- III. APPROVAL OF AGENDA
- IV. MINUTES OF PREVIOUS MEETING
  - 1. Minutes from Previous Meeting

## V. OLD BUSINESS

1. Request for COA - 130 S Broad St - Exterior Changes

# VI. <u>NEW BUSINESS</u>

- 1. Request for COA 128 3rd St Fence, deck, & shed
- 2. Request for COA 109 N Broad St Signage
- 3. Request for COA 407 E Church St Fence
- 4. Request for COA 1250 S Madison Ave Demolition
- 5. Request for COA 207 N Madison Ave Fence
- 6. Request for COA 700 S Broad St Exterior Changes
- VII. <u>ADJOURNMENT</u>

#### Historic Preservation Commission Meeting Minutes Regular Meeting—May 23, 2023—DRAFT

Present: Laura Powell, Elizabeth Jones, Marc Hammes, Fay Brassie

Absent: Jane Camp

Staff: Brad Callender, City Planner Sara Shropshire, Dir. of Community Development Laura Wilson, Code Admin

Visitors: Rob Goudiss, Kelly & Allen Connerley, Chanch Edwards, Shannon Sturgill, Greg Gajownik

Meeting called to order at 6:00 P.M.

Motion to approve agenda as submitted

Motion Hammes. Second Powell Motion carried

Chairman Jones asked if there were any changes or corrections to the previous months' minutes. To approve as submitted.

Motion by Hammes, Second by Brassie Motion carried.

#### Old Business:

<u>The First Item of Old Business</u>: Request for COA #1915, a request to demolish 1251 S. Madison Ave. The request was first heard by the Historic Preservation Commission at the December 27, 2022 regular meeting. Rob Goudiss of Arnold Properties spoke in favor of the request. The request was tabled for the April 2023 meeting at the request of the applicant to allow time for any businesses or citizens interested in purchasing the property. One party expressed interest in the structure but ultimately concluded it was too difficult to move without destroying the structure.

Note: Chairman Jones read Section 54-174 (B) of the Code of Ordinances into the record; these ordinances detail considerations for the demolition and relocation of historic structures. Some of the main concerns of the Commission are

- No detailed plan for the property should the demolition be approved
- Belief that the property could provide reasonable economic return if restored

Discussion continued:

- Goudiss: We are not interested in selling a piece of the property with the structure on it; that might allow a new owner in the future to come in and change the zoning to allow different uses
- Hammes: What are you going to do with the lot after demolition?
  - Goudiss—no development plans; house has been cited as dangerous, not inhabitable by the City Code Department
  - Chairman Jones—is this due to neglect?
  - o Goudiss-that is for someone else to determine; the only plan is to demolish the dwelling

- Goudiss—as we presented early in this process, the cost to renovate the structure with the conditions that would be placed by this Commission is more than we can uphold
  - Chairman Jones—we have heard your estimation of costs but we have not heard what kind of income in could bring in if restored
  - o Goudiss—we are in the rental business; restoration is just not what we do

Chairman Jones: Any questions from the public? None

Commissioner Hammes: What are the future plans for the structure? Are you going to sell it in two months and put apartments on it?

Goudiss: Everything is subject to change but there are no plans for development on that property; I only want to comply with the City Code Department

Callender: Have you had a real estate estimate done of the property to show its value with the proposed improvements?

Goudiss: No

Callender: It could have a much higher value than the cost of the improvements if it is restored

Motion to approve

Motion by Hammes, Second -none Motion dies for lack of a second

Motion to deny because it would ruin the aesthetic of the district 54-174 (b)(2); one the last remaining examples of Victorian architecture with Eastlake trim & original roof 54-174 (b)(4); belief that the property could make a reasonable economic return 54-174 (b)(7);

Motion by Brassie, Second Powell Motion carried 2-1 (Hammes oppose)

Chairman Jones: Motion approved to deny demolition

<u>The Second Item of Old Business</u>: Request for COA #2216, a request for a shed at 120 Mears St.; Kelly and Allen Connerley spoke in favor of the project. The shed will be used for storage; especially during the current renovation project. It will also be used for wheelchair storage.

Commissioner Brassie: Is it temporary?

K. Connerley: We would like to keep it.

Commissioner Hammes: Will you keep it in the same place?

K. Connerley: That is really the only place we have to keep it; the lot is full

Commissioner Brassie: The accessory building on the lot stands out for two reasons; the color of the roof and the shape of the roofline. Generally, you want the accessory structure to mimic the main structure. It may have been denied if you had come to us first because it does not go with your building. If you keep it, you need to make it not stand out. The white trim makes it more visually interesting than your building.

Wilson: (addressed to the commission members) This is an accessory structure, not attached to the building, and not permanent. Additionally, you do not have any say over paint color.

Chairman Jones: We are not going to decide what color you paint it (the accessory structure). Does anyone else have any questions?

Commissioner Powell: Typically, you put a shed in the back where it cannot be seen. That is not an option here but the shed is really in the best place.

Chairman Jones: Any questions from the public-no

Motion to approve

Motion by Hammes, Second Powell Motion carried 2-1 (Brassie opposed)

The Third Item of Old Business: Request for COA #2221, a request for exterior renovations including signage at 134 N. Broad St. Chanch Edwards with Nehemiah Construction spoke in favor of the project. The applicant would like to replace the existing windows with single pane to match the surrounding buildings. There will be three lights on the sign and one light on either side of the entrance door. Previously there was some questions about the color of brick that will be added in the rear to fill up the hole caused by the smaller door.

Edwards: It will be the best looking back of a building in a terrible looking alley in downtown. Commissioner Brassier: You are removing the shutters? Edwards: Yes

Chairman Jones: Any questions? Wilson: Are you making any changes to the windows? Edwards: Replace the current brown windows (6/6 light pattern) with black windows (1/1) light pattern to match the rest of downtown

Chairman Jones: Any questions from the public-no

Motion to approve as presented

Motion by Brassie, Second by Powell Motion carried

**The Fourth Item of Old Business:** Request for COA #2229, a request for exterior changes including porches and an addition at 314 S. Wayne St. The applicant and property owner Shannon Sturgill spoke in favor of the project. He provided the Commission a brief recap of the work done on the property:

- Previously used as warehouse
- Rear addition with shed roof had a massive leak—roof replaced by extending the existing gable which resulted in the house increasing by 7.5 sq feet
- 10x16 deck removed—requesting to put back same dimensions

The main items left to be discussed are the front porch pickets and the rear deck.

Commissioner Brassie: I spoke with Pat in the Code Office and Brad (contractor for 314 S. Wayne St.) to try to come up with a plan for the balustrades so that the front porch and back porch are compatible. Perhaps the front could be at 34 inches and the back at 36 inches. The house also had a double newel post on the stairs that needs to be restored.

Sturgill: When I purchased the house, it only had one post Commissioner Brassie: Need to restore both handrails in the front and the one along the side in the back Sturgill: Right now, in the front and along the side we have 33.5" and none of those porches are more than 30" off the ground.

Wilson: We have confirmed with Patrick Kelley, head of the Code Office that the front railings can be less than current code height. The porch in the back must be at code height which is 36".

Sturgill: We can do that

Commissioner Brassie: I was trying to work with Brad to make sure that the transition from the front to the back porch was not so jarring. We still want to have the handrails with the double newel posts.

Chairman Jones: Any questions from the public-no

Motion to approve 34-inch balustrade in the front to go with the 36-inch balustrade in the back, handrails will be same height has the railings with the double newel posts with round caps, and rebuilding the back deck on the same dimensions (with no newel posts)

Motion by Brassie, Second by Powell Motion carried

<u>The Fifth Item of Old Business</u>: Request for COA #2226, a request for exterior changes including signage at 130 S. Broad St. The applicant was not present to speak in favor of the project.

Motion to table until June 27, 2023

Motion by Hammes, Second by Powell Motion carried

**New Business** 

<u>The First Item of New Business</u>: Request for COA #2404, a request for a 10'x16' shed at 110 Mears St. The applicant, Greg Gajownik, executive pastor at Walton Community Church spoke in favor of the project. Walton Community Church is requesting a shed for storage purposes.

Commissioner Hammes: Is this where you plan to keep the shed? Gajownik: Yes, we think that is the best spot. It is as far back on the property as we think we can put it.

Chairman Jones: Any questions from the public-no

Motion to approve as presented

Motion by Hammes, Second by Powell Motion carried

<u>The Second Item of New Business</u>: Request for COA #2405, a request for signage at 100 S. Broad St. for The Roe restaurant. Chad Draper with Bolt Construction spoke in favor of the project. Of the two options, the applicant prefers the option with "THE" centered over the "ROE". The letters will be aluminum and painted black and gold.

Commissioner Brassie: Will the sign be centered on the building? Can you pull the "THE" down into the "ROE" space to give the sign more visual weight on that side so you do not notice the sign is off center? It is about a foot off center if you stand in front of it.

Callender: I think the only way it impacts it, is if you look at the sign from directly across the street. The optics of the photograph are throwing things off a bit.

Commissioner Brassie: Is the size alright? Wilson: The size is well within code requirements.

Callender: Is the sign back lit? Draper: No

| Motion to approve as presented |  |

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hp Commission,

SWEETBERRY MONROE is requesting to paint the front of 130 s broad st. We are wanting painted signage, "sweetberry" across the top of the building. The building would be like colors seen in downtown Monroe, the brick would be "iron ore" and signage "extra white" and "Eros pink".

The last upgrade we would like to accomplish, replacing the front door with a style that fits the downtown scene a little better. We have selected a full glass metal door 36x 80 painted the same color as building, iron ore.

# Signage Proposal for 109 N Broad St

Herein is a proposal for an ornamental display sign for Rekindle LLC (D.B.A. Rekindle Candle Co) to be added to the brick façade of said business's retail building located at 109 North Broad Street, Monroe, GA.

The sign is to be constructed of metal and will be suspended 12-15 feet off the ground. Sign will be mounted to brick façade via screws drilled into said brick. Actual sign will be suspended from metal bracket that is mounted onto aforementioned brick. Total dimension of sign and mounted bracket is approximately 4'x4' (see attached proof for further dimensional information).

Sign will be out of reach of pedestrians and clear of other elevated structures including tree limbs and branches. Sign will also be weather and wind resistant.

Artist and muralist, Levi Dilley, will be the crafter and installer of said sign. Levi has several years of experience in the sign and mural business. He has done numerous jobs in and around Monroe along with large scale, complex jobs in Atlanta, Athens, and Watkinsville.

This document serves as a proposal by Matthew Mewbourne (Business Owner) on behalf of Rekindle LLC (D.B.A. Rekindle Candle Co) along with consent of building owner Chris Collins of 2<sup>nd</sup> Floor LLC.

ABOUT RESIDENTIAL FENCE STYLES COMMERCIAL SERVICE AREAS CONTACT

# **The Monroe Fence**

HOME / WOOD PICKET FENCING / THE MONROE FENCE

# The Monroe - Wood Picket Fence

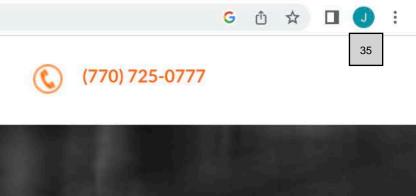

Precision Fenceworks installs all of its wood picket fences on-site so that we may take into account the variance in the land elevations and so that we can create a fence that is not only aesthetically pleasing to the eye, but always functional. We have so many styles from which to choose it may be hard to make a choice.

# About this fence

Check out the images above for some examples of this Wood Picket Fence we offer.

Like with all of our fencing products, Precision Fenceworks guarantees its fences and its installation. We are here to serve the people of Georgia and you can trust us to make your project, our project.

Estimate for 1250 S. Madison Ave. Monroe, GA 30655

There are a ton of variables as you know to establish a price to remodel a home. Without having a predetermined scope of work it is hard to give you a precise quote. To fully remodel the home from top to bottom, with all new foundation, utilities, mechanicals etc it could be in the \$250,000 range.

| ** For the purposes of this estimate, "Construction Costs"<br>equired to complete the construction of the improvements<br>cost of any listed category.                              |                                     |                    |               |              |  |

\*\*\*Many of the estimates carry a 'valid for 30-90 day' gaurantee only because the fluctuations in the market and reflective product/material price changes

\*\*\*If conditions such as rock formations, high water tables, tree roots or other unknown or unforeseen conditions are encountered in the construction of the foundation excavation or utility trenching, additional costs and time may be incurred which will be an addition to the Estimated Contract Price.

June 13, 2023

Dear Mr. Edwards,

In accordance with your request, I have formulated an opinion of value for 1250 S. Madison Ave, Monroe, GA 30655. This opinion of value was prepared for the purpose of expressing an opinion of the market value of the fee-simple interest in the property, subject to normal limitations, including typical financing as of June 2023. Within the parameters of the preceding statements, it is my opinion that the improved market value, with the construction of a single family dwelling per below specifications, in fee-simple as of June 2023, is reasonably expressed by the amount of:

> ...THREE HUNDRED FIFTY THOUSAND DOLLARS... (\$350,000.00)

Sincerely, Susan Sykes

Associate Broker RE/MAX Center GA License #351147

Historic Preservation Committee:

Project: 700 S Broad Street

Our current request to the committee is for 700 S Broad Street. We intend to pressure wash the building to hopefully bring the existing historic brick back to life. We will be removing the existing awnings and replacing them with black iron awnings as shown in the pictures included. We also intend to square up/level the current concrete front porch stoop and install a railing down the front like the pictures included in the package.

Wes Peters

Representative for 81 Investment Company LLC

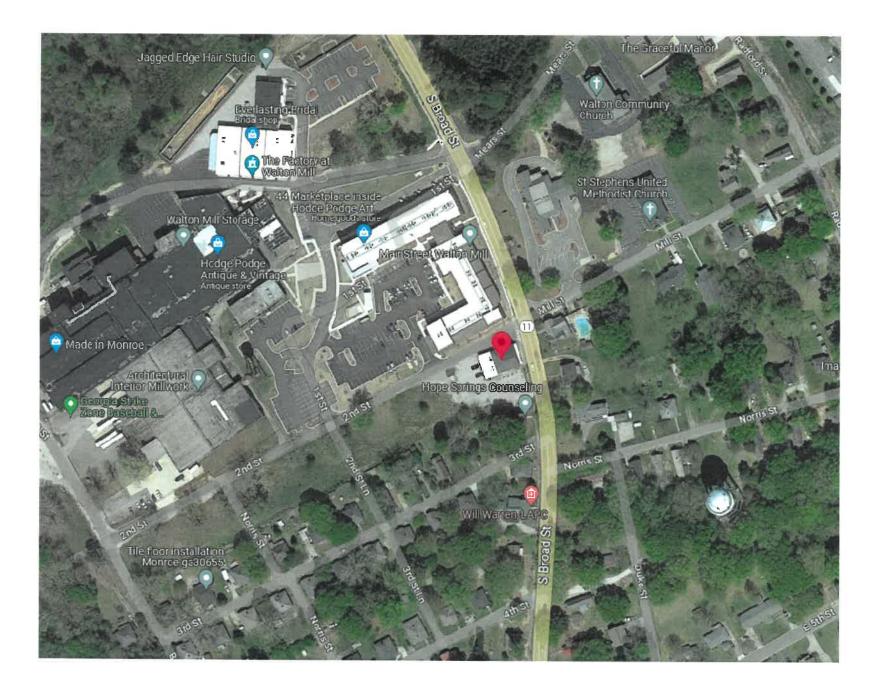

# **Owner Authorization Statement**

Project: 700 S Broad Street

I, Darrell McWaters, managing member of 81 Investment Company, LLC which owns 700 S Broad Street in Monroe GA, authorizes Wes Peters to act on behalf of the company in getting all necessary approvals from the HPC for alterations to the property.
