CITY OF OROVILLE STAFF REPORT

TO: MAYOR REYNOLDS AND CITY COUNCIL MEMBERS

**FROM: BILL LAGRONE, CITY ADMINISTRATOR
SCOTT E. HUBBER, CITY ATTORNEY**

**RE: FOURTH PUBLIC HEARING TO RECEIVE PUBLIC INPUT
ON AND PROVIDE INPUT REGARDING THE
COMPOSITION OF POTENTIAL COUNCIL MEMBER
ELECTION DISTRICT BOUNDARIES**

DATE: JANUARY 6, 2022

SUMMARY

The Council will hold a public hearing to receive public input on and provide input regarding the composition of potential Council Member election district boundaries.

DISCUSSION

On October 19, 2021, November 18, 2021, and December 16, 2021, the City Council conducted public hearings for the redistricting process. Redistricting is the process of redrawing district boundaries, this occurs every ten years, once new census numbers are available to each governing jurisdiction.

Pursuant to California Elections Code §10010, this is the third of five public hearings / meetings to inform the public about the redistricting process, present options available to the city, receive community input, and receive a presentation from Q2 Data & Research LLC on the criteria for redrawing the boundaries of the voting districts, prior to drafting district map boundary alternatives.

To comply with the California Voting Rights Act (CVRA), the City will begin the redistricting within the required timeframe in preparation for the 2022 General Election. Pursuant to Elections Code §10010, the city is required to hold at least two public hearings over a period of no more than 30 days before any map or maps of the boundaries for the proposed voting districts are drawn. At the public hearings, the community is invited to provide input regarding the composition of the districts. Following the public hearings, the Council will then present the draft maps for public comment and review in two subsequent public hearings. The Council will then provide further direction to finalize the map, which will be presented to the Council for a final vote.

Pursuant to California Elections Code, this public hearing is to present the various maps, including those submitted by members of the public, and to received input from members of the public and the Council regarding the various maps.

At the public hearings, the community is invited to provide input regarding the composition of the districts. In addition, Council Members can provide input related to the composition of the maps.

The Council will ultimately provide further direction to finalize the map, which will be presented to the Council for a final vote. The Council is the final decision-making body on adopting district boundaries.

The Council will hold the fourth public hearing to receive public input on and provide input regarding the composition of potential Council Member election district boundaries.

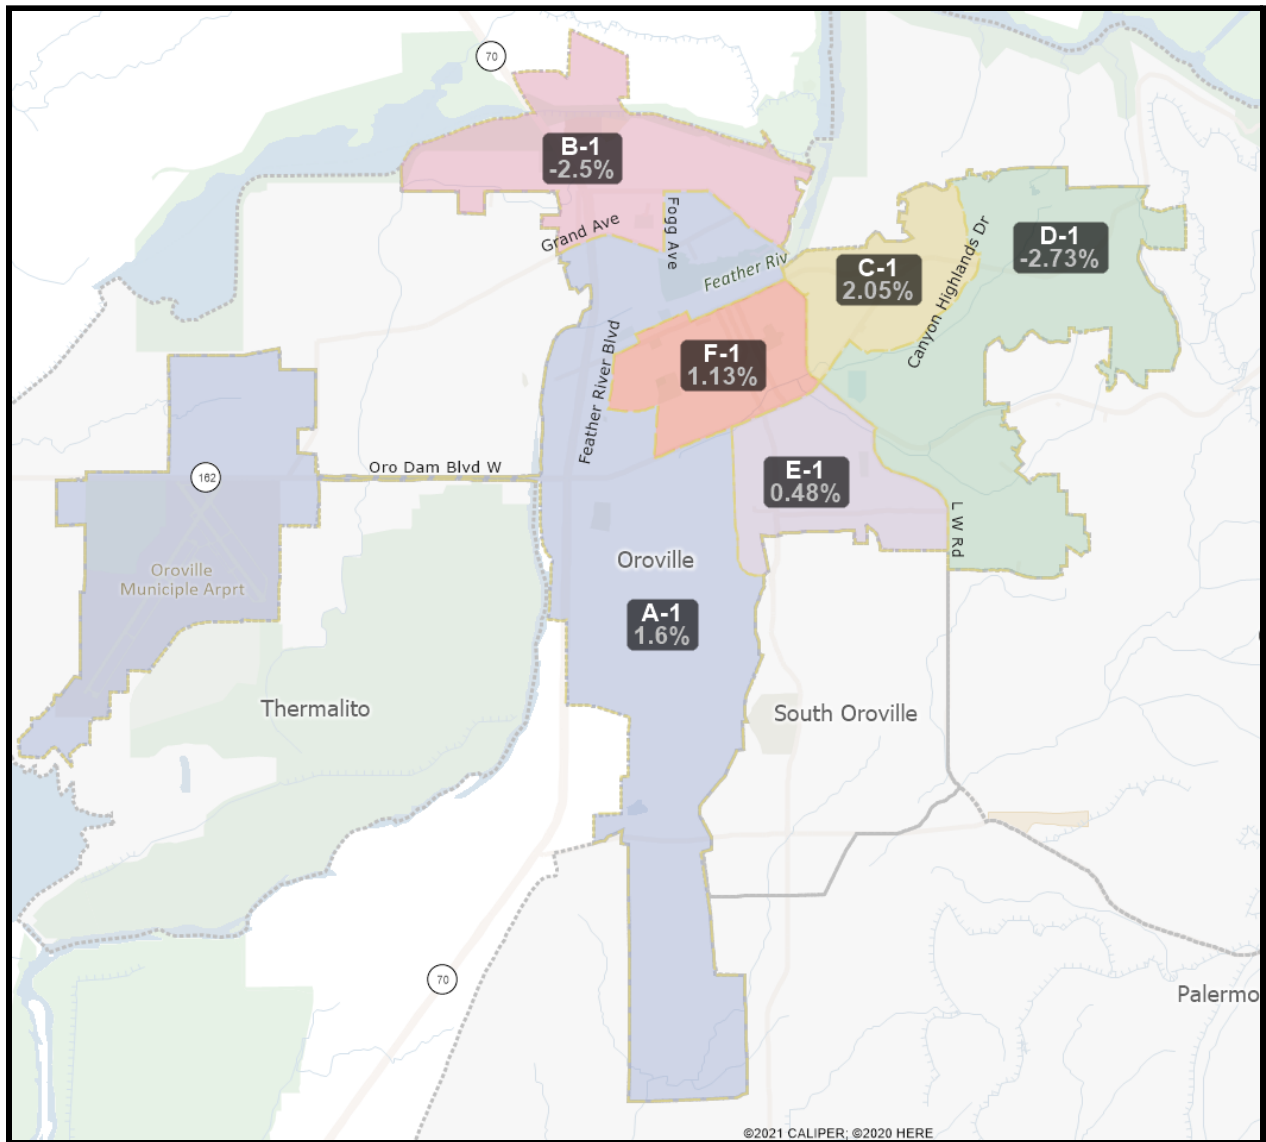

FISCAL IMPACT:

None related to the public hearing. The costs for the demographer and other related fees were previously approved by the Council.

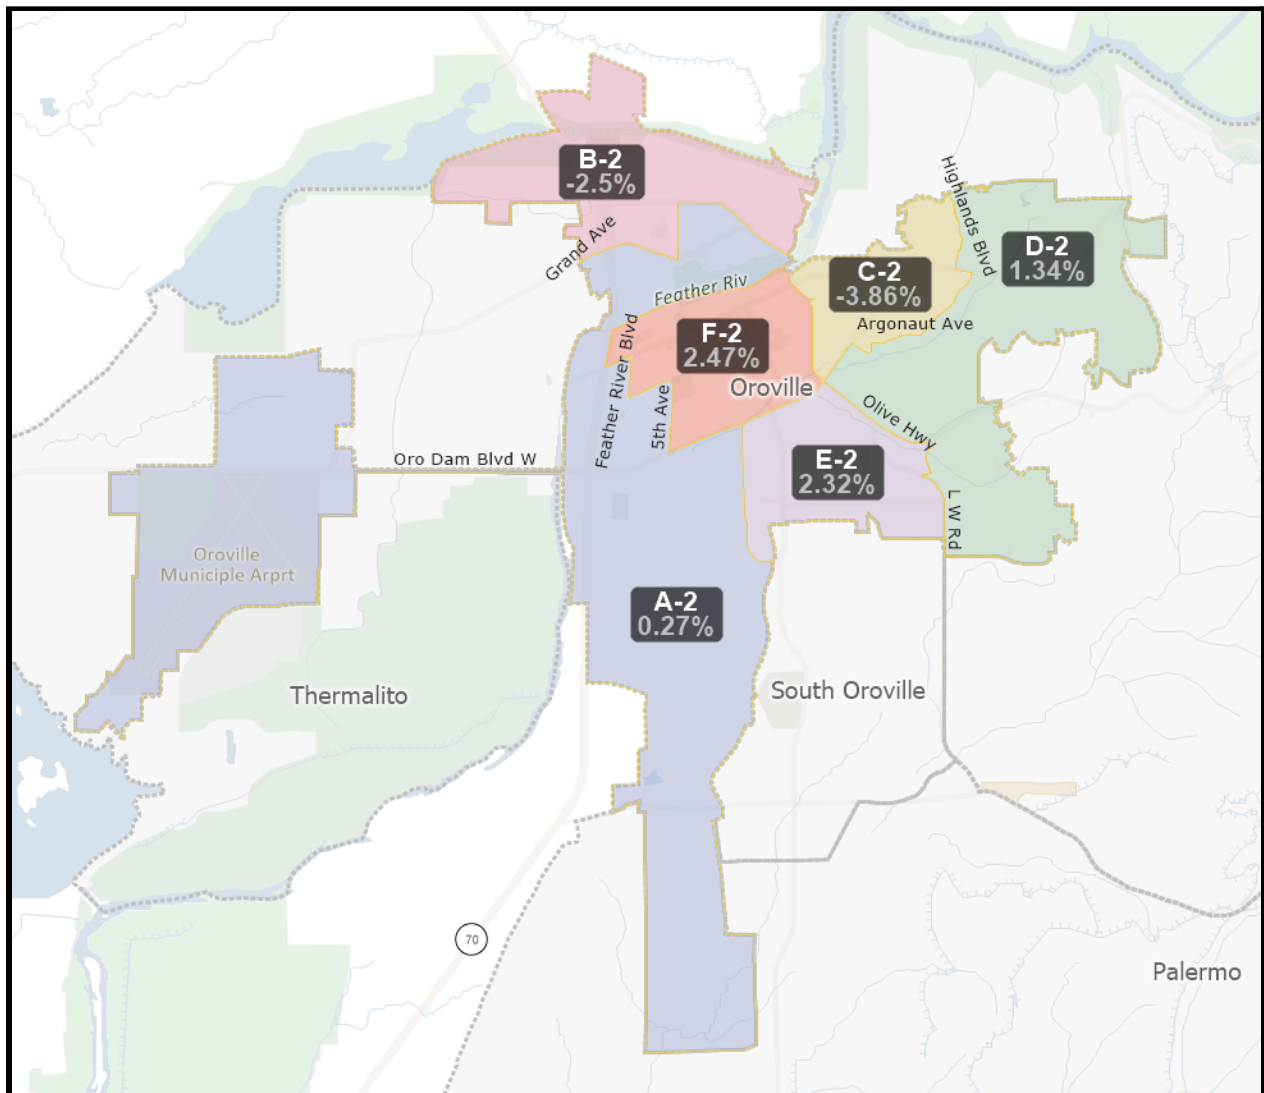

RECOMMENDATION:

1. Open a public hearing to receive a presentation from Q2 Data & Research LLC and to receive input from the public
2. Provide direction to staff related to the inclusion of a map in the Ordinance to be presented to the Council at the January 18, 2022 meeting, including timing of elections for each District

As a downtown residents for 8yo, my husband and I are only in support of any districting map that keeps our already established Downtown Historic Overlay District completely intact, with no additions or subtractions. This is a long established legal and clear district, as well as a distinct community of interest with its own unique assets and challenges.

Dear Council Members,

We are unable to attend the January 6th meeting and wanted to be sure our voices were heard.

In reference to the redistricting maps presented, we urge each of you in the strongest possible terms to preserve the Historic District, and remove from consideration, maps **34**, **47** and **53**. These maps DO NOT provide the Historic District COI Fair and Equal representation. It is imperative that we have our representative reside within the district boundaries who is dedicated to the preservation of our rich historic community. We have all witnessed and experienced the improvements from the renovation of the State Theater and Oroville Inn Hotel to the historic homes, downtown shops, restaurants and parks. We all want to make a positive impact and leave our community to the next generation in better shape than we found it.

Thank you all for your continued service in our community.

Dear Honorable Mayor Reynolds, Fellow Council Members and City Staff,

In the past five years there has been a synergy in our historical downtown that hasn't been seen for many decades. Businesses are taking a chance and investing downtown. Our historical residential downtown district is attracting new residents, some from other urban communities from a wide range of demographics, and even remote workers. It is a unique neighborhood with many moving parts. Single family homes, apartments, commercial business, retail, restaurants, parks, museums and the beautiful Feather River that flows through.

If you talk to the residents, property and business owners alike, we share a common thread. The thread that unites us is a pride for Downtown and the rich history of this unique district. This is a critical point we are facing with redistricting. Please be mindful of your decision and preserve the lines that have long established our downtown. Vote for a maps 1, 2, 3, 29 or 40 that keep the downtown united.

Respectfully and with gratitude,

Re: Re-districting
Hearing: January 6, 2022

Gentlepersons:

We reside in the home we own at 1150 Bird Street in Oroville, California. This property is located in the Downtown Historic District. We have reviewed all of the proposed re-districting maps and encourage you to utilize Map Nos. 1, 2, 3, 29 or 40 for re-districting purposes because each of these maps attends to the special concerns of the inhabitants of the Downtown Historic District. Thank you.

Very truly yours,

I OWN PROPERTY in the Downtown Historic District and believe the needs of our residents require a special district. I only support maps 29 and 40.

Maps 34, 47, and 53 do not give the Historic District Community
Fair and equal representation.- I like Map 29.

Dear Council Members,

As a resident of Oroville I am completely against the redistricting process as it causes us to work against each other instead of unite together as we improve our city.

If you **will not or cannot keep** our elections "at large" and if you must draw our six district lines, I ask you to ensure that they are fair and **respect our communities of interest**.

In the current map, the consultant's maps and maps #29 and #40 the entire historic district is included in District F thus ensuring that we will have a council member to represent us.

In maps #34, #47 and #53 our historic district is split into 3 and 4 neighboring districts. This does not ensure fair representation for our historic district. **Please remove these maps or any future maps that would threaten our historic community of interest.**

Sincerely,

Natalie Sheard

JACKIE - PLEASE HAVE THIS READ INTO THE RECORD TONIGHT AT THE MEETING

1/6/22

Dear City Council:

I've been a downtown resident for 12 years. I've organized many events downtown: from the historic district neighborhood watch, to a monthly newsletter written by the residents called the Montgomery Street News, the free Tiny Food Pantry, police presence during Halloween on Montgomery Street, and much more. I also organized the Historic District neighborhood watch, where we sued Cal Water for their outrageous pricing and advocated to close the Meth Motel.

Our downtown historic district is the poorest area, next to Southside. Our concerns have rarely been the focus of the City Council. In fact, you've just approved a beer and alcohol market on the corner of the worst crime area in Oroville. Why, when the previous councils had made it the gateway to the historic district? We need representation on the council!

We want Historic District and only historic district representation. We don't want council members who serve other interest representing our district. Otherwise, downtown will never get the proper representation it deserves. I only support maps #1, 2, 3, 29, and 40.

**Sincerely,
Celia Hirschman**
