCEPTS

Community feedback gathered during the first phase of engagement directly informed the development of two preliminary design concepts: *The Quest* and *Woodsy Wonders*. These concepts reflect the community's priorities for inclusive, accessible play; a natural, forested setting; and imaginative elements rooted in the park's identity. Both designs incorporate features such as improved circulation, a variety of play types for all ages and abilities, and a centrally located picnic shelter and restroom. These concepts are provided in Exhibit 3 and 4 and summarized below:

The Quest

The Quest builds on the dragon legacy and fairytale themes expressed by many children and families, featuring castle-like play structures, a sense of adventure and discovery, and playful storytelling elements.

Woodsy Wonders

Woodsy Wonders emphasizes the natural woodland character of the site, and incorporates treehouse-like play structures, quiet spaces for reflection, and nature-based play that supports creative exploration.

COMMUNITY ENGAGEMENT SUMMARY – PRELIMINARY DESIGN CONCEPTS

The second phase of engagement focused on presenting the draft design concepts developed in response to initial community input. This phase invited community members to provide feedback on the overall look, feel, and character of the concepts – particularly the play equipment – and to respond to more specific questions related to different types and categories of play. From July to August 2025, the project team conducted a community-wide survey via the Let's Talk Mercer Island project webpage, held a focused discussion with the Friends of Dragon Park, and hosted project booths at four City events: Summer Celebration, Mostly Music in the Park, National Night Out, and Pride in the Park.

Key themes and takeaways included:

- Broad support for Woodsy Wonders as the preferred concept, with appreciation for its alignment with the park's natural setting
- Desire to meaningfully integrate Kenton's Dragon into the updated design
- Continued support for unstructured, imaginative play that fosters creativity, exploration and openended play experiences
- Emphasis on inclusive features that support a range of ages and abilities, while preserving the park's forested character
- Climbing and sliding were the most desired play elements in larger structures, with clear support for elevated, open spaces and a unique structure that reflects the park's character

A detailed summary of this engagement is provided in Exhibit 5.

DESIGN REFINEMENT DISCUSSION - LOGISTICS

This agenda item includes a site-tour of Deane's Children's Park. The PRC and City staff will travel in City vans to the site. Discussion related to PRC business will only take place in the Slater Room of the Mercer Island Community and Event Center (MICEC) and on-site during the tour. The tour is expected to last approximately 1.5 hours. Public comment will be available at the beginning of the meeting agenda and take place via Zoom or in-person at the MICEC, provided they register with City staff prior to the meeting. Community members may attend and view the site-tour but will need to provide their own transportation and may not engage in the discussion.

Site-tour Itinerary (times are approximate):

- 5:30pm- Depart Mercer Island Community and Event Center (8236 SE 24th St.)
- 5:40pm- Arrive Deane's Children's Park (5701 Island Crest Way)
- 5:45pm- Walking of Tour of Site
- 6:45pm- Depart Arrive Deane's Children's Park
- 7:00pm- Resume PRC Meeting at Mercer Island Community and Event Center

DESIGN REFINEMENT DISCUSSION - PURPOSE

As the project team moves toward identifying a single preferred concept, a site-tour will provide an on-the-ground opportunity to help visualize how each concept would be experienced in context. This in-person perspective is intended to support a more informed decision. The questions below are provided to guide Commission feedback on how well the concepts reflect community input and long-term priorities, and to identify key areas for further refinement.

- 1. To what extent do you feel community input has been reflected in these two concepts?
- 2. Which concept better supports the community's long-term goals?
- 3. Are there specific aspects of either concept that need additional exploration or clarification before moving forward?
- 4. Are there strengths in one concept that should be carried over into the other as we move toward one refined plan?
- 5. Based on community outreach to date, does the preferred concept aligns with the community's priorities and values?

The Commission's feedback from this discussion, along with community input, will help guide refinement of the two design concepts into a single preferred plan. The project team will incorporate this input and return with a refined design for review and direction.

NEXT STEPS

The project team will refine the design concepts into a single preferred plan. As part of this process, the play equipment layout and features will be further developed. Staff will present the preferred plan and play equipment features to the Parks and Recreation Commission for review and consideration at the November 6, 2025, Regular Meeting.

RECOMMENDED ACTION

Participate in the site walk and provide input to help staff refine the concepts into a single preferred plan, which will be presented to the Commission in November.

DEANE'S CHILDREN'S PARK

Item 4.

PROJECT OVERVIEW

A renewed 2022 Parks Levy provides continued funding for parks operations and maintenance, including replacement for play structures. Deane's Children's Park was prioritized for early replacement due to the age of equipment and the desire to provide universally accessible play opportunities. The re-imagined Deane's Children's Park will focus on inclusive play, a play-for-all approach that is rooted in universal design guidelines and goals, as well as evidence-based play space design practices. Through a community engagement process, the City is developing a Site Plan for a new layout with welcoming play spaces where all visitors can play together, regardless of age or ability.

ENGAGEMENT PROCESS

The first phase of engagement focused on introducing the project and gathering input from community members about their experiences at Deane's Children's Park, as well as their needs and priorities. Between April and May 2025, the project team conducted a community-wide survey via the Let's Talk Mercer Island project webpage, hosted an open house, visited the four elementary schools on the island to engage with children, and hosted project booths at both the City's annual Leap for Green event and the Mercer Island Preschool Association's annual Circus event. The following sections summarize the key themes and findings from these five engagement activities.

Survey #1

The survey was available online on the Let's Talk Mercer Island Deane's Children's Park Site Plan webpage from April 21 to May 23, 2025, and received a total of 102 responses. The majority of responses were likely submitted by families, including children under age 12 and adults aged 35-45. Most respondents reported visiting the park either weekly or occasionally, with 54% arriving by car and 36% walking

Survey participants expressed strong appreciation for the dragon structure and a clear desire to see it preserved in the updated park design. Swings, slides, and the natural forest setting were also highly valued for offering shade, variety, and opportunities for unstructured, open-ended play. While there was broad support for inclusive play features, many emphasized that these should not come at the cost of the park's existing forested character.

"Dragon Park is a special place well known by families throughout the region. Please make it accessible but at the same time don't ruin the feeling of being in the woods and lose the sense of adventure."

Current challenges identified at the park included the distance to the restroom and its condition, limited visibility across the playground; inadequate parking; inaccessible paths, surfaces, and play structures, as well as aging amenities.

Feedback to Support Inclusive Design

Survey respondents provided thoughtful feedback to support inclusive design in three key areas:

Physical Accessibility:

- A family restroom with a universal changing table
- Seamless transitions between park areas and rollable surfaces
- Benches with adjacent space for mobility devices

"Good accessible paths are a must. The park is currently very challenging due to poor path conditions..."

Page 1 of 5

Sensory Processing Differences:

- Quiet spaces in the park
- Tactile play elements such as sand and water features
- Play experiences that includes linear motion, like swings and slides

"[A]daptive swings, quiet areas, tactile panels, sensory-friendly trails..."

Cognitive and Intellectual Challenges:

- Clear signage and visibility across the playground
- Play experiences that build developmental skills in a sequence
- Picture communication panels

"I think playgrounds should be designed in a way so that it is easy to keep an eye on kids (especially when you have more than one child to watch), and to reach them/run to them easily and safely when needed."

Theme and Aesthetic Preferences

When asked about design themes to complement Kenton's Dragon, respondents' top choices were Treehouse Adventure and Fantasy Woodlands. While there was enthusiasm for building upon the current park's dragon theme, many emphasized the importance of preserving the park's natural aesthetic and not over-theming the space.

Desired Features and Phasing Priorities

Preferred active play features included swings, climbing structures, and slides. Because the park will be constructed in phases, respondents were asked to identify their top priorities: first, a new restroom facility; followed by a picnic shelter and tables; and lastly, parking and access improvements.

Open House

An in-person open house was held on Saturday, May 3, 2025, from 10:00 a.m. to 12:00 p.m. at Island Park Elementary School, located next to Deane's Children's Park. Approximately 20 community members attended, including parents with young children, and previous park users. The event offered an opportunity for attendees to learn about the project, vote on preferred themes and play features, speak with an inclusive design expert, and participate in hands-on activities with project team members to redesign the park.

Feedback from open house participants aligned closely with key themes identified in the community survey. Common priorities included:

 Support for an accessible, inclusive playground with improved visibility and paths that accommodate mobility devices and strollers

Figure 1. Families design a park with project team members.

- A strong preference for maintaining the park's natural, wooded character while building on the existing dragon theme to inspire imaginative play
- Interest in enhanced spaces for caregivers, including areas for stroller parking and seating
- Appreciation for swings and interactive features, such as activity

Participants also noted that while musical elements in the current park were enjoyable, they were often broken or missing parts. Additionally, several attendees expressed interest in donation opportunities to help support the park's redevelopment.

In-School Engagement

In May 2025, City staff visited four elementary schools to directly engage with students and gather their feedback and ideas for the future of Deane's Children's Park. During these visits, students had the opportunity to vote on preferred park themes and play features — using the same options presented in the community survey and open house. As an optional take-home activity, students were invited to design their own parks (see Appendix A). Nearly 160 designs were submitted to the City, providing valuable insight into students' priorities and creative ideas for the park.

Island Park Elementary:

- Three 35-minute sessions with three classes per session
- Approximately 225 students
- Grades 3 5

Lakeridge Elementary:

- Eight 15-minute sessions with two classes per session
- Approximately 327 students
- Grades K 5

Northwood Elementary:

- Seven 20-minute sessions with two classes per session
- Approximately 300 students
- Grades K 5

West Mercer Elementary:

- Six 20-minute sessions with three classes per session
- Approximately 450 students
- Grades K − 1 and 3 − 5

Student Feedback Highlights

Across all schools, the most popular theme choices were Fairytale Kingdom and Treehouse Adventure. Top play features included **swings, climbers, and spinners**. Key takeaways from the student-designed playground included:

- Frequent use of themes such as castles, climbing towers, adventure, and dragons
- Enthusiasm for play spaces among and within trees
- Interest in ziplines, swings, activity panels, and musical elements
- A desire for restrooms
- A strong preference for a diversity of play options that offer both active and imaginative experiences

Community Event Booths

In spring 2025, City staff hosted informational booths at two popular community events: the City's Leap for Green sustainability fair (April 5, 2025) and the Mercer Island Preschool Association's annual Circus event (April 26, 2025). These booths were designed to introduce the Deane's Children's Park Site Plan project to families and community members, provide an overview of what the site planning process entails, and share details about upcoming engagement opportunities. Staff distributed materials about the online survey and open house, answered questions, and encouraged participation from a broad cross-section of the community. These events helped raise awareness about the project early in the engagement process and supported community turnout for subsequent activities.

Figure 2. Island Park students vote for their favorite playground themes.

NEXT STEPS

The project team will develop two design concepts based on this first phase of engagement and universal design best practices. These concepts will incorporate key community priorities, including quiet rest areas, a cohesive natural theme that honors the park's dragon legacy, upgraded restroom and shelter facilities, and a variety of play equipment and features designed to meet the needs of all park users. A second community-wide survey scheduled for July 2025 will gather further input to help refine the concepts and guide the selection of a preferred site plan.

a challenged You than have saved the kingdom from the vicious beaut

THE QUEST

This early concept plan was developed from input gathered during previous community engagement activities. Concepts are subject to change through additional community engagement and design work.

1 ARRIVAL

The main entrance welcomes visitors with a drawbridge inspired gateway, setting the tone for an imaginative adventure within the park.

2 STORYBOOK VILLAGE

Tucked near the park entrance, this village is designed for young children to begin their adventure with imaginative shops like a bakery, blacksmith, or forest cafe. Kids can enjoy:

- Whimsical play houses that inspire creative storytelling (Building names could recognize community donors)
- · Multi-sensory, imaginative play with features like sand areas

3 JOURNEY TO KENTON'S DRAGON

This sensory-rich path invites kids to explore on their way to Kenton's Dragon. Along the way, kids can:

- Navigate changing terrain or textures that mimic a river, with moments of quiet play in mushroom houses, log tunnels, and among woodland creatures
- Just beyond Kenton's Dragon, a treasure chest awaits discovery!

4 ADVENTURER'S GUILD

Beyond the village lies the City - a central hub inspired by an Adventurer's Guild. This area includes a shelter, restrooms, and seating - offering a place to gather and rest. A central artistic wayfinding feature helps guide explorers on their quest through the park.

6 CASTLES ALONG THE QUEST

This area invites children to explore a series of castle-themed play structures, each offering a unique way to climb, imagine, and discover. Designed for a wide range of ages and abilities, these spaces blend inclusive design with imaginative adventure. From gently sloped ramps and sensory pathways to more challenging climbers - like the hilltop castle - kids can choose their own pace and path.

The experience balances active play - swinging, spinning, and rocking - with quiet moments, so every child can enjoy the magic of the quest.

6 THE FAIRY GLEN

Tucked among trees and ferns, the Fairy Glen offers a peaceful woodland spot for quiet play, musical discovery, and gentle exploration.

This early concept plan was developed from input gathered during previous community engagement activities. Concepts are subject to change through additional community engagement and design work.

1 ARRIVAL & FOREST PATH

As you arrive, you'll be greeted by natural wood materials that set the tone for a forest-inspired, treehouse-themed experience. The forest path acts as the central spine, connecting major elements of the playground and ensuring accessibility for all visitors.

- It begins at the park entrance, leads to various play areas, and ends at a large treehouse climber.
- The northern part of the forest path can be designed as an elevated walkway, offering unique views and playful interactions.

2 (RITTER CORNER

Tucked near the park entrance, this play area is designed for children ages 2 - 5. Here, little ones can discover forest animals, climb on nature inspired structures, and enjoy:

- Spaces for exploration and imaginative play
- Sensory friendly features
- Cozy spots for quiet breaks

3 DISCOVERY PATH

Designed for younger explorers, this is a playful loop that weaves through nature-inspired activities - blending movement, imagination, and moments of calm. Along the way, kids can:

- Balance, climb, and crawl through a woodland adventure
- · Pause for quiet moments and seating nestled in the woods
- End at an accessible treehosue structure that connects to the adventure hub and leads to Kenton's Dragon.

4 PICNIC SHELTER & RESTROOM AMENITIES

This central area will feature structures with a natural aesthetic to blend into the park's rustic, forest-inspired setting and create a welcoming place for families to gather, rest, and connect. Donor recognition could be integrated onto the restroom walls - similar to a tile wall display.

5 TREEHOUSE ADVENTURE HUB

This playground brings the magic of the forest to life with a variety of treehouse-style play experiences designed for a wide range of ages and abilities. From fully inclusive post-and-platform structures to swings, every child can find their own way to play, explore, and connect. Highlights include a willow tunnel for quiet discovery, a rocking 'river raft', and rope climbers for adventurers.

The design blends challenge and accessibility, so every child can join the fun - at their own pace, in their own way.

PROJECT OVERVIEW

A renewed 2022 Parks Levy provides continued funding for parks operations and maintenance, including replacement for play structures. Deane's Children's Park was prioritized for early replacement due to the age of equipment and the desire to provide universally accessible play opportunities. The re-imagined Deane's Children's Park will focus on inclusive play, a play-for-all approach that is rooted in universal design guidelines and goals, as well as evidence-based play space design practices. Through a community engagement process, the City is developing a Site Plan for a new layout with welcoming play spaces where all visitors can play together, regardless of age or ability.

ENGAGEMENT PROCESS

The second phase of engagement focused on presenting the draft design concepts developed in response to initial community input. This phase invited community members to provide feedback on the overall look, feel, and character of the concepts – particularly the play equipment – and to respond to more specific questions related to different types and categories of play. From July to August 2025, the project team conducted a community-wide survey via the Let's Talk Mercer Island project webpage, held a focused discussion with the Friends of Dragon Park, and hosted project booths at four City events: Summer Celebration, Mostly Music in the Park, National Night Out, and Pride in the Park. The following sections summarize the key themes and insights from this outreach.

Survey #2

The survey was available online on the Let's Talk Mercer Island Deane's Children's Park Site Plan webpage from July 12 to August 12, 2025, and received a total of 72 responses. Demographics data showed that most respondents lived in households of three or more people and had at least one child under the age of 18. The majority of respondents resided in the central part of the island, between SE 40th and SE 68th.

Participants expressed strong interest in creating a park that is both inclusive and grounded in its natural setting. There was a clear emphasis on the importance of accessible trails, inclusive play features, and amenities that support a range of ages and abilities.

"The great thing about the park currently is that it is great for a wide range of ages. Please retain this feature in the redesign..."

Respondents also voiced enthusiasm for incorporating natural materials and creative elements – such as hidden surprises and opportunities for imaginative play. Adventure play remained a consistent theme, along with a desire for a unique, signature structure that reflects the character of the park. Commonly requested amenities included restrooms near the play area, shaded seating for caregivers, preservation of trees, and spaces for gathering.

Concept and Aesthetic Preferences

Survey responses showed a nearly even split between the two design concepts, with *The Quest* receiving a slight edge over *Woodsy Wonders*. In addition, 14% of respondents liked both concepts equally, and only three respondents indicated they did not like either option.

When asked to select preferred imagery to represent the look, character, and feel of play equipment for each concept, participants most often chose:

- The Quest: Options B and D

Woodsy Wonders: Option D and B

These top selections reflect a strong preference for nature-based, adventurous aesthetics. There was continued enthusiasm fo whimsical, adventurous elements – such as dragons, treehouse, hidden surprises – balanced by a desire to maintain the forested character that defines the park.

Play Features and Equipment Preferences

Participants consistently prioritized active and adventurous play experiences. Climber and slides emerged as the most desired features for large play structures, followed by balancing elements and tunnels. There was clear enthusiasm for elevated play spaces that feel open and connected to the environment – structures with nets or see-through panels were strongly favored over more enclosed options.

When asked about preferences for motion-based and sensory equipment, participants identified the following favorites:

Motion Play Equipment Preference:

- Swings: Individual swings (belt, toddler, molded seat) were the top choice
- Group Rocking: Companion See-Saw ranked highest
- Group Spinning: No Transfer Spinner was most preferred
- Individual Spinning: Stand-Up Spinner was the most popular

Sensory Features:

- Top selections: Sound play, tactile play, and table slide

"Please keep the xylophone that honors Judy Witmer, beloved pre-school teacher to so many Mercer Islanders. She passed away earlier this year, and it would be a great honor to retain the memory of her at everyone's favorite park."

Overall, responses reflected a desire for variety, challenge, and imaginative play. Many participants also called for a unique or signature play element to help define the space and enhance the park's identity.

Community Event Booths

The project team hosted booths at four community events to share the draft design concepts and gather input from the community. At each event, staff introduced the two proposed concepts, answered questions, and invited attendees to participate in a dot voting exercise to indicate their preferences on overall design direction and play equipment character. Survey handouts were also provided to encourage more detailed feedback on specific play elements. Additional input was collected through informal conversations. These events offered a valuable opportunity to connect with a broad cross-section of the community in a casual, accessible setting.

The following summaries highlight responses and key takeaways from each event.

Summer Celebration:

Date: July 12, 2025 | 10:00am - 2:00pm

Estimated Attendance: Approximately 300 - 400 people

Preferred Concept: Woodsy Wonders

Preferred Equipment Character – Woodsy Wonders: Option D

Preferred Equipment Character - The Quest: Option B

Key Takeaways:

- Attendees responded positively, expressing appreciation for the team's presence and the opportunity to provide input
- Many children recognized the project from earlier school engagement. While some were initially confused—thinking they had already provided feedback—they were excited to learn their input had informed the current concepts and were eager to vote again

Figure 1. Attendees cast votes on their preferred design concept and style of play equipment at Summer Celebration.

The 'Woodsy Wonders' theme emerged as the clear favorite, though both concepts were well received. The natural aesthetic resonated with the park's character, and many suggested combining elements from both designs

 Participants expressed strong interest in a distinctive feature that reflects the park's identity and supports the chosen theme—particularly favoring the natural treehouse look and climber concepts like the tree snag/birdcage and wood castle/fort

Mostly Music in the Park:

Date: July 31, 2025 | 6:30pm - 8:30pm

Estimated Attendance: approximately 60 people

Preferred Concept: Woodsy Wonders

Preferred Equipment Character – Woodsy Wonders: Option D

Preferred Equipment Character - The Quest: Option B

Key Takeaways:

- Theme for 'The Quest' feels a bit more tailored to younger age groups and not adaptable for older ages

 Desire to ensure spaces support family interaction, where parents and caregivers can actively participate in play alongside children

National Night Out:

Date: August 5, 2025 | 5:00pm – 8:00pm

Estimated Attendance: Approximately 40 people

Preferred Concept: Woodsy Wonders

Preferred Equipment Character - Woodsy Wonders: Option D

Preferred Equipment Character - The Quest: Option B

Key Takeaways:

 Broad support for locating the restroom in a more central, accessible area

Appreciation for the flexibility of *Woodsy Wonders* concept to serve a wide range of age groups

Positive feedback on the zipline element featured in *The* Quest, particularly for its appeal to adventurous play

Pride in the Park:

Date: August 7, 2025 | 4:30pm - 6:30pm

Estimated Attendance: Approximately 80 people

Preferred Concept: Woodsy Wonders

Preferred Equipment Character - Woodsy Wonders: Option D

Preferred Equipment Character - The Quest: Option B

Key Takeaways:

- Support for incorporating The Quest storyline and integrating Kenton's Dragon as a central feature
- Desire to see Kenton's Dragon more fully woven into the Woodsy Wonders concept, rather than as a secondary element
- Preference for a variety of path types throughout the site to create a more natural and diverse experience
- Encouragement to prioritize imaginative, open-ended play opportunities and avoid an overly structured design

Across all four events, there was strong community support for both design concepts, with many attendees expressing enthusiasm for the direction of the project. Feedback reflected a broad appreciation for the creativity, play value, and preservation of the site's natural character in both concepts. Notably, students who had participated in the first round of engagement were excited to see how their ideas and input had been incorporated into the concepts, reinforcing a sense of ownership and connection to the park's future.

Figure 2. Attendees cast votes on their preferred design concept and style of play equipment at Pride in the Park.

Friends of Dragon Park

Staff met with the Friends of Dragon Park on Thursday, July 24, 2025, from 11:00am – 12:00pm to review and discuss the draft design concepts. Nine members attended the meeting. Staff began with a presentation outlining the two concepts, followed by small group discussions. Participants were divided into two breakout groups and asked to respond to a series of questions, including their preferred concept, the strengths and weaknesses of each design, and whether any elements were missing that should be considered in the preferred plan. A summary of these takeaways is provided below:

- Support for Woodsy Wonders as a preferred direction
 - While there was appreciation for both concepts, the majority of participants favored Woodsy Wonders for its natural character and felt it represented a strong next chapter for the park. However, they encouraged it to incorporate more layered, imaginative elements – similar to the storytelling strength found in *The Quest*.
- Desire for stronger integration of Kenton's Dragon
 - There was clear interest in making the journey to Kenton's Dragon and the dragon itself a more central and meaningful part of *Woodsy Wonders*, to better reflect the park's identity and history.
- Importance of balanced play features and accessibility
 - Participants emphasized including a variety of play elements, such as swings (including an accessible swing), slides, and monkey bars. They also expressed concerns about the placement of the *Critter Corner* and swings in *Woodsy* Wonders, recommending layout adjustments to improve safety and function.
- Site amenities and circulation
 - There was a preference for the restroom location shown in *The Quest*, with interest in applying that placement to *Woodsy Wonders*. The group also supported maintaining a fence between the parking lot and suggested adding a trail connection from Island Crest Park to provide safer pedestrian access. If additional entrances to the park are preferred, participants emphasized the need for gates or similar features to ensure safety.

Figure 3. 'Woodsy Wonders' preferred play equipment character

Figure 4. 'The Quest' preferred play equipment character

NEXT STEPS

Community feedback across all engagement activities reflected strong support for both concepts, with a majority expressing a preference for *Woodsy Wonders* due to its natural character, flexibility for multiple age groups, and potential for imaginative, layered experiences. Key input included a desire to better integrate Kenton's Dragon into the design, improve the location of amenities like restrooms and *Critter Corner*, and enhance safety and circulation—particularly around entrances and access points. The project team will refine the design concepts into a single preferred plan. As part of this process, the play equipment layout and features will be further developed, informed by community priorities around inclusivity, imagination, and site connectivity. Staff will present the preferred plan and play equipment features to the Parks and Recreation Commission for review and consideration at the November 6 Regular Meeting.
