CALL TO ORDER  
ROLL CALL

**EXECUTIVE SESSION REPORT** - by City Attorney

PLEDGE OF ALLEGIANCE  
INVOCATION  
APPROVAL OF AGENDA  
CONFLICT OF INTEREST  
CORRESPONDENCE  
INTRODUCTIONS  
CITY ATTORNEY – Parliamentary Procedures

**As a courtesy to those in attendance, we would ask that cell phones be turned off or set in their silent mode. Thank you**

**PUBLIC APPEARANCE** - Persons wishing to address the NPUA / City Council on subjects other than those scheduled are requested to do so at this time. When called by the Mayor, please announce your name and address for the record. In order to conduct a timely meeting, a three-minute time limit per person has been established by Municipal Code Section 2-18. Amendments to the California Government Code Section 54950 prohibits the City Council from taking action on a specific item until it appears on the agenda.

### **PRESENTATION**

(A ten-minute time limit per presentation has been established per Municipal Code Section 2-18.)

1. Mayor Jernigan will present Certificates of Appreciation to the Needles Varsity Girls Softball Team in recognition for their outstanding performance.
2. Measure I Education Outreach Presentation will be given by representatives from SBCTA.

### **INTERVIEWS**

3. Interview and appoint to fill the vacancy on City Council, with a term to expire December 12, 2028, and administer the Oath of Office and seat the newly appointed member. (ACT)

### **NPUA / COUNCIL CONSENT CALENDAR**

All matters listed on the NPUA/Council Consent Calendar are considered to be routine and will be enacted by one motion in the form listed. The Mayor or any member of the NPUA / City Council may pull an item from the Consent Calendar for discussion. Prior to NPUA / Council action, a member of the public may address the NPUA / City Council on matters scheduled on the Consent Calendar. A three-minute time limit per person applies. **RECOMMENDED ACTION:** Approve Items 4 through 6 on the Consent Calendar by affirmative roll call vote **(ACT)**

4. Tasks No. 7, 8, 9 under the Electric Circuit Reliability Program to complete Electric System Improvements by Petrelli Electric with total work not to exceed \$507,197 utilizing the Electric System Improvement Fund
5. Authorize the purchase of a CAT 265 Compact Track Loader from Empire Cat, not to exceed \$107,829.94, utilizing Asset Replacement Funds.
6. Adopt the 2025 Needles Public Utility Authority Wildfire Mitigation Plan Version 6.0

### **END OF NPUA CONSENT CALENDAR**

**COUNCIL CONSENT CALENDAR** All matters listed on the Consent Calendar are considered to be routine and will be enacted by one motion in the form listed. The Mayor or any member of the City Council may pull an item from the Consent Calendar for discussion. Prior to Council action, a member of the public may address the City Council on matters scheduled on the Consent Calendar. A three-minute time limit per person applies. **RECOMMENDED ACTION:** Approve Items 7 through 9 on the Consent Calendar by affirmative roll call vote. **(ACT)**

7. Approve the Warrants Register through June 24, 2025
8. Approve the Minutes of June 10, 2025.
9. Approve Resolution No. 2025-28 establishing the appropriations subject to limit for Fiscal Year 2025-2026.

## **END OF COUNCIL CONSENT CALENDAR**

### **REGULAR COUNCIL ITEMS**

10. Authorize those interested to attend the ICSC Western Event at the Palm Springs Convention Center on September 28-30, 2025 (ACT)

### **CITY ATTORNEY REPORT**

### **CITY CLERK REPORT**

### **CITY MANAGER REPORT**

City Manager's Reports for the weeks of June 6 and June 13, 2025.

### **COUNCIL REQUESTS**

Council Member Longacre  
Council Member McCorkle  
Vice Mayor Campbell  
Council Member Pogue  
Council Member Belt

# MEASURE I

## BY THE NUMBERS

### Promises Made — Promises Kept

When the voters of San Bernardino County overwhelmingly approved the Measure extension in 2004, it came with a commitment by SBCTA to deliver on the promises of a better transportation system. That promise has been kept as the agency continues to offer more choices for how we move to and through our beautiful county.

**\$2.5 Billion**  
generated for  
projects and  
programs

Measure I has participated in the delivery of projects in a wide range of its programs, totaling **\$2.9 billion**, with Measure I contributing **\$682 million**.

**\$700M**  
Local  
Improvements

More than **\$700 Million** has been returned to local jurisdictions for projects like sidewalks, pothole repairs, and improved signalization at intersections.

**\$2.9 Billion**  
Regional  
Infrastructure  
Improvements

**32,500  
Jobs**

Supported by Measure I\*

\* Statistic based on job impact numbers from USDOT, and revenue generated by Measure I since 2010.

**cta**

# NEEDLES

**Measure I is a half-cent sales tax that supports transportation projects in San Bernardino County. This funding supports critical street, road and transit projects throughout Needles.**

- Pavement Management Plan (PMP) Projects:
  - Coronado Street
    - J Street to Peru Street
  - Gates Community
  - Portion of Casa Linda Street
    - San Clemente Street to La Cima Road
  - J Street/I-40 Connector
  - U.S. 95 Colorado River Bridge
  - Needles Highway
- River Road/River Street Rehabilitation
- Street Improvements - J Street
- Street Improvements - Broadway Avenue
- City Sidewalk/ADA Improvements

### CITY COUNCIL APPOINTMENT APPLICATION

Applicant Name: Wayne Colburn

Address: [REDACTED]

Daytime Phone Number [REDACTED]

Cell [REDACTED]

Home Phone Number: [REDACTED]

Email [REDACTED]

Special comments and/or interests: I seek the position within the City Council.  
With a deep commitment to our community and a passion for public service, I believe  
I can contribute positively to the council's efforts in enhancing the quality of life  
for all residents. Having lived in Needles for the last 3 years I understand there are  
unique challenges and opportunities facing our city. I am eager to engage with our  
residents to ensure their voices are heard in decision-making processes.

Background and Qualifications: With a Bachelors degree in Business Administration  
and extensive experience in community engagement, I am well-prepared to contribute  
effectively to our city's governance. As the Administrator of the Needles Chamber of Commerce,  
I drew strong relationships with local businesses fostering initiatives to support economic growth.  
My recent campaign for Mayor allowed me to connect with residents, listening to their needs and desires,  
which I believe is essential for effective leadership. Additionally, my experience as a business  
owner and manager has equipped me with valuable skills in strategic planning,  
resource management, and teamwork promoting prosperity and inclusivity.

You must be a registered voter in the City of Needles to qualify for appointment.

### CITY COUNCIL APPOINTMENT APPLICATION

Applicant Name: Jeff Williams

Address: [REDACTED]

Daytime Phone Number: \_\_\_\_\_ Cell [REDACTED]

Home Phone Number: \_\_\_\_\_ Email [REDACTED]

Special comments and/or interests: The city needs to diversify our industrial base  
California has unfortunately made a mess out of the cannabis industry. We need to  
Search for other high energy users as the energy sector gets back to normal we  
Should be able to take advantage of the rate decreases as was the plan when we  
started the cannabis push. Data mining and plastic molding are 2 that should be  
looked into.

Background and Qualifications: I have been working with the city of Needles for over 20 years  
on the city council mostly as Mayor and Vice Mayor when not on the council the last  
20+ years I served on the hospital board as president. I took the last 2 years off  
of assisting the council to have a heart transplant and a kidney transplant.  
While off officially I continued to assist in bringing business to the city.  
I feel better now and am ready to assist the city in moving forward  
I appreciate you considering me for this position

You must be a registered voter in the City of Needles to qualify for appointment.

## City of Needles, California Request for City Council Action

☒ CITY COUNCIL ☒ NPUA

☒ Regular ☐ Special

**Meeting Date:** June 24, 2025

**Title:** Approve **Tasks No. 7, 8, 9** under the Electric Circuit Reliability Program to complete Electric System Improvements by Petrelli Electric with total work not to exceed \$507,197 utilizing the Electric System Improvement Fund

**Background:** On March 10, 2021, an invitation to bid was published in the Needles Desert Star, for a 4-person electrical line crew, including equipment and electrical tools.

Petrelli Electric Co. was awarded a 3-year contract beginning November 2021 and expiring April 2028. From 2021 to 2023, six (6) tasks have been completed of the pole changeouts. No poles were changed in 2024. Staff are requesting the approval of three tasks to be completed during FY26.

**Task No. 7 – Lilly Hill Dr. – Replace 1 – 60 ft Pole (this pole is not accessible by utility equipment/crews) with two new transformers, install 2 60 ft poles**

**Task No. 8 – Bailey Dr. – Replace 5 deteriorated poles in the alley**

**Task No. 9 – Valley at D Street – Replace 6 deteriorated poles**

The Board of Public Utilities approved the recommended action on June 17, 2025.

**Fiscal Impact:** The Electric System Improvement Fund has a balance of \$1,414,370.06 as of 6/11/2025.

**Environmental Impact:** N/A

**Recommended Action:** Approve **Tasks No. 7, 8, 9** under the Electric Circuit Reliability Program to complete Electric System Improvements by Petrelli Electric with total work not to exceed \$507,197 utilizing the Electric System Improvement Fund

**Meeting Date:** June 24, 2025

**Title:** Authorize the purchase of a CAT 265 Compact Track Loader from Empire Cat, not to exceed \$107,829.94, utilizing Asset Replacement Funds

**Background:** The Electric Department needs to purchase a compact track loader. The new compact track loader will be used for maintaining rights-of-way, vegetation clearing, and inventory management at pole and substation yards. The NPUA/City does not own a compact track loader, and it is difficult for the crew to complete tasks with a backhoe.

The Board of Public Utilities approved the recommended action on June 17, 2025.

**Fiscal Impact:** The Electric Department has an asset replacement fund balance of \$3.6M as of 4/30/2025. The new CAT 265 unit is \$103,946.96 plus the two additional buckets is \$3,882.98, for a total cost of \$107,829.94.

**Environmental Impact:** N/A

**Recommended Action:** Authorize the purchase of a CAT 265 Compact Track Loader from Empire Cat, not to exceed \$107,829.94, utilizing Asset Replacement Funds

**2025 New Caterpillar 265 CAB w / AC and High Flow Hydraulics  
Standard Equipment**

**POWERTRAIN**

Cat C2.8TA turbocharged, aftercooled  
diesel engine  
-Gross horsepower per ISO 14396  
74.2 hp (55.3 kW)  
-Glow plugs starting aid  
-Liquid cooled, direct injection  
Air cleaner, dual element, radial seal  
S-O-S sampling valve, hydraulic oil  
Ecology drain - coolant  
Filter, hydraulic supply, cartridge type  
Filter, hydraulic return, cartridge type  
Filter, canister type, engine oil  
Filter, canister type, fuel  
and water separator  
Radiator / hydraulic oil  
cooler (side-by-side)  
Spring applied, hydraulically released,  
parking brakes  
Hydrostatic transmission  
Lockable fuel cap  
Auto engine idle

**UNDERCARRIAGE**

Torsion Suspension (4 independent  
torsion axles)  
Two speed travel  
Integrated tie downs on track  
frame (4)

**OPERATOR ENVIRONMENT (continued)**

-Park brake engages  
-Engine emission system  
(where applicable)  
Control interlock system, when operator  
leaves seat or armrest raised:  
-Hydraulic system disables  
-Hydrostatic transmission disables  
-Parking brake engages  
ROPS cab, tilt up  
FOPS, Level I  
Color LCD monitor:  
-Creep speed control  
-Drive response adjustment  
-Implement response adjustment  
-Drive Power Priority adjustment  
-Language selection (x32)  
-Date, Time, Units, and brightness  
settings  
-Multi-operator Anti-theft Security  
System & Monitoring  
-Maintenance schedule and reminders  
-Event and Diagnostic Code monitoring  
-Smart Technology, enables use of  
Smart Attachments  
Gauges: fuel level, hour meter,  
hydraulic temperature, battery  
voltage, tachometer.  
Rear View Camera  
Cell Phone Storage Pocket  
Cup Holder

## **HYDRAULICS**

Selectable control pattern - ISO or H  
Electro/hydraulic implement control  
Electro/hydraulic hydrostatic  
transmission control  
Speed sensor guarding  
Heavy duty flat faced quick disconnects  
with integrated pressure release lever

## **ELECTRICAL**

Work Tool Electrical Harness  
Heavy duty battery  
-includes battery disconnect with  
lockout feature  
12 volt electrical system  
85 ampere alternator  
LED work lights  
Auto reverse lights  
Switch backlighting  
Interior LED dome light  
Backup alarm  
Electrical outlet, beacon  
Courtesy lighting, exterior

## **OPERATOR ENVIRONMENT**

Operator warning system indicators:  
-Air filter restriction  
-Alternator output  
-Armrest raised / operator out of seat  
-Engine coolant temperature  
-Engine oil pressure  
-Glow plug activation  
-Hydraulic supply filter restriction  
-Hydraulic oil temperature

## **OPERATOR ENVIRONMENT (continued)**

Ergonomic contoured armrest  
Top and rear windows  
Floormat  
Headliner  
Interior rear view mirror  
Horn  
Hand (dial) throttle, electronic  
12 volt power port  
Rear window breaker hammer

## **FRAMES**

Lift linkage, vertical path  
Chassis, one piece welded  
Machine tie down points (9)  
Removable panels for machine  
frame cleanout  
Support, lift arm  
Steel rear and front bumpers, welded  
Fuel fill, machine right hand side

## **OTHER STANDARD EQUIPMENT**

Steel engine door with replaceable  
louvers  
Engine door - lockable  
Extended life antifreeze (-37C, -34F)  
Work tool attachment coupler  
Hydraulic oil level sight gauge  
Radiator coolant level sight gauge  
Radiator expansion bottle  
Cat ToughGuard TM hose  
Hydraulic demand cooling fan

**Additional Configured Included in the Sales Price:**

# Cat<sup>®</sup> 265

## COMPACT TRACK LOADER

### FEATURES:

The Cat<sup>®</sup> 265 Compact Track Loader, with its vertical lift design, delivers extended reach and lift height for quick and easy truck loading. Its standard torsion suspension undercarriage system provides superior traction, flotation, stability, and speed to work in a wide range of applications and underfoot conditions. The 265 features the following:

- **Redesigned Operator Station** delivers a larger operating environment, and combined with additional seat travel, the 265 provides more space for operators of any size. The optional **one-piece, sealed, and pressurized cab** offers a clean and quiet workspace with excellent air distribution through optimally placed vents throughout the cab.
- **Available ventilated and heated high-back air ride seat** with seat-mounted adjustable joystick controls deliver industry-leading operator comfort.
- **High-performance power train** provides selectable settings for drive power priority and maximum travel speed (overdrive) to customize the machine performance to match the task.
- **Three levels of auxiliary hydraulic performance available** Standard Flow, High Flow, and High Flow XPS. **Standard flow** for attachments that require a base level of auxiliary flow and horsepower, **High Flow** boosts the auxiliary flow for applications that demand additional hydraulic flow for increased attachment performance, and the **High Flow XPS** hydraulic system provides maximum auxiliary hydraulic performance by delivering additional flow and additional pressure for the most demanding attachments and applications.
- **Electronically controlled Cat C2.8TA (turbo after-cooled) engine** meets U.S. EPA Tier 4 Final and EU Stage V emission standards while delivering maximum horsepower across a wide RPM range and providing high torque for increased working performance, no matter the application.
- **Standard torsion suspension undercarriage and standard two-speed travel**, combined with the optional Speed Sensitive Ride Control system improves operation on rough terrain, enabling better load retention, increased productivity, and greater operator comfort.
- **Maximize machine capability and control with the Advanced Joysticks and Advanced Touchscreen Monitor.** The **20.3 cm (8-inch) Advanced Touchscreen Monitor** offers cutting-edge functionality and control that includes an integrated radio, Bluetooth<sup>®</sup> connectivity, and multi-camera (side-view) option, and supports 32 different language choices. The **Advanced Joysticks** provide unmatched control of machine functions and adjustments within the display without the operator having to remove his hands from the controls. This includes the on-joystick navigation of the Advanced Touchscreen Monitor, radio volume up/down/mute, creep activation, creep on/off, creep speed increment/decrement, one-button Smart Attachment control activation, and additional auxiliary control buttons that deliver single-button control of complex attachment functions.
- **Ground-level access** to all daily service and routine maintenance points help reduce machine downtime for greater productivity.
- **Broad range of performance-matched Cat Attachments** make the Cat Compact Track Loaders the most versatile machine on the job site.

## Specifications

### Engine

Engine Model	Cat <sup>®</sup> C2.8TA (turbo after-cooled)	
Gross Power SAE J1995	55.2 kW	74 hp
Net Power SAE 1349	54.9 kW	74 hp
Net Power ISO 9249	54.4 kW	73 hp
Peak Torque at 1,360 rpm SAE J1995	380 N·m	280 lbf·ft
Displacement	2.8 L	171 in <sup>3</sup>
Stroke	90 mm	3.5 in
Bore	110 mm	4.3 in

### Weights\*

Operating Weight	4759 kg	10,492 lb
Tip Load	3659 kg	8,066 lb
Rated Operating Capacity (ROC) (35%)	1280 kg	2,823 lb
ROC (50%)	1829 kg	4,033 lb

### Weights\* (continued)

Enclosed Cab Adds to Operating Weight	+82 kg	+180 lb
Tip Load	+97 kg	+214 lb
ROC (35%)	+34 kg	+75 lb
Counterweight Adds to Operating Weight	+125 kg	+276 lb
Tip Load	+224 kg	+494 lb
ROC (35%)	+78 kg	+173 lb

\*Operating Weight, Operating Specifications, and Dimensions are based on 2036 mm (80") low profile bucket with bolt on cutting edge, 450 mm (17.7") wide track, 75 kg (165 lb) operator, open canopy, mechanical suspension seat, HD battery with disconnect, standard flow hydraulics, manual coupler, and full fluids. No external counterweights, and no dual self-level/return-to-dig/work tool positioner.

## Dimensions\*

<b>1</b> Length of Track on Ground	1626 mm	64.0 in	<b>12</b> Departure Angle	28.2°
<b>2</b> Overall Length of Track	2126 mm	83.7 in	<b>13</b> Maximum Dump Angle	46.4°
<b>3</b> Length without Bucket	2950 mm	116.1 in	<b>14</b> Vehicle Width (450 mm/17.7 in tracks)	1925 mm 75.8 in
<b>4</b> Length with Bucket on Ground	3580 mm	140.9 in	<b>15</b> Turning Radius from Center – Machine Rear	1741 mm 68.5 in
<b>5</b> Height to Top of Cab	2115 mm	83.3 in	<b>16</b> Turning Radius from Center – Coupler	1436 mm 56.5 in
<b>6</b> Maximum Overall Height	4173 mm	164.3 in	<b>17</b> Turning Radius from Center – Bucket (racked)	2229 mm 87.8 in
<b>7</b> Bucket Pin Height at Maximum Lift	3354 mm	132.0 in	<b>18</b> Maximum Reach with Arms Parallel to Ground	1187 mm 46.7 in
<b>8</b> Bucket Pin Height at Carry Position	213 mm	8.4 in	<b>19</b> Rack Back Angle at Maximum Height	85.3°
<b>9</b> Reach at Maximum Lift and Dump	638 mm	25.1 in	<b>20</b> Bucket Pin Reach at Maximum Lift	249 mm 9.8 in
<b>10</b> Clearance at Maximum Lift and Dump	2655 mm	104.5 in	<b>21</b> Bucket rollback angle (ground level)	27°
<b>11</b> Ground Clearance	216 mm	8.5 in		

## Power Train

Travel Speed (Forward or Reverse)

One Speed	8 km/h	5 mph
Two Speed	13 km/h	8.1 mph

## Hydraulic System

Hydraulic Flow – Standard:

Loader Hydraulic Pressure	24 130 kPa	3,500 psi
Loader Hydraulic Flow	86 L/min	23 gal/min
Hydraulic Power (calculated)	34.6 kW	46.4 hp

Hydraulic Flow – High Flow:

Loader Hydraulic Pressure	24 130 kPa	3,500 psi
Loader Hydraulic Flow	113 L/min	30 gal/min
Hydraulic Power (calculated)	45.4 kW	60.9 hp

Hydraulic Flow – High Flow XPS:

Loader Hydraulic Pressure	28 000 kPa	4,061 psi
Loader Hydraulic Flow	129 L/min	34 gal/min
Hydraulic Power (calculated)	60.2 kW	80.7 hp

## Operating Specifications\*

Rated Operating Capacity:

35% Tipping Load	1280 kg	2,823 lb
50% Tipping Load	1829 kg	4,033 lb

Rated Operating Capacity

with Optional Counterweight (at 35%)	1359 kg	2,996 lb
Tipping Load	3659 kg	8,066 lb
Breakout Force, Tilt Cylinder	3937 kg	8,680 lb
Breakout Force, Lift Cylinder	3057 kg	6,739 lb
Ground Contact Area (450 mm/17.7 in track)	1.46 m <sup>2</sup>	2,268 in <sup>2</sup>
Ground Pressure (450 mm/17.7 in tracks)	31.9 kPa	4.6 psi

## Cab

Rollover Protective Structure (ROPS)	ISO 3471:2008
Falling Object Protective Structure (FOPS)	ISO 3449:2005 Level I

## Service Refill Capacities

Cooling System	10.7 L	2.8 gal
Engine Crankcase	8.2 L	2.2 gal
Fuel Tank	120.0 L	31.7 gal
Hydraulic System	36.8 L	9.7 gal
Hydraulic Tank	26 L	6.9 gal

The following information applies to the machine at the time of final manufacture as configured for sale in the regions covered in this document. The content of this declaration is valid as of the date issued; however, content related to machine features and specifications are subject to change without notice. For additional information, please see the machine's Operation and Maintenance Manual.

For more information on sustainability in action and our progress, please visit <https://www.caterpillar.com/en/company/sustainability>.

## Engine

- The Cat® C2.8TA (turbo, after-cooled) engine meets U.S. EPA Tier 4 Final and EU Stage V emission standards.
- Cat diesel engines are required to use ULSD (ultra-low sulfur diesel fuel with 15 ppm of sulfur or less) or ULSD blended with the following lower-carbon intensity fuels up to:
  - ✓ 20% biodiesel FAME (fatty acid methyl ester)
  - ✓ 100% renewable diesel, HVO (hydrotreated vegetable oil) and GTL (gas-to-liquid) fuels

Refer to guidelines for successful application. Please consult your Cat dealer or "Caterpillar Machine Fluids Recommendations" (SEBU6250) for details.

## Air Conditioning System

- The air conditioning system on this machine contains the fluorinated greenhouse gas refrigerant R134a (Global Warming Potential = 1430). The system contains 0.85 kg of refrigerant which has a CO<sub>2</sub> equivalent of 1.216 metric tonnes.

## Paint

- Based on best available knowledge, the maximum allowable concentration, measured in parts per million (PPM), of the following heavy metals in paint are:
  - Barium < 0.01%
  - Cadmium < 0.01%
  - Chromium < 0.01%
  - Lead < 0.01%

## Sound Performance

Inside Cab\* – 80 dB(A)

Outside Cab\*\* – 103 dB(A)

- Cab and ROPS are standard in North America and Europe.
  - \*The declared dynamic operator sound pressure levels per ISO 6395:2008. The measurements were conducted with the cab doors and windows closed and at 70% of the maximum engine cooling fan speed. The sound level may vary at different engine cooling fan speeds.
  - \*\*The labeled sound power level for the CE marked configurations when measured according to the test procedure and conditions specified in 2000/14/EC.

## Oils and Fluids

- Caterpillar factory fills with ethylene glycol coolants. Cat Diesel Engine Antifreeze/Coolant (DEAC) and Cat Extended Life Coolant (ELC) can be recycled. Consult your Cat dealer for more information.
- Cat Bio HYDO™ Advanced is an EU Ecolabel approved biodegradable hydraulic oil.
- Additional fluids are likely to be present, please consult the Operations and Maintenance Manual or the Application and Installation guide for complete fluid recommendations and maintenance intervals.

## Features and Technology

- The following features and technology may contribute to fuel savings and/or carbon reduction. Features may vary. Consult your Cat dealer for details.
  - Extended life coolant and long life hydraulic fluid extend maintenance intervals to reduce fluid consumption
  - Boost productivity with Cat technologies like work tool positioner, return to dig and Cat Smart Attachments
  - Save fuel with efficiency features such as foot throttle pedal and cooling system demand fan
  - Remote machine monitoring through onboard Product Link telematics

## ATTACHMENTS

Get more from your machine with Cat attachments. Choose from a wide variety of options and tailor your machine to different tasks and conditions.

Augers  
Backhoes  
Bale Grabs  
Bale Spears  
Blades, Grader, Box, Angle and Dozer  
Brooms, Angle, Pickup and Utility  
Brushcutters  
Buckets  
Cold Planers  
Compactors  
Fork Tines and Carriages  
Hammers  
Material Handling Arm  
Mulchers  
Nursery Forks  
Rakes, Grapple, Landscape  
and Power Box  
Shears  
Snow Blowers  
Snow Plows  
Snow Pushes  
Snow Wings  
Stump Grinders  
Tillers  
Trenchers  
Wheel Saws  
Smart Backhoe  
Smart Dozer Blade with Assist  
Smart Grader Blade with Assist

## MANDATORY EQUIPMENT

- Quick Coupler: Manual or Hydraulic
- High Visibility Seat Belt: 50 mm (2 in), 75 mm (3 in), or 3-point lap/shoulder
- Steel Imbed Rubber Track – 450 mm (17.7 in) bar tread, 450 mm (17.7 in) block tread
- Dual Flange Front Idler/Single Flange Rear Idler or Triple Flange Front/Rear Idlers

## PERFORMANCE PACKAGES

- Performance Package HP1: *Standard Flow Hydraulics*
- Performance Package HP3: *High Flow XPS Hydraulics*

## COMFORT PACKAGES

- Open canopy: *Cup Holder, Cell Phone Pocket, choice of vinyl Seat (Mechanical Suspension, High Back/Heated/Air Ride Seat)*
- Enclosed Cab with heat and air conditioning: *Side Windows, Cup Holder, Cell Phone Pocket, choice of Seat (Mechanical Suspension, High Back/Heated Air Ride Seat, High Back/Ventilated and Heated Air Ride Seat) and Door choice (Glass or Polycarbonate)*

## TECHNOLOGY PACKAGES

- T2 – *Standard Display, Standard Joysticks, traditional Key Start switch, and Rear-view camera.*
- T4 – *Advanced Touchscreen Monitor, Advanced Joysticks, Push start, X-mount cell phone holder, and a Rear-view camera.*
- T5 – *T4 + 2 additional side view cameras.*

## RADIO

- Radio, *none* – *for open canopy machines and countries not certified for Bluetooth® technology*
- Integrated AM/FM radio with Bluetooth technology. *Includes USB port, 3.5 mm (0.13 in) AUX input, and BT microphone. Only for use with enclosed cab. Availability varies by country.*
- Integrated DAB+/AM/FM radio with Bluetooth technology. *Includes USB port, 3.5 mm (0.13 in) AUX input, and BT microphone. Only for use with enclosed cab. Availability varies by country.*

## PRODUCT LINK™

- Product Link™ Basic series PL243
- Product Link Elite series PLE643

## COOLING FAN

- On-demand, variable speed hydraulic cooling fan
- On-demand, variable speed hydraulic cooling fan, with automatic and manual purge reversing operation

## GUARDING AND SEALING PACKAGES

- HD0 – *base guarding and sealing (engine air inlet rain cap, front cab-to-frame sealing, and hydraulic fill access door)*
- HD1 – *intermediate guarding and sealing† (HD0 + cab-to-frame side sealing, lockable fuel fill access door, tilt cylinder guarding, and drive line bottom guarding.)*
- HD2 – *most comprehensive guarding and sealing† (HD1 + turbo guard, exhaust stack wrap, DPF wrap, quick disconnect guarding, fully enclosed drive line guarding, under step hydraulic lines guard cover, engine air inlet pre-cleaner.)*

†Some equipment varies by region.

# 265 Compact Track Loader

## STANDARD EQUIPMENT

### ELECTRICAL

- Work Tool Electrical Harness
- Heavy duty battery
- Battery disconnect with lockout feature
- 12-volt Electrical System
- 85 Ampere Alternator
- LED Work Lights
- Auto Reverse Lights
- Switch Backlighting
- Interior LED Dome Light
- Backup Alarm
- Electrical Outlet, Beacon
- Exterior Courtesy Lighting
- Automatic Work light notification flash when parking brake is released

### OPERATOR ENVIRONMENT

- Full color LCD monitor: *Creep speed control, Drive response adjustment, Implement response adjustment, Drive Power Priority adjustment, Language selection (× 32), Multi-operator Anti-theft Security System and Monitoring, Maintenance schedule and reminders, Event and Diagnostic Code monitoring, Date /Time/ Units/Brightness settings, and Smart Technology for use with Smart Attachments.*
- Operator Warning System Indicators: *Air Filter Restriction, Alternator Output, Armrest Raised/Operator Out of Seat, Engine Coolant Temperature, Engine Oil Pressure, Glow Plug Activation, Hydraulic Supply Filter Restriction, Hydraulic Oil Temperature, Park Brake Engaged, Engine Emission System (where applicable)*
- Gauges: *Fuel Level, Hour Meter, Hydraulic Temperature, Hour Meter, Battery Voltage, Tachometer*
- Fold In Ergonomic Contoured Armrest
- Control Interlock System, when operator leaves seat or armrest raised: *Hydraulic System Disables, Hydrostatic Transmission Disables, Parking Brake Engages*
- ROPS Cab, Tilt Up
- FOPS, Level I
- Top and Rear Windows
- Floor Mat
- Headliner
- Interior Rearview Mirror
- Horn
- Hand (Dial) Throttle, Electronic
- Seat Mounted Joystick Controls
- Cell Phone Storage Pocket
- Cup Holder
- 12-volt power port
- Foot Throttle

### HYDRAULICS

- Selectable control pattern – ISO or H
- Electro/hydraulic implement control
- Electro/hydraulic hydrostatic transmission control
- Speed sensor guarding
- Heavy duty flat faced quick disconnects with integrated pressure release lever
- Hydraulic oil level sight gauge

### POWER TRAIN

- Cat C2.8TA turbocharged, after-cooled diesel engine, meeting Tier 4 Final and Stage V Emission Standards:
  - Glow plugs starting aid
  - Liquid cooled, direct injection
- Extended life antifreeze (–37° C, –34° F)
- Air cleaner, dual element, radial seal
- Scheduled Oil Sampling (S-O-S<sup>SM</sup>) Valve, Hydraulic Oil
- Ecology drain – coolant
- Radiator coolant level sight gauge
- Radiator expansion bottle
- Filter, hydraulic supply, cartridge type
- Filter, hydraulic return, cartridge type
- Filter, canister type, engine oil
- Filter, canister type, fuel and water separator
- Radiator/hydraulic oil
- Cooler (side-by-side)
- Spring applied, hydraulically released, parking brakes
- Hydrostatic transmission
- Lockable fuel cap
- Hydraulic demand cooling fan
- Auto engine idle

### UNDERCARRIAGE

- Torsion Suspension (4 independent torsion axles)
- Two speed travel
- Integrated tie downs on track frame (4)

### FRAME

- Machine tie down points (9)
- Removable panels for machine frame cleanout
- Support, lift arm
- Steel rear and front bumpers, welded
- Fuel fill, machine right hand side

### OTHER

- Auxiliary Hydraulics, Continuous Flow
- Telematics, Product Link, Cellular
- Steel engine door with replaceable louvers
- Engine door – lockable
- Work tool attachment coupler
- Cat ToughGuard<sup>TM</sup> hose

## OPTIONAL EQUIPMENT

---

- External Counterweights
- Beacon, LED
- Engine Block Heater – 120V
- Oil, Hydraulic, Cold Operation
- 4-point machine lifting eyes
- Paint, Custom
- Speed Sensitive Ride Control
- Bluetooth Key Security
- Attachment Hose Guide
- Corrosion Inhibitor Coating

## City of Needles, California Request for City Council Action

☒ CITY COUNCIL ☒ NPUA

☒ Regular ☐ Special

**Meeting Date:** June 24, 2025

**Title:** Adopt the 2025 Needles Public Utility Authority Wildfire Mitigation Plan Version 6.0

**Background:** In 2008, the California Public Utilities Commission (“CPUC”) initiated a proceeding to address fires related to utility infrastructure, following a series of wildfires that occurred in 2007 and 2008. The goal of this proceeding was to establish new industry standards that would reduce the risk of electric line-ignited wildfires, with a focus on areas of the state where wildfire risks are elevated. In 2012, the CPUC adopted three interim fire maps that designated areas of the state where stricter inspection and vegetation clearance requirements would apply to overhead utility poles and equipment.<sup>1</sup> These interim maps were based on generalized wildfire threat, rather than the areas that were at a unique risk of electric line-ignited fires. The CPUC acknowledged the need for a better map and, in the same 2012 Decision, the CPUC directed parties to develop a more precise statewide fire map that identified areas of the state at an elevated risk of electric line-ignited wildfires.<sup>2</sup>

In 2016, Governor Brown signed Senate Bill (“SB”) 1028 (stats. 2016), which required publicly owned utilities (“POUs”) to identify additional wildfire mitigation measures that the POU could take if the POU governing board first found that its overhead electric lines and equipment posed a significant risk of causing a catastrophic wildfire. SB 1028 required that the POU governing board must base this determination on “historical fires and local conditions,” and must consult with local fire departments and other entities with responsibilities for the control of wildfires within the relevant area.<sup>3</sup> These requirements were specified in the newly added Public Utilities Code Section 8387.

In 2018, the CPUC completed the development of the statewide Fire Threat Map that designates areas of the state at an elevated risk of electric line-ignited wildfires.<sup>4</sup> This updated map incorporated historical fire data, fire-behavior modeling, assessments of fuel, weather modeling, and host of other factors. The map development and approval process involved detailed review by the relevant utility staff and local fire officials, a peer review process, and ultimate approval by a team of technical experts led by the California Department of Forestry and Fire Protection (“CAL FIRE”). The CPUC’s Fire Threat Map includes three Tiers/Levels of fire threat risk. Tier 1 consists of areas that have the lowest hazards and risks. Tier 2 consists of areas where there is an elevated risk for destructive electric line-ignited wildfires. Finally, Tier 3 consists of areas where there is an extreme risk for destructive electric line-ignited wildfires.

NPUA Staff reviewed the CPUC’s Fire Threat Map and determined that no NPUA overhead electric lines or equipment are located in an area designated as either Tier 2 (elevated risk) or Tier 3 (extreme risk).

## City of Needles, California Request for City Council Action

---

Staff also reviewed historical fire data and local conditions. Based on this review, staff concluded NPUA's overhead electric lines and equipment did not pose a significant wildfire risk.

In 2018, Governor Brown signed SB 901 (stats. 2018), which addressed a wide range of issues relating to wildfire prevention, response, and recovery. SB 901 substantially revised the Public Utilities Code Section 8387, eliminating the prior process established by SB 1028 and instead making it mandatory for all POU's (regardless of size or wildfire risk) to develop a wildfire mitigation plan. Pursuant to the amended Section 8387, all POU's must present a wildfire mitigation plan to its governing board prior to January 1, 2020, and annually thereafter. Section 8387(b)(2) specifies the topics that must be addressed in the POU wildfire mitigation plans, which includes: (a) the responsibilities of the persons tasked with executing the plan; (b) a description of the POU's wildfire mitigation preventative strategies and programs; (c) a description of the metrics the POU will use to evaluate the wildfire mitigation plan's performance and discussion of how those metrics informed the current wildfire mitigation plan; (d) protocols for disabling reclosers and deenergizing portions of the electrical system; and (e) identification, description, and prioritization of all wildfire risks within the POU's service territory.

SB 901 requires that POU's must present their wildfire mitigation plan at an appropriately noticed public meeting and receive public comment. The POU must also verify that the wildfire mitigation plan complies with all applicable rules, regulations, and standards. POU's must also have their plan reviewed by a qualified independent evaluator to assess the comprehensiveness of the plan. The independent evaluator must then issue a report that the POU must make available on the POU's website, and the POU must present the report at a public meeting of the POU's governing board.

In 2019, two new bills (SB 1054 and SB 111) made additional major reforms relating to wildfires. As part of these reforms, SB 111 created a new state agency called the California Wildfire Safety Advisory Board ("Board"). The Board will be made up of seven members, five appointed by the Governor, one appointed by the Speaker of the Assembly, and one appointed by the Senate Rules Committee. The members of the board must be selected from industry experts, academics, and people with labor and workforce safety experience. At least three members must be experienced in the safe operation, design, and engineering of electrical infrastructure. SB 1054 requires that all POU's must submit their wildfire mitigation plans to the Board by July 1 of each year, starting in 2020. The Board will then review the POU plans and will provide comments and advisory opinions on the content and sufficiency the plans.

Pursuant to Public Utilities Code, Section 8387, NPUA has prepared the required wildfire mitigation plan. Staff has reviewed the NPUA's wildfire mitigation plan and concluded that the plan meets all the required criteria as provided in Section 8387.

Following the adoption of the NPUA's Wildfire Mitigation Plan an audit of the plan is expected to be review with the San Bernardino County Fire Department. The plan and audit findings will be published at a public meeting and received public comment.

The report and audit must be available on the NPUA's electric department website.

WSAB's specific guidance for the City of Needles (found in Appendix 3) is as follows:

The WSAB appreciates Needles including the context-setting template and statutory cross-reference table at the beginning of their 2022 WMP, as requested. The WSAB encourages Needles to continue this practice and to consider using appropriate parts of the proposed new 2023 comprehensive revision template in Appendix 1 as they prepare and file their next WMP.

## City of Needles, California Request for City Council Action

The WSAB notes that Needles has not included any additional information about the adoption and public comment processes for WMPs in their 2022 document. The WSAB encourages Needles to include adoption information in future WMPs describing briefly the adoption and public comment processes Needles followed for the WMP being submitted, along with information about budget processes for any potential or expected mitigation expenses, per the proposed new 2023 comprehensive revision template.

The WSAB notes that Needles has not included updated information about their wildfire mitigation plans on their website. The WSAB can find a link to the initial WMP from 2019 and what appears to be a duplicate link pointing to the same WMP but suggesting that it is a “review” of the WMP, perhaps an independent evaluation report. The WSAB encourages Needles to provide a clear and prominent WMP page that includes older as well as current information to allow perusal of WMP history, that is – public access to former WMPs and IE Reports. The WSAB also requests that Needles include information in their 2023 comprehensive revision WMP about where on their website such information can be found.

The WSAB notes that there were few if any substantive changes between Needles’ 2021 and 2022 WMPs, other than adding the context setting template and statutory cross-reference table as noted above. While the WSAB believes that minimal changes in an update year are reasonable given Needles’ low likelihood of catastrophic wildfire, the WSAB encourages Needles to look more substantively at changes for the 2023 comprehensive revision WMP. The WSAB notes that Needles may have intended to add 2021 metrics but left yellow highlighted number signs in the table instead, and that in the final section of the WMP Needles uses the word “part” when they appear to mean “party”. The WSAB suggests that these minor errors are an indication of lack of sufficient attention, and believes that Needles will clear them up when they file their 2023 comprehensive revision WMP. No additional changes were made in 2024 or 2025.

The Board of Public Utilities approved the recommended action on June 17, 2025.

**Fiscal Impact:** None

**Environmental Impact:** None

**Recommended Action:** Adopt the 2025 Needles Public Utility Authority Wildfire Mitigation Plan Version 6.0

**Submitted By:** Rainie Torrance, Utility Manager

**City Manager Approval:** \_\_\_\_\_

**Date:** \_\_\_\_\_

**Other Department Approval (when required):** \_\_\_\_\_

**Date:** \_\_\_\_\_

Approved: ☐

Not Approved: ☐

Tabled: ☐

Other: ☐

## I. OVERVIEW

### A. POLICY STATEMENT

The Needles Public Utility Authority (NPUA) overarching goal is to provide safe, reliable, and economic electric service to its local community. In order to meet this goal, NPUA constructs, maintains, and operates its electrical lines and equipment in a manner that minimizes the risk of catastrophic wildfire posed by its electrical lines and equipment.

### B. UTILITY OVERVIEW AND CONTEXT SETTING TABLE

The City, through the Needles Public Utility Authority (a Joint Powers Authority) owns and operates the electric utility. The electric system expands from the Nevada state line, south of Laughlin, Nevada, to the vicinity of Topock, Arizona.

Context Setting Table  
Needles Public Utility Authority

**Service Territory Size** [110] square miles

**Owned Assets** X Transmission X Distribution ☐ Generation

**Number of Customers Served** [3,000] customer accounts

**Population Within Service Territory** [5,200] people

**Customer Class Makeup:**

Number of Accounts

[55]% Residential; [5]% Government; [0]% Agricultural; [10]% Small/Medium Business; [30]% Commercial/Industrial

Share of Total Load (MWh)

[30]% Residential; [5]% Government; [0]% Agricultural; [20]% Small/Medium Business; [45]% Commercial/Industrial

**Percent of Service Territory in CPUC High Fire Threat Districts (based on total area):**

Tier 2: [0]% Tier 3: [0]%

See section IV. CPUC Fire Threat Map for the NPUA

**Miles of Owned Lines Underground and/or Overhead**

Overhead Dist.: [65] miles Overhead Trans.: [34] miles Underground Dist.: [12] miles Underground Trans.: [0] miles

## Percent of Owned Lines in CPUC High Fire Threat Districts

Overhead Distribution Lines as % of Total Distribution System (Inside and Outside Service Territory)

Tier 2: [0]% Tier 3: [0]%

## Overhead Transmission Lines as % of Total Transmission System (Inside and Outside Service Territory)

Tier 2: [0]% Tier 3: [0]%

Requirement	Statutory Language	Location in WMP
<b>Persons Responsible</b>	<b>PUC § 8387(b)(2)(A):</b> An accounting of the <b>responsibilities of persons</b> responsible for executing the plan.	Section III Page 4
<b>Objectives of the Plan</b>	<b>PUC § 8387(b)(2)(B):</b> The <b>objectives</b> of the wildfire mitigation plan.	Section II Page: 3
<b>Preventive Strategies</b>	<b>PUC § 8387(b)(2)(C):</b> A description of the <b>preventive strategies and programs to be adopted by the local publicly owned electric utility</b> or electrical cooperative to minimize the risk of its electrical lines and equipment causing catastrophic wildfires, including consideration of dynamic climate change risks.	Section VII.A Page 4
<b>Evaluation Metrics</b>	<b>PUC § 8387(b)(2)(D):</b> A description of the <b>metrics the local publicly owned electric utility or electrical cooperative plans to use to evaluate the wildfire mitigation plan's performance</b> and the assumptions that underlie the use of those metrics.	Section VII.B Page 5
<b>Impact of Metrics</b>	<b>PUC § 8387(b)(2)(E):</b> A discussion of how the <b>application of previously identified metrics</b> to previous wildfire mitigation plan performances has informed the wildfire mitigation plan.	Section IV.J Page 2
<b>Deenergization Protocols</b>	<b>PUC § 8387(b)(2)(F):</b> <b>Protocols for disabling reclosers and deenergizing portions of the electrical distribution system</b> that consider the associated impacts on public safety, as well as protocols related to mitigating the public safety impacts of those protocols, including impacts on critical first responders and on health and communication infrastructure.	Section IV.J Page 2
<b>Customer Notification Procedures</b>	<b>PUC § 8387(b)(2)(G):</b> Appropriate and feasible <b>procedures for notifying a customer</b> who may be impacted by the deenergizing of electrical lines. The procedures shall consider the need to notify, as a priority, critical first responders, health care facilities, and operators of telecommunications infrastructure.	Section IV.K 1 & 2 Page 3
<b>Vegetation Management</b>	<b>PUC § 8387(b)(2)(H):</b> Plans for vegetation management.	Section IV.G Page 10

<b>Inspections</b>	<b>PUC § 8387(b)(2)(I): Plans for inspections</b> of the local publicly owned electric utility's or electrical cooperative's electrical infrastructure.	Section IV.H Page 10
<b>Prioritization of Wildfire Risks</b>	<p><b>PUC § 8387(b)(2)(J):</b> A list that <b>identifies, describes, and prioritizes all wildfire risks, and drivers for those risks, throughout the local publicly owned electric utility's or electrical cooperative's service territory.</b> The list shall include, but not be limited to, both of the following:</p> <p>(i) Risks and risk drivers associated with design, construction, operation, and maintenance of the local publicly owned electric utility's or electrical cooperative's equipment and facilities.</p> <p>(ii) Particular risks and <b>risk drivers</b> associated with topographic and climatological risk factors throughout the different parts of the local publicly owned electric utility's or electrical cooperative's service territory.</p>	Section IV Page 8
<b>CPUC Fire Threat Map Adjustments</b>	<b>PUC § 8387(b)(2)(K):</b> Identification of any <b>geographic area in the local publicly owned electric utility's or electrical cooperative's service territory</b> that is a higher wildfire threat than is identified in a commission fire threat map, and identification of where the commission should expand a high fire threat district based on new information or changes to the environment.	Section IV.C Page 9
<b>Enterprisewide Risks</b>	<b>PUC § 8387(b)(2)(L):</b> A methodology for identifying and presenting <b>enterprisewide</b> safety risk and wildfire-related risk.	Section IV.B Page 8
<b>Restoration of Service</b>	<b>PUC § 8387(b)(2)(M):</b> A statement of how the local publicly owned electric utility or electrical cooperative will <b>restore service after a wildfire.</b>	Section IV Page 3
<b>Monitor and Audit</b>	<p><b>PUC § 8387(b)(2)(N):</b> A description of the processes and procedures the local publicly owned electric utility or electrical cooperative shall use to do all of the following</p> <p>(i) <b>Monitor and audit</b> the implementation of the wildfire mitigation plan.</p> <p>(ii) <b>Identify any deficiencies</b> in the wildfire mitigation plan or its implementation, and correct those deficiencies.</p> <p>(iii) Monitor and audit the effectiveness of electrical line and equipment inspections, including inspections performed by contractors, that are carried out under the plan, other applicable statutes, or commission rules.</p>	Section VII.D Page 5

<p><b>Qualified Independent Evaluator</b></p>	<p><b>PUC § 8387(c):</b> The local publicly owned electric utility or electrical cooperative shall contract with a qualified independent evaluator with experience in assessing the safe operation of electrical infrastructure to review and assess the comprehensiveness of its wildfire mitigation plan. The independent evaluator shall issue a report that shall be made available on the Internet Web site of the local publicly owned electric utility or electrical cooperative, and shall present the report at a public meeting of the local publicly owned electric utility's or electrical cooperative's governing board.</p>	<p>Section VII.D Page 5</p>
---	---	---------------------------------

### C. PURPOSE OF THE WILDFIRE MITIGATION PLAN

This Wildfire Mitigation Plan describes the range of activities that the NPUA is taking to mitigate the threat of power-line ignited wildfires, including its various programs, policies, and procedures. This plan is subject to direct supervision by the Board of Public Utilities and the Needles Public Utility Authority and is implemented by the NPUA's Electric Supervisor. This plan complies with the requirements of Public Utilities Code section 8387 for publicly owned electric utilities to prepare a wildfire mitigation plan by January 1, 2020, and annually thereafter.

The NPUA is a department within the City of Needles. The NPUA Fire Prevention plan is focused on addressing and minimizing potential wildfire-related risks to public health, safety and welfare. The Fire Prevention plan reflects a broad range of activities performed not only by the electric department but through the City of Needles organization. The NPUA's Fire Prevention plan begins with operation, maintenance, inspection, and repair activities aimed at significantly reducing the potential for NPUA's electric facilities to become a source of ignition for a fire. The electric department continues to;

- Clear transmission lines of all trees and vegetation;
- Perform regular inspections all distribution and transmission lines;
- Repair and replacement transformers that could potential cause a risk;
- Coordinate vegetation removal through the City of Needles Parks and Recreation Department if an area is determined outside of the electric easements.

Through performing inspections and maintenance, the information gathered will be used to help fire agencies, and other fire-responders to determine the appropriate actions if a wildfire occurs by understanding the surround area.

The NPUA continues to monitor all fires within and surrounding its service territory both inside California and outside in Arizona and Nevada.

This Wildfire Mitigation Plan included the following elements:

- Objectives of the plan;
- Roles and responsibilities for carrying out the plan;
- Identification of key wildfire risks and risk drivers;
- Description of wildfire prevention, mitigation, and response strategies and programs;
- Community outreach and education;
- Metrics for evaluating the performance of the plan and identifying areas for improvement;
- Review and validation of the plan; and

#### Timelines

### D. WILDFIRE MITIGATION PLAN ADOPTION AND SUBMITTAL OF ANNUAL PLAN AND OPPORTUNITIES FOR PUBLIC COMMENT

NPUA's Wildfire Mitigation Plan is presented to the Board of Public Utilities and makes a recommendation to the Needles Public Utility Authority/City Council at a public meeting to adopt a resolution (appendix 1) adopting the current version of the plan. Members from the public are able to provide comments when the plan is presented on the agenda for approval.

All adopted plans are submitted to the California Wildfire Safety Advisory Board (WSAB). WSAB reviews all submitted plan and makes recommendations for improvement.

### E. WILDFIRE MITIGATION PLAN WEBSITE LOCATION

## II. NPUA'S WILDFIRE MITIGATION PLANS ARE POSTED ON THE CITY OF NEEDLES WEBSITE AND CAN BE LOCATED AT [HTTPS://CITYOFNEEDLES.COM/SERVICES/ELECTRIC-DEPARTMENT/OBJECTIVES OF THE WILDFIRE MITIGATION PLAN](https://cityofneedles.com/services/electric-department/objectives-of-the-wildfire-mitigation-plan)

### A. MINIMIZING SOURCES OF IGNITION

The primary goal of this Wildfire Mitigation Plan is to minimize the probability that NPUA's transmission and distribution system may be the origin or contributing source for the ignition of a fire. The NPUA has evaluated the prudent and cost-effective improvements to its physical assets, operations, and training that can help to meet this objective. The NPUA has implemented those changes consistent with this evaluation.

### B. RESILIENCY OF THE ELECTRIC GRID

The secondary goal of this Wildfire Mitigation Plan is to improve the resiliency of the electric grid. As part of the development of this plan, NPUA assesses new industry practices and technologies that will reduce the likelihood of an interruption (frequency) in service and improve the restoration (duration) of service.

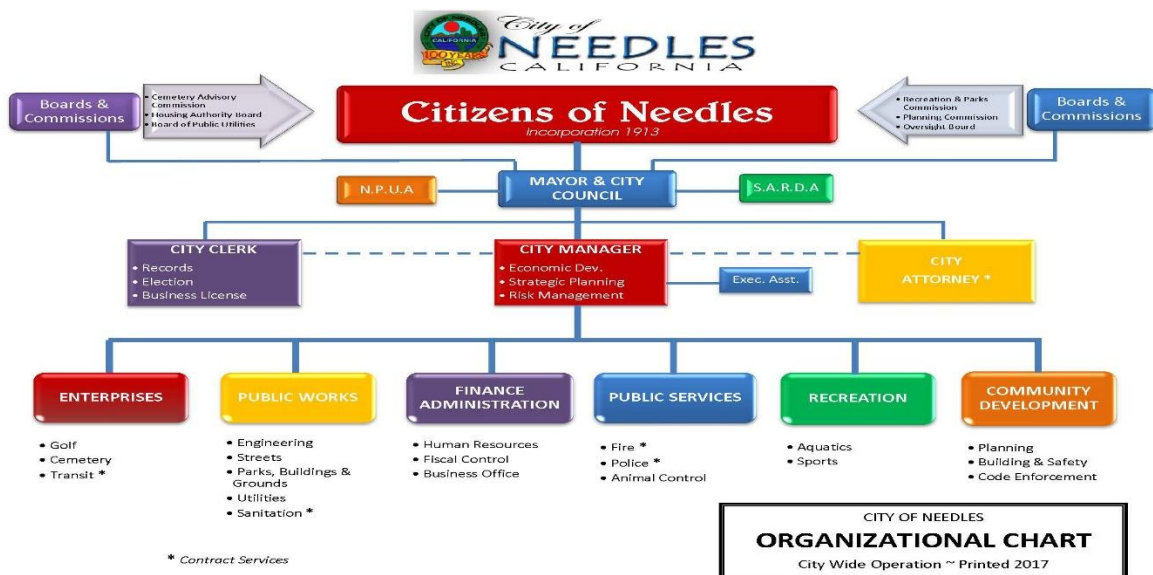

### C. IDENTIFYING UNNECESSARY OR INEFFECTIVE ACTIONS

The final goal for this Wildfire Mitigation Plan is to measure the effectiveness of specific wildfire mitigation strategies. Where a particular action, program component, or protocol is determined to be unnecessary or ineffective, the NPUA will assess whether a modification or replacement is merited. This plan will also help determine if more cost-effective measures would produce the same or improved results.

## III. ROLES AND RESPONSIBILITIES

### A. UTILITY GOVERNANCE STRUCTURE

The City of Needles (Needles) is a charter city of the State of California located on the eastern border of California. Through the Needles Public Utilities Authority (NPUA), a component unit of the City, the City owns the Public Utilities Department. The Department consists of three Divisions Electric, Water, and Wastewater.

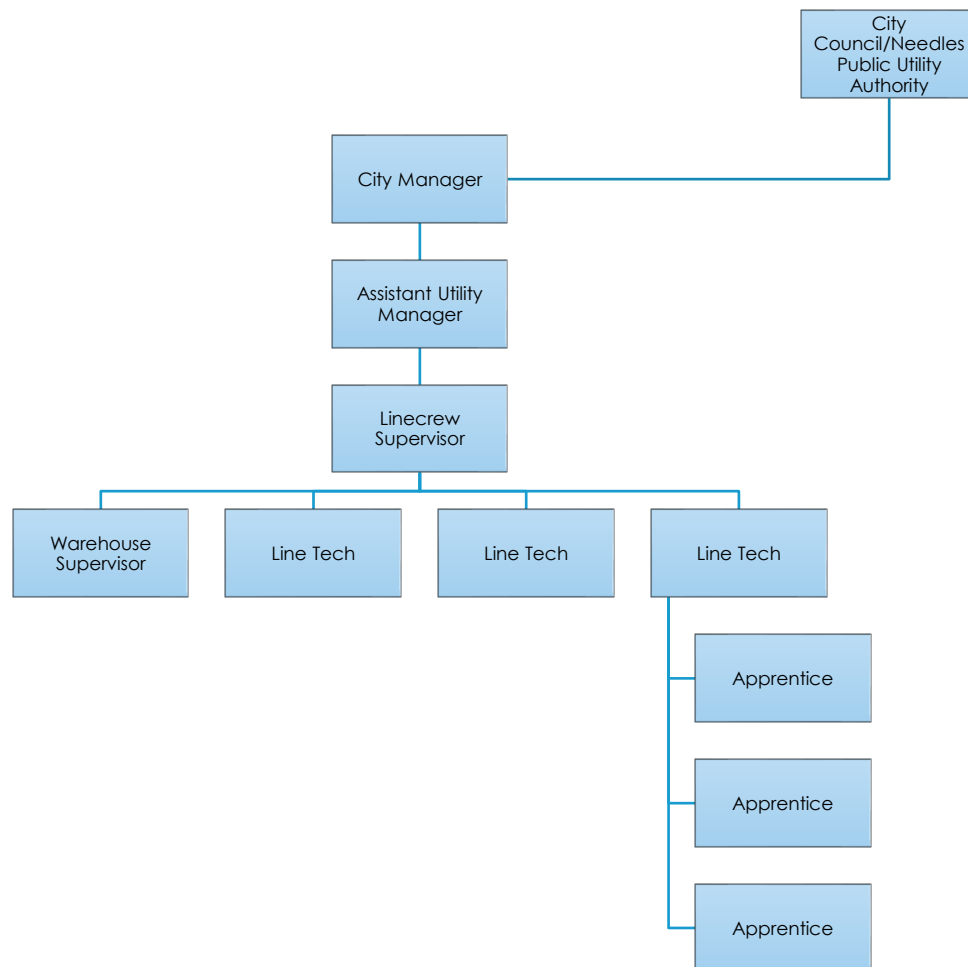

The electric distribution system serving the City was originally owned by the Needles Gas and Electric Company. The Needles Gas and Electric Company was purchased by the predecessor to CP National in 1930. On January 10, 1983, the City purchased the electric distribution system from CP National. However, pursuant to a management agreement, CP National continued to operate the system until July 1990. The City has operated the electric distribution system since that time.

The City's primary interest in purchasing the electric distribution system from CP National stemmed from a change in Federal law in 1982, relating to the sale of hydroelectricity power

from federal projects. Under the revised regulations, inexpensive federal hydroelectricity power from the U.S. Bureau of Reclamation's Parker-Davis Project (Hoover Dam), located on the Colorado River, became available to municipally owned utilities. The City's electorate authorized the issuance of revenue bonds to finance the acquisition of the electric distribution system from CP National.

The City provides electric service to the City and contiguous areas from the Nevada state line, south of Laughlin, Nevada, to the vicinity of Topock, Arizona. Needles' peak electric demand is 22.41 MW (as of August 2018) and services approximately 3,000 customers.

## B. WILDFIRE PREVENTION

The electric department is under direct supervision from the Assistant Utility Manager and City Manager, there is one Power Line Supervisor, three power line techs, two Apprentice Lineman and one Warehouse Manager. The electric department is responsible to:

- Operate system in a manner that will minimize potential wildfire risks.
- Take all reasonable and practicable actions to minimize the risk of a catastrophic wildfire caused by NPU electric facilities.

- Coordinate with federal, state, and local fire management personnel as necessary or appropriate to implement NPUA's Wildfire Mitigation Plan.
- Immediately report fires, pursuant to existing POU practices and the requirements of this Wildfire Mitigation Plan.
- Take corrective action when the staff witnesses or is notified that fire protection measures have not been properly installed or maintained.
- Comply with relevant federal, state, and industry standard requirements, including the industry standards established by the California Public Utilities Commission.
- Collect and maintain wildfire data necessary for the implementation of this Wildfire Mitigation Plan.
- Provide regular training programs for all employees having obligations for implementation of this Wildfire Mitigation Plan.

### C. WILDFIRE RESPONSE AND RECOVERY

The City's communication strategy is structured so that all stakeholders receive accurate, timely and consistent information, with the overall message of safety first, for the public, employees and contractors.

When an emergency occurs, the electric departments supervisor will be responsible for communicating with the City Manager/Utilities Manager, customers, employees and contractors to set expectation and address emergency issues. This information will be provided through various communication channels such as company phone(s) and radios.

If business operations or households are disrupted, customers expect to know how long they will be impacted. Thus, estimated restoration times will be developed, monitored, adjusted and communicated to all stakeholders as the information becomes available.

### D. COORDINATION WITH WATER UTILITIES/DEPARTMENT

During declared emergencies, the electric department is responsible for coordinating efforts and sharing information with neighboring utilities relative to the out of service and damaged critical infrastructure.

During an event, the electric department will perform the following functions;

- Share information and prioritize restoration efforts relative to utility critical infrastructure that is out of service.
- Notify the water department of the downed communication wires.

### E. COORDINATION WITH COMMUNICATION INFRASTRUCTURE PROVIDERS

During declared emergencies, the electric department is responsible for coordinating efforts and sharing information with neighboring telecommunications utilities relative to the out of service and damaged critical infrastructure.

During an event, the electric department will perform the following functions;

- Share information and prioritize restoration efforts relative to utility critical infrastructure that is out of service.
- Coordinate with the appropriate telephone and cable company to set poles; and
- Notify the telephone and cable companies of downed communication wires.

## F. STANDARDIZED EMERGENCY MANAGEMENT SYSTEM

As a local governmental agency,<sup>1</sup> NPUA has planning, communication, and coordination obligations pursuant to the California Office of Emergency Services' Standardized Emergency Management System ("SEMS") Regulations,<sup>2</sup> adopted in accordance with Government Code section 8607. The SEMS Regulations specify roles, responsibilities, and structures of communications at five different levels: field response, local government, operational area, regional, and state.<sup>3</sup> Pursuant to this structure, NPUA annually coordinates and communicates with the relevant safety agencies as well as other relevant local and state agencies.

Under the SEMS structure, a significant amount of preparation is done through advanced planning at the county level, including the coordination of effort of public, private, and nonprofit organizations.

NPUA is a member of the California Utility Emergency Association, which plays a key role in ensuring communications between utilities during emergencies.

---

<sup>1</sup> As defined in Cal. Gov. Code § 8680.2.

<sup>2</sup> 19 CCR § 2407.

<sup>3</sup> Cal. Gov. Code § 2403(b):

(1) "Field response level" commands emergency response personnel and resources to carry out tactical decisions and activities in direct response to an incident or threat.

(2) "Local government level" manages and coordinates the overall emergency response and recovery activities within their jurisdiction.

(3) "Operational area level" manages and/or coordinates information, resources, and priorities among local governments within the operational area and serves as the coordination and communication link between the local government level and the regional level.

(4) "Regional level" manages and coordinates information and resources among operational areas within the mutual aid region designated pursuant to Government Code §8600 and between the operational areas and the state level. This level along with the state level coordinates overall state agency support for emergency response activities.

(5) "State level" manages state resources in response to the emergency needs of the other levels, manages and coordinates mutual aid among the mutual aid regions and between the regional level and state level, and serves as the coordination and communication link with the federal disaster response system.

## IV. WILDFIRE RISKS AND DRIVERS ASSOCIATED WITH DESIGN, CONSTRUCTION, OPERATION, AND MAINTENANCE

### A. PARTICULAR RISKS AND RISK DRIVERS ASSOCIATED WITH TOPOGRAPHIC AND CLIMATOLOGICAL RISK FACTORS

Within NPUA's service territory and the surrounding areas, the primary risk drivers for wildfire are the following:

- Extended drought;
- Vegetation type;
- Weather;
- High winds;
- Changing Weather Patterns (Climate Change)

### B. CLIMATE CHANGE AND ENTERPRISEWIDE SAFETY RISKS

Western Area Power Administration (WAPA) delivers energy to the City of Needles on a 69KVA transmission line. The distribution line crosses the river in town at 3240 Needles Hwy, the firehouse switchyard. The City of Needles also has a back 69KVA Line that comes from the Nora McDowell Substation located 15 miles north of Needles.

Electric energy is delivered to the City at two substations. Needles #1 Substation has two banks located on Eagle Pass Road in the downtown area of the City. Bank #1 has a base rating of 7.5MVA and a 65 foot rise and force air rating of 9.3MVA.

The second substation, Bush Street Substation, has a base rating of 10MVA and a 65 foot rise with a forced air rating of 12MVA. The Bush Substation serves the west end of town.

The existing substations can handle current peak load requirements of 15,200 kilowatts. From the substations approximately 86 miles of distribution circuits deliver power at 12,000 volts to distribution transformers where the power is reduced to the voltages required by the individual customer's needs. The City electric department provides single phase, 60 Hertz, at one standard voltage (120/240 or 120/208 as may be selected by customers subject to availability at the premises).

While the NPUA makes improvements to the system annually, the main focus for the utility is ground clearance.

NPUA recognizes that climate change is forecasted to increase the frequency and severity of catastrophic wildfires in California. Accordingly, NPUA has reviewed relevant sources of data showing wildfire-related climate change impacts in California and specifically in San Bernardino County through the Cal-Adapt enterprise collaboration. This review included data on forecasted acres burned and wildfire probability,<sup>4</sup> as well as extreme heat days,<sup>5</sup> and extended

---

<sup>4</sup> The CalAdapt Wildfire Tool is available at <https://cal-adapt.org/tools/wildfire>.

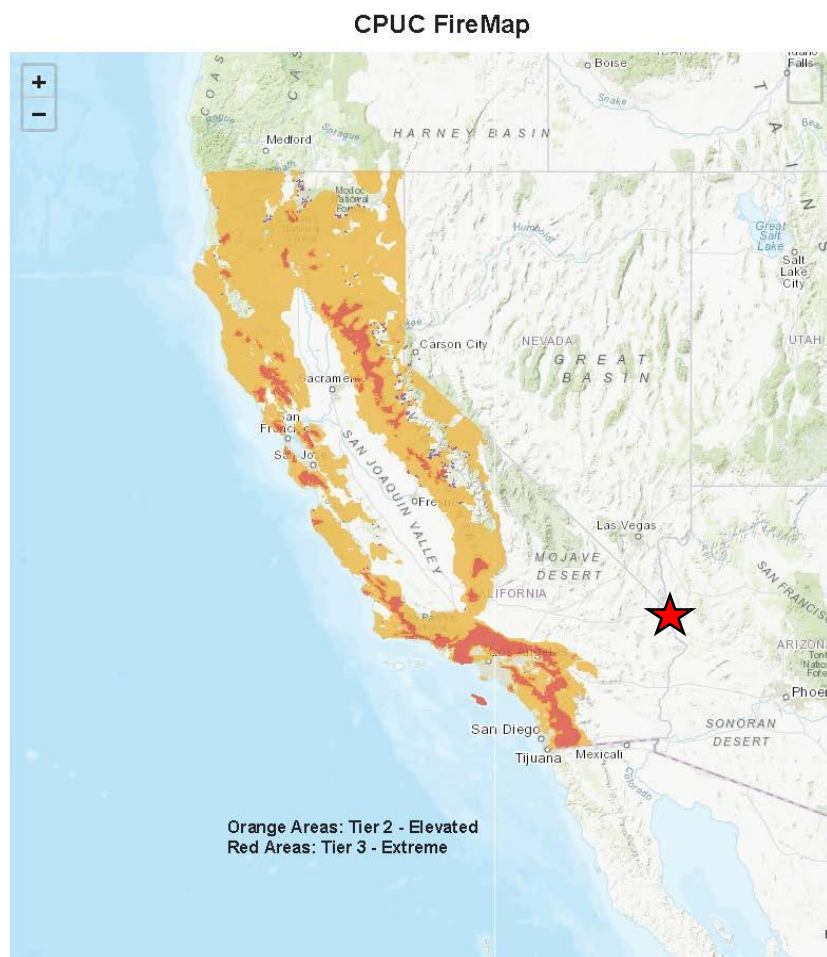

<sup>5</sup> The CalAdapt Extreme Heat Days Tool is available at <https://cal-adapt.org/tools/extreme-heat>.

drought.<sup>6</sup> As described below, NPUA has determined that NPUA's service territory will remain a low risk for wildfires even when considering changes associated with wildfire risk. Further, no part of NPUA's service territory will be disproportionately impacted by wildfire risks associated with climate changes in comparison to the other areas of NPUA's service territory. Therefore, NPUA will continue to pursue the wildfire mitigation strategies described in the Wildfire Mitigation Plan, but will continue to monitor these risks as new information becomes available.

### C. CPUC FIRE THREAT MAP

The NPUA is not located within the CPUC Fire Threat Map and therefor is not located within an elevated hazard for the ignition of potential wildfires.

### D. HIGH FIRE THREAT DISTRICT

<sup>6</sup> The CalAdapt Extended Drought Tool is available at <https://cal-adapt.org/tools/extended-drought>.

NPUA directly participated in the development of the California Public Utilities Commission's (CPUC) Fire-Threat Map,<sup>7</sup> which designates a High-Fire Threat District. In the map development process, NPUA served as a territory lead, and worked with utility staff and local fire & government officials to identify the areas of NPUA's service territory that are at an elevated or extreme risk of power line ignited wildfire. NPUA has incorporated the High Fire Threat District into its construction, inspection, maintenance, repair, and clearance practices, where applicable.

## E. WEATHER MONITORING

NPUA monitors current and forecasted weather data from a variety of sources including:

- United States National Weather Service
- United States Forest Service Wildland Fire Assessment System
- National Fire Danger Rating System
- National Interagency Fire Center – Predictive Services for Northern and Southern California.

NPUA assigns one of four operating conditions based on the relevant weather data and knowledge of local conditions:

- (1) Normal:** During normal conditions, no changes are made to operations or work policy.
- (2) Elevated:** During elevated fire-risk conditions; it must be determined by the Fire Coordinator and/or meteorologist that the burn environment has become conducive for wildfires within the NPUA service territory.
- (3) Extreme:** During extreme fire-risk conditions, it must be determined by the Fire Coordinator and/or meteorologist that due to the conditions of high winds, low relative humidity, and the burn environment will create critical fire weather conditions;
- (4) Red Flag:** If the National Weather Service declares a Red Flag Warning for any portion of the NPUA's Service.

## F. DESIGN AND CONSTRUCTION STANDARDS

NPUA's electric facilities are designed and constructed to meet or exceed the relevant federal, state, or industry standard. The NPUA treats CPUC General Order (GO) 95 as a key industry standard for design and construction standards for overhead electrical facilities. NPUA meets or exceeds all standards in GO 95. Additionally, NPUA monitors and follows as appropriate the National Electric Safety Code.

## G. VEGETATION MANAGEMENT

NPUA meets or exceeds the minimum industry standard vegetation management practices. For transmission-level facilities, NPUA complies with NERC FAC-003-4, where applicable. For both

---

<sup>7</sup> Adopted by CPUC Decision 17-12-024.

transmission and distribution level facilities, NPUA meets: (1) Public Resources Code section 4292; (2) Public Resources Code section 4293; (3) GO 95 Rule 35; and (4) the GO 95 Appendix E Guidelines to Rule 35. These standards require significantly increased clearances in the High Fire Threat District. However, as noted above, no part of NPUA's service territory includes any part of the High Fire Threat District. The recommended time-of-trim guidelines do not establish a mandatory standard, but instead provide useful guidance to utilities. NPUA uses specific knowledge of growing conditions and tree species to determine the appropriate time of trim clearance in each circumstance.

GO 95, Rule 35, Table 1					
Case	Type of Clearance	Trolley Contact, Feeder and Span Wires, 0-5kv	Supply Conductors and Supply Cables, 750 - 22,500 Volts	Supply Conductors and Supply Cables, 22.5 - 300 kV	Supply Conductors and Supply Cables, 300 - 550 kV (mm)
13	Radial clearance of bare line conductors from tree branches or foliage	18 inches	18 inches	¼ Pin Spacing	½ Pin Spacing
14	Radial clearance of bare line conductors from vegetation in the Fire-Threat District	18 inches	48 inches	48 inches	120 inches

Appendix E Guidelines to Rule 35		
<p>The radial clearances shown below are recommended minimum clearances that should be established, at time of trimming, between the vegetation and the energized conductors and associated live parts where practicable. Reasonable vegetation management practices may make it advantageous for the purposes of public safety or service reliability to obtain greater clearances than those listed below to ensure compliance until the next scheduled maintenance. Each utility may determine and apply additional appropriate clearances beyond clearances listed below, which take into consideration various factors, including: line operating voltage, length of span, line sag, planned maintenance cycles, location of vegetation within the span, species type, experience with particular species, vegetation growth rate and characteristics, vegetation management standards and best practices, local climate, elevation, fire risk, and vegetation trimming requirements that are applicable to State Responsibility Area lands pursuant to Public Resource Code Sections 4102 and 4293.</p>		
Voltage of Lines	Case 13	Case 14
Radial clearances for any conductor of a line operating at 2,400 or more volts, but less than 72,000 volts	4 feet	12 feet

Radial clearances for any conductor of a line operating at 72,000 or more volts, but less than 110,000 volts	6 feet	20 feet
Radial clearances for any conductor of a line operating at 110,000 or more volts, but less than 300,000 volts	10 feet	30 feet
Radial clearances for any conductor of a line operating at 300,000 or more volts	15 feet	30 feet

## H. INSPECTIONS

The NPUA meets or exceeds the minimum inspection requirements provided in CPUC GO 165 and CPUC GO 95, Rule 18. Pursuant to these rules, NPUA inspects electric facilities in the High Fire Threat District more frequently than the other areas of its service territory. Additionally, NPUA staff uses their knowledge of the specific environmental and geographical conditions to determine when areas outside of the High Fire Threat District require more frequent inspections.

If NPUA staff discovers a facility in need of repair that is owned by an entity other than NPUA, NPUA will issue a notice to repair to the facility owner and work to ensure that necessary repairs are completed promptly.

NPUA monitors drought conditions and other relevant factors throughout the year to determine if inspections should be completed on a shorter timeframe.

## I. WORKFORCE TRAINING

NPUA has implemented work rules and complementary training programs for its workforce to help reduce the likelihood of the ignition of wildfires. The NPUA inspects power lines and other electrical equipment during potential risk times.

## J. RECLOSING POLICY

The NPUA does not have SCADA controlled reclosers, two qualified linemen reclose or close the distribution system. Lockout, tagout safety procedures are followed.

## K. DEENERGIZATION

The NPUA has the authority to preemptively shut off power due to fire-threat conditions; however, this option will only be used in extraordinary circumstances. The NPUA will make a case-by-case decision to shut off power based on the following considerations:

- Red Flag Warnings issued by the National Weather Service for fire weather zones that contain NPUA circuits;
- NPUA staff assessments of local conditions, including wind speed (sustained and gust), humidity and temperature, fuel moisture, fuel loading and data from weather stations;
- Real-time information from staff located in areas identified as at risk of being subject to extreme weather conditions;

- Input from San Bernardino County fire experts and vegetation experts;
- Input from local and state fire authorities regarding the potential consequences of wildfires in select locations;
- Alternative ways to reroute power to affected areas;
- Awareness of mandatory or voluntary evacuation orders in place;
- Expected impact of de-energizing circuits on essential services;
- Other operational considerations to minimize potential wildfire ignitions, including the blocking of reclosers on the identified circuit(s);
- On-going fire activity throughout NPUA's territory and California;
- Ability to notify customers;
- Notifications to local governments and public officials; and
- Potential impacts to communities and customers

---

## 1. IMPACTS TO PUBLIC SAFETY

The following is a listing of facilities which are special considerations of the public safety during a power outage;

- Hospitals and Emergency Medical Facilities (Colorado River Medical Center);
- Emergency Shelters and Cooling Centers (Colorado River Medical Center, Needles Senior Center);
- Fire, Police, Paramedics and Rescue Facilities;
- Emergency Management Offices (CalOES);
- Water and Wastewater Facilities;
- Critical Utility and Communication Facilities (Frontier, Route 66 Broadband, Z Fiver, Fort Mojave Telecommunications Inc. etc.);
- Mass Transit (BNSF, Airport, Needles Area Transit);
- Critical Flood Control Structures; and
- Fort Mojave Indian Tribe Hazardous Mitigation Facility.

In the event of a wildfire and potential outages those accounts, the Priority Restoration Group will be notified of a potential impact first.

---

## 2. CUSTOMER NOTIFICATION PROTOCOLS

The NPUA takes priority in providing notification to all customers who are affected by a power outage. The NPUA will establish a dispatch center at City Hall offices to provide real time information to the customers such as;

- Effective area(s); and
- Estimated restoration time.

## V. COMMUNITY OUTREACH AND PUBLIC AWARENESS

When a wildfire is mobilized, the City Manager/Utilities Manager branches to provide public awareness through the following;

- Issuing a wildfire press release;
- Arranging media interviews and press conferences, as necessary.
- Issuing a CodeRed Alert
- Issuing an alert through the City of Needles "Needles Connects" mobile app

## VI. RESTORATION OF SERVICE

Restoring power after a major storm or wildfire is a complex task that must be completed quickly and safely. A speedy restoration requires significant communication, along with skilled line workers. The process for restoration is:

1. The electric department establishes a command post at the nearest substation to the affected area
2. An inspection is conducted from the substation out to the affected area
3. Crews inspect the affected area and create a damage assessment
4. The restoration team ensures the line is deenergized and grounded
5. Replacement of damaged material such as conductors, transformers, insulators in the damaged area
6. The effected circuit is re-energized
7. Households in isolated are re-energized
8. Crews will remain at the command post for one-hour following the full restoration to ensure all circuits are on
9. Dispatch will call the crew is calls are reported for no power
10. Crews may be dispatched to individual homes to reset the breaker

## 11.EVALUATING OF THE PLAN

### A. METRICS AND ASSUMPTIONS FOR MEASURING PLAN PERFORMANCE

NPUA tracks external risk metrics, performance metrics, and outcome metrics to measure the effectiveness of this Wildfire Mitigation Plan. The external risk factors that NPUA tracks provides context regarding the relative risks that impact the utility that are outside of NPUA's control, such as red flag days and high wind events. The performance metrics that NPUA tracks are leading indicators that describe actions that are intended to reduce the risk of utility caused wildfires, such as inspections and routine vegetation management. The outcome metrics tracked by NPUA are lagging indicators that measure outcomes that may be associated with an increased risk of utility-caused wildfires. These outcome metrics include outages, ignitions, and level 1 safety hazards.

## B. METRICS FOR 2023 PLAN

Performance Metrics								
Metric type	Progress Metric	(Actual) 2021	(Actual) 2022	(Forecast) 2023	(Forecast) 2024	(Forecast) 2025	Unit(s)	Comments
1. Substation Interconnection (above-ground system components)	Routine Inspections	4	4	4	4	4	# inspections	Inspections are conducted quarterly
Outcome Metrics								
Event Category	Cause category	(Actual) 2019	(Actual) 2020	(Actual) 2021	(Actual) 2022	(To Date) 2023	Unit(s)	Comments
Outage Event	Distribution	8	5	7	9	2	# outages	Storm Related
Ignitions*	Distribution	0	0	0	0	0	# ignitions	
Level 1 Safety Hazards**	Distribution	0	0	0	0	0	# hazards discovered	
<b>Notes:</b> * An "ignition" is deemed to occur if each of the following conditions is met: (1) an IPU owned or controlled facility was associated with the fire; (2) the fire was self-propagating and of a material other than electrical and/or communication facilities; (3) the resulting fire traveled greater than one linear meter from the ignition point; and (4) IPU has knowledge that the fire occurred.  ** A Level 1 Safety Hazard is defined as an immediate risk with a high potential impact to public or worker safety or to system reliability, where IPU will take corrective action immediately, either by fully repairing or by temporarily repairing and reclassifying to a lower priority.								

### C. IMPACT OF METRICS ON PLAN

NPUA reviews these metrics to identify areas of its operations and service territory that are disproportionately impacted by outages, ignitions, or level 1 safety hazards. NPUA will then evaluate potential improvements to the plan or additional mitigation measures to address any such disproportionately affected areas.

### D. MONITORING AND AUDITING THE PLAN

This Wildfire Mitigation Plan will be presented to the Board of Public Utilities (BPU), Needles Public Utilities Authority (NPUA) and the City Council. BPU will present this plan to Needles Public Utility Authority on an annual basis. All presented plans will include recommendation for improvement as applicable to the NPUA from WSAB.

The NPUA will perform an annual audit which will review all parts of the Wildfire Mitigation Plan, as well as a review of both pending and completed maintenance work identified within the NPUA's service territory. As well as verifying overhead and underground facilities that were inspected in the previous year.

### E. IDENTIFYING AND CORRECTING DEFICIENCIES IN THE PLAN

Upon finding any deficiencies in performance against the plan or need for improvement in the Plan itself, the NPUA will be responsible for correcting the deficiencies.

### F. MONITORING THE EFFECTIVENESS OF INSPECTIONS

NPUA's third party verifier will review various aspects of the risk reduction measure of party of this Wildfire Mitigation Plan. Depending on the quality of performance and value received from the third-party entity, the process may be expanded further to additional potential risk reduction measures.

Appendix 1:

**DRAFT** RESOLUTION 2024-XX

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NEEDLES, CALIFORNIA, ADOPTING THE NEEDLES PUBLIC UTILITY WILDFIRE MITIGATION PLAN VERSION 4.0.

WHEREAS, the City of Needles/Needles Public Utility Authority is a general law municipality governed by elected city council members; and

WHEREAS, City of Needles owns and operates a retail electrical energy distribution system which serves load to end-use customers in an assigned area of service (Needles Public Utility Authority); and

WHEREAS, SB 901, amending California Public Utilities Code ("CPUC") Section 8387, requires all POU's to prepare a wildfire mitigation plan before January 1, 2020, and annually thereafter; and

WHEREAS, SB 1054, amending CPUC Section 8387, requires each POU to submit its wildfire mitigation plan to the California Wildfire Safety Advisory Board (WSAB") by July 1, 2020 and every annually thereafter; and

WHEREAS, pursuant to California Public Utilities Code Section 326.2, WSAB will review City of Needles/Needles Public Utility Authority's Electric Utility's Wildfire Mitigation Plan and will provide comments and advisory opinions on the content and sufficiency of each plan.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Needles, California, declares, determines, and orders as follows:

SECTION 1. Adopt Resolution, adopting City of Needles/Needles Public Utility Authority Electric Utility's Wildfire Mitigation Plan ("WMP") dated June 2023 and authorize the City Manager and his designees to implement the mitigation measures documented in the plan.

SECTION 2. The City Clerk shall certify to the adoption of this Resolution and shall cause a certified resolution to be filed in the book for original resolutions.

PASSED, APPROVED, AND ADOPTED at a regular meeting of the City Council of the City of Needles, California, held on the 13th day of June 2023, by the following roll call vote:

AYES:

NOES:

## **END OF COUNCIL CONSENT CALENDAR**

### **REGULAR COUNCIL ITEMS**

10. Provide staff direction on the proposed renaming of the complex consisting of Ed Parry Field and Phillips Field to "Ed Parry Baseball Complex".

City Manager Patrick Martinez gave staff report.  
Josh Raley spoke about why he brought this item forward.  
Considerable council discussion ensued.  
Mayor opened public comment at 6:46 PM

Jared Johnson spoke about the field being a little league field and offered suggestions on naming the complex and expressed concern over cost and time involved in marketing and changing the name.

Keith Jones questioned this item, talked about naming options and concerns, and stated that more input from the public is needed.

More Council discussion ensued.

Josh Raley answered concerns and offered input on possible names.

City Manager Patrick Martinez suggested turning this item over to the Parks and Recreation Commission for further consideration.

Council suggested putting a survey out to the community.

Council Member Belt made a motion, second by Council Member Pogue to turn this item over to the Parks and Recreation Commission for further consideration.

Motion carried by the following roll call vote:

Ayes: Council Member McCorkle, Vice Mayor Campbell, Council Members Pogue, Belt, Longbrake

Noes: None  
Absent: None  
Abstain: None

11. Authorize those interested to attend the League of California Cities 2025 Annual Conference and Expo scheduled for October 8-10, 2025, at the Long Beach Convention Center and designate a voting delegate and alternate (s)

City Manager Patrick Martinez gave staff report.

Minimal Council Discussion ensued. Mayor Jernigan, Vice Mayor Campbell, and Council Member Pogue expressed interest in attending.

Vice Mayor Campbell volunteered to be the delegate, Mayor Jernigan volunteered to be the alternate.

No Public Comment

Council Member Belt made a motion, second by Council Member Pogue to Authorize those interested to attend the League of California Cities 2025 Annual Conference and Expo scheduled for October 8-10, 2025, at the Long Beach Convention Center and designate Vice Mayor Campbell to be the voting delegate, and Mayor Jernigan the alternate.

Motion carried by the following roll call vote:

Ayes: Vice Mayor Campbell, Council Members Pogue, Belt, Longbrake  
Noes: None  
Absent: Council Member McCorkle  
Abstain: None

**CITY ATTORNEY REPORT** – given by Deputy City Attorney Lena Wade

**CITY CLERK REPORT** – given by City Clerk Candace Clark

**CITY MANAGER REPORT** – for the weeks of May 23, and May 30, 2025, given by City Manager Patrick Martinez

## **COUNCIL REQUESTS**

### **Council Member McCorkle**

- *Asked for an update on OHV and requested it be in place by winter*
- *Commented on the website and suggested we market Needles outside our area to attract more tourism.*

City Clerk Candace Clark

## City of Needles, California Request for City Council Action

☒ CITY COUNCIL ☐ NPUA

☒ Regular ☐ Special

**Meeting Date:** June 24, 2025

**Title:** Adoption of Resolution Number 2025-28 establishing the annual appropriations subject to limit for fiscal year 2025-2026.

**Background:** The adoption of this resolution is a requirement of Article XIII B of the Constitution of the State of California, Section 7902 (a). Also known as the Gann Appropriations Limit, it was approved on November 6, 1979, by California voters. Under the Gann Limit, a maximum amount is established for tax-funded government services. That amount is to be adjusted each year depending on changes in population, inflation, qualified capital outlay, and the transfer of financial responsibility for various government activities from one level of government to another. Any significant amount of state tax revenue received above that Gann Limit may lead to future tax rebates or tax cuts. The total annual budget appropriations subject to limitations shall not exceed the appropriations limit.

For fiscal year 2025-2026 the City of Needles is limited to \$13,960,000 in tax revenue appropriations. The current budget appropriation is \$9,136,000. The Fiscal Year 2025-2026 Annual Budget adopted by Council on June 10, 2025, is within the City's Appropriations Limitation.

**Fiscal Impact:** None.

**Environmental Impact:** None.

**Recommended Action:** Adopt Resolution Number 2025-28 establishing the appropriations subject to the limit for Fiscal Year 2025-2026.

**Submitted By:** Jill Taura, Interim Finance Director

**City Manager Approval:** Patrick J. Martinez Date: 6/20/2025

**Other Department Approval:** \_\_\_\_\_ Date: \_\_\_\_\_  
(when required)

Approved: ☐ Not Approved: ☐ Tabled: ☐ Other: ☐

RESOLUTION NO. 2025-28

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NEEDLES, CALIFORNIA,  
ESTABLISHING THE APPROPRIATIONS LIMIT FOR FISCAL YEAR 2025 - 2026  
FOR THE CITY OF NEEDLES IN ACCORDANCE WITH THE PROVISIONS OF DIVISION 9  
OF TITLE I OF THE CALIFORNIA GOVERNMENT CODE

**WHEREAS**, Article XIII B of the Constitution of the State of California as proposed by the Initiative Measure approved by the people at the special statewide election held on November 6, 1979, and amended in June 1990 by the People of the State of California (Proposition III), provides that the total annual appropriations subject to limitations of each local government shall not exceed the appropriations limit of such entity for the prior year, adjusted for changes in the cost of living and population, except as otherwise specifically provided for in said Article; and

**WHEREAS**, the State Legislature added Division 9 (commencing with Section 7900) to Title I of the Government Code of the State of California to implement Article XIII B of the California Constitution; and

**WHEREAS**, Section 7910 of the Government Code provides that each year the governing body of each local jurisdiction shall, by resolution, establish its appropriations limit for the following fiscal year pursuant to Article XIII B at a regularly scheduled meeting or a noticed special meeting; and

**WHEREAS**, Proposition III was approved by the voters of the State of California, and requires a recorded vote of the City Council regarding the annual adjustment factors which have been selected each year; and

**WHEREAS**, at the time of adoption of this Resolution, data necessary to calculate the increase in nonresidential assessed valuation was not available from the County Assessor's office; and

**WHEREAS**, Section 7902 (a) of the Government Code sets forth the method for determining the appropriations limit for each local jurisdiction for the fiscal year 2025 - 2026; and

**WHEREAS**, the City Council of the City of Needles wishes to establish the appropriations limit for the fiscal year 2025 – 2026 for the City of Needles;

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Needles, California, as follows:

Section 1: That it is hereby found and determined that the documentation used in the determination of the appropriations limit for the City of Needles for the fiscal year 2025 – 2026 was available to the public in the Finance Department of said City at least fifteen days prior to this date.

Section 2: That the growth in California Per Capita Income and City Population were selected for the 2025 – 2026 fiscal year.

Section 3: That there may be a need to amend the inflation factor selected and adjust the Appropriations Limit once the nonresidential assessed valuation data becomes available from the County Assessor's Office.

Section 4: That the appropriations limit for the City of Needles as established in accordance with section 7902 (a) of the California Government Code is: \$13,960,654.

**PASSED, APPROVED, AND ADOPTED** at a regular meeting of the City Council of the City of Needles, California, held on the 24<sup>th</sup> day of June 2025.

Fiscal year 2025-2026 appropriation limit		13,960,654
Remaining appropriation limit		4,824,654
		35%

May 2025

Dear Fiscal Officer:

**Subject: Price Factor and Population Information**

**Appropriations Limit**

California Revenue and Taxation Code Section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2025, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2025-26. Attachment A provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2025-26 appropriations limit. Attachment B provides the city and unincorporated county population percentage change along with the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

**Population Percent Change for Special Districts**

Some special districts must establish an annual appropriations limit. California Revenue and Taxation Code Section 2228 provides additional information regarding the appropriations limit. Article XIII B, Section 9(C) of the California Constitution exempts certain special districts from the appropriations limit calculation mandate. The code section and the California Constitution can be accessed at the following website: <http://leginfo.legislature.ca.gov/faces/codes.xhtml>.

Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

**Population Certification**

The population certification program applies only to cities and counties. California Revenue and Taxation Code Section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2025.**

**Please Note:** The prior year's city population estimates may be revised. The per capita personal income change is based on historical data.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

JOE STEPHENSHAW  
Director  
By:

ERIKA LI  
Chief Deputy Director

Attachment

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2025-26 appropriation limit is:

Per Capita Personal Income	
Fiscal Year (FY)	Percentage change over prior year
2025-26	6.44

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2025-26 appropriation limit.

**2025-26:**

Per Capita Cost of Living Change = 6.44 percent  
Population Change = 0.28 percent

Per Capita Cost of Living converted to a ratio:  $\frac{6.44 + 100}{100} = 1.0644$

Population converted to a ratio:  $\frac{0.28 + 100}{100} = 1.0028$

Calculation of factor for FY 2025-26:  $1.0644 \times 1.0028 = 1.0674$

**FISCAL YEAR 2025-26**

**Attachment B**

**Annual Percent Change in Population Minus Exclusions\***

**January 1, 2024 to January 1, 2025 and Total Population January 1, 2025**

## MEMORANDUM

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: PATRICK J. MARTINEZ, CITY MANAGER

SUBJECT: WEEKLY MEMORANDUM

DATE: June 6, 2025

- 
1. On **June 3, 2025**, **Krispy Krunchy Chicken** opened at **West Side Chevron (2321 Needles Highway)**, adding a new dining option and contributing to the continued growth of Needles' small business community. The opening aligns with Council's goals to support business development and enhance local amenities. The event saw a **line out the door** and **over 450 meals served the first two days**, reflecting strong community interest. **Councilmember Longbrake** and the **City Manager** attended to show support for the new business. A **ribbon-cutting ceremony** is being planned to formally welcome Krispy Krunchy Chicken, with invitations to the **City Council, Chamber of Commerce, and community** to join in the celebration. Photos from the event are attached.
  2. The City is proud to share a video showcasing the transformation of **Duke Watkins Park**, a \$3.96 million investment funded through the **Statewide Park Development and Community Revitalization Program**. This revitalized community space now features a **splash pad, pump track, small dog park, modern restrooms, resurfaced basketball court, lighting upgrades, a colorful expression wall, landscaping, shade structures**, and enhanced **playground equipment**. The project reflects the City Council's commitment to enhancing recreational spaces for families, youth, and visitors. It also highlights the dedication of **City staff across multiple departments**, whose coordination and hard work helped bring this project to life. **Watch the video [here](#).**
  3. The City of Needles Recreation Center is excited to announce two major additions that support City Council's priorities to promote health, community engagement, and active use of public facilities. **Indoor Pickleball** is now available **Monday through Thursday, 9:30 AM – 12:00 PM** during open gym hours. Equipment is provided on-site, and children must be accompanied by an adult. The pickleball program complements our existing **open gym basketball**, offering residents more indoor recreation options within the same space. The **Needles Pool opens for the season this Saturday, June 7**, with a community kickoff event from **2:00 PM to 6:00 PM**. Residents are invited to come out and

celebrate the start of summer. In addition, summer programs begin **Monday, June 9**, including **Summer Day Camp** (ages 5–12), **Swim Lessons**, and the **Jr. & Pee Wee Basketball Program** (ages 3–8), be sure to sign up today to reserve your spot. These efforts continue to enhance Needles' reputation as a family-oriented city committed to accessible and engaging recreation. Flyers are attached.

4. **Save the Date:** The City of Needles will host its **second annual Community Fall Festival** on **Saturday, November 1, 2025**, at **950 Front Street (El Garces)**. This **free, family-friendly event** reflects the **City Council's ongoing commitment to fostering community engagement, supporting local schools, and encouraging sustainable economic growth**. In partnership with **Vista Elementary School**, the festival will include **games, a cake walk, the annual kiddie parade, bounce houses, food and craft vendors, and live entertainment** from **DJ Southwest**. With **continued support from local vendors**, the event remains **low-cost to the City** while delivering **strong community impact**. We're proud to carry this tradition forward under the **Council's leadership**. Please see the **attached flyer** for details and feel free to share with your networks. For questions or vendor applications, contact **Jennifer Valenzuela** at [jvalenzuela@cityofneedles.com](mailto:jvalenzuela@cityofneedles.com) or **760-326-2814**.
5. **Save the Date!** On **August 12, 2025**, from **10 AM to Noon**, the **City of Needles**, in partnership with **Peanuts Worldwide**, the **Foundation for Hospital Art, CRMC**, and local organizations, will host the **Peanuts PaintFest** at **Colorado River Medical Center**. This event celebrates the **75th Anniversary of Peanuts** and the **50th Anniversary of Spike's first comic strip appearance**. CRMC was the **only hospital in the country selected to receive a custom mural** honoring the City of Needles. Community members are invited to help paint the mural featuring **Snoopy and Spike**—no experience needed. Once completed, the mural will be permanently displayed at CRMC to create a more welcoming and uplifting environment. This unique event reflects Needles' community pride and its special connection to the Peanuts legacy.
6. The **Needles Pride Program** continues to encourage residents to take pride in their neighborhoods, reinforcing the City's commitment to **community upkeep and quality of life**. This week, **Public Works crews** focused on improving roadway safety by conducting **pothole repairs along Lillyhill Drive** between Coronado, Bailey, and Rio Vista. As resources allow, crews will continue **citywide maintenance efforts** to keep public spaces in top condition. At the **Rivers Edge Golf Course**, aeration supports turf health, drainage, and root growth. Though briefly disruptive, it's critical to maintaining course quality and preparing for overseeding this fall. **Check out the attached photos** to see their hard work in action! Residents can report road or vegetation concerns by calling **760-326-2115 (press #9)** or using the **Needles Connect app** on [Google Play Store](#) (Android) and [Apple Store](#) (iOS). **Together, we're building a safer, stronger Needles!**

7. The **restored 1938 Needles Fire Truck** was seen around town this week as it underwent its **first test drive since recent repairs—including a new clutch—were completed**, marking an exciting step forward in preserving this historic community asset. Over the past year, critical components such as the **radiator, water pump, and clutch** were installed to make the vehicle operational. With just a few finishing touches remaining, approximately **\$15,000** is still needed to complete the restoration. This project reflects years of community support and volunteer dedication. **Donations are welcome** to help bring this effort across the finish line. To contribute, please contact **Jesse Fragoso** at [jfragoso@cityofneedles.com](mailto:jfragoso@cityofneedles.com).
8. On **June 5, 2025**, the **City of Needles** conducted **State-mandated Sexual Harassment Prevention Training** at **El Garces**, led by the **City Attorney**. The training was attended by **City staff, elected officials, and commissioners** to ensure compliance with state law and reinforce the City's policies and expectations. This training reflects the City's **zero tolerance policy toward harassment and discrimination** and demonstrates a continued commitment to fostering a **safe, respectful, and inclusive workplace**. It also supports the City's broader goals of **professionalism, accountability, and ethical public service** across all levels of the organization.
9. The **City of Needles** extends its appreciation to **Tri-State Community Healthcare** and community partners—especially **Bienestar Wellbeing, Make Bullhead Better, and IEHP**—for hosting a **fresh produce giveaway at 820 W. Broadway, where over 80,000 pounds of food were distributed**. This marks their **second distribution event in two weeks**, directly supporting the **City Council's goals of improving health equity and food access**. In a city where the nearest grocery store is over 20 miles away, these efforts have had a measurable impact by providing **fresh, nutritious food**, promoting **community engagement**, and demonstrating a strong model of **collaborative, mission-driven service**. The City looks forward to continuing this partnership to serve the residents of Needles. Refer to the attached image for a glimpse of the event.
10. Palo Verde College's Needles Educational Center is now accepting registration for **Summer and Fall 2025 classes**. **Summer classes begin next week on June 9**, and **Fall classes start August 11**. PVC has been proudly serving the educational needs of Needles residents since **1998**, offering a wide range of affordable courses that support **transfer to four-year institutions**, develop **entry-level job skills**, enhance **vocational training**, and provide **non-credit community education opportunities**. Students are encouraged to take advantage of these accessible local resources to begin or continue their **educational and career journey**. For more information, call **760-326-5033** or visit [www.paloverde.edu](http://www.paloverde.edu). Refer to the attached flyer for details.
11. The City of Needles has been selected as one of only six municipalities to participate in the prestigious **Urban Land Institute (ULI) California-Nevada Technical Assistance Exchange**, a fully grant-funded program focused on advancing housing, land use, and sustainable community development. This

opportunity aligns with Council goals to attract investment, expand housing, and improve quality of life. As part of the program, **City Planner Irene Romero** attended the **2025 ULI Spring Meeting** in Denver, gaining valuable insights into best practices, emerging trends, and innovative urban solutions. Special thanks to **Kendra L. Chandler** and **ULI Orange County/Inland Empire** for recognizing Needles' commitment to smart, sustainable growth.

12. **Rivers Edge Golf Course** has implemented its **summer hours and rates**, now open **daily from dawn to 11:00 a.m.**, with all carts due back by **1:00 p.m.** Updated pricing is in effect — see the attached flyer for complete details. Starting **next Wednesday, June 11**, the **Annual Summer Youth Golf Camp** kicks off and runs through **August 6**. Open to youth ages **5–17**, the camp costs **\$60** and offers an excellent opportunity to learn the game, build skills, and enjoy the outdoors. Children **ages 5–11** meet from **7:00–8:00 a.m.**, and **ages 12–17** from **8:00–9:00 a.m.** To register, contact **JJ DeLeon** at **jjdeleon@golfneedlesca.com** or call **(760) 326-3931**. **Spots are limited, so early registration is encouraged.** This is a great way to keep kids active this summer — and maybe even inspire the next **Needles High School Boys State Champion**.
13. The **San Bernardino County Fire Protection District (SBCFPD)** successfully conducted the **semi-annual Household Hazardous Waste (HHW) Collection event** in **March 2025**, resulting in the collection of **2,704 pounds** of hazardous and electronic waste from **50 participants**. This marks a significant increase from the **October 2024** event, which collected **960 pounds** from just **2 participants**, demonstrating improved community engagement and awareness of safe disposal practices. The HHW Collection event is held **twice a year—in March and October**. Residents are encouraged to take advantage of the next opportunity this fall. Full event data is attached for reference.
14. On June 6, 2025, the Needles underpass was closed to allow juniors from Needles High School to participate in their annual painting tradition, a cherished rite of passage. Juniors gathered with **family and friends** to leave their mark and celebrate this unique milestone. It was **great to see the community come out in support**, including a few **City employees whose children will be seniors next year**. Please refer to the **attached pictures** for highlights of this **cherished community tradition**.
15. The **Needles Unified School District Graduation Ceremony** will be held **tonight, Friday, June 6, 2025, at 8:00 PM** at **Branigan Field**. This event celebrates the **hard work and achievements** of our students, highlighting the **strong partnership** between families and schools that drives academic success. **NUSD offers a safe, supportive, and enriching learning environment with dedicated staff, small class sizes, and strong community values.** Families choose NUSD for its **commitment to student growth, personalized support, and opportunities for parent involvement** through campus events, committees, and volunteer programs. **Registration is now**

open for the **2025–26 school year**—children who turn **four (4)** on or before **September 1, 2025**, are eligible for **Transitional Kindergarten**.

16. The **Needles Women's Club** will host a **Pork Loin Luncheon** on **Tuesday, June 10, 2025**, at their clubhouse located at **305 W. Broadway Street**. This fundraiser supports the club's ongoing efforts to promote **women's empowerment, youth activities, educational scholarships, and civic responsibility**. For just **\$10**, each meal includes **pork loin, pasta with Tuscan cream sauce, and a side of glazed carrots**. **Delivery is available** for orders of **three or more within the Needles area**. **Orders must be placed online by 5:30 PM on Monday, June 9** by clicking this [link](#). For assistance, residents can contact **Karrie at (928) 201-1836**. This monthly effort highlights the important role local service organizations play in supporting Needles residents and strengthening our community.

17. **IMPORTANT UPCOMING DATES:**

City staff have **carefully curated a comprehensive community events calendar** to inform residents about **Needles' diverse activities and happenings**. The community events calendar can now **be found on the Needles Connect App!** Organizations are encouraged to **collaborate with the City Clerk's Office** to add or update events, ensuring a vibrant and inclusive calendar. For contributions or modifications, please get in touch with Candace Clark at [cclark@cityofneedles.com](mailto:cclark@cityofneedles.com). Your **active participation** helps strengthen our community and enrich local experiences. **Check the attached calendar for the remaining 2025 events** and stay engaged with all Needles offers!

Dear Rainie,

*Subject: Household Hazardous Waste Collection*

The data listed below can be used to fulfill the reporting requirements of the city's Household Hazardous Waste (HHW) Element of the city's Solid Waste Management Plan. During fiscal year 2024, 51 Needles residents used the HHW collection facilities and 1 Very Small Quantity Generator. Residents of Needles visited the following permanent household hazardous waste facilities:

Sites Visited	Total Participants
NEEDLES	50
ONTARIO	1
<b>Total</b>	<b>51</b>

The following table lists the calculated waste averages collected. The amounts of waste per individual participant are not tracked.

Waste	Amounts (lbs.)	Waste	Amounts (lbs.)
Latex Paint	292.03	Household Batteries	97.34
Oil Base Paints	86.53	NiCad Batteries	40.56
Flammable Liquids/Solids	73.01	Motor Oil/Oil Products	935.04
Bulked Flammable Liquids	10.82	Oil Filters	375.04
Poison (excluding aerosols)	18.93	Cathode Ray Tubes (CRT)	316.37
Corrosive Acids	8.11	Electronic Waste	292.03
Corrosive Bases	5.41	Fluorescent Tubes	21.63
Oxidizers	8.11	Compressed Gas Cylinders	5.41
Aerosols	10.82	Cooking Oil	8.11
Home Generated Sharps	4.06	Pharmaceuticals	18.93
Antifreeze	13.52	Waste Exchange Materials	8.11
Lead/Acid Batteries	51.38	Other	2.70
<b>TOTAL: 2,704.00</b>

## MEMORANDUM

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: PATRICK J. MARTINEZ, CITY MANAGER

SUBJECT: WEEKLY MEMORANDUM

DATE: June 13, 2025

---

1. The **City of Needles Recreation Center** is proud to offer its **Summer Day Camp** completely **free for all participants**, thanks to the generous support of **The Legacy Foundation** and **SBCSD's River Daze**. The program runs **from Monday through Thursday, 1:00 PM to 5:00 PM**, now through **July 31, 2025**, and is open to children aged **5–12**. Campers enjoy a **safe, fun, and educational environment** with daily activities such as **team games, pool time, arts and crafts, and themed weeks**, including Family Feud, Top Chef, and End-of-Summer celebrations. This initiative supports the **City Council's ongoing commitment to youth programming and family-friendly services**. **Space is limited**, and families are encouraged to reserve a spot by calling **(760) 326-3866**. Please refer to the attached flyer for program details.
2. **SoCalGas** has maintained compressor station operations in **Needles for over 65 years**, making the city a critical interconnection point between the **SoCalGas transmission system** and the **El Paso Natural Gas pipeline** at the **Colorado River**. The **North and South Needles stations** move a combined **2.8 billion cubic feet of natural gas per day**, underscoring Needles' strategic importance in regional energy delivery. This infrastructure investment has supported the creation of **31 local jobs** and aligns with **City Council goals** to strengthen **regional partnerships**, expand **economic development**, and attract **infrastructure investment**. A recent tour, coordinated by **Public Affairs Manager Janel Ruiz**, provided **Mayor Jernigan, Board of Public Utilities Chair Campbell, Commissioner Cairns**, and **City staff** with an opportunity to understand better the facility's **operations, safety systems**, and its **regional impact**. We thank SoCalGas for their ongoing partnership and commitment to Needles.
3. After the incredible success of last week's food distribution, **over 80,000 pounds of fresh produce** were given away—**Tri-State Community Healthcare** and its partners are back at it! **Tomorrow, Saturday, June 14, at 7:00 a.m.**, head to **820 W. Broadway** for another **free mixed fruits and**

**vegetables giveaway.** This event is open to **everyone**—no sign-up or clinic affiliation is needed. It's a great way to start your weekend with healthy, high-quality produce while supporting wellness in our community. Special thanks to **Bienestar Wellbeing, Make Bullhead Better, IEHP, and Needles Unified School District** for making this possible once again. Let's keep the momentum going—spread the word and join us!

4. The **City of Needles** extends its congratulations to the **Needles High School Class of 2025**, marking a proud milestone for the community. A total of **100 seniors received diplomas** during the **119th annual commencement ceremony held at Branigan Field**, reflecting the students' hard work, resilience, and determination. Collectively, the Class of 2025 earned more than **\$1.8 million in scholarships and financial aid**, which will support their academic and career goals over the next four years. During the ceremony, **Needles High School Counselor Kimberly Breaux** awarded **30 scholarships** on behalf of the **Needles Scholarship Committee**, demonstrating the community's strong commitment to supporting local youth. The City commends the graduates for their accomplishments and wishes them continued success in the years to come. Appreciation is also extended to the families, educators, and community members who played a vital role in their journey. **Refer to the attached images of the event.**
5. On **Tuesday, June 17, 2025**, **Needles Area Transit (NAT)** will participate in **"Dump the Pump Day,"** a **San Bernardino County-wide initiative** encouraging public transit use to reduce fuel consumption and support environmental sustainability. All **NAT rides will be free** for the day—**no reservations required**. NAT offers **deviated fixed-route service** Monday–Friday (7:00 AM–6:55 PM) and Saturday (10:00 AM–4:55 PM), including deviation service to the **new park behind Rivers Edge Golf Course**. **Students ride free year-round**, and **curb-to-curb service** is available for **seniors and individuals with mobility disabilities**. NAT also provides **medical and transportation services** for shoppers in Arizona. This event supports the **City Council's goals to expand mobility options and promote sustainability**. For more information, visit [needlestransit.com](https://needlestransit.com) or call **760-326-2113 ext. 115**
6. As part of the City's ongoing efforts to **expand economic opportunity** and promote Needles as a business-friendly destination, we continue to actively market key development sites and retail demand data through updated economic tools. In collaboration with **the Development Management Group (DMG)**, the City has released the **2025 Economic Development Map and Data Sheet**, highlighting available commercial properties, retail spending potential, infrastructure investments, and traffic volumes along the I-40 corridor, which sees over **8 million vehicles annually**. These tools directly support the **City Council's goals to attract private investment, diversify the tax base, and generate new employment opportunities**. The material is used for outreach to developers, brokers, and prospective investors and is available upon request. For project development assistance or to share with potential investors, please

get in touch with our City's economic consultant, Michael Bracken, at **760-272-9136** or [michael@dmgeconomics.com](mailto:michael@dmgeconomics.com).

7. This week, the **City of Needles** convened its **multi-agency task force**, including representatives from the **San Bernardino County Sheriff's Department (SBCSD)** and the **Needles Unified School District**, to strengthen efforts in addressing the community's ongoing issues with **graffiti and vandalism**. The City is taking a proactive approach by expanding **surveillance coverage** at public and recreational facilities, improving **incident coordination**, and reinforcing a message of **zero tolerance and accountability**. Surveillance cameras have been installed in key locations, with additional upgrades underway. These actions align with the City's commitment to keeping Needles **clean, safe, and welcoming** for residents and visitors. Community involvement is also essential—residents are encouraged to report graffiti or vandalism to **SBCSD's non-emergency line at 909-387-8313**.
8. The City of Needles has opened the **30-day public review period for the Draft 2025 Local Hazard Mitigation Plan (LHMP)**, a FEMA-funded, five-year strategic initiative focused on reducing the impacts of natural and human-caused hazards. The LHMP enhances **community preparedness**, safeguards **lives, property, and infrastructure**, and ensures continued eligibility for **federal and state disaster mitigation funding**. The public review period runs from **June 11 to July 11, 2025**, with the draft plan available at [cityofneedles.com](http://cityofneedles.com) and in person at **City Hall (817 Third Street)**. Community members, business owners, and stakeholders are encouraged to provide feedback. This initiative reflects the **City Council's commitment to long-term public safety and resilience**. Comments can be submitted to **City Planner Irene Romero** at [iromero@CityofNeedles.com](mailto:iromero@CityofNeedles.com) or delivered to the Planning Department.
9. **Arrowhead Credit Union** is hosting *On The Money*, an interactive **financial literacy game** for youth ages **12–18**, on **Friday, July 12, from 10:00 AM to 12:00 PM** at the **Needles Recreation Center**. Students will explore **real-world financial decisions**, including managing credit, budgeting, paying bills, and responding to unexpected expenses and income fluctuations while working with peers in a simulated environment. **Space is limited to the first 30 registrants**, with a waitlist available. **Parents are welcome to observe**. This program supports **the City Council's goals** to promote **youth development and financial education**. The **City of Needles thanks Arrowhead Credit Union** for their continued investment in our youth and commitment to preparing them for future success. **Register by July 7:** [Registration Link](#)
10. Following necessary access work along the **I-40 off-ramp corridor**, where a vehicle damaged the fence line, **Caltrans crews completed a significant brush and debris removal effort**. This cleanup involved clearing overgrown vegetation and restoring the area's appearance, improving **visibility, safety, and aesthetics** at one of the City's key entry points. The **City of Needles thanks Caltrans** for its continued attention to maintenance and fire prevention

along the state highway system, which directly supports the City's efforts to create a **clean, safe, and welcoming environment** for residents and visitors. Residents can report Caltrans-related concerns at [csr.dot.ca.gov](https://csr.dot.ca.gov). For local issues, call **(760) 326-2115** or use the **Needles Connect app**. Refer to the attached images for a glimpse of their hard work.

11. As part of our ongoing efforts to support the **City Council's priorities on tourism promotion and public relations**, the City of Needles was recently featured in **San Bernardino County's official newsletter**. The article spotlighted Needles as a **premier destination along the Colorado River**, emphasizing our **natural landscape, outdoor recreation, and small-town charm**. This recognition directly supports the Council's goal to **enhance the city's visibility, attract visitors**, and reinforce our image as a **vibrant, family-friendly community**. We appreciate the County's acknowledgment and will continue to pursue opportunities that align with our **economic development and tourism objectives**. To view the article, click on this link: [San Bernardino County Destinations – Colorado River in Needles](#)
12. The **San Bernardino County Library's 2025 Summer Reading Program, *Tales of Enchantment***, is currently underway and runs through **August 3**. Hosted locally at the **Needles Branch Library** (1111 Bailey Avenue), the program promotes literacy and lifelong reading through engaging, educational activities suitable for all ages. As part of the program, the library is offering a series of **live performances every Tuesday at 1:00 PM**, featuring entertainers such as **Joe Gandelman** (June 17 and July 29), **Chazz** (June 24), **Full Spectrum Planetarium** (July 8), and **California Joe** (July 22), with one date still to be announced (July 15). These events align with the **City Council's goals to promote youth engagement, literacy, and community enrichment**. Residents are encouraged to participate and can contact the library at **(760) 326-9219** or visit [library.sbcounty.gov/summer-reading-program](https://library.sbcounty.gov/summer-reading-program) for more information.
13. An updated flyer has been distributed for the **Peanuts PaintFest**, scheduled for **Tuesday, August 12, 2025, from 10:00 AM to Noon** at **Colorado River Medical Center (1401 Bailey Ave, Needles, CA 92363)**. This special event celebrates the **75th Anniversary of Peanuts** and the **50th Anniversary of Spike's first comic appearance**. CRMC is the only hospital in the U.S. selected to receive a custom mural featuring **Snoopy and Spike**, which will be painted by community members and permanently displayed at the hospital. Additional activities, beginning at noon, include a **Kids' Art Show, Cakewalk, and Ice Cream Social**. Event partners and sponsors include **Peanuts Worldwide**, the **Foundation for Hospital Art**, **CRMC**, the **City of Needles**, the **River Valley Artists Guild**, and the **River Communities Coalition**. Refer to the attached image.
14. City Hall will be **closed on Thursday, June 19, 2025**, in observance of **Juneteenth National Independence Day**, a federally recognized holiday commemorating the end of slavery in the United States. **Regular business**

**hours will resume on Friday, June 20, 2025, at 8:30 AM.** For urgent matters during the closure, residents may call **760-326-5700**, where our **after-hours answering service** will promptly route calls to the appropriate City personnel. A notice has been posted at the entrance of City Hall to inform the public.

**15. IMPORTANT UPCOMING DATES:**

City staff have **carefully curated a comprehensive community events calendar** to inform residents about **Needles' diverse activities and happenings**. The community events calendar can now **be found on the Needles Connect App!** Organizations are encouraged to **collaborate with the City Clerk's Office** to add or update events, ensuring a vibrant and inclusive calendar. For contributions or modifications, please get in touch with Candace Clark **at [cclark@cityofneedles.com](mailto:cclark@cityofneedles.com)**. Your **active participation** helps strengthen our community and enrich local experiences. **Check the attached calendar for the remaining 2025 events** and stay engaged with all Needles offers!

# 6. 2025 ECONOMIC DEVELOPMENT DATA

## 2025 City of Needles, California Retail Market Opportunities

The City of Needles is located in San Bernardino County in Southern California and serves as the gateway to the Colorado River along the California/Arizona/Nevada borders. Economic opportunity exists for companies seeking access to local population (6,100), regional population (146,000), tourism/visitors to the area (5.5 million annually) and 8.4 million vehicles annually traveling on Interstate 40 through the middle of the City of Needles.

# 11. SB COUNTY NEWSLETTER

## San Bernardino County destinations: Colorado River in Needles

June 5, 2025

[COUNTYWIRE](#)

We would like to thank Chris Sells of Highland for submitting stunning photos of his favorite San Bernardino County destination.

The Colorado River, located in Needles, CA, is a year-round recreation area for boaters, paddlers, water-skiers and anglers. Stretching 223 miles across California, Arizona, Nevada and Utah, the Colorado River offers a wide range of family friendly activities. In addition to water sports, visitors can also enjoy hiking, fishing, camping and wildlife viewing.

In order to have a safe trip, it's important to observe safety tips such as wearing a life jacket, taking a boating safety course, carrying all your required safety gear, knowing your boat and its limitations, following the boating rules of the road, and being aware of weather and water conditions. Be sure to check out this premier boating destination!
