#### CITY OF NEEDLES Annual Accounting for Developer Impact Fees FY 2022

### DESCRIPTION OF FEES COLLECTED:

### Circulation (streets, signals and bridges) System:

The development of property in the affected territory will generate additional vehicle travel. This traffic will create a need for expansion of existing streets and bridges to accommodate increased traffic from residential and other new development. Additionally, traffic signals and related facilities will need to be installed and maintained to accommodate the increased level of service on new and existing roadways. Pursuant to Article 11, Section 7 of the California Constitution, the City is empowered to enact measures that protect the health, safety and welfare of its citizens.

## Water Source, Storage and Distribution System:

The development of any property in the affected territory will generate the need for additional water source, storage and distribution system capacity. Without such additional system capacity, new development will be adversely impacted in the affected territory. As a result, additional water facilities will be needed to accommodate new development. Pursuant to Article 11, Section 7 of the California Constitution, the City is empowered to enact measures that protect the health, safety and welfare of its citizens.

## Wastewater Collection System:

The development of any property in the affected territory will generate the need for additional wastewater collection system and mandated connection to that system. Without such additional wastewater collection system capacity, new development will be adversely impacted in the affected territory. As a result, additional wastewater collection facilities will be needed to accommodate new development. Pursuant to Article 11, Section 7 of the California Constitution, the City is empowered to enact measures that protect the health, safety and welfare of its citizens.

## Park Land Acquisition and Facilities Development:

The development of residential property in the affected territory will generate a need for additional park land acquisition and facilities development to maintain the current level of service. The City may impose by ordinance a requirement for the payment of fees to pay for the actual or estimated costs of acquiring and constructing park and recreation facilities. Pursuant to Article 11, Section 7 of the California Constitution, the City is empowered to enact measures that protect the health, safety and welfare of its citizens.

## PROPOSED IMPROVEMENTS AND DATE IMPROVEMENTS WILL COMMENCE:

Update to our Developer Impact Fee Study, an update to our Pavement Management Study, and culinary and wastewater study update. Items will be brought to Council for approval.

#### Integrations

We learned that sharing is one of the most important parts of helping our customers. This is why we have built integrations into systems where it counts. Some common ones include:

- ESRI ArcGIS- integration validates addresses entered into the system against your GIS system. We also can use other data and map layers like districts, wards and more to enhance the workflow and reporting delivered to your agents and citizens.
- Cartegraph our integration with Cartegraph can automatically transmit your requests into that system for work and then push the data back to the citizen through our system, including when the issue is closed.
- LDAP / Active Directory another password is the last thing any of us want. With our LDAP integration we can sync up users and permissions and authenticate against your Active Directory so you don't have to do extra work or remember another password.

#### **Special Features**

We have developed features in the software that helps process annual and recurring types of inspection cases for officers.

- Rental Inspection Using intelligent algorithms, we can help detect properties that are suspected to be rentals and automatically create cases for inspection. For the properties we know are rentals annual inspections and letters can be automatically generated.
- Weed Abatement Another annual chore that we can automate allowing inspectors to drive through areas and clear for tall grass.
- Vehicle Abatement track multiple vehicle information and generate abatement notices to assist with cost recovery and reimbursement.
- Business License Enforcement Track expired business licenses and allow GOEnforce® to automatically generate the letters, assess fees and create cases for officers to follow-up.

#### Integrations

We learned that sharing is one of the most important parts of helping our customers. This is why we have built integrations into systems where it counts. Here are a few:

- ESRI ArcGIS integration makes address validation and parcel lookup with owner information simple. We also can use other data like districts, wards and more to enhance the workflow and reporting delivered to your agents and citizens.
- **Revenue Experts** our integration with Revenue Experts can automatically transmit your administrative citation fees to experts that can help you collect.
- **Permitting Systems** Quickly view permits from other systems when working on code cases.
- LDAP / Active Directory another password is the last thing any of us want. With our LDAP integration we can sync up users and permissions and authenticate against your Active Directory so you don't have to do extra work or remember another password.

# Support and Training You Will Love 🎔

Our goal is to make you love our company at every encounter. We have a mature process and experienced staff that will be able to provide expert advise and assistance every step of the way.

- **Expert Advise** providing analysis of your service codes, letters, notices, documents and processes using industry best practices to make your job as easy as possible.
- Project Management your dedicated project manager will track and monitor your progress throughout the project.
- **Configuring** your municipal code summaries, defining parcel data imports, customizing fields and forms, creating letter templates, customizing reports and more.
- Training Library As we train you, we will produce a library of videos and documents specific to your agency. These videos can be used for onboarding future staff or just going back to get a refresher on more advanced stuff. But don't worry - we are always willing to give additional training as you need it.
- **Staff Training** is our favorite part because we know you are going to love what you see and how easy it is to use. When we hear "oooh's" and "aaah's" then we know we are doing our job.

As a single person operation handling it all from phone to field to notices, I can say that GOEnforce has greatly increased my efficiency... ,

ordinance 651-AC attached

# EXHIBIT A

## **ORDINANCE NO. 651-AC**

# AN ORDINANCE OF THE CITY OF NEEDLES TO INCLUDE IN THE CITY'S TRANSIENT OCCUPANCY TAX, SHORT TERM RESIDENTIAL UNITS, AND AMENDING SECTIONS 20-8, 20-8.2(C) AND 20-8.2(E) OF THE NEEDLES MUNICIPAL CODE

## THE PEOPLE OF THE CITY OF NEEDLES DO HEREBY ORDAIN AS FOLLOWS:

#### SECTION 1. Recitals.

A. The purpose of this Ordinance is to apply the City's existing transient occupancy tax to operators of short term residential properties and rental units.

B. The current transient occupancy tax is applied to and collected from operators of local hotels, motels and similar lodgings. The transient occupancy tax is not currently applied to or collected from operators of short term residential properties and rental units.

C. The transient occupancy tax is paid only by guests who stay in local hotels and other lodgings so that out-of-town visitors pay their fair share of their use of City roads, parks, the beach, public safety and other City services

D. The revenues from the transient occupancy tax remain in the City, are controlled by the City, and are used for unrestricted general municipal purposes such as public safety, infrastructure, street repair and park improvements. Transient occupancy tax revenues cannot be taken by San Bernadino County or the State of California.

D. By including short term residential rental units in the transient occupancy tax, it is estimated the City will raise approximately \$84,300 annually, which will be used for general city services, including protecting residents' quality of life and property values and continue to provide excellent services.

SECTION 2. Code Amendment. The Needles Municipal Code is amended as follows:

Section 20-8 of the Needles Municipal Code is amended to read:

<u>Tax levied</u>. Every operator of a hotel, motel, apartment hotel, apartment motel, trailer court, recreational vehicle park, <u>short term residential rental unit and/or property</u>, or any other commercial establishment furnishing lodging space in exchange for monetary compensation, located within the city, shall pay a transient occupancy tax of ten percent which shall be based on the operator's gross monthly receipts received from transient lodgers.

Section 20-8.2(c) of the Needles Municipal Code is amended to read:

"Operator" shall mean the person who is an owner and/or proprietor of a hotel, motel, apartment hotel, apartment motel, trailer court, recreational vehicle park, <u>short term</u> residential rental unit and/or property, or any other commercial establishment furnishing lodging space in exchange for monetary compensation within the city. If an operator utilizes a managing agent who is not an employee, then such agent shall also constitute an "operator" for the purposes of this Article. Compliance with this Article by either the principal or the managing agent shall constitute compliance by both.

Section 20-8.2(e) of the Needles Municipal Code is amended to read:

"Lodging space" shall mean (i) one or more rooms used or intended to be used for dwelling or sleeping purposes, (ii) land in a trailer court or recreational vehicle park used or intended to be used for the parking of a trailer, recreational vehicle or other type vehicle used or intended to be for dwelling or sleeping purposes, and or a short term residential rental unit as defined in section 12-68.3.030, as may be amended from time to time.

**SECTION 3.** Severability. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The people of the City of Needles hereby declare that they would have passed this ordinance and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

Section 4. Environmental Compliance. The City Council hereby finds and determines that this resolution or ordinance is exempt from the California Environmental Quality Act, Public Resources Code Sections 21000 et seq. ("CEQA") and 14 Cal. Code Re. Sections 15000 et seq. ("CEQA Guidelines"). The calling and noticing of an election for the submission of a ballot measure to voters is not a project within the meaning of CEQA Guidelines 15378. The tax submitted to the voters is a general tax that can be used for any governmental purpose; it is not a commitment to any particular action or actions.

As such, under CEQA Guidelines Section 15378 (b)(4), the tax is not a project within the meaning of CEQA because it creates a government funding mechanism that does not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment. If revenue generated by the tax were used for a purpose that would have such an effect, the City of Needles would undertake the required CEQA review for that particular project. Therefore, pursuant to CEQA Guideline Section 15060 CEQA analysis is not required.

Section 5. Effective date. Pursuant to the California Constitution, Article XIIIC(2)(b) and California Elections Code § 9217, if a majority of the voters voting in the election on this measure

vote in favor of the adoption of this measure, this ordinance shall be deemed valid and binding and shall be considered adopted upon the date that the vote is declared by the City Council and shall go into effect ten (10) days after that date.

<u>Section 5</u>. The City Clerk shall certify to the adoption of this ordinance and cause it, or a summary of it, to be published once in a newspaper of general circulation printed and published within the City of Needles, and shall post a certified copy of this Ordinance, including the vote for and against the same, in the Office of the City Clerk in accordance with Government Code Section 36933.

**NOW, THEREFORE, BE IT ORDAINED** that the City Council of the City of Needles, California, approve an amendment to the City Code.

**INTRODUCED AND READ** for the first time and ordered posted at a regular meeting of the City Council of the City of Needles, California, held on the 14<sup>th</sup> day of June, 2022 by the following roll call vote:

Title:	City Council Resolution No. 2022-78 A Resolution of the City Council of the City Application for, and Receipt of Prohousing the State Department of Housing and Co (HCD)	g Designation Program to
	The State has determined that increasin ng the quality of life of all Californians. The m of support, incentives, and accountabilit	2019-2020 Budget Act

California's housing goals, and provided for the establishment of the Prohousing Designation Program. The intent of this state program is to encourage jurisdictions to enact regulations, adopt policies, and establish local programs that go beyond current state laws and conventional standards and will accelerate the production of housing, both market rate and affordable at all density levels.

In return for adopting such prohousing regulations, policies, and programs, local governments can receive an official designation and receive an advantage such as priority processing or funding points when applying for various funding programs. Current eligible funding programs that prioritize those with Prohousing designation include: Affordable Housing & Sustainable Communities (AHSC), Infill Infrastructure Grant (IIG), and Transformative Climate Communities (TCC). However, the State is actively looking to add additional programs, particularly those that are only open to those with a Prohousing designation.

The City of Needles is in the process of submitting an application to obtain a Prohousing designation. This Program is only open to those jurisdictions that have a certified Housing Element, which was secured earlier this year. The application requires jurisdictions to identify enough relevant prohousing regulations, policies, or programs to reach 30 points, based on criteria grouped into four categories: favorable zoning and land use (10 criteria), acceleration of housing production timeframes (13 criteria), reduction of construction and development costs (8 criteria), and providing financial subsidies (8 criteria), with each criteria worth between 1 and 3 points. Some additional bonus points are available for prohousing activities that align with other state planning priorities.

In the City's current application, evidence is provided to obtain up to 39 points across 22 criteria, including some bonus points, relying primarily on existing City regulations, policies, and programs. A handful of new activities are also identified to secure additional points, with the majority related to the upcoming update to the General Plan Land Use

and transportation Elements and all others identified in the recently updated Housing Element or other activities already approved by the City.

The attached resolution is a required component of the application. Upon the City Council's approval of the resolution, City staff will submit the entire Prohousing Designation Program application to the State Department of Housing and Community Development (HCD) for review and approval. HCD indicates that it will review applications within 60 days of receipt, which will likely include some discussion and potential application refinements. Once approval is secured, HCD indicates that it will process the designation within roughly 30 days.

**Fiscal Impact:** Affordable housing creates more housing options for the jobs that are being created locally and increases local tax revenue for the City.

**Recommended Action:** Approve Resolution No. 2022-78, Authorizing the City to file an application for Prohousing Designation Program application to the State Department of Housing and Community Development (HCD)

CITY COUNCIL	🗌 NPUA

Regular Special

December 13, 2022 **Meeting Date:** 

Title: Request for City funding of an Additional Sheriff's Deputy at Mid-Year Budget

Background: The total approved 2022-2023 budget is \$3,483,367 for Sheriff's Services. The Sheriff's Office lacks funding from the City to provide 24 hour coverage by 2 officers which is their goal. The Sheriff is now requesting an additional \$239,295 funding beginning in January 2023 to add an additional deputy (\$197,282), plus equipment and supplies.

The City is pursuing a 3 year grant from the California Cannabis Bureau to add a School Resources Officer (Sworn Deputy Sheriff stationed at the Schools). Only those agencies that permit cannabis are allowed to apply. The grant deadline is within the next 30 days and staff has the cost components of the SRO, K-9 unit, Drug Intervention and Prevention Program for the NUSD, and Code Enforcement cost recovery which is being sought. It is likely that the City will not have a determination on that grant request until March/April, and the effective date is unknown.

The policy choices are the following.

- Direct the CM to include the \$239,295 in the mid-year budget and authorize the Budget Amendment,
- Hold request until the Cannabis Bureau grant outcome is known, or
- Hold the request until the outcome of the mid-year budget is known in context with other revenue and expenditures during the first half of the fiscal year and Council goals and objectives.

Of general note most economists are forecasting a recession of unknown severity sometime in 2023 due to "stagflation". According to the recent September 31,2022 General Fund Financial Statement, 2022-23 revenues are lagging and there are concerns of sustainability

Fiscal Impact: New unanticipated General Fund Reserve expenditure of \$239,295.

Recommendation: Provide Staff Direction.
