Discussions

1. Consideration of a Hotel-Motel Funding Application from Williams Center for the Arts in the amount of \$1,500.00

Seeders asked that Doug McFarland be invited to another meeting as the committee had several questions.

Fisk was not in favor of the funding as the community should support the organization, and city tax dollars.

Cantrell was in favor of having another meeting to the Williams Center questions.

Fisk wanted to know how much assistance they had received through the federal government.

Seeders motioned; Cantrell seconded to wait on a decision until a meeting with the Williams Center can take place.

Mulfinger let the committee know that he will invite Doug McFarland to a meeting and work through the questions with the committee.

Adjournment

Meeting was adjourned at 5:45 P.M.

Dylan Mulfinger, City Administrator
