QUESTIONS FROM THE PUBLIC

Guest stated that her group is interested in trying to encourage the complication of the recommendations and turn them into ordinances regarding the Mayors Climate Protection Agreement. She asked which one would be the highest priority to the group. The group asked her if she had one that she would like prioritized. She stated that she reviewed the 2018 version so she would have to look over the new one. The group explained that they are hoping that by the end of it, they will be prioritized meaning that the first 3 recommendations are the ones that the group feels are most important. The group does appreciate the public's input on this.
