AGENDA

REGULAR MEETING OF THE BOARD OF PUBLIC UTILITIES OF THE CITY OF NEEDLES, CALIFORNIA TUESDAY, FEBRUARY 18, 2025 AT 4:00 PM EL GARCES HISTORIC DEPOT 950 FRONT STREET, NEEDLES

THE PUBLIC MAY ATTEND VIA <u>TEAMS</u> AND MAY SUBMIT ANY COMMENTS IN WRITING PRIOR TO NOON ON THE DAY OF THE MEETING BY EMAILING csallis@cityofneedles.com

<u>TO JOIN THE LIVE TEAMS MEETING</u>: log into the City of Needles website at www.cityofneedles.com to access the agenda and <u>Click here to join the meeting</u>

If asked, enter the following: Meeting ID: 432 853 778# OR listen in and participate by calling Teams: 1-323-488-2227 - Meeting ID: 432 853 778# Meetings are being recorded

CALL TO ORDER - ROLL CALL

APPROVAL OF AGENDA

(ACT)

CORRESPONDENCE

PUBLIC APPEARANCE: Persons wishing to address the Board on subjects other than those scheduled are requested to do so at this time. When called by the Chairman, please come to the podium and announce your name and address for the record. In order to conduct a timely meeting, a three minute time limit per person has been established by Municipal Code Section 2-18. Amendments to California Government Code Sec. 54950 prohibits the Board from taking action on a specific item until it appears on the agenda.

CONSENT CALENDAR: All matters listed on the Consent Calendar are considered to be routine and will be enacted by one motion in the form listed. The Chairman or any Member of the Board may pull an item from the Consent Calendar for discussion. Prior to Board action, a member of the public may address the Board on matters scheduled on the Consent Calendar. A three-minute time limit per person applies. **Recommended Action:** Approve Items through on the Consent Calendar by affirmative vote. **NONE**

REGULAR ITEMS (A three minute time limit per person has been established per Municipal Code Section 2-18)

- 1. Minutes of regular meeting held January 21, 2025 (ACT)
- Approval of the revised budget for fiscal year ending June 30, 2025 for Needles Public Utility Authority, Water, Wastewater, Electric and All American Canal
 (ACT)

SB 343-DOCUMENTS RELATED TO OPEN SESSION AGENDAS -- Any public record, relating to an open session agenda item, that is distributed within 72 hours prior to the meeting is available for public inspection at the Administrative Office, 817 Third Street, Needles, CA 92363.

In compliance with the American with Disabilities Act, if you need special assistance to participate in this meeting, please contact Cheryl Sallis, Secretary to the Board, at (760) 326-2113 ext 115. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting (28 CFR 35.102-104 ADA Title II).

BOARD OF PUBLIC UTILITIES

January 21, 2025

The regular meeting of the Board of Public Utilities held on the 21st day of January, 2025, was called to order at 4:00 p.m. with CHAIRMAN CAMPBELL presiding and the following COMMISSIONERS present:

COMMISSIONERS LEJEUNE, BROWN, CAIRNS AND POWELL

Also Present: SECRETARY SALLIS, CITY MANAGER MARTINEZ, UTILITY MANAGER TORRANCE AND OTHER KEY STAFF

EX ABSNC COMMISSIONER LEJEUNE MOVED, SECONDED BY COMMISSIONER BROWN, to grant an excused absence to COMMISSIONERS McNEIL AND SCHNEIDER. Motion carried by the following roll call vote:

AYES:	CHAIRMAN CAMPBELL, COMMISSIONERS LEJEUNE,
	BROWN, CAIRNS AND POWELL
NOES:	NONE
ABSENT:	COMMISSIONERS SCHNEIDER AND McNEIL

Deputy City Clerk Sallis administered the Oath of Office to new Board Member David Cairns and he was welcomed by the other Members.

APPROVAL
AGENDACOMMISSIONER BROWN MOVED, SECONDED BY COMMISSIONER
LeJEUNE, to approve the agenda. Motion carried by the following roll call vote:

AYES:	CHAIRMAN CAMPBELL, COMMISSIONERS LEJEUNE,
	BROWN, CAIRNS AND POWELL
NOES:	NONE
ABSENT:	COMMISSIONERS SCHNEIDER AND McNEIL

COMMISSIONER SCHNEIDER entered the meeting at 4:04 p.m.

CORSPNDN: None

PBLC APRN: None

<u>CNST CAL:</u> COMMISSIONER LeJEUNE requested to pull item 4 (authorize the City Manager to execute Amendment No. 3 to Contract No. 06-XX-30-W0452 between the City of Needles and Metropolitan Water District of Southern California for delivery of Lower Colorado Water Supply Project Water) and COMMISSIONER SCHNEIDER requested to pull item 3 (Power Purchase Cost Adjustment (PCA) for months of July through November 2024 and decrease the over-hydro rate from \$0.1538 to \$0.1338 with a reduction of .02 power cost adjustment effective as of February 1, 2025). January 21, 2025 Page 2

> COMMISSIONER LEJEUNE MOVED, SECONDED BY COMMISSIONER BROWN, to pull consent calendar items 3 and 4 and approve consent calendar items 1 and 2.

- 1. Minutes of regular meeting held December 3, 2024
- 2. Authorize the City Manager to execute a Landis & Gyr Software as a Service Agreement providing for third-party hosted "software as a service" with respect to certain City information technology needs and related smart gird program

Motion to approve consent item 1 carried by the following roll call vote:

AYES:	COMMISSIONERS SCHNEIDER, LeJEUNE, BROWN
	AND POWELL
NOES:	NONE
ABSENT:	COMMISSIONER McNEIL
ABSTAIN:	CHAIRMAN CAMPBELL AND COMMISSIONER CAIRNS

Motion to approve consent item 2 carried by the following roll call vote:

AYES:CHAIRMAN CAMPBELL, COMMISSIONERS SCHNEIDER,
LeJEUNE, BROWN, CAIRNS AND POWELLNOES:NONEABSENT:COMMISSIONER McNEIL

PCA JULYUtility Manager Torrance explained the power cost adjustment (PCA) status and
balance of \$1,830,284 as of November. 20% of the over-hydro budget for current
fiscal year is \$1,056,000 and she's proposing refunding 2¢ back by reducing the
over-hydro and, with the lower rate, carrying it out over a longer period of time
through September.

COMMISSIONER SCHNEIDER acknowledged that the policy calls for a higher reduction but we get highs and lows and always chasing the power cost. He agreed with the action of a 2ϕ reduction in the over-hydro rate which will flatten out the oscillations.

After CHAIRMAN CAMPBELL provided brief background information on the PCA policy for the new members, a discussion followed on the balance and refunding over a period of time.

COMMISSIONER SCHNEIDER MOVED, SECONDED BY COMMISSIONER LeJEUNE, to accept the Power Purchase Cost Adjustment (PCA) for months of July through November 2024 and decrease the over-hydro rate from \$0.1538 to \$0.1338 with a reduction of .02 power cost adjustment effective as of February 1, 2025. Motion carried by the following roll call vote:

AYES:	CHAIRMAN CAMPBELL, COMMISSIONERS SCHNEIDER,
	LeJEUNE, BROWN, CAIRNS AND POWELL
NOES:	NONE
ABSENT:	COMMISSIONER McNEIL

January 21, 2025 Page 3

LCWSP
AMNDMTUtility Manager Torrance provided a brief update on the Lower Colorado Water
Supply Project (LCWSP) noting that Metropolitan Water District (MWD) pays a
substantial amount into a trust fund monthly which helps pay for improvements,
etc. for the Project. This amendment will put the trust fund payments on hold so
MWD does not have to pay at this time but they will continue to pay their annual
fees. There is no financial impact on the city.

COMMISSIONER LeJEUNE MOVED, SECONDED BY COMMISSIONER BROWN, to authorize the City Manager to execute Amendment No. 3 to Contract No. 06-XX-30-W0452 between the City of Needles and Metropolitan Water District of Southern California for delivery of Lower Colorado Water Supply Project Water. Motion carried by the following roll call vote:

AYES:CHAIRMAN CAMPBELL, COMMISSIONERS SCHNEIDER,
LeJEUNE, BROWN, CAIRNS AND POWELLNOES:NONEABSENT:COMMISSIONER McNEIL

REG ITEMS:COMMISSIONER BROWN MOVED, SECONDED BY COMMISSIONER
SCHNEIDER, to nominate CHAIRMAN CAMPBELL as Chairman for the
ensuing year of 2025. Motion carried by the following roll call vote:V CHAIR

AYES:CHAIRMAN CAMPBELL, COMMISSIONERS SCHNEIDER,
LeJEUNE, BROWN, CAIRNS AND POWELLNOES:NONEABSENT:COMMISSIONER McNEIL

COMMISSIONER SCHNEIDER MOVED, SECONDED BY COMMISSIONER BROWN, to nominate COMMISSIONER LEJEUNE as Vice Chairman for the ensuing year of 2025. Motion carried by the following roll call vote:

AYES:CHAIRMAN CAMPBELL, COMMISSIONERS SCHNEIDER,
LeJEUNE, BROWN, CAIRNS AND POWELLNOES:NONEABSENT:COMMISSIONER McNEIL

<u>ELECT, WW</u> Utility Manager Torrance provided a PowerPoint presentation of the changes <u>& WATER</u> proposed to the electric, wastewater, and water terms and conditions. TERMS &

<u>CONDTNS</u> COMMISSIONER SCHNEIDER noted that the security deposit is not a cost of service but security. Many ratepayers are on one form of assistance or another and the security deposit should be based on a 2 month average or something similar. \$150 seems steep. Nonresidential is also high and should be based on an average. He also spoke on non-registering meters explaining that with AMI smart meters, staff should catch a non-registering meter within 2-3 months. Smart meters should be red flagged for both the city and customer. Utility Manager Torrance explained that the deposit is an average bill and is what is currently

January 21, 2025 Page 4

being charged. There are 10% of old meters still remaining as there have been issues and we are working on getting them changed out. Once AMI meters are 100%, staff can bring back a revision to the terms and conditions.

COMMISSIONER BROWN MOVED, SECONDED BY COMMISSIONER LeJEUNE, to adopt Resolution No. 1-21-25 BPU rescinding Chapter 6C, establishing terms and conditions for the sale of electric services, of the Needles Municipal Code in its entirety and adopting a new Chapter 6C, Electric Services, regarding the terms and conditions for the sale of electric services; Resolution No. 1-21-25-1 BPU rescinding Chapter 17, Wastewater Collection and Treatment Services, of the Needles Municipal Code in its entirety and adopting a new Chapter 17, Wastewater Collection and Treatment Services, regarding the terms and conditions for the sale of wastewater services; and Resolution No. 1-21-25-2 BPU rescinding Chapter 22, Water, of the Needles Municipal Code in its entirety and adopting a new Chapter 22, Water Services, regarding the terms and conditions for the sale of waster services. Motion carried by the following roll call vote:

AYES:	CHAIRMAN CAMPBELL, COMMISSIONERS SCHNEIDER, LeJEUNE, BROWN, CAIRNS AND POWELL
NOES:	NONE
ABSENT:	COMMISSIONER McNEIL

- REPORTS:CHAIRMAN CAMPBELL acknowledged the following reports: 1) EUSI, LLC
operational support services relating to the wastewater treatment facility and
collection system November and December 2024; 2) Monthly Activity Report
November 2024; and 3) Present Perfected Rights Report December 2024
- MGR'S RPT: Utility Manager Torrance reported on: 1) the schedule for the treatment plant and finishing up final testing and training with ribbon cutting early March; 2) recent excessive winds and no outages to report; 3) rate study continues; and 4) fire today on Third Street, all fire hydrants worked and no electric infrastructure involved.

City Manager Martinez acknowledged his weekly reports in the packet and upcoming events.

<u>BRD RQSTS:</u> COMMISSIONER SCHNEIDER referenced the current rate study explaining that he was looking at his water bill and cubic feet are used on the bills. He questioned if it would be feasible to switch to gallons which would make more sense on water usage.

CHAIRMAN CAMPBELL declared the regular meeting of the Board of Public Utilities held on the 21st day of January, 2025, adjourned at 4:45 p.m.

ATTEST:_

Chairman

CITY COUNCIL 🖾 BOARD OF PUBLIC UTILITIES	🛛 Regular 🗌 Special
--	---------------------

Meeting Date: February 18, 2025

Title: FY 2024-25 Mid-year Budget Revisions

Background: The City Manager and Finance staff have reviewed the approved 2024-25 NPUA budget against actual revenue and expenditures through December 31, 2024 (6 months). The Proposed Revised Budgets were reviewed by the Council Budget Committee on February 10, 2025. Attached is the Revised NPUA Budget Summary for Fiscal Year 2024-25 that shows the few changes that are being proposed.

Water and Electric had no changes. Wastewater has an increase in professional services and decreases in payroll related expenses due to allocation changes and health expense.

Interest revenue is expected to increase by \$20,000 over what was budgeted.

Fiscal Impact: See attached budget report.

Environmental Impact:

Recommended Action: Approve Proposed Revised Budget for fiscal year ending June 30, 2025.

Submitted By: Barbara DiLeo, Finance Department

EUSI, LLC Operational Support Services Relating To the Wastewater Treatment Facility and Collection System January 2025

Mrs. Rainie Torrance,

Please find below a summary of our services provided associated with the operational support services for the wastewater treatment facilities for the month of January 2025.

- The daily average flow for the month of January 2025 was 0.419 MGD.
- Completed the January weekly and monthly 2025 monitoring report for the state.
- Conducted in-house process control testing for the SBRs.
- Sent out the weekly and monthly samples as required by the monitoring permit.
- Tested the plant lift station and plant alarm callouts.
- Administrative coordination with finance and the administrative staff at 3rd street is ongoing.
- Inspected facility perimeter fences and percolation ponds.
- Operations staff decanted the digester to limit the amount of sludge that needed to be sent to the drying beds for further processing and ultimate removal to the off-site landfill.
- Completed routine monthly inspection of the Kubota tractor, the 4" trash pump, and the jetter.
- Preventive Maintenance Program is ongoing per operating hours of the various plant components.
- Completed the bar screen service and inspections throughout the month.
- Operations staff ripped percolation pond #3 placed it into service and took pond #2 out of service on January 30th.
- Completed weekly inspection of the emergency generator prior to and during its weekly test runs.
- Team is coordinating the installation of the replacement pumps for the Bazoobuth lift station. This is expected to be completed in phases so that the pump station can stay in operation while the improvements are being implemented.
- Ongoing communication with City staff regarding items associated with the overall wastewater system.
- Service and inspected the EQ pumps and filtrate pumps.

Supplemental repair services, exceptional event(s) during the month of December.

- January 2, 2025 City on-call staff was called out at ~0200 hrs for a high water at River Road lift station. A fitting had broken
 off inside the wet well requiring assistance from the operations staff. The team was able to temporarily plug the pipe where
 the fitting had broken to allow the pumps to pump to the forced main vs. recirculating back into the wet well. (3.0 man
 hours no charge for this activity). Staff returned during normal business hours and installed a cap and assess what is needed
 to make the repairs.
- January 16, 2025 operations staff installed a new breaker for effluent EQ pump #1 No charge for this work activity.

Should you have any questions regarding the monthly activity please feel free to contact me at 602-300-7946.

Sincerely,

N. A.

City Manager Patrick J. Martinez

MEMORANDUM

- TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL
- FROM: PATRICK J. MARTINEZ, CITY MANAGER
- SUBJECT: WEEKLY MEMORANDUM
- DATE: February 7, 2025
 - 1. This week, the City Manager attended the League of California Cities City Managers Conference, a key event bringing together municipal leaders to address critical issues impacting local governance. The conference featured sessions on leadership, council transitions, economic development, homelessness solutions, and the evolving role of city managers. Discussions covered infrastructure funding, emergency preparedness, and best practices for enhancing **city operations**. This event provided an opportunity to connect with industry experts, exchange ideas with fellow city managers, and gain insights into strategies supporting Needles' long-term growth and resilience. While at the conference, the City Manager met with Tripepi Smith, the city's marketing consultant, and brainstormed for the future. With extensive experience in municipal marketing, the firm provides branding, digital outreach, and strategic communication support to enhance the city's visibility. Their presence at the conference, including a dedicated booth, highlighted their expertise and ongoing efforts to support Needles. Refer to the attached image for a glimpse of the conference and Tripepi Smith's participation.
 - City staff is pleased to announce the ribbon-cutting ceremony for the Well No. 11 Treatment Plant Project, scheduled for March 4, 2025, at 10:00 a.m. This \$8.9 million project is a significant milestone in strengthening Needles' water infrastructure, ensuring a reliable supply of high-quality drinking water for years. With final system calibration underway, the project is nearly complete. Representatives from key agencies will attend, and we invite the community to celebrate this significant investment in Needles' future.
 - 3. The Needles Pride Program continues to thrive, encouraging communitydriven activism among residents dedicated to enhancing neighborhoods, fostering pride, improving property upkeep, and ensuring compliance with city codes. A key success of the program has been multiple community cleanup efforts, with the next pop-up clean-up event scheduled for tomorrow, February 8, 2025, at 8 AM. Hosted by the Military Moms, this event invites the

community to help clean **Broadway Street**. Those interested are encouraged to **meet at the corner of Broadway Street and G Street (The Needles Sign)** and bring **gloves and enthusiasm** to support the beautification of our city. **Fire prevention** has been a **top priority** for the city and its residents, with numerous property owners cleaning up their properties. This week, **Public Works** has been actively addressing fire risks by **trimming trees and removing dead vegetation** in key areas, including **Jack Smith Park, Duke Watkins Park, the Aquatic Center, and Nikki Bunch Park**. Next week, crews will begin **trimming all palm trees at the cemetery**, followed by tree maintenance **throughout the city and other parks**. **Eighty palm trees** will be cut as part of these proactive fire prevention and maintenance efforts in the coming weeks.

- 4. Rivers Edge Golf Course is experiencing a remarkable year, featuring some of the best greens in the Tri-State region. We are excited to host several upcoming tournaments, offering a fantastic opportunity to enjoy the game while supporting local causes. Tomorrow, the Women's Club will host its inaugural Scholarship and Operations Fundraiser, bringing the community together for a meaningful cause. Then, on March 15, 2025, the Needles Chamber of Commerce will present its second annual Lucky Greens Golf Tournament, promising a fun and competitive day on the course. We encourage golfers to book a tee time or host their tournament at Rivers Edge. As we grow into a championship-caliber golf destination, we remain committed to making Rivers Edge Golf Course a valued asset for the community. Book your tee time today or RSVP for these tournaments by calling 760-326-3931 or visiting our website to explore upcoming events.
- 5. City staff is pleased to share that Needles has been prominently featured in the newly rebranded South Valley Media Guide, formerly the Needles Relocation and Visitors Guide. This comprehensive publication by News West Publishing, Inc. highlights Needles alongside neighboring communities, reinforcing our city's economic growth, public infrastructure improvements, and expanding recreational opportunities. This feature aligns with the City Council's goals of fostering economic development, promoting tourism, and enhancing community engagement. By showcasing in a well-regarded regional publication, Needles strengthens its visibility to prospective businesses, new residents, and visitors, positioning our city as a thriving destination along the Colorado River. We extend our gratitude to News West Publishing, Inc. for including Needles in this year's guide and their efforts to promote our community. Refer to the attached South Valley Media Guide for more details on how Needles is highlighted, or click here to view it online.
- 6. Simon Sewer mobilized this week to begin hydro-vac cleaning of 30,000 linear feet of sewer main lines across several key areas, including Desnok, Cibola Street, Bazoobuth, Acoma, Palm Way, Quivera, Downey, D, E, 4th Street, and the mainline from Bailey Avenue to E Broadway. The hydro-vac process uses pressurized water to break down and remove built-up solids in the sewer mains, helping to extend the life of the pipes, improve system

efficiency, and reduce odors. This ongoing maintenance is a critical investment in the city's sewer infrastructure, aimed at preventing blockages, minimizing future repairs, and ensuring long-term system reliability. The work is progressing efficiently, and city staff will continue to monitor the project to ensure timely completion. Refer to the attached map for a detailed view of the areas currently being cleaned and images for a glimpse of their hard work.

- 7. On January 28, 2025, the City Council allocated funds for immediate enhancements to improve ADA accessibility at the City of Needles Rodeo Grounds. These upgrades aim to provide a safe and accessible path of travel for individuals with disabilities, ensuring compliance with ADA regulations and enhancing the overall experience for attendees. The improvements include two van-accessible parking spaces and 132 linear feet of an accessible walking path leading to seating and restrooms. These upgrades are scheduled for completion next week in preparation for the 47th Colorado River Round-Up on April 4-5, 2025. Celebrated as the oldest local rodeo, this event is endorsed by the Grand Canyon Professional Rodeo Association, ensuring a showcase of skill, courage, and cowboy tradition. Last year, the event drew 4,000 attendees over two nights, reinforcing its significance as a significant community gathering. The city would like to thank Western Construction Specialists, Inc. for their efforts in mobilizing quickly to complete the project on time. Refer to the attached photos for a project status update and the flyer for more information on the event.
- 8. City staff is making steady progress on the Off-Highway Motor Vehicle (OHMV) Route Map, a key component of the OHMV Pilot Program aimed at designating city streets for off-highway vehicles to enhance recreation and tourism. In December 2024, staff submitted proposed route maps to the BLM Needles Field Office, developed in partnership with stakeholders and the city's traffic engineer to ensure safe and efficient connections. This week, BLM informed staff that, due to **new administrative priorities**, they have been aligning their work with updated directives, and their review of the maps is expected to conclude soon. Once finalized, the map will move forward for review by the BLM Lake Havasu Field Office, followed by engagement with the OHMV Subcommittee, Sheriff's Department, Planning Commission, and City Council for public hearings and community input for adoption of an Ordinance. These efforts mark an **essential step toward establishing a** well-connected OHMV network, reinforcing Needles as a destination for outdoor recreation. Staff will continue working closely with **BLM and regional** partners and provide updates as the process advances.
- 9. Last week, City staff was aware that four burros had been roaming between Jack Smith Park and the Needles Golf Course. In response, staff has communicated with the Bureau of Land Management (BLM), responsible for managing and protecting wild burro populations. A Burro Extraction Team will arrive early next week to relocate them safely. It is believed that the burros may have traveled from the Chemehuevi Herd Area or the Dead Mountain Herd

Area, both located near Needles. A team from Ridgecrest will conduct the relocation process to return them to their herd. BLM is actively addressing the situation and working quickly to ensure a safe and humane resolution per federal protections for wild burros. In the meantime, drivers in the area are advised to use caution. Staff will continue to monitor the situation and provide updates as needed. Refer to the attached images for a glimpse of the burros.

- 10. Last weekend, the BHHS Legacy Foundation and Legacy Connection hosted their annual event recognizing inspiring educators from the Tri-State area. This year, over 100 nominations were submitted, with 39 educators selected as winners. Among those honored, Needles was proudly represented by Needles High School's Matt Fromelt and Vista Colorado Elementary's Nicolle Wilson. Both educators received a \$500 prize to support their respective classrooms, recognizing their dedication to student success. Their achievement highlights the outstanding efforts of educators in the Needles Unified School District, and we extend our gratitude to all teachers who continue to make a difference in our community. We thank the BHHS Legacy Foundation and Legacy Connection for recognizing our Needles Unified School District educators and for all the work they do to support teachers and students across the region.
- 11. City staff has developed a **detailed events calendar** to keep residents informed about upcoming activities in **Needles**. This calendar aligns with the **City Council's goals** of **enhancing community engagement**, **fostering economic growth**, **and promoting recreational opportunities**. Below are some key upcoming events:
 - February 20, 2025 Needles Chamber "Good Morning Needles" Hosted by TriState WiFi, this networking event will take place at 7:30 a.m. at 950 Front St., Needles. It provides an opportunity for local businesses and community members to connect and discuss ongoing initiatives. RSVP by calling 760-326-2020.
 - March 1, 2025 Household Hazardous Waste Collection Event The event will take place at the Needles City Public Works Yard (112 Robuffa Street) from 7:00 a.m. to 11:00 a.m. Residents are encouraged to properly dispose of used motor oil, batteries, paint products, and household cleaners. For inquiries, contact the Household Hazardous Waste Program at 909-382-5401 or 1-800-OILY-CAT.
 - March 19, 2025 3rd Annual Job and Resource Fair
 Hosted by San Bernardino County Supervisor Dawn Rowe, this event
 at the El Garces Historic Train Depot (950 Front Street, Needles, CA)
 from 10:00 a.m. to 2:00 p.m. will provide networking opportunities for
 residents, city staff, and public officials to connect with agencies and
 organizations offering job placement and essential services.
 - April 10-12, 2025 Art in the Park
 Save the date! The second annual Art in the Park will showcase art pieces from across the Tri-State region in partnership with the River

Valley Artist Guild. This event celebrates local creativity and community engagement. **More information to come.**

- April 19, 2025 Needles' 1st Annual World-Famous Chili Cookoff Hosted by The River Community Coalition & Firehouse Ministries, this exciting new event will take place at 10:00 a.m. (Location TBD). Attendees can expect delicious chili, friendly competition, and a celebration of community spirit. Stay tuned for more details on participation and judging.
- April 21-27, 2025 Route 66 Bike Week This weeklong event celebrates the historic Route 66 with a scenic ride from Needles to Seligman, highlighting the spirit of the open road and motorcycle culture.
- April 24, 2025 Needles Animal Shelter Spay/Neuter Clinic
 The Needles Animal Shelter will host a spay/neuter clinic to promote
 responsible pet ownership. Space is limited, and residents must RSVP
 by completing an application and providing proof of residency. A portion
 of the cost is subsidized to make the service more accessible. For more
 details or to schedule an appointment, call (760) 326-4952.
- May 14, 2025 Run for the Wall (RFTW)
 This annual tribute honoring Vietnam Veterans will welcome over 300 motorcyclists passing through Needles. The riders will arrive at the historic El Garces at noon, offering a meaningful opportunity to honor their service.

Local organizations are encouraged to **collaborate with the City Clerk's Office** to add or update events, ensuring the calendar remains **current and valuable** for the community. To submit an event or make changes, **contact Candace Clark at cclark@cityofneedles.com**. **Refer to the attached 2025 Community Events Calendar** for more details.

NEEDLES CITY MANAGER LETTER

It is with great pride and deep gratitude that I continue to serve as City Manager for the remarkable community of Needles. Over the past six years, I've had the honor of witnessing our city's extraordinary growth, fueled by the resilience and potential of its people.

Often referred to as the "East Coast" of California, Needles is on an upward trajectory, driven by economic expansion and infrastructure development. Our commitment to fostering a pro-business environment has attracted \$100 million in new investments across various sectors, including hospitality, retail, and industrial development. Key examples

of this progress include the nearly one million square feet of cannabis production facilities, which have generated over 605 jobs and contribute 36% of our city's annual budget.

Our dedication to economic growth is also reflected in the opening of the Hampton Inn & Suites, our first interior-entrance hotel. Tourism continues to play a pivotal role in Needles' prosperity, with increased hotel revenues and a growing visitor base at key attractions like the Jack Smith Boat Launch, which welcomed over 500,000 visitors last year.

In addition to economic growth, we are investing heavily in infrastructure improvements. Over the past two years, we have allocated millions of dollars to upgrade streets, water systems, and public spaces. A prime example is the \$20 million commitment to vital projects such as water treatment, electricity, and park enhancements. Notable projects include the modernization of our water system, with key initiatives like the Well 11 Treatment Plant nearing completion.

One of our proudest achievements is the recognition of Needles as the first rural city to receive the California Department of Housing and Community Development Prohousing Designation, positioning us as a leader in housing development. This honor, along with substantial grants, will allow us to continue building a sustainable and resilient future for all.

Beyond economic opportunities, the natural beauty of Needles is one of our greatest assets. With its expansive off-highway vehicle trails and easy access to the Colorado River, Needles offers countless recreational opportunities for residents and visitors alike. These outdoor attractions, combined with ongoing efforts to enhance our parks and public spaces, make Needles a vibrant and attractive place to live.

As we continue to reinvest in our city's future, I remain committed to building on the foundation of progress we've achieved. Together, we will unlock the full potential of Needles and ensure a brighter, more prosperous future for everyone.

CITY OF NEEDLES COMMITS TO ENHANCING INFRASTRUCTURE AND PUBLIC SPACES

Needles, CA - The City of Needles has set an ambitious goal to improve its infrastructure and public spaces, enhancing the quality of life for both residents and visitors. As part of the City Council's 2024-2025 goals, a range of initiatives focused on sustainable development, clean-up efforts, and the revitalization of key community spaces, including parks and the Rodeo Grounds, are already underway.

The Needles City Council emphasized the critical importance of these projects in their recent public statements. "We are committed to creating a sustainable, attractive, and functional environment," the council noted. "Our goal is to make Needles a welcoming gateway to California, where families, businesses, and tourists can thrive."

KEY ASPECTS OF THE PLAN INCLUDE:

Infrastructure Development: The City has allocated millions of dollars for road and water infrastructure improvements, with a significant portion already invested through the 15year Pavement Management Plan. This plan has completed 39% of the city's road network, with \$8.5 million spent since 2020. These investments aim to improve transportation and access throughout Needles.

Beautification and Clean-up Initiatives: In line with the council's vision, Needles is working hard to maintain the city's charm by launching clean-up initiatives that focus on both public and private spaces. These efforts include collaborations with state programs, such as Governor Gavin Newsom's Clean California initiative, which recognizes Needles as the first city to earn the Clean California Community Designation. This milestone highlights the city's commitment to creating a safer and more vibrant community.

Maximizing Community Spaces: Community engagement is at the heart of Needles' growth strategy. Public spaces, such as the Rodeo Grounds, parks, and local swimming pools, are being revitalized to better serve the public. A prime example is the Marilyn Hohstadt Mathews Walking Trail, a 1,600-foot path in Jack Smith Park that now features seven fitness stations. This addition not only improves health and wellness but also honors a beloved local educator. In addition, Duke Watkins Park is receiving a \$3.96 million upgrade that includes a Route 66-themed splash pad and a bicycle pump track, which will offer exciting new recreational activities for residents and visitors alike.

Public works have also focused on maintaining parks and

city infrastructure, ensuring facilities are in excellent condition. These projects contribute to the long-term sustainability of Needles, driving economic growth by attracting more visitors and new residents to the area.

As part of the city's broader goals, community spaces like the Rodeo Grounds will be better utilized for events, such as the popular annual rodeo, which continues to grow in attendance and community spirit.

With these enhancements in place, the City of Needles is taking concrete steps toward becoming a more attractive, family-friendly destination along the Colorado River. As the Needles City Council expressed, "Together, we are building a vibrant future, one project at a time."

For more updates on the city's ongoing infrastructure improvements and events, visit the official City of Needles website or follow the city on its "Needles Connect" mobile app.

MUSIC ACADEMY AIMS TO REINVIGORATE INTEREST IN ARTS

By Fred Mayson, Mohave Valley Daily News

Bullhead City, AZ - Junior high school students have the opportunity to explore musical education at the high school level through a new program offered by the Colorado River Union High School District.

Dubbed the Music Academy, Fox Creek Junior High School and Mohave Valley Junior High School seventh and eighth graders are able to participate in music electives connected to either Mohave High School or River Valley High School respectively.

In Bullhead City, students are able to attend classes at MHS in either a choir or band track, with the possibility of earning high school credits. The classes are held in addition to existing musical offerings at FCJHS.

"We're very excited to work with Fox Creek administration and music teacher Jodi Crowley to build music in our community and make music seen, hopefully, as more important and one of the essential course studies for the students," band director Michelle Ribelin said.

Transportation and "everything the students require" is provided by the high school district, Ribelin said.

MHS music director Cameron Pruitt said the Music Academy aimed to generate interest in the fine arts, which has been lagging locally since the COVID-19 pandemic hit.

"We've seen a little bit of a decline in the kids' ability and in the overall fine arts. We wanted, as a professional learning community between the high school and the junior high, find a way to enrich them so that when they get to the high school, they're ready for the level that is expected of them," Pruitt said.

MHS currently has a marching band and multiple choir programs, many of which participate in competitions throughout the year.

"Ultimately, the goal is to have a sixyear 'program,' where the first two years are at the Music Academy in seventh and eighth grade. Once they get to the high school, they're ready to go and can compete in regional competitions and maybe even at state," Pruitt said.

For students at MVJHS, the Music Academy is coming to them - which may be their first exposure to music in an educational setting, as the school has been without a musical program for many years.

Mohave Valley Elementary School District Superintendent Cole Young said he was excited to bring back music to his students.

"Band is a huge component when it comes to kids and the left brain thinkers that are out there. We want to be able to offer that piece," Young said. "By working with (CRUHSD superintendent) Dr. Richard, we were able to come up with an idea where he had some sections that were available at River Valley with his music teacher. They cooperatively came (to) talk to me in relation to how could we do some sharing when it comes to some of the talents that we have within the area. "

THE CONTRACT

Music teacher Jackie Woodson came to MVJHS to teach two music sections at the junior high school, Ribelin said. "Jackie is really excited about it, because she can build what she needs for the high school at the junior high level," Ribelin said.

"At one time long ago, before me, there was a band program. We're going and digging out instruments that we do have available ... Working with (CRUHSD) will give us an idea of what the baseline is and then we'll kind of build from there," Young said.

Regardless of whether it's at RVHS or MHS, musical programs are beneficial for students in many ways, Pruitt and Ribelin agreed.

Even if a student doesn't want to pursue a career in music, those involved in the fine arts are statistically more likely to succeed academically both in high school and college.

"High schools with really good music programs can boast 95% graduation rates," Pruitt said. "People who participate in middle school and high school music are 30% more likely to get into college ... It does so much for school culture, it does a lot for students and I think to get our area on track academically and culturally, we need to have a stronger music program."

The Tri-State Community Healthcare Center was founded in 2012 by two entrepreneurs who were concerned for rural and underserved communities that lacked access to healthcare facilities. They obviously got great help and support from community members, healthcare professionals, and business associates.

Their goal was to remove the financial barriers that prevented low-income families from accessing essential health care and other support services.

Today, Tri-State Community Healthcare Center is a Federally Qualified Health Center (FQHC) offering primary and specialty care at ten locations throughout California, Nevada, and Arizona. We are dedicated to bringing quality, compassionate care to uninsured, underinsured, and underserved individuals and families.

NEEDLES CITY COUNCIL PRIORITIZES COMMUNITY ENGAGEMENT AND FAMILY SUPPORT

Needles, CA - The Needles City Council is taking bold steps to enhance the quality of life for residents by prioritizing community engagement and family support. As part of its 2024-2025 goals, the council aims to foster stronger community connections, promote family-friendly amenities, and position Needles as a vibrant and welcoming destination for both residents and visitors.

Community Engagement: Strengthening Local Identity and Connections

The City of Needles is committed to fostering a connected and vibrant community by organizing a diverse array of cultural events, public celebrations, and activities that strengthen local identity. The council has worked tirelessly to create opportunities for residents to come together and engage with one another, helping to cultivate a strong sense of belonging and pride in Needles' unique heritage.

Notable events such as Farmer's Markets, food truck gatherings, and scavenger hunts are just a few examples of how the council is making local activities more accessible and enjoyable for the community. The city's signature event, the Needles Rodeo, recently set a new attendance record with over 3,000 attendees, celebrating the rich history and spirit of the Tri-State region. Other notable events like the Run for the Wall, which honors Vietnam veterans, continue to highlight the city's dedication to community engagement and cultural heritage.

These initiatives are designed to strengthen Needles' identity as a close-knit, active community. By bringing people together, the council aims to promote trust in local government and build lasting connections among residents.

Family Support: Enhancing Amenities and Promoting Recreation

A major focus of the Needles City Council is to create a family-friendly environment that attracts and retains families by enhancing local amenities and promoting sports and recreational activities. Through investments in public spaces like Duke Watkins Park, the council is ensuring that Needles offers high-quality recreational opportunities for families.

Recent upgrades to the park include a Route 66-themed splash pad, a bicycle pump track, and modernized play-

ground equipment with shaded picnic areas. These improvements create a safe and welcoming space where families can enjoy outdoor activities, further enhancing the city's appeal to both residents and visitors.

To support youth development, the city has implemented recreation programs for children as young as three years old. Programs such as summer basketball camps, fall flag football, and after-school activities provide children with opportunities to grow and succeed, fostering both athletic and community involvement. These efforts contribute to the council's broader strategy of promoting athletic tourism, which has the potential to draw more visitors to the area while supporting local economic growth.

Removing Barriers to Engagement and Supporting Inclusivity

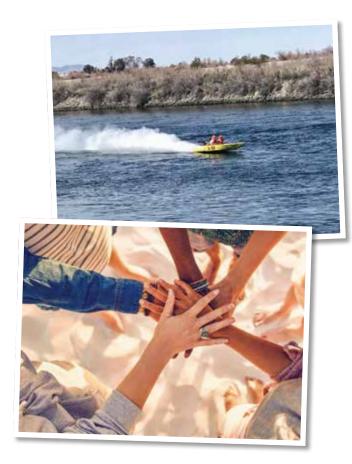

In addition to promoting sports and recreation, the council has made it a priority to remove barriers to engagement by identifying obstacles that may prevent residents from participating in local events and activities. By addressing these challenges, Needles is becoming a more inclusive and welcoming city for all.

The council has also strengthened its partnership with the Needles Unified School District, a key player in enhancing family life in the community. The school district's excellent academic and athletic programs, including a 100% graduation rate, have made it an attractive option for families considering moving to the area.

Creating a Thriving, Connected Community

By focusing on community engagement and family support, the Needles City Council is building a brighter future for its residents. Through the promotion of cultural and recreational activities, the enhancement of public spaces, and the removal of engagement barriers, Needles is becoming an ideal place to live, work, visit, and raise a family. These initiatives not only strengthen the local identity but also contribute to the city's broader goals of fostering economic growth and enhancing the overall quality of life for its residents.

For more information on the city's upcoming events and programs, visit the official City of Needles website or stay connected via the "Needles Connect" mobile app.

VALLEY VIEW MEDICAL CENTER AND FORT MOJAVE MESA FIRE

HOST FLAG CEREMONY FOR NOAH WELCH

Fort Mohave, AZ - Firefighters and medical staff gathered to honor Noah Scott Jentri Welch with a flag ceremony at Valley View Medical Center.

"He will be greatly missed," said Fort Mojave Mesa Fire Chief Chris Pardi.

The 23-year-old man, known for his broad smile and passion for teaching others lifesaving skills, died Sept. 1, after a lifetime of health challenges.

"He had a very positive attitude and the fighting spirit of a warrior," said his mother, Maureen Welch. "When he was born, they said he would never survive, let alone grow â€" he became an amazing young man, everyone loved him."

Noah was born on Nov. 13, 2000, with many health conditions that required lifelong intervention from healthcare providers.

"He came into our care as a foster child and was our adopted son for 23 years," Maureen Welch said. "He experienced surgeries of his brain, his abdomen, his spinal cord and more."

When it became obvious Noah wasn't coming home this time, Fort Mojave Mesa Fire Department dispatched an honor crew to stand watch in his room at Saint Rose Dominican Hospital in Las Vegas.

"Noah and his mother are part of our firefighting family, they've been an integral part of our annual CPR and Basic Life Support/Advanced Life Support annual certification and other specialized training," said John Clark, FMMFD Fire Marshal. "He'll be missed; our folks enjoyed his being a part of our training and having him present." The Welch family worked together in their own company, Specialty Life Support, an American heart training center.

Noah became an instructor and also graduated from an emergency medical technician program. A student at Mohave Community College, Welch carried a 4.0 GPA and was three classes away from earning his associates degree in IT technology.

"Noah had to work harder to get satisfactory grades and he was never satisfied with a grade that was just okay," Maureen Welch said. "We planned on traveling the country and teaching people CPR in the under-served communities of Arizona."

Noah's spirit lives on through his decision to be an organ donor, his mother said. The family was informed nearly immediately that his decision had already given the gifts of a lung, two kidneys and a liver.

"At Saint Rose, organ donors are announced hospital-wide before disconnecting life support," Clark said. "FMMFD, hospital staff and volunteers, Air Methods crews and others lined the hallways to pay their respects as Noah was taken on an honor walk through the hospital. It was very solemn, but very neat that they did that."

Afterward, Noah and his family were escorted home to Valley View Medical Center, where Maureen Welch has worked for many years. They were greeted by Welch's Valley View family and their firefighting family.

"He was the loveliest thing I had in my life," Maureen Welch said after the ceremony. "My heart is so full; we appreciate that our lives were touched by him and now without him here, we'll try to figure out how to go on."

NEEDLES CITY COUNCIL ACCELERATES ECONOMIC GROWTH AND BUSINESS DEVELOPMENT

Needles, CA - The Needles City Council continues to lead a dynamic effort to foster economic growth and create a business-friendly environment that attracts a wide range of industries. In the past five years, the city has experienced an economic renaissance, with over \$100 million in new investments across sectors such as retail, hotels, industrial, and housing.

This transformation has been driven by the City Council's focus on streamlining permitting processes and forming key partnerships with regional, state, and federal government entities. These efforts have resulted in the construction of over 20 new industrial buildings, primarily focused on the production and purification of CBD and cannabis-related products. This surge in industrial development has led to the creation of more than 600 permanent jobs, significantly boosting local employment.

In addition to industrial growth, Needles has witnessed an

increase in hospitality and tourism, highlighted by the opening of the Hampton Inn & Suites. This new 80-room hotel, part of the Hilton Hotels family, is the first interior-entrance hotel in the city's history and contributes to the ongoing influx of visitors. As tourism plays an increasingly important role in Needles' economy, the city has seen record numbers of visitors, driving economic activity across local businesses.

One of the key pillars of Needles' economic growth is the cannabis industry, which has generated over \$4 million in tax revenue for the city each year for the last four years. These revenues have been reinvested in critical infrastructure projects, helping to modernize roads, water, and wastewater systems.

The City Council is also keen on addressing the growing demand for housing. Significant investments are being made in both remodeling existing homes and constructing new properties, including custom homes along the Colorado River. With available land for development, the city is well-positioned to accommodate new residents while attracting further investment in housing.

To support sustainable growth, the Needles City Council has allocated funds for infrastructure improvements, including the enhancement of public spaces like Bob Belt Park and the ongoing repaving of roads. The city has also committed to upgrading water and wastewater infrastructure, ensuring that the foundation for future growth is both modern and resilient.

In recognition of its efforts, Needles was recently awarded the California Department of Housing and Community Development Prohousing Designation, making it the first rural city in San Bernardino County to receive this honor. The city continues to encourage new development, with streamlined permitting processes that simplify business operations.

As Needles continues its upward trajectory, the City Council remains dedicated to fostering a diverse economy, supporting small businesses, and improving the quality of life for all residents. With a bright future ahead, Needles is fast becoming a vibrant hub of economic activity and a prime destination for businesses, families, and tourists alike.

For more information on economic opportunities in Needles, visit the city's official website or download the "Needles Connect" mobile app.

DEVILS YOUTH PROGRAM MAKES 2024 HOME DEBUT AGAINST WICKENBURG By Bill McMillen, Mohave Valley Daily News

Mohave Valley, AZ - The River Valley Devils made the first of four home appearances in September, hosting the Wickenburg Wranglers in a youth football tripleheader at River Valley High School's stadium.

Playing for the third time of the new season, the Mighty Mites, Minors and Majors all saw the home field for the first time on what turned into a long, hot day of football.

"We have 125 kids this year," said River Valley Devils board vice president Heather D'Amico. "We have 45 in cheerleading and the rest (80) in football."

The program is for grades K-8, essentially ages 5 to 14, with the program split into three age groups. The Mighty Mites is for grades K-2, the Minors for grades 3-5 and the Majors for grades 6-8. Participation in the Devils program is open to grade school and middle school/junior high students in Mohave County.

"There's no residency requirement; they can live anywhere in Mohave County," she said.

The Devils program was launched in 2017. Prior to that, D'Amico said, the Vipers program existed for "15 or more years" in Mohave Valley.

The program competes in the Northern Arizona Youth Foot-

ball League, part of the nationwide USA Football program. The Devils are the lone Mohave County member of the league.

D'Amico said the program fills several needs for the community. First, it is an organized, competitive program. "It teaches kids discipline, honesty, accountability, teamwork, trust in each other," she said.

And it provides a supervised activity 10 months of the year.

"It gives them something to do," she said. "It teaches them skills they can use in other things as they get older."

The Devils program offers flag football and tackle football for boys and cheerleading for girls. The flag football season runs from late winter to spring, then the tackle football season occupies late summer through fall.

D'Amico said signups for the 2025 Devils program will begin in January.

Another component of the program is "20 to 25" volunteers, D'Amico said, serving in capacities as board members, coaches for football and cheerleading and "team moms" who play a key role at each level giving the coaches and players additional support.

TOROS, WARRIORS USHER IN NEW ERA OF YOUTH FOOTBALL

By Bill McMillen, Mohave Valley Daily News

Mohave Valley, AZ - The Tri-State Toros and Tri-State Warriors ushered in a new era of youth football in the area in August during a quadruple-header at River Valley High School.

The Bullhead City-based Toros and the Fort Mohave/Mohave Valley-based Warriors battled in games for 9-and-under, 11-and-under and 13-and-under before the Toros took on the Phoenix Wildcats in a 7-and-under game. The Warriors aren't fielding a 7-and-under team.

It was the inaugural tackle football action for both the Toros and Warriors, members of a newly formed six-team River Cities Conference. They are joined by programs from Yuma, Parker, Lake Havasu City and Kingman.

"I thought it was pretty successful," said Corey Fawcett of the Warriors. "It was a learning experience, especially for our younger players who hadn't played a real game before. But I think it went well. We brought all the (Warriors) teams together and the kids got to see what it's like to play football. Now, it's back to work on Tuesday."

Fawcett said the team - and league - formed because of the many changes going on in the community.

"It's going better than we thought it would," said Natalie Tynda, president of the Tri-State Toros board. "We thought there would be more hiccups. There have been a few, but for the most part it's gone pretty smoothly."

The Toros have 92 players on four

Tri-state toros: JuJu Vasquez, of the Tri-State Toros, breaks past two Phoenix Wildcats defenders on the way to a 40-yard return of the opening kickoff in Saturday's 7-and-under football game at River Valley High School.

age-defined teams and there are 49 cheerleaders involved in three squads. The Warriors had 63 players and 21 cheerleaders for its three age-specific teams.

Tynda said the organizers of the Toros are trying to make sure that they are running the program to not only promote football and cheerleading but also to advance and advocate academic success.

"We're serious about it," Tynda said. "If you don't make the grades, you don't play. It's that simple."

And for participants struggling academically, tutoring help is available at every practice. She said several area high school students are tutoring the youngsters. "It's a win-win," she said of the arrangement that helps the young students while giving the high school mentors an opportunity to earn credits for performing community service.

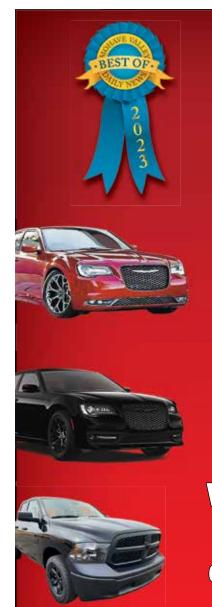

"The parents want it to be about the kids," Tynda said. "Not the adults; the kids. Everything we try to do is kids first."

Safety is also paramount. Teams have full equipment and, Tynda said, "they don't practice if they don't have all their equipment."

There also are certified medics, many with professional experience.

"We want it to be safe for our kids," said Tynda, who has a son on the 7U team.

MEMORANDUM

- TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL
- FROM: PATRICK J. MARTINEZ, CITY MANAGER
- SUBJECT: WEEKLY MEMORANDUM
- DATE: January 31, 2025
 - 1. The Spring Cleaning Community Cleanup Event was a huge success, with residents disposing of trash and bulky items at four designated locations throughout the city. This initiative led to the collection of 14 tons (28,000 lbs.) of material, highlighting our community's commitment to keeping Needles clean and welcoming. With support from Public Works and Code Enforcement, the event fostered a sense of pride and collaboration, bringing the community together to maintain safe and attractive neighborhoods. The Needles Pride Program continues this mission by promoting property upkeep, code compliance, and organized cleanups. Our city's beautification efforts extend beyond residential cleanups. A special thank you to our city crews for their hard work in preparing Jack Smith Park for spring. Crews cut weeds and grass, cleaned the playground area, dragged the beaches, painted the canopies, and began improvements on the parking lot. These enhancements ensure that our public spaces remain inviting, safe, and enjoyable for residents and visitors alike. If you missed the cleanup event, you can still participate by scheduling three free bulky item pick-ups annually. Simply call **1-800-364-3754** to arrange a pick-up. Let's **build on this success** and continue making Needles a cleaner, more beautiful place! Stay informed about upcoming events by downloading the **Needles Connect app** from the Google Play Store (for Android) or the Apple Store (for iOS devices). Thank you to everyone who participated and to our city crews for their dedication! Check out the attached images to see these improvements in action.
 - 2. City officials and staff attended the League of California Cities Mayor and Council Members Academy from January 29-31, 2025. This organization plays a vital role in supporting local control and advancing our legislative priorities, serving as a key resource for advocacy efforts in Sacramento. Through the League, we receive legislative advocacy support, assistance with grant applications, letters of support, and proactive engagement on state-level issues impacting Needles. As part of the League's Desert Mountain Region, Needles benefits from this strong network, a key point of

contact for our advocacy efforts. Attending this academy is essential for building relationships, exchanging policy ideas, and ensuring our city remains engaged in critical discussions affecting local governance. Refer to the attached photo of our City Council officials with League of Cities President Lin Kennedy and various council members from across California.

- The City Council is taking decisive action to meet our community's housing **needs** by adopting a comprehensive **housing demand study**. This pivotal initiative underscores our commitment to economic growth and community development. The study projects a demand for 55 new housing units annually over the next decade, spanning both for-sale and rental options across multiple income levels. This forward-thinking strategy is in lockstep with our broader goals: enhancing infrastructure, stimulating business development, and fostering a **family-friendly environment**. With an **expanding workforce**, aging housing stock, and Needles' strategic position in the tri-state River Region, our city is exceptionally well-positioned for residential investment. In addition, as a **Prohousing-designated** city within an **Opportunity Zone**, Needles offers attractive incentives such as state funding access, expedited permitting, and potential tax benefits to support development. We are dedicated to partnering with **developers**, investors, and builders, and we are streamlining the permitting process while maintaining proactive engagement with project applicants to ensure Needles remains a **business-friendly** destination for housing development. Now is the ideal time to invest in Needles. With rising housing demand and robust city-backed incentives, we invite developers to explore the numerous opportunities available. Please contact the City of Needles for more information on our housing initiatives and investment potential. Together, we can shape a thriving future for our community. Refer to the attached housing study for additional insights.
- 4. The Needles Animal Shelter is pleased to announce its upcoming Spay/Neuter Clinics on April 24, 2025, continuing our efforts to promote animal welfare and responsible pet ownership in the community. These biannual clinics, led by Dr. Angelina Beeks of Angel's Touch Mobile Veterinary Clinic, have been a vital resource since our partnership began in April 2022. With limited availability, residents are encouraged to RSVP as soon as possible to secure an appointment before both clinics reach full capacity. The program requires pet owners to complete an application and provide proof of residency, while dogs must have valid rabies vaccinations and a city license. To make this service more accessible, the Needles Animal Shelter covers a portion of the cost, reducing the financial burden on pet owners. Residents seeking more information or wishing to schedule an appointment can call the shelter at (760) 326-4952. Refer to the attached flyer for more details.
- 5. The City of Needles offers a variety of rental opportunities for residents and visitors, including El Garces, the Recreation Center, city parks, and sports fields. These well-maintained facilities support public and private events, ensuring

better utilization of community assets while generating revenue for ongoing improvements. To rent a facility, residents can contact Jennifer Valenzuela directly at (760) 326-2814 or by email at jvalenzuela@cityofneedles.com. Additionally, the Jack Smith Park Boat Launch facility will reopen in March for weekend use only, further expanding recreational opportunities for residents and visitors. Beyond facility rentals, the City offers a range of seasonal recreational programs, including youth sports leagues, as well as Dance Trax 51, which provides a variety of dance activities. Signature events such as the Fall Festival and the upcoming 18th Annual Spring Classic continue to promote sports tourism and community engagement. These activities attract visitors, support local businesses, and offer residents diverse recreational experiences. The City's commitment to enhancing parks and recreation strengthens Needles' identity as a family-friendly destination, improving the quality of life while fostering a more connected and active community. 5

- 6. City staff is excited to share that the Well No. 11 Treatment Plant Project, which broke ground on May 31, 2023, is now in its final stages of system calibration for startup. This \$8.9 million project represents a significant milestone in enhancing Needles' water infrastructure, ensuring a reliable supply of high-quality drinking water for generations. A ribbon-cutting ceremony is tentatively scheduled for March, with representatives from key agencies expected to attend. We sincerely thank the State Water Resources Control Board, the U.S. Environmental Protection Agency (EPA), and California Climate Investments for their crucial grant funding, which made these essential improvements possible. Additionally, this plant will treat Well No. 11 and support Wells No. 12 and No. 15, significantly improving water quality by addressing natural iron and manganese contamination that has affected our groundwater for decades. This project is one of many, as Needles will see over \$16 million in water infrastructure improvements in the coming years, all designed to benefit our community well into the future. We look forward to celebrating this achievement with the community and stakeholders at the upcoming ribbon-cutting event.
- 7. This week, Caltrans continued their fire prevention and beautification efforts along Interstate 40, including tree removal, shrub trimming, and landscaping enhancements. The Caltrans Tree Crew, specialists in cutting trees along interstate highways, completed multiple tasks at J Street, the pedestrian undercrossing on California, and behind River City Pizza. We appreciate their ongoing commitment to maintaining the entire I-40 corridor, including off-ramps within the city, ensuring safety and a welcoming environment for residents and visitors. Residents can report concerns or maintenance needs for the California State Highway System directly to Caltrans at https://csr.dot.ca.gov/. For issues within the city, please contact (760) 326-2115 or use the Needles Connect app which can be downloaded from the Google Play Store (for Android) or the Apple Store (for iOS devices). Thank you to Caltrans for their continued support in keeping

our community clean and safe! —*Check out the attached images for a glimpse of their hard work.*

- 8. City staff is pleased to congratulate the owners of Jolted Coffee Arcade on their new addition to the family! We're also excited to share that Jolted Coffee Arcade is back in action, now open Monday through Friday from 5 AM to 10 AM at 109 F Street. Offering a whole coffee shop experience—from rich espressos and refreshing Frappuccino's to iced coffees and customized energy drinks—this beloved local spot is back and better than ever! Visit their website for more details, and check out the attached image for a glimpse. Let's continue to **support local businesses** and enjoy some fantastic beverages at Jolted Coffee Arcade! Additionally, the intersection of J Street and Third Street will soon be revitalized by reopening two businesses—the gas station at 301 J Street and a cannabis retail store at 300 J Street. These reopening's will bring renewed activity to the area, helping to generate additional sales tax revenue for our community. The City Council remains committed to fostering economic growth and supporting business development by enhancing public relations and positioning Needles as a business-friendly community. This includes streamlining the permitting process to encourage investment and maintaining proactive communication with current applicants to ensure their projects move forward efficiently at the City and County levels. These business developments reflect the City's dedication to supporting local entrepreneurs and cultivating a thriving business environment in Needles. We look forward to continuing our collaboration with business owners to make Needles a welcoming and prosperous hub for growth and opportunity.
- 9. Council Member Tona Belt extends our gratitude on behalf of Western Arizona Regional Medical Center (WARMC) to the San Bernardino County Sheriff's Department Colorado River Station and the California Highway Patrol Needles Station for their outstanding contributions to the City of Needles community. This past December, at Vista Colorado Elementary, these organizations assisted Santa in making a grand entrance via CareFlight helicopter for the third annual event. Their participation created a magical experience for students, bringing joy and excitement while reinforcing the importance of community partnerships. This initiative directly supports the **City** Council's goal to develop and improve a family-friendly environment by fostering community engagement, promoting safety and health, and strengthening partnerships with **local organizations and first responders**. By working together, we continue to create **safe**, welcoming spaces that enhance the quality of life for residents. These efforts underscore our commitment to building a thriving, connected, and community-supported Needles, where public safety, family-oriented programs, and strong partnerships remain at the heart of our city's progress. Refer to the attached image from the award recognition event celebrating this impactful community partnership.

10. IMPORTANT UPCOMING DATES:

- February 8, 2025 The Women's Club Golf Tournament The tournament is being held on February 8. <u>Registration is open. Sign up</u> <u>today!</u>
- March 1, 2025 Household Hazardous Waste Collection Event
 The event will occur at the Needles City Public Works Yard (112 Robuffa Street, Needles, CA 92363) from 7:00 a.m. to 11:00 a.m. Residents are
 encouraged to responsibly dispose of used motor oil, batteries, paint
 products, and household cleaners. If you have any questions, contact the
 Household Hazardous Waste Program at 909-382-5401 or 1-800-OILY CAT if you have any questions.
- March 15, 2025 Lucky Greens Annual Golf Tournament
 Mark your calendars for this much-anticipated event at River Edge! Gather
 your friends, colleagues, or fellow Chamber members to form a team of four
 and enjoy a day of friendly competition, networking, and fun on the
 course—all while supporting the local community. Whether you're a
 seasoned golfer or just out for a good time, everyone is welcome to join in!
- March 19, 2025 3rd Annual Job and Resource Fair San Bernardino County Supervisor Dawn Rowe will host this event at the El Garces Historic Train Depot (950 Front Street, Needles, CA) from 10:00 a.m. to 2:00 p.m. It's a valuable opportunity for residents, city staff, and public officials to connect with agencies and organizations offering essential services.
- April 21-27, 2025 Route 66 Bike Week
 Experience the adventure of a lifetime by riding the historic stretch of Route 66 from Needles to Seligman. This weeklong event celebrates the freedom of the open road and the vibrant culture of Route 66.
- May 14, 2025 Run for the Wall (RFTW)
 This annual event honoring Vietnam Veterans will welcome over 300
 motorcyclists as they journey across the country. This meaningful tribute
 will take place at the historic El Garces, with the riders expected to arrive at
 noon.

2. MAYOR AND CITY COUNCIL CONFERENCE

3. HOUSING DEMAND STUDY

Summary of Housing Market Demand Assessment for Needles, California

Needles City Council Meeting January 28, 2025

Background and Objectives

- Responding to a Request for Proposals from the City of Needles, The Concord Group ("TCG") completed a housing market demand assessment for the City in November 2024
- TCG's scope of work included an assessment of key housing trends and demand drivers (including employment and demographic trends) for the City as well as for the broader River District region
- Based on the findings of our analyses, we provided an assessment of the current housing market, projected demand for rental and for-sale housing in the City over the next 10 years, and provided a menu of potential product types that would meet the forecasted demand across a range of income levels and housing preferences
- This presentation summarizes our key findings.

The Concord Group

- Real estate advisory firm founded in 1995 focusing on market, financial and valuation analyses across residential and commercial sectors.
 - Offices in Newport Beach, San Francisco, Portland, Atlanta, Austin, New York
 - Deep experience across U.S. Metro Markets
 - 800+ projects per year
 - Senior team comprised of recognized industry thought leaders
 - 40+ full time staff (Professional + Operations) and access to contract teams nationwide
- Diverse client/relationship base across real estate sectors
 - Developers (Multi-family REITs/Land)
 - Homebuilders (Public/Private)
 - Public Sector
 - Private Equity
 - Financial Institutions

Accepted by the Council on 1/28/2025

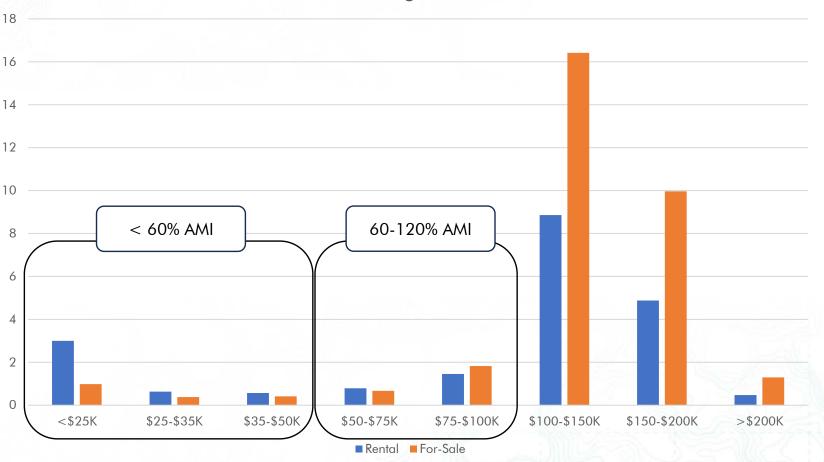

Key Findings

Demand

- The Concord Group projects demand for +/ 55 new housing units per year in Needles over the next 10 years
 - Based on expected renter/owner splits, this comes out to demand for approximately 15-20 new rental units and 35-40 new for-sale/ownership units per year
- Demand projected across various household income and AMI ranges as seen in graph to the right

Demand Drivers

- Demand for new housing driven primarily by the following factors:
 - New households. Mix of new in-migrants to the region as well as new household formation (i.e. kids leaving home). Households new to the market are being driven by a combination of job growth, cost of living/quality of life considerations, and work-from-anywhere trends. Includes those seeking vacation/second homes.
 - Demand for newer housing product from current households. Nearly 60% of the City's housing stock was built before 1980, offering few modern/updated floorplans.
 - Job and wage growth. The cannabis industry has developed into the City's dominant industry, and wages have seen strong growth the past three years leading to a mismatch in the housing stock offered and what some residents can afford.
 - Continued growth of the River District. As the tri-state area continues to see job growth, Needles has an opportunity to capture its 'fair share' of regional housing demand.

Projected Household Growth

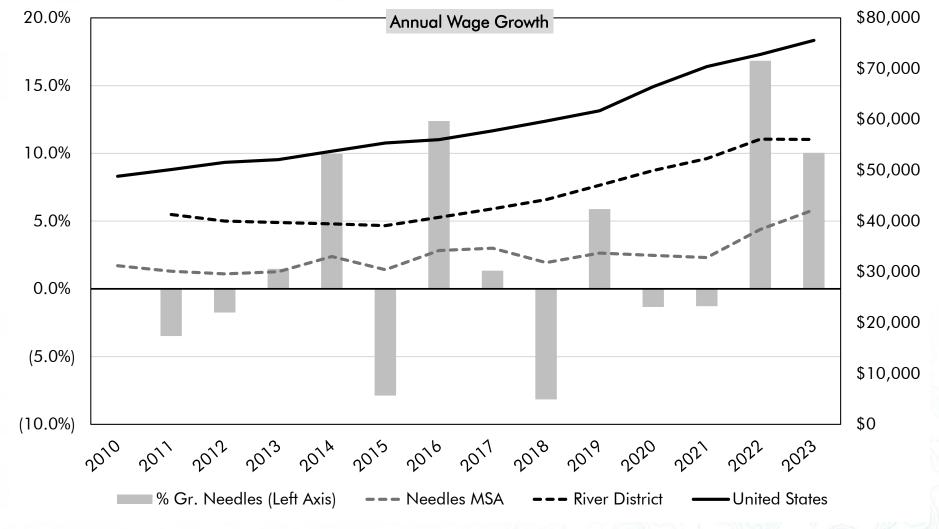

- ESRI projects no household growth for Needles through 2028, and growth of over 2,000 households in the River District in this timeframe.
- Projected growth is notably varied by income range, with losses in lower income ranges and gains in households earning over \$75,000 in annual income:

	Needles		River District					
Household	Total Ho	useholds_	Projected (Change	Total Ho	useholds	Projected	Change
Income Range	2023	2028	'23-'2	28	2023	2028	'23-'	28

\$25,000 - \$35,000	207	165	(42)	-20%	6,748	6,099	(649)	-10%
\$35,000 - \$50,000	201	179	(22)	-11%	8,579	7,990	(589)	-7%
\$50,000 - \$75,000	342	250	(92)	-27%	11,791	11,616	(175)	-1%
\$75,000 - \$100,000	147	160	13	9%	8,365	9,499	1,134	14%
\$100,000 - \$150,000	200	322	122	61%	8,356	10,833	2,477	30%
\$150,000 - \$200,000	157	228	71	45%	3,295	4,930	1,635	50%
\$200,000 +	43	51	8	19%	2,520	3,368	848	34%
	1,998	1,984	(14)	-1%	66,845	68,925	2,080	3%

Wages

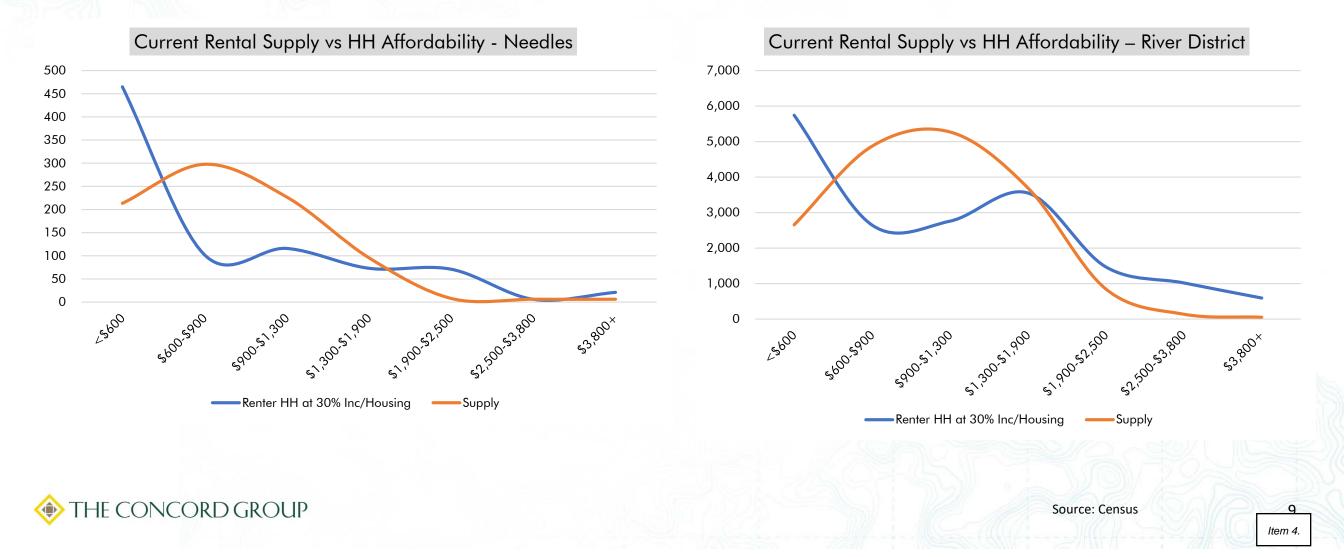

• Nearly 6% annual growth in wages in Needles last 5 years

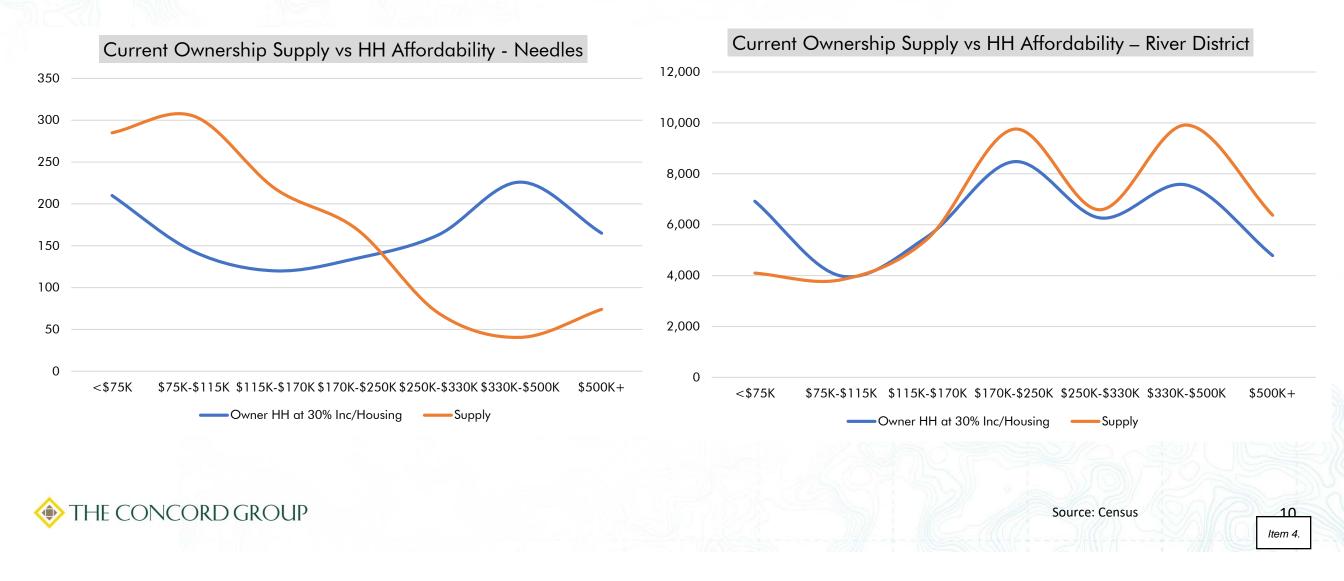

Housing Costs versus Spending Potential: Rental

 Per Census estimates, there is a mismatch between housing supply and potential demand given household incomes. Broadly speaking, there is a lack of supply at higher rent and sales price points versus what households in the region can theoretically afford.

Housing Costs versus Spending Potential: For-Sale

 Per Census estimates, there is a mismatch between housing supply and potential demand given household incomes. Notably in Needles the mismatch is most acute at the upper end of the region's home prices, where there is very limited supply.

Key Findings

- Newer housing stock should help to free up housing units for households earning under +/- \$50,000 per year.
- Much of the rental and for-sale housing market in the City is priced in a relatively narrow range, and there is a mismatch between prices and household incomes. Many households that could afford to pay more don't have product that meets their needs and "settle" for lower-priced housing.
- Newer housing stock can also help to force rehabilitation and upgrades to the existing housing stock and offerings in order to stay competitive.

Key Findings

- We anticipate demand for future housing to generally follow historic preferences seen in the market, but also see opportunities for product types not commonly seen in the City or region, such as townhomes, micro units, ADUs, and purpose-built single-family rentals.
- However, development cost realities will likely limit certain types of housing development in the near-term. Given construction material and labor costs, we would expect certain building types, especially higher-density typologies (i.e. podium) to be difficult to develop given current rent and price levels.

Key Findings
