## Town Code, Chapter 15.44 - Historic Preservation

### Article 5 - Designation Procedure

#### 15.44.170 - Initiation of procedure.

Whenever in the opinion of the historic preservation commission, whether based upon its own motion or upon its motion following receipt of a **factually supported written recommendation** presented by any citizen of the town, the planning and zoning commission, or the town council, any site, area, neighborhood, structure, object or property meets the criteria of a historic site, landmark or district, the commission shall contact the owner or owners of such property outlining the reasons and effects of designation and shall attempt to secure the owner's consent to such designation. All applications submitted in accordance with this article shall include a description of the property proposed for designation and a detailed outline of the reasons why such property should be designated and why the boundaries of the designation should be determined as described in the application.

The property included in any such designation shall be subject to the controls and standards as set forth herein and shall be eligible for such incentive programs as may be developed by the commission. If the commission fails to act within the twenty-five-day period, the designation shall be deemed to have been rejected and the designation procedure of the commission shall thereby be terminated. (Prior code § 15-10-060)

#### **15.44.230 - Transmittal to town council.**

Within fifteen (15) days after reaching its decision, the historic preservation commission shall transmit to the town council and the owner of the property for information purposes only, its findings, conclusions and written resolution setting forth its decision on the designation of a historic site, landmark or district, including the description of the property involved and the findings upon which the resolution was based. The notice may also contain a brief summary of the effects of such designation as set forth in this chapter. (Prior code § 15-10-080)

#### **15.44.250 - Final notification to owner.**

Within ten (10) days after the recording of the resolution designating property as a historic site, landmark or district, the town administrator/clerk shall send to the owner of each property so designated by registered or certified mail a letter outlining the reasons for such designation and the obligations and restrictions created by such designation. Such letter shall also contain a request that the owner or his or her successors or assigns notify the town administrator/clerk prior to:

A. Preparation of plans for the reconstruction or alteration of the exterior of improvements located on such property;

B. Preparation of plans for the construction, alteration, relocation or demolition of improvements on such property. (Prior code § 15-10-090)

The commission shall establish and maintain an official register of historic sites, landmarks and districts designated by the commission as worthy of preservation or restoration pursuant to this article. **Guest Speaker: Pinyon Environmental, Inc. Review of Draft Report**

Pinyon Environmental Field Historian Cameron Weishoff reported the process made in regard to the survey conducted in September of 2022. He said 30 site forms were completed out of 67 sites surveyed. Field Historian Weishoff said to meet the 15% draft review requirement by History Colorado, 7 sites were included in the meeting packet for the commission. He said there were many resources identified with the majority of them on the East side of town. He said Pinyon had 75% of the final report drafted. He said there was potential for a historic district primarily focused on early community development, specifically along Main Street. A majority of the resources would be categorized by the subdivisions which included: the original townsite, the Spencer’s addition (East side of Main Street on the North side) and Spencer’s second addition (East side of Main Street on the South side). Field Historian Weishoff said he was looking at a potential period of early 1880s to early 1920s.

Chair Riddile asked when the survey would be completed. Field Historian Weishoff said the site form drafts would be completed in February 2023, but it was hard to determine a final date. Commissioner Ruth Fletcher asked about the potential for a historic district. Field Historian Weishoff said he had currently identified at least 7 individual sites and said there was a good possibility to designate a district along Main Street as he potentially finds more individual sites for designation. He said designating by subdivision would be more difficult. Commissioner Parks asked if the completed site forms would be distributed as they are completed or in a final package. Field Historian Weishoff said the completed forms could be distributed in batches.

**A Year in Review of 2022 HPC**

Deputy Clerk Bordelon shared the compilation of achievements made by the commission in 2022. She summarized the commission held 5 regular meetings, 3 special meetings, 5 workshops and 8 newsletter mentions for 2022. She outlined HPC achievements including: policy changes, new HPC members, variety of guest speakers, good standing status with the Colorado Local Government program, approval of the subgrant for the historic survey, completion of the survey data, designation of the Old New School House and storage/office supplies and utility bill support for the museum.

**Commission Review: 2023 Approved Budget**

Chair Riddile asked if the budget had been approved. Deputy Clerk Bordelon confirmed the contents in the memo was the approved budget for HPC for 2023. Commissioner Copeland asked what would happen since the heaters for the museum were not installed last year. She confirmed there was one space heater in the bathroom of the museum at the moment. Chair Riddile said the money for that project would be returned to HPC. Deputy Clerk Bordelon said Town Administrator Dave Reynolds would need a quote and a work description from HPC, as soon as possible, to review with the Capital Funds Committee to plan for the work to be performed in 2023.

Chair Riddile stated that she had reached out to Jim Wart, but he was busy and unable to schedule the project. She said she would reach out to him again and that the option to use another electrician could result in higher costs. She mentioned to the commission that the Jolly Foundation would like to donate to the Historical Society for a large project. Chair Riddile said that HPC would not be involved with that and she would have the Historic Society reach out to Bret Jolly on their end. Deputy Clerk Bordelon noted that any large renovations would involve HPC with respect to the museum being a designated property. She said a review process would be conducted before any remodel work could be done.
