

#### City of Montgomery Planning and Zoning Commission Regular Meeting Agenda

August 05, 2025 at 6:00 PM Montgomery City Hall – Council Chambers 101 Old Plantersville Rd. Montgomery, TX 77316

**NOTICE IS HEREBY GIVEN** that a Regular Meeting of the Planning and Zoning Commission will be held on **Tuesday, August 05, 2025** at **6:00 PM** at the City of Montgomery City Hall, 101 Old Plantersville Road, Montgomery, Texas.

Members of the public may view the meeting live on the City's website under Agenda/Minutes and then select **Live Stream Page** (**located at the top of the page**). The Meeting Agenda Pack will be posted online at <a href="https://www.montgomerytexas.gov">www.montgomerytexas.gov</a>. The meeting will be recorded and uploaded to the City's website.

#### **OPENING AGENDA**

- 1. Call meeting to order.
- **2.** Pledges of Allegiance.

#### **PUBLIC FORUM:**

The Planning and Zoning Commission will receive comments from the public on any matters within the jurisdiction of the Commission. Speakers will be limited to three (3) minutes each. Persons wishing to participate (speak) during the Public Forum portion of the meeting must sign-in to participate prior to the meeting being called to order. Please note that discussion, if any, on subjects for which public notice has not been given, are limited to statements of specific factual responses and recitation of existing policy.

#### **CONSENT AGENDA:**

All Consent Agenda items are considered to be routine by the City Council and will be enacted by a single motion. There will be no separate discussion on these items unless a Councilmember requests an item to be removed and considered separately.

- 3. Consideration and possible action on the P&Z Regular Meeting Minutes of July 01, 2025.
- 4. Consideration and possible action to cancel the second public hearing before the Planning and Zoning Commission regarding the rezoning request related to 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22, submitted by Lone Star Cowboy Church (Dev. No. 2407).
- 5. Consideration and possible action to cancel the second public hearing before the Planning and Zoning Commission regarding the rezoning request related to 12.15-acres of the Tract 2-G, John Corner Survey, Abstract 8, submitted by BCS Capital LLC (Dev. No. 2415).

#### **PUBLIC HEARING:**

The City Council will receive comments from the public on the below listed item(s). Speakers will be limited to three (3) minutes each. Persons wishing to participate (speak) during the Public Hearing portion of the meeting must sign-in to participate prior to the meeting being called to order.

6. Convene into the Public Hearing on a preliminary report for a rezoning request, submitted by Lone Star Cowboy Church (Dev. No. 2407), related to 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22 currently zoned within a mix of R1 Single-Family Residential, B Commercial, and I Institutional.

Convene into the Public Hearing on a preliminary report for a rezoning request, submitted by BCS Capital, LLC (Dev. No. 2415), related to 12.15-acrest of the Tract 2-G, John Corner Survey, Abstract 8 currently zoned PD- Planned Development and C-Commercial.

#### **REGULAR AGENDA**

All items on the Regular Agenda are for discussion and/or action.

- 8. Consideration and possible action on a preliminary report for a rezoning request, submitted by Lone Star Cowboy Church (Dev. No. 2407), related to 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22 currently zoned within a mix of R1 Single-Family Residential, B Commercial, and I Institutional.
- 9. Consideration and possible action on a preliminary report for a rezoning request, submitted by BCS Capital, LLC (Dev. No. 2415), related to 12.15-acrest of the Tract 2-G, John Corner Survey, Abstract 8 currently zoned PD- Planned Development and C-Commercial.
- 10. Consideration and possible action regarding a request for a special use permit for a restaurant with drive-through service (legal description: 31.97 Acre Tract of Land Situated in the J. Corner Survey, Abstract No. 8 of Montgomery County, Texas).
- 11. Consideration and possible action on a proposal to construct a new accessory structure (30'x45') in the rear yard of the property located at 706 Caroline Street.
- 12. Consideration and Possible Action by the Planning & Zoning Commission on the Partial Replat for Hills of Town Creek Section 5 (Dev. No. 2406).
- 13. Discussion on the Utility and Economic Feasibility Study Amendment for the BCS Capital development (Dev. No. 2415).
- 14. Consideration and possible action on a request to modify the regularly scheduled Planning and Zoning Commission meeting on Tuesday, October 7, 2025 at 6 p.m. to Wednesday, October 8, 2025 at 6 p.m.

#### **COMMISSION INQUIRY**

Pursuant to Texas Government Code Sect. 551.042 the Planning & Zoning Commission may inquire about a subject not specifically listed on this Agenda. Responses are limited to recitation of existing policy or a statement of specific factual information given in response to the inquiry. Any deliberation or decision shall be limited to a proposal to place on the agenda of a future meeting.

#### **CLOSING AGENDA**

- **15.** Items to consider for placement on future agendas.
- **16.** Adjourn.

The Planning & Zoning Commission reserves the right to adjourn into executive session at any time during the course of this meeting to discuss any of the matters listed below, as authorized by the Texas Government Code Sections 551.071 (Consultation with Attorney), 551.072 (Deliberations about Real Property), 551.073 (Deliberation Regarding Prospective Gifts), 551.074 (Personnel Matters), 551.076 (Deliberations regarding Security Devices), and 551.087 (Deliberation regarding Economic Development Negotiations).

I, Ruby Beaven, certify that this notice of a public meeting was posted on the website and bulletin board at City Hall of the City of Montgomery, Texas, a place convenient and readily accessible to the general public at all times. This notice was posted at said locations on the following date and time: **July 30**, **2025 by 3:00 PM** and remained so posted continuously for at least three business days preceding the scheduled time of said meeting.

#### City of Montgomery Planning and Zoning Commission Regular Meeting Minutes July 01, 2025

#### **OPENING AGENDA**

#### 1. Call meeting to order.

The Regular Meeting of the Planning and Zoning Commission was called to order by Chairman Simpson at 6:00 p.m. on July 01, 2025, at City Hall 101 Old Plantersville Rd., Montgomery, TX and live video streaming.

With Commission Members present a full quorum was established.

**Commission Members Present:** 

Place 1, Commission Member John Fox

Place 2, Chairman William (Bill) Simpson

Place 3, Vice Chairman Daniel Gazda
Place 4, Commission Member Merriam Walker

Place 5, Commission Member Jeff Glazer

Absent: None

#### 2. Pledges of Allegiance.

Chairman Simpson led the Pledge of Allegiance and Pledge of Allegiance to the Texas State Flag.

#### **PUBLIC FORUM:**

Chief Solomon addressed the Commission to speak on Liberty Street/FM 149 area. Chief Solomon addressed ongoing concerns regarding traffic and parking issues on FM 149, acknowledging the City and TxDOT are currently unable to handle or resolve illegal parking and signage problems, including the delayed installation of warning signs and flashing lights. He emphasized efforts to improve safety, such as working with TxDOT to install flashing signs and encouraging safer pedestrian crossings, while also noting the broader challenge of limited downtown parking and ongoing City Council efforts to identify additional parking solutions.

#### **REGULAR AGENDA**

3. Administration of Statement of Officer and Oath of Office to the newly appointed official for the Planning & Zoning Commission for Place 5.

City Secretary Ruby Beaven administered the Statement of Officer and the Oath of Officer for the newly appointed official, Jeff Glazer, for Planning and Zoning Commission Place 5.

#### 4. Consideration and possible action on the election of Vice Chairman.

Commission Member Daniel Gazda was nominated for Vice Chairman.

**Motion**: Commission Member Walker made a motion to elect Commission Member Daniel Gazda for Vice Chairman. Commission Member Fox seconded the motion. Motion carried with all present voting in favor.

## 5. Consideration and possible action on the P&Z Regular Meeting Minutes of June 11, 2025.

**Motion**: Commission Member Walker made a motion to approve the P&Z Regular Meeting Minutes of June 11, 2025. Vice-Chairman Gazda seconded the motion. Motion carried with all present voting in favor.

## 6. Update regarding the approved installation of a roof over the existing patio area located at 14335 Liberty Street in the Historic Preservation District.

Code Enforcement/Planning Administrator Tilley addressed the Commission regarding an update for the roof installation at 14335 Liberty Street. She clarified that although it was previously approved with conditions, there was a procedural oversight in not discussing the submitted documents more thoroughly during the meeting. The property owner is working to provide additional details, such as more comprehensive documentation of roofing materials and stamped drawings, to satisfy the Building Official's requirements for a complete application. The Building Official is still reviewing the post and roofing details to ensure compliance with building codes, emphasizing the importance of submitting detailed, stamped drawings to ensure the project is completed properly and safely.

# 7. Consideration and possible action regarding the proposed replacement of existing posts at 14420 Liberty Street.

Code Enforcement/Planning Administrator Tilley addressed the Commission about the Lions Club proposing to replace the current temporary posts at 14420 Liberty Street, the Community Center, with a more permanent, monument-like structure made of treated wood, which would be anchored underground and integrated with the existing rock walls, enhancing safety and aesthetics. The new posts, designed to be stable and finished to match the picture provided, will be installed coming out of the ground behind the brick facade, with galvanized bolts for attachment, and will be donated by the Lions Club for community use, including banner displays and signage during events like First Saturdays. Kevin Smith of the Montgomery Lions Club, District 252, addressed the Commission and provided additional detail and answered the Commissions inquiries with discussions emphasizing maintenance responsibility, which will be determined once the City accepts the structure.

**Motion**: Vice-Chairman Gazda made a motion to approve the proposed replacement of existing posts at 14420 Liberty Street. Commission Member Fox seconded the motion. Motion carried with all present voting in favor.

## 8. Consideration and possible action regarding a request for a special use permit for a financial facility with two drive-through lanes and a dedicated lane for a drive up

## ATM at 19940 Eva Street (legal description: S725900 - Montgomery First, BLOCK 1, RES C-1, ACRES 1.1681).

Code Enforcement/Planning Administrator Tilley addressed the Commission for the request for a special use permit for a new financial facility at 19940 Eva Street, which would include two drive-thru lanes and a drive-up ATM, noting that such facilities are not explicitly permitted in the current zoning, but could be considered as accessory uses requiring a special permit. The plan is well-designed, with adequate stacking capacity, no residential nearby to cause noise concerns, and access through private roads, minimizing traffic impact. Similar existing banks in the area already operate with a drive-thru, and the engineering review will ensure circulation and pedestrian safety. After a brief discussion and comparison with other banks, the commission understood that future drive-thrus at other locations, like Kroger or HEB, would also require permits unless zoning codes are amended.

**Motion**: Vice-Chairman Gazda made a motion to approve recommend approval to City Council for a request for a special use permit for a financial facility with two drive-through lanes and a dedicated lane for a drive up ATM at 19940 Eva Street (legal description: S725900 - Montgomery First, BLOCK 1, RES C-1, ACRES 1.1681). Commission Member Walker seconded the motion. Motion carried with all present voting in favor.

9. Consideration and possible action to call a Public Hearing on a rezoning request related to 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22 currently zoned within a mix of R-Residential, I-Institutional and C-Commercial to be rezoned I-Institutional as submitted by Lone Star Cowboy Church (Dev. No. 2407).

**Motion**: Vice-Chairman Gazda made a motion to call two Public Hearings on a rezoning request related to 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22 currently zoned within a mix of R-Residential, I-Institutional and C-Commercial to be rezoned I-Institutional as submitted by Lone Star Cowboy Church (Dev. No. 2407) with the first to be held on August 05, 2025 at 6:00 p.m. and the second to be held on September 02, 2025 at 6:00 p.m. Commission Member Walker seconded the motion. Motion carried with all present voting in favor.

10. Consideration and possible action to call a Public Hearing on a rezoning request replated to 12.15-acres of the Tract 2-G, John Corner Survey, Abstract 8 currently zoned PD- Planned Development and C-Commercial to be rezoned R2-Multi-family Residential as submitted by BCS Capital, LLC (Dev. No. 2415).

**Motion**: Vice-Chairman Gazda made a motion to call two Public Hearings on a rezoning request replated to 12.15-acres of the Tract 2-G, John Corner Survey, Abstract 8 currently zoned PD- Planned Development and C-Commercial to be rezoned R2-Multi-family Residential as submitted by BCS Capital, LLC (Dev. No. 2415) with the first to be held on August 05, 2025 at 6:00 p.m. and the second to be held on September 02, 2025 at 6:00 p.m. Commission Member Glazer seconded the motion. Motion carried with all present voting in favor.

#### **COMMISSION INQUIRY**

Commission Member Walker inquired about the ongoing issue with dumpsters sitting outside on FM 149 without proper enclosure, expressing concern that the situation remains unresolved downtown. The staff responded by confirming they will coordinate with Code Enforcement to investigate and address the matter, emphasizing that further action depends on the progress of the redevelopment plans.

#### **CLOSING AGENDA**

**11.** Items to consider for placement on future agendas.

No items presented for future agendas.

#### 12. Adjourn.

**Motion**: Vice Chair Gazda made a motion to adjourn the regular meeting of the Planning and Zoning Commission at 6:39 p.m. Commission Member Walker seconded the motion. Motion carries with all present voting in favor.

	APPROVED
ATTEST:	Bill Simpson, Commission Chairman
Ruby Beaven, City Secretary	

Item 4.

#### Montgomery Planning and Zoning Commission

#### **AGENDA REPORT**

Meeting Date: 08/05/2025	Budgeted Amount: NONE
<b>Department:</b> Planning and Zoning	Prepared By: Corinne Tilley

#### Subject

Consideration and possible action to cancel the second public hearing before the Planning and Zoning Commission regarding the rezoning request related to 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22, submitted by Lone Star Cowboy Church (Dev. No. 2407).

#### Recommendation

Staff recommends approving the cancellation of the second public hearing, as state law and city ordinance require only one hearing before the Planning and Zoning Commission and one before the City Council.

#### **Discussion**

State law requires only one public hearing before the Planning and Zoning Commission and then one public hearing before City Council.

Approved By		
City Administrator	Brent Walker	Date: 07/25/2025

#### ARTICLE II. ADMINISTRATION AND ENFORCEMENT

#### Sec. 98-30. Amendments to chapter and changes to district boundaries

- (a) The city council may from time to time amend, supplement, or change by ordinance the boundaries of the districts or the regulations established in this chapter.
- (b) Requests for amendments may be initiated by the city council, the planning and zoning commission, or by application of one or more property owners.
  - (1) Accompanying data requirements. An application for an amendment by a property owner shall be filed with the planning and zoning commission upon such forms and accompanied by such data and information as may be required by the planning and zoning commission. When applicable, an accurate legal description and map of the land and existing buildings shall be submitted with the application. It shall be the responsibility of the applicant to indicate any applicable deed restrictions applying to the subject property.
  - (2) Application fee. Each application by a property owner shall be accompanied at the time of filing by a fee as currently established or as hereafter adopted by resolution of the city council from time to time. Wherever the entire application for alteration or change hereunder is withdrawn before publication of notice is ordered to be given of the public hearing, the unused portion of the application fee shall be refunded to the applicant.
- (c) Before taking any action on any proposed amendment, supplement or change, the city shall submit the amendment, supplement or change to the planning and zoning commission of its recommendation and report. The planning and zoning commission shall make a preliminary report and hold public hearings on that report before submitting a final report to the city council. The city council may not hold a public hearing until it receives the final report of the planning and zoning commission. The city council may not take action on the matter until it receives the final report of the planning and zoning commission. Before the tenth day before the hearing date, written notice of each public hearing before the planning and zoning commission on a proposed change in a zoning classification shall be sent to each owner, as indicated by the most recently approved municipal tax roll, of real property within 200 feet of the property on which the change is located in territory annexed to the city and is not included on the most recently approved municipal tax roll, the notice shall be given in the manner provided by subsection (d) of this section.
- (d) Before the tenth day before the hearing date, written notice of each public hearing before the planning and zoning commission on a proposed change in a zoning classification affecting residential or multifamily zoning shall be sent to each school district in which the property for which the change in classification is proposed is located. The notice may be served by its deposit in the city, properly addressed with postage paid, in the United Sates mail.
- (e) A public hearing shall be held by the city council before adopting any proposed supplement, amendment or change. Notice of such hearing shall be given by publication two times in the official publication of the city stating the time and place of such hearing, which time shall not be earlier than 15 days from the first day of such publication.
- (f) Unless such proposed amendment, supplement or change has been approved by the city planning and zoning commission or if a protest against such amendment, supplement or change has been filed by 20 percent or more, either of the area of the lots included in such proposed change, or those immediately adjacent in the rear thereof, extending 200 feet therefrom, or of those directly opposite thereto extending 200 feet from the street frontage of such opposite lots, such amendments, supplements or change shall not become effective except by a three-fourths vote of the city council.

(Ord. No. 2014-03, § 1, 5-20-2014)

The following section was amended by the 89th Legislature. Pending publication of the current statutes, see H.B. <u>24</u> and H.B. <u>4506</u>, 89th Legislature, Regular Session, for amendments affecting the following section.

Sec. 211.006. PROCEDURES GOVERNING ADOPTION OF ZONING REGULATIONS AND DISTRICT BOUNDARIES. (a) The governing body of a municipality wishing to exercise the authority relating to zoning regulations and zoning district boundaries shall establish procedures for adopting and enforcing the regulations and boundaries. A regulation or boundary is not effective until after a public hearing on the matter at which parties in interest and citizens have an opportunity to be heard. Before the 15th day before the date of the hearing, notice of the time and place of the hearing must be published in an official newspaper or a newspaper of general circulation in the municipality.

- (a-1) In addition to any notice required by this section or Section 211.007, the governing body of a municipality or a zoning commission, as applicable, shall provide written notice of each public hearing regarding any proposed adoption of or change to a zoning regulation or boundary under which a current conforming use of a property is a nonconforming use if the regulation or boundary is adopted or changed. The notice must:
- (1) be mailed by United States mail to each owner of real or business personal property where the proposed nonconforming use is located as indicated by the most recently approved municipal tax roll and each occupant of the property not later than the 10th day before the hearing date;
- (2) contain the time and place of the hearing; and
- (3) include the following text in bold 14-point type or larger:

"THE [MUNICIPALITY NAME] IS HOLDING A HEARING THAT WILL DETERMINE WHETHER YOU MAY LOSE THE RIGHT TO CONTINUE USING YOUR PROPERTY FOR ITS CURRENT USE. PLEASE READ THIS NOTICE CAREFULLY."

- (b) In addition to the notice required by Subsection (a), a general-law municipality that does not have a zoning commission shall give notice of a proposed change in a zoning classification to each property owner who would be entitled to notice under Section 211.007(c) if the municipality had a zoning commission. That notice must be given in the same manner as required for notice to property owners under Section 211.007(c). The governing body may not adopt the proposed change until after the 30th day after the date the notice required by this subsection is given.
- (c) If the governing body of a home-rule municipality conducts a hearing under Subsection (a), the governing body may, by a two-thirds vote, prescribe the type of notice to be given of the time and place of the public hearing. Notice requirements prescribed under this subsection are in addition to the publication of notice required by Subsection (a).

- (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either:
- (1) the area of the lots or land covered by the proposed change; or
- (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.
- (e) In computing the percentage of land area under Subsection (d), the area of streets and alleys shall be included.
- (f) The governing body by ordinance may provide that the affirmative vote of at least three-fourths of all its members is required to overrule a recommendation of the municipality's zoning commission that a proposed change to a regulation or boundary be denied.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2023, 88th Leg., R.S., Ch. 52 (S.B. 929), Sec. 1, eff. May 19, 2023.

The following section was amended by the 89th Legislature. Pending publication of the current statutes, see H.B. <u>4506</u>, 89th Legislature, Regular Session, for amendments affecting the following section.

Sec. 211.007. ZONING COMMISSION. (a) To exercise the powers authorized by this subchapter, the governing body of a home-rule municipality shall, and the governing body of a general-law municipality may, appoint a zoning commission. The commission shall recommend boundaries for the original zoning districts and appropriate zoning regulations for each district. If the municipality has a municipal planning commission at the time of implementation of this subchapter, the governing body may appoint that commission to serve as the zoning commission.

(b) The zoning commission shall make a preliminary report and hold at least one public hearing on that report before submitting a final report to the governing body. The governing body may not hold a public hearing until it receives the final report of the zoning commission unless the governing body by ordinance provides that a public hearing is to be held, after the notice required by Section 211.006(a), jointly with a public hearing required to be held by the zoning

commission. In either case, the governing body may not take action on the matter until it receives the final report of the zoning commission.

- (c) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification shall be sent to each owner, as indicated by the most recently approved municipal tax roll, of real property within 200 feet of the property on which the change in classification is proposed. The notice may be served by its deposit in the municipality, properly addressed with postage paid, in the United States mail. If the property within 200 feet of the property on which the change is proposed is located in territory annexed to the municipality and is not included on the most recently approved municipal tax roll, the notice shall be given in the manner provided by Section 211.006(a).
- (c-1) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification affecting residential or multifamily zoning shall be sent to each school district in which the property for which the change in classification is proposed is located. The notice may be served by its deposit in the municipality, properly addressed with postage paid, in the United States mail.
- (c-2) Subsection (c-1) does not apply to a municipality the majority of which is located in a county with a population of 100,000 or less, except that such a municipality must give notice under Subsection (c-1) to a school district that has territory in the municipality and requests the notice. For purposes of this subsection, if a school district makes a request for notice under Subsection (c-1), the municipality must give notice of each public hearing held following the request unless the school district requests that no further notices under Subsection (c-1) be given to the school district.
- (d) The governing body of a home-rule municipality may, by a two-thirds vote, prescribe the type of notice to be given of the time and place of a public hearing held jointly by the governing body and the zoning commission. If notice requirements are prescribed under this subsection, the notice requirements prescribed by Subsections (b) and (c) and by Section 211.006(a) do not apply.
- (e) If a general-law municipality exercises zoning authority without the appointment of a zoning commission, any reference in a law to a municipal zoning commission or planning commission means the governing body of the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 640 (H.B. 674), Sec. 1, eff. September 1, 2013.

Acts 2023, 88th Leg., R.S., Ch. 401 (H.B. <u>1381</u>), Sec. 1, eff. September 1, 2023.

Sec. 211.0075. COMPLIANCE WITH OPEN MEETINGS LAW. A board or commission established by an ordinance or resolution adopted by the governing body of a municipality to assist the governing body in developing an initial comprehensive zoning plan or initial zoning regulations for the municipality, or a committee of the board or commission that includes one or more members of the board or commission, is subject to Chapter 551, Government Code, regardless of whether the board, commission, or committee has rulemaking or quasi-judicial powers or functions only in an advisory capacity.

Added by Acts 1993, 73rd Leg., ch. 381, Sec. 1, eff. Aug. 30, 1993. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(82), eff. Sept. 1, 1995.

Item 5.

#### Montgomery Planning and Zoning Commission

#### **AGENDA REPORT**

Meeting Date: 08/05/2025	Budgeted Amount: NONE
<b>Department:</b> Planning and Zoning	Prepared By: Corinne Tilley

#### Subject

Consideration and possible action to cancel the second public hearing before the Planning and Zoning Commission regarding the rezoning request related to 12.15-acres of the Tract 2-G, John Corner Survey, Abstract 8, submitted by BCS Capital LLC (Dev. No. 2415).

#### Recommendation

Staff recommends approving the cancellation of the second public hearing, as state law and city ordinance require only one hearing before the Planning and Zoning Commission and one before the City Council.

#### **Discussion**

State law requires only one public hearing before the Planning and Zoning Commission and then one public hearing before City Council.

Approved By		
City Administrator	Brent Walker	Date: 07/25/2025

#### ARTICLE II. ADMINISTRATION AND ENFORCEMENT

#### Sec. 98-30. Amendments to chapter and changes to district boundaries

- (a) The city council may from time to time amend, supplement, or change by ordinance the boundaries of the districts or the regulations established in this chapter.
- (b) Requests for amendments may be initiated by the city council, the planning and zoning commission, or by application of one or more property owners.
  - (1) Accompanying data requirements. An application for an amendment by a property owner shall be filed with the planning and zoning commission upon such forms and accompanied by such data and information as may be required by the planning and zoning commission. When applicable, an accurate legal description and map of the land and existing buildings shall be submitted with the application. It shall be the responsibility of the applicant to indicate any applicable deed restrictions applying to the subject property.
  - (2) Application fee. Each application by a property owner shall be accompanied at the time of filing by a fee as currently established or as hereafter adopted by resolution of the city council from time to time. Wherever the entire application for alteration or change hereunder is withdrawn before publication of notice is ordered to be given of the public hearing, the unused portion of the application fee shall be refunded to the applicant.
- (c) Before taking any action on any proposed amendment, supplement or change, the city shall submit the amendment, supplement or change to the planning and zoning commission of its recommendation and report. The planning and zoning commission shall make a preliminary report and hold public hearings on that report before submitting a final report to the city council. The city council may not hold a public hearing until it receives the final report of the planning and zoning commission. The city council may not take action on the matter until it receives the final report of the planning and zoning commission. Before the tenth day before the hearing date, written notice of each public hearing before the planning and zoning commission on a proposed change in a zoning classification shall be sent to each owner, as indicated by the most recently approved municipal tax roll, of real property within 200 feet of the property on which the change is located in territory annexed to the city and is not included on the most recently approved municipal tax roll, the notice shall be given in the manner provided by subsection (d) of this section.
- (d) Before the tenth day before the hearing date, written notice of each public hearing before the planning and zoning commission on a proposed change in a zoning classification affecting residential or multifamily zoning shall be sent to each school district in which the property for which the change in classification is proposed is located. The notice may be served by its deposit in the city, properly addressed with postage paid, in the United Sates mail.
- (e) A public hearing shall be held by the city council before adopting any proposed supplement, amendment or change. Notice of such hearing shall be given by publication two times in the official publication of the city stating the time and place of such hearing, which time shall not be earlier than 15 days from the first day of such publication.
- (f) Unless such proposed amendment, supplement or change has been approved by the city planning and zoning commission or if a protest against such amendment, supplement or change has been filed by 20 percent or more, either of the area of the lots included in such proposed change, or those immediately adjacent in the rear thereof, extending 200 feet therefrom, or of those directly opposite thereto extending 200 feet from the street frontage of such opposite lots, such amendments, supplements or change shall not become effective except by a three-fourths vote of the city council.

(Ord. No. 2014-03, § 1, 5-20-2014)

The following section was amended by the 89th Legislature. Pending publication of the current statutes, see H.B. <u>24</u> and H.B. <u>4506</u>, 89th Legislature, Regular Session, for amendments affecting the following section.

Sec. 211.006. PROCEDURES GOVERNING ADOPTION OF ZONING REGULATIONS AND DISTRICT BOUNDARIES. (a) The governing body of a municipality wishing to exercise the authority relating to zoning regulations and zoning district boundaries shall establish procedures for adopting and enforcing the regulations and boundaries. A regulation or boundary is not effective until after a public hearing on the matter at which parties in interest and citizens have an opportunity to be heard. Before the 15th day before the date of the hearing, notice of the time and place of the hearing must be published in an official newspaper or a newspaper of general circulation in the municipality.

- (a-1) In addition to any notice required by this section or Section 211.007, the governing body of a municipality or a zoning commission, as applicable, shall provide written notice of each public hearing regarding any proposed adoption of or change to a zoning regulation or boundary under which a current conforming use of a property is a nonconforming use if the regulation or boundary is adopted or changed. The notice must:
- (1) be mailed by United States mail to each owner of real or business personal property where the proposed nonconforming use is located as indicated by the most recently approved municipal tax roll and each occupant of the property not later than the 10th day before the hearing date;
- (2) contain the time and place of the hearing; and
- (3) include the following text in bold 14-point type or larger:

"THE [MUNICIPALITY NAME] IS HOLDING A HEARING THAT WILL DETERMINE WHETHER YOU MAY LOSE THE RIGHT TO CONTINUE USING YOUR PROPERTY FOR ITS CURRENT USE. PLEASE READ THIS NOTICE CAREFULLY."

- (b) In addition to the notice required by Subsection (a), a general-law municipality that does not have a zoning commission shall give notice of a proposed change in a zoning classification to each property owner who would be entitled to notice under Section 211.007(c) if the municipality had a zoning commission. That notice must be given in the same manner as required for notice to property owners under Section 211.007(c). The governing body may not adopt the proposed change until after the 30th day after the date the notice required by this subsection is given.
- (c) If the governing body of a home-rule municipality conducts a hearing under Subsection (a), the governing body may, by a two-thirds vote, prescribe the type of notice to be given of the time and place of the public hearing. Notice requirements prescribed under this subsection are in addition to the publication of notice required by Subsection (a).

- (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either:
- (1) the area of the lots or land covered by the proposed change; or
- (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.
- (e) In computing the percentage of land area under Subsection (d), the area of streets and alleys shall be included.
- (f) The governing body by ordinance may provide that the affirmative vote of at least three-fourths of all its members is required to overrule a recommendation of the municipality's zoning commission that a proposed change to a regulation or boundary be denied.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2023, 88th Leg., R.S., Ch. 52 (S.B. 929), Sec. 1, eff. May 19, 2023.

The following section was amended by the 89th Legislature. Pending publication of the current statutes, see H.B. <u>4506</u>, 89th Legislature, Regular Session, for amendments affecting the following section.

Sec. 211.007. ZONING COMMISSION. (a) To exercise the powers authorized by this subchapter, the governing body of a home-rule municipality shall, and the governing body of a general-law municipality may, appoint a zoning commission. The commission shall recommend boundaries for the original zoning districts and appropriate zoning regulations for each district. If the municipality has a municipal planning commission at the time of implementation of this subchapter, the governing body may appoint that commission to serve as the zoning commission.

(b) The zoning commission shall make a preliminary report and hold at least one public hearing on that report before submitting a final report to the governing body. The governing body may not hold a public hearing until it receives the final report of the zoning commission unless the governing body by ordinance provides that a public hearing is to be held, after the notice required by Section 211.006(a), jointly with a public hearing required to be held by the zoning

commission. In either case, the governing body may not take action on the matter until it receives the final report of the zoning commission.

- (c) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification shall be sent to each owner, as indicated by the most recently approved municipal tax roll, of real property within 200 feet of the property on which the change in classification is proposed. The notice may be served by its deposit in the municipality, properly addressed with postage paid, in the United States mail. If the property within 200 feet of the property on which the change is proposed is located in territory annexed to the municipality and is not included on the most recently approved municipal tax roll, the notice shall be given in the manner provided by Section 211.006(a).
- (c-1) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification affecting residential or multifamily zoning shall be sent to each school district in which the property for which the change in classification is proposed is located. The notice may be served by its deposit in the municipality, properly addressed with postage paid, in the United States mail.
- (c-2) Subsection (c-1) does not apply to a municipality the majority of which is located in a county with a population of 100,000 or less, except that such a municipality must give notice under Subsection (c-1) to a school district that has territory in the municipality and requests the notice. For purposes of this subsection, if a school district makes a request for notice under Subsection (c-1), the municipality must give notice of each public hearing held following the request unless the school district requests that no further notices under Subsection (c-1) be given to the school district.
- (d) The governing body of a home-rule municipality may, by a two-thirds vote, prescribe the type of notice to be given of the time and place of a public hearing held jointly by the governing body and the zoning commission. If notice requirements are prescribed under this subsection, the notice requirements prescribed by Subsections (b) and (c) and by Section 211.006(a) do not apply.
- (e) If a general-law municipality exercises zoning authority without the appointment of a zoning commission, any reference in a law to a municipal zoning commission or planning commission means the governing body of the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 640 (H.B. 674), Sec. 1, eff. September 1, 2013.

Acts 2023, 88th Leg., R.S., Ch. 401 (H.B. <u>1381</u>), Sec. 1, eff. September 1, 2023.

Sec. 211.0075. COMPLIANCE WITH OPEN MEETINGS LAW. A board or commission established by an ordinance or resolution adopted by the governing body of a municipality to assist the governing body in developing an initial comprehensive zoning plan or initial zoning regulations for the municipality, or a committee of the board or commission that includes one or more members of the board or commission, is subject to Chapter 551, Government Code, regardless of whether the board, commission, or committee has rulemaking or quasi-judicial powers or functions only in an advisory capacity.

Added by Acts 1993, 73rd Leg., ch. 381, Sec. 1, eff. Aug. 30, 1993. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(82), eff. Sept. 1, 1995.

RE: Re-Zoning Request for Lone Star Cowboy Church

The subject tract of land (MCAD ID No. 287352) is currently made up of commercial, institutional, and residential zones according to the City of Montgomery's current zoning map. The current proposed additions would add buildings and pavement for the church in the current residential zoning. This request is to re-zone all portions of the residential zoning within the overall tract to that of institutional to match the existing land use of the property. Through this re-zone, we also request that the commercial zoning along the frontage remain as its current zoning since it will remain undeveloped and outside of the limits of the new proposed development.

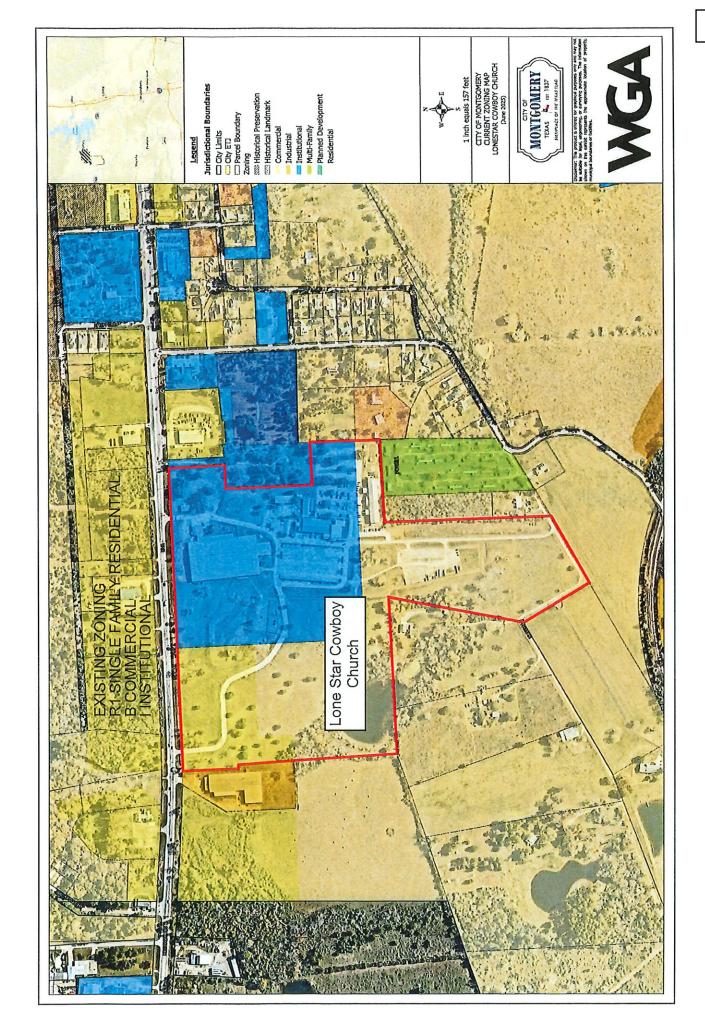

We feel this rezoning request will help bring the current property into compliance with its existing usage and will also allow some flexibility for future improvements. Please feel free to contact me at 936-647-0420 if you have any questions or concerns.

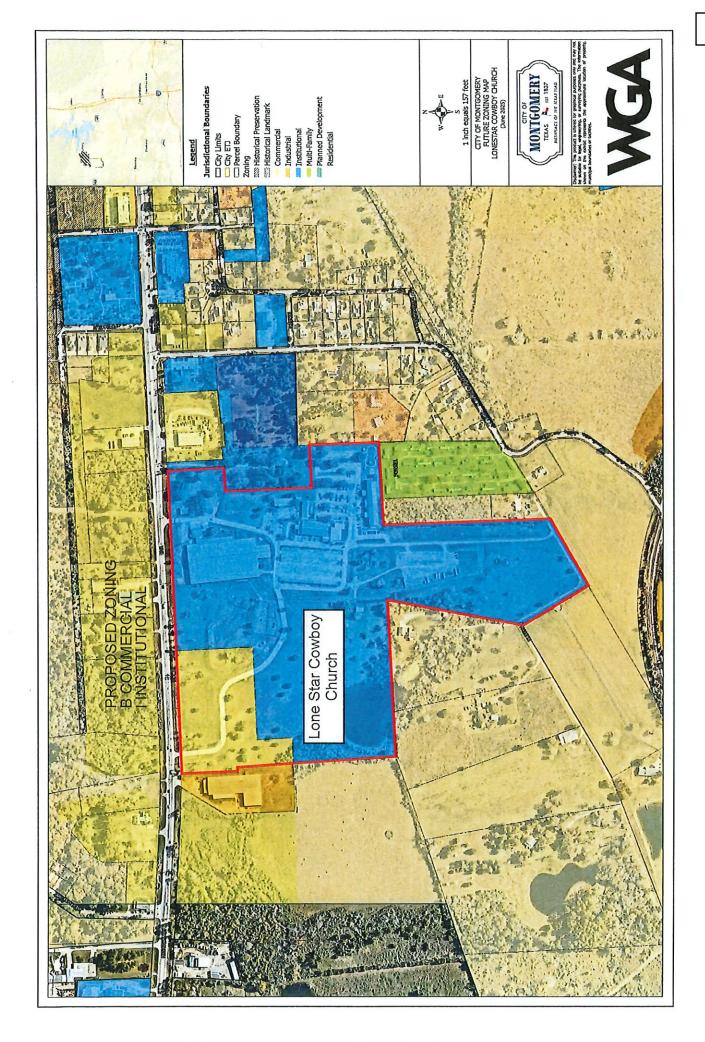

Thank you,

Jonathan Payne, PE L Squared Engineering 936-647-0420 Jpayne@L2engineering.com

Preliminary Report on Proposed Amendment to Zoning District Boundary

Pursuant to Section 211.007 of the Texas Local Government Code, the Planning and Zoning Commission (P&Z) of the City of Montgomery submits this Preliminary Report regarding the proposed amendment to the zoning district boundary for the subject property: 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22

The proposed amendment requests to rezone the subject property from a mix of R1 Single-family Residential, B Commercial, and I Institutional to B Commercial and I Institutional. The purpose of this change is to match the existing land use of the property; a place of worship and associated ministry activities.

In accordance with the Texas Local Government Code, the P&Z will hold a public hearing on this preliminary report on August 5, 2025 at the City of Montgomery Council Chambers, 101 Old Plantersville Road, Montgomery, Texas 77316. Notice of this hearing has been mailed to property owners within 200 feet of the subject property, as required by Section 211.007(c).

The P&Z has reviewed the proposed amendment based on the city's comprehensive plan and zoning regulations. Preliminary findings indicate that the proposed change is consistent with the goals of the comprehensive plan and will not adversely affect surrounding properties.

Planning and Zoning Commission findings:

- Lone Star Cowboy Church has operated on this site for a long time and the rezoning would formalize the institutional use.
- Rezoning the R1 Single-family Residential district to the I Institutional would support the church's continued role in serving the community and ensures the zoning reflects its current use.
- The current split zoning creates issues in permitting and compliance. Consolidating the zoning simplifies the process and ensures future improvements or expansions on the property are reviewed consistently.
- Rezoning the property reduces the potential for conflicting land use interpretations.

Following the public hearing, the P&Z will finalize the report and submit a recommendation to the City Council for consideration.

Final Report on Proposed Amendment to Zoning District Boundary

Pursuant to Section 211.007 of the Texas Local Government Code, the Planning and Zoning Commission (P&Z) of the City of Montgomery submits this Final Report regarding the proposed amendment to the zoning district boundary for the subject property: 58.952-acre Tract 1 located in the Zacharias Landrum Survey, Abstract 22

The Lone Star Cowboy Church has requested to rezone the subject property from a mix of R1 Single-family Residential, B Commercial, and I Institutional to B Commercial and I Institutional. The purpose of this change is to match the existing land use of the property; a place of worship and associated ministry activities.

In accordance with the Texas Local Government Code, the P&Z held a public hearing on August 5, 2025 following proper notice to property owners.

The P&Z reviewed the proposed amendment based on the city's comprehensive plan and zoning regulations. The P&Z finds that the proposed change is consistent with the goals of the comprehensive plan and will not adversely affect surrounding properties.

Planning and Zoning Commission found:

- Lone Star Cowboy Church has operated on this site for a long time and the rezoning would formalize the institutional use.
- Rezoning the R1 Single-family Residential district to the I Institutional would support the church's continued role in serving the community and ensures the zoning reflects its current use.
- The current split zoning creates issues in permitting and compliance. Consolidating the zoning simplifies the process and ensures future improvements or expansions on the property are reviewed consistently.
- Rezoning the property reduces the potential for conflicting land use interpretations.

City of Montgomery 101 Old Plantersville Road Montgomery, TX 77316

RE: Rezoning request for Buffalo Springs Drive Apartments (BCS Montgomery)

The subject tract (Montgomery Appraisal District ID 331739) currently consists of Commercial and Planned Development Zoning according to the City of Montgomery's latest zoning map. With the ongoing Development Agreement with BCS Montgomery, a portion of the subject tract is proposed as a multi-family development. This request is to re-zone the 12.148 acres as multi-family to match the intended use within the overall development. The remaining acreage of the subject tract outside of the 12.148 acres will utilize the current zoning of Commercial.

With this rezoning request, we believe we are providing walkability to the existing and future commercial uses adjacent to the 12-acres. Please feel free to contact me at 936-647-0420 if you have any questions or concerns.

Thank you,

Lesley Reel, PE

Preliminary Report on Proposed Amendment to Zoning District Boundary

Pursuant to Section 211.007 of the Texas Local Government Code, the Planning and Zoning Commission (P&Z) of the City of Montgomery submits this Preliminary Report regarding the proposed amendment to the zoning district boundary for the subject property: 12.15-acres of the Tract 2-G, John Corner Survey, Abstract 8

The proposed amendment requests to rezone the subject property from PD Planned Development and B Commercial to R2 Multifamily Residential. The purpose of this change is to match the proposed/intended use of the property; multifamily.

In accordance with the Texas Local Government Code, the P&Z will hold a public hearing on this preliminary report on August 5, 2025 at the City of Montgomery Council Chambers, 101 Old Plantersville Road, Montgomery, Texas 77316. Notice of this hearing has been mailed to property owners within 200 feet of the subject property, as required by Section 211.007(c).

The P&Z has reviewed the proposed amendment based on the city's comprehensive plan and zoning regulations. Preliminary findings indicate that the proposed change is consistent with the goals of the comprehensive plan and will not adversely affect surrounding properties.

Planning and Zoning Commission findings:

- Rezoning the land to R2 Multifamily Residential would expand housing choices for current and future residents of the City of Montgomery.
- The Multifamily zoning supports the city's growth without increasing it's footprint and encourages higher density in the area.
- The Multifamily development may be a good transition between commercial, institutional and residential uses.
- Multifamily housing near commercial would support the vision for walkability. The residents will be within walking distance of shops, services, and employment opportunities.

Following the public hearing, the P&Z will finalize the report and submit a recommendation to the City Council for consideration.

Final Report on Proposed Amendment to Zoning District Boundary

Pursuant to Section 211.007 of the Texas Local Government Code, the Planning and Zoning Commission (P&Z) of the City of Montgomery submits this Final Report regarding the proposed amendment to the zoning district boundary for the subject property: 12.15-acres of the Tract 2-G, John Corner Survey, Abstract 8

BCS Montgomery LLC has requested to rezone the subject property from PD Planned Development and B Commercial to R2 Multifamily Residential. The purpose of this change is to match the proposed/intended use of the property; multifamily.

In accordance with the Texas Local Government Code, the P&Z held a public hearing on August 5, 2025 following proper notice to property owners.

The P&Z reviewed the proposed amendment based on the city's comprehensive plan and zoning regulations. The P&Z finds that the proposed change is consistent with the goals of the comprehensive plan and will not adversely affect surrounding properties.

Planning and Zoning Commission found:

- Rezoning the land to R2 Multifamily Residential would expand housing choices for current and future residents of the City of Montgomery.
- The Multifamily zoning supports the city's growth without increasing it's footprint and encourages higher density in the area.
- The Multifamily development may be a good transition between commercial, institutional and residential uses.
- Multifamily housing near commercial would support the vision for walkability. The residents will be within walking distance of shops, services, and employment opportunities

# Montgomery Planning and Zoning Commission

# AGENDA REPORT

<b>Meeting Date:</b> 08/05/2025	Budgeted Amount: NONE
<b>Department:</b> Planning and Zoning	Prepared By: Corinne Tilley

# Subject

Consideration and possible action regarding a request for a special use permit for a restaurant with drive-through service (legal description: 31.97 Acre Tract of Land Situated in the J. Corner Survey, Abstract No. 8 of Montgomery County, Texas)

# Discussion

This tract of land is the location of the proposed new HEB Grocery Store site. The tract of land is located in the B-Commercial Zoning District.

The B-Commercial zoning district is designated for a wide range of business uses within enclosed areas as well as the other uses provided for in the zoning code (Sec. 98-178).

The proposed use in the development of the property is a drive-through for the restaurant that will be part of the HEB Grocery development.

# References:

Zoning Code Sections 98-1, 98-27, 98-88 2020 Comprehensive Plan

Section 98-88. Table of permitted uses. A grocery store and a restaurant are listed permitted uses in the commercial zoning district. However, the ordinance (Section 98-1) doesn't define a restaurant or distinguish between different types of restaurants, such as fast food, sit-down, fine dining, to-go, or those with drive-through service. This lack of specific definitions creates ambiguity in the application of the ordinance. Therefore, without specific definitions, a determination has been made that if any use is not expressly permitted according to the use table or in the district use regulations, a special use permit is required. (Sections 98-88(b) and 98-27)

The drive-through service is accessory to the principal use of the restaurant. According to the definition of "Accessory Use" in Section 98-1, these services are subordinate to or customarily incidental to and located on the same lot occupied by the principal use. Therefore, this required Special Use Permit is consistent with the intent of the zoning ordinance.

# Findings:

Effect of the proposed use on the comprehensive plan and on the character and development of the neighborhood:

According to the 2020 Comprehensive Plan on transportation and traffic flow. The plan identifies traffic congestion and mobility as concerns. A drive-through restaurant may contribute to and exacerbate the concerns.

After reviewing the submitted site plan, it appears that the developer has addressed this concern by providing adequate vehicle stacking spaces and locating the drive-through in a location that

Item 10.

# Montgomery Planning and Zoning Commission

# **AGENDA REPORT**

minimizes disruption to the main roadways (FM 2854 and Eva St/SH 105). This design helps reduce traffic issues and keeps cars from backing up onto nearby roads. This finding is met.

Although the neighboring residential subdivision is located outside of the City's jurisdiction, its proximity makes it important to consider. The proposed drive-through appears to be designed to reduce any negative impact on nearby homes.

# Recommendation

Based on the findings, staff supports that the Planning and Zoning Commission recommend approval to the City Council, the request for a Special Use Permit for a restaurant with accessory drive-through service, located at the proposed new HEB Grocery Store (legal description: 31.97 Acre Tract of Land Situated in the J. Corner Survey, Abstract No. 8 of Montgomery County, Texas).

# AGENDA REPORT

Meeting Date: 08/05/2025	Budgeted Amount: NONE
<b>Department:</b> Planning and Zoning	Prepared By: Corinne Tilley

# Subject

Consideration and possible action on a proposal to construct a new accessory structure (30'x45') in the rear yard of the property located at 706 Caroline Street.

# Recommendation

Based on the finding, staff does not recommend approval of the proposed accessory structure in its current form. As submitted, the design elements do not fully align with the Historic District Design Guidelines and may impact the character and compatibility of the surrounding area. However, with appropriate revisions—such as adjustments to materials, the project could be brought into compliance and reconsidered for approval.

# **Discussion**

706 Caroline Street is located in the Residential Zoning District and the Historic Preservation District.

The property owner proposes to construct a new 30'x45' accessory structure in the rear yard of the property with 10' rear and side yard setbacks. The proposed accessory structure is intended to house a significant number of items currently stored in the open in the rear yard. Enclosing these items would improve the overall appearance of the property and reduce visual clutter, contributing positively to the character of the historic district, provided that the structure is designed in accordance with the adopted design guidelines.

Note: The plans in this packet have not been reviewed by the City Building Official.

### Code References:

Sec. 98-347. Approval for alteration within historic preservation districts.

Sec. 98-349. Permit application.

Sec. 98-350. Criteria for approval. (adopted design guidelines)

# Findings:

Building placement –The proposed accessory structure will be located in the rear yard and the interior side yard.

Building form and treatment –The proposed accessory structure, walls and roofing will be of metal construction and the walls, trim, roof cover, and gutters and downspouts will be of similar color to the principal structure. The man-door and bay doors will be white in color.

The accessory structure will have a pitched roof.

According to the design guidelines, this pre-fabricated metal accessory structure is permitted if it is completely screened from view from any abutting street or private property. \*This structure is not completely screened from view from the abutting private properties.\* A possible partial fix to this finding is a 6' high wood privacy fence along the rear and side yard of the property; however, there would still be at least 7' of the structure that would still be visible to abutting private properties.

# Planning & Zoning Commission AGENDA REPORT

<b>Meeting Date:</b> 08/05/2025	Budgeted Amount: NONE
<b>Department:</b> Administration	Prepared By: WGA

# Subject

Consideration and Possible Action by the Planning & Zoning Commission on the Partial Re-plat for Hills of Town Creek Section 5 (Dev. No. 2406).

# Recommendation

WGA recommends approval of the Partial Re-plat by the Planning & Zoning Commission as presented.

# **Discussion**

The purpose of this re-plat is to adjust the Lot lines of existing Lots 27 and 28 and to add a restricted reserve within Block 1 of The Hills of Town Creek, Section 5 subdivision. The reserve will provide a shared access path to the playground located behind the revised Lots 1 and 2.

As a reminder, this development received variance approval on March 25, 2025, for a minimum frontage of 45' at the building line. The Developer also received approval to maintain the previously approved variances from December 14, 2021, which allow for 5' side yard setbacks, a minimum lot depth of 120', and a minimum lot area of 5,500 sf.

Texas Local Government Code 212.014 (2) requires re-plats to be approved by the municipal authority responsible for approving plats.

Remaining Steps:

August 5th: P&Z action on Re-plat.

August 12th: City Council action on Re-plat.

Re: Submission of Partial Re-plat

Hills of Town Creek Section 5 (Dev. No. 2406)

City of Montgomery

### Dear Commission:

We reviewed the partial re-plat submission for the referenced development on behalf of the City of Montgomery (the "City"). Our review was based on the City's Code of Ordinances, Chapter 78 Section 61 and any other applicable chapters. The purpose of this re-plat is to adjust the Lot lines of existing Lots 27 and 28 and to add a restricted reserve within Block 1 of The Hills of Town Creek, Section 5 subdivision. The reserve will provide a shared access path to the playground located behind the revised Lots 1 and 2.

As a reminder, this development received variance approval on March 25, 2025, for a minimum frontage of 45' at the building line. The Developer also received approval to maintain the previously approved variances from December 14, 2021, which allow for 5' side yard setbacks, a minimum lot depth of 120', and a minimum lot area of 5,500 sf.

We offer no objection to the partial replat, and we recommend the Commission approve the partial replat as submitted.

If you have any questions or comments, please contact me.

Sincerely,

Chris Roznovsky, PE City Engineer

Chris Romasz

STATE OF TEXAS COUNTY OF MONTGOMERY

That K. Hovnanian of Houston II, LLC, a Texas limited liability company, acting by and through Rodney Howerton, Division President, herein acting individually or through the undersigned duly authorized agents, does hereby adopt this plat designating described real property as the Hills of Town Creek Section 5 Partial Re—plat No 1 Subdivision, and does hereby make subdivision of said property according to the lines, streets, alleys, parks, and easements therein shown, and dedicate to public use forever all areas shown on this plat as streets, alleys, parks, and easements, except those specifically indicated as private; and does hereby waive any claims for damages occasioned by the establishing of grades as approved for the streets and alleys dedicated, or occasioned by the alteration of the surface of any portion of streets or alleys to conform to such grades and does hereby bind Owner, and Owner's successors and assigns to warrant and forever defend the title to the land so dedicated.

Owner hereby certifies that Owner has or will comply with all applicable regulations of the city, and that a rough proportionality exists between the dedications, improvements, and exactions required under regulations and the projected impact of the subdivision.

Where streets or alleys are dedicated for private use, such dedication shall include an easement covering the street area which permits the installation, operation and maintenance of water, sewer, gas, electric, telephone, cable, television or other such utility facilities by the city and other utilities lawfully entitled to provide service to the abutting property. The easement shall also provide a right of access to public agencies engaged in both routine and emergency public service including law enforcement, fire protection, medical response, inspection and code enforcement.

IN TESTIMONY WHEREOF, Owner, has caused these presents to be signed by Rodney Howerton, its Division President of K. Hovnanian of Houston II, LLC, a Texas Limited liability company, hereunto affixed, this \_\_\_\_\_

# Planning & Zoning Commission AGENDA REPORT

<b>Meeting Date:</b> 08/05/2025	<b>Budgeted Amount: NONE</b>
<b>Department:</b> Administration	Prepared By: WGA

# Subject

Discussion on the Utility and Economic Feasibility Study Amendment for the BCS Capital development (Dev. No. 2415).

# Recommendation

No action is required. Discussion only.

# Discussion

The Amended Feasibility Study and supporting documents are attached.

The Developer acquired the 6.591-acre tract adjacent to the previously proposed development. The revised proposed development falls on a 38-acre tract, directly behind Ransom's Steakhouse.

The Developer is proposing a mixed-use development consisting of multi-family and commercial pads. The subject tract is currently zoned both PD – Planned Development, and B – Commercial and would require rezoning and approval from the Buffalo Springs Architectural Advisory Committee prior to receiving service. The proposed development would also be subject to impact fees for the required public utility extensions related to the project.

Approved By			
City Staff	Ruby Beaven	Date:	07/23/2025

July 2, 2025

The Honorable Mayor and City Council City of Montgomery 101 Old Plantersville Rd. Montgomery, Texas 77316

Re: Feasibility Study Amendment

±6 AC BCS Capital Group, LLC (Dev. No. 2415)

City of Montgomery

Dear Mayor and Council:

As you are aware, as authorized by Council at the May 27, 2025 meeting, WGA completed an update to the Utility and Economic Feasibility Study previously presented at the January 28, 2025 Council meeting for the "32-Ac Multi-Family and Commercial Development" tract. The updates consist of the addition of a 6.591 AC tract to the original 32 AC area, known as the BCS Capital property, and the associated scope and timing of utility and road improvements.

Based on the preliminary land plan provided by the Developer, the full BCS Capital development would consist of a mix of multi-family and commercial pads with the additional 6-acre tract in discussion providing additional commercial pad site users. The final land plan may affect the estimated costs of, and revenues associated with, the development. A copy of the updated preliminary site layout is enclosed as Attachment No. 1.

# Water Production and Distribution

Based on the updated preliminary site layout, and information provided by the Developer, the Tract's updated estimated water capacity requirement is 88,725 gpd, an increase of 16,725 gpd from the original 72,000 gpd requirement. This usage assumes the full build out of the proposed commercial tracts, as well as the ultimate usage of the proposed multi-family tract. As mentioned in the initial feasibility study performed for the 32-ac tract, after the completion of the City's Water Plant No. 2 Improvements project currently in construction, the City will have the water capacity to serve the development and existing developments for the next few years but will need additional water plant capacity to serve all existing and proposed developments at full build out.

It is anticipated at this time for the scope of the waterline extensions required to serve the full development to vary from what was outlined in the original feasibility study. While the original study indicated the waterline extension along SH-105 would only extend from Buffalo Springs to the Developer's western property line, the Developer now owns all parcels along SH-105 from Buffalo Springs to CB Stewart. As a result, the scope has been expanded to include the full extension along SH-105 from Buffalo Springs to CB Stewart. The original extension from Buffalo Springs to Lone Star Pkwy remains unchanged. An updated layout is included in Exhibit C and an updated cost estimate reflecting current construction costs is included as Exhibit H.

Exhibit F shows a graphical representation of historical water usage, projected water demand, and water plant capacity. As you will see there is a substantial increase in projected water demand in the scenarios shown. Those scenarios are as follows:

- 1. A Ready to Connect: These are developments that are platted, infrastructure accepted, etc. that are ready to connect to the system at any time.
- 2. B A Plus in Design/Construction with Agreement: This shows all of the developments in A plus those that the City has development agreements that are actively in the design or construction process.
- 3. C B Plus in Feasibility without Agreement: This shows all of the developments in B plus the developments that are actively going through the due diligence process but have not yet entered into a development agreement with the City. This includes developments such as this development Villages of Montgomery, Mia Lago Reserve, and Church of Montgomery.
- 4. D C Plus Anticipated Additional Development within the City Limits: This includes everything in C plus tracts that are in the City limits but not actively working through the development process.

As you will see, there is a significant difference in the scenarios, also it is important to note:

- The timing of developments is a huge factor and this graph is only based on end of year demands and then spread out linearly. Therefore, projects expected to come online late in the year will artificially inflate the projected demand earlier in the year.
- 2. It is also important to note that there is built in contingency to the projected numbers as our projected flows today show approximately 537,000 gpd but actual flows are 521,000 gpd.
- 3. Water demand is projected based on information provided by the developer and typically based on industry standards which are intended to be conservative. It is typical to see actual demand come in under this amount, however we plan for the higher.
- 4. Finally, it is important to note that the water plant capacity is based on Average Daily Flow capacity not peak capacity. For example, the capacity of the water system after the booster pump addition at Water Plant No. 3 is 730,000 gpd average daily flow but can produce in a max day scenario approximately 3,150,000 gpd. That number shown for capacity is limited by a 2.4 peaking factor and we have to assume that the largest booster pump is out of service in the calculation.

# **Sanitary Sewer Collection and Treatment**

Based on the updated preliminary site layout, and information provided by the Developer, the Tract's updated estimated sewer capacity requirement is 73,950 gpd, an increase of 13,950 gpd from the original 60,000 gpd requirement. This usage assumes the full build out of the proposed commercial tracts, as well as the ultimate usage of the proposed multi-family tract. As mentioned in the initial feasibility study performed for the 32-ac tract, the City will have the sanitary sewer capacity to serve the proposed development, existing developments, and committed developments at full build out when the Town Creek WWTP plant project is completed. However, to serve all committed developed as well as those in feasibility, the City will need to begin planning for additional wastewater treatment plant upsizing in the next few years.

It is anticipated at this time for the scope of the sanitary sewer extensions required to serve the full development to vary from what was outlined in the original feasibility study. The original study indicated the sanitary sewer would extend from Buffalo Springs to the Developer's western property line and from

the manhole on CB Stewart to the Developer's northern property line. Now the Developer owns all parcels along SH-105 from Buffalo Springs to CB Stewart. With the addition of the 6-ac tract, the scope has been changed to include the full extension along SH-105 from Buffalo Springs to CB Stewart and the extension from the intersection of SH-105 and Buffalo Springs approximately 1,000 linear feet North adjacent to Buffalo Springs. The City will design the portion along SH-105 at the expense of the Developer. The Developer will be responsible for the design of the sanitary sewer along Buffalo Springs Dr. to serve the multi-family portion of the development. An updated layout is included in Exhibit D and an updated cost estimate reflecting current construction costs is included as Exhibit H.

Exhibit G shows a graphical representation of historical sanitary sewer flow, projected demand, and wastewater treatment plant capacity. As you will see there is a substantial increase in projected sanitary sewer demand in the scenarios shown. Those scenarios are as follows:

- 1. A Ready to Connect: These are developments that are platted, infrastructure accepted, etc. that are ready to connect to the system at any time.
- 2. B A Plus in Design/Construction with Agreement: This shows all of the developments in A plus those that the City has development agreements that are actively in the design or construction process.
- 5. C B Plus in Feasibility without Agreement: This shows all of the developments in B plus the developments that are actively going through the due diligence process but have not yet entered into a development agreement with the City. This includes developments such as this development Villages of Montgomery, Mia Lago Reserve, and Church of Montgomery.
- 3. D C Plus Anticipated Additional Development within the City Limits: This includes everything in C plus tracts that are in the City limits but not actively working through the development process.

As you will see, there is a significant difference in the scenarios, also it is important to note:

- 1. The timing of developments is a huge factor, and this graph is only based on end of year demands and then spread out linearly. Therefore, projects expected to come online late in the year will artificially inflate the projected demand earlier in the year.
- It is also important to note that there is built in contingency to the projected numbers as our projected flows today show approximately a flow of 303,000 gpd but actual flows are 297,000 gpd.
- Sewer demand is projected based on information provided by the developer and typically based on industry standards which are intended to be conservative. It is typical to see actual demand come in under this amount, however we plan for the higher.

# **Paving and Traffic Planning**

Based on the updated preliminary site layout, the additional 6-acre tract is expected to experience heavy truck traffic from a minimum of 5 retail users, as well as the 4 driveway connections shown on the attached preliminary site plan. The Developer will be required to submit a Traffic Impact Analysis (TIA) and a fund Geotechnical Report to provide pavement recommendations for the additional traffic to these roadways. The ultimate scope of the required roadway improvements shall be based on the results of the reports and analysis provided. The following recommendations are based on the initial information provided from the Developer and are subject to change based on the results of the subsequential TIA and Geotechnical Report.

At this time, it is our understanding that the developer is proposing 4 driveway connections for the commercial portion of the development and the 1 driveway connection for the multi-family portion to CB Stewart Dr. Based on the preliminary site plan, there is an expected addition of heavy truck traffic a minimum of 5 retail users as well as the secondary entrance of the multi-family portion of the development. It is recommended for the Developer to reconstruct all or a portion of, CB Stewart from the northern right-of-way of SH-105 to the intersection of CB Stewart and Buffalo Springs Drive to a material that is sufficient to handle the expected increased traffic from the proposed commercial pad sites and multi-family complex.

Two pavement reconstruction options were evaluated for CB Stewart Drive: asphalt and concrete. The consideration for both options reference recommendations made in the Buffalo Springs geotechnical report as the roadways are assumed to have similar original pavement material. Our preliminary cost estimates show potential costs for the roadway improvements range from \$800,000 to \$2,400,000 depending scope and material recommendations for the roadway. As a reminder, this cost is subject to change based on findings from a site-specific TIA and geotechnical report to be completed by the Developer.

Additionally, based on conversations from the City and the Developer during the execution of the Memorandum of Understanding (MOU) for the development, we have updated the costs for the proposed improvements of Buffalo Springs from the northern boundary of the Home Depot Development to the intersection of Buffalo Springs and CB Stewart Dr. to include construction of a roundabout. This brings the updated costs for concrete pavement to the roadway and roundabout to \$1,484,000, which includes construction costs, contingencies and all related engineering fees.

# **Development Costs**

The Developer will need to engineer and construct the onsite water, sanitary sewer, paving, and drainage facilities to serve the proposed Tract. The Developer will also be responsible for the costs of all offsite utility and/or paving facilities to serve the tract. The Developer will also need to pay water and wastewater impact fees to the City. The impact fees will be assessed at the time of recordation of the final plat and collected prior to receiving water and sanitary sewer taps. Enclosed in Exhibit F of the original Feasibility Study are the 2023 Revisions to the Montgomery Impact Fee Analysis Report. The estimated ADF provided by the developer requires the equivalent use of (1) 3- inch water tap for the large commercial reserve, (7) 2 – inch water taps for commercial pad sites and (1) 6 – inch tap for Multi-Family per Exhibit F of the original Feasibility Study. These sizes are based on our best judgment and are subject to change based on the Developer's final land plan and timing of the final plat.

An escrow agreement has been Executed by the Developer and the City, and funds have been deposited to cover the cost of this feasibility study. An estimated additional initial deposit of \$54,000, as seen in Exhibit G, will be required to cover the City's remaining expenses for the development, which includes administrative costs, legal fees, plan reviews, developer and construction coordination, and construction inspection for the private site work and the inspection services of the proposed Buffalo Springs sanitary sewer inspection. This is with the assumption that the development will require 3 plan reviews and is constructed as one phase. The fees calculation can be seen in Exhibit G of the original Feasibility Study.

These additional funds must be deposited into the escrow prior to any work being completed by the City, and do not include the engineering costs associated with the design of the offsite improvements.

Below is a summary of the estimated total costs of potential projects that could be associated with the development:

Total Estimated Costs	\$4 299 310 - \$5 899 310
Wastewater Impact Fee	\$356,317
Water Impact Fee	\$371,393
Cost of Public Infrastructure Improvements (Linear Utilities)	\$1,233,600
Cost of Public Infrastructure Improvements (Buffalo Springs)	\$1,484,000
Cost of Public Infrastructure Improvements (CB Stewart)	\$800,000- 2,400,000
Escrow Account	\$54,000

Fotal Estimated Costs \$4,299,310 - \$5,899,310

The cost included in this feasibility study does not include engineering costs associated with each individual commercial pad build out. Individual escrow deposits for each commercial pad site will be calculated at the time of development. Additionally, the cost shown for the public infrastructure improvements related to the linear utilities are based on a pro rata share of the total linear footage of linear utilities to service the proposed tract.

# **Financial Feasibility**

The Developer estimates the total assessed value (A.V.) at full development to be approximately \$166,443,018.00. Based on the estimated total A.V. and assuming 95% collection, the in-city development would generate approximately \$153,377.24 per year in debt service revenue, and approximately \$479,106.23 per year in operations and maintenance revenue. These estimates are based on the City's \$0.0970/\$100 valuation debt service tax rate and the \$0.3030/\$100 valuation Operations & Maintenance (O&M) tax rate.

If you have any questions or comments, please contact me.

Sincerely,

Chris Roznovsky, PE City Engineer

# ESCROW AGREEMENT, SECTION 2.03 ATTACHMENT BY AND BETWEEN

#### THE CITY OF MONTGOMERY, TEXAS,

#### **AND**

#### **BCS Capital**

#### Dev. No. 2415

Э

THE STATE OF TEXAS

COUNTY OF MONTGOMERY 3

As per section 2.03, the Feasibility Study completed an estimate of the additional escrow amount, which was determined for administration costs, legal fees, plan reviews, developer coordination, construction coordination, and warranty of services. The required additional amount is below:

Administration	\$ 5,000
City Attorney	\$ 5,000
City Engineer	
Developer Coordination	\$ 5,000
Plan Reviews	\$ 4,000
Construction Coordination and Inspection	\$ 15,000
Warranty Inspection	\$ 2,000
TOTAL	\$ 54,000

#### **Note:**

<sup>1.</sup> Any changes to the site plan or phasing of the project may result in changes to the cost to the City. In that event, additional deposits would be required by the Developer.

<sup>2.</sup> Plan review costs only include the overall site for mass grading, detention, and on-site utilities. Additional reviews for the individual commercial pad sites, and the multi-family portion will require additional deposits upon submission of plans.

#### 1 EXECUTIVE SUMMARY

BCS Capital Group, LLC (the "Developer") has requested the City of Montgomery (the "City") to perform a feasibility study for the City to serve a mixed-use development on a 32-acre tract along SH-105 west of Buffalo Springs Dr., also referred to as the BCS Capital tract. The tract is located within City limits and would not need to be annexed prior to receiving utility service.

Based on the preliminary land plan provided by the Developer, this development would consist of a mix of multi-family and commercial pads. The final land plan may affect the estimated costs of, and revenues associated with, the development.

The analysis shows that after the completion of the City's Water Plant No. 2 Improvements project currently in construction, the City will have the water capacity to serve the development and existing developments for the next few years but will need additional water plant capacity to serve all existing and proposed developments at full build out.

The analysis also shows that the City will have the sanitary sewer capacity to serve the proposed development, existing developments, and committed developments at full build out when the Town Creek WWTP plant project is completed. However, to serve all committed developed as well as those in feasibility, the City will need to begin planning for additional wastewater treatment plant upsizing in the next few years.

The estimated total costs of potential projects that could be associated with the development are:

<b>Total Estimated Costs</b>	\$3,499,167
Wastewater Impact Fee	\$334,213
Water Impact Fee	\$348,354
Cost of Public Infrastructure Improvements (Linear Utilities)	\$1,081,000
Cost of Public Infrastructure Improvements (Buffalo Springs)	\$990,200
Cost of Public Infrastructure Improvements (CB Stewart)	\$723,400
Escrow Account	\$22,000

The cost for the related public infrastructure totals \$2,794,600, which accounts for all of the required improvements within the region of the proposed development. The scope and costs of the public infrastructure improvements related to the BCS Capital development will be outlined in a Development Agreement, that both the City and Developer agree to.

BCS Capital Feasibility Study Page 4 January 28, 2025

Based on information provided by the Developer the estimated total assessed valuation for the development would be approximately \$97,000,000.00 at full build out. Based on the City's current tax rate (\$0.0970 debt service and \$0.3030 for operations and maintenance) and an assumed 95% collection rate, the development will bring in approximate tax revenues as shown below:

Debt Service	\$ 89,385.50
Operations and Maintenance	\$ 279,214.50
Total Estimated Annual Tax Revenue	\$ 368,600.00

#### 1 INTRODUCTION

This undeveloped tract is located along SH-105 just west of Buffalo Spring Dr. and falls entirely within the City limits.

The Tract's boundary in relation to the City's surrounding facilities is enclosed as **Exhibit A.** A preliminary site plan is enclosed as **Exhibit D** and indicates the Developer's intentions to develop this 32-acre tract. In total, the future development will consist of 1 – Multi-Family reserve (17.19 acres), 7 – Commercial reserves (11.35 acres) and approximately 3 acres of detention.

As shown in **Exhibit B**, the tracts are currently zoned B – Commercial and PD – Planned Development and would require rezoning approvals prior to service. Based on the preliminary land plan, the proposed development consists of multi-family and commercial. Since the proposed multi-family portion of the development falls partially within the Planned Development District, it will require additional approval from the Buffalo Springs Architectural Control Committee. All the referenced approvals would be required prior to receiving service from the City.

#### 2 ANALYSIS

#### **Water Production and Distribution**

The City has begun the construction of a water plant improvements project at the existing Water Plant No. 2 to restore the capacity of the City's water system. Upon completion, the City will have three (3) active water wells and two existing water plants with a capacity of 2,500 connections or 568,000 gallons per day per Texas Commission on Environmental Quality ("TCEQ") requirements. The City is currently bidding for the design of future Water Plant No. 4 that includes an elevated storage tank and an additional Jasper aquifer water well. The project is expected to be constructed in 2026.

The current average daily flow ("ADF") in the City is approximately 437,261 gpd. Inclusive of existing connections, ultimate future projected connections within current platted developments, and developments that are currently in design, the City has committed approximately 812,491 gpd and 2,167 connections. A copy of the updated water usage projections is included as **Exhibit E**. Once the Water Plant No. 2 Improvements Project is complete, the City will have committed approximately 143% of the total ADF capacity and 87% of the connection capacity.

The City has recently authorized their engineer to complete the design and bid for the Water Plant No. 3 Booster Pump Addition project. The scope of the project includes adding a 4<sup>th</sup> booster pump at the water plant. The proposed improvements would increase the City's ADF capacity to 730,000 gpd and a connection count of 2,500. Once completed with the construction of the booster pump addition the City would have committed 111% of the total ADF capacity.

Based on the preliminary site layout, and information provided from the Developer, the Tract's estimated water capacity requirement is approximately 72,000 gpd. This usage assumes the full build out of the proposed commercial tracts, as well as the ultimate usage of the proposed multi-family tract. The proposed usage of this development will not impact the City all at one time, as the property will undergo a build-out period. Inclusive of existing connections, platted developments, developments currently underway, other developments in feasibility, and this development, the City will have committed approximately 1,325,063 gpd and 2,834 connections or 181% of the total ADF capacity and 113% of the connection capacity at full build out. Based on the projections shown in **Exhibit E**, the City would need additional water plant capacity in mid-2025 which can be achieved by the booster pump addition previously mentioned.

Additionally, the City is currently bidding for engineer firms to complete the design of their Water Plant No. 4 project. The scope of the project includes the construction of a 500,000-gallon elevated storage tank and 1,000gpm water well in the Jasper aquifer. The completion of this project will provide the City with an additional 600,000gpd in well capacity. With the addition of Water Plant No. 4, the City will have sufficient water production capacity to service this development and all other planned developments that are currently in design or feasibility.

The Developer will be responsible for the extension of an off-site 12" waterline from the existing waterline ending on Buffalo Springs Dr. to Lone Star Pkwy as well as the extension of a 12" waterline along the frontage of their property adjacent to SH-105 from Buffalo Springs to the western portion of their property boundary. This line will eventually continue to the existing 12" waterline along CB Stewart once the

BCS Capital Feasibility Study Page 7 January 28, 2025

adjacent property develops. This portion of the waterline will be the responsibility of the adjacent property owner to complete. The Developer will be responsible for all costs associated with the required off-site public waterline extension to serve their development, which will be designed by the City Engineer. The cost shown for all of the proposed improvements are shown in **Exhibit H.1**.

The Developer is responsible for providing engineered plans and specifications for the on-site improvements to serve the proposed development to the City Engineer for review and approval prior to commencing construction, and to obtain all required Planning and Zoning Commission, City Council and development approvals and permits.

#### **Sanitary Sewer Collection and Treatment**

The City's existing wastewater facilities include 19 public lift stations and two (2) wastewater treatment plants (one of which is currently decommissioned). The Stewart Creek Wastewater Treatment Plant (TPDES Permit No. WQ0011521001) has a permitted capacity of 400,000 gpd. The current ADF at the Stewart Creek Wastewater Treatment Plant is 233,500 gpd or 58%.

Inclusive of existing connections, platted developments, and developments which are in design or under construction, the City has committed approximately 477,519 gpd or 119% of existing permitted capacity at full build out. Based on projected build out, we do not expect to exceed our permitted capacity until Q1 2026 based on a conservative estimate of our projected wastewater flow for this year. Based on our actual flow we do not expect to exceed current plant capacity until Q3 2027. A copy of the wastewater usage projections is included as **Exhibit E**.

Based on the City's historical usage for similar types of development and information from the Developer, the Tract's estimated sanitary sewer capacity requirement is 60,000 gpd (1,800,000 gallons per month) at full build out. This number assumes the full build out of the proposed commercial tracts, as well as the ultimate usage of the proposed multi-family tract. The proposed usage of this development will not impact the City all at one time, as the property will undergo a build-out period. Inclusive of existing connections, platted developments, developments currently underway, other developments in feasibility, and this development, the City will have committed 850,400 gpd or 212% of existing permitted capacity.

The TCEQ requires the City to initiate design of a wastewater treatment capacity expansion when the ADF exceeds 75% of the City's 400,000 gpd permitted capacity (300,000) for 3 consecutive months. Based on our conservative estimates this is expected to occur in Q3 of 2025. Anticipating this requirement to be triggered, the City has selected Halff Associates to complete the design of a 0.3 MGD WWTP to replace the existing Town Creek WWTP that is currently decommissioned. Additionally, the TCEQ requires the commencement of the construction phase of the expansion after 3 consecutive months of ADF exceeding 90% of the permitted capacity (360,000 gpd). This is expected to occur in Q4 of 2026. Halff Associates plans to be complete with design of the 0.3 MGD Town Creek WWTP in late 2025. Based on the projected based of development shown in **Exhibit E**, the City would exceed 700,000 gpd capacity in Q3 2027. This assumes the City adds an additional 1,800 connections. Dependent on the actual pace of development within the City, the City is prepared to move forward with the Phase II expansion to the Town Creek WWTP to increase the total treatment capacity to 1,000,000 gpd.

The Developer will be responsible for the extension of an off-site 8" gravity sanitary sewer line from the

BCS Capital Feasibility Study Page 8 January 28, 2025

existing sanitary sewer manhole on CB Stewart Dr. to the northern property line of their development. The Developer will also be responsible for the extension of an off-site 8" gravity sanitary sewer from the existing sanitary sewer manhole at the Buffalo Springs and SH-105 intersection to the western portion of their property. This line will eventually continue and connect to existing Lift Station No. 12 once the adjacent property develops and will be the responsibility of the adjacent property owner to complete. The Developer will be responsible for all costs associated with the required off-site public sanitary sewer extensions to serve their development, which will be designed by the City Engineer. The cost shown for all of the proposed improvements are shown in **Exhibit H.1**.

The ultimate alignment of sanitary sewer lines interior to the Tract will depend on the final land plan of the proposed development. These sanitary sewer lines will need to be placed within public utility easements located along the public ROW or placed within the public ROW interior to the development and constructed per all applicable City and TCEQ design criteria.

The Developer will also need to coordinate the installation of sanitary sewer tap(s) into the public system with the City's Department of Public Works and will be responsible for all costs associated with said work.

#### **Drainage**

The onsite storm sewer system and detention system will be designated private and remain the responsibility of the Developer to maintain. All drainage and detention improvements must be designed per the City's current Code of Ordinances, requiring compliance with the City's floodplain regulations and all applicable Montgomery County Drainage Criteria Manual Standards. Failure to design and construct the drainage facilities per Montgomery County Criteria potentially jeopardizes eligibility for acceptance by the City. The Developer will also be required to perform and submit a drainage study showing the development's impact on the drainage downstream of the Tract and on adjacent properties. The drainage study must be submitted to the City for review and approval prior to approval of the construction plans.

The Developer is responsible for providing engineering plans and specifications for the drainage and detention system interior to the development to the City Engineer for review and approval prior to commencing construction, and to obtain all required Planning and Zoning Commission, City Council, and development approvals and permits.

#### **Paving and Traffic Planning**

Per the current preliminary land plan, the Developer is proposing one (1) connection to CB Stewart Dr., one (1) connection to Buffalo Springs Dr. and improvements to one (1) existing driveway to SH-105. Based on the project traffic flow, the Developer will be required to submit a Traffic Impact Analysis to show how the proposed connections will impact traffic on these City streets and State Highway 105 at full build out.

Based on the final land plan, the Developer may be required to provide improvements to CB Stewart Dr. and or Buffalo Springs Dr. to accommodate for the added traffic to the two City roadways. Preliminary Cost Estimates for both the repaving of CB Stewart, including the addition of 5' sidewalks, and the repaving of Buffalo Springs Dr. are included as **Exhibits H.2** and **H.3**.

The Developer will also be responsible for obtaining all required TxDOT permits for the driveway connection to SH-105.

#### **Development Costs**

The Developer will need to engineer and construct the onsite water, sanitary sewer, paving, and drainage facilities to serve the proposed Tract. The Developer will also be responsible for the costs of all offsite utility and/or paving facilities to serve the tract. These required improvements and associated costs will be outlined in a Development Agreement which will be executed by both the Developer and the City.

The Developer will also need to pay water and wastewater impact fees to the City. The impact fees will be assessed at the time of recordation of the final plat and collected prior to receiving water and sanitary sewer taps. Enclosed as **Exhibit F** are the 2023 Revisions to the Montgomery Impact Fee Analysis Report. The estimated ADF provided by the developer requires the equivalent use of (1) 3- inch water tap for the large commercial reserve, (6) 2 – inch water taps for commercial pad sites and (1) 6 – inch tap for Multi-Family per **Exhibit F**. These sizes are based on our best judgment and are subject to change based on the Developer's final land plan.

An escrow agreement has been Executed by the Developer and the City, and funds have been deposited to cover the cost of this feasibility study. An estimated additional \$22,000 will be required to cover the City's remaining expenses for the development, which includes administrative costs, legal fees, plan reviews, developer and construction coordination, construction inspection, and one year warranty expenses. This is with the assumption that the development will require 3 plan reviews and is constructed as one phase. The fees calculation can be seen in **Exhibit G**. These additional funds must be deposited into the escrow prior to any work being completed by the City, and do not include the engineering costs associated with the design of the offsite improvements.

Below is a summary of the estimated total costs of potential projects that could be associated with the development:

Total Estimated Costs	\$3,499,167
Wastewater Impact Fee	\$334,213
Water Impact Fee	\$348,354
Cost of Public Infrastructure Improvements (Linear Utilities)	\$1,081,000
Cost of Public Infrastructure Improvements (Buffalo Springs)	\$990,200
Cost of Public Infrastructure Improvements (CB Stewart)	\$723,400
Escrow Account	\$22,000

The cost included in this feasibility study does not include engineering costs associated with each individual commercial pad build out. Individual escrow deposits for each commercial pad site will be calculated at the time of development.

BCS Capital Feasibility Study Page 10 January 28, 2025

Additionally, the cost for the related public infrastructure totals \$2,794,600, which accounts for all of the required improvements within the region of the proposed development. The scope and costs of the public infrastructure improvements related to the BCS Capital development will be outlined in a Development Agreement, that both the City and Developer agree to.

These estimates are based on the projected water and wastewater usage provided by the developer. The actual costs will depend on the final land plan, final design, and actual construction costs.

#### **Financial Feasibility**

The Developer estimates the total assessed value (A.V.) at full development to be approximately \$97,000,000.00 Based on the estimated total A.V. and assuming 95% collection, the in-city development would generate approximately \$89,385.50 per year in debt service revenue, and approximately \$279,214.50 per year in operations and maintenance revenue. These estimates are based on the City's \$0.0970/\$100 valuation debt service tax rate and the \$0.3030/\$100 valuation Operations & Maintenance (O&M) tax rate.

#### **Next Steps**

If the Developer decides to move forward with the proposed development, the Developer will be required to enter into a Development Agreement that outlines financing/funding mechanisms, impact fees, and any other specific terms that need to be defined. Once completed, the Developer would be responsible for submitting and getting approval for their rezoning application, preliminary and final plats, private site civil drawings, and deposit of funds for the proposed public infrastructure improvements. The Development timeline is outlined in **Exhibit I** of the report.

This report is our engineering evaluation of the funds required to complete the anticipated future capital improvement for this Tract and of the potential increase in tax revenue to the City. This report is not intended to be used for the issuance of municipal financial products or the issuance of municipal securities. The City's Financial Advisor(s) can address potential recommendations related to the issuance of municipal financial products and securities.

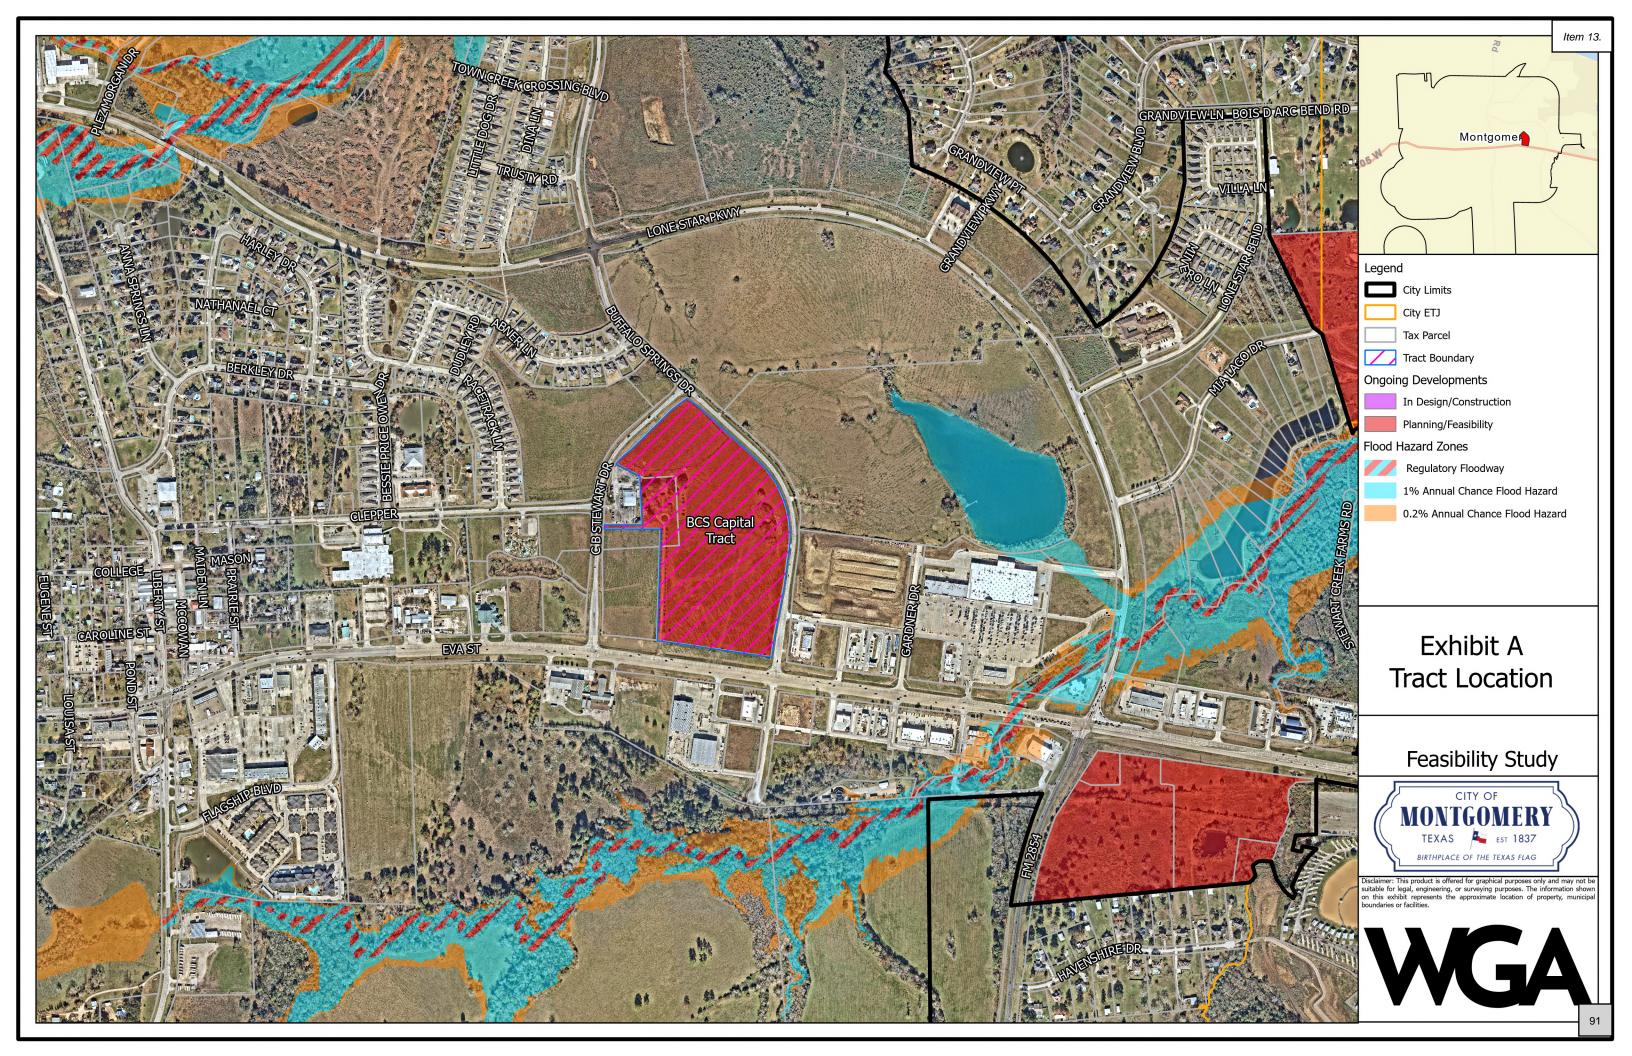

Thank you for the opportunity to complete this feasibility study and offer our recommendations. Please contact me or Katherine Vu, P.E., CFM, should you have any questions.

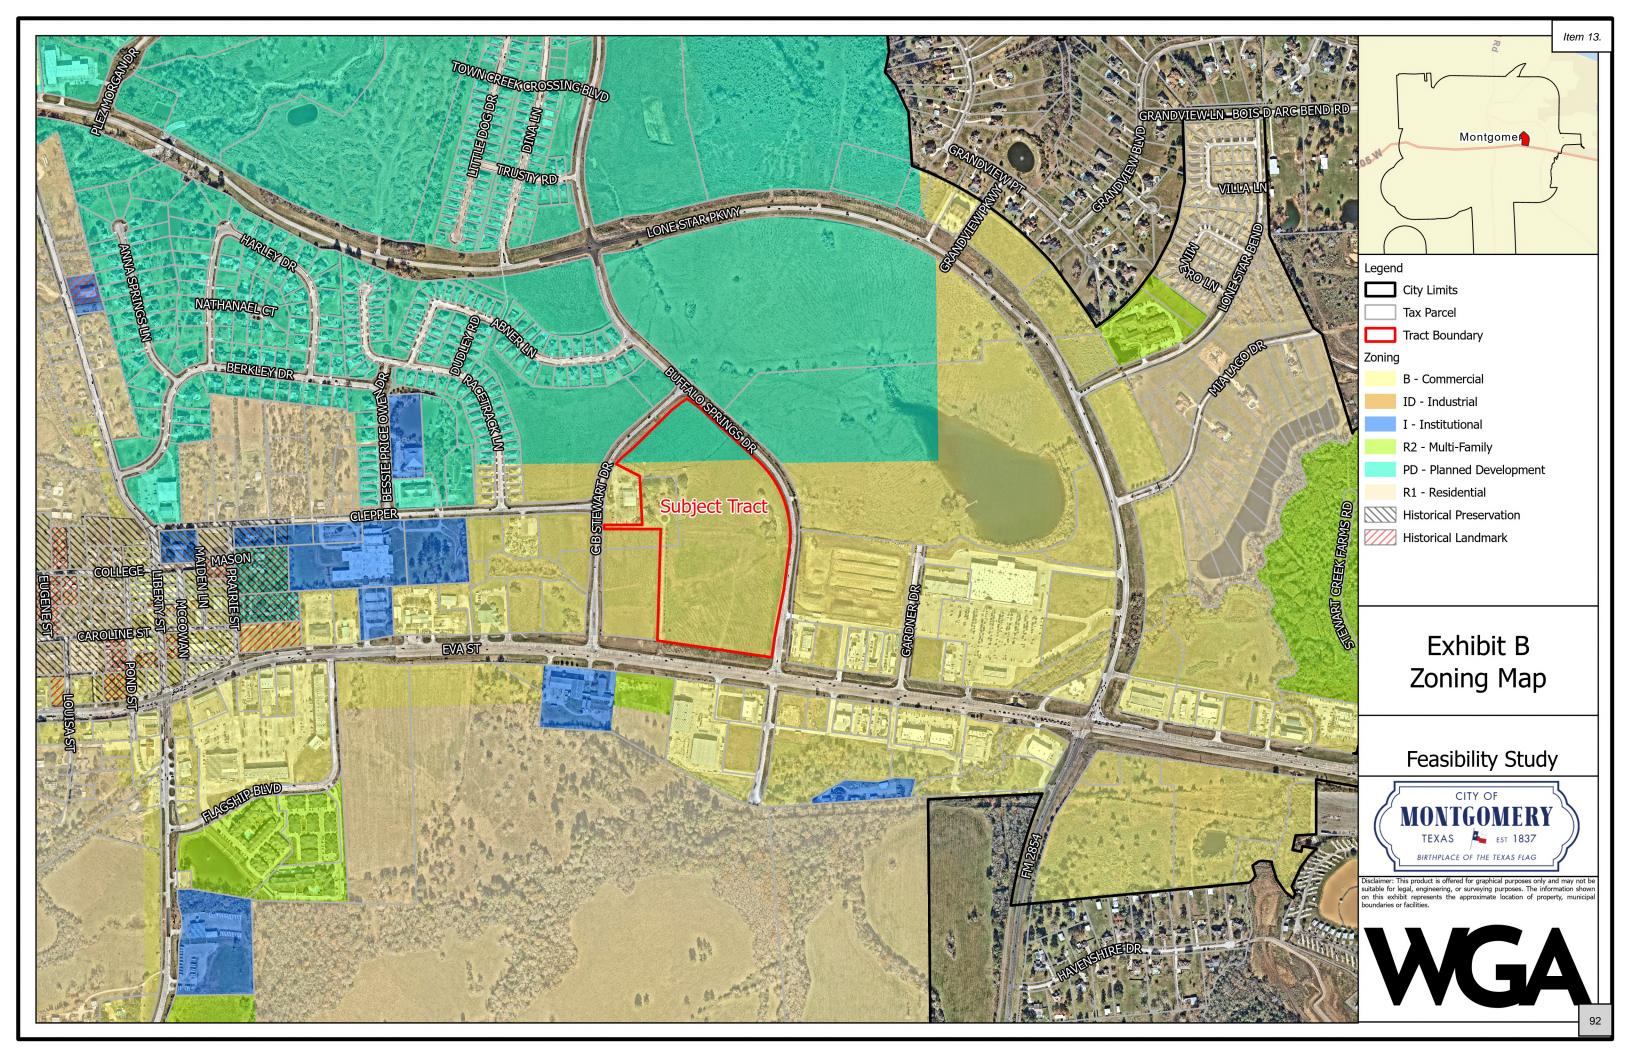

Sincerely,

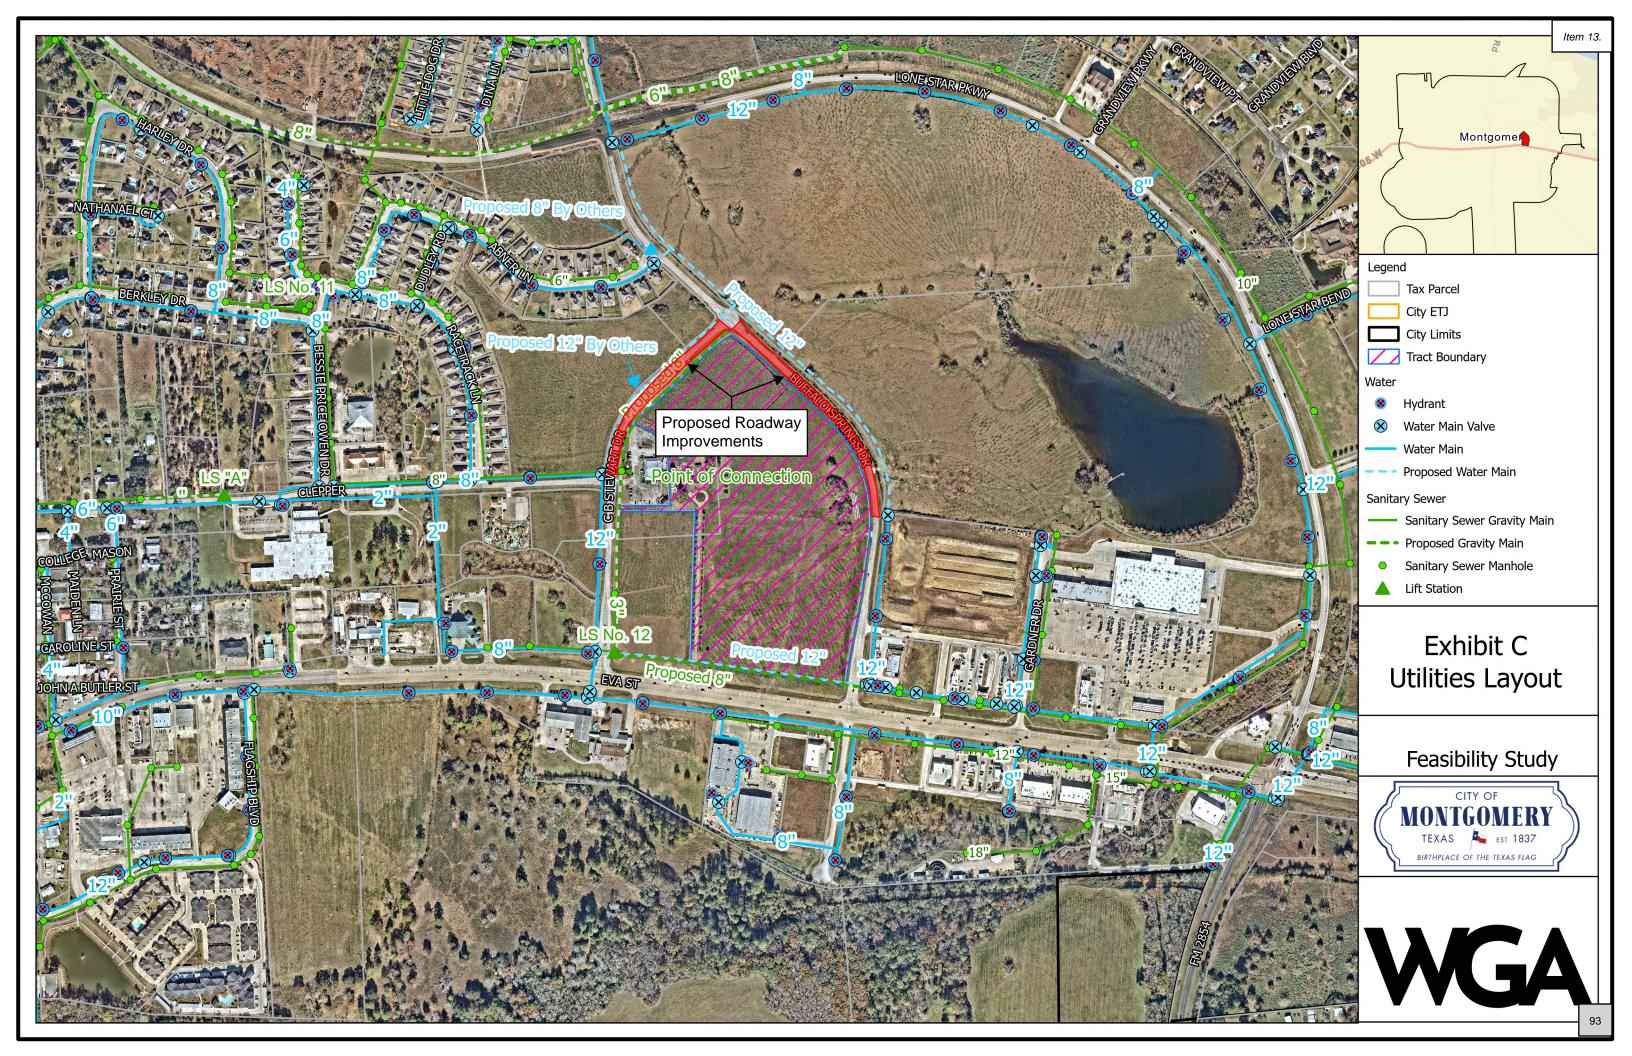

Chris Roznovsky, PE, City Engineer

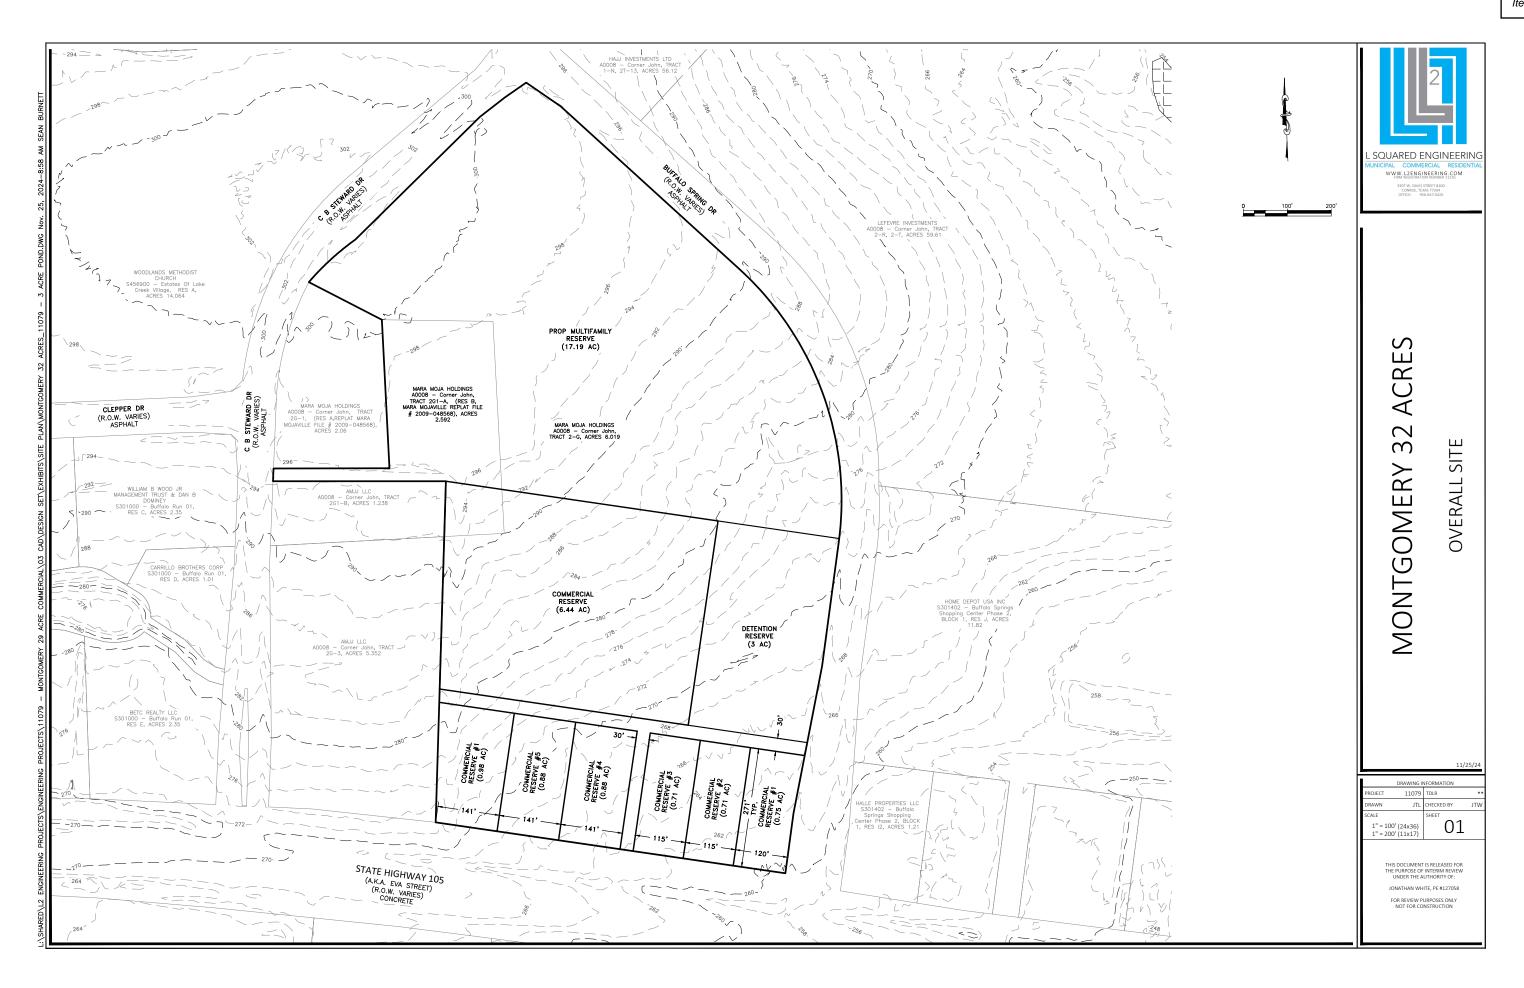

Chris Roymons

### **EXIHIBIT E: IMPACT FEE SUMMARY**

Meter Size <sup>(1)</sup>	Maximum Capacity (GPM)	Maximum Assessable Water Fee (\$/ESFC)	Maximum Assessable Wastewater Fee (\$/ESFC)	Maximum Assessable Fee (\$/ESFC)
5/8" x 3/4" fitting	15	2,033	1,951	3,984
3/4"	25	3,396	3,258	6,654
1"	40	5,429	5,209	10,638
1 1/2"	120	16,268	15,607	31,875
2"	170	23,039	22,104	45,143
3"	350	47,441	45,515	92,956
4"	600	81,339	78,037	159,376
6"	1,200	162,679	156,074	318,753
8"	1,800	244,018	234,111	478,129

- 1. These fees were adopted by City Council in September 2024.
- 2. 5/8" Meter size is used for all connections equal to 1 ESFC (Equal Single Family Connection), and reflects the installation of a 5/8" x 3/4" meter.

# ESCROW AGREEMENT, SECTION 2.03 ATTACHMENT BY AND BETWEEN

### THE CITY OF MONTGOMERY, TEXAS,

#### **AND**

#### **BCS Capital**

#### **Dev. No. 2415**

Э

THE STATE OF TEXAS

COUNTY OF MONTGOMERY 3

As per section 2.03, the Feasibility Study completed an estimate of the additional escrow amount, which was determined for administration costs, legal fees, plan reviews, developer coordination, construction coordination, and warranty of services. The required additional amount is below:

Administration	\$ 1,000
City Attorney	\$ 3,000
City Engineer	\$ 18,000
Developer Coordination	\$ 3,000
Plan Reviews	\$ 8,000
Construction Coordination (Private Site)	\$ 5,000
Warranty Inspection	\$ 2,000
TOTAL	\$ 22,000

<u>Note</u>: Any changes to the site plan or phasing of the project may result in changes to the cost to the City. In that event, additional deposits would be required by the Developer.

# Preliminary Cost Estimate BCS Capital

1/28/2025

ITEM No.	DESCRIPTION	QUANTITY	UNIT	UI	NIT PRICE	COST
UNIT A	: REINFORCED CONCRETE PAVING					
1	Move-in and start up, including all permits, performance, payment, and maintanence bonds	1	LS	\$	39,000	\$ 39,000
2	Site Preparation (to rid the areas to be paved & filled of vegetation, debris, asphalt, concrete, and organic matter, including stripping existing topsoil where fill is proposed, stockpiling topsoil, replacing topsoil over filled areas and to provide positive drainage)	1	LS	\$	13,000	\$ 13,000
3	Sawcut existing asphalt pavement	164	LF	\$	16	\$ 2,700
4	Removal and Disposal of existing asphalt stabilized base and pavement	3507	SY	\$	12	\$ 42,100
5	8-inch cement sand subgrade, (2 sacks per cy) complete in place	3507	SY	\$	25	\$ 87,700
6	2" Type B Hot Mix Asphalt Concrete Surface Layer (includes traffic buttons, striping & markings)	3507	SY	\$	28	\$ 98,200
7	4" Type B Hot Mix Asphalt Concrete Base Layer (includes traffic buttons, striping & markings)	3507	SY	\$	35	\$ 122,800
8	HMAC, Dense Graded Type "D" (3-Inch Thick) including tack coat, subgrade, complete in place.	328	SY	\$	60	\$ 19,700
9	Temporary traffic control devises as needed for the duration of the project, (flaggers, cones, etc.), per TMUTCD, includes installation, maintenance and removal, complete in place	1	LS	\$	1,000	\$ 1,000
10	Remove and reset signage	5	EA	\$	250	\$ 1,300

## Montgomery Planning and Zoning Commission

### **AGENDA REPORT**

Meeting Date: 08/05/2025	Budgeted Amount: NONE
<b>Department:</b> Planning and Zoning	Prepared By: Corinne Tilley

#### Subject

Consideration and possible action on a request to modify the regularly scheduled Planning and Zoning Commission meeting on Tuesday, October 7, 2025 at 6 p.m. to Wednesday, October 8, 2025 at 6 p.m.

#### Recommendation

Staff recommends approval of the request to modify the regularly scheduled Planning and Zoning Commission meeting date.

#### Discussion

The proposed change is requested to accommodate a scheduling conflict. Staff will coordinate to confirm quorum availability and provide proper public notice in accordance with applicable requirements.

Approved By		
City Administrator	Brent Walker	Date: 07/24/2025
