RECITALS

Each participating authority listed above plans to hold a General or Special Election on May 4, 2024. Denton County plans to hold county-wide voting for this General Election.

The County owns the Hart InterCivic Verity Voting System, which has been duly approved by the Secretary of State pursuant to Texas Election Code Chapter 122 as amended, and is compliant with the accessibility requirements for persons with disabilities set forth by Texas Election Code Section 61.012. The contracting political subdivisions (participating authorities) desire to use the County’s voting system and to compensate the County for such use and to share in certain other expenses connected with joint elections, in accordance with the applicable provisions of Chapters 31 and 271 of the Texas Election Code, as amended.

NOW THEREFORE, in consideration of the mutual covenants, agreements, and benefits to all parties, IT IS AGREED as follows:

I. ADMINISTRATION

The participating authorities agree to hold a “Joint Election” with Denton County and each other in accordance with Chapter 271 of the Texas Election Code and this agreement. The Elections Administrator shall coordinate, supervise, and handle all aspects of administering the Joint Election as provided in this agreement. Each participating authority agrees to pay the Elections Administrator for equipment, supplies, services, and administrative costs as provided in this agreement. The Elections Administrator shall serve as the administrator for the Joint Election; however, each participating authority shall remain responsible for the decisions and actions of its officers necessary for the lawful conduct of its election. The Elections Administrator shall provide advisory services in connection with decisions to be made and actions to be taken by the officers of each participating authority as necessary.

It is understood that other political subdivisions may wish to participate in the use of the County's Verity voting system and polling places, and it is agreed that the Elections Administrator may enter into other contracts for election services for those purposes, on terms and conditions generally similar to those set forth in this contract. In such cases, costs shall be pro-rated among the participants according to Section XI of this contract.

II. LEGAL DOCUMENTS

Each participating authority shall be responsible for the preparation, adoption, and publication of all required election orders, resolutions, notices, and any other pertinent documents required by the Texas Election Code and/or the participating authority's governing body, charter, or ordinances, except that the Elections Administrator shall be responsible for the preparation and publication of all voting equipment testing notices that are required by the Texas Election Code. Election orders should include language that would not necessitate amending the order if any of the Early Voting and/or Election Day polling places change.

Preparation of the necessary materials for notices and the official ballot shall be the responsibility of each participating authority, including translation to languages other than English. Each participating authority shall provide a copy of their respective election orders and notices to the Elections Administrator.

If the Elections Administrator is unable to recommend or recruit a bilingual worker, the participating authority or authorities served by that polling

place shall be responsible for recruiting a bilingual worker for translation services at that polling place.

The Elections Administrator shall notify all election judges of the eligibility requirements of Subchapter C of Chapter 32 of the Texas Election Code, and will take the necessary steps to insure that all election judges appointed for the Joint Election are eligible to serve.

The Elections Administrator shall arrange for the training and compensation of all election judges and clerks. The Election judges and clerks who attend in-person voting equipment training and/or procedures training, shall be compensated at a flat rate of \$78. Election judges and clerks that elect to complete online training shall be compensated at a rate of a flat \$50. In the event that an Election judge or clerk completes both in-person and online training, they shall be compensated for the training resulting in the highest pay and will not be compensated for both trainings.

The Elections Administrator shall arrange for the date, time, and place for presiding election judges to pick up their election supplies. Each presiding election judge will be sent a letter from the Elections Administrator notifying them of their appointment, the dates/times and locations of training and distribution of election supplies, and the number of election clerks that the presiding judge may appoint.

TEXAS MUNICIPAL CLERKS CERTIFICATION PROGRAM

Election Calendar

For a City's General Election on May 4, 2024

(last updated November 17, 2023; subject to fourth called session)

Abbreviations in the calendar are the same as those in the *Texas Municipal Election Law Manual* (6th edition) [M]. This most recent edition has a green cover.

This calendar does not apply to all elections. For example, to prepare a calendar for a special election to fill a vacancy in office (even one on a uniform election date), see M §12.03; for a special election on a measure, see M §12.12. This calendar omits actions that vary from one city to another (for example, preparation of voting equipment). Each city secretary should use the chart at M §1.62 to create a personal election calendar. Always verify the latest version of this calendar on the TMCA's website (under "publications").

Dates in column 1 are 2024 unless noted otherwise. Actions in column 2 relate to general elections (those in *italics pertain to early voting*). These actions are typically taken by the city secretary, but deviations appear in column 3. Column 4 is a cross reference to the Elections Manual.

"ED Interval" in column 5 indicates the time between the date of the action and election day. For example, the notation "50th" in the entry for March 15 means mandatory office hours begin the 50th day before election day; the notation "+10" in the entry for May 14 means that the LAST DAY for the presiding judge of the early voting ballot board to mail voters notices of rejected mail ballots is the 10th day after election day. An asterisk (*) in this column indicates the time stated is not required by statute.

When a statutory provision prescribes the LAST DAY for the performance of an act, the number in column 5 reflects that day. If the statutory date is moved because of a Saturday, Sunday, or state or national holiday [M §1.52(b); endnote 6], the resulting date is designated in column 1, and column 5 indicates, in parentheses and italics, the actual number of days measured from election day. Not all due dates revolve around election day and are so noted.

The last column has been reserved to show completion of the event in column 2. A dashed line in the table between entries indicates separate events that fall on the same day.

When reading the Election Code, the city secretary should remember to read the chapter and subchapter titles to determine if the section applies to cities.

Note that counties cannot order elections of their own in May of even-numbered years. They may decline to contract with cities.

TOWN SECRETARY

Re: Ordinance Amending CEC Number of Members & Quorum

Town Council Meeting – February 13, 2024

Strategic Visioning Priority: 4. Provide Excellent Municipal Services

Agenda Item:

Consider and act upon an ordinance amending Division 3, "Community Engagement Committee," of Article 1.04, "Boards, Commissions and Committees," within Chapter 1 of the Town's Code of Ordinances by amending Section 1.04.039, "Number of Members," and Section 1.04.042 "Chair/Vice-Chair/quorum."

Description of Agenda Item:

The Prosper Town Council appointed the Community Engagement Committee (CEC) in December 2020 as an Ad Hoc Committee. The committee was comprised of eleven members with a two-year term for each with meetings held once a month. As a committee of eleven (11) members, six (6) members were needed to meet a quorum. In September 2022, the CEC was formally established as a standing committee and an Alternate position was added to the Committee.

Due to other Town boards, commissions, and committees being comprised of seven (7) members, staff is recommending reducing the number of members from eleven (11) with one Alternate to nine (9) members. By reducing the number of members appointed to the committee, it will also allow the committee to reduce the number from six (6) to five (5) to meet quorum.

The suggested amendments within the ordinance thereby include reducing the number of regular members from 11 to 9, eliminating the Alternate position, and reducing the number to constitute a quorum from 6 to 5. In addition, in Section 1.04.042 (4), the title listed will be updated from Executive Director of Community Services to Executive Director.

Legal Obligations and Review:

Terrence Welch of Brown & Hofmeister, L.L.P., has approved the attached ordinance as to form and legality.

Proposed Motion:

I move to approve an ordinance amending Division 3, "Community Engagement Committee," of Article 1.04, "Boards, Commissions and Committees," within Chapter 1 of the Town's Code of Ordinances by amending Section 1.04.039, "Number of Members," and Section 1.04.042 "Chair/Vice-Chair/quorum."

Re: Professional Services Agreement – Soccer Sparks LLC

Town Council Meeting – February 13, 2024

Agenda Item:

Consider and act upon approval of a Professional Services Agreement between the Town of Prosper and Soccer Sparks LLC for recreation program instructor services; and authorizing the Town Manager to execute documents for same.

Description of Agenda Item:

As part of the programming objectives for the Recreation Division, different programs and classes are offered to the community throughout the year. For these programs to run successfully, Town staff hires instructors to teach the classes. Before entering into a contract with these professionals, different factors are taken into consideration. As part of the Professional Services Agreement, the instructor agrees to retain a portion of the revenue and the remainder of the revenue is retained by the Town. There are varying percentages used, based on the type of program and supplies either provided by the Town or the instructor.

The Town offers a soccer program for ages 2 through 9. These programs are run throughout the calendar year during the afternoon and evening at Folsom Elementary. Per this Professional Services Agreement, the Town agrees to retain 30 percent (30%) of the total revenue collected during the registration process. In FY 2022-2023, Soccer Sparks LLC collected \$29,170 from the registrants for services provided, generating \$12,501 in revenue for the Town.

This item was presented to the Parks and Recreation Board during their February 8, 2024, meeting. The Board recommended moving forward with the entity.

Budget Impact:

Town staff estimates the amount of revenue collected to be \$30,000 in FY 2023-2024, generating approximately \$12,650 in revenue for the Town. The \$30,000 will be funded from the Recreation Activities Account 100-5995-60-03.

Legal Obligations and Review:

Terrence Welch of Brown & Hofmeister, L.L.P., has approved the attached documents as to form and legality.

Re: Professional Services Agreement – Gray Event Management

Town Council Meeting – February 13, 2024

Agenda Item:

Consider and act upon approval of a Professional Services Agreement between the Town and Prosper and Gray Event Management for recreation program instructor services; and authorizing the Town Manager to execute documents for same.

Description of Agenda Item:

As part of the programming objectives for the Recreation Division, different programs and classes are offered to the community throughout the year. As part of the Professional Services Agreement, the instructor agrees to retain a portion of the revenue and the remainder of the revenue is retained by the Town. There are varying percentages used, based on the type of program and supplies either provided by the Town or the instructor.

Per the Town's joint use agreement with Prosper ISD, instructional tennis classes are hosted at the Reynolds Middle School tennis courts, at no cost to the Town. This agreement also granted the Town the right to charge third parties a reasonable fee for participation in the recreational activities. The Town offers a tennis program for ages 5 through 14 and adults. These programs are run throughout the calendar year during the evening and Saturday mornings. Per this Professional Services Agreement, the Town agrees to retain 30 percent (30%) of the total revenue collected during the registration process. In FY 2022-2023, Gray Event Management collected \$69,567 from the registrants for services provided, generating \$29,814 in revenue for the Town. Due to the increased offerings and advertising, Town staff anticipates an increase this fiscal year.

This item was presented to the Parks and Recreation Board during their February 8, 2024, meeting. The Board recommended moving forward with the entity.

Budget Impact:

Town staff estimates the amount of revenue collected by Gray Event Management to be \$65,000 in FY 2023-2024, generating approximately \$29,000 in revenue for the Town. The \$65,000 will be funded from the Recreation Activities Account 100-5995-60-03.

Re: Planned Development for Public Storage Facility

Town Council Meeting – February 13, 2024

Strategic Visioning Priority: 3. Commercial Corridors are ready for Development

Agenda Item:

Conduct a Public Hearing and consider and act upon a request for a Planned Development for Mini-Warehouse/Public Storage, Restaurant, and Retail uses on 8.7± acres on Collin County School Land Survey, Abstract 147, Tracts 1-7 and 28, located on the northwest corner of North Coleman Street and West Prosper Trail. The property is zoned Agricultural and Commercial. (ZONE-23-0017)

Description of Agenda Item:

The purpose of this request is to rezone the property from Agricultural and Commercial to a Planned Development with a base zoning of Commercial. The intent of the request is to construct a new public storage facility that allows for automobile storage, outdoor storage, and recreational vehicle/truck parking. Additionally, the request would allow for two multi-tenant buildings with both restaurant and retail uses.

Compatibility:

This zoning change would be seen as out of character with the existing neighborhood due to incompatibility with the surrounding residential areas. The current zoning and the Future Land Use Plan indicate that commercial uses are appropriate in this area; however, staff does not believe that a Mini-Warehouse/Public Storage use is an appropriate commercial use at this location. Staff does not view this use as complimentary to the residential areas to the east and the west of the property.

The zoning and land use of the surrounding properties are as follows:

	Zoning	Current Land Use	Future Land Use Plan
Subject Property	Agricultural & Commercial	Residential	Retail & Neighborhood Services
North	Commercial	Residential (Being Converted to Office)	Retail & Neighborhood Services
East	Planned Development-24	Residential	Medium Density Residential
South	Retail	Vacant	Retail & Neighborhood Services
West	Planned Development-12	Residential	High Density Residential

Uses:

The list of allowed uses within this Planned Development would include uses permitted within the Commercial District and these four additional uses:

- Automobile Storage
- Mini-Warehouse/Public Storage
- Outdoor Storage, Incidental
- Recreational Vehicle/Truck Parking Lot or Garage

These four additional uses all require a Specific Use Permit in the Commercial District. However, they would be allowed by right if this Planned Development were approved.

Additionally, the Town has used Planned Development districts to narrow the types of uses normally associated with the specific base zoning district. For instance, in Commercial zoning districts, the Town typically removes uses such as credit access businesses, body art facilities, package liquor stores, etc.

Parking:

The parking requirements within this Planned Development would be consistent with the Town's Zoning Ordinance except for the Mini-Warehouse/Public Storage use. The Zoning Ordinance requires 4 parking spaces per complex and 1 additional space per 300 square feet of rental office space. This Planned Development would require 15 parking spaces per complex and no additional spaces for rental office space. The parking requirements within this Planned Development are shown below:

- Restaurant – 1 Space per 100 Square Feet
 - 5,300 Square Feet (53 Spaces Required)
- Retail – 1 Space per 250 Square Feet
 - 17,200 Square Feet (69 Spaces Required)
- Mini-Warehouse/Public Storage – 15 Spaces per Complex
 - 1 Complex (15 Spaces Required)

A total of 160 spaces are being proposed for this development. Per the development standards within this Planned Development, the required parking for this site would be 137 spaces.

Landscaping:

The landscaping standards within this Planned Development in comparison to the Town's Zoning Ordinance are shown below.

	Proposed Landscaping (Development Standards)	Required Landscaping (Zoning Ordinance)
Northern Boundary (Adjacent to Commercial)	<p>Buffer: 5' Landscape Area</p> <p>Plantings: One ornamental tree and shrub every 15 linear feet.</p>	<p>Buffer: 5' Landscape Area</p> <p>Plantings: One ornamental tree and shrub every 15 linear feet.</p>

Exhibit B

Our intent is to build 2 retail buildings totaling around 22,000sqft that will front Prosper Trail and Coleman St. We plan on having both buildings open up to the open space at the corner that divides the buildings. This will allow us to keep many of the large trees on the property and have a usually shaded open space. While also having outdoor patios on the endcaps of each retail building for restaurants.

We plan on building a 2-story climate controlled self-storage building on the back of the property along the railroad. Which would also allow for up to 57 outdoor storage spaces for cars, boats, and trailers. The self-storage building will be fully gated with 24hr security. It will have a 6ft masonry wall along the South and East side, while having a 6ft wrought iron fence along the North and West side.

We completely oppose storage units and restaurants right outside my backyard. We spent the last 5 years developing our backyard with the new and space - Not to mention the traffic and a whole population of traffic coming and going on Coleman. This will be extremely disruptive.

THE ZONING CHANGE WOULD HAVE RETAIL & PUBLIC STORAGE FAR TOO CLOSE TO RESIDENTIAL HOMES. IT WILL DECREASE THE VALUE OF THE HOMES RIGHT ACROSS THE STREET. (BY A LARGE SUM!) ASK YOURSELF IF YOU WOULD WANT THAT RIGHT ACROSS THE STREET FROM YOUR HOME

Re: Bid Award DNT Waterline Relocation (US 380 - First Street)

Town Council Meeting – February 13, 2024

Strategic Visioning Priority: 1. Acceleration of Infrastructure

Agenda Item:

Consider and act upon awarding CSP No. 2024-12-B to Wilson Contractor Services, related to construction services for the DNT Waterline Relocation (US 380 - First Street) project; and authorizing the Town Manager to execute a construction agreement for same.

Description of Agenda Item:

On January 26, 2024, at 3:00 PM, ten (10) Competitive Sealed Proposals were received for the DNT Waterline Relocation (US 380 - First Street) project. The project consists of all the work needed to relocate an existing 16-inch water line in conflict with the proposed construction of NTTA's main lanes from First Street south for approximately 3,500 feet. This water line serves the properties along the western side of the Dallas North Tollway. This project will relocate the water line within NTTA's western right-of-way from First Street to the proposed Prairie Drive. The project was advertised using the Competitive Sealed Proposal Construction alternative procurement method to allow the Town to award the projects to the contractor that offers the best value proposal based on the following criteria, which includes recently revised standard percentages based on direction from the Town Council:

- Qualifications and Experience (10%)
 - Outline contractor and subcontractor experience with similar projects.
 - Outline qualifications of key personnel assigned to this project.
 - Provide references.
- Project Timeline (25%)
- Cost Proposal (65%)

The verified proposal totals ranged between \$1,159,570.00 and \$1,865,041.00. The Engineer's Estimate was \$1,866,505.50. The proposal's final completion times ranged from 110 calendar days to 310 calendar days. Wilson Contractor Services was the firm that ranked the highest after consideration of Costs, Time, and Qualifications with a cost of \$1,269,004.08, and a project timeline of 110 calendar days. The contractor that provided the proposal with the lowest cost received a low score due to not adequately providing the required information of key personnel assigned to the project, and their limited experience with similar projects. Wilson Contractor Services provided detailed information of key personnel and has extensive experience with similar projects ranging in

costs from \$1 million to \$10 million. They also successfully completed the Custer Road Pump Station Meter Relocation project for the Town. Staff checked the references provided and received positive feedback.

Budget Impact:

The cost for the construction of the project is \$1,269,004.08. The total construction budget for the project is \$2,000,000.00 in Account No. 760-6610-10-00-2312-WA. The construction budget also includes funding for testing that will be approved by separate contract. The estimated cost for testing is \$36,000.

Legal Obligations and Review:

Terrence Welch of Brown & Hofmeister, L.L.P., has approved the standard construction agreement as to form and legality.

- a. General Liability and Automobile Liability Coverage
 - 1) The Town, its officers, officials, employees, boards and commissions and volunteers are to be added as "Additional Insured's" relative to liability arising out of activities performed by or on behalf of the contractor, products and completed operations of the contractor, premises owned, occupied or used by the contractor.  - 2) The contractor's insurance coverage shall be primary insurance in respects to the Town, its officers, officials, employees and volunteers. - 3) Any failure to comply with reporting provisions of the policy shall not affect coverage provided to the Town, its officers, officials, employees, boards and commissions or volunteers.

b. Workers' Compensation and Employer's Liability Coverage

The insurer shall agree to waive all rights of subrogation against the Town, its officers, officials, employees and volunteers for losses arising from work performed by the contractor for the Town.

c. All Coverages

Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled or non-renewed by either party, reduced in coverage or in limits except after 30 days written notice to the Town for all occurrences, except 10 days written notice to the Town for non-payment.

5. Acceptability of Insurers

The Town prefers that Insurance be placed with insurers with an A.M. Best's rating of no less than A- VI, or better.

6. Verification of Coverage

Contractor shall provide the Town with certificates of insurance indicating coverage's required. The certificates are to be signed by a person authorized by that insurer to bind coverage on its behalf. Certificates of Insurance similar to the ACORD Form are acceptable. Town will not accept Memorandums of Insurance or Binders as proof of insurance. The Town reserves the right to require complete, certified copies of all required insurance policies at any time.

F. Performance, Payment and Maintenance Bonds

The Contractor shall procure and pay for a Performance Bond applicable to the work in the amount of one hundred fifteen percent (115%) of the total proposed price, and a Payment Bond applicable to the work in the amount of one hundred percent (100%) of the total proposed price. The Contractor shall also procure and pay for a Maintenance Bond applicable to the work in the amount of one hundred percent (100%) of the total proposed price. The period of the Maintenance Bond shall be two years from the date of acceptance of all work done under the contract, to cover the guarantee as set forth in this Construction Agreement. The performance, payment and maintenance bonds shall be issued in the form

CSP NO: 2024-12-B DNT Waterline Relocation (US 380-First St)

attached to this Construction Agreement as Exhibits A, B and C. Other performance, payment and maintenance bond forms shall not be accepted. Among other things, these bonds shall apply to any work performed during the two-year warranty period after acceptance as described in this Construction Agreement.

The performance, payment and maintenance bonds shall be issued by a corporate surety, acceptable to and approved by the Town, authorized to do business in the State of Texas, pursuant to Chapter 2253 of the Texas Government Code. Further, the Contractor shall supply capital and surplus information concerning the surety and reinsurance information concerning the performance, payment and maintenance bonds upon Town request. In addition to the foregoing requirements, if the amount of the bond exceeds One Hundred Thousand Dollars (\$100,000) the bond must be issued by a surety that is qualified as a surety on obligations permitted or required under federal law as indicated by publication of the surety's name in the current U.S. Treasury Department Circular 570. In the alternative, an otherwise acceptable surety company (not qualified on federal obligations) that is authorized and admitted to write surety bonds in Texas must obtain reinsurance on any amounts in excess of One Hundred Thousand Dollars (\$100,000) from a reinsurer that is authorized and admitted as a reinsurer in Texas who also qualifies as a surety or reinsurer on federal obligations as indicated by publication of the surety's or reinsurer's name in the current U.S. Treasury Department Circular 570.

G. Progress Payments and Retainage

As it completes portions of the Work, the Contractor may request progress payments from the Owner. Progress payments shall be made by the Owner based on the Owner's estimate of the value of the Work properly completed by the Contractor since the time the last progress payment was made. The "estimate of the value of the work properly completed" shall include the net invoice value of acceptable, non-perishable materials actually delivered to and currently at the job site only if the Contractor provides to the Owner satisfactory evidence that material suppliers have been paid for these materials.

No progress payment shall be due to the Contractor until the Contractor furnishes to the Owner:

1. copies of documents reasonably necessary to aid the Owner in preparing an estimate of the value of Work properly completed;
2. full or partial releases of liens, including releases from subcontractors providing materials or delivery services relating to the Work, in a form acceptable to the Owner releasing all liens or claims relating to goods and services provided up to the date of the most recent previous progress payment;
3. an updated and current schedule clearly detailing the project's critical path elements; and
4. any other documents required under the Contract Documents.

Progress payments shall not be made more frequently than once every thirty (30) calendar days unless the Owner determines that more frequent payments are appropriate. Further, progress payments are to be based on estimates and these estimates are subject to correction through the adjustment of subsequent progress payments and the final payment to Contractor. If the Owner determines after final payment that it

has overpaid the Contractor, then Contractor agrees to pay to the Owner the overpayment amount specified by the Owner within thirty (30) calendar days after it receives written demand from the Owner.

The fact that the Owner makes a progress payment shall not be deemed to be an admission by the Owner concerning the quantity, quality or sufficiency of the Contractor's work. Progress payments shall not be deemed to be acceptance of the Work nor shall a progress payment release the Contractor from any of its responsibilities under the Contract Documents.

After determining the amount of a progress payment to be made to the Contractor, the Owner shall withhold a percentage of the progress payment as retainage. The amount of retainage withheld from each progress payment shall be set at five percent (5%). Retainage shall be withheld and may be paid to:

1. ensure proper completion of the Work. The Owner may use retained funds to pay replacement or substitute contractors to complete unfinished or defective work;
2. ensure timely completion of the Work. The Owner may use retained funds to pay liquidated damages; and
3. provide an additional source of funds to pay claims for which the Owner is entitled to indemnification from Contractor under the Contract Documents.

Retained funds shall be held by the Owner in accounts that shall not bear interest. Retainage not otherwise withheld in accordance with the Contract Documents shall be returned to the Contractor as part of the final payment.

H. Withholding Payments to Contractor

The Owner may withhold payment of some or all of any progress or final payment that would otherwise be due if the Owner determines, in its discretion, that the Work has not been performed in accordance with the Contract Documents. The Owner may use these funds to pay replacement or substitute contractors to complete unfinished or defective Work.

The Owner may withhold payment of some or all of any progress or final payment that would otherwise be due if the Owner determines, in its discretion, that it is necessary and proper to provide an additional source of funds to pay claims for which the Owner is entitled to indemnification from Contractor under the Contract Documents.

Amounts withheld under this section shall be in addition to any retainage.

I. Acceptance of the Work

When the Work is completed, the Contractor shall request that the Owner perform a final inspection. The Owner shall inspect the Work. If the Owner determines that the Work has been completed in accordance with the Contract Documents, it shall issue a written notice of acceptance of the Work. If the Owner determines that the Work has not been completed in accordance with the Contract Documents, then it shall

provide the Contractor with a verbal or written list of items to be completed before another final inspection shall be scheduled.

It is specifically provided that Work shall be deemed accepted on the date specified in the Owner's written notice of acceptance of the Work. The Work shall not be deemed to be accepted based on "substantial completion" of the Work, use or occupancy of the Work, or for any reason other than the Owner's written Notice of Acceptance. Further, the issuance of a certificate of occupancy for all or any part of the Work shall not constitute a Notice of Acceptance for that Work.

In its discretion, the Owner may issue a Notice of Acceptance covering only a portion of the Work. In this event, the notice shall state specifically what portion of the Work is accepted.

J. Acceptance of Erosion Control Measures

When the erosion control measures have been completed, the Contractor shall request that the Owner perform a final inspection. The Owner shall inspect the Work. If the Owner determines that the Work has been completed in accordance with the Contract Documents and per TPDES General Construction Permit, it shall issue a written Notice of Acceptance of the Work. If the Owner determines that the Work has not been completed in accordance with the Contract Documents or TPDES General Construction Permit, then it shall provide the Contractor with a verbal or written list of items to be completed before another final inspection shall be scheduled.

K. Final Payment

After all Work required under the Contract Documents has been completed, inspected, and accepted, the Town shall calculate the final payment amount promptly after necessary measurements and computations are made. The final payment amount shall be calculated to:

1. include the estimate of the value of Work properly completed since the date of the most recent previous progress payment;
2. correct prior progress payments; and
3. include retainage or other amounts previously withheld that are to be returned to Contractor, if any.

Final payment to the Contractor shall not be due until the Contractor provides original full releases of liens from the Contractor and its subcontractors, or other evidence satisfactory to the Owner to show that all sums due for labor, services, and materials furnished for or used in connection with the Work have been paid or shall be paid with the final payment. To ensure this result, Contractor consents to the issuance of the final payment in the form of joint checks made payable to Contractor and others. The Owner may, but is not obligated to issue final payment using joint checks.

Final payment to the Contractor shall not be due until the Contractor has supplied to the Owner original copies of all documents that the Owner determines are reasonably necessary to ensure both that the final payment amount is properly calculated and that the Owner has satisfied its obligation to administer the

CSP NO: 2024-12-B DNT Waterline Relocation (US 380-First St)

Construction Agreement in accordance with applicable law. The following documents shall, at a minimum, be required to be submitted prior to final payment being due: redline as-built construction plans; consent of surety to final payment; public infrastructure inventory; affidavit of value for public infrastructure; and, final change order(s). "Redline as-built construction plans" shall include, but are not limited to markups for change orders, field revisions, and quantity overruns as applicable. The list of documents contained in this provision is not an exhaustive and exclusive list for every project performed pursuant to these Contract Documents and Contractor shall provide such other and further documents as may be requested and required by the Owner to close out a particular project.

Subject to the requirements of the Contract Documents, the Owner shall pay the Final Payment within thirty (30) calendar days after the date specified in the Notice of Acceptance. This provision shall apply only after all Work called for by the Contract Documents has been accepted.

L. Contractor's Warranty

For a two-year period after the date specified in a written notice of acceptance of Work, Contractor shall provide and pay for all labor and materials that the Owner determines are necessary to correct all defects in the Work arising because of defective materials or workmanship supplied or provided by Contractor or any subcontractor. This shall also include areas of vegetation that did meet TPDES General Construction Permit during final close out but have since become noncompliant.

Forty-five (45) to sixty (60) calendar days before the end of the two-year warranty period, the Owner may make a warranty inspection of the Work. The Owner shall notify the Contractor of the date and time of this inspection so that a Contractor representative may be present. After the warranty inspection, and before the end of the two-year warranty period, the Owner shall mail to the Contractor a written notice that specifies the defects in the Work that are to be corrected.

The Contractor shall begin the remedial work within ten (10) calendar days after receiving the written notice from the Town. If the Contractor does not begin the remedial work timely or prosecute it diligently, then the Owner may pay for necessary labor and materials to effect repairs and these expenses shall be paid by the Contractor, the performance bond surety, or both.

If the Owner determines that a hazard exists because of defective materials and workmanship, then the Owner may take steps to alleviate the hazard, including making repairs. These steps may be taken without prior notice either to the Contractor or its surety. Expenses incurred by the Owner to alleviate the hazard shall be paid by the Contractor, the performance bond surety, or both.

Any Work performed by or for the Contractor to fulfill its warranty obligations shall be performed in accordance with the Contract Documents. By way of example only, this is to ensure that Work performed during the warranty period is performed with required insurance and the performance and payment bonds still in effect.

Work performed during the two-year warranty period shall itself be subject to a one-year warranty. This warranty shall be the same as described in this section.

The Owner may make as many warranty inspections as it deems appropriate.

CSP NO: 2024-12-B DNT Waterline Relocation (US 380-First St)

M. Compliance with Laws

The Contractor shall be responsible for ensuring that it and any subcontractors performing any portion of the Work required under the Contract Documents comply with all applicable federal, state, county, and municipal laws, regulations, and rules that relate in any way to the performance and completion of the Work. This provision applies whether or not a legal requirement is described or referred to in the Contract Documents.

Ancillary/Integral Professional Services: In selecting an architect, engineer, land surveyor, or other professional to provide professional services, if any, that are required by the Contract Documents, Contractor shall not do so on the basis of competitive bids but shall make such selection on the basis of demonstrated competence and qualifications to perform the services in the manner provided by Section 2254.004 of the Texas Government Code and shall so certify to the Town the Contractor's agreement to comply with this provision with Contractor's bid.

N. "Anti-Israel Boycott" Provision

In accordance with Chapter 2270, Texas Government Code, a Texas governmental entity may not enter into a contract with a company for the provision of goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel; and (2) will not boycott Israel during the term of the contract. Chapter 2270 does not apply to a (1) a company that is a sole proprietorship; (2) a company that has fewer than ten (10) full-time employees; or (3) a contract that has a value of less than One Hundred Thousand Dollars (\$100,000.00). Unless the company is not subject to Chapter 2270 for the reasons stated herein, the signatory executing this Agreement on behalf of the company verifies by its signature to this Contract that the company does not boycott Israel and will not boycott Israel during the term of this Contract.

O. Other Items

The Contractor shall sign the Construction Agreement, and deliver signed performance, payment and maintenance bonds and proper insurance policy endorsements (and/or other evidence of coverage) within ten (10) calendar days after the Owner makes available to the Contractor copies of the Contract Documents for signature. Six (6) copies of the Contract Documents shall be signed by an authorized representative of the Contractor and returned to the Town.

The Construction Agreement "effective date" shall be the date on which the Town Council acts to approve the award of the Contract for the Work to Contractor. It is expressly provided, however, that the Town Council delegates the authority to the Town Manager or his designee to rescind the Contract award to Contractor at any time before the Owner delivers to the Contractor a copy of this Construction Agreement that bears the signature of the Town Manager and Town Secretary or their authorized designees. The purpose of this provision is to ensure:

1. that Contractor timely delivers to the Owner all bonds and insurance documents; and

2. that the Owner retains the discretion not to proceed if the Town Manager or his designee determines that information indicates that the Contractor was not the lowest responsible bidder or that the Contractor cannot perform all of its obligations under the Contract Documents.

THE CONTRACTOR AGREES THAT IT SHALL HAVE NO CLAIM OR CAUSE OF ACTION OF ANY KIND AGAINST OWNER, INCLUDING A CLAIM FOR BREACH OF CONTRACT, NOR SHALL THE OWNER BE REQUIRED TO PERFORM UNDER THE CONTRACT DOCUMENTS, UNTIL THE DATE THE OWNER DELIVERS TO THE CONTRACTOR A COPY OF THE CONSTRUCTION AGREEMENT BEARING THE SIGNATURES JUST SPECIFIED.

The Contract Documents shall be construed and interpreted by applying Texas law. Exclusive venue for any litigation concerning the Contract Documents shall be Collin County, Texas.

In the event of any disagreement or conflict concerning the interpretation of this Agreement, and such disagreement cannot be resolved by the signatories hereto, the signatories agree to submit such disagreement to non-binding mediation.

Although the Construction Agreement has been drafted by the Owner, should any portion of the Construction Agreement be disputed, the Owner and Contractor agree that it shall not be construed more favorably for either party.

The Contract Documents are binding upon the Owner and Contractor and shall insure to their benefit and as well as that of their respective successors and assigns.

If Town Council approval is not required for the Construction Agreement under applicable law, then the Construction Agreement "effective date" shall be the date on which the Town Manager and Town Secretary or their designees have signed the Construction Agreement. If the Town Manager and Town Secretary sign on different dates, then the later date shall be the effective date.

Re: Special Event Parking Ordinance Approval

Town Council Meeting – February 13, 2024

Strategic Visioning Priority: 4. Provide Excellent Municipal Services

Agenda Item:

Consider and act upon an ordinance amending Section 4.09.001, “Definitions,” of Article 4.09, “Special Events and Temporary Outdoor Seasonal Sales,” of Chapter 4, “Business Regulations,” of the Code of Ordinances, and amending article 4.09, “Special Events and Temporary Outdoor Seasonal Sales,” of Chapter 4, “Business Regulations,” of the Code of Ordinances by adding a new section 4.09.14, “Parking,” to address temporary parking of vehicles at special events.

Description of Agenda Item:

Parking for special events can cause congested roadways and create a nuisance for private property owners. There have been instances where individuals attending events have parked illegally, however the Town has not been able to enforce “no parking” areas, even when signs are placed. This ordinance will allow the Town to post “no parking” signs at special events, and allow the Police Department to enforce the “no parking” regulation by issuing a citation or towing if necessary.

Attached Documents:
