City Attorney Scott Drexel formally introduced Joe Goodman as the newly appointed City Manager, noting that his first official day in the role would be August 7.

Orland resident Ron Lane expressed that, while he initially had reservations about the City’s ability to find a qualified local candidate for the position, he is proud that one was successfully appointed.

Mr. Goodman introduced himself and expressed his gratitude for the opportunity to work with the Council and serve the community.

**ACTION:** Councilmember Smith moved, seconded by Vice Mayor Tolle, to appoint Joe Goodman as City Manager and to approve the Employment Agreement by and between the City of Orland and Joe Goodman, with an effective date of August 7, 2025, and authorize the Mayor to execute the Agreement on behalf of the City. Motion carried by a voice vote, 4-0.

**Request for Proposals – 824 Fourth Street**

Interim City Manager Janet Wackerman opened a discussion regarding the potential future of the City-owned building located at 824 4th Street. She noted that the previous tenant had vacated the property at the end of July, removing all equipment, and that the building now stands vacant, allowing the City to consider its next steps.

Ms. Wackerman presented a brief report from City Building Inspector Nic Paxton, who inspected the property and determined it to be in poor condition. His findings included:

- Risk of falling ceiling debris and potential T-bar ceiling failure
- Health concerns from dust, insulation, and possible asbestos exposure
- Improper gas appliance venting posing a life safety hazard
- Structural deterioration from prolonged water damage

While Mr. Paxton confirmed the building is not in immediate danger of collapse, he emphasized that substantial repairs would be required before the property could be occupied or rented.

Ms. Wackerman outlined several options for Council consideration:

1. Take no action and leave the building as is;

2. Direct the City Manager to prepare a Request for Proposals (RFP) to identify qualified contractors for demolition and removal of the building at 824 Fourth Street; or
3. Sell the building along with the property.

Ms. Wackerman also noted that no funding for the demolition of the property was included in the FY 2025–26 budget. She estimated demolition costs for the commercial building at approximately \$60,000 and reminded the Council that the property carries an interfund loan balance of roughly \$347,000 owed from the General Fund to the Water Enterprise Fund.

Councilmembers discussed the future of the property, noting consensus that the Police Department needs expansion in the near future. They expressed interest in developing a coordinated plan for the downtown area that would align with the Police Department remodel and the City Hall project. The discussion included weighing the options of selling the property versus demolishing or renovating the existing structure.

Joannie Woods (County resident) expressed support for retaining the property, suggesting it would be an excellent location for a future City Hall. She also offered alternative interim uses for the site until a final decision is made.

Sharon Lazorko (Orland resident) inquired whether the current size of City Hall would allow for sufficient future expansion of the Police Department. Police Chief Vlach responded that the space would meet the department’s needs for many years.

Jan Walker (Orland resident) spoke about the historical significance of the former Purity buildings.

Dottie Tefelski (Orland resident) voiced support for keeping the property for a future City Hall.

Byron Denton (Orland resident) emphasized the importance of ensuring the building’s safety and expressed interest in considering all ideas for its use.

Valerie Johnson (County resident) also supported retaining the property.

Following discussion, the Council agreed that they value the location of the 824 Fourth Street property for a potential future City Hall, wish to preserve its historical elements, and would like professionals to assess the building and provide possible redevelopment plans.

**ACTION:** Mayor Romano moved, seconded by Councilmember Smith, to approve City Staff to move forward with putting out an RFP for an architect to look at the 815 Fourth street – Police Department expansion and the 824 4<sup>th</sup> Street demolition or renovation, with funds coming out of the City Hall DIF funds and the Public Safety DIF funds. Motion carried by a voice vote, 4-0.

**Employment Agreement for Orland Police Officers Association, Salary Schedule**

Interim City Manager Janet Wackerman presented the proposed Memorandum of Understanding with the Orland Police Officers Association, noting that a tentative one-year agreement had been reached. The agreement provides a 2% salary increase for the period of July 1, 2025, through June 30, 2026.

Ms. Wackerman highlighted key provisions of the MOU, including:

- **Section 15 – Health Insurance:** Establishes that any future cost increases or decreases will be shared equally between the City and employees (50%/50%). Employee contributions will be capped at no more than \$25 per month above the increase in per-employee costs during the term of the agreement.
- **Retiree Medical Trust:** Creates a trust funded by \$50 per pay period from both the employee and the City, with funds restricted to retiree health insurance premiums or other healthcare-related expenses.
- **Section 20 – Holidays:** Aligns holiday observances for the Police Department with those of other City departments.
- **Section 21 – Call Back Compensation:** Clarifies compensation for officers performing work-related duties by phone.

Ms. Wackerman also provided an updated salary schedule reflecting the revised wages for Fiscal Year 2025–2026.

There were no public comments. Mayor Romano noted that the Council has reviewed this matter in closed session over the past several meetings. Councilmember McDermott added that while the Council would like to fulfill all bargaining unit requests, current budget constraints limit what can be offered at this time, and the terms will be revisited in one year.

**ACTION:** Councilmember McDermott moved, seconded by Vice Mayor Tolle, approve the proposed agreement by resolution and salary schedule, as presented; authorize the Mayor and City Manager to execute the resolution and bargaining unit agreement. Motion carried by a voice vote, 4-0.

**City Manager Verbal Report**

### PLEDGE OF ALLEGIANCE

### ROLL CALL

**Commissioners Present:** Amy Raymondo, Dee Dee Jackson, Tiffany Schulps and Ron Lane

**Commissioners Absent:** Sam Ilian

**Councilmembers:** None

**City Staff:** Interim City Manager Janet Wackerman and City Clerk Jennifer Schmitke

### ORAL AND WRITTEN COMMUNICATIONS - None

### CONSENT CALENDAR

#### A. Approval of Economic Development Commission Minutes from April 8, 2025

**ACTION:** Chairperson Lane moved, seconded by Commissioner Raymondo to approve consent calendar as presented. Motion carried by a voice vote, 4-0 (Commissioner Ilian absent)

### ITEMS FOR DISCUSSION OR ACTION

#### A. Discuss Hotel Demand Feasibility Study

Ms. Wackerman noted that the Commission should have already received the Hotel Demand Feasibility Study and stated she would do her best to address any questions from Commissioners. She acknowledged there had been some confusion regarding a specific hotel name mentioned in the report, clarifying that it was used solely as a reference point for the market analysis. Ms. Wackerman also shared that the study indicates the area could support a 90-room hotel, though she has not yet received feedback from the marketing team.

Chairperson Lane expressed appreciation for the level of detail in the report, noting that it thoroughly addresses the types of questions a prospective hotel owner might have. He inquired whether the City could take any steps to make a preferred site "shovel-ready." Ms. Wackerman responded that she has not yet reached out to local realtors, Carrie Welch and Kelsey Watt, but

shared that the City is in the process of securing a contract planner, which will help facilitate and streamline the development process. Ms. Wackerman noted that all of the properties recommended in the report are development-ready and well-suited for new business opportunities.

Commissioner Raymondo asked what the next steps would be for the City now that the study is complete. Ms. Wackerman explained that the marketing team can begin distributing the study to hotel developers who may be interested. She also noted that the property owner identified in the report is motivated and ready for potential development.

Chairperson Lane also discussed next steps and inquired about the potential cost for the marketing team to prepare and implement a marketing strategy. Ms. Wackerman responded that, at this time, REVPAR, along with Ms. Welch and Ms. Watt, have not requested any additional information from the City. The Commission unanimously expressed their support and enthusiasm for bringing a new hotel to Orland.

### **B. Orland Marketing & Outreach**

Chairperson Lane initiated a discussion on marketing and outreach efforts for the City of Orland. He shared that he has been working on an email campaign with Action News in an effort to have Orland featured on their weather map. In response, Ms. Wackerman noted that Orland is already included on Channel 7's weather map. Chairperson Lane also mentioned that he recently spoke with County Supervisor Monica Rossman, who has a meeting scheduled with Kort Klopping to further explore efforts to ensure Orland receives broader regional visibility.

Commissioner Schulps expressed concern that efforts to market Orland have stalled, particularly regarding the additional signage previously discussed. She reminded the Commission of earlier conversations about installing more signs along I-5 and Highway 32 to highlight what Orland has to offer to travelers. Commissioner Schulps also proposed enhancing the I-5 "Bee" art installation with better lighting and added signage to clearly identify the location as Orland. She noted that, currently, there is no signage near the installation, and many drivers pass by without realizing what the city has to offer.

In response, Ms. Wackerman clarified that the I-5 art installation was funded by Caltrans, and any additional signage would require their approval. She emphasized that Caltrans has strict criteria, rules, and regulations regarding freeway signage but assured the Commission that she would look into the requirements to determine what options may be available to the City.

Commissioner Jackson suggested exploring the possibility of using private land for a billboard or sign to welcome visitors to Orland and showcase what the city has to offer.

County resident Stephen Nordbye recommended reaching out to Butte College to inquire about adding a "Welcome to Orland" message on their electronic marquee sign along I-5. Ms. Wackerman stated she would follow up with Butte College regarding the idea.

Ms. Wackerman also mentioned that, when a new hotel is developed, the City could consider incorporating a "Welcome to Orland" message into the hotel's signage as a potential requirement.

Commissioner Raymondo proposed contacting billboard companies to see if any available advertising space could be used to promote Orland.

**STAFF REPORTS**

**CITY OF ORLAND STAFF REPORT**  
**MEETING DATE: August 19, 2025**

---

**TO:** Honorable Mayor and Council  
**FROM:** Jennifer Schmitke, City Clerk  
**SUBJECT:** **Appointment to Waste Management Regional Agency (Action)**

---

Consideration of Appointment to the Waste Management Regional Agency Board for an alternate position.

**BACKGROUND**

For 2025, the City is required to appoint two members and one alternate to serve on the Waste Management Regional Agency Board.

**ANALYSIS:**

Currently, Vice Mayor Tolle and Councilmember McDermott serve as the City’s appointed representatives, with Councilmember Barr as the alternate. However, due to scheduling conflicts, Councilmember McDermott is unable to attend the meetings, requiring a change in appointments. Councilmember Barr agreed to assume Councilmember McDermott’s position as a representative, and Mayor Romano agreed to serve as the alternate.

**RECOMMENDATION**

Appoint Councilmember Barr as one of the representatives on the board and Mayor Romano as the alternate.

**FISCAL IMPACT OF RECOMMENDATION:** None.

**CITY OF ORLAND STAFF REPORT**  
**MEETING DATE: August 19, 2025**

---

**TO:** Honorable Mayor and Council

**FROM:** Joe Goodman, City Manager

**SUBJECT:** **FY 2024-2025 Letter of Engagement – Financial Auditor**

---

**BACKGROUND:**

In accordance with California State Government Code Section 12410.5 and the standards established by the Governmental Accounting Standards Board (GASB), the City of Orland undergoes an annual independent audit of its financial records. This process is conducted by a Certified Public Accountant (CPA) firm qualified to perform municipal audits.

The primary responsibility of City management in this process is to ensure the preparation of financial statements that are fair, accurate, and presented in accordance with Generally Accepted Accounting Principles (GAAP). The independent auditor's role is to examine these statements, provide the City Council with a professional opinion on their accuracy, and report any findings or areas of concern identified during the audit.

On September 6, 2022, following the retirement and closure of the practice of the City's long-term auditor, Ralph Marcello, the City Council awarded a professional services contract to RT Dennis Accountancy. The original agreement was established for a three-year term, with the option to extend on an annual basis thereafter. The initial three-year term was concluded upon the completion of the Audit Report for the 2023–2024 fiscal year.

**ANALYSIS:**

Two primary options are available for consideration:

**Option 1:** Approve the proposed engagement letter with RT Dennis Accountancy. Approval will authorize the Auditor to proceed promptly with the audit of the City's 2024–2025 fiscal year financial statements. Moving forward without delay will help ensure the audit is completed within the standard reporting timelines and in compliance with statutory requirements.

**Option 2:** Issue a Request for Proposals (RFP) for professional financial auditing services. This option would invite competitive proposals from qualified CPA firms, potentially broadening the range of services, expertise, and cost structures available to the City. However, initiating an RFP process would extend the timeline for selecting an auditor, which could result in delays to the commencement and completion of the fiscal year 2024–2025 audit, and may impact the City's ability to meet required reporting deadlines.

**RECOMMENDATION:**

Select Option 1 to approve the proposed engagement letter with RT Dennis Accountancy for fiscal audit services and authorize the City Manager to execute the contract.

**FISCAL IMPACT OF RECOMMENDATION:**

\$41,000.00 allocated proportionately to general, development impact, water and sewer funds.

You have requested that we audit the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Orland, as of June 30, 2025, and for the year then ended, and the related notes to the financial statements, which collectively comprise City of Orland's basic financial statements as listed in the table of contents.

In addition, we will audit the entity's compliance over major federal award programs for the period ended June 30, 2025. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audits will be conducted with the objectives of our expressing an opinion on each opinion unit and an opinion on compliance regarding the entity's major federal award programs. The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The objectives of our compliance audit are to obtain sufficient appropriate audit evidence to form an opinion and report at the level specified in the governmental audit requirement about whether the entity complied in all material respects with the applicable compliance requirements and identify audit and reporting requirements specified in the governmental audit requirement that are supplementary to GAAS and *Government Auditing Standards*, if any, and perform procedures to address those requirements.

Accounting principles generally accepted in the United States of America require certain required supplementary information ("RSI") to accompany the basic financial statements. be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America. This RSI will be subjected to certain limited procedures but will not be audited:

- ❖ Schedule of the District's Proportionate Share of the Net Pension Liability, if applicable.
- ❖ Schedule of the District Contributions, if applicable.
- ❖ Schedule of Other Postemployment Benefit ("OPEB") Funding Progress and Employer Contributions, if applicable

Supplementary information other than RSI will accompany City of Orland's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on the Schedule of Expenditures of Federal Awards and Notes to Supplementary Information in relation to the financial statements as a whole.

We will subject the above listed information to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the schedule to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on whether the above listed information is presented fairly in all material respects in relation to the financial statements as a whole.

Also, the document we submit to you will include the following other additional information that will not be subjected to the auditing procedures applied in our audit of the financial statements: Combining Statements and Individual Fund Statements and Schedules

### **Data Collection Form, if applicable**

Prior to the completion of our engagement, we will complete the sections of the Data Collection Form that are our responsibility. The form will summarize our audit findings, amounts and conclusions. It is management's responsibility to submit a reporting package including financial statements, schedule of expenditure of federal awards, summary schedule of prior audit findings and corrective action plan along with the Data Collection Form to the federal audit clearinghouse. The financial reporting package must be text searchable, unencrypted, and unlocked. Otherwise, the reporting package will not be accepted by the federal audit clearinghouse. We will assist you in the electronic submission and certification. You may request from us copies of our report for you to include with the reporting package submitted to pass-through entities.

The Data Collection Form is required to be submitted within the earlier of 30 days after receipt of our auditors' reports or nine months after the end of the audit period, unless specifically waived by a federal cognizant or oversight agency for audits. Data Collection Forms submitted untimely are one of the factors in assessing programs at a higher risk.

### **Audit of the Financial Statements**

We will conduct our audits in accordance GAAS, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). As part of an audit of financial statements in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ❖ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ❖ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- ❖ Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ❖ Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Orland's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards* of the Comptroller General of the United States of America. Please note that the determination of abuse is subjective and *Government Auditing Standards* does not require auditors to detect abuse.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

We will issue a written report upon completion of our audit of City of Orland's basic financial statements. Our report will be addressed to the governance of City of Orland. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance over financial reporting will not be an objective of the audit and, therefore, no such opinion will be expressed.

### **Audit of Major Program Compliance**

Our audit of City of Orland's major federal award program(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended; and the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance and other procedures we consider necessary to enable us to express such an opinion on major federal award program compliance and to render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether material noncompliance with applicable laws and regulations, the provisions of contracts and grant agreements applicable to major federal award programs, and the applicable compliance requirements occurred, whether due to fraud or error, and express an opinion on the entity's compliance based on the audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and State Compliance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the federal programs as a whole.

As part of a compliance audit in accordance with GAAS and, in accordance with *Government Auditing Standards*, and State Compliance, we exercise professional judgment and maintain professional skepticism throughout the audit. We also identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Our procedures will consist of determining major federal programs and, performing the applicable procedures described in the U.S. Office of Management and Budget *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs, and performing such other procedures as we considers necessary in the circumstances. The purpose of those procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Also, as required by the Uniform Guidance, we will obtain an understanding of the entity's internal control over compliance relevant to the audit in order to design and perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the entity's major federal award programs. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report. However, we will communicate to you, regarding, among other matters, the planned

scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we have identified during the audit.

We will issue a report on compliance that will include an opinion or disclaimer of opinion regarding the entity's major federal award programs, and a report on internal controls over compliance that will report any significant deficiencies and material weaknesses identified; however, such report will not express an opinion on internal control.

22. For confirming your understanding of your responsibilities as defined in this letter to us in your management representation letter.

## CITY OF ORLAND STAFF REPORT

MEETING DATE: March 7, 2025

---

**TO:** Honorable Mayor and Council

**FROM:** Joe Goodman, City Manager

**SUBJECT:** Black Butte Reservoir Infrastructure Enhancement Project MOU

---

### SUMMARY:

Staff recommends the City Council approve a non-binding Memorandum of Understanding with regional partners to study potential enhancements at Black Butte Reservoir that could significantly improve flood protection for Orland and provide additional water supply and recreational benefits.

### DISCUSSION/ANALYSIS:

Black Butte Dam, built in 1963, currently provides critical flood protection for Orland and has a reservoir capacity of 143,700 acre-feet. The proposed project would explore installing spillway control structures to potentially increase storage by up to 200,000 acre-feet, enhancing flood protection for Orland while improving regional water supply reliability and recreational opportunities.

The MOU establishes a collaborative framework among 11 local agencies including the City of Orland, Glenn, Colusa and Tehama Counties, irrigation districts, and groundwater authorities. The agreement is non-binding and runs through March 2029. It does not commit the City to spending any money. Costs for professional services toward the goals described in the MOU would require advance approval and cost-sharing among participants.

The MOU presents an opportunity for Orland to ensure its interests are represented in a project that directly benefits the community. The City retains full discretion over future commitments and can withdraw if the project direction becomes incompatible with City interests.

### ATTACHMENT

**RECOMMENDED MOTION:** "I move to approve the Memorandum of Understanding for the Planning and Implementation of the Black Butte Reservoir Infrastructure Enhancement Project and authorize the Mayor to execute the agreement on behalf of the City of Orland."

**MEMORANDUM OF UNDERSTANDING FOR THE PLANNING AND IMPLEMENTATION OF THE BLACK BUTTE RESERVOIR INFRASTRUCTURE ENHANCEMENT PROJECT****1. PURPOSE**

The purpose of this MEMORANDUM OF UNDERSTANDING (MOU) is to document the mutual understanding and agreement of the local stakeholders related to the planning and implementation of the Black Butte Reservoir Infrastructure Enhancement Project (Project).

**2. PROJECT DEFINITION**

To explore how installation of spillway control structures on the existing Black Butte Dam could increase Black Butte Reservoir (BLB) storage by up to 200,000 acre-feet (AF), thereby developing additional surface water supplies, providing additional capacity for flood flows, and providing environmental and recreational benefits.

**3. GOAL**

Perform due diligence, in a phased approach, related to the technical, administrative, financial, operational, and policy aspects of the Project.

**4. RECITALS**

- A. Whereas: Black Butte Dam, located on Stony Creek in Glenn and Tehama counties, was built in 1963 for both flood control and water supply purposes and is operated by the U.S. Army Corps of Engineers (USACE) and the U.S. Bureau of Reclamation; and
- B. Whereas: Black Butte Reservoir's current capacity is 143,700 AF and its limiting factor is the top of the spillway at 473.5 feet above mean sea level (AMSL); and
- C. Whereas: The standard [USACE] project flood pool is at 489.4 feet AMSL, at which point the reservoir's capacity is 242,000 AF; and
- D. Whereas: The Spillway Design Maximum is 514.0 feet AMSL, at which point the reservoir's capacity is 354,000 AF; and
- E. Whereas: Existing flood easements are in place to 492.0 feet AMSL; and
- F. Whereas: Flood conservation must be maintained to continue to protect the City of Orland and surrounding areas in Glenn and Tehama counties; and
- G. Whereas: Through the application and permit for Black Butte Dam, the U.S. Bureau of Reclamation has an unperfected water right for up to 160,000 AF of stored water, which contemplates three possible areas of use including: 1) the Stony Creek drainage basin above Black Butte reservoir in coordination with East Park and Stony Gorge reservoirs, and Black Butte reservoir could be used to satisfy requirements of the Orland Project, 2) the area immediately below the same, principally in the vicinity of the Sacramento Canals Unit of the federal

Central Valley Project, and 3) the general service area of the Central Valley Project; and

- H. Whereas: Glenn-Colusa Irrigation District has an adjudicated right to 20,315 acre-feet of natural flow from Stony Creek not to exceed 500 cfs that is utilized to irrigate agricultural lands within the District; and
- I. Whereas: Increased storage in Black Butte Reservoir could increase water supply reliability for the Stony Creek drainage and the Sacramento Valley, offset groundwater pumping in the Sacramento Valley, increase groundwater levels in the Colusa and Corning subbasins, reduce flood risk for Orland and Hamilton City, increase hydropower generation, expand recreation opportunities, and provide environmental benefits; and
- J. Whereas: The MOU participants recognize the benefits of the Project and the need for local support and early action; and
- K. Whereas: Local partners and a non-federal cost share may be required for the Project.

## 5. PARTICIPANT COMMITMENTS

MOU Participants will:

- a. Engage in the Project for the mutual benefit of all MOU participants and at their own expense; and
- b. Pursue a study to assess the technical and operational aspects of impounding additional water in Black Butte; and
- c. Provide local expertise and professional guidance to advance the Project; and
- d. Leverage relationships with local, state, federal, and tribal elected officials and agencies to advance the Project and pursue non-federal cost share opportunities.
