**b. Update on efforts to make businesses aware of the concept of Public Art, using a flyer mailing to all businesses. (Flyer designed by Community liaison Laurie LaGrone.)**

### **7. ITEMS FOR DISCUSSION OR ACTION**

- A. Update on Water Tower aesthetics:** The foundation will be poured in February. The tower will be composed of welded steel panels which will go up one at a time in March. Galvanized steel presents a much more complicated surface preparation painting a mural. This highly specialized prep process (see attachment) is more costly and presents more risk for the durability of the artwork.

At this point in time, we need to decide on whether to forgo a mural and let our concentration center on landscaping aesthetics, along with the wrought iron fencing we already approved (as opposed to chain link) These two factors can create a very pleasing visual aesthetic for the project, with less deterioration over time.

**B. Discussion and Action on selection of one of Harleen Osburn's framed drawings to be purchased by the Arts Commission as part of the city's permanent Art collection.**

**8. MEMBER REPORTS**

**Commissioners may propose items to be considered for future agendas.**

**Adjourn:** Pursuant to Government Code Section 54954.2(a), the agenda for this meeting was properly posted one week prior to the meeting date.
