## Discussions

### 1. Trash and Recycling Fees Discussion.

City Administrator Mulfinger discussed the issues the auditor has with the current fee structure. Mulfinger stated going to a flat fee is not as clear cut as most services in the city.

Stewart question industrial users and how they are charged.

Mulfinger explained to Council he could not figure out how the current charges were calculated and how a person with one container is expensive compared to a 40 yard roll off dumpster.

Council discussed moving to a flat fee was not ideal and that other ideas should be presented to council.
