Roll Call

Present: Weber, Lenz, Garrigus, Ricchio, Seeders, Payne

Also Present: Mayor DeVore, City Administrator Mulfinger

Property Owners Present: Campbell, Fox, Milks

Absent: NA

Pledge of Allegiance

Discussions

1. Presentation from Julie Neebel, Origin Design, on the 10th Street Bridge project.

Neebel presented the bridge design to the city council. Neebel also discussed easements needed for the project with property owners who were present.

Neebel showed the bridge with a sidewalk for future trail expansion, and the design of the railing.

The city council agreed a decorative railing would be ideal and it should be close to the design of North Frederick.

Neebel showed the size of the bridge, and how it would be larger than the current bridge. The design took into account the need to not cause any type of extra backup of flood water
