Discussions

Seeders absent. Cantrell, Fisk, Mulfinger, and DeVore Present

Mulfinger stated that they would start with 125 7th and 125 6th as the owner was present. Mulfinger said that the city was considering acquiring all properties from the investor as a package deal.

Fisk stated that he did not want to make the decision without the full committee. Cantrell agreed and wanted to push off the discussion on 125 7th and 125 6th.

Mulfinger let the committee know that the rest of the properties were ready for demolition, however money was short in the fund, but reserves could be used, and would be appropriate.

Cantrell motioned to send the remaining properties to council for approval using reserve funds. Fisk seconded, all stated I.

A discussion took place and the council members determined that \$5,000 was most appropriate for the celebration as not enough information was provided to the committee. Cantrell said they could apply again should more funds be needed. Cantrell motioned to send the recommended amount of \$5,000 to City Council. Fisk seconded, all stated I.

Adjournment 5:25

Dylan Mulfinger, City Administrator
