- Manager Dr. Moore explained that this was not, this related to the map grant which is the design of the east side of 47 going to Hillandale back down to Manzano express way. They are just under \$3,000 over what the grant will pay for. I spoke with them this morning they talked about the scope of work and recommended to talk to the public to explain what they are doing. He further said that he checked with finance and there is money available, and we recommend the approval of this.
- Councilor Gordon said it was about \$3,000 over what would we do if it goes over that.
- Manager Dr. Moore said it would have to come back in front of counsel and get approval. They are aware that it isn't an open-ended thing that they could come back.
- Councilor Winters said the only comment I have is that this is a very important project for us, that is our tie into federal money and a tie in for commercial and housing development.

### **Public Safety Taskforce Findings**

- Manager Dr. Moore said our former member of Council Mr. Chavez is here he was a participant of our task force as well as some of our Council, Valencia County Sheriff's deputies and members of the public. We provided for you in your packets a copy of the presentation we put together. He then continued with crime prevention and said we need to work with law enforcement and not go out and be vigilantes. He further explained building trust amongst neighbors and public safety issues and our residents as a prevention of property crime. He continued with the presentation of domestic issues.
- Manager Dr. Moore said we need to look at the increase of different issues from year to year, there is a shift in geographics as well. He further explained on the domestic issues the importance of privacy and confidentiality.
- Manager Dr. Moore explained that our code enforcers are not prosecutors this requires continues education on court educate.
- Manager Dr. Moore said what we are seeing in this Public Safety Taskforce is to ask City Council to add it into our city's comprehensive plan once we have it all put together, and further said we would like this to go to the public and reach outreach to church groups and any other city groups that would like to hear about what we are talking about here.
- Mayor Ramsell said he wanted to thank everyone who participated in this.
- Councilor Apodaca said it was a good first step with a lot of good ideas to move forward with.

- Councilor Gordon said a collaborative effort was good especially since the residents were involved so they had their voice to help with everything.
- Mayor Ramsell said it was good to bring in different points of view from code enforcement, law enforcement and residents.
- Robert Chavez said I would add the two things that stood out for me is we the citizens can help ourselves we just need to know what to do. I know there is a cost issue in everything but a lot of things we talked about don't really cost anything we just need to educate people on how.
- Councilor Winters said he likes public forums we use to have a lot of them here I like to use this to get them rejuvenated and started again. There some of the negative things that sometimes are good ideas. I am very happy this is coming to our comprehensive plan.

### **Public Comment**

- No public comments.

### **Manager Report**

- Manager Dr. Moore said I would like to put a thank you to Council and Staff, it was a little unnerving at the last meeting creating a scare, staff is being responsive. We are working on the security of the building.
- Manager Dr. Moore said the undersheriff and the officers have been very responsive and I would like to thank the public for being patient.

### **Council General Discussion & Future Agenda Items**

- Councilor Apodaca asked regarding hazmat material at the industrial park and would like to ask the fire chief how much they can do if there is a fire where hazmat is involved.
- Fire Chief Tabet said it depends on the situation when and where it is at. The state of New Mexico goes through state police. We have a certain guideline that we need to file. We do have mutual aid from Albuquerque fire department. We are equipped to be on scene and make the decision of who we need to bring in as far as mutual aid.
- Councilor Apodaca explained the reason he brought it up there was an individual that mentioned that not all fire departments can go in.
- Fire Chief Tabet said that it all depends on the situation, as far as the industrial park we have a pretty good drawn-out map of where the chemicals are. Once we get on scene, we can make that decision. As far as Valencia County no fire department is any more certified then the other in the county.
- Councilor Gordon asked can we do mutual aid with the railroad hazmat.
- Fire Chief Tabet said we have mutual aid with them, but they do not have it in the Depo. As far as Hazmat it would have to justify a threat to the railroad or the tracks.
- Councilor Winters had nothing to report.
- Mayor Ramsell said I have a few things to add to that knowing where the chemicals are is very important and the new pumper we purchased this last year was specked out for a hazmat situation.

- Mr. Leming said they are looking at resource replacements for the San Jan Generating Station, which came offline, and PNM will work with developers in arranging power purchase agreements as well as land but is a longer process because there are a lot of different developers and different sources and are working to get services done by 2023. Voting Yea: Councilor Apodaca, Councilor Gordon, Councilor Winters. With a 3-0 vote the regular business meeting session was recessed at 6:31 pm.

**Consideration of a special permanent use permit for a cannabis retail only operation**

- ❖ Councilor Winters asked if P&Z has any concerns.
- ❖ Manager Dr. Moore explained planning and zoning commission as well as our legal council reviewed the application and found it meet the requirements to bring forward to the city council.
- ❖ Clerk Adair read the letter from the Planning and Zoning Commission as stated. (Please see agenda packet)
- ❖ Mr. Irvin read his statement starting with (Please see agenda packet) "I oppose a special permanent use permit for a cannabis retail only operation. What does Rio Communities gain by issuing such a permit? Marijuana remains an illegal drug under the federal Controlled Substances Act. Marijuana legalization would increase crime not only because marijuana may

be a gateway to more serious drugs such as cocaine and heroin that are closely associated with crime, but also because of the potential criminogenic effects of the increasing presence of marijuana dispensaries (Cleveland & Wiebe, 2008; Kepple & Freisthler, 2012). One of the assumptions about the legalization of recreational marijuana held that once legal dispensaries were common, the illicit trade would be unable to compete. After all, why would anyone want to purchase something illegally, and theoretically without safety regulations, when it could be found just as easily legally? This has not turned out to be true. In California, Illinois, Massachusetts and other states with legal recreational dispensaries, black market marijuana sales not only continue, but often outpace legal sales. Huge busts of illegal operations regularly made One of the assumptions about the legalization of recreational marijuana held that once legal dispensaries were common, the illicit trade would be unable to compete. One of the assumptions about the legalization of recreational marijuana held that once legal dispensaries were common, the illicit trade would be unable to compete. After all, why would anyone want to purchase something illegally, and theoretically without safety regulations, when it could be found just as easily legally? This has not turned out to be true. In California, Illinois, Massachusetts and other states with legal recreational dispensaries, black market marijuana sales not only continue, but often outpace legal sales. Huge busts of illegal operations regularly make the news and in response, California recently approved a \$100 million plan to aid the state's legal marijuana industry—an industry that was supposed to be an untapped goldmine. California, Illinois, Massachusetts and other states with legal recreational dispensaries, black market marijuana sales not only continue, but often outpace legal sales. Huge busts of illegal operations regularly make the news. Substantial increases in crime rates and disorder at the neighborhood level (Hughes, Schaible, & Jimmerson, 2019). The study, by researchers at the University of Colorado Denver, appears in Justice Quarterly, a publication of the Academy of Criminal Justice Sciences. "We found that neighborhoods with one or more medical or recreational dispensaries saw increased crime rates that were between 26 and 1,452 percent higher than in neighborhoods without any commercial marijuana activity," notes Lorine A. Hughes, PhD, associate professor in the School of Public Affairs at the University of Colorado Denver. Betsy Brantner Smith, a retired police sergeant and spokeswoman for the National Police Association, said legalizing marijuana can cause downstream effects for law enforcement officers in jurisdictions where the drug is legal. "The whole country, we're seeing this increase in crime that goes hand in hand with a decrease in concern about things like substance abuse," Smith told the Washington Examiner. "The problem is, when you continue to desensitize the population against substance abuse, you start to desensitize them against a sense of right and wrong." Smith, who trains police officers, said she hears from "boots on the ground" that legal cannabis isn't itself fueling higher crime rates. Does marijuana really increase the risk of depression? Using marijuana can certainly contribute to or worsen depression. Low motivation, fatigue, and withdrawal from positive activities are central features of depression and marijuana can worsen each of those problems. Some people do say that marijuana dulls anxiety or negative feelings. But it also dulls energy and motivation. A recent study review published by Lancet Psychiatry found high-cannabis-potency products are associated with a greater risk of psychosis and addiction called cannabis use disorder (CUD). "The content of THC not many decades ago was 2%-3%," Dr. Nora Volkow, the director of the National Institute on Drug Abuse, told Fox News, adding that marijuana is considered high in potency if the product contains more than 10% THC. "Now, the average content of THC in the

United States is 14-16%," she said. "There are [cannabis] varieties that have a content that goes to 30% THC."

- ❖ Ms. Francine Gabaldon said herself and her sister are the owners of Leaf and Flower. It is true we do have 4 already operational stores in Albuquerque as well as Placitas and Los Lunas and have 2 very large groves that we operate in Placitas as well. We have been opening our retail outlets since the law was passed in April and opening quite a few stores. We have found people don't venture up from their home more than about five miles so the vast majority of our clientele are still medical marijuana users, not so much recreational marijuana uses because I think they had a good point that with all the excise taxes a lot of people are still looking to the black market to buy their recreational marijuana. Although our prices are because they have the influx of so many marijuana companies, they're they've more than 100 licenses in the Albuquerque proper area that's driving the prices down. So hopefully we'll transition people to buying from the black market to actually buying in the stores of the states and counties can benefit from the tax influx. Lastly the RLD puts out an email every month and its about \$40 million in sales for the state and its been pretty consistent since the inception of the recreation programs. So, lots of people are buying their marijuana whether the state is actually benefits from the purchasing of that and we hope to help this community by digging a building that's downtrodden and making it beautiful again and we'll be paving the parking lot and we expect maybe 30 people a day so not a huge amount of traffic. That's what our demographic study showed us but we're trying to bring these communities the people in these communities their necessary medication or however they want to use it closer so its easier for them to get and use in their homes so they are not bothering other people but we are looking to open other stores in Santa Fe and some other areas in New Mexico all the way down to Los Cruces in the near future. But my sister and I have been partners for about 12 years in this business and we hope to bring a beautiful building and taxes to your community.

The Governmental Unit shall use the proceeds of the Loan to (i) finance the acquisition of the Project and (ii) make a deposit to the Finance Authority Debt Service Account. The Project will be owned by the Governmental Unit.

B. Detail. Section 6. Approval of Loan Agreement and Intercept Agreement. The forms of the Loan Agreement and the Intercept Agreement, as presented at the meeting of the Governing Body at which this Resolution was adopted are hereby approved. Nothing contained in this Resolution or in the Loan Agreement, or any other instruments, shall be construed as obligating the Governmental Unit (except with respect to the application of the Pledged Revenues), as incurring a pecuniary liability or a charge upon the general credit of the Governmental Unit or against its taxing power, nor shall a breach of any agreement contained in this Resolution, the Loan Agreement, or any other instrument impose any pecuniary liability upon the Governmental Unit or any charge upon its general credit or against its taxing power. The Loan

Agreement shall never constitute an indebtedness of the Governmental Unit within the meaning of any State constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the Governmental Unit or a charge against its general credit or taxing power. Nothing herein shall prevent the Governmental Unit from applying other funds of the Governmental Unit legally available therefore to payments required by the Loan Agreement, in its sole and absolute discretion.

Section 8. Disposition of Proceeds: Completion of Acquisition of the Project.

Until the Completion Date, the money in the Program Account shall be used and paid out solely for the purpose of acquiring the Project in compliance with applicable law and the provisions of the Loan Agreement and the Indenture.

The Governmental Unit will acquire the Project with all due diligence.

B. Completion of Acquisition of the Project. Upon the Completion Date, the Governmental Unit shall execute and send to the Finance Authority a certificate stating that acquisition of and payment for the Project have been completed. As soon as practicable, and, in any event, not more than sixty (60) days from the Completion Date, any balance remaining in the Program Account shall be transferred and deposited into the Finance Authority Debt Service Account, as provided in the Loan Agreement and the Indenture.

C. Finance Authority and Trustee Not Responsible. The Finance Authority and the Trustee shall in no manner be responsible for the application or disposal by the Governmental Unit or by its officers of the funds derived from the Loan Agreement or of any other funds herein designated.

Section 9. Deposit of Pledged Revenues, Distributions of the Pledged Revenues and Flow of Funds.

A. Deposit of Pledged Revenues. Pursuant to the Intercept Agreement, Pledged Revenues shall be paid directly by the Distributing State Agency to the Finance Authority for deposit in
