City of Oelwein

Office of The Mayor

IN THE NAME AND BY THE AUTHORITY OF THE CITY OF OELWEIN, IOWA

Proclamation

Whereas, In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and Arbor Day is now observed throughout the nation and the world, and trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife, and trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community.

Now, Therefore, I, Brett DeVore, Mayor of the City of Oelwein, Iowa, do hereby proclaim April 18th, 2025, as

ARBOR DAY

In Oelwein, Iowa, and call upon all of our citizenry to support this import event.

In Testimony Whereof, I have hereunto subscribed my name and caused the Seal of the City of Oelwein, Iowa, to be affixed. Done at Oelwein, this 14th day of April, Two Thousand Twenty-Five

Mayor

Public Comment Policy
 Oelwein Guidelines for Public Participation during City Council Meetings
 Adopted by Council Resolution 5495-2023

1. Regular City Council Meetings “Public Comments” on non-agenda items.
 - a. The first opportunity for public comment is listed on the agenda as “Public Comments”. This time is set aside for the public to address the City Council on issues not scheduled on the agenda. It is not to be confused with a public hearing, which is a formal proceeding conducted for the purpose of discussing a specific topic, such as the city budget.
 - b. Anyone wishing to address the City Council must adhere to the following “Rules of Procedure and Decorum”:
 - i. Be recognized by the Mayor or Mayor Pro Tem.
 - ii. State their name and address.
 - iii. Speak from the podium in a civil, non-argumentative and respectful manner.
 - iv. Whenever a group wishes to address the City Council on the same subject, the Mayor may request that a spokesperson be chosen by the group to avoid significant repetitive comments. Follow up comments by others that are similarly minded, should be limited to acknowledging their agreement with the comments made by the spokesperson or any other prior speaker, and not merely repeating previously made comments.
 - v. Each person wishing to speak during the public comment period shall be given three (3) minutes to share their comments.
 - vi. Speakers will be required to speak into the microphone, speak clearly and succinctly, to ensure all in attendance, in person or virtually, can clearly hear and understand what is being said.
 - vii. All remarks shall be directed to the Mayor and City Council as a body rather than to the Mayor, any particular Councilmember, or any member of the staff or audience.
 - viii. If the speaker intends to share any documents the City Council during their comments, a copy must also be provided to the City Clerk. If the speaker is reading a “statement” to the Council, it is requested that a copy of the “statement” be provided to the City Clerk so as to have a clear and accurate record of what was said.
 - ix. Speakers shall refrain from the use of profanity; language likely to incite violence or outbursts from the audience; language that is disruptive to the orderly process of the meeting; engaging in conversations with individual council members; making comments of a personal nature regarding others; shouting, yelling or screaming.
 - x. Speakers shall not continue to address the City Council once they have left the podium and will at no point address or engage in conversation with the Mayor, Council, or staff from their seat.
 - c. Other matters relevant to the Public Comment section reference topics not on the Agenda.
 - i. Should the Mayor or Council request clarifications from the speaker the Mayor, in the Mayor’s sole discretion, may provide additional time to the speaker.

- ii. The Mayor or Mayor Pro Tem, in the sole discretion of the Mayor or Mayor Pro Tem in the absence of the Mayor, may provide additional time or reduce time allowed any speaker and/or make other allowances or judgements deemed appropriate under the circumstances, in the Mayor's capacity as the presiding official.
- iii. In many cases, the speaker will be directed to meet with staff outside of the meeting to further discuss, obtain answers to questions, to resolve the issue, and/or to discuss next steps.
- iv. Other than asking a question to clarify a statement made by the speaker, Council members shall refrain from entering into a dialogue with the speaker. This portion of the agenda is not intended for a discussion or debate between the City Council and the speaker and should not be used for that purpose. Iowa Code requires public notice of all items to be considered/debated to be posted at least twenty-four (24) hours in advance of the meeting. Therefore, Council discussion or debate on a topic brought up in the public comment section would be a violation of Iowa Code.
- v. The Mayor is responsible for maintaining order and decorum and will not allow the speaker, or any other person in attendance, to make personal attacks or inflammatory comments and will, when appropriate, direct any person violating any of the rules set forth herein to be quiet, to sit down and/or return to their seat as appropriate. Failure to comply with directives of the Mayor may result in the person being asked to leave the meeting or removed from the meeting. The Mayor may call for a break or recess to allow the speaker to leave or be removed from the meeting.

2. City Council Meetings "Public Comments" on Agenda Items during the meeting

- a. The City Council meeting is designed for the City Council to discuss and make decisions on the various issues on the agenda. The procedure for introduction, consideration, and action on agenda items is as follows:
 - i. Each agenda item is introduced by the Mayor
 - ii. The Mayor asks for a staff presentation or clarification of any relevant staff report.
 - iii. If dealing with an issue tied to an applicant, the Mayor may ask for comments from the applicant.
 - iv. The Mayor will then request whether any person in attendance wished to comment on the agenda item.
 - v. After the cessation of Council debate and any other comments as appropriate, the Mayor will call for a motion and second.
 - vi. Once a motion has been made and seconded, no additional comments will be received from the public, only City Council debate, with staff input as appropriate, will occur from this point forward.
- b. The rules for addressing the City Council at the designated time during this portion of the meeting are:
 - i. The speaker must be recognized by the Mayor.
 - ii. The speaker must speak from the podium and must provide their name and address for the record.

- iii. At no time will members of the public be allowed to enter into the City Council discussion from their seat. Upon recognition by the Mayor, a person may only be allowed to speak at the podium during the City Council discussion so long as the Mayor finds the comments to be germane, necessary and/or helpful to the City Council.
 - iv. No speaker will be allowed to speak more than once on any agenda item unless clarification is requested by the City Council and permission granted by the Mayor.
 - v. When an agenda includes a “Public Hearing”, any comments from the Public will only be received during the Public Hearing, not after the Public Hearing during consideration of any action item tied to the Public Hearing discussion.
 - vi. All rules set forth above in the “Public Comments” on non-agenda items section of this Policy, unless specifically excepted by the provisions of this section, shall by this reference be applicable to Public Comments on agenda items.
3. Public Hearings
- a. When an item under consideration requires a public hearing by statute, the Mayor will open and facilitate the public hearing. Public comments will be received in the same manner, and subject to, all provisions described and set forth under Paragraph 2 of this Policy.
 - b. Reasonable limitations on the number of speakers and time allowed to speak may be imposed by the Mayor in order to keep the meeting moving.
 - c. Public hearings are held to gather data and opinions from the public to assist and facilitate the decision-making process.
 - d. All rules set forth above in the “Public Comments” on non-agenda items section of this Policy, unless specifically excepted by the provisions of this section, shall by this reference be applicable to Public Comments on agenda items..
4. Public Comments at Council Workshops / Work Sessions.
- a. The committee chair runs the work session. The purpose of work sessions is to allow staff to present material and for the Council to have time to discuss and consider issues in greater detail before taking action.
 - b. Public Comments:
 - i. Because the Workshop/Work Session is designed for discussion among the members of the City Council and staff, public comment is not warranted. A member of the audience may only speak should the chair recognizes a member of the public or interested party or if a Council member requests that a member of the public be recognized. If so recognized, the same rules of decorum as listed for Council meetings apply, and the chair may impose any and all other restrictions deemed appropriate in the sole discretion of the chair.
 - c. All rules set forth above in the “Public Comments” on non-agenda items section of this Policy, unless specifically excepted by the provisions of this section, shall by this reference be applicable to Public Comments on agenda items.
5. Rules of Decorum for the Audience during Council Meetings and Work Sessions
- a. Meeting attendees (the audience):

- i. Will refrain from commenting, clapping, shouting, booing, or other inappropriate and/or disruptive behavior.
 - ii. Will refrain from private conversations during meetings.
 - iii. Should not address Council members in individual conversation or make comments to individual Council members.
6. Contacting City Council Members outside of Meetings
- a. You may contact your City Council member at any time. Their contact information is on the City's website (<https://www.cityfoelwein.org>) at the button marked Government then City Council. Phone numbers may be provided City Hall should permission be given by the elected official.

Reference: 2025 Seal Coat Project

In an effort to secure a better finished product, we are doing a spring seal coat project this year.

We sent RFPs out to Blacktop Services and Prairie Road Builders for a scratch level, and seal coat project.

This project doesn't include any new pavement, it rather focuses on maintenance of existing seal coated roads and parking lots.

Roads and lots included in this project are well past their serviceable lifespan.

Prairie Road Builders, INC submitted a quote in the amount of \$545,108.80. Black Top Services submitted a quote in the amount of \$491,622.00.

Both Prairie and Black Top have done exceptional work in the past.

Given the two quotes I recommend we accept the quote from Black Top Services in the amount of \$491,622.00

Herb Doudney

Subject: Trail Segment 2

After five years of planning and acquiring needed easements, it is time to move forward with the completion of trail segment two from the viaduct to the existing trail in Redgate park. The trails committee has worked diligently to complete this trail segment and raised additional funding to complete this trail segment.

Funding has come from several sources to complete this approved trail project. A private donation from Betty Tribon in the amount of \$83,737.18 that the committee received recently will go towards the memorial bridge through the cemetery. The committee received the highly competitive, statewide \$100,000 REAP grant through the Iowa DNR for this project. The remaining funds were provided by the Northeast Iowa Charitable Foundation. Thank you.

 ARCH AND ELLIPTICAL CONCRETE PIPE APRONS

- Transverse and backslope subdrains require only single outlets. Install double outlet pipes on all longitudinal subdrain systems, except at the beginning and end of the system. At these locations, install a single outlet pipe.
- Fill annular space with non-shrink grout.
 - Outlets through intake walls to be CMP, corrugated, double-walled HDPE, or PVC.
 - Extend outlet pipe into structure as required to install removable rodent guard.
 - Construct subdrain outlet to ditch with the same type and size of pipe as used for the subdrain.
 - Provide a minimum 1 foot radius for all bands or use two 45° fittings.
 - If a CMP outlet is specified in the contract documents, construct the first 10 to 12 feet of the subdrain outlet to ditch with CMP 2 inches larger than the subdrain pipe. Connect pipe with a manufactured coupler or concrete collar.
 - Provide a minimum trench width of 12 inches for a single outlet and 34 inches for a double outlet.
 - Provide a 6 inch minimum drop in elevation between longitudinal subdrain and outlet.
 - Use only fork type rodent guard for subdrain outlet to ditch.

- See dowel assemblies for fabrication details.
- See Bar Size Table for Contraction Joints on Sheet 2.
- Locate 'DW' joint at a mid-panel location between future 'C' or 'CD' joints. Place no closer than 5 feet to a 'C' or 'CD' joint.
- Place bars within the limits shown under dowel assemblies.
- Edge with 1/8 inch tool for length of joint. For HT joint, remove header block and board when second slab is placed.
- Unless specified otherwise, use 'CD' transverse contraction joints in mainline pavement when T is greater or equal to 8 inches. Use 'C' joints when T is less than 8 inches.
- 'RT' joint may be used in lieu of 'DW' joint at the end of the days work. Remove any pavement damaged due to the drilling at no additional cost to the Contracting Authority.

Project Identification:

1. **What is the title of your project?**
Cher Tribute Show : Williams Center for the Arts stage.

Provide a brief description of your project. Attach Additional pages if needed.
Cher Tribute Show featuring Lisa McClowry. A spotlight on Cher's Amazing Life with 8 Costume Changes. Enter the enchanting world of "The Beat Goes On", starring international tribute sensation Lisa McClowry embodying the legendary Goddess of pop herself. This Broadway-caliber production authentically honors Cher with live vocals that impeccably capture her essence, from her distinctive speaking voice to her iconic mannerisms.

Expenses for this concert include the artists' fee, lighting sound, printing, advertising, meals, and housing. This program is the 7th show in the 24-25 Williams Center for the Arts Artist Series. The program will be held on Saturday, April 26, 2025

2. **Hotel and Motel Tax Funds must be used to fund projects that promote and/or expand tourism activity in Oelwein. How will your project help to realize this goal?**

The Williams Center for the Arts is one of the top destinations of choice for the arts in the four-county area of northeast Iowa. Almost 1/3 of our audiences come from communities other than Oelwein. We have had concert attendees from over 40 area communities.

Some of the locations which our patrons come from include: Spencer, IA, Des Moines, IA, Minneapolis, MN, Rochester, MN, Galena, IL, Dubuque, IA, as well as the Oelwein area.

People coming to Oelwein for programs at the Williams Center for the Arts not only come to the programs but also spend money with our local businesses such as restaurants, convenience stores and motel/hotels.

During the 2024-25 concert year the Williams Center for the Arts will spend more than \$8,000 in hotel costs at Cornerstone Inn and Suites. An additional \$5,000 is spent for meals, and an additional \$1,500 for hospitality, which is a required part of each contracted event.

4. **Project Evaluation:**

A. Targeted Population

1.) Hotel/Motel guests generated by this project.

a. Number of guests.

The number of guests generated by this project is approximately 50+. This includes the performers as well as members of the audience needing housing.

b. How will hotel/motel guests be tracked?

We ask for information from Cornerstone Inn and Suites as to the number of rooms used and how many guests were housed in those rooms per evening.

2.) Number of adults the project will reach.

The total number of visitors to the Williams Center for the Arts Artist Series is 7,625 persons per year. Total number of persons using the Williams Center for the Arts during a calendar year is over 75,000. This includes the Artist Series, City of Oelwein, Mercy Hospital, NICC use, school use, district and state music associations, the State of Iowa, and the Federal Government.

The total number of adults this project will reach is 500 persons.

The Williams Center for the Arts provides residents with special needs the opportunity to attend the events at the center. Groups with special needs using the Williams Center for the Arts include: Mercy Living Plus, the two Alternative Living Homes in Oelwein, Full Circle Services, Grandview Nursing Home, Oelwein Care Nursing Home, and ABCM facilities in Independence, IA. These residents are admitted to the Artist Series event at a reduced ticket price.

3.) Number of youth the project will reach.

Approximately 300 youth will be reached by this project and over 10,000 youth will be served for the entire 2024-25 performance year. (This number includes all usage.) Every Oelwein School student (K-12) is admitted at no charge.

C. Volunteers

1) Number of volunteers

Based on past experience we will have over 25 volunteers

2.) Number of volunteer hours

MARCH 2025 PARK MONTHLY REPORT

This month Justin and I finished up a bunch of tree trimming in Appreciation Park downtown. Some of the trees were near and around light poles so this will help brighten the area up in the nighttime as well. All this tree trimming is in anticipation of RAGBRAI this summer. Justin and I continued into the parking lot trees that we could get to as we will need people to move their cars out of the way for the remainder of the trees. On Tuesday, I went out with tree board members and trimmed up more trees that we have planted the past couple of years in street boulevards. This is a great project to train these trees, so they have a main central trunk and create a stronger tree in the long run and will count towards the Growth Award through the arbor day foundation. Some minor snow removal was completed on Wednesday and Justin is going around checking that drainage areas are clear. The cemetery employees had a full burial this Monday as this time of the year is very tough as the ground is saturated with the frost coming out.

Justin and I are making the transition to remove snow removal equipment. Justin took the broom around and swept all the trails and skate park this week. Justin and I are wrapping up tree trimming the south parking lot as we have had to wait on a few people to get their vehicles out of the way. On Friday, I attended a RAGBRAI meeting in Des Moines with all the other overnight communities. This past week the chestnut tree whips arrived right on time. Our dedicated tree board members came in on Tuesday to help plant them in containers where they will stay for a few years until they are big enough to plant in their final destination. On Thursday, I attended a continuing education class that was centered on repairing Stenner pumps which we utilize at the aquatic center for acid injections. Justin passed his pesticide applicator license for spraying this week. I typed up and sent the agenda out for the park and rec meeting Monday evening. We plan on opening the parks first part of next week after the severe storms are forecast for the weekend. I finished our grant proposal to the foundation to complete ball diamond improvements, signage and new drags. I attended a certification class in Cedar Rapids for the new chlorinator system that will be installed at the aquatic center this year. Justin fixed the bike in Levin Park the was pulled down and reinforced. Two memorial benches were installed this week as we poured the foundations last fall. The first bench is for the Lau family that was placed along the NW trail on 6th Street and the second is near the playground equipment on the north side of Wings Park in remembrance of members of the class of 1981. I met with some of the larger charters with RAGBRAI as we went out and scouted areas with them and the RAGBRAI committee last week. Kim is busy trying to recruit guards for the aquatic facility for this season and is lining up resources for different activities for this summer.

This past month Justin and I have been very busy as the weather is extremely too warm for this time of year. We are making final preparations as we will bring back the seasonal employees for the park and cemetery crew on Monday. This week we took the box plane out and smoothed out the complex parking lot and the roads on the north side of the cemetery. Justin has been blowing leaves away from fence lines, shelters and playground equipment. A few of us with the tree board are taking a tree keeper course through the DNR as an interactive way to refresh proper tree planting and maintenance practices. The course continues for the next two weeks, in which the board is showing its true dedication to this organization. Final CEU classes have been wrapped up for the season. The baskets for the downtown hanging flowers were replaced by Manske's Corner Market as the new plastic baskets will work much better than the cocoa lined baskets they had. Justin has been busy trimming trees at various locations as he is working on the complex trees today. I have been working on collecting information on RAGBRAI camping locations. This information is placed on an interactive google map that will be available for everyone to view once we get closer to the event.

**COMMUNITY CHANGE GRANT – PROJECT #08884014**

The City received an email from EPA stating they had received a significant amount of applications requesting an amount significantly exceeding the dollars available. The email did not state the City was not going to be funded, but said they were still reviewing applications and not to be hopeful. In light of the new Federal Administration’s desire to reduce or rescind Federal grants related to social justice, etc., it is possible this source of funds could be dissolved altogether.

We have not heard of any further correspondence regarding this grant.

BRIC FMA FUNDING – PROJECT #08884015

Met with HSEMD on April 7 to receive comments on the initial application. The most important comment was that BRIC has been eliminated by FEMA as a funding source. Therefore, we are pivoting to apply only for the FMA grant. Application deadline was previously April 18. HSEMD is unsure if this is still the deadline, as FEMA has yet to respond to questions.

The application as it stands is strong and a good contender; HSEMD’s consultants are providing MSA with comments to help bolster the application and give the best possible chance for the City to receive the funding. MSA will update the application and work with HSEMD to have the application ready by April 18, just in case the deadline is the same.

PROJECT UPDATE

RAIL YARD BROWNFIELD

Eocene has provided options for next steps with cost estimates for each of those options. Please let us know, if you would like to move forward with any of those options.

In addition, MSA and Eocene have begun discussions with Upper Explorerland Regional Planning Commission regarding and EPA Brownfield Assessment Grant application similar to one they secured in 2012. The RPC is very interested and has been talking to other agencies in the region to determine the need beyond Oelwein in order to put forth the strongest application. If successful, this would be an excellent source of funding to move forward with the next steps provided in Eocene's report.
