AGENDA ITEMS

1. PRESENTATION AND DISCUSSION ON THE RDG MAIN STREET CAMPUS MASTER PLAN AND A REQUEST FROM LE MONDE INTERNATIONAL SCHOOL CURRENTLY LOCATED ON THE OKLAHOMA DEPARTMENT OF MENTAL HEALTH AND SUBSTANCE ABUSE PROPERTY.

Mr. Marty Shukert with RDG Planning and Design gave a presentation on concepts for a new neighborhood for Norman where he:

- Explained that the plan is not a final master plan but a set of guiding principles, concepts, and illustrative ideas for the Griffin Hospital site.
- Highlighted the site's importance as a potential bridge between the east and west sides of Norman.
- Identified opportunities for urban-density development, affordability, varied housing forms, and reduced pressure on historic neighborhoods.
- Noted the arts community's long-standing interest in the chapel and opportunities for cultural uses.

Item 1, continued:

- Reviewed five site concepts, with concept 3 and concept 5 refined for consideration:
 - Concept 3 – More orderly street grid, higher-density opportunities, structured parking.
 - Concept 5 – Lower-rise multifamily, entirely surface-parked, more irregular layout.
- Outlined next steps: partnership between the State and City, site conveyance, developer selection, master plan and financing plan (likely using TIF), entitlements, and phased development.

Councilmember Hinkle:

- Leaned toward concept 3 due to its strong street grid and clear pedestrian/traffic flows.
- Supported pedestrian connections, particularly to the soccer complex, and suggested stronger links between the town square and sunken area.

Councilmember Nash:

- Noted both concepts have significant overlap and can advance development.
- Suggested financing limitations (particularly TIF structure) be evaluated before selecting a final concept.

Council Discussion:

- Several members agreed with favoring concept 3 for density and organization.
- Others noted appreciation for irregularity in concept 5 but acknowledged concept 3's stronger layout.
- Emphasized flexibility: density may vary by location (Robinson/12th Ave. vs. interior areas).
- Stressed these are illustrative templates, not binding development requirements.

Mr. Darrel Pyle, City Manager:

- Noted State Department of Mental Health's interest in selling property and reinvesting proceeds into behavioral health capacity.
- Suggested preliminary plats could help divide property into marketable parcels while hospital operations continue.
- Emphasized State willingness to work with the City on TIF designation.

Discussion on LeMonde International School:

- Councilmembers and staff reported that LeMonde School expressed interest in remaining on-site and potentially constructing a new facility as part of redevelopment.
- Councilmembers voiced general support for including Le Monde in the planning process.
- Noted the school's status as a public charter (tax-exempt), meaning its footprint would not generate property tax increment.
- Strong preference expressed for an urban-style school design (similar to John Rex in Oklahoma City) rather than suburban-style with extensive surface parking.

Item 1, continued:

- School representative thanked Council for consideration, noting enrollment growth and need for long-term certainty.

Councilmembers leaned toward concept 3 as the preferred framework but agreed further evaluation should continue in CPTC Committee before a final recommendation. Consensus to include LeMonde International School in the long-term master plan process.

2. DISCUSSION REGARDING THE PURCHASE OF THE GRIFFIN SOCCER PARK.

Ms. Kim Coffman, Budget Manager, gave a presentation regarding the Griffin Soccer Park Purchase.

- Provided background on the Griffin Soccer Park purchase proposal (Item 29 on the evening agenda).
- Clarified the park is north of Robinson Street, not inclusive of Sutton Wilderness or Francis Kate Park.
- Reviewed history:
 - 2014 legislation allowed ODMHSAS to sell the property.
 - 2018 lease agreement established \$80,000 annual lease payments with option to apply payments toward purchase.
 - Original \$10M purchase estimate reduced to \$2.4M.
- Noted \$500,000 has already been paid under the lease, reducing the balance.
- Proposed purchase cost: \$3,306,811, funded through:
 - \$1.9M from remaining Griffin Park lease allocation
 - \$220,000 from soccer park remodel project savings
 - \$686,811 from capital fund reallocations/delays
- Reviewed Norman Forward fund balance (\$9.8M) and remaining projects.

Councilmember Hinkle:

- Asked whether projects had to be cut to fund purchase.
- Ms. Coffman clarified no projects were cut; some capital projects were delayed.

Mr. Darrel Pyle, City Manager:

- Confirmed Land Trust Board of Trustees approved the request to sell.
- Expressed appreciation for financial work allowing City to move forward.

Council supported moving forward with the Griffin Soccer Park purchase using the proposed funding plan.
