Old Business:

None

New Business:

1. Welcome and Introductions

2. Vision of the WWV: Members discussed the long-term vision of the Williams Wellness Center and its impact on the community.

3. Budget & Sustainability: It was advised by committee members that the current director should be privy to the WWC budget(s) held in combination by the city and school so that operations can continue efficiently with budgetary planning in mind. Before major budget discussions continue, the group advised that who holds the position of director be made clear, as it was unknown if Eser was the director or the current Oelwein Schools Athletic Director holds the position.

4. Facility & Equipment Priorities: Members discussed the flooring update, granted through the Northeast Iowa Charitable Foundation, and the timeline on the project. Roof discussion on replacement of sections was brought up briefly. Equipment upkeep and swaps brought forth the discussion about the director overseeing the budget, and Eser told the group how typical upgrades/repairs work for the Center.

5. Goals of the WWC: Before the next meeting, the group decided to ensure that who holds the director's position is made clear and that a budget is provided to that position holder. All members brainstormed potential outreach and programming opportunities that could benefit the Center.

6. Committee Structure & Meeting Frequency: It was decided that the group will meet monthly in the evenings, with dates to be announced.
