Discussions

1. Discussion on snow removal appeal request

DeVore voiced his concerns that property owners are always responsible for snow removal even if it is a rental.

Seeders said this is one of the responsibilities of property owners.

Weber noted that the owner had multiple days to remove snow between notices from the City.

Weber motioned to deny the appeal and send the official decision to the March 8 meeting. Seeders seconded.

Motion passed 6-0

Mulfinger talked about the code and changes that need to be made. Mulfinger did not want to see an appeal option to council as it was a waste of time, because if staff makes any mistakes they do not charge. Changes also needed to be made to the process as it required council to approve all charges, which is not something that is done with weed ordinance. Mulfinger would continue to look into the code and provide changes in the future.

Adjournment

The meeting adjourned at 6:00 P.M.

Dylan Mulfinger, City Administrator
