1. Public Hearings

a. 2024 Millage Rate

City Administrator Logan Propes stated this is the third and final public hearing concerning the millage rate. Staff recommends a millage rate increase of 6.661. This is an increase of 0.452 mills over the calculated full rollback and only a .194 mill increase over the 2023 rate, which translates to approximately \$500,330.00 more than 2023 at 100% of collections. The last increase of the millage rate was in 2019. The net maintenance and operations millage rate is 6.661 mills, and the bond millage rate is 0.00 giving a total millage rate of 6.661 mills.

The Mayor declared the meeting open for the purpose of public input.
