Hello All,

To clarify questions that have come up in several meetings regarding municipal utility extensions versus private well/septic please see below.

If municipal water/sewer exist in the area property owners are required to connect to it.

If municipal water/sewer does not exist in the area the village can decide if service is feasible or not. This would depend on the number of end users and the cost to bring services to them. The village can:

-decide running service is not feasible.

The Property owner would get a well permit from the DNR and a septic permit from the county. Costs to install would be on the property owner. Well estimates for Ridgeway ranged from \$15,000 to \$45,000 depending on depth and the potential cave formations below the ground. Wells are tough to dig out here and have a high potential for going very deep to hit the water table. I had friends install a new septic down in Arena for \$16,000. Maggie said out at their farm in the Town of Ridgeway, it was \$10,000 for the septic.

-decide to run service to the new construction.

Utilities may special assess through proper processes the cost to install the service to the development/end users/customers of the utility. The utility could charge all the cost to one property owner if that is all who will benefit. Everyone who benefits from the service should split the cost. If others connect in the future they would need to pay a portion of the cost and the original payer of the extension costs should be refunded. It is important in this circumstance the village does not double charge to extend service or have individuals overpay for the service extension. The village could also decide to pay outright for the extension of service and not special assess the property owner.

Stafford and Rosenbaum, village attorney, have recommendations for consultants to work with to do planning for future water and sewer extensions. I will collect costs for working with these consultants.

Feel free to contact me with any further questions or concerns. I am happy to help.

Please contact me directly with any questions. DO NOT REPLY ALL.

Hailey Roessler

Clerk/Treasurer

Mary Kay Baum <marykbaum@gmail.com>

To: Hailey Roessler <clerk@ridgewaywi.gov>

And we are still finding out about the feasibility of the village connecting to one of our closer streets? Especially ones that will have to be improved soon anyway?

\$ 7,500

RATE FILESheet No. 1 of 1Schedule No. X-2Amendment No. 22**Public Service Commission of Wisconsin****Village of Ridgeway Municipal Water Utility****Water Main Extension Rule**

Water mains will be extended for new customers on the following basis:

- A. Where the cost of the extension is to immediately be collected through assessment by the municipality against the abutting property, the procedure set forth under Wis. Stat. § 66.0703 will apply, and no additional customer contribution to the utility will be required.
- B. Where the municipality is unwilling or unable to make a special assessment, the extension will be made on a customer-financed basis as follows:
 1. The applicant(s) will advance as a contribution in aid of construction the total amount equivalent to that which would have been assessed for all property under paragraph A.
 2. Part of the contribution required in paragraph B.1. will be refundable. When additional customers are connected to the extended main within 10 years of the date of completion, contributions in aid of construction will be collected equal to the amount which would have been assessed under paragraph A. for the abutting property being served. This amount will be refunded to the original contributor(s). In no case will the contributions received from additional customers exceed the proportionate amount which would have been required under paragraph A., nor will it exceed the total assessable cost of the original extension.
- C. When a customer connects to a transmission main or connecting loop installed at utility expense within 10 years of the date of completion, there will be a contribution required of an amount equivalent to that which would have been assessed under paragraph A.

Terms & Conditions

CHILD SAFETY

CHILD SAFETY IS VERY IMPORTANT! Whenever possible, please order cordless or motorized shades to avoid these dangers. All corded shades must be installed with approved safety devices. No exceptions will be made.

MANUFACTURERS WARRANTIES

The Budget Blinds No Questions Asked Warranty

Budget Blinds manufacturers offer a unique warranty to our customers called the No Questions Asked Warranty. This warranty varies by product type and manufacturer. Please ask your design consultant for the manufacturer warranty information.

Budget Blinds reserves the right to charge for labor on any warranty claim beyond 1 year of purchase. To avoid labor charges, we can ship a replacement product directly to the customer. Batteries are not included in any warranty.

The Limited Lifetime Warranty Against Manufacturer Defects

In addition to our No Questions Asked warranty, all our blinds come with a limited lifetime warranty. This warranty provided by the manufacturer warrants that your products will be from original defects in materials or workmanship for as long as the original purchaser owns the product. Under the limited lifetime warranty, the obligations of the manufacturer are limited to repair or replacement of parts of the product found to be defective.

CORDS AND WEAR PARTS

Budget Blinds manufacturers offer a 5-year replacement warranty on all working mechanisms. Customers who have cord issues may ship the blind to the manufacturer to have blinds restrung or fixed by the manufacturer. (Customer may be responsible for the shipping charge).

In some cases, the local Budget Blinds office can assist with cord issues. There may be labor and additional charges associated with having the blind fixed locally. The customer should work with the local Budget Blinds office to determine the best course of action for their situation.

BUDGET BLINDS ONE YEAR LABOR WARRANTY

WHAT IS COVERED BY THE WARRANTY

In addition to the product warranty offered by the Manufacturer, Budget Blinds offers a one-year labor warranty. We will separately warrant that all of our work substantially conforms to the manufacturer's recommendations and follows industry standards and quality guidelines and that, upon notice from the customer, we will correct any faults related to defective workmanship or miss-application of the product at no additional cost to the customer.

The warranty only applies to work performed by Budget Blinds.

WHAT IS NOT COVERED

If the product is damaged due to acts of nature, abuse, physical damage, or accident, this labor warranty will be null and void.

Any labor calls not covered by the warranty or after the one-year period will be subject to a charge at the current labor rate.

JOB SITE IMAGES, PHOTOGRAPHY, AND VIDEO

Budget Blinds employees may, during any point during the term of this contract, take still photographs or video of the site for training, documentation, education, or promotional purposes. Budget Blinds will not release any personal information or personally identifiable images or video without written permission from the person/persons in the images or video. Acceptance of this proposal will be considered a legal release by the owner/builder to allow Budget Blinds employees to engage in this activity.

SALES TERMS AND CONDITIONS

All sales are final. Time estimates are subject to the manufacturer's ability to produce the products. Partial installs will be paid at the time of installation. Any remaining non-installed items must maintain the original discount and deposit. Suppose the customer cannot provide access for installation or accommodate receipt of product. In that case, the full balance will become due after 30 days have passed from the time of Budget
