Discussions

1. Discussion on Williams Center for the Arts Hotel Motel Application in the amount of \$1,500.

Payne was present electronically.

Seeders opened the meeting as chair.

Seeders asked why the new balance for the year was lower than most years

Weber mentioned the payout for the theater seats.

Mulfinger confirmed that large payouts including the theater had brought down the balance. In a normal year, the city would start with zero for a balance.

Weber motioned to recommend approval of \$1,500 to City Council. Seeders seconded. All were in favor.
