EVOLIS Radar:
the radar speed sign
which revolutionizing
Traffic Safety in the USA!

Introducing the EVOLIS Radar Speed Sign the ultimate traffic solution!

Experience unmatched performance with this state-of-the-art device, designed to conquer traffic challenges in any scenario.

The EVOLIS is the go-to choice for communities across the United States.

Built to last with an ABS Injection Molded Resin, this portable sign weighs only 20lbs, making it easy to install on poles for maximum flexibility. Whether it's a bustling city intersection, school zone, or residential neighborhood, the EVOLIS fits to your needs.

With cutting-edge Doppler radar technology, it detects vehicles at an impressive range of over 1,000 feet. Featuring 15" speed digits illuminated by ultra-bright LEDs, this sign ensures exceptional visibility, effectively capturing drivers attention. Programmable messages alongside the speed digits help correct driver behavior, resulting in an average speed decrease of 25%.

We care about sustainability, offering two power options: battery-operated or solar-powered. By choosing the solar-powered package, you contribute to a greener future while enjoying energy autonomy. The full-option package includes all necessary power accessories, with a remarkable autonomy of up to 7,000 vehicles per day.

But that's not all! The EVOLIS provides bi-directional traffic data collection and comprehensive analysis software, enabling effective speed enforcement and prevention. Enjoy free lifetime updates without any subscription fees, staying ahead with the latest enhancements and features.

CUSTOMER TESTIMONIAL

The EVOLIS radar speed signs were very easy to install and set up. Our community has been very receptive to the signs, and we have received a lot of positive feedback. We opted for the solar option. We have had zero problems with these units, and we have never seen the units not displaying a read out no matter what the weather conditions. We are in central Indiana. We noticed a dramatic drop in speeding vehicles and complaints immediately following installation.

We would highly recommend these signs.
