Members of the Board of Education Nome Public Schools Nome, Alaska 99762

The Nome Public Schools (District) is pleased to present you with the budget for the fiscal year 2022. The budget document is the primary document that communicates the District's plans for spending in the ensuing fiscal year, and it also details its organizational goals and objectives in monetary terms. The District is required to prepare and approve a balanced budget and submit it to the City of Nome by May 1st and to the Department of Education & Early Development by July 15th each year. A balanced budget is defined as revenue budgeted at least the same as, or more than, the budgeted expenditures or use of fund balance.

In presenting the FY2022 Budget document, we may discuss the instructional, operational, and financial plans in an open forum. We believe community interaction and input between stakeholders leads to improvements benefiting the education of children at Nome Public Schools. The administration of Nome Public Schools has reviewed and discussed its plan for the FY2022 school year in terms of what can be accomplished within the bounds of a balanced budget.

Budget development and analysis is always a work in progress. Changes will occur in FY2022 when salaries, benefits, and foundation funding are finalized.

Organizational Component

The City of Nome was incorporated in 1901 as a first-class city under the laws of the Territory of Alaska. The City operates under council-manager form of government and performs municipal duties allowed by Alaska Statutes and as directed by its residents.

The Nome Public Schools is a component unit of the City of Nome and is organized under Title 29.42.030 of Alaska Statutes as amended. The City has delegated the administrative responsibility for these functions to the Nome Public Schools Board of Education. The School Board is governed by a five-member school board with members elected by district and complemented by a non-voting student representative.

Budget Process

Alaska Statute 14.14.065. Relationship between city school district and city. The relationships between the school board of a city school district and the city council and executive or administrator are governed in the same manner as provided in AS 14.14.060. AS 14.14.060 (c) states "except as otherwise provided by municipal ordinance, the borough school board shall submit the school budget for the following year to the borough assembly by May 1 for approval of the total amount. Within 30 days after receipt of the budget the assembly shall determine the total amount of money to be made available from local sources for school purposes and shall furnish the school board with a statement of the sum to be made available. If the assembly does not, within 30 days, furnish the school board with a statement of the sum to be made available, the amount requested in the budget is automatically approved. Except as otherwise provided by municipal ordinance, by June 30, the assembly shall appropriate the amount to be made available from local sources for the purpose.

The District's School Board approves a budget timeline which includes opportunities for presentation to the public. Below is the FY2022 budget timeline.

General Fund Revenues and Expenditures

Below are the assumptions used to develop the budget.

Revenue Budget

We have developed this budget based on assumptions about legislative funding for FY2022. This budget assumes that we will be flat funded at \$5,930 per base student allocation (BSA) with no cuts to Basic Need or any part of the foundation formula itself. We are budgeting for a \$3M City of Nome appropriation.

In the State of Alaska, the number of students enrolled in a district during the 20-day count period is the basis for computing the Average Daily Membership (ADM) that is used to calculate the amount of state funding provided to each district.

Revenue projection of \$14,621,311:

- ✤ Enrollment projected at 676 students
- ♦ 90% of the BSA for Correspondence students 22 projected
- ♦ Intensive students (13 x's the BSA of \$5,930) 16 projected
- ✤ Hold Harmless 2nd Year 50% of Base Year
- ✤ ISER Area Cost Differential of 1.45
- ♦ Career & Technical Education (CTE) Factor 1.015
- ✤ Special Needs Factor 1.20
- ✤ Base Student Allocation (BSA) \$5,930
- ✤ TRS On-Behalf and PERS On-Behalf zero net effect against on-behalf expenditures
- City appropriation is budgeted at \$3,000,000
- ✤ Impact Aid estimated at \$35,200
- \clubsuit E-rate estimated with 90% discount rate on internet bills \$725,822
- ✤ Other Revenues projected at \$385,000 (includes dorm rent, local contributions, gate fees)
- ✤ Utilize unreserved fund balance \$422,855

Expenditure Budget

Below are the expenditure highlights and other considerations for FY2022. This budget includes:

- ✤ Annual step increases.
- ◆ A 5% increase to health insurance in anticipation of rising premiums.
- ♦ Other employer-paid benefits remain status quo 22% for PERS & 12.56% for TRS.
- Staffing based on a combination of needs-based and overall monetary availability per revenue and expenditure assumptions.
- Transferring 1.0 Classified FTE at Nome Elementary School and 1.0 Classified FTE at Nome-Beltz Middle High School to COVID grant funds; no change to overall staffing levels but these are temporary grant funds.

Nome Elementary School

- ✤ Retained same staffing levels as FY21.
- No major changes; main increases were personnel/salary schedule-related.

Anvil City Science Academy

- ✤ Moved 0.50 FTE Sped to Nome-Beltz Middle High School;
- ✤ Moved FTE's between functions.

Nome-Beltz Middle High School

- Increased staffing by 0.50 FTE in Support Services-Students (College & Career Guide position - paid by Sitnasuak Native Corporation).
- ✤ Increased Sped Teacher staffing by 0.50 FTE.

Districtwide

- ◆ Reduced Extensions Teacher to 0.50 FTE.
- ✤ Transfer to Food Service reduced to \$75,000.
- * Transfer to Pupil Transportation remains status quo.
- * No transfer to CIP or Apartment funds.

We thank you for your consideration of the FY2022 budget.

Sincerely,

Jamle Burgess Superintendent

MAR 2 6 2021 CITY OF NOME CLERKS DEPARTMENT

Dear Nome City,

What a welcome gift AMCC received yesterday, with the generous donation of new paperback Alaska books through the City of Nome, the City Manager, and the Kegoayah Kozga Public Library Director.

The selections were well thought out and a welcome addition to the Anvil Mountain Corrections Library.

The books were placed on the library cart going into the quads today, and they were the first books selected by the residents.

Thank you again for your support of the community-wide book donation efforts at AMCC.

Best regards,

SAFER ME ALASKA BUILDING STRONGER COMMUNICIES March 24, 2021

Memorandum

To:	Nome Common Council
From:	Bryant Hammond, City Clerk
Date:	March 30, 2021
<u>RE</u> :	Clarification on Sales Tax for Permits

NCO 17.10.020(c)(1) provides an exception to sales tax for services and construction materials for actual use and either consumption or absorption in a construction project for which a building permit has been issued.

In practice, building and remodel permits have garnered a sales tax exception under NCO 17.10.020(c) 1. The Clerk's Office keeps and distributes a list of building and remodel permits to Grizzly Building Supply, Builders Industrial, and companies that may be performing work in relation to a building or remodel permit and has done so since before 2015.

The question of whether or not a Mechanical/Electrical permit was covered under the exception came up on March 30th. While the Clerk's Office has historically only published building and remodel permits for the purposes of tax exemption, there exists an incongruity between code and practice. Building permits are the sole permits named in code, yet the Clerk's Offices treats remodel permits the same as building permits for tax exception purposes.

The Clerk's Office asks for Council clarification on whether the following permits should garner an exception to sales tax and whether a code change is required to specify such:

- Mechanical / Electrical
- Excavation / Fill
- Demolition
- Move

Subject:	2021 CRS Recertification Acknowledgment – Nome, AK #020069

Caution! This message was sent from outside your organization.

Dear CRS Coordinator:

Congratulations! I have reviewed your submittal and found everything to be in order. This concludes your annual CRS recertification.

You have reported that you have had no development in your SFHA and no construction certificates during the reporting period. Every year from now on, your reporting period for your construction certificates will be from February 1 to January 31 (recertification due date to recertification due date). If you need to only report on those certificates received up through January 15th each year because it helps you organize and prepare them for the February 1st recertification date, that is understandable and acceptable. The next year you will start at February 1 again for reporting purposes.

Should you have any questions, please do not hesitate to contact me, or your CRS Specialist.

Sincerely,

Melissa James, CFM CRS Resource Specialist New Orleans, LA 502.386.5258 Melissa.James@Verisk.com verisk.com | LinkedIn | Twitter | YouTube

CRS Activity 510 Progress Report on Implementation of Credited Plan

Date this Report was Prepared: 3/2/2020, Updated 1/25/2021

Name of Community: City of Nome

Name of Plan: City of Nome, Alaska -Hazard Mitigation Plan Update 2/1/2017

Progress Report prepared by: Cheryl Thompson

Date of Adoption of Plan: 1/3/2017 or 2/1/2017

5 Year CRS Expiration Date: October 1, 2022

1. How can a copy of the original plan or area analysis report be obtained: The plan is on the City of Nome website, listed under: "Disaster, Hazard and Flood Plans". There are also copies available at City Hall.

2. Describe how this evaluation report was prepared and how it was submitted to the governing body, released to the media, and made available to the public:

Nome's City Planner worked with the City Planning Commission in advertised, open public meetings. When the plan was ready it was accepted by the Planning Commission by Resolution 2017-1. It was then accepted by the Common Council by Resolution 17-01-03. The local newspaper and often radio station attend these meetings and report on them. Minutes of these meetings are also submitted to the Common Council during their publicized meetings and these are reported on also.

This Evaluation Report was prepared by reviewing our Hazard Mitigation Plan and judging what parts we had worked on in the last year to complete the plan. This Evaluation will be presented to the City Council and the Planning Commission at their next public meetings. It will also be placed on the City's website and notice of that will be made to the public via our two local radio stations and our local newspaper.

3. Provide a description of the implementation of each recommendation or action item in the action plan or area analysis report, including a statement on how the project was implemented or not implemented during the previous year:

FLD #1 City owned buildings were covered by flood insurance where necessary.

FLD #2 We did pursue and achieved a lower CRS ranking during our 5-year re-certification.

FLD #3 & #4 were not achieved. The City did not fund an engineering evaluation to flood-proof vulnerable structures or bring a flood proofing workshop to Nome.

FLD #5 With a new, better trained Building Inspector on board, we are even more serious on ensuring that all new construction or more than 50% remodel projects in the flood-plain, adhere to elevations that are required.

FLD #6 Some Nome Joint Utility lines have been relocated that are in the flood-plain and more will be moved as construction projects continue.

FLD #7 Money was applied for and appropriated to repair and reinforce Nome's Seawall within the last 5 years. This is Nome's major form of flood protection as our flooding dangers stem from ocean wave surges and high winds over a long fetch of ocean.

4. Discuss why any objectives were not reached or why implementation is behind schedule: The City of Nome is mostly built right along the sea coast and most of it is old construction. The costs to flood-proof these old buildings would not really be practical versus the cost to raze and rebuild new structures properly if/when it becomes necessary.

5. What are the recommendations for new projects or revised recommendations? The City is actively enforcing elevations and proper building methods going forward. We are also requiring Elevation Certificates before and after construction completion, which wasn't always done and we have informed the main surveyor in this area that he has to put the elevation of the mechanicals (furnace, water heater, etc.) on the Certificates. Our one Repetitive Loss property has been raised above grade, since the time that it was flooded in 2004 and 2005. I believe we should encourage the property owner to get a new Elevation Certificate and see where it is at compared to the regulations. This past summer 2020, due to so many Covid-19 difficulties, this property was not addressed. It is still much improved from its state in 2004 and 2005. The City Building Inspector intends to have a conversation with the current owner going forward. Mayor John K. Handeland

MEMORANDUM

Date: April 7, 2021 To: Nome Common Council & Glenn Steckman, City Manager From: Nickie Crowe, Finance Director

In the 2017, 2018 End-year, and 2019 End-year NSEDC CBS funding, there is \$23,999.93 in unspent funds. The funds breakdown as follows:

2017 CBS - \$ 2,346.04 2018 End-year CBS - \$ 1,847.64 2019 End-year CBS- <u>\$19,806.25</u> \$23,999.93

I recommend these funds be reallocated to the Hockey Rink project, which is due to be underway in the Summer of 2021. I discussed this reallocation with NSEDC and received positive feedback. NSEDC requires the minutes and motion to amend reflect what is being amended, by how much, and to what project.

Currently, there is \$57,457.04 allocated to the Hockey Rink project. Approving this reallocation of funds will make the new total allocation \$81,456.97.

MEMORANDUM

TO: Bryant Hammond City Clerk City of Nome

But Challe

FROM: Brooks W. Chandler City Attorney

RE: Adoption of Updates to Alaska Remote Sellers Sales Tax Code

DATE: April 8, 2021

This memorandum summarizes the draft of the sales tax ordinance which will fulfill Nome's obligation to update the Alaska Remote Seller Sales Tax Code ("Uniform Code") adopted in 2020. The City is obligated to adopt these updates by the terms of the Alaska Intergovernmental Remote Sellers Sales Tax Agreement if the City wishes to remain a member of the Commission.

The draft ordinance adopts the updated version of the Uniform Code by changing NCO 17.15.030 to reference the 2021 version. Section 1 of the ordinance makes this change.

Some definitions included in NCO 17.15.020 were changed by the 2021 version of the Remote Sellers Sales Tax Code. The changes to these definitions are made in Section 3 of the ordinance.

Council may recall that to ensure uniformity in application of definitions to on line and "brick and mortar" sellers many Uniform Code definitions were incorpated into NCO 17.10.180

Bryant Hammond April 8, 2021 Page 2

last year. Four of those definitions were changed by the Commission in 2021. Section 2 of the draft ordinance make those changes.

The 2021 version also adopted a late filing penalty for late filed returns. To ensure consistency between penalties applied to local sellers and remote sellers an identical penalty should be added to Chapter 17.10. This is done in Section 4 of the ordinance.

The "meat" of the changes in the Remote Sellers Sales Tax Code are reflected in the redlined version of that code not in this ordinance. Many of these are relatively minor wording changes. The Commission has prepared an explanation of the changes. There is no need to repeat that explanation in this memorandum. I was involved in reviewing and commenting on drafts of the proposed changes before they were enacted. I did not perceive any significant downside in the changes for Nome.

Adoption of codes by reference is allowed under state law subject to special procedures. AS 29.25.040. At least five copies of the Code must be available to the public for a period of 15 days before the public hearing on the ordinance. The hearing notice must say where the public can review the Code that is being adopted by reference.

The deadline for adoption of the latest version of the Uniform Remote Sellers Sales Tax Code is June 4, 2021. Let me know if there are any questions about the draft ordinance.

Re:	Remote Sales Taxation of Services	

The current definition of "Services" in the Uniform Remote Seller Sales Tax Code (the Code) has been updated by the Commission to eliminate the risk that the Code's Services definition inadvertently discriminates against remote sellers.

1. <u>The Current Definition of Services</u>

The changes to the Uniform Code are as follows (additions are in <u>blue</u> and <u>underlined</u> font and deletions are in <u>strikethrough</u> font):

"Services" means all services of every manner and description, which are performed or furnished for compensation, and delivered electronically or otherwise <u>into a member jurisdiction</u> outside the taxing jurisdiction (but <u>excluding any that are rendered physically within the taxing jurisdiction,</u> including but not limited to:

A. Professional services;

B. Services in which a sale of property or product may be involved, including property or products made to order;

C. Utilities and utility services not constituting a sale of property or products, including but not limited to sewer, water, solid waste collection or disposal, electrical, telephone services and repair, natural gas, cable or satellite television, and Internet services;

D. The sale of transportation services;

E. Services rendered for compensation by any person who furnishes any such services in the course of his trade, business, or occupation, including all services rendered for commission;

F. Advertising, maintenance, recreation, amusement, and craftsman services.

"Services" means all services of every manner and description, which are

The prior definition of "services" raised questions under the U.S. Supreme Court's Internal Consistency Doctrine established as part of the Commerce Clause discrimination test.

2. <u>The Internal Consistency Doctrine.</u>

The United States Supreme Court has held that a tax violates the Commerce Clause of the United States Constitution if it "discriminates against interstate commerce." According to the Supreme Court, discrimination "simply means differential treatment of in-state and out-of-state economic interests that benefits the former and burdens the latter." One aspect of the discrimination test is called the "internal consistency doctrine."

Under the internal consistency doctrine, a tax must be structured so that if every State were to impose an identical tax, no multiple taxation would result."¹ In other words, if every State were to adopt the Code, would a tax result in multiple states on the same sale? Consider the following example:

Accounting Firm A is located in Seattle and provides audit services to a client in a member jurisdiction. Under the internal consistency doctrine, we assume that every state has adopted the Code. If Washington adopted the Code's prior definition of "Services" (as described above), the accounting firm would be taxed twice:

- First, Accounting Firm A would be taxed by Washington on the audit services it physically rendered within Washington.
- Second, Accounting Firm A would be taxed by the Alaska member jurisdiction on the remote audit services it delivered into that member jurisdiction.

In contrast, if Accounting Firm B was located in an Alaska member jurisdiction, it would only be taxed once on the provision of audit services.

The prior version of the "Services" definition is internally inconsistent because, if every state were to adopt the Code, an interstate service provider would be taxed twice while an Alaska service provider (making sales only in Alaska) would be taxed once.

¹ The Commerce Clause also requires a tax to be "fairly apportioned"—meaning that state may tax only its fair share of a multi-interstate transaction. The internal consistency doctrine is separately analyzed under the apportionment test.

Attorney-Client Privileged

The driving concern here is that the prior definition of Services results in alternate taxes. (For example, if a seller is a remote seller of services delivering into Alaska, it is taxed on a destination-basis but if a seller is an Alaska seller of services, it is taxed on an origin basis.) A number of cases throughout the United States have struck down alternated taxes under the internal consistency doctrine.

For example, a New York State sales tax on services with alternate taxable events was struck down due to the internal consistency doctrine. New York imposed a sales tax on the gross receipts from the service of (i) picking up, (ii) transporting, and (iii) disposing of waste. The tax applied if any one of the three alternate taxable events occurred. The New York Tax Appeals Tribunal considered a case where the taxpayer's waste was picked up in New York and transported to Arkansas, where it was disposed by incineration.

The tribunal struck down the tax under the internal consistency doctrine. The tribunal observed that, on the assumption that every state had adopted New York's scheme, "Arkansas could also impose a tax on both the transportation and waste treatment charges paid by petitioner." The scheme would thereby subject the taxpayer to twice the tax imposed on an operation occurring only within New York with an identical volume of gross receipts.

3. <u>Conclusion</u>

The Commission amended the Code to clearly define remote Services so as to be taxed to the place of destination. This change is intended to resolve the risk that the Code inadvertently discriminates against remote sellers.

Re: Uniform Code Updates – March 2021

Over the months of December & January, Commission staff met weekly with representatives from member jurisdictions to discuss and work through numerous code updates that Commission staff have been accumulating over the last year. Many of these needed updates are more clerical in nature, but several are more substantive and will have a clear impact on the Commission and/or member jurisdictions.

Following is a breakdown of the more substantive updates that were agreed upon by the Code Update Working Group, including a brief justification / background of why the update is being recommended.

At its February 24, 2021 meeting	, the ARSSTC Board of Director	s formally approved the propose	d updates to the Uniform Code.

Code Section	Description	Justification / Background
Section 040(A)	Threshold calculation updated to include current year, not just previous calendar year.	Not as limiting a timeframe since there are now two time windows to be examined in determining threshold.
Section 050	Was the old Section 230; renamed section to more accurate description; included language for local sale.	No change to the original intent of this section. Section title better describes goal of section and inclusion of "local sale" better describes the type of transaction. "Local Sale" was also added as a new definition.
Section 080 A & B	Remove registration requirement for marketplace sellers who only sell on marketplaces.	Tax would already be collected by the marketplace, the seller would have nothing to report. Versions of this can be found in other states. Added affidavit requirement.
Section 080 (H)	Member jurisdiction business license clarification	Add language explaining that registration as remote seller satisfies jurisdiction business license requirements, but only if seller does not have physical presence in jurisdiction. Common question from sellers.
Section 090 (B)	Allow for annual filing frequency, dependent on member jurisdiction code allowances.	Will be modifying filing frequency change policy to only grant annual if no taxable sales.
Section 110 (A)	Clarifies rounding language	Specifies that only gross sales and exempt sales should be rounded.
Section 120 (C)	Interest on refund requests	Specifies that the Commission will not pay interest on refund requests.

Section 170 (A)	Late Filing fee language	Update late filing fee to max out at 4 months, same as penalty in C.
Section 170 (F)	Penalty Waivers	The code specifies the timeframe in which a waiver can be requested and limits the waiver to one a year. Waiver policy will be developed to fine-tune the number of waivers allowed and the circumstances that will qualify for a waiver.
Section 180	Remote Reseller Certificate	Codifies the existence of the remote reseller certificate
Section 240	Penalty cleanup / clarification	 Paragraph A was added to defer to member jurisdiction penalties if the member penalty is different. Removed old paragraph E on late filing fees since that is a duplicate of Section 170.
Section 260	Savings Clause	Provides discrimination protection.
Section 270 – Definitions		
	Local sale	Used in Section 050
	Marketplace	Used in conjunction with definition of marketplace seller, for purposes of Section 080
	Marketplace Seller	For purposes of Section 080
	Point of Delivery	Added paragraph C specific to POD for services
	Remote Seller	Cleaned up definition to focus on a seller making sales into jurisdiction where the seller does not have physical presence. Applies to both in-state & out of state sellers.
	Services	Updated definition to specify any service provided which is delivered into a member jurisdiction.

Other Changes throughout the Uniform Code

- Throughout the code the use of the term jurisdiction was updated to focus on either taxing jurisdiction or member jurisdiction. These definitions were updated such that taxing jurisdiction is just a jurisdiction in Alaska with a sales tax. Member jurisdiction is a taxing jurisdiction that has adopted the Uniform Code.
- Sections 100(C), 130(C), 150(E), and 200 were all standardized for a 3-year timeframe, instead of the varying years.

Re: Uniform Code Updates Adoption Process-March 2021

At its February 24th meeting, the ARSSTC Board of Directors approved the proposed updates to the Uniform Remote Seller Sales Tax code. Under the Intergovernmental Agreement, which all member jurisdictions passed by resolution, any updates or amendments to the Uniform Code must be adopted by member jurisdictions within 120 days of passage by the ARSSTC Board.

As you may recall, member jurisdictions were given the option of either adopting the Uniform Code in its entirety or adopting the Uniform Code by reference when the member first adopted the Uniform Code. The method by which a member originally adopted the Uniform Code will dictate what steps the member must now take to adopt these updates.

Original Adoption by Reference

A number of members originally adopted the Uniform Code by reference, with a clause similar to "as the code currently exists, and as may hereafter be amended". If you are a member that originally adopted the Uniform Code in this manner, you <u>do not</u> need to take any additional action to adopt these Uniform Code updates.

With that said, I found that several members adopted some modifications to their local sales tax code to better align with some of the provisions of the Uniform Code. If you still desire full alignment between your local sales tax code and the Uniform Code, you will want to examine these updates to check for continued alignment.

Original Adoption in its entirety

A majority of members originally adopted the Uniform Code in its entirety, adding the full text of the Uniform Code to their Code of Ordinances. These members will need to adopt the Uniform Code updates in the same manner within 120 days of passage by the ARSSTC Board as explained above.

Members who adopted modifications to their local sales tax code for better alignment with the original Uniform Code should review these updates to check for continued alignment in those desired areas.

Once your local governing body has adopted the updates, please forward a signed copy of the adopting ordinance to the ARSSTC for our records.

ADDENDUM A REMOTE SELLER SALES TAX CODE & COMMON DEFINITIONS

- **WHEREAS,** the inability to effectively collect sales tax on sales of property, products or services transferred or delivered into Alaska is seriously eroding the sales tax base of communities, causing revenue losses and imminent harm to residents through the loss of critical funding for local public services and infrastructure; and
- WHEREAS, the harm from the loss of revenue is especially serious in Alaska because the State has no income tax, and sales tax revenues are one of the primary sources of funding for services provided by local governments; and
- WHEREAS, the failure to collect sales tax on remote sales creates market distortions by creating an unfair tax advantage for businesses that limit their physical presence in the taxing jurisdictions but still sell goods and services to consumers, which becomes easier and more prevalent as technology advances; and
- WHEREAS, the failure to tax remote sales results in the creation of incentives for businesses to avoid a physical presence in the state and its respective communities, resulting in fewer jobs and increasing the share of taxes to those consumers who buy from competitors with a physical presence in the state and its cities; and
- WHEREAS, the structural advantages for remote sellers, including the absence of point-of-sale tax collection, along with the general growth of online retail, make clear that erosion of the sales tax base is and has been occurring; and
- WHEREAS, remote sellers who make a substantial number of deliveries into or have large gross revenues from Alaska benefit extensively from the Alaska market, affecting the economy as well as burdening local infrastructure and services; and
- WHEREAS, delivery of goods and services into local municipalities rely on and burden local transportation systems, emergency and police services, waste disposal, utilities and other infrastructure and services; and,
- WHEREAS, given modern computing and software options, it is neither unusually difficult nor burdensome for remote sellers to collect and remit sales taxes associated with sales into Alaska taxing jurisdictions; and
- WHEREAS, due to a recent decision by the United States Supreme Court and the lack of a state sales tax it is appropriate for the municipalities to collectively amend their sales tax codes to account for remote sellers who do not have a physical presence either in the State of Alaska or in a specific taxing jurisdiction, but do have a taxable connection with the State of Alaska or taxing jurisdiction; and
- WHEREAS, this ordinance is not retroactive in its application; and

- WHEREAS, this ordinance provides a safe harbor to those who transact limited sales in Alaska; and
- **WHEREAS,** amending local sales tax codes reflects the 2018 Supreme Court "*Wayfair*" decision to allow for the application of the taxing jurisdiction's sales tax code requirements to sellers without a physical presence in the State of Alaska or taxing jurisdiction; and
- **WHEREAS,** the intent is to levy municipal sales tax to the maximum limit of federal and state constitutional doctrines; and
- WHEREAS, the [insert name of municipality] has entered into a cooperative agreement with other local governments called the Alaska Intergovernmental Remote Seller Sales Tax Agreement ("the Agreement"); and
- WHEREAS, the terms of the Agreement require adoption of certain uniform provisions for collection and remittance of municipal sales tax applicable to sales made by remote sellers similar to the Streamlined Sales and Use Tax Agreement.

NOW, THEREFORE, it is enacted as follows:

Chapter _____ of the [fill in name] Code of Ordinances is hereby amended by adopting a new Chapter _____ to read as follows:

Sales Made by Remote Sellers: The Alaska Remote Sellers Sales Tax Code is an ordinance prepared by the Alaska Remote Seller Sales Tax Commission and hereby adopted by reference.

- B. The application of the tax <u>levied to be collected</u> under this Code shall be broadly construed and shall favor inclusion rather than exclusion.
- C. Exemptions from the tax levied-to be collected under this Code or from the taxing jurisdiction shall be narrowly construed against the claimant and allowed only when such exemption clearly falls within an exemption defined in this Code or in the membertaxing jurisdiction's Code.
- D. The scope of this Code shall apply to remote sellers or marketplace facilitators, delivering products or services <u>in</u>to Member municipalities adopting this Code, within the state of Alaska.

SECTION 020 - Title to Collected Sales Tax

The remote seller or marketplace facilitator remits collected sales tax to the Commission on behalf of the <u>membertaxing</u> jurisdiction, from whom that power is delegated, in trust for the <u>membertaxing</u> jurisdiction and is accountable to the Commission and <u>membertaxing</u> jurisdiction.

SECTION 030 - Imposition Collection - Rate

- A. To the fullest extent permitted by law, <u>thea</u> sales tax <u>is</u> levied and assessed <u>by the</u> <u>member jurisdiction shall be collected</u> on all remote sales where delivery is made within the <u>local taxing jurisdiction(s) that is a Membermember jurisdiction</u>, within the state of Alaska.
- B. The applicable tax shall be added to the sales price as provided in the member jurisdiction's sales tax code, based on Point of Delivery.
- C. The tax rate added to the sale price shall be the tax rate for the <u>membertaxing</u> jurisdiction(s) where the property or product is sold, or service that was rendered is received, and based on the date the property or product was sold or the date the service rendered was received.
- D. An Address and Tax Rate Database will be made available to remote sellers and marketplace facilitators, indicating the appropriate tax rate to be applied.
- E. The tax assessed shall be consistent with relevant jurisdictional tax caps, single unit sales, and exemptions.
- F. When a sale is made on an installment basis, the applicable sales tax shall be collected at each payment, calculated at the sales tax rate in effect, and with the cap applied, at the time of the original sale or the date the service is rendered, based on the <u>memberlocal</u> jurisdictions' Code(s).
- G. When a sales transaction involves placement of a single order with multiple deliveries made at different points in time that are separately invoiced, the applicable sales tax shall be collected on each separately invoiced delivery, calculated at the sales tax rate in effect, and with the cap applied, at the time of the original sale or the date the service is rendered.

SECTION 040 - Obligation to Collect Tax - Threshold Criteria

- A. Any remote seller or marketplace facilitator must collect and remit sales tax in compliance with all applicable procedures and requirements of law, provided the remote seller or marketplace facilitator has met one of the following Threshold Criteria ("Threshold Criteria") in the <u>current or</u> previous calendar year:
 - The remote seller's statewide gross sales, including the seller's marketplace facilitator's statewide gross sales, from the sale(s) of property, products or services delivered into the state meets or exceeds one hundred thousand dollars (\$100,000); or
 - 2. The remote seller, including the seller's marketplace facilitator, sold property, products, or services delivered into the state in two hundred (200) or more separate transactions.
- B. For purposes of determining whether the Threshold Criteria are met, remote sellers or marketplace facilitators shall include all gross sales, from all sales of goods, property, products, or services rendered within the state of Alaska.

SECTION 050 - Reporting and remittance requirements for local and remote sales

- <u>A.</u> Sellers with a physical presence in a member jurisdiction conducting only local sales shall report and remit to, and comply with standards of, including audit authority, the member jurisdiction.
- B. Sellers with a physical presence in a member jurisdiction that also have remote or internetbased sales where the Point of Delivery is in a different Member Jurisdiction shall (i) report and remit the remote or internet sales to the Commission; and ii) report and remit the local sales to the Member Jurisdiction.
- C. Sellers with a physical presence in a Member Jurisdiction that also have remote or internet-based sales where the Point of Delivery is in the same Member Jurisdiction shall report and remit those remote sales to the Member Jurisdiction.
- D. Sellers and marketplace facilitators that do not have a physical presence in a Member Jurisdiction must report and remit to the Commission all remote sales where the Point of Delivery is in a Member Jurisdiction.
- E. A marketplace facilitator is considered the remote seller for each sale facilitated through its marketplace and shall collect, report, and remit sales tax to the Commission. A marketplace facilitator is not considered to be the remote seller for each sale or rental of lodging facilitated through its marketplace, wherein the seller is considered to have a physical presence in the member jurisdiction.

SECTION 0650. – No Retroactive Application

The obligations to collect and remit sales tax required by this chapter are applicable at the effective date of the <u>member jurisdiction's</u> ordinance adopting the Alaska Remote Seller Sales Tax Code.

SECTION 0760 - Payment and Collection

Pursuant to this Code, taxes imposed shall be due and paid by the buyer to the remote seller or marketplace facilitator at the time of the sale of property or product or date service is rendered,

or with respect to credit transactions, at the time of collection. It shall be the duty of each remote seller or marketplace facilitator to collect the taxes from the buyer and to hold those taxes in trust for the taxing authority of the <u>membertaxing</u> jurisdiction. Failure by the remote seller or marketplace facilitator to collect the tax shall not affect the remote seller's, or marketplace facilitator's, responsibility for payment to the Commission.

SECTION 0870 – Remote Seller and Marketplace Facilitator Registration Requirement

- <u>A.</u> If a remote seller's gross statewide sales within the last calendar year meets or exceeds the Threshold Criteria from Section 040, the remote seller shall register with the Commission. If the remote seller is a marketplace seller and only makes sales in Alaska through a marketplace, the marketplace seller is not required to register with the Commission. The marketplace seller must submit an affidavit attesting to these facts on a form provided by the Commission.
- A.B. If a marketplace facilitator's gross statewide sales within the last calendar year meets or exceeds the Threshold Criteria from Section 040, the marketplace facilitator shall register with the Commission.
- **B.C.** A remote seller or marketplace facilitator meeting the Threshold Criteria shall apply for a certificate of sales tax registration within thirty (30) calendar days of the effective date of this Code or within thirty (30) calendar days of meeting the Threshold Criteria whichever occurs second. Registration shall be to the Commission on forms prescribed by the Commission.
- C.D. An extension may be applied for and granted based on criteria established by the Commission, based on evidence produced to describe time necessary to update software or other technical needs, not to exceed ninety (90) days.
- D.E. Upon receipt of a properly executed application, the Commission shall confirm registration, stating the legal name of the remote seller or marketplace facilitator, the primary address, and the primary sales tax contact name and corresponding title. The failure of the Commission to confirm registration does not relieve the remote seller or marketplace facilitator of its duty to collect and remit sales tax.

E.F. Each business entity shall have a sales tax registration under the advertised name. G. The sales tax certificate is non-assignable and non-transferable.

F.H. The sales tax certificate satisfies a member jurisdiction's requirement to obtain a municipal business license, provided the remote seller does not have a physical presence in that member jurisdiction.

SECTION 0980 - Tax Filing Schedule

- A. All remote sellers or marketplace facilitators subject to this Code shall file a return on a form or in a format prescribed by the Commission and shall pay the tax due.
- B. Filing of sales tax returns are due monthly; quarterly or less frequent filing is optional upon application and approval by the Commission, consistent with the code of the <u>memberlocal</u> jurisdiction.
- C. A remote seller or marketplace facilitator who has filed a sales tax return will be presumed to be making sales in successive periods unless the remote seller or marketplace facilitator files a return showing a termination or sale of the business in accordance with this Code.
- D. The completed and executed return, together with the remittance in full for the tax due,

shall be transmitted to and must be received by the Commission on or before midnight Alaska Standard Time on the due date. Monthly returns are due the last day of the immediate subsequent month. Quarterly returns are due as follows:

····· • • • • • • • • • • • • • • • • •	
Quarter 1 (January – March)	April 30
Quarter 2 (April – June)	July 31
Quarter 3 (July – September)	October 31
Quarter 4 (October – December)	January 31

- E. If the last day of the month following the end of the filing period falls on a Saturday, Sunday, federal holiday or Alaska state holiday, the due date will be extended until the next business day immediately following.
- F. Any remote seller or marketplace facilitator holding a remote seller registration shall file a sales tax return even though no tax may be due. This return shall show why no tax is due. If the remote seller or marketplace facilitator intends to continue doing business a return shall be filed reflecting no sales and a confirmation of the intent to continue doing business and shall continue to do so each filing period until the entity ceases doing business or sells the business. If the remote seller or marketplace facilitator intends to cease doing business, a final return shall be filed along with a statement of business closure.
- G. The remote seller or marketplace facilitator shall prepare the return and remit sales tax to the Commission on the same basis, cash or accrual, which the remote seller or marketplace facilitator uses in preparing its federal income tax return. The remote seller or marketplace facilitator shall sign the return, and transmit the return, with the amount of sales tax and any applicable penalty, interest or fees that it shows to be due, to the Commission.
- H. Remote sellers and marketplace facilitators failing to comply with the provisions of this Code shall, if required by the Commission and if quarterly filing has been chosen, file and transmit collected sales taxes more frequently until such time as they have demonstrated to the Commission that they are or will be able to comply with the provisions of this Code. Six (6) consecutive on-time sales tax filings, with full remittance of the sales taxes collected, shall establish the presumption of compliance and return to quarterly filing.
- I. The preparer of the sales tax return shall keep and maintain all documentation supporting any and all claims of exempted sales and purchases. Documentation for exempted sales should include the number of the exemption authorization card presented by the buyer at the time of the purchase; the date of the purchase; the name of the person making the purchase; the organization making the purchase; the total amount of the purchase; and the amount of sales tax exempted. This documentation shall be made available to the Commission upon request. Failure to provide such documentation may invalidate that portion of the claim of exemption for which no documentation is provided.

SECTION 09100 – Estimated Tax

A. In the event the Commission is unable to ascertain the tax due from a remote seller or marketplace facilitator by reason of the failure of the remote seller or marketplace facilitator to keep accurate books, allow inspection, or file a return, or by reason of the

remote seller or marketplace facilitator filing a false or inaccurate return, the Commission may make an estimate of the tax due based on any evidence in their possession.

- B. Sales taxes may also be estimated, based on any information available, whenever the Commission has reasonable cause to believe that any information on a sales tax return is not accurate.
- C. A remote seller's or marketplace facilitator's tax liability under this Code may be determined and assessed for a period of sixthree (63) years after the date the return was filed or due to be filed with the Commission. No civil action for the collection of such tax may be commenced after the expiration of the six-three (63-) year period except an action for taxes, penalties and interest due from those filing periods that are the subject of a written demand or assessment made within the six-(6)three (3) year period, unless the remote seller or marketplace facilitator waives the protection of this section.
- D. The Commission shall notify the remote seller or marketplace facilitator, in writing, that the Commission has estimated the amount of sales tax that is due from the remote seller or marketplace facilitator. The Commission shall serve the notice on the remote seller or marketplace facilitator by delivering the notice to the remote seller's or marketplace facilitator's place of business, or by mailing the notice by certified mail, return receipt requested, to the remote seller's or marketplace facilitator who refuses the certified mail will be considered to have accepted the certified mail for purposes of service.
- E. The Commission's estimate of the amount of sales tax that is due from a remote seller or marketplace facilitator shall become a final determination of the amount that is due unless the remote seller or marketplace facilitator, within thirty (30) calendar days after service of notice of the estimated tax:
 - Files a complete and accurate sales tax return for the delinquent periods supported by satisfactory records and accompanied by a full remittance of all taxes, interest, penalties, costs and other charges due; or
 - 2. Files a written notice with the Commission appealing the estimated tax amount in accordance with the appeal procedures, <u>under the provisions of section .160 of this chapter.</u>-
 - 3. Arguments or reasons for failure to timely file a return and remit taxes collected shall not be considered a valid basis or grounds for granting an appeal. The basis and grounds for granting an appeal of an assessment are:
 - a. The identity of the remote seller or marketplace facilitator is in error;
 - b. The amount of the debt is erroneous due to a clerical error (and the nature and extent of the error is specified in the request for appeal); or
 - c. The remote seller or marketplace facilitator disputes the denial of exemption(s) for certain sales.
- F. The amount of sales tax finally determined to be due under this section shall bear interest and penalty from the date that the sales tax originally was due, plus an additional civil penalty of fifty dollars (\$50) for each calendar month or partial month for which the amount of sales tax that is due has been determined.

SECTION 1010 - Returns - Filing Contents

A. Every remote seller or marketplace facilitator required by this chapter to collect sales tax shall file with the Commission upon forms furnished by the Commission a return setting forth the following information with totals rounded to the nearest dollar:

- C. The Commission reserves the right to reject a filed return for failure to comply with the requirements of this Code for up to three (3) months from the date of filing. The Commission shall give written notice to a remote seller or marketplace facilitator that a return has been rejected, including the reason for the rejection.

SECTION 1120 - Refunds

- A. Upon request from a buyer or remote seller or marketplace facilitator, the Commission shall provide a determination of correct tax rate and amount applicable to the transaction. In the case of an overpayment of taxes, the remote seller or marketplace facilitator shall process the refund and amend any returns accordingly.
- **B.** If the claimant is a remote seller or marketplace facilitator, and the tax refund is owed to any buyer, the remote seller or marketplace facilitator submits, and the Commission approves, a refund plan to all affected buyers.

B.C. Interest will not be paid on tax refund requests filed with the Commission.

C.D. The <u>Member</u> Jurisdictions may allow a buyer to request a refund directly from the <u>TaxingMember</u> Jurisdiction.

SECTION 1320 - Amended Returns

- A. A remote seller or marketplace facilitator may file an amended sales tax return, with supporting documentation, and the Commission may accept the amended return, but only in the following circumstances:
 - i. The amended return is filed within one (1) year of the original due date for the return; and
 - ii. The remote seller or marketplace facilitator provides a written justification for requesting approval of the amended return; and
 - iii. The remote seller or marketplace facilitator agrees to submit to an audit upon request of the Commission.

Upon written application of a remote seller or marketplace facilitator, stating the reasons therefor, the Commission may extend the time to file a sales tax return but only if the Commission finds each of the following:

- 1. For reasons beyond the remote seller's or marketplace facilitator's control, the remote seller or marketplace facilitator has been unable to maintain in a current condition the books and records that contain the information required to complete the return;
- 2. Such extension is a dire necessity for bookkeeping reasons and would avert undue hardship upon the remote seller or marketplace facilitator;
- 3. The remote seller or marketplace facilitator has a plan to cure the problem that caused the remote seller or marketplace facilitator to apply for an extension and the remote seller or marketplace facilitator agrees to proceed with diligence to cure the problem;
- 4. At the time of the application, the remote seller or marketplace facilitator is not delinquent in filing any other sales tax return, in remitting sales tax to the Commission or otherwise in violation of this chapter;
- 5. No such extension shall be made retroactively to cover existing delinquencies.

SECTION 1540 - Audits

- A. Any remote seller or marketplace facilitator who has registered with the Commission, who is required to collect and remit sales tax, or who is required to submit a sales tax return is subject to a discretionary sales tax audit at any time. The purpose of such an audit is to examine the business records of the remote seller or marketplace facilitator in order to determine whether appropriate amounts of sales tax revenue have been collected by the remote seller or marketplace facilitator.
- B. The Commission is not bound to accept a sales tax return as correct. The Commission may make an independent investigation of all retail sales or transactions conducted within the State or <u>membertaxing</u> jurisdiction.
- C. The records that a remote seller or marketplace facilitator is required to maintain under this chapter shall be subject to inspection and copying by authorized employees or agents of the Commission for the purpose of auditing any return filed under this chapter, or to determine the remote seller's or marketplace facilitator's liability for sales tax where no return has been filed.
- D. In addition to the information required on returns, the Commission may request, and the remote seller or marketplace facilitator must furnish, any reasonable information deemed necessary for a correct computation of the tax.
- E. The Commission may adjust a return for a remote seller or marketplace facilitator if, after investigation or audit, the Commission determines that the figures included in the original return are incorrect, and that additional sales taxes are due; and the Commission adjusts the return within three-two (23) years of the original due date for the return.
- F. For the purpose of ascertaining the correctness of a return or the amount of taxes owed when a return has not been filed, the Commission may conduct investigations, hearings

and audits and may examine any relevant books, papers, statements, memoranda, records, accounts or other writings of any remote seller or marketplace facilitator at any reasonable hour on the premises of the remote seller or marketplace facilitator and may require the attendance of any officer or employee of the remote seller or marketplace facilitator. Upon written demand by the Commission, the remote seller or marketplace facilitator shall present for examination, in the office of the Commission, such books, papers, statements, memoranda, records, accounts and other written material as may be set out in the demand unless the Commission and the person upon whom the demand is made agree to presentation of such materials at a different place.

- G. The Commission may issue subpoenas to compel attendance or to require production of relevant books, papers, records or memoranda. If any remote seller or marketplace facilitator refuses to obey any such subpoena, the Commissioner may refer the matter to the Commission's attorney for an application to the superior court for an order requiring the remote seller or marketplace facilitator to comply therewith.
- H. - I. After the completion of a sales tax audit, the results of the audit will be sent to the business owner's address of record.
- J. In the event the Commission, upon completion of an audit, discovers more than five hundred dollars (\$500) in additional sales tax due from a remote seller or marketplace facilitator resulting from a remote seller's or marketplace facilitator's failure to accurately report sales and taxes due thereupon, the remote seller or marketplace facilitator shall bear responsibility for the full cost of the audit. The audit fee assessment will be in addition to interest and penalties applicable to amounts deemed to be delinquent by the Commission at the time of the conclusion of the audit.

SECTION 1650 - Audit or Estimated Tax protest

- A. If the remote seller or marketplace facilitator wishes to dispute the amount of the estimate, or the results of an examination or audit, the remote seller or marketplace facilitator must file a written protest with the Commission, within thirty (30) calendar days of the date of the notice of estimated tax or results of an audit or examination. The protest must set forth:
 - 1. The remote seller's or marketplace facilitator's justification for reducing or increasing the estimated tax amount, including any missing sales tax returns for the periods estimated; or
 - The remote seller's or marketplace facilitator's reasons for challenging the examination or audit results.
- B. In processing the protest, the Commission may hold an informal meeting or hearing with the remote seller or marketplace facilitator, either on its own or upon request of the remote seller or marketplace facilitator, and may also require that the remote seller or marketplace facilitator submit to an audit, if one was not previously conducted or a more formal audit, if an estimation audit was previously performed.
- C. The Commission shall make a final written determination on the remote seller's or marketplace facilitator's protest and mail a copy of the determination to the remote

seller or marketplace facilitator.

D. If a written protest is not filed within thirty (30) days of the date of the notice of estimated tax or the result of a review, audit or examination, then the estimated tax, review, audit or examination result shall be final, due and payable to the Commission.

SECTION 1760 – Penalties and Interest for Late Filing

- A. A late filing fee of twenty-five dollars (\$25) per month, or fraction thereof, shall be added to all late-filed sales tax reports, until a total of one-hundred dollars (\$100) has been reached. - F. A penalty assessed under this section for the delinquent remittance of sales tax or failure to file a sales tax return may be waived by the Commission, upon written application of the remote seller or marketplace facilitator accompanied by a payment of all delinquent sales tax, interest and penalty otherwise owed by the remote seller or marketplace facilitator, within forty-five (45) calendar days after the date of delinquency. A remote seller or marketplace facilitator may not be granted more than one (1) waiver of penalty under this subjection in any one calendar year, in accordance with the Commission's penalty waiver policy. The Commission shall report such waivers of penalty to the taxingmember jurisdiction, in writing.

A RESOLUTION REALLOCATING UNUSED FUNDS ORIGINALLY ALLOCATED BY R-20-12-03 TO COVER THE SALARY AND BENEFITS FOR THE EXTENSIONS HOMESCHOOLING TEACHER OF RECORD

WHEREAS, it's in the City of Nome's interest to limit the draws on Nome Public Schools fund balance;

To: Mayor Handeland, The Nome City Council and City Manager Glenn Steckman

Re: Re-allocation Request for CARES Act Funding

Dear Mayor Handeland, Honorable Members of the City Council, and Mr. Steckman:

Nome Public Schools would like to request that any unused funding from the CARES Act allocation dated December 14, 2020 from Resolution R-20-12-03 be permitted to be used to cover the salary and benefits for the Extensions HomeschoolingTeacher of Record.

The District originally requested \$29,500 to cover the initially unbudgeted costs for an assistant for the homeschooling program due to the rapid growth of the program in response to the COVID-19 pandemic. However, as the year has progressed, the number of hours for this individual have dwindled as the initial increase in enrollment paperwork has passed, and the newer families have required less support as they became more adept in understanding how to develop and implement an educational program for their children. As a result, the amount originally requested will not be spent in full by the end of the year.

The District is requesting that the leftover funding be permitted to offset the increase for the Homeschooling Teacher of Record Position from 0.5 FTE to 1.0 FTE, which also meant the staff member became eligible to participate in the District's health insurance program, 85% of the cost of which is borne by the District. These additional costs are currently being paid out of general funds.

In light of the District's current budget already requiring a significant draw on the Fund Balance, returning unspent funds to the City will create some additional hardship for the District's future financial position. As such, we respectfully request a re-allocation of the funding as opposed to returning unspent funds for the original purpose at the end of the school year.

Thank you in advance for your consideration of our request.

RE: Manager's Report

Animal Control:

The City working with State Wildlife officials had 35 fox trapped euthanized in and around Nome. In addition to this effort, twelve household pets were vaccinated. Another vaccination clinic is being considered.

Travel Guidelines:

Travel guidelines were amended to allow vaccinated individuals to avoid testing at the airport. While travelers are still encouraged to test, most passengers are proceeding without testing. Anecdotally, it appears 60% + of arriving passengers are vaccinated on arrival. NSHC is still requiring their employees to test at the airport.

Snow Removal:

Over 155,000 cubic yards of snow, as of last week, have been removed from city roads. Private haulers have moved an additional 64,000 cubic yards of snow to the City's snow dump facilities. With more snow coming and continuing frigid weather, city crews and private contractors may be working well into late April.

City crews will be moving snow away from areas that we anticipate possible flooding when the snow melt begins.

\$171,000 Grant:

The City secured a grant for delivery of COVID related prevention and medical services. This grant will pay for any city costs incurred at the airport, PPE material for city and business use, funding for the Community Center for housing for homeless and funds for NSHC for health equity services. Health Equity services are for those in need in our community. This grant was aimed towards municipalities.

Vaccinations:

The City will continue to work with the hospital to offer vaccinations at City Hall. This plan has worked well and the hospital requested to continue this outreach. As of Monday, 71% of the Nome population, 16 years and older, has been vaccinated.

Bering Street Repaving:

A meeting was held by ADOT for interested parties on the repaving and streetscaping of Bering St. The project is scheduled for this summer and will result in disruption of traffic flow during the construction process.

CC: Mayor Handeland & Common Council; Port Commission

- Date: March 18, 2021
- Re: Monthly PD Report/Capital Projects Update March 2021

Administrative:

Staff continue efforts with FY22 budget preparation, capital projects planning, collections, impounds, tuning up stats, grant reporting and application and reconciling work-in-kind expenses with the Corps. The Port Commission will have a Regular Meeting on Thursday, 18 Mar 2021 to discuss the status of port-related projects, including identifying the best onshore locations to dispose of dredge spoils from the CAP 107 harbor project, along with the Port expansion – both are Corps cost-share projects.

Causeway:

Arctic Deep Draft Port – Modification Feasibility Study (MFS):

The Alaska District has obtained their federal share of the Preconstruction, Engineering & Design (PED) funds from the FY21 Army Corps Work Plan budget. The City's cost-share of \$900K for the General Navigation Features (GNF) is being funded by an FY19 state legislative grant.

A Design Agreement and associated certification documents for the PED phase are currently being executed between the City and the Corps. Once signed, this document will inform the initiation of the design project team and scheduling of a charrette in April/May to gather input on the selected design alternative.

• Anyone with questions on this project can call 907-304-1905 or email <u>jbaker@nomealaska.org</u>, and further info on the project study is located on the Port of Nome page at <u>www.nomealaska.org</u>.

Sediment at Causeway Bridge:

Alaska Marine Excavation is scheduled to begin their annual maintenance dredging in early June 2021. The option for the removal of the sediment at the Causeway Bridge has been exercised by the contractor, with the scope of work and schedule being confirmed at the end of March. (All federal funds)

Anode Replacement Project:

Global Diving & Salvage is in the process of procuring materials and equipment, and lining out personnel to get mobed to the site and start the work in May. Harbormaster is coordinating with the project manager to ensure minimal interference with vessel traffic. (This project is funded by F21 P&H Budget)

Harbor:

Inner Harbor CAP 107 Study (Deepen/Widen the Inner Basin):

This project continues to move forward with monthly team meetings and sidebar discussions to capture data needed for the economic, environmental, cultural, real estate, hydraulics and planning to formulate the feasibility report. City staff and consultants remain engaged with the project team to ensure accuracy of the data and supporting information needed to justify the project. (A state legislative grant supports the City's cost-share requirement.)

Concrete Launch Ramp Replacement Project:

The efforts to obtain additional funds from EDA were successful, along with an increased contribution from the City for a total of \$377K, and the existing \$300K NSEDC grant allocated to the project, the Launch Ramp project was awarded by the Council on 16 Mar 2021 to STG Inc. The contractor is busy submitting required documents in order to execute the contract in the next few days so materials can be ordered for meeting the first barge sailings.

Snake River Moorage & Vessel Haulout Facility:

The Council approved an application to the USDOT INFRA grant program on 16 Mar 2021, in conjunction with a combined commitment of in-kind services and cash equal to 20% of the application. The cash contribution includes a \$200K commitment from Nome Eskimo Community (NEC) as a co-applicant to the project. We are thankful that NEC continues to support our project application to grow the facility. We also have numerous support letters from organizations like; SNC and NSEDC, along with most our main cargo, gravel and fuel operators.

Port Industrial Pad:

West Nome Tank Farm (Property Conveyance):

The City awaits response from the USAF regarding their discussions with ADEC on land use controls and longterm access agreements relating to the property conveyance. We anticipate a teleconference with the USAF and environmental agencies in the next few months to resolve any concerns in the conveyance agreement.

Port Rd. Improvements (ADOT Project cost-shared with City/Port):

Under contract to ADOT, PDC Engineers is working to update the final draft of the drawings in order for ADOT to circulate for the last stakeholder review. Documents will be provided to the Commission when received.
