14. **Consider amendment to the Lease with Helena Chemical to provide for the scheduled annual rent rate increase, effective 8-1-2021, to be 5% instead of based upon the Municipal Cost index. Presenter is Jody Weaver**

Interim City Manager Weaver reminded Council that at the April 12th Council meeting, there was an agenda item regarding the tariff rates as applicable for Helena Chemical. She said Council appointed a committee to work with Helena to arrive at a consensus for a solution and bring it back to Council for consideration. Committee members were herself, Jerry Smith, Jim Rudellat and Alex Davila. Helena asked for some time to collect some data on how their costs in Port Lavaca compare with other areas they do business in. On June 11th, the committee had a zoom meeting with Ward Bloodworth and Louis Rodrigue of Helena to get an update.

Weaver said that in line with the discussion on April 12, and in an effort to work with our long -time tenants and not impose any large increases in any single year, she is proposing an amendment to their lease to provide for a flat 5% rent rate increase this year instead of that which would result from using the change in the Municipal Cost Index, which would be 9.8%. She said that next year staff will look at how the Municipal Cost Index is at that time compared to that in July and August of 2018 and reevaluate. This was discussed at the Port Commission meeting, but no recommendation to Council was made. There are an additional 7 sheets of copies of email correspondence and a copy of section 5.01 of the Lease with Helena Chemical on file, in its entirety in the office of the City Secretary.

SUBJECT: Consider award of the construction bid for the Lighthouse Beach RV Park electrical repairs. Presenter is Wayne Shaffer

INFORMATION:

CITY OF PORT LAVACA

COUNCIL MEETING: SEPTEMBER 13, 2021**AGENDA ITEM __****DATE:** 9.9.21**TO:** HONORABLE MAYOR AND CITY COUNCIL MEMBERS**FROM:** JODY WEAVER, INTERIM CITY MANAGER**SUBJECT: LIGHTHOUSE BEACH RV PARK ELECTRICAL REPAIRS**

BACKGROUND: On July 26, the electrical power for the “hillside” RV spaces became overloaded and blew. We contracted with G&W Engineers for a lump sum fee of \$7,000 to prepare technical specifications to bid out repairs to the existing meter loop and add another.

We advertised for bids in the Port Lavaca Wave and had 3 potential bidders pick up bid packages. We received only one (1) bid on September 2 from Lectric Electrical Contracting, Inc of Rockport, in the amount of \$52,565.00. This is the electrical contractor working on the Lighthouse Beach Pier. G&W’s engineer’s estimate was \$50,000.

FINANCIAL IMPACT:

This project is required to return power to 28 RV spaces so they can be offered for rent again. This is a potential \$14,000 /month of revenue, if full with monthly rentals.

As you recall, the FY 2020-21 budget includes \$250,000 in Capital Expenditure in the Beach Operating Fund for the Lighthouse Beach Reconstruction. Per my memo to Council on Jan 25, 2021, \$31,000 of General Fund Reserves was required to fully fund the pier reconstruction. All of the \$250,000 of the Beach Revenue Fund has not been expensed yet, so we are proposing to encumber this \$52,565.00 using the remaining budgeted Beach Revenue Fund Capital Improvement Budget, which will result in requiring and additional \$52,565 of General Fund Reserves to fully fund the pier reconstruction project.

RECOMMENDATION:

Staff recommends an award of a construction contract to Lectric Electrical in the amount of \$52,565.00.

COMMUNICATION

SUBJECT: Consider award of construction contract for renovations to the South Pacific Depot. Presenter is Jody Weaver

INFORMATION:

CITY OF PORT LAVACA

DATE: 9.10.2021
TO: HONORABLE MAYOR AND CITY COUNCIL
FROM: JODY WEAVER, INTERIM CITY MANAGER
SUBJECT: RENOVATIONS TO THE SOUTHERN PACIFIC RAILWAY DEPOT

For this project, we have \$65,575 remaining of 2020-21 CIP budgeted funds and \$125,000 2021-22 CIP budgeted funds, for a total of \$190,575.

Lynn Engineering recently completed bid documents for the Renovations to the Southern Pacific Railway Depot and we began advertising for bids and conducted a mandatory pre-bid conference on July 8. Due to rain, a second mandatory pre-bid was held on July 27 and the bid date was postponed to August 31 at 3 pm. Two bids were received and a bid tabulation is attached.

The Base Bid includes new siding and trim, new windows, New door, new cornices, a new soffit for the east end, and a complete reroof using 19/32" CDX and Enviroshake shingle system to provide the appearance of cedar shingles.

Alternate #1 is to reroof with 7/18" OSB and 30 yr architectural shingles instead of the Enviroshake.

Alternate #2 is to replace the outside deck area.

The Apparent Low Bidder is Barefoot Construction.

The Base Bid and Alternate 2 = \$189,820.00 * Enviroshake

The Base Bid + Alt 1 + Alt 2 = \$162,720.00 * 30-yr asphalt shingles

The Enviroshake shingles have a 50 year warranty and are rated for 180 mph (granted the building itself probably won't withstand a 180 mph storm). Note that they are installed on thicker plywood.

If we go with replacing the outside deck (Alt 2), we will want to take the opportunity to do some fill and grading and possible yard type drainage under the deck area. I do not have a scope established for this, but may be \$25,000 or so.

The Enviroshake provides the appearance of the cedar shingles of the original depot. I've attached a photo of some of the original cedar shingles that still remain, a copy of what the Enviroshake will look like and what the 30 year architectural shingles will look like.

I have discussed the bid differential with Mark Barefoot and he is completely comfortable with his bid as submitted.

Staff therefor recommends to award a contract to Barefoot Construction for \$189,820.00, being the Base Bid + Alternate 2. This will provide a more accurate appearance of the original depot roof (cedar shakes), but will require additional general fund dollars to provide area grading and drainage improvements.

If instead Council votes to accept the Base Bid + Alt #2+ Alt #1 (architectural asphalt shingles), this would provide a savings of \$27,100, which should pay for the grading and drainage improvements.

COMPREHENSIVE PLAN

5-YEAR REVIEW

SEPTEMBER 13, 2021

Acknowledgements

The Plan Port Lavaca, dated September 12, 2016, calls for a review of the Comprehensive Plan annually. Unfortunately, with the Hurricane Harvey recovery efforts which City staff has been involved in over the past 4 years, this annual Comprehensive Plan review has not occurred. Committee members, Planning Board and City staff contributed to identifying completed tasks and accomplishments that have occurred since 2016, in order to provide this 5-year Review. With this effort there is a renewed focus on the Comprehensive Plan with plans to establish a “Visioning” Committee, comprised of representatives from various boards and committees in the community, and meet in March 2022 to provide input in the budget and capital improvement planning process for FY 2022-23.

Introduction

The Chapter 9 Action Plan of the 2016 Plan Port Lavaca Comprehensive Plan serves as a “to-do list” for City staff and officials. The Plan Port Lavaca calls for a review of the Comprehensive Plan annually. Unfortunately, with the recovery efforts which City staff has been involved in over the past 4 years since Hurricane Harvey, this annual Comprehensive Plan review has not occurred. In an effort to regroup and refocus on the Comprehensive Plan, the Advisory Committee, Planning Board and City staff have compiled the following list of tasks and accomplishments, completed or actively underway, which have occurred since 2016, to serve as a 5-year Review Document.

Action Plan: 5-year Review

1. CONSIDER ADOPTING DEVELOPMENT REGULATIONS:

Director of Dev. Services/Planning Board

Topics for a workshop tentatively scheduled for October 25 include

- Updates to the Manufactured Home Ordinance
- Updates to Sign Ordinance

2. WORK TO IMPROVE THE DOWNTOWN AND WATERFRONT AREAS THROUGH VARIOUS ACTIVITIES:

Director of Dev. Services/City Manager/ Port Commission

- We are reviewing the Waterfront Master Plan prepared by Kendig Keast Collaborative in 2012 and are working to prepare an advertisement for a Request for Qualifications in order to select a consultant to perform a “next step” Master Plan Study with the newly purchased Smith Harbor as a focus.
- In 2021 the City has received a \$13.5M CDBG-Mitigation Grant to construct a Living Shoreline breakwater to reduce the impacts to the Bayfront area from storm surge
- In 2021 the City has received a Boating Access Grant and Planning Grant for a new timber breakwater to protect the Nautical Landings Marina
- The five-year CIP includes plans to improve the entrance to the Bayfront Park and provide attractive crosswalks at the intersection of Main St. and Commerce Street at the heart of the downtown and waterfront area.
- In 2020/21, using Port Commission and General Fund dollars, as well as FEMA funds, improvements were made to the City Harbor including 1) upgrades to the lower concrete dock, 2) new finger piers, and 3) new vinyl bulkhead, concrete walk and handrails along the east side of Scully’s Restaurant. A construction contract will be awarded in September 2021 to make improvements to the Upper Dock at City Harbor and provide ADA access from Fulton Street.
- The five-year CIP includes funds to demolish and grade the site of the old freezer plant at the corner of Fulton and Harbor to provide a safe and pleasant looking area to attract development.

3. AMEND THE SUBDIVISION ORDINANCE:

Director of Dev. Services/Planning Board/Parks Department and Board

Scheduled for a workshop on October 25, we will discuss with Council proposed updates to the Subdivision Ordinance

4. CONTINUE PARKS IMPROVEMENTS AT WILSON AND BAYFRONT PARK:

Parks Department and Board

Wilson Park:

- Concession Stand/Restroom/Press Box Building was renovated in 2020
- A new parking lot with 29 spaces plus 2 ADA spaces, and an underground drainage system was constructed in 2020
- A new Skate Park is in the design phase and will be constructed in late 2021/early 2022 with added lighting and sidewalks

Bayfront Park:

- Completed Reconstruction of the Bayfront Fishing Pier in 2019
- Installed a new recycled plastic playscape with the “LaBelle” ship theme in Jan. 2020
- Completed upgrades to handrails at the large Pavilion and sidewalk improvements in 2020
- Completed Parking Lot and sidewalk improvements of the east end of the peninsula along with solar lighting in 2021
- Applied for and received a \$200,000 TPWL grant for a multi-use walk/bike path with solar lighting and other amenities, scheduled to bid in October of 2021
- The City’s Five-year Capital Plan includes improvements to the entrance of the Bayfront Park to provide an exit turn lane and ADA access from Main Street into the park.

5. CONTINUE PROACTIVE AND ASSERTIVE CODE ENFORCEMENT:

Code Enforcement Officer

- The City has employed a full-time Code Enforcement Officer
- Code Enforcement is working with the Appraisal District to identify substandard housing with unpaid taxes, which may be candidates for a tax sale to get the property into hands to renovate or demolish the structure.
- City staff has adopted a philosophy of working with the citizens towards code COMPLIANCE vs. code ENFORCEMENT and has seen positive results.

6. FOCUS EFFORTS ON HISTORICALLY AND CULTURALLY SIGNIFICANT AMENITIES (Southern Pacific Railroad Depot, Main Street Theatre, and Old Fire Station)

- In 2020, all asbestos and pigeon feces were abated from the Old Fire Station. All the suspended ceiling was removed, and new glass was placed in the windows and new gutter and downspouts were installed.
- Bid documents are being prepared to paint the exterior of the structure for bid in late 2021.
- A construction contract will be awarded in September 2021 to renovate the exterior of the Southern Pacific Train Depot building with budgeted General Fund dollars.
- The City Events Committee initiated a monthly Farmer's Market event called Depot Days in July 2021
- With the onset of COVID in early 2020, efforts to work with the Port Lavaca Main Street Theatre have been stalled.

7. ENSURE ADEQUATE FUNDING RESOURCES TO SUPPORT THE UPCOMING COMPREHENSIVE PLAN ACTIONS:

The City budgets \$25,000 each year for matching Façade grants and welcomes working with developers using 380 Agreements. The City actively pursues grant funding to leverage City dollars towards the costs of infrastructure improvements. Examples are:

- 2019 TxCDBG for sewer system upgrades on San Antonio, Benavides and MLK
- 2019 TPWL Trails Grant for Bayfront Park
- 2019 TPWL Boating Access Grant for the Nautical Landings Breakwater
- 2019 CDBG-DR grant for street and drainage improvements in the Original Townsite
- 2021 CDBG-MIT grant for a Living Shoreline to protect downtown and the waterfront area during storm events

8. BEAUTIFY THE COMMUNITY WITH A SPECIAL EMPHASIS ON ITS CORRIDORS:

- The City conducted a Sweep into Summer Cleanup event in June of 2019
- The City conducted a Sweep into Spring City-wide Cleanup event in April 2021
- The City continues its City-Wide Cleanup where City crews pick up small construction debris and bulk in one of 4 areas of the City during the third week of each month.
- The 2021-22 Budget includes \$100,000 for landscaping and gateway sign improvements

9. PROMOTE TOURISM OPPORTUNITIES IN PORT LAVACA:

- As part of the lease agreement with Miller's Seafood, they will advertise in the Calhoun County Visitor's Guide promoting their working oyster dock at City Harbor as a tourist destination
- As part of the lease agreement with Poor Boy Bait Shop in Smith Harbor, they will advertise in the Calhoun County Visitor's Guide promoting their bait shop for local and visiting fisherman
- The City is working to hire a full time camp host at Lighthouse Beach, who will help promote not only the assets at Lighthouse Beach but educate visitors to the campground/beach one-on-one to other tourism opportunities in the City

10. LAND USE AND RECREATION:

- The Planning Board and Council utilize the adopted Land Use Plan when considering approval of concept plans for proposed new development

Sec. 42-159. - Approval of planning commission required.

No person shall construct a multifamily dwelling, townhouse, patio home or other commercial development project without approval of said construction project by the planning commission...

The applicant is proposing a multifamily apartment complex. The site location is currently not platted and is vacant land. The preliminary density is anticipated to be 75 to 150 units. This is contingent upon if the developer can purchase both lots or just one. One of the lots is currently owned by the church that is adjacent to this conceptual apartment complex location. The applicant has already approached the church to consider selling the additional lot needed to attain the 150-unit density. The church is considering the offer and may require a reconfiguration of the lots under the platting process to appease both the church and the apartment complex developer.

COMMUNICATION

SUBJECT: Consider recommendation of the Planning Board for approval of a Variance Request for the proposed Prosperity Bank sign. The variance request is for a 75 ft. high freestanding pole sign with a 360 sq. ft. surface area. This sign will be located at 1107 N SH 35 on the Prosperity Bank property. Presenter is Jessica Carpenter

INFORMATION:

CITY OF PORT LAVACA

MEETING: September 13, 2021

DATE: 09.08.21

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS

FROM: JESSICA CARPENTER, DEVELOPMENT SERVICES DIRECTOR

SUBJECT: Consider and discuss the Planning Board recommendation of **denial** for the Variance Request for the proposed Prosperity Bank sign. The variance request is for a 75 ft. high freestanding pole sign with a 360 sq. ft. surface area. This sign will be located at 1107 N. SH 35 on the Prosperity Bank property.

Chapter 36 – SIGNS

https://library.municode.com/tx/port_lavaca/codes/code_of_ordinances?nodeId=PTIICOOR_C_H36SI

Sec. 36-6. - On-premises signs.

(a) Freestanding signs shall be subject to the following:

- (2) The maximum allowable effective area for freestanding signs will be 60 square feet.
- (3) Multifaced signs shall have a maximum effective area of 180 square feet.
- (4) The maximum allowable height shall not exceed 20 feet.

The Prosperity Bank sign variance request is for a 75 ft. freestanding pole sign with a 360 sq. ft. surface area. The request is 50% larger than the sign code maximum surface area square footage of 180 sq. ft., and more than 50% greater than the sign code maximum height of 20 ft.

The current freestanding pole sign was originally permitted at a height of 25 ft. back in 1999 for the former property owner - First Capital Bank. In 2005, Prosperity Bank was permitted to replace the 50 sq. ft. surface area sign from the former First Capital Bank to Prosperity Bank but the existing 25ft. freestanding pole sign was not altered.

Applicant's reason for request: DIRECT HARDSHIP ON THE BUSINESS

Prosperity Bank's hardship for this location and the need for the increased height and allowed square footage on the pylon sign, is without approval on the size requested, Prosperity Bank will lack visibility and not be able to fairly advertise their business with the neighboring competition and businesses. In addition, just as the neighboring Whataburger, this site has severe visibility issues due to the power lines on the property. Prosperity Bank would like to increase the height of

the pylon to 75ft. overall height pylon with approximately 360 sq. ft. main-id cabinet due to the proximity of the highway and to give their customers better visibility of the location.

In June of 2016 the City Council approved the Whataburger variance for the 75 ft. freestanding pole sign with a 355 sq. ft. surface area. Consideration was given to this variance, as this sign dimension was the prior Whataburger sign dimension in their former location. Therefore, it was reviewed with a legal nonconforming use intent.

In August of 2014 the City Council approved a variance for the Port Lavaca Ford Dealership requesting to place a sign that is 47.5 ft in height.

Staff Recommendation: Denial

Staff recommends denial of this variance request for the proposed Prosperity Bank sign. The variance request is for a 75 ft. high freestanding pole sign with a 360 sq. ft. surface area. This sign will be located at 1107 N. SH 35 on the Prosperity Bank property. The request is 50% greater than the sign code maximum surface area, and more than 50% greater than the sign code maximum height.

Approving this variance request sets a precedent for future requests for signage proposals with signs 50% larger than the sign code maximum surface area square footage of 180 sq. ft., and more than 50% greater than the sign code maximum freestanding pole height of 20 ft.

If consideration for a variance approval is given staff recommends the following for review:

- Designation of a percentage above the maximum free standing pole height of 20 ft. as per sign code and/or a percentage above the maximum sign surface area square footage of 180 sq. ft. that best aligns with the SH-35 corridor and the aesthetic vision for the city Gateway in this location.
- Designation of a compromise for a pole height and sign surface area square footage that fits the SH-35 commercial corridor for signage now and for future growth and development, as well as the aesthetic vision for the city Gateway in this location.

Planning Board Recommendation: DENIED

Planning Board denied this variance request for the proposed Prosperity Bank sign. The variance Request is for a 75 ft. high freestanding pole sign with a 360 sq. ft. surface area. This sign will be located at 1107 N.SH 35 on the Prosperity Bank property. The request is 50% larger than the sign code maximum surface area square footage, and more than 50% greater than the sign code maximum height.

Planning Board did not wish to set a precedent by approving this variance request.

COMMUNICATION

SUBJECT: Consider recommendation of the Port Commission for a new lease with Something More Media at Nautical Landings Marina. Presenter is Jody Weaver

INFORMATION:

DATE: 9.10.2021

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: JODY WEAVER, INTERIM CITY MANAGER

SUBJECT: SOMETHING MORE MEDIA LEASE – SUITE 4 NAUTICAL LANDINGS

The current lease for Something More Media (Suite 4 Nautical Landings Office Building) expires on September 30, 2021. The current lease had a 2-year term with a one-year option to extend and annual adjustments per the MCI. Tania French is currently paying \$484.36/mo plus \$30/mo for electricity. I prepared the attached draft Lease and presented it to the Port Commission for comment and recommendations to Council. The Standard Office Lease Document used was prepared by Anne Marie. I had met with Tania and discussed that her rent would require an increase to compare to other rents being collected in the complex. She had told me she would be comfortable with up to \$125.00 a month increase, which is 24%. The proposed lease includes the following:

- Electricity: From research that Jim Ruddellat has done, the meter that includes the electricity for this Suite, also includes the electricity for Edwards Jones (Suite 3) and the electricity for the Day Room. The A/C for the Day Room is on a different meter, but this meter includes the Day Room Lights, plugs, Refrigerator, Washer and Dryer. On average we are paying \$268/month for this meter. This Suite accounts for approximately 25% of the area of the DayRoom, Suite 3 and Suite 4. There is no definitive way to determine how much each tenant is using, so I am proposing we agree to a fixed amount of \$68/month. This is an increase of \$38 over what she is currently paying. (This amount correlates to the 11 cents per sf cost that Suite 2 pays for electricity. Suite 2's meter is not combined with any other space).
- Rent (622 sf): Suite 4's current rate is \$0.78/sf. Edward Jones and Bay Ltd are paying \$1.05/sf, although the latter's lease ends on October 30, so will require a new lease next month. Spiretek is about \$ 1.17/sf without the electricity and this lease also expires at the end of October. Knowing that the market rate may be as much as \$1.17/sf, but also knowing Council does not favor making large increases at one time and also trying to target an approximate \$125/month increase overall for Something More Media, I am proposing a \$1.00/sf rental rate for this unit, but offering a discount of \$50 a month to Something More Media to account for the following circumstances:
 - 1) for the convenience of the City, Tania uses her office to stage a variety of materials and supplies used for various City events throughout the year and
 - 2) also she serves as a backup to Jim Rudellat in handling the conference room rentals and other tenant needs from time to time. (With the discount, this is \$0.92/sf) Should the situation change and the reasons for the discount are no longer applicable or valid, the discount will be revoked.
- In Summary:
 New monthly rent payment = \$572 ($\$622 \times \$1/\text{SF} - \50) This is an 18% increase to the Rent alone
 New monthly electric cost = \$68 This is a \$38/mo increase
 Total \$640 This is a \$125.64/mo increase or 24.4%

- Rent shall be adjusted annually during the term of the lease, per the MCI, 2% min and 5% maximum
- Electric cost will be adjusted as may be required by any percentage increase in the KV is currently at 0.03883/kWh. Section VIII. Item #20.
- Tania will accept as much as a 5-year lease if offered. I would recommend at least a 3-year lease.

PORT COMMISSION RECOMMEDATIONS:

- The Port Commission concurs with the \$1/sf and the \$68/month for electricity (\$690/month), but does NOT recommend any discount be offered to the rent. (\$690/mo equates to a 34% increase)
- The Port Commission recommends a one (1)-year lease with a one (1)-year option, so that the City may make market adjustments on a more frequent basis, if the market warrants.
- If Tenant shall holdover following expiration of the lease, Tenant shall pay the sum of **150%** of the Base Rent per month for each month of holdover
- Language regarding Default by Tenant/Landlord's Remedies be amended to remove mention of Landlord having to sue (D.11)

Following the Port Commission vote on the recommendation to Council, Tania offered the attached additional information for Council consideration.

CITY MANAGER RECOMMENDATION:

- I RECOMMEND APPROVAL OF THE LEASE DOCUMENT AS PRESENTED*
- And I recommend approval of a **budget amendment to reduce the amount that the Port Revenue Fund contributes to the General Fund Administration by \$600, being equal to the \$50/month discount to the Suite 4 rent.**
- *To offer a bit more stability for the tenant, and offer a compromise between the Port Commission and the tenant, I recommend a two (2)-year lease with a one (1)-year option which is the same as the current lease. Note: the lease provides language for an annual increase per the MCI with a minimum 2% and maximum 5%.
- *If Tenant shall holdover following expiration of the lease, Tenant shall pay the sum of **125%** of the Base Rent per month for each month of holdover.
- *After consult with Anne Marie, it seems that the Language of Section D.11 of the Standard Lease is standard language for such a lease and she does not recommend changing it. I concur. Note: that the language provides several avenues to the City to Remedy a default – it does not require City to sue.

*The lease as presented incorporates the highlighted items.

If Landlord fails to complete the portion of the restoration for which Landlord is responsible within ninety days from the date of written notification by Tenant to Landlord of the casualty, Tenant may terminate this lease by written notice delivered to Landlord before Landlord completes Landlord's restoration obligations.

D.6.b. If the Premises cannot be restored within ninety days, Landlord has an option to restore the Premises. If Landlord chooses not to restore, this lease will terminate. If Landlord chooses to restore, Landlord will notify Tenant of the estimated time to restore and give Tenant an option to terminate this lease by notifying Landlord within ten days. Landlord may enter and take possession of the Premises by self-help, by picking or changing locks if necessary, and may lock out Tenant or any other person who may be occupying the Premises, until the default is cured, without being liable for damages.

D.12. Default/Waiver. All waivers must be in writing and signed by the waiving party. Landlord's failure to enforce any provisions of this Lease or its acceptance of late installments of Rent will not be a waiver and will not estop Landlord from enforcing that provision or any other provision of this Lease in the future.

D.17. Amendment of Lease. This lease may be amended only by an instrument in writing signed by Landlord and Tenant.

D.18. Limitation of Warranties. THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY, OF FITNESS FOR A PARTICULAR PURPOSE, OR OF ANY OTHER KIND ARISING OUT OF THIS LEASE, AND THERE ARE NO WARRANTIES THAT EXTEND BEYOND THOSE EXPRESSLY STATED IN THIS LEASE.

Any address for notice may be changed by written notice given as provided herein.

D.20. Use of Common Areas. Tenant will have the nonexclusive right to use the Common Areas subject to any reasonable rules and regulations that Landlord may prescribe.

D.21. Abandoned Property. Landlord may retain, destroy, or dispose of any property left on the Premises at the end of the Term.
