AGENDA ITEMS

1. City Administrator:

Budget FY 24

The City Administrator went over the FY 24 budget. He went line by line so the new members of the council that has never been through a budget knew what to look for. The City Treasure also gave the council budget worksheets to go off so they could see what we have spent for the past three years. We do have lots of new sections. The budget will look a lot different from the past because we have moved items back in the departments where they belong. The council will get the budget and make notes of what changes they want to see.
