May/June 2022

Clerk Monthly Report

## General

Neighbors Night was a huge success. Biggest turnout we have had to date. We got some good feed back from neighbors.

## FOIA

We had 2 FOIA

1. Robin- Connie Description of requested public records: Issued building permits for both commercial and residential with a value of 100,000.00 and up. This request would like all information pertaining to these such as contractor name and addresses, property number, owner of said property, subdivision name and lot number if residential, residential demo permits. I would prefer this report by email. I am disclosing that this request is for commercial purposes.
2. 404 Jayde- Any permits, code violations for the property

## PERMITS

For the month of May, We had 27 residential permits 1 commercial for a total of 28 permits. We have used jot form and its totally for PDF fillable. They can upload all documents and sign the PDF right online. We are trying it with the permits and if it is successful, we will move all our forms over to jot form

## CODE

We had 3 code violations and 1 stop work order. Admin court was continued. We did meet with the homeowner to try and get them in compliance

**Plant Type:** Wastewater Treatment Plants: North: Class II Sequential batch reactors (SBR).  
South: Class I Sequential batch reactors (SBR).  
Water Treatment Plants: Well Supply with Chemical Addition in all 3 locations

For the water system you will find attached the daily inspection and monitoring reports for each of the water plants and the distribution system testing record. For the wastewater side we have included the monthly DMR for both wastewater plants.

Outlined below are the processes and actions taken during May 2022 in Poplar Grove to improve the facilities equipment beyond required and routine maintenance, testing, inspection and reporting. At times we will also list upcoming needed improvements that may need attention by the Village.

#### **Lift Stations:**

- Last month we put a “grease brick” in Woodstock Road to see if it helps break down the grease that gets sent there. It hasn’t done much and the grease in that area of town is pretty bad.

#### **North WWTP:**

- All standard monthly checks/maintenance/cleaning and producers were completed.
- Pulled all floats and transducers, cleaned rags off of them. This has been having to be done more than normal because of the screen being down.
- Tested the Disk Filter to ensure it still works as it should.
- Because of the screen being down, we are manually raking the bar screen.
- Screen from Sable Mechanical has been ordered and will be put in as soon as the panel comes in.
- Tested all emergency wash stations and portable generators.
- Cleaned EQ tanks.
- Cleaned UV channel.
- We had an actuator go bad for the decanter and have ordered one, but lead time is 60 weeks. We have looked for other options, but we’re limited.

#### **South WWTP:**

- All standard monthly checks/maintenance/cleaning and producers were completed.
- Had VFD replaced at the south plant for mixer. Waiting to hear on insurance to order any more so we can see what they will cover.
- Waiting on a start date for Sable to come and fix the plumbing in the lift station.
- We picked up the new gear boxes from Aqua Tec and will be putting the new one in service as soon as we can.
- Tested all emergency wash stations.
- Sent sludge to drying bed.
- Decanted digesters.

**Water System:**

- Cleaned well houses.
- Test ran Well 2 and 6 and adjusted chemicals to ensure if we have to use it, that it will work properly.
- All required EPA testing has been done.
- Had plumbing fixed in Well 4 for outside faucet.

All operations and plant inspections have been performed by me or under my direct supervision. As always, if you have any questions concerning the above, please do not hesitate to contact me.

**Re: Engineering Report – May 2022 Activity**

**Date: June 10, 2022**

---

Please allow this memorandum to provide a brief summary of major activity over the past month that involves the engineering department:

- **Public Works Building:** Testing Service Corporation completed the field work on the site on May 16<sup>th</sup>. The report is not yet available for review, TSC estimates that the report will be done on the 21<sup>st</sup>.
- **Sherman Oaks Drainage Improvements:** As previously reported, there is a conflict with NICOR on the south side of Park Street. NICOR submitted plans for relocation of the gas on May 11<sup>th</sup> and those plans were approved on May 12<sup>th</sup>. NICOR is currently advising that the relocation will take about 2-3 days to complete. NICOR has not yet provided a firm schedule to complete the work; however, they were originally thinking that they would complete the work in late June.
- **Oak Lawn Mobile Home Park:** The Park has obtained its IEPA permits and has awarded a contract to Kellenberger Plumbing and Underground to complete the connection. The work should be complete by the end of June.
- **2021 Pavement Maintenance Program:** The project was advertised for bid letting on May 19<sup>th</sup>. Proposals were opened yesterday and Curran Contracting, Inc. is the lowest responsive, responsible contractor. A resolution is on the June 15<sup>th</sup> agenda to award the construction contract. A resolution appropriating funds under the highway code will also be on the agenda.

**Re: 2022 Pavement Maintenance Program  
Section 22-00000-00-GM**

**Date: June 12, 2022**

---

Attached to this memo are:

- A resolution that awards the contract to Curran Contracting, Inc.
- An itemized breakdown of the bid results.

The project was advertised for bids, and contract documents were procured by total of five (5) General Contractors and one (1) subcontractor. The following is a summary of the bid results, and a detailed breakdown of the results is attached:

<u>Contractor</u>	<u>Proposal</u>
1. Rock Road Companies, Inc.	\$217,102.30
2. Curran Contracting Company, Inc.	\$201,547.35
3. Norwest Construction, Inc.	\$214,266.29
Engineer's Opinion of Probable Cost:	\$187,529.50

I have attached a detailed breakdown of the bid results to this memorandum for your review. IDOT requires a minimum of eight days to pass between the time that proposals are opened and the time that the contract is awarded, and therefore language is included in the resolution that awards the contract contingent upon any protests being filed.

**Recommendation:**

At this time, I find that Curran Contracting, Inc is the lowest responsive, responsible bidder for Section 22-00000-00-GM, 2022 Pavement Maintenance Program. Attached to this memo is a resolution that will award the contract to Curran contingent upon the eight-day protest period passing without a protest being filed.

I look forward to discussing this item with the Board and in the meantime please do not hesitate to contact me at 636-9590 with any questions. Thank you.

**RESOLUTION 22- 22**  
A RESOLUTION OF THE VILLAGE OF POPLAR GROVE RESOLVING TO AWARD A  
CONSTRUCTION CONTRACT FOR SECTION NUMBER 22-00000-00-GM, 2022  
PAVEMENT MAINTENANCE PROGRAM

**WHEREAS**, the Village of Poplar Grove desires to maintain various streets within the Village; and,

**WHEREAS**, plans and specifications for section number 22-00000-00-GM underwent public bid letting in accordance with the Village’s purchasing policies and MFT procurement requirements; and,

**WHEREAS**, Curran Contracting Company, Inc. has been identified as the lowest responsive, responsible bidder; and,

**WHEREAS**, this is a Public Works Project subject to the Illinois Prevailing Wage Act and the Village will comply with said act as required by 820 ILCS Sec. 130/0.01 *et seq.*; now therefore,

**WHEREAS**, the Village has determined that it is in the best interest of its citizens to construct the improvements.

**NOW THEREFORE BE IT RESOLVED**, by the President and Board of Trustees of the Village of Poplar Grove, Boone County, Illinois that by the adoption of this Resolution:

1. The above recitals are incorporated herein and made part hereof.
2. The Village hereby approves the award of a contract to Curran Contracting Company, Inc. for Section Number 22-00000-00-GM, 2022 Pavement Maintenance Program in the amount of \$201,547.35 contingent upon the protest period expiring without a formal protest being filed.
3. A contingency of 15% of the bid amount is hereby authorized by the Board of Trustees for unforeseen/unanticipated circumstances that may arise during construction.
4. The Village President is hereby authorized to execute a contract with Curran Contracting Company, Inc. and any document necessary to effectuate the intent set forth in this resolution and the Village Clerk of Poplar Grove shall attest the same after the signature of the Village President.

The Village Clerk of Poplar Grove shall attest the same after the signature of the Village President.

Adopted this 15<sup>th</sup> day of June, 2022.

**Re: 2022 Pavement Maintenance Program – Resolution for  
Maintenance Under the Highway Code**

**Date: June 12, 2022**

---

Attached to this memo is a Resolution for Maintenance Under the Illinois Highway Code, which essentially “appropriates” Motor Fuel Tax Funds through IDOT. Upon passage, four certified copies of the executed resolution need to be sent to IDOT’s regional office in Dixon.

I look forward to discussing this with the Committee. In the meantime, please do not hesitate to contact me at 636-9590 if I may provide additional assistance.

**Re: Park Street Sanitary Sewer Repairs**

**Date: June 12, 2022**

---

As you will recall, the Village has been working on a number of sanitary sewer spot repairs which are as follows:

- Main/State and 306 State Street: These repairs were made in the fall of 2021 and consisted of repairs/replacements of the sanitary sewer laterals.
- Park Street: There are a number of utilities (gas, one unknown utility and a water service) that have been directionally drilled through the sanitary sewer on Park Street. The utilities will be lowered or raised to resolve the conflict, and the sewer main will be repaired and it's worthwhile to note that NICOR has agreed to reimburse the Village for its portion of the work. There is also a severely offset joint approximately 50' from a manhole as well as a protruding service connection and it only makes sense to make these repairs concurrently with the other work as they are in very close proximity to each other.

As you will recall, in the spring 2021, we prepared a simple set of drawings/specifications and requested proposals from a number of qualified contractors. At that time, only two contractors submitted proposals which ranged from \$125k to \$175k, and staff felt that the costs were high and not representative of the work. Staff then decided to eliminate the Park Street repairs from the project scope and requested pricing from the low contractor (Stenstrom) to complete the sanitary service repairs at Moscato's and 306 South State. Revised pricing came back at approximately \$90,000, and again, staff felt that that the cost was not representative of the work. It is important to remember that the repairs are not easy and carry considerable risk and we felt that the cost of the risk was built into the pricing. Ultimately, staff suggested partnering with Stenstrom to complete the work on a time and expense basis as the Village could realize cost savings if things go well. On the other hand, if things did not go well Village have incurred additional costs. Thankfully, things did go well, and the Village was able to realize a cost of approximately \$25,000.

As previously noted, the repairs to the Park Street sanitary sewer were not completed in 2021 and the Village has budgeted for the repairs in its FY 2022/2023 budget. Staff suggest a partnering approach with two contractors to complete the work similar to what was done in last year to complete the repairs at Moscato's and 306 State. One contractor will complete the underground improvements, and a paving contractor will be needed to complete the HMA paving after the underground work is complete. Before entering into negotiations with contractors, staff would like to discuss the partnering approach with the Board to ensure that the Board is comfortable utilizing the approach.

Thank you, and I look forward to discussions at the June 15<sup>th</sup> meeting.

## ORDINANCE NO. 2022-13

### AN ORDINANCE PROPOSING THE ESTABLISHMENT OF VILLAGE OF POPLAR GROVE SPECIAL SERVICE AREA NUMBER 2 IN THE VILLAGE OF POPLAR GROVE, ILLINOIS AND PROVIDING FOR OTHER PROCEDURES IN CONNECTION THEREWITH

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF POPLAR GROVE, BOONE COUNTY, ILLINOIS AS FOLLOWS:

**Section 1. Authority.** The Village of Poplar Grove, Boone County, Illinois (the “Village”) is authorized pursuant to Article VII, Section 7(6) of the Constitution of the State of Illinois, pursuant to the provisions of the Illinois Special Service Area Tax Law, 35 ILCS 200/27-5 et seq. (the “Act”), which provides, inter alia, the manner of levying or imposing taxes for the provision of special services to areas within the boundaries of municipalities and counties.

**Section 2. Findings.** The Village President and Village Board of the Village (the “Corporate Authorities”) find and determine as follows:

- a. That the portion of the Village described in Exhibit A attached hereto and made a part hereof (hereinafter the “Subject Territory”) would benefit from the connection to the Village water supply and related improvements as further described herein; and
- b. It is in the public interest that the Corporate Authorities consider the creation of a special service area for the Subject Territory; and
- c. The special service area proposed for consideration is compact and contiguous; and
- d. The proposed special service area will benefit specially from the municipal services to be provided to the area. These proposed municipal services are in addition to municipal services provided to the Village as a whole.

**Section 3. Proposal.** The Corporate Authorities propose the establishment of Village of Poplar Grove Special Service Area Number 2 for the connection to the Village water supply and related improvements to serve the Subject Territory along with the payment of the water connection fees.

**Section 4. Public Hearing.** A public hearing shall be held on the 17<sup>th</sup> day of August, 2022, at 7:00 p.m., at the Village of Poplar Grove Village Hall, 200 N. Hill Street, Poplar Grove IL 61065, to consider the creation of the Village of Poplar Grove Special Service Area Number 2, in the Subject Territory.

At the hearing, the following method of financing the water connection fees associated with the improvements within the proposed special service area will be considered: the owner of the Subject Territory has provided the up-front financing for the costs associated with connection to the Village water supply but is in need of the special service area to help finance the costs of the associated water connection fees related to providing connection to the Village water supply to the proposed special service area. The special municipal services provided to the proposed special

service area include, but are not limited to, connection to the Village water supply and related engineering, surveying, soil testing and appurtenant work, mass grading, site clearing, water connection fees and other eligible costs. The payment of the water connection fees associated with providing the special municipal services to the proposed special service area are \$391,842.23. The Village desires to allow the property owner of the Subject Territory to pay for such fees by and through the levy of an annual special tax levied against the Subject Territory located within the special service area for a period of ten (10) years. This tax is to be levied upon the specific and identified taxable property within the proposed special service area. The proposed amount of the tax levy for special services for the initial year for which taxes will be levied is anticipated to be \$39,184.22.

**Section 5. Notice of Public Hearing.** Notice of hearing shall be published at least once not less than fifteen (15) days prior to the public hearing specified in Section 4 above, in a newspaper of general circulation in the Village. In addition, notice shall be given by depositing the notice in the United States mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block, tract or parcel of land lying within the proposed special service area. This notice shall be mailed not less than ten (10) days prior to the time set for the public hearing. In the event taxes for the last preceding year were not paid, the notice shall be sent to the person last listed on the tax rolls prior to that year as the owner of the property. The notice to owners of record shall be in similar form as set forth in Exhibit B to this Ordinance.

**Section 6. Supersedes Conflicting Ordinances.** All ordinances or parts of ordinances in conflict with the provisions of this ordinance are repealed to the extent of such conflict.

**Section 7. Effective Date.** This Ordinance shall be in full force and effect from and after its passage and approval in the manner provided by law.

PASSED by the Corporate Authorities this \_\_\_\_\_, 2022.

**EXHIBIT B****NOTICE OF HEARING  
VILLAGE OF POPLAR GROVE SPECIAL SERVICE AREA NUMBER 2**

NOTICE IS HEREBY GIVEN that on August 17, 2022, at 7:00 p.m. at the Village of Poplar Grove Village Hall, 200 N. Hill Street, Poplar Grove IL 61065, a hearing will be held by the Village of Poplar Grove (the “Village”) to consider forming a special service area, to be called “Village of Poplar Grove Special Service Area Number 2” consisting of the territory legally described in Exhibit 1 to this Notice.

The approximate location and boundaries of the proposed special service area is the parcel commonly known as: 13150 IL Route 76 with PIN: 03-26-300-018 located in the Village of Poplar Grove, and is more fully described in Exhibit 1 of this Notice.

The general purpose of the formation of the Village of Poplar Grove Special Service Area Number 2 is to provide special municipal services to the area which include, but are not limited to, connection to the Village water supply, surveying, soil testing and appurtenant work, mass grading, site clearing, water connection fees and other eligible costs. The special services include new construction and maintenance and repair activities.

There will also be considered at the hearing the following method of financing the water connection fees associated with the improvements within the proposed special service area: the owner of the Subject Territory has provided the up-front financing for the costs associated with connection to the Village water supply but is in need of the special service area to help finance the costs of the associated water connection fees related to providing connection to the Village water supply to the proposed special service area. The special municipal services to be provided to the proposed special service area will include connection to Village water supply and related engineering, surveying, soil testing and appurtenant work, mass grading, site clearing, water connection fees and other eligible costs. The payment of the water connection fees associated with providing the special municipal services to the proposed special service area are anticipated to be approximately \$391,842.23. The Village desires to allow the property owner of the Subject Territory to pay for such fees by and through the levy of an annual special tax levied against the Subject Territory located within the special service area for a period of ten (10) years. This tax is to be levied upon the specific and identified taxable property within the proposed special service area. The proposed amount of the tax levy for special services for the initial year for which taxes will be levied is anticipated to be \$39,184.22.

At the hearing, all interested persons affected by the formation of such special service area, including all persons owning taxable real estate therein, may file written objections to and be heard orally regarding the formation of and the boundaries of the special service area and the levy of taxes affecting the area. The hearing may be adjourned by the Village Board without further notice

other than a motion to be entered upon the minutes of its meeting fixing the time and place of its adjournment.

If a petition signed by at least 51% of the electors residing within the Village of Poplar Grove Special Service Area Number 1 and by at least 51% of the owners of record of the land included within the boundaries of the Village of Poplar Grove Special Service Area Number 2 is filed with the Village Clerk of the Village of Poplar Grove within 60 days following the final adjournment of the public hearing objecting to the creation of the special service area or the levy of taxes affecting the area, no such area may be created or taxes levied or imposed.

Members of the public are invited to attend this public hearing at which time an opportunity will be given to address the members of the Village Board of the Village of Poplar Grove.

## **VILLAGE OF POPLAR GROVE**

### **POLICY PROHIBITING SEXUAL HARASSMENT<sup>i</sup>**

#### *I. PROHIBITION ON SEXUAL HARASSMENT*

It is unlawful to harass a person because of that person's sex. The courts have determined that sexual harassment is a form of discrimination under Title VII of the U.S. Civil Rights Act of 1964, as amended in 1991. All persons have a right to work in an environment free from sexual harassment. Sexual harassment is unacceptable misconduct which affects individuals of all genders and sexual orientations. It is a policy of the Village of Poplar Grove to prohibit harassment of any person by any municipal official, municipal agent, municipal employee or municipal agency or office on the basis of sex or gender. All municipal officials, municipal agents, municipal employees and municipal agencies or offices are prohibited from sexually harassing any person, regardless of any employment relationship or lack thereof.

In addition to the methods of reporting included in this policy, an elected official may request an independent review of a complaint of sexual harassment by another elected official. The request shall be made to the Village Clerk, the Village President, or any of the Village Trustees. The official receiving the request shall take immediate action to retain a qualified individual or entity for the independent review of the allegations of sexual harassment in violation of this policy. The outcome of the independent review shall be reported to the Village Board of Trustees.

The Village reserves the right to address behavior which may not be sufficiently severe or pervasive to violate the law by taking immediate and proportionate corrective action when that harassment has occurred by conduct which may not rise to the level of "harassment" but which, if left unchecked, may lead to the same.

#### *II. DEFINITION OF SEXUAL HARASSMENT*

This policy adopts the definition of sexual harassment as stated in the Illinois Human Rights Act, which currently defines sexual harassment as:

Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,
- (2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- (3) Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Conduct which may constitute sexual harassment includes:

- Verbal: sexual innuendos, suggestive comments, insults, humor, and jokes about sex, anatomy or gender-specific traits, sexual propositions, threats, repeated requests for dates, or statements about other employees, even outside of their presence, of a sexual nature.
- Non-verbal: suggestive or insulting sounds (whistling), leering, obscene gestures, sexually suggestive bodily gestures, "catcalls", "smacking" or "kissing" noises.
- Visual: posters, signs, pin-ups or slogans of a sexual nature, viewing pornographic material or websites.
- Physical: touching, unwelcome hugging or kissing, pinching, brushing the body, any coerced sexual act or actual assault.
- Textual/Electronic: "sexting" (electronically sending messages with sexual content, including pictures and video), the use of sexually explicit language, harassment, cyber stalking and threats via all forms of electronic communication (e-mail, text/picture/video messages, intranet/on-line postings, blogs, instant messages and social network websites like Facebook and Twitter).

The most severe and overt forms of sexual harassment are easier to determine. On the other end of the spectrum, some sexual harassment is more subtle and depends, to some extent, on individual perception and interpretation. The courts will assess sexual harassment by a standard of what would offend a "reasonable person."

### *III. PROCEDURE FOR REPORTING AN ALLEGATION OF SEXUAL HARASSMENT*

An employee who either observes sexual harassment or believes herself/himself to be the object of sexual harassment should deal with the incident(s) as directly and firmly as possible by clearly communicating her/his position to the offending

employee, and her/his immediate supervisor. It is not necessary for sexual harassment to be directed at the person making the report.

Any employee may report conduct which is believed to be sexual harassment, including the following:

- *Electronic/Direct Communication.* If there is sexual harassing behavior in the workplace, the harassed employee should directly and clearly express her/his objection that the conduct is unwelcome and request that the offending behavior stop. The initial message may be verbal. If subsequent messages are needed, they should be put in writing in a note or a memo.
- *Contact with Supervisory Personnel.* At the same time direct communication is undertaken, or in the event the employee feels threatened or intimidated by the situation, the problem must be promptly reported to the immediate supervisor of the person making the report, a department head, a director of human resources, an ethics officer, the city manager or administrator, or the chief executive officer of the municipality.

The employee experiencing what he or she believes to be sexual harassment must not assume that the employer is aware of the conduct. If there are no witnesses and the victim fails to notify a supervisor or other responsible officer, the municipality will not be presumed to have knowledge of the harassment.

- *Resolution Outside Municipality.* The purpose of this policy is to establish prompt, thorough and effective procedures for responding to every report and incident so that problems can be identified and remedied by the municipality. However, all municipal employees have the right to contact the Illinois Department of Human Rights (IDHR) or the Equal Employment Opportunity Commission (EEOC) for information regarding filing a formal complaint with those entities. An IDHR complaint must be filed within 300 days of the alleged incident(s) unless it is a continuing offense. A complaint with the EEOC must be filed within 300 days.

Documentation of any incident may be submitted with any report (what was said or done, the date, the time and the place), including, but not limited to, written records such as letters, notes, memos and telephone messages.

All allegations, including anonymous reports, will be accepted and investigated regardless of how the matter comes to the attention of the municipality. However, because of the serious implications of sexual harassment charges and the difficulties associated with their investigation and the questions of credibility involved, the claimant's willing cooperation is a vital component of an effective inquiry and an appropriate outcome. The Village reserves the right and hereby provides notice that third parties may be used to independently review and investigate claims of harassment.

#### *IV. PROHIBITION ON RETALIATION FOR REPORTING SEXUAL HARASSMENT ALLEGATIONS*

No municipal official, municipal agency, municipal employee or municipal agency or office shall take any retaliatory action against any municipal employee due to a municipal employee's:

1. Disclosure or threatened disclosure of any violation of this policy,
2. The provision of information related to or testimony before any public body conducting an investigation, hearing or inquiry into any violation of this policy, or
3. Assistance or participation in a proceeding to enforce the provisions of this policy.

For the purposes of this policy, retaliatory action means the reprimand, discharge, suspension, demotion, denial of promotion or transfer, or change in the terms or conditions of employment of any municipal employee that is taken in retaliation for a municipal employee's involvement in protected activity pursuant to this policy.

No individual making a report will be retaliated against even if a report made in good faith is not substantiated. In addition, any witness will be protected from retaliation.

Similar to the prohibition against retaliation contained herein, the State Officials and Employees Ethics Act (5 ILCS 430/15-10) provides whistleblower protection from retaliatory action such as reprimand, discharge, suspension, demotion, or denial of promotion or transfer that occurs in retaliation for an employee who does any of the following:

1. Discloses or threatens to disclose to a supervisor or to a public body an activity, policy, or practice of any officer, member, State agency, or other State employee that the State employee reasonably believes is in violation of a law, rule, or regulation,
2. Provides information to or testifies before any public body conducting an investigation, hearing, or inquiry into any violation of a law, rule, or regulation by any officer, member, State agency or other State employee, or
3. Assists or participates in a proceeding to enforce the provisions of the State Officials and Employees Ethics Act.

Pursuant to the Whistleblower Act (740 ILCS 174/15(a)), an employer may not retaliate against an employee who discloses information in a court, an administrative hearing, or before a legislative commission or committee, or in any other proceeding, where the employee has reasonable cause to believe that the information discloses a violation of a State or federal law, rule, or regulation. In addition, an employer may not retaliate against an employee for disclosing information to a government or law enforcement agency, where the employee has reasonable cause to believe that the information discloses a violation of a State or federal law, rule, or regulation. (740 ILCS 174/15(b)).

According to the Illinois Human Rights Act (775 ILCS 5/6-101), it is a civil rights violation for a person, or for two or more people to conspire, to retaliate against a person because he/she has opposed that which he/she reasonably and in good faith believes to be sexual harassment in employment, because he/she has made a charge, filed a complaint, testified, assisted, or participated in an investigation, proceeding, or hearing under the Illinois Human Rights Act.

An employee who is suddenly transferred to a lower paying job or passed over for a promotion after filing a complaint with IDHR or EEOC, may file a retaliation charge – due within 300 days of the alleged retaliation.

## V. *CONSEQUENCES OF A VIOLATION OF THE PROHIBITION ON SEXUAL HARASSMENT*

In addition to any and all other discipline that may be applicable pursuant to municipal policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreement, any person who violates this policy or the Prohibition on Sexual Harassment contained in 5 ILCS 430/5-65, may be subject to

a fine of up to \$5,000 per offense, applicable discipline or discharge by the municipality and any applicable fines and penalties established pursuant to local ordinance, State law or Federal law. Each violation may constitute a separate offense. Any discipline imposed by the municipality shall be separate and distinct from any penalty imposed by an ethics commission and any fines or penalties imposed by a court of law or a State or Federal agency.

## *VI. CONSEQUENCES FOR KNOWINGLY MAKING A FALSE REPORT*

A false report is a report of sexual harassment made by an accuser using the sexual harassment report to accomplish some end other than stopping sexual harassment or retaliation for reporting sexual harassment. A false report is not a report made in good faith which cannot be proven. Given the seriousness of the consequences for the accused, a false or frivolous report is a severe offense that can itself result in disciplinary action. Any person who intentionally makes a false report alleging a violation of any provision of this policy shall be subject to discipline or discharge pursuant to applicable municipal policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreements.

In addition, any person who intentionally makes a false report alleging a violation of any provision of the State Officials and Employees Ethics Act to an ethics commission, an inspector general, the State Police, a State's Attorney, the Attorney General, or any other law enforcement official is guilty of a Class A misdemeanor. An ethics commission may levy an administrative fine of up to \$5,000 against any person who intentionally makes a false, frivolous or bad faith allegation.
