Mr. Canizares introduced the item.

Scott Shipp, Director of Engineering for Blue Star Land presented a history of land purchases and locations of each within the Town. Mr. Shipp indicated they are

requesting feedback from the Commission and Town Council regarding a proposed fourth amendment, which includes two changes within Planned Development 67 (Gates of Prosper). The first proposed amendment within Subdistrict 2 is for an additional 600 multi-family units to be completed in two phases. The second proposed amendment within Subdistrict 3 is for an additional 150 single-family units. This subdistrict already includes 150 townhomes.

The Town Council and Commission Members discussed each Subdistrict and the impact the proposed changes may have with the addition of the multi-family units regarding the increased density, the size of the residential lots in Subdistrict 3, and the placement of the townhomes. It was noted that the Town Council and Commission Members are looking at the developing area holistically for future impact and best uses for buildout.
