ADJOURNMENT

PROCLAMATION

WHEREAS, it is the policy of the Borough of Pennington to recognize organizations that have contributed to the overall benefit of the community; and

WHEREAS, Womanspace, founded in 1977, has demonstrated a unique ability to provide comfort, support services, crisis intervention and safety to women who are victims of sexual assault and domestic violence; and

WHEREAS, Womanspace, in the belief that “peace begins at home”, has asked the Mercer County Community to join them in their struggle against violence toward women by participating in their annual Communities of Light project; and

WHEREAS, Womanspace has provided emergency shelter in secure locations and comprehensive services for victims of domestic violence since 1977 and sexual assault since 2002, for more than 128,152 women, 17,638 children and 9,082 men. Additionally, Womanspace has assisted more than 323,866 hotline callers over the last 47 years; and

WHEREAS, the Borough of Pennington commends Womanspace for their efforts to bring an end to the cycle of interpersonal violence imposed on women, children and men; and

WHEREAS, as Mayor of the Borough of Pennington I urge that each and every household demonstrate their support of the concept that “peace begins at home” by placing luminaries along their driveways and sidewalks on Monday, December 2, 2024, as a visible symbol of that support; and

WHEREAS, the proceeds from Communities of Light 2024 will be used to fund vital services for victims of domestic violence, sexual assault and human trafficking.

NOW, THEREFORE, I, James Davy, Mayor of the Borough of Pennington, County of Mercer, State of New Jersey, do hereby proclaim Monday, December 2, 2024, as

COMMUNITIES OF LIGHT DAY

and hereby honor Womanspace on its many accomplishments and wish them continued success with Communities of Light in the years to come.

**BOROUGH OF PENNINGTON
ORDINANCE NO. 2024-15**

**ORDINANCE AMENDING CHAPTER 46 OF THE BOROUGH
CODE CONCERNING THE POLICE DEPARTMENT**

DRAFT

Regular Meeting
October 7, 2024
Page 2

WHEREAS, Borough Council seeks to amend relevant provisions of the Borough Code to relieve the Public Safety Committee of administrative responsibilities regarding operation of the Police Department and to vest these oversight responsibilities in the Borough Administrator on behalf of Borough Council;

NOW, THEREFORE, BE IT ORDAINED, by the Borough Council of the Borough of Pennington, that Chapter 46 of the Code of the Borough of Pennington is hereby amended (with new language underlined and deleted language crossed out) as follows:

- 1. **Section 46-3 of Chapter 46, concerning Appointment of Appropriate Authority, is amended to substitute the Borough Administrator for the Public Safety Committee with respect to overseeing the operations of the Police Department on behalf of Borough Council:**

§ 46-3. Appointment of appropriate authority.

- A. Pursuant to the authority contained in the N.J.S.A. 40A:14-118, the Borough Council of the Borough of Pennington is hereby designated as the "appropriate authority" for the adoption and promulgation of rules and regulations for the government of the police force and for the discipline of its members. The Borough Administrator ~~Public Safety Committee, which consists of three members of the Borough Council,~~ shall oversee the operations of the Police Department on behalf of Borough Council. The Borough Council shall have the discretion and authority to designate a hearing officer to conduct such hearings and make findings and recommendations to the Borough Council. The Borough Council, as appropriate authority, shall render a final determination of all Police Department disciplinary matters. The Borough Council shall have the power and authority to affirm, reverse or modify the findings and recommendations of the hearing officer.
- B. The rules and regulations adopted and promulgated by the Borough Council shall become part of the Police Manual as so directed by the Borough Council. The Borough Council shall prescribe the policy and have general administrative control over the Department, which control shall be exercised through the Director of Public Safety, Chief of Police, if any, or Officer in charge as permitted by law ~~the Public Safety Committee of Borough Council.~~
- C. Rules and regulations.
 - (1) ~~The rules and regulations of the Police Department of the Borough of Pennington are as amended, and supplemented and revised, and said amendments, supplements and revisions~~ are totally contained in a document entitled "2022 Rules and Regulations, of the Pennington Borough Police Department, Pennington, New Jersey, 1995," which ~~consists of an introduction, Code of Ethics, table of contents and 75 pages of rules, regulations and procedures, which is to be entitled the "Rules and Regulations of the Police Department of the Borough of Pennington dated 1995."~~ includes an Introduction with Code of Ethics and Mission Statement, a description of the General Duties and Responsibilities of the members of the Department, Rules of Conduct and Disciplinary Regulations.
 - (2) One copy of the 2022 Rules and Regulations, of the Pennington Borough Police Department, Pennington, New Jersey, 1995, shall be and shall remain on file in the office of the Borough Clerk and made available to persons desiring to examine the same if this section shall be adopted, and while the same is still in effect.

- 2. **Section 46-11 of Chapter 46, is amended to substitute the Borough Administrator for the Public Safety Committee with respect to orders and assignments:**

§ 46-11. Orders and assignments.

All orders and assignments for the members of the Police Department from the Borough Council shall be made to and through the Public Safety Committee of Borough Council, the Chief of Police, ~~or~~ Director of Public Safety, or Officer-in-charge, as the case may be.

- 3. **This Ordinance shall take effect upon passage and publication as provided by law.**

Council Member Chandler made a motion to open the Public Hearing on Ordinance 2024-15, second by Council Member Marciante. There were no comments from the public. Council Member Chandler made a motion to close the Public Hearing, second by Council Member Stern with all members present voting in favor. Mrs. Chandler asked for clarification on the Public Safety Committee role with this new change. Mr. Bliss explained that the committee will still have involvement but the Borough Administrator will have oversight. Council Member Marciante made a motion to adopt Ordinance 2024-15, second by Council Member Chandler with all members present voting in favor.

Mayor Davy read Ordinance 2024-16 by title.

**BOROUGH OF PENNINGTON
ORDINANCE NO. 2024-16**

ORDINANCE AUTHORIZING APPOINTMENT OF HOPEWELL TOWNSHIP RESIDENT AS NON-VOTING MEMBER OF PENNINGTON OPEN SPACE COMMITTEE AND AMENDING CHAPTER 13 OF THE CODE OF THE BOROUGH OF PENNINGTON

WHEREAS, Chapter 13 of the Borough Code establishing the Pennington Open Space Committee authorizes the Hopewell Township Open Space Committee to appoint one of its members to the Pennington Committee as a voting member;

WHEREAS, Borough Council seeks to amend Chapter 13 in this respect to change the appointing authority to the Mayor of Pennington and change as well the status of the Hopewell Township member to non-voting member;

NOW, THEREFORE, BE IT ORDAINED, by the Borough Council of the Borough of Pennington, as follows:

- 1. Section 13-27 of Chapter 13 of the Code of the Borough of Pennington, concerning Membership of the Open Space Committee, is hereby amended (with new language underlined and deleted language crossed out) as follows:

§ 13-27. Membership.

- A. Borough resident membership. The Open Space Committee shall consist of six residents of the Borough appointed as follows:
 - (1) The Mayor or one member of the Borough Council appointed by the Mayor.
 - (2) The Chair of the Planning Board or one member of the Planning Board appointed by the Chair.
 - (3) One member of the Environmental Commission appointed by the Chair, who may appoint himself or herself.
 - (4) One member of the Economic Development Commission appointed by the Chair, who may appoint himself or herself.
 - (5) Two citizen members, and up to two alternates, appointed by the Mayor and Council.
- B. Nonresident **non-voting** membership. ~~The Hopewell Township Open Space Committee may, in its discretion, appoint one of its members to the Committee as a voting member.~~ **One member of the Joint Open Space Advisory Committee established pursuant to Article VI of this chapter who is not a resident of Pennington. This member shall be appointed by the Mayor in consultation with the Joint Open Space Advisory Committee and shall serve as a non-voting member.**

2. This Ordinance shall take effect upon passage and publication as provided by law.

Council Member Marciante made a motion to open the Public Hearing on Ordinance 2024-16, second by Council Member Stern. There were no comments from the public. Mr. Bliss read a non-substantial change to the Ordinance for the record. Mr. Bliss stated that the language in subsection B has been modified since introduction but it is not a substantial change. Mr. Dan Pace of 9 Railroad Place stated that he was available if anyone had any questions. There were no questions for Dan Pace. Council Member Marciante made a motion to close the Public Hearing, second by Council Member Stern with all members present voting in favor. Council Member Chandler made a motion to adopt Ordinance 2024-16, second by Council Member Stern with all members present voting in favor.

COMMITTEE REPORTS

Personnel / Economic Development – Ms. Angarone reported that the Personnel Committee has met two times October 17th and October 30th and the Borough Administrator will report on the discussions that took place under his report. Ms. Angarone stated that the Borough Administrator is developing SOP’s, accessing work function, looking at succession planning and launching employee evaluations. Ms. Angarone stated that the Personnel Committee is happy with the progress that is being made. Ms. Angarone stated that she was unable to attend the Economic Development Committee meeting on October 22nd but they discussed their agenda for 2025 which includes a yard sale in the spring and a fall event as well as other economic activities. Ms. Angarone stated that they are interested in becoming involved in the redevelopment discussion and they are looking towards welcoming new businesses into town.

Ms. Stern reported on the Committee Chairs meeting which included all of the chairs, the Borough Administrator and Ms. Angarone. Ms. Stern stated that this group meets quarterly. Ms. Stern clarified some confusion as to where to find minutes and agenda on the website. Ms. Stern stated that there have been some inconsistent submission and posting of minutes. Ms. Stern stated that Mrs. Sterling asked that minutes only submit final, approved minutes so that there is no confusion with draft minutes and that the minutes be submitted in word only, not pdf. Ms. Stern stated that they would like to invite Mr. Caminiti and Mrs. Sterling to the February meeting to help clarify what is required with regard to posting minutes and agendas and what meetings are public and which are not. Ms. Stern stated that helping the chairs understand the Open Public Meetings Act will help with some of the confusion. Ms. Angarone stated that they also touched on Zoom Meeting protocols and budget requests for 2025.

Public Works / Planning Board / Historic Preservation – Ms. Stern stated that Public Works met on October 16th and they dedicated the discussion to lead line replacements. Mayor Davy joined the meeting. Ms. Stern stated that the inventory of lead lines is complete and though we don't have lead lines, we do have galvanized lines. Ms. Stern stated that there are 15 galvanized lines on the public side and those are the Borough's responsibility. Ms. Stern stated that there are 127 lines that are strictly on the private side and there are 12 lines that will require both the private and public side to be replaced. Ms. Stern stated that Council will need to make some policy decisions regarding funding, notification to home owners of the option to opt out of replacing their line and who will be responsible for paying for the work. Ms. Stern stated that Mr. Smith is working on gathering more information so that he can make a presentation to Council with recommendations on how to proceed.

Ms. Stern stated that Historic Preservation did not meet in October.

Ms. Stern stated that the Planning Board did meet in October and she was unable to attend, but they did approve an application for an elevator at the Straube Center and memorialized a resolution for an approval of a variance on Eglantine Avenue. Mr. Valenza asked about the variance on Eglantine that was approved. Ms. Stern stated that it was a size variance allowing for a third story to be added to the existing dwelling. Ms. Stern stated that the documents submitted showed that this would be consistent with other properties in the area. Mrs. Chandler asked if the patio that was installed at 1 N. Main required Planning Board approval. Mr. Caminiti stated that some applications only require zoning approval and do not go before the Planning Board.

Finance & Public Safety / Open Space / Arboretum / Landfill – Mrs. Chandler stated that the 40th Annual Holiday Walk will be December 6th and preparations are underway. Mrs. Chandler stated that this event is sponsored by the local businesses and they are seeking donations. Mrs. Chandler stated that they will be submitting a permit for the wine garden so that will be coming before Council at the next meeting. Mrs. Chandler stated that Saturday cleanups at the Arboretum were a great success. Mrs. Chandler had nothing new to report on the landfill.

Mrs. Chandler stated that the Finance Committee met and had a very high level discussion of the budget and more involved work will be coming in the next couple months. Mrs. Chandler stated that the Public Safety Committee has met to discuss the transition plan for the Chief's retirement. Mrs. Chandler stated that the committee will be working with Mr. Caminiti and the department to ensure a smooth transition. Mrs. Chandler stated that a resolution is on for approval later in the meeting for a sixth officer to bring the department to full staff.

Library / Shade Tree – Ms. Gnatt was absent.

Parks & Recreation – Mr. Marciante reported that Parks and Recreation events are done for the year but they are discussion events for next year and possible the addition of food trucks at the concert events.

Board of Health / Environmental Commission – Mr. Valenza stated that the Borough of Health met in October but nothing new to report. Mr. Valenza stated that the Environmental Commission met and they have submitted their budget request for 2025. Mr. Valenza stated that the survey that was posted is complete with approximately 120 responses. Mr. Valenza stated that three topics came to the forefront including recycling, greenscaping and stormwater.

Senior Advisory Board – Mayor Davy had no report.

PROFESSIONAL REPORTS

Borough Administrator – Mr. Caminiti stated that he has received positive feedback on the redevelopment committee meeting from residents. Mr. Caminiti stated that he would like to give a shout out to Betty Sterling, Rick Smith and his department and Chief Pinelli and the police department for pulling together to navigate changes and safety concerns with regard to the upcoming election tomorrow. Mr. Caminiti stated that we are anticipating a smooth election. Mr. Caminiti stated that he is working on an alternative for the State Health Benefits to transition to a Health Insurance Fund and we are awaiting the claims history from the State in the next couple weeks. Mr. Caminiti stated that he will be attending the League of Municipalities for one day to network, get educational credits and to view new equipment opportunities. Mr. Caminiti stated that budget season is ramping up and though we are always in budget season. Mr. Caminiti stated that staffing changes in 2025 are being discussed. Mr. Caminiti stated that deer management is underway. Mr. Valenza stated that he is seeing more deer on his property than ever. Mrs. Chandler stated that Mercer County reduced the deer hunt areas and that is causing problems for the Borough and Hopewell Township with regard to deer management.

Mr. Valenza asked if there were any common themes from the Redevelopment Committee. Mrs. Stern stated that very few of the attendees had input. Mrs. Chandler stated that there were 65 attendees, but only 6 spoke. Mr. Caminiti stated that this was a very preliminary meeting to discuss ideas and concerns that will need to be addressed such as stormwater. Mayor Davy stated that there is a list of ideas that were discussed and they will be incorporated into the minutes of the meeting.

Borough Attorney – Walter Bliss – Mr. Bliss had nothing further to report.

Borough Clerk – Betty Sterling – Mrs. Sterling stated that she and Mrs. Webb have been busy posting tax and utility payments but we are noticing more and more that residents are paying on line. Mrs. Sterling stated that we are getting the word out about e-mail bills and residents are taking advantage of that option.

Chief Financial Officer – Sandy Webb – Mrs. Webb had nothing further to report.

Officer in Charge – Sergeant Novin Thomas stated that the Trunk or Treat event was well attended and he thanked everyone who participated or attended. Sergeant Thomas stated that the Police Department is prepared for Election Day tomorrow.

Superintendent of Public Works – Rick Smith – Mr. Smith had nothing further to report.

Public Comment

Mayor Davy asked that anyone wishing to speak, please raise your hand so the Borough Clerk can acknowledge you, please state your name and address for the record and limit comments to the Governing Body to a maximum of 2 minutes. There were no comments from the public.

At 8:00 PM with no further business to address, Council Member Chandler made a motion to adjourn the meeting, second by Council Member Marciante.

Respectfully submitted,

Elizabeth Sterling

ACCORDANCE WITH CURRENT REGULATIONS OF NEW JERSEY DEPARTMENT OF
ENVIRONMENTAL PROTECTION**

WHEREAS, the Borough of Pennington seeks to update its stormwater control ordinances to reflect amendments to the Stormwater Management Rules at N.J.A.C. 7:8, adopted March 2, 2020 and July 17, 2023;

WHEREAS, the codified regulations which are the basis for these updates are found at N.J.A.C. 7:8-5.6 (Stormwater runoff quantity standards) and N.J.A.C. 7:8-5.7 (Calculation of stormwater runoff and groundwater recharge);

WHEREAS, the subjects of the updates pertain to Chapter 163, Sections 20.4 R and 20.5 of the Pennington Borough Code;

NOW THEREFORE BE IT ORDAINED by the Borough Council of the Borough of Pennington, as follows:

1. Section 163-20.4, Subsection R, pertaining to Stormwater runoff quantity standards, is hereby amended (with new language underlined and deleted language crossed out) as follows:

R. Stormwater runoff quantity standards.

- (1) This subsection contains the minimum design and performance standards to control stormwater runoff quantity impacts of major development.
- (2) In order to control stormwater runoff quantity impacts, the design engineer shall, using the assumptions and factors for stormwater runoff calculations at § 163-20.5, complete one of the following:
 - (a) Demonstrate through hydrologic and hydraulic analysis that for stormwater leaving the site, post-construction runoff hydrographs for the current and projected two-, ten-, and 100-year storm events, as defined and determined pursuant to Sec.163-20.5C and D, respectively, do not exceed, at any point in time, the pre-construction runoff hydrographs for the same storm events;
 - (b) Demonstrate through hydrologic and hydraulic analysis that there is no increase, as compared to the pre-construction condition, in the peak runoff rates of stormwater leaving the site for the current and projected two-, ten- and 100-year storm events, as defined and determined pursuant to Sec.163-20.5C and D, respectively, and that the increased volume or change in timing of stormwater runoff will not increase flood damage at or downstream of the site. This analysis shall include the analysis of impacts of existing land uses and projected land uses assuming full development under existing zoning and land use ordinances in the drainage area;
 - (c) Design stormwater management measures so that the post-construction peak runoff rates for the current and projected two-, ten- and 100-year storm events, as defined and determined pursuant to Sec.163-20.5C and D, respectively, are 50%, 75% and 80%, respectively, of the pre-construction peak runoff rates. The percentages apply only to the post-construction stormwater runoff that is attributable to the portion of the site on which the proposed development or project is to be constructed; or
 - (d) In tidal flood hazard areas, stormwater runoff quantity analysis in accordance with Subsection R(2)(a), (b) and (c) above is required unless the design engineer demonstrates through hydrologic and hydraulic analysis that the increased volume, change in timing, or increased rate of the stormwater runoff, or any combination of the three, will not result in additional flood damage below the point of discharge of the major development. No analysis is required if the stormwater is discharged directly into any ocean, bay, inlet, or the reach of any watercourse between its confluence with an ocean, bay, or inlet and downstream of the first water control structure.
- (3) The stormwater runoff quantity standards shall be applied at the site's boundary to each abutting lot, roadway, watercourse, or receiving storm sewer system.

2. Section 163-20.5, pertaining to Calculation of stormwater runoff and groundwater recharge, is hereby amended (with new language underlined and deleted language crossed out) as follows:

A. Stormwater runoff shall be calculated in accordance with the following:

- (1) The design engineer shall calculate runoff using one of the following methods ~~(a) The~~ the USDA Natural Resources Conservation Service (NRCS) methodology, including the NRCS Runoff Equation and Dimensionless Unit Hydrograph, as described in Chapters 7, 9, 10, 15 and 16, Part 630, Hydrology National Engineering Handbook, incorporated herein by reference as

amended and supplemented. This methodology is additionally described in Technical Release 55-Urban Hydrology for Small Watersheds (TR-55), dated June 1986, incorporated herein by reference as amended and supplemented. Information regarding the methodology is available from the Natural Resources Conservation Service website at https://www.nrcs.usda.gov/Internet/FSE_DOCUMENTS/stelprdb1044171.pdf; or at United States Department of Agriculture Natural Resources Conservation Service, 220 Davison Avenue, Somerset, New Jersey 08873; 2

~~(b) The Rational Method for peak flow and the Modified Rational Method for hydrograph computations. The Rational and Modified Rational Methods are described in "Appendix A-9 Modified Rational Method" in the Standards for Soil Erosion and Sedi- ment Control in New Jersey, January 2014. This document is available from the State Soil Conservation Committee or any of the Soil Conservation Districts listed at N.J.A.C. 2:90-1.3(a)3. The location, address, and telephone number for each Soil Con- servation District is available from the State Soil Conservation Committee, PO Box 330, Trenton, New Jersey 08625. The document is also available at <http://www.nj.gov/agriculture/divisions/anr/pdf/2014NJSoilErosionControlStand- ardsComplete.pdf>.~~

(2) For the purpose of calculating ~~runoff coefficients~~ curve numbers and groundwater recharge, there is a presumption that the pre-construction condition of a site or portion thereof is a wooded land use with good hydrologic condition. The term "~~runoff coefficient~~ curve number" applies to both the NRCS methodology at § 163-20.5A(1)(a) ~~and the Rational and Modified Rational Meth- ods at § 163-20.5A(1)(b)~~. A ~~runoff coefficient~~ curve number or a groundwater recharge land cover for an existing condition may be used on all or a portion of the site if the design engineer verifies that the hydrologic condition has existed on the site or portion of the site for at least five years without interruption prior to the time of application. If more than one land cover ~~has~~ has existed on the site during the five years immediately prior to the time of application, the land cover with the lowest runoff potential shall be used for the computations. In addition, there is the pre- sumption that the site is in good hydrologic condition (if the land use type is pasture, lawn, or park), with good cover (if the land use type is woods), or with good hydrologic condition and con- servation treatment (if the land use type is cultivation).

~~(3) In computing pre-construction stormwater runoff, the design engineer shall account for all significant land features and structures, such as ponds, wetlands, depressions, hedge- rows, or culverts, that may reduce pre-construction stormwater runoff rates and volumes.~~

~~(4) In computing stormwater runoff from all design storms, the design engineer shall con- sider the relative stormwater runoff rates and/or volumes of pervious and impervious sur- faces separately to accurately compute the rates and volume of stormwater runoff from the site. To calculate runoff from unconnected impervious cover, urban impervious area modifi- cations as described in the NRCS Technical Release 55—Urban Hydrology for Small Water- sheds and other methods may be employed.~~

~~(5) If the invert of the outlet structure of a stormwater management measure is below the flood hazard design flood elevation as defined at N.J.A.C. 7:13, the design engineer shall take into account the effects of tailwater in the design of structural stormwater management measures.~~

B. Groundwater recharge may be calculated in accordance with the following:

~~(1) The~~ (1) The New Jersey Geological Survey Report GSR-32, A Method for Evaluating Ground- ~~Water~~ Water- Recharge Areas in New Jersey, incorporated herein by reference as amended and sup- plemented. Information regarding the methodology is available from the New Jersey Storm- water Best Management Practices Manual; at the New Jersey Geological and Water Survey website at <http://www.nj.gov/dep/njgs> ~~<http://www.state.nj.us/dep/njgs/>~~ or at the New Jersey Geological and Water Survey, 29 Arctic Parkway, PO Box 420 Mail Code 29-01, Trenton, New Jersey 08625-0420.

C. The precipitation depths of the current two-, 10-, and 100-year storm events shall be deter- mined by multiplying the values determined in accordance with (1) and (2) below:

(1)The applicant shall utilize the National Oceanographic and Atmospheric Administration (NOAA), National Weather Service's Atlas 14 Point Precipitation Frequency Estimates: NJ, in accordance with the location(s) of the drainage area(s) of the site. This data is available at: https://hdsc.nws.noaa.gov/hdsc/pfds/pfds_map_cont.html?bkmrk=nj; and

(2) The applicant shall utilize Table 5 below, which sets forth the applicable multiplier for the drainage area(s) of the site, in accordance with the county or counties where the drainage area(s) of the site is located. Where the major development lies in more than one county, the precipitation values shall be adjusted according to the percentage of the drainage area in each county. Alternately, separate rainfall totals can be developed for each county using the values in the table below.

Table 5: Current Precipitation Adjustment Factors (NEW)

D. Table 6 below sets forth the change factors to be used in determining the projected two-, 10-, and 100-year storm events for use in this chapter, which are organized alphabetically by county. The precipitation depth of the projected two-, 10-, and 100-year storm events of a site shall be determined by multiplying the precipitation depth of the two-, 10-, and 100-year storm events determined from the National Weather Service’s Atlas 14 Point Precipitation Frequency Estimates pursuant to C (1) above, by the change factor in Table 6 below, in accordance with the county or counties where the drainage area(s) of the site is located. Where the major development and/or its drainage area lies in more than one county, the precipitation values shall be adjusted according to the percentage of the drainage area in each county. Alternately, separate rainfall totals can be developed for each county using the values in the table below.

**BOROUGH OF PENNINGTON
ORDINANCE NO. 2024-14**

**ORDINANCE AMENDING CHAPTER 119 OF THE
CODE OF THE BOROUGH OF PENNINGTON
CONCERNING HISTORIC PRESERVATION**

WHEREAS, the Historic Preservation Commission of the Borough of Pennington has recommended amendments to Chapter 119 of the Borough Code concerning Historic Preservation;

WHEREAS, Borough Council has accepted the Commission’s recommendations, which are reflected in the amendments that follow (new language underlined and deleted language crossed out);

NOW, THEREFORE, BE IT ORDAINED, by Borough Council of the Borough of Pennington, as follows:

- 1. Section 119-2 of Chapter 119, concerning Definitions, is hereby amended as follows:

§ 119-2. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

ADDITION — An extension or increase in building size, floor area or height.

ADMINISTRATIVE OFFICIAL – The Borough Land Use Administrator or another official performing such duties.

ALTERATION — Any work done on a designated structure or in a district which changes its exterior appearance, excepting paint color.

CERTIFICATE OF APPROPRIATENESS — A document issued by the Historic Preservation Commission demonstrating its review of any alteration, addition to or demolition of a designated historic site, or to a property within an historic district. Such review is based upon the application and representations of the applicant and the approved plans presented for the preservation, restoration, rehabilitation or alteration of an existing property, or the demolition, addition, removal, repair or remodeling of any feature on an existing building within the historic district, or for any new construction within the historic district.

CONSTRUCTION OFFICIAL – Qualified person appointed by the municipality to enforce and administer the regulations within the purview of the Pennington Department of Building and Construction;

CONTRIBUTING — Building, site, structure or object that adds to the historic architectural qualities, historic associations or archaeological values for which the property or district is significant because it was present during the period of significance or possesses historic integrity or yields important information about a significant period.

DEMOLITION — The partial or total razing, dismantling or destruction of any historic site or any improvement within an historic district.

HISTORIC DISTRICT — One or more historic sites and certain intervening or surrounding property significantly affecting or affected by the quality and character of historic site or sites, as specifically designated herein.

HISTORIC RESOURCE — Any historic district, site, building, structure, or object included in, or eligible for inclusion in, the local listing (of historic places); such term includes artifacts, records, and remains which are related to such a district, site, building, structure, or object.

HISTORIC SITE — Any real property, man-made structure, natural object or configuration or any portion or group of the foregoing which has been designated in the Master Plan as being of historic, archaeological, cultural, scenic or architectural significance at the national, state or local level, as specifically designated herein or any property which is located in an historic district. The designation of an historic site or landmark shall be deemed to include the Tax Map lot on which it is located as well as the right-of-way contiguous thereto.

HISTORIC STRUCTURE — Any structure situated on property included in the historic designation list of the Borough of Pennington as adopted herein as it may be amended.

IMPROVEMENT — Any structure or any part thereof installed upon real property by human endeavor and intended to be kept at the location of such construction or installation.

IN-KIND — Replacement elements which **exactly** match **material**, type and texture of original ~~or existing~~ elements.

INTEGRITY — The ability of a property or element to convey its historic significance; the retention of those essential characteristics and features that enable a property to effectively convey its

significance.

INVENTORY — A list of historic properties determined to meet criteria of significance specified herein.

KEY CONTRIBUTING – Any buildings, structures, sites, or objects which, due to their significance, would individually qualify for landmark status.

MINOR WORK APPLICATION — Any application for a certificate of appropriateness which:

- A. Does not involve demolition, relocation or removal of an historic site;
- B. Does not involve an addition to a property in an historic district or new construction in an historic district;
- C. Is a request for approval of doors, windows, exterior sheathing or other work visible from the street which will comply with the adopted design guidelines for the improvement proposed where a specific guideline applies and which will not substantially affect the characteristics of the historic site or the historic district.
- D. Is a request for a field change for a certificate of appropriateness which has already been issued and which meets the criteria of Subsection C of this definition, above.

NATIONAL REGISTER CRITERIA — The established criteria for evaluating the eligibility of properties for inclusion in the National Register of Historic Places.

NONCONTRIBUTING ~~BUILDINGS~~ — Building, site, structure or object that does not add to the historic architectural qualities, historic associations or archaeological values for which a property is significant because it was not present during the period of significance; due to alterations, disturbances, additions or other changes it no longer possesses historic integrity reflecting its character at that time or is incapable of yielding important information about the period; or it does not independently meet the National Register criteria. **Any buildings or structures constructed within the last fifty (50) years are considered noncontributing, unless otherwise designated.**

ORDINARY MAINTENANCE — Repair of any deterioration, wear or damage to a structure or any part thereof in order to return the same as nearly as practicable to its condition prior to the occurrence of such deterioration, wear, or damage using the same materials and workmanship and having the same appearance.

PRESERVATION — The act or process of applying measures to sustain the existing form, integrity and material of a building or structure, and the existing form and vegetative cover of a site. It may include initial stabilization work, where necessary, as well as ongoing maintenance of the historic building materials.

PROTECTION — The act or process of applying measures designed to affect the physical condition of a property by defending or guarding it from deterioration, loss or attack, or to cover or shield the property from danger or injury.

RECONSTRUCTION — The act or process of reproducing by new construction the exact form and detail of a vanished or nonsurviving building, structure or object, or any part thereof, as it appeared at a specific period of time when documentary and physical evidence is available to permit accurate reconstruction.

REHABILITATION — The act or process of returning a property to a state of utility through repair or alteration which makes possible an efficient contemporary use while preserving those portions or features of the property which are significant to its historical, architectural and cultural values.

REPAIR — Any work done on an improvement that is not an addition and does not change the exterior appearance of any improvement; provided, however, that any such repairs must be done with materials and workmanship of the same quality.

RESTORATION — The act or process of accurately recovering the form and details of a property and its setting as it appeared at a particular period of time by means of the removal of later work or by the replacement of missing earlier work.

STRUCTURE — A combination of materials to form a construction for occupancy, use or ornamentation whether installed on, above, or below the surface of a parcel of land.

SURVEY — A process of identifying and gathering data on a community's historic resources. It includes a field survey which is the physical search for and recording of historic resources on the ground, preliminary planning and background research before the field survey begins, organization and presentation of survey data as the survey proceeds, and the development of inventories.

2. Section 119-3 of Chapter 119, concerning the Historic Preservation Commission, is hereby amended as follows:

§ 119-3. Historic Preservation Commission.

There is hereby established the Historic Preservation Commission.

- A. Responsibilities. The Historic Preservation Commission shall have the following duties and responsibilities:
 - (1) To identify, record and maintain a survey of all buildings, sites, objects, improvements, **structures** and districts of historical significance within the Borough.
 - (2) To recommend to the Borough Council the designation of buildings, structures, sites, objects, **districts** or improvements as historic landmarks, and to recommend the designation of historic districts.
 - (3) To monitor and recommend to the Borough Council any buildings, structures, sites, objects or districts for inclusion in the New Jersey or National Register of Historic Places.
 - (4) To make recommendations to the Planning Board on the historic preservation plan element of the Master Plan and on the implications for preservation of historic landmarks and historic districts of any other Master Plan elements. The Commission may provide information to the Planning Board indicating the location and significance of historic landmarks and historic districts, and identify the standards used to assess worthiness for historic landmark of historic district designation.
 - (5) To advise the Planning Board on applications for development pursuant to N.J.S.A. 40:55D-110.
 - (6) To provide written reports pursuant to N.J.S.A. 40:55D-111 on the application of the Zoning Ordinance provisions concerning historic preservation.
 - (7) To review and render determinations regarding applications for certificates of appropriateness as set forth in this chapter.
 - (8) To monitor and recommend to the Borough Council the submission of any grants related to historic preservation.
 - (9) To carry out such other advisory, educational and informational functions as will promote historic preservation in the Borough.

- B. Membership; appointment.
 - (1) The Commission shall consist of seven regular members and two alternate members who shall be appointed by the Mayor with the advice and consent of the Borough Council. Members shall serve without compensation. At the time of appointment, members shall be designated by class as provided further below.
 - (2) The Commission shall consist of at least one member of each of the following classes:
 - (a) Class A: a person who is knowledgeable in building design and construction or architectural history and who may reside outside the municipality; and
 - (b) Class B: a person who is knowledgeable, or with a demonstrated interest, in local history and who may reside outside the municipality.
 - (3) Of the regular members, a total of at least one less than a majority shall be of Classes A and B.
 - (4) Those regular members who are not designated as Class A or B shall be designated as Class C. Class C members shall be citizens of the municipality who shall hold no other municipal office, position or employment except for membership on the Planning Board.
 - (5) At least one regular member of the Commission shall be a homeowner within the Historic District, ~~and one member shall be a person who owns a business or commercial property located in the Borough~~, provided the member otherwise qualifies as a Class A, B or C member. **The Commission shall make its best efforts to include one member who shall be a person that owns a business or commercial property located in the Borough.**
 - (6) Alternate members shall meet the qualifications of Class C members. At the time of appointment, alternate members shall be designated as "Alternate No. 1" and "Alternate No. 2."

- C. Terms.
 - (1) The terms for the members of the Historic Preservation Commission first appointed by Borough Council shall be as follows:
 - (a) One member appointed for a one-year term.
 - (b) Two members appointed for a two-year term.
 - (c) Two members appointed for a three-year term.
 - (d) Two members appointed for four-year terms.
 - (e) Thereafter, the term of each regular member shall be for four years.
 - (2) All terms shall begin on January 1 of the year in which the appointment is made.
 - (3) Notwithstanding any other provision herein, the term of any member common to the Historic Preservation Commission and the Planning Board shall be for the term of membership on the Planning Board.
 - (4) A vacancy occurring otherwise than by expiration of term shall be filled within 60 days for the unexpired term only.

- D. Alternates.
- (1) The alternate members may participate in all Commission discussions during proceedings but may not vote except in the absence or disqualification of a regular member. A vote shall not be delayed in order that a regular member may vote instead of an alternate member. In the event that a choice must be made as to which alternate member is to vote, Alternate No 1 shall vote.
 - (2) Alternate members shall serve for terms of two years; provided, however, that the initial terms of the two such alternate members shall be one and two years, respectively.
- E. Council liaison. A member of the Borough Council shall be designated as a liaison between the Historic Preservation Commission and the Borough Council. The role of such liaison person shall be informational only, and such person shall possess no voting rights with regard to any action taken by the Commission.
- F. Officers. Annually, the Commission shall elect a Chair and Vice Chair from its members and select a recording secretary who may or may not be a member of the Commission or a municipal employee.
- G. Recordkeeping and procedures.
- (1) In order to make available to the public information useful to the preservation and protection of historic districts and sites and to provide the basis for consistency of policy, the Commission shall maintain complete files and records. The Commission's files shall include but are not limited to data used in the classification of buildings, places and structures, minutes of Commission meetings, applications for certificates of appropriateness along with collateral data, decisions and appeals associated therewith and information, materials and references submitted to the public related to historic preservation. A record of Commission proceedings shall be kept and made available, but a formal verbatim record shall not be required.
 - (2) The Commission Secretary shall keep minutes and records of all meetings and proceedings, including voting records, attendance, resolutions, findings, determinations, decisions and applications. All meetings shall be noticed and conducted in accordance with the Open Public Meetings Act, N.J.S.A. 10:4-6, et seq. Copies of all minutes shall be maintained in the office of the Commission and shall be delivered promptly to the Borough Clerk.
 - (3) Copies of records shall be made available to municipal bodies, agencies, and officials for their use. When the Planning Board refers an application to the Historic Preservation Commission, then the referring Board shall receive a copy of the Commission's report.
 - (4) The ~~Borough construction~~ office shall maintain and display an up-to-date map showing the Historic District, as well as a current listing of historic sites.
- H. Conflict of interest. No member of the Commission shall be permitted to act on any matter in which he or she has, either directly or indirectly, any personal or financial interest. Unless a member resides or owns property within 100 feet of property which is the subject of an application, mere ownership or residence in a designated historic district and/or ownership of a designated historic site or a nondesignated site shall not be deemed a personal or financial interest.
- I. Removal. A member of the Commission may, after a public hearing, if requested, be removed by the governing body for cause.
- J. Meetings; quorum
- (1) The Historic Preservation Commission shall establish and post in Borough Hall a regular schedule of a minimum of one meeting per month. Regular meetings shall be held as scheduled unless canceled for lack of applications to process. Additional special meetings may be called by the Chair or Vice Chair, or on the request of any two of its members, when the regular meetings are inadequate to meet the needs of its business, to handle emergencies or to meet time constraints imposed by law.
 - (2) The Historic Preservation Commission shall hold public ~~meetings~~ ~~hearings~~ to review all applications for permits, referrals of development applications and other business which comes before the Commission. **At meetings addressed to applications or review of a proposed historic site or district, applicants and interested parties shall have the right to be heard.**
 - (3) The presence of five members, which may include alternate members filling the vacancies of regular members, shall constitute a quorum. Liaison person(s) are not entitled to vote and shall not be counted towards achieving a quorum. A majority vote of those present and voting shall prevail, and shall be sufficient to grant or deny a certificate of appropriateness. Not less than a majority of the appointed membership shall be required to grant or change an historic landmark or historic district designation or to grant approval for demolition.

3. Section 119-4 of Chapter 119, concerning Designation of Historic Sites and Districts, is hereby amended as follows:

- A. Survey.
The Commission shall maintain a comprehensive survey of the Borough of Pennington to identify historic districts and landmarks which are worthy of protection and preservation.
- B. Criteria for designation.
The criteria for evaluating and designating historic districts and sites shall be guided by the National Register criteria. The Commission or any person may recommend designation of historic landmarks or historic districts that are in accordance with the National Register criteria or that possess one or more of the following attributes:
- (1) Character, interest, or value as part of the development, heritage or cultural characteristics of the Borough, state or nation;
 - (2) Association with events that have made a significant contribution to the broad patterns of our history; or
 - (3) Association with the lives of persons significant in our past; or
 - (4) Embodiment of the distinctive characteristics of a type, period or method of construction, architecture, or engineering; or
 - (5) Identification with the work of a builder, designer, artist, architect or landscape architect whose work has influenced the development of the Borough, state or nation; or
 - (6) Embodiment of elements of design, detail, material or craftsmanship that render an improvement architecturally significant or structurally innovative; or
 - (7) Unique location or singular physical characteristics that make a district or landmark an established or familiar visual feature; or
 - (8) Significant concentration of historic resources which share elements of historic architecture or history.
- C. Procedures for designation.
- (1) Interested parties shall contact the Commission regarding consideration of a proposed historic site or district. The Commission may also initiate the designation of an historic site or district. The Commission will schedule a **meeting hearing** to review the proposed historic site or district.
 - (2) The formal historic district nomination shall include a building-by-building inventory of all properties within the district; color and/or black-and-white photographs of all properties within the district; a property map of the district showing boundaries; and a physical description and statement of significance which address the criteria for designation set forth herein. The formal historic site nomination shall include a color and/or black-and-white photograph, a tax map of the property and a physical description and statement of significance which address the criteria for designation set forth herein.
 - (3) Upon review and approval of the proposed site or historic district by the Historic Preservation Commission, and after hearing the comments of the public, if any, the Commission shall forward the proposed site or district nomination to the Planning Board for consideration. Notification shall be by public notice in the official paper and by prominent posting in the municipal building at least 30 days prior to the Planning Board hearing. The interested parties or the Commission shall submit to the Planning Board a complete list of involved properties.
 - (4) Upon review and approval of the proposed site or district by the Planning Board, the site or district nomination will be sent to the Borough Council for adoption to amend and supplement this chapter.
 - (5) All other requirements of the Municipal Land Use Law regarding adoption of development regulations shall be followed.
- D. Designation of districts. There is hereby established the Pennington Crossroads Historic District. The designated historic district is outlined on the Pennington Historic District Map **included as Appendix A at the end of this chapter incorporated herein.**

4. Section 119-5 of Chapter 119, concerning the Certificate of Appropriateness, is hereby amended as follows:

§ 119-5. Certificate of appropriateness.

- A. When required.
A certificate of appropriateness issued by the Commission shall be required before a permit is issued, or before work can commence, for any of the following activities within a historic district(s) or on any designated historic landmark:
- (1) Demolition of any contributing designated building, structure, or site, not including accessory structures.
 - (2) Change in the exterior appearance that is visible from the street of any building, structure, site, object or improvement by addition, reconstruction, alteration or replacement, including the following, except for the activities described in Subsection B below.
 - (3) Relocation of a principal structure or site.
 - (4) Any addition to or new construction of a principal structure that is visible from the street.

B. When not required.

In no instance shall the following be considered subject to review:

- (1) Changes to the interior of a structure.
- (2) Exterior painting of a structure.
- (3) Ordinary maintenance as defined in this chapter.
- (4) ~~When ordinary maintenance is not feasible, r~~ **Replacement according to the following is permitted according to this criteria only:**
 - (a) ~~Complete in-kind replacement of existing doors or windows. Nonoriginal materials are permitted.~~
 - (b) ~~(a)Repair of existing windows and doors involving no change in their design, scale or appearance. In-kind replacement of existing storm windows and replacement of storm doors with new doors which show the same view or more of the entry door.~~
 - (c) ~~Complete replacement of existing material with in-kind material.~~
 - (d) ~~(b)Replacement of roofing material with any replacement roofing material.~~
 - (e) ~~(c)Structural repairs which do not alter the exterior appearance of the building.~~
 - (f) ~~Complete replacement of existing roof structures, such as cupolas, dormers and chimneys, or the repair of same which does not alter their exterior appearance. Nonoriginal materials are permitted.~~

- (10) ~~Alterations to structures constructed after 1945.~~
- (11) ~~(9)Development applications, see below.~~

C. Minor work applications.

(1) The Chair of the Historic Preservation Commission, or other designated member(s) of the Commission acting on the Chair's behalf, may review applications for minor work as defined in this chapter, without holding a public **meeting hearing**. If the Chair finds the application appropriate, he or she may act in place of the full Commission and issue a certificate for minor work to the Construction Official, who may then issue a building permit. If the Chair does not find the application appropriate or doubts its appropriateness, the application shall be scheduled for a public **meeting hearing** before the full **Commission Board**.

(2) The definition of "minor work application" in accordance with Section 119-2 of this ordinance shall include but not be limited to the following:

- (a) **Replacement of existing windows with new windows, which must match existing or original historic window type, dimension, muntin pattern, and profile. Nonoriginal materials that match dimension, profile, exposure and texture may be permitted. Vinyl and aluminum, and highly reflective glass are not permitted.**
- (b) **Replacement of existing entry doors with new doors, which must match existing or original historic door type, dimension, pattern and profile. Where the original door type, dimension, pattern and profile cannot be ascertained, then a period-appropriate door type, dimension, pattern and/or profile may be approved.**
- (c) **Replacement of existing clapboards, shingles, or other siding involving no change in design, scale or appearance of the structure. Nonoriginal materials that match dimension, profile, exposure and texture may be permitted. Vinyl and aluminum are not permitted. Where original trim does not exist or cannot be preserved, the period-appropriate trim dimension and/or profile may be approved.**
- (d) **Replacement of existing roof structure such as cupolas, dormers and chimneys, or the repair of same which does not alter their exterior appearance. Nonoriginal materials are permitted.**
- (e) **Replacement of existing storm windows with new storm windows that show the same view or more of the relevant window, and installation of new storm windows that minimize obstruction of the view of the existing window.**

- (f) Replacement of storm doors with new storm doors which show the same view or more of the entry door, and installation of new storm doors that minimize obstruction of the view of the existing door.
- (g) Replacement of storefronts, or the repair of same, must match existing or original storefront type, dimension, pattern (including muntin pattern) and profile. Where the original storefront type cannot be ascertained, then a period-appropriate type, dimension, pattern, and/or profile may be approved.

D. Procedures.

- (1) The construction office shall forward a copy of all permit applications dealing with historic landmarks or historic districts to the Commission prior to issuance of the requested permit.
- (2) All applicants shall complete an application form. Application forms shall be made available in the Borough construction office or website. Complete applications shall be filed with the construction office.
- (3) Each application may be accompanied by sketches, drawings, photographs, descriptions, the property survey, if available, and other information to show the proposed alterations, additions, changes or new construction. Applications for demolition shall include current and archival photographs, if available, of the interior and exterior of the building and drawings to document the condition of the building. The Commission may require the subsequent submission of such additional materials related to building condition as it reasonably requires to make an informed decision.
- (4) The Commission shall reach a decision on an application and submit its report to the Construction Official within 45 days of referral by the Construction Official. Nothing herein shall prohibit an extension of time by mutual agreement of the applicant and the Commission.

5. Section 119-8 of Chapter 119, concerning Application Review, is hereby amended as follows:

§ 119-8. Application review.

- A. The Commission shall hold a public meeting hearing on all applications for certificates of appropriateness. ~~No public hearing shall be required in order for the Commission to render a determination of nonnecessity as defined in this chapter. The Chair or designated Commission Member may render a determination of non-necessity without requiring a meeting of the full Commission; notification will be provided to the full Commission in such cases.~~
- B. Prior to holding a public meeting hearing on an application for a certificate of appropriateness, the Commission shall, in addition to complying with the requirements of the Open Public Meetings Act, N.J.S.A. 10:4-6 et seq., notify the applicant in writing at least 10 days prior to the meeting hearing by personal service or certified mail setting forth the time, date and place of the meeting hearing.
- C. An applicant for a certificate of appropriateness shall not be required to appear or to be represented at the meeting hearing in order for the Commission to consider the application for a certificate of appropriateness, and the Commission may take action in the absence of the applicant.
- D. At the meeting hearing, the Commission shall allow all persons the opportunity to be heard concerning the issuance of a certificate of appropriateness for the proposed work.
- E. After conducting the public meeting hearing, the Commission shall render a determination on the application. All determinations shall be in writing with an explanation of the reasons for the decision, and shall be delivered promptly to the ~~Administrative Construction~~ Official. The Commission shall grant a certificate of appropriateness to the applicant if it finds the application appropriate to the historic landmark or historic district and in conformity with the standards and criteria set forth in this chapter. The Commission may issue a certificate of appropriateness subject to certain condition(s), which shall be set forth in detail in the Commission's written decision. The Commission shall deny the issuance of a certificate of appropriateness if it finds the application inappropriate to the historic landmark or historic district and/or not in conformity with the said standards and criteria. The Commission's denial of a certificate of appropriateness shall be deemed to prohibit the applicant from undertaking the work applied for, and shall preclude the issuance of any required permit for the said work by the Construction Official. Upon receipt of the Commission's written determination, the ~~Administrative Construction~~ Official shall notify the applicant of said determination in writing within five days thereof.
- F. Failure of the Commission to render its written determination to the ~~Administrative Construction~~ Official within the forty-five-day period referenced above shall be deemed to constitute a determination in favor of the issuance of a certificate of appropriateness for the proposed work and without conditions. In the event that the applicant has consented to an extension of time to consider the application, the ~~Administrative Construction~~ Official shall be notified of said extension and no certificate of appropriateness or permit shall be issued for the proposed work until a determination has been rendered by the Commission during the extension period.
- G. The owner shall post the certificate of appropriateness on a conspicuous spot on the exterior of the designated property visible to the public during the entire process of work.
- H. When a certificate of appropriateness has been issued, the Construction Official or his appointee

shall, from time to time, inspect the work approved by such certificate and shall regularly report to the Commission the results of such inspections, listing all work inspected and reporting any work not in accordance with such certificate.

- I. A certificate of appropriateness shall be valid for a period of two years from date of issue unless reasonable extensions are requested by the applicant or the Commission.
- J. The performance of unauthorized activities shall be deemed to be a violation of this chapter and may subject the responsible parties to sanctions imposed hereunder.

6. Section 119-10 of Chapter 119, concerning criteria for review of applications, is hereby amended as follows:

7.

§ 119-10. Criteria for review of applications.

- A. The goal of the review process is to preserve the integrity of designated historic sites and districts and to ensure the compatibility of any changes or improvements made to them. Such changes may be done in a manner that references the historic architecture or they may be completed in a more contemporary idiom as long as they relate to the physical context of the original building in terms of scale, proportion, rhythm, massing and materials.
- B. In interpreting and applying the standards and criteria set forth herein, the Commission shall be guided by the principles contained in the most current version of the Secretary of Interior Standards for Rehabilitation and the Secretary of the Interior Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings (hereinafter referred to as "the standards").
- C. In reviewing an application for a certificate of appropriateness, the Commission shall consider the setting, design, arrangement, texture, details, scale, shape, materials and finish, and consider the relationship of those characteristics to the historic, architectural, cultural, archeological, and aesthetic significance of the historic site or district as well as:
 - (1) The impact of the proposed change on the historic and architectural significance of the historic site or district.
 - (2) The historic site's importance to the municipality and the extent to which its historic, cultural, or architectural significance would be adversely affected to the detriment of the public interest.
 - (3) The designation of a property within a district as "key contributing," "contributing," or "noncontributing."
 - (4) The extent to which the proposed action would adversely affect the public's view of an historic site within an historic district from a public street.
- D. Visual compatibility factors. In regard to an application for new construction, alterations, additions or replacements affecting an historic site or an improvement within an historic district, the following visual compatibility factors shall be considered in relation to its setting and context:
 - (1) Height.
 - (2) Massing.
 - (3) Proportion of the width and height of the building's facades.
 - (4) Proportion of openings within the building.
 - (5) Rhythm of spacing of buildings on streets.
 - (6) Rhythm of solids to voids on facades fronting on public places.
 - (7) Relationship of materials and texture.
- E. Additions to designated buildings or contributing structures within the District: Additions are not historical in themselves, and do not possess original or historic materials or design. Accordingly, they are subject to the following criteria:
 - (1) Additions at the sides and rear of historic structures are encouraged so as not to obscure the historic structure. New construction on the front of historic structures is generally inconsistent with the objectives of this chapter.
 - (2) The character of the addition is not required to duplicate the architectural style of the historic structure. Where visible from the street, the addition should complement, rather than dominate, the existing structure.
- F. New construction and additions to noncontributing structures within the District. New construction and additions to noncontributing structures do not have existing historic character and are not attached to historic structures. Accordingly, they are subject to the following criteria:
 - (1) New construction and additions to noncontributing buildings need not match the architectural style or general materials of their surroundings or the noncontributing building to which the building will be attached.
 - (2) New construction and additions to noncontributing buildings shall be consistent with their general context, per "visual compatibility" factors, above.
 - (3) Height, and street setback shall match the prevailing conditions of the nearest three buildings in each direction.

8. Chapter 119 is hereby supplemented by a new Section 119-17, concerning Severability, as follows:

119-17. Severability

If any provision of this chapter shall be held invalid, such invalidity shall not affect the

other provisions hereof which can be given effect without the invalid provision or provisions, and to this end the provisions of this chapter are declared to be severable.

9. This ordinance shall take effect upon passage and publication as provided by law.

RESOLUTION 2024 – 12.4**

**RESOLUTION AUTHORIZING PROFESSIONAL SERVICES
AGREEMENT WITH EXCEL ENVIRONMENTAL RESOURCES, INC.
FOR SUPPLEMENTAL REMEDIAL INVESTIGATION
FOR BLOCK 205 / LOTS 2, 4 AND 5**

WHEREAS, Excel Environmental Resources, Inc. (“Excel”) has applied to the State of New Jersey on behalf of the Borough for grants from the Hazardous Discharge Site Remediation Fund (HDSRF) to cover the cost of Preliminary Assessment, Site Investigation and Remedial Investigation at the Borough Sanitary Landfill on Delaware Avenue in the Borough and has performed related services funded by these grants;

WHEREAS, the Borough now requires Supplemental Remedial Investigation at the Landfill and has received an HDSRF Grant in the amount of \$247,699.61 from the New Jersey Economic Development Authority for the performance of these Supplemental Remedial Investigation activities;

WHEREAS, by Resolution 2024-11.6, Borough Council has accepted this Grant and related terms and conditions and has authorized the Mayor to execute all grant documents as the authorized representative of the Borough;

WHEREAS, Borough Council now seeks to enter into a professional services agreement with Excel in the amount of \$247,699.61 to perform the work required for Supplemental Remediation Investigation;

WHEREAS, the proposed form of agreement is attached to this Resolution;

WHEREAS, this is an agreement for professional services not requiring advertisement for bids under the Local Public Contracts Law;

NOW, THEREFORE, BE IT RESOLVED, by Borough Council of the Borough of Pennington, that the Mayor, with the attestation of the Borough Clerk, is hereby authorized to enter into the attached Professional Services Agreement with Excel Environmental Resources, Inc., for an amount not to exceed \$247,699.61, subject only to such amendments in form as may be required by the Borough Attorney.

RESOLUTION 2024-12.5**

**RESOLUTION REQUESTING EXTENSION OF AWARD
DATE FROM THE NEW JERSEY DEPARTMENT OF TRANSPORTATION FOR
IMPROVEMENTS TO BALDWIN STREET AND BALDWIN COURT UNDER THE
NJDOT - FY2023 MUNICIPAL AID PROGRAM**

WHEREAS, the New Jersey Department of Transportation (NJDOT) awarded funding for the 2023 fiscal year to the Borough of Pennington for a project consisting improvements to Baldwin Street and Baldwin Court in the amount of \$517,730; and

WHEREAS, the NJDOT has advised that the construction contract must be awarded within 24 months from the date of the execution of the grant agreement, establishing a deadline of November 22, 2024, and that failure to award a construction contract by that date would jeopardize the use of State funds on this project; and

WHEREAS, the Borough has been working on securing the required permits, finalizing the design and advertising for bids to award a contract; and

WHEREAS, the bid opening is scheduled for December 11, 2024 and award of the contract is scheduled for the December 30th, 2024 Regular Council Meeting; and

WHEREAS, the Borough plans to complete the project during the spring of 2025;

NOW, THEREFORE, BE IT RESOLVED, by the Borough Council of the Borough of Pennington that for the foregoing reasons, the Borough Council requests from the New Jersey Department of Transportation a two-month extension, to January 22, 2025, for award of a construction contract for the above described Improvements to Baldwin Street and Baldwin Court.
