Public Hearing

2. Application for Conditional Use - Wood Craft and Mixed Residential in CC Zone (Hwy 105) – Property owner, Kurt Ehrhardt, 823 Meadow Ln, along with Josh Mabe with Twenty1Five, who would develop the property, explained the request for use of the property, including mixed residential dwelling with commercial and a fabrication studio, both uses requiring a conditional use. Discussion concerning the overall main street development took place as well as commercial zoning codes. Attorney Matt Krob reminded the members that the only issue before them was the use of the property. Ms Leslie Fenton expressed concern of possible flooding with the additional development and parking issues to be anticipated along Columbine Rd. She also expressed concern about the height of the development. Mr. Fenton added concerns of an increase in traffic. Concern was raised that adding a traffic light would change the dynamics of the Town. Mr. Bill Dandino inquired about having enough water taps and sanitation taps. Ms. Lindsey Leiker stated she supports a local resident wanting to invest in a commercial development in Town. Dawn Collins stated that according to code, the commercial height restriction is 32 feet and noted this is a preliminary concept with details of the project to be determined.
