Memorandum

TO: Mills City Council
FROM: Megan Nelms, AICP, City Planner
DATE: November 26, 2024
SUBJECT: Hansen Qwik Lube – Deviation/Variance Request

Case Number: 24.01 VAR

Summary: The request is for a Deviation to the minimum side yard setback for a commercial structure located at 306 SW Wyoming Blvd. The zoning of the subject property is C-1 (General Commercial District), which establishes a minimum side-yard setback of 5 feet. The deviation request is for an additional work bay to be added onto the west side of the existing commercial building, which would encroach on the side yard setback, requiring a deviation of 5 feet.

Zoning Requirement: The Land Development Regulations require all structures to be located outside of required yard setbacks. The required setback in the C-1 (General Commercial District) is five feet (5').

Analysis:

The applicant is requesting a deviation from the required side yard setback to add an additional work bay onto an existing automobile service shop. The Land Development Regulations (LDRs) require all structures to be located out of the required yard setbacks.

Sections 10.50 and 10.55 of the LDRs allow deviations from certain development standards when special circumstances applicable to the property, including location, shape, size, surroundings, topography or other physical conditions for which the strict application of the standards denies the property owner privileges enjoyed by other property owners in the vicinity in the same zoning district. The deviation must not adversely affect the interest of the public or residents and property owners in the vicinity of the property in question.

Phone: 307-234-6679
Fax: 307-234-6528

Item #1.

Deviations are not intended to be granted frequently. The applicant must clearly show that the request is due to very unusual characteristics of the property and that it satisfies the deviation standards. Evaluation of an applicable special circumstance is a matter to be determined from the facts and specifics of each application.

A deviation may be approved after considering the following criteria:

1. The proposed development is compatible with existing and proposed or expected land uses in the surrounding area.

Yes, an automobile service center is an approved use within the C-1 (General Commercial District) and is generally compatible with other uses in the vicinity.

2. The deviation results in the creation of project amenities that would not be available through strict adherence to the Regulations (e.g. additional open space, protection of natural resources, improved pedestrian connectivity, etc.).

No, the granting of a deviation to the setbacks would not result in additional project amenities.

3. Granting the deviation would not adversely affect the interests of the public or the interests of residents and property owners in the vicinity of the subject property.

Approving the deviation may affect the adjacent property owner to the west if the building addition extends to the property line. The public interest in enforcing required setbacks relates to building separation and uniform location and providing light and air between buildings. Additionally, uniform setbacks provide the space needed for future utility placement.

4. The deviation is the minimum required or needed for customary enjoyment of the property.

The deviation is not required for customary enjoyment of the property as the structure exists and there are other potential options available to the applicant

in which meeting the required standards is feasible (e.g. purchase of the neighboring lot, no expansion, etc.).

Planning Commission Recommendation: At their November 7, 2024, meeting, the Planning & Zoning Commission recommended DENIAL of the deviation request.

Staff Recommendation: After reviewing the criteria to be considered when evaluating a deviation request, the applicant has not provided clear evidence of special circumstances that would unreasonably prevent him from using his property for a permitted purpose. The building in question is used commercially as Hansen's Qwik Lube. The property is zoned for commercial use.

The applicant has not shown any special circumstances, such as an irregular lot shape or topography, which prevent building in compliance with the LDRs, only that he wants to expand the works bays for additional space.

Staff recommends the Planning & Zoning Commission DENY the variance request as presented by the applicant and put forth in case 24.01VAR, for a variance of five feet from the required 5-foot side yard setback for the construction of an additional work bay setback 0' feet from the west side property line.

The Planning and Zoning Board is required to determine Findings of Fact and Conclusions of Law. No exceptions to the Ordinance shall be granted by the Board unless it finds that:

a. There are unique physical circumstances or conditions, such as irregularity, narrowness or shallowness of the lot, or exceptional topographical or physical conditions peculiar to the affected property; or other circumstances where the landowner establishes that a hardship exists on the affected property:

b. The hardship is due to unique circumstances and that the difficulties facing the applicant are different from those of neighboring properties because:

c. The variance will not authorize a use other than those uses specifically listed as permitted or conditional uses in the zoning district in which the variance is sought because:

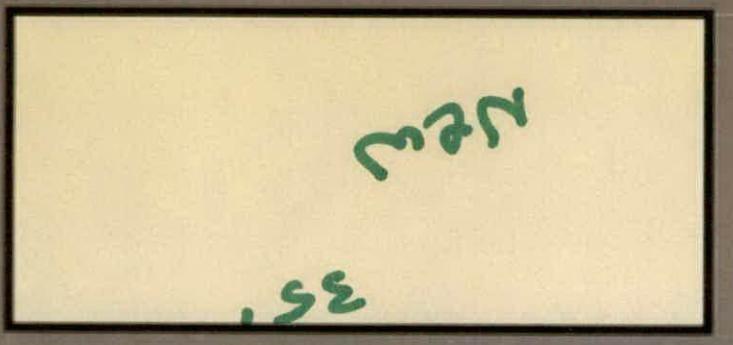

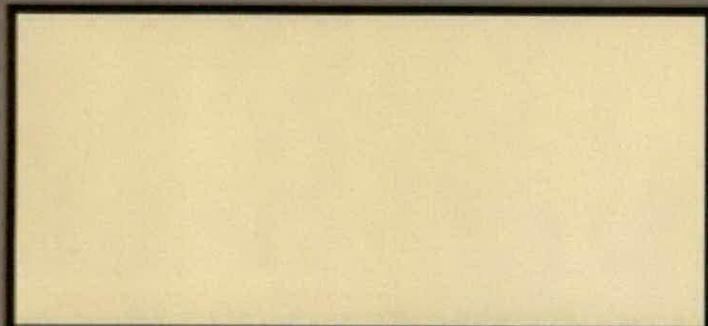

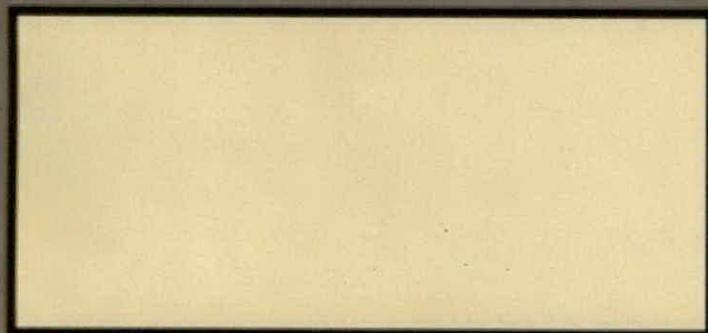

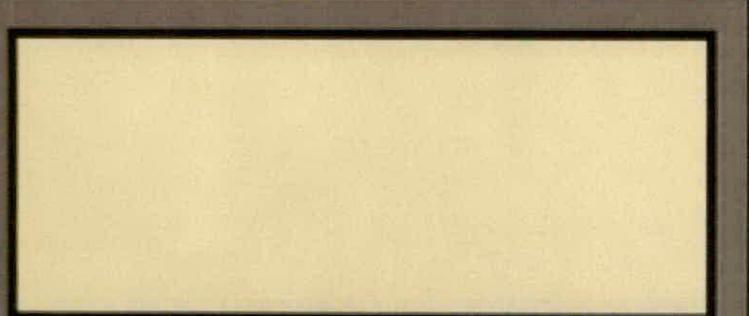

d. The variance will not result in a gain in use, service or income for the applicant to a greater extent than available to other landowners in the vicinity because:

e. Granting the variance will not merely serve as a convenience for the applicant but is necessary to alleviate a proven hardship related to the property because:

The Devou's will not sell any surrounding property until the old Peterbuilt building sells. We cannot build a large enough bay to use for additional vehicle traffic and services and adhere to the 5' setback rule

RE: Deviation Request – Required Setback
A portion of Lots 1 & 2, Block 5, Kiskis Subdivision aka 306 SW Wyoming Blvd

Dear Neighboring Landowner:

I would like to inform you of a Deviation request by a neighboring property. The property owner has requested an administrative adjustment to the required side yard setback in the C-1 (General Commercial) zoning district. If you should have any concerns or comments, you are invited to attend the following public hearings:

The Mills City Council will hold a public hearing on November 26, 2024, at 7:00 P.M., or as time allows, in the Council Chambers, 704 Fourth St., Mills, Wyoming.

The required setback is five feet (5') and the applicant has requested a reduction of the setback by five feet (5'). The applicant is proposing new construction on the property that will extend the existing structure to the western property line, for a 0' setback. The attached aerial photo shows the subject property and area of setback adjustment highlighted in yellow and red.

If you are unable to attend the meeting and have any comments regarding this proposal, you may send a signed letter or fax to the City Clerk's Office, and it will be forwarded to the Council on your behalf. Please do not hesitate to contact me at (307) 632-5656 if you have any questions.

Sincerely,

Megan Nelms, AICP

Memorandum

TO: Mills City Council

FROM: Megan Nelms, AICP, City Planner

DATE: November 26, 2024

SUBJECT: Updated City Zoning Map

Summary: With the adoption of the updated Title 17 - Land Development Regulations in July, an update of the official City Zoning Map with the new zoning districts was necessary.

The previous zone districts were generically named and broad in permitted uses, for example, “Established Residential” and “Developing Residential,” while the new code has more specific zone district names along with a better-defined intent and purpose for each district. Staff spent considerable time reviewing the previous zoning map to ensure that properties were placed into districts with the same permitted uses as the districts under the previous Title 17.

The updated official city zoning map is attached for review and approval by Council prior to official publication.

Staff Recommendation: Staff recommends the Council adopt the updated 2024 City of Mills Zoning Map for publication.

BRAND STORIES

So you'd like to see a story about your business? Well, there's a way to make that happen. A Livability Media Brand Story specialist will collaborate with you on an article idea to interest the audience you want to reach. Then a Livability writer will research and write the article and a Livability designer will format it in the overall tone and style of all other Livability articles.

Brand Stories are written in a style that's not overly promotional or self-serving. Today's readers don't have time for that and millennials in particular are wired to sniff out and reject obvious sales pitches.

Digital PREMIUMS

Expand your reach and brand through additional online opportunities. Ask your sales representative for more information.

ONLINE CATEGORY SPONSORSHIP

This opportunity includes recognition with a custom sponsor text ad on the city landing page, plus one exclusive ad unit on all articles within your chosen category. Your ad will also rotate throughout the city section as general placement. **Choose one of the following categories: Experiences & Adventures • Food Scenes • Healthy Places • Affordable Places to Live • Where to Live Now • Education, Careers & Opportunity • Love Where You Live.**

PREMIUM STATEWIDE EXPOSURE

These positions display on your state page, statewide articles and selected city pages, reaching visitors who search for information about various locations within the state.

PREMIUM DISPLAY AD SIZES

Upgrade your standard leaderboard or medium rectangle display ad to a premium display ad size for greater impact:

- Billboard: Fills top-of-page horizontal position
- Half-Page: Fills dominant vertical position

ADHESIVE BANNER SPONSORSHIP

The Adhesive Banner display ad is positioned across the bottom of the page and visible as the user scrolls. One of five positions available, ads will rotate on city landing and article pages.

DIGITAL MAGAZINE SPONSORSHIP

This opportunity includes a Billboard or Leaderboard, a bottom Adhesive Banner and site recognition as the digital magazine sponsor linking directly to your website. One standard or premium sponsorship is available per digital magazine.

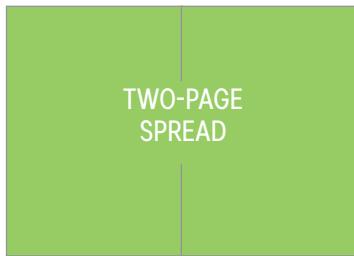

VIDEO SPONSORSHIP

Be the exclusive sponsor of your community's Livability video. Your logo will be featured at the beginning and end of the video, and also be recognized on the site as the sponsor.

Ads Produced by Livability Media

Basic typesetting and layout are included in rate. Custom production will be subject to additional charges.

A color PDF proof will be sent for approval prior to publication.

Supplied files, photo/logo scans, images and artwork must be:

- Scanned/created at 300 dpi or higher to size. (Photos or logos from websites cannot be accepted due to low print quality.)
- Set up as grayscale or CMYK.
- Saved as high-resolution TIFF, JPEG, EPS or PDF files.

Print-Ready Submitted Ads

- Print ad must be submitted as a high-resolution (300 dpi) PDF (PDF/X-1a).
- The publisher is not responsible for enhancing advertisers' digital files or resizing to match the ad space purchased.
- For aesthetic purposes, any ads submitted without a defined border [on a white background] will have a thin rule added by the publisher to define the perimeter. A proof of the ad with the modification will be sent for reference.
- If any additional work is necessary or if files deviate from the size or specifications on this form, the files will be rejected and must be resubmitted. Please proof your ad carefully before submission. Resubmitted files will be subject to a \$50 processing fee.
- Any extra charges incurred by the publisher due to problems with supplied files will be billed to the advertiser with a detailed explanation of the problem.

PROOFING POLICY

We do not provide a proof for ads we do not produce. It is understood that the files are set up as the advertiser intended and were approved prior to submission to the publisher.
