Owen Costanza -

I wanted to speak tonight in the thousands of dollars Betsy Straw, and Bruce Moore wasted on FAILED election objections. When Mr. Sattler ran, he campaigned on Honesty and integrity. Since his election, he has been dishonest and lacked integrity. His latest stunt wasted thousands of dollars to try and hurt his political opponents and take power away from voters. You thought you wouldn't get caught, but people found out about your collusion with Moore and Straw we know you forwarded petitions to people. Just because something is a public record doesn't excuse the actions of Straw, Sattler, and Moore.

Taxpayers deserve better! These funds could help build a park on Saratoga lane that would give kids a place to play. More importantly, building a park would increase property values and make Poplar Grove a desirable place to live. Studies show Homeowners can see an increased value anywhere between 8% to 20% for their homes with a nearby park. But NO, the village president found it better to use the money to attack political opponents with LOSING objections rather than use this money to better the village. Mr. President, your administration has been a failure to the people of Poplar Grove, and you should be ashamed.
