Ready to get the survey online, when is it a suitable time? What will be done with the data collected from the survey? Michele will get the information to Theresa for her to get it put up for the public. Hard copies at facility, and online version.

8. New Business

There is no new business to discuss.

9. Communication

Letter about Volleyball gym schedule. The situation with the volleyball time has been taken care of by providing a Monday night adult only for players. There is still some input from young adults stating the welcome of new players is not there.

Letter about Trail, Director Payne stated that they will proceed with trail, if any issues start to arise there can be signage and a limited closure of trail to avoid disturbance. Other archery hunters commented it should not be that much of an issue.

Troll bridge needs work, railings, and more stabilization. Make more ADA accessible.

10. Discussion Items

Greg Kowalski has a community member that he would like to invite as an advisory member and will reach out to him.

Sarah mentioned a reach out in future to the community for input on how they would like to see the new transient tax funds put aside for Parks & Recreation spent. Possible to add to a future survey when a better idea of how the funds roll out. Would be great to get public input.
