#### THE BBT BANK AS NEW CITY HALL ????

First of all. Very brazen to put up a sign already future home of city hall when it hasn't even gotten approved yet!

Are you ready for increased taxes to support in a 1.5 million dollar spending after purchase and renovation when we have a remodeled city hall already??? Many of our council members are against this!!

Show up July 11 to town meeting to show our town we're against such frivolous spending. Or sign the petition snd share!!!

Btw. If we can go 1.5 on a new building just to show off.... how about a city pool or things we can all enjoy and need ??1!

Awhile back it was a option of buying that building for 300K and it just appraised for 454K and there buying it for 675K that is just crazy and it still isn't big enough for City!

the building there in now is almost 3 times the size plus they wanted the amphitheater to be near City Hall Also what will happen to the old building they can't do anything with. Alot of questions the 4 of them won't or can't answer

Subject Letter Assessing Value of Proposed City Hall

#### **Councilman Perry:**

Thank you again for inviting me to visit the former bank building.

While I cannot assess the value set by the sellers and their agents to a marked degree, I can offer an assessment of other measures as regards investment in this important structure. Here are three points I can provide as a professional working with landmark properties.

- 1. The building is a civic structure of the highest order, suitable in style and function to house an institution as publicly important as a bank or government office. It is designed for such a purpose, and any repurposing can be achieved swiftly and at little expense. Its design is functionally and aesthetically matched to this purpose.
- 2. The building provides modern public accommodation that the current city hall cannot reasonably achieve. Its large, open lobby and high visibility invite participation in municipal governance. Its accessibility and parking availability accommodates citizens who require wheelchair access and those whose mobility is otherwise compromised.
- 3. Prominent on Main Street at the heart of the city, the building sets the stage for the community's growth and establishes Oak Hill as the largest municipality in the region and one of the largest in the state. Concerning the economy of the city's downtown, occupancy by the most public government offices would be of great benefit.

In my professional opinion, this is an ideal opportunity for the city to invest in a building that will benefit the public for many years.

# The Man in the Arena

It is not the critic that counts; not the man who points out how the strong man stumbles; or where the doer of deeds could have done them better.

The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory or defeat. "
