

AGENDA
RIO DELL PLANNING COMMISSION
SPECIAL MEETING
WEDNESDAY, JUNE 14, 2023 - 5:00 PM
City Council Chambers - 675 Wildwood Avenue, Rio Dell

WELCOME – Copies of this agenda, staff reports and other material available to the Commission are available at the City Clerk’s Office in City Hall, 675 Wildwood Avenue and on the City’s website at www.cityofriodell.ca.gov. Your City Government welcomes your interest and hopes you will attend and participate in Rio Dell Planning Commission meetings often.

Effective immediately, the City of Rio Dell will reopen City Council and Planning Commission meetings held in City Hall Council Chambers to in-person attendance by the public.

Public Comment by Email:

In balancing the health risks associated with COVID-19 and need to conduct government in an open and transparent manner, public comment on agenda items can be submitted via email at publiccomment@cityofriodell.ca.gov. Please note which item the comment is directed to and email your comments to the above email address. The City Clerk will read comments out loud, for up to three minutes.

- A. CALL TO ORDER
- B. ROLL CALL
- C. PLEDGE OF ALLEGIANCE
- D. CEREMONIAL MATTERS
- E. CONSENT CALENDAR

1. 2023/0614.01 - Approve Minutes if the April 25, 2023 Regular Meeting (**ACTION**) - Pg. #3

F. PUBLIC PRESENTATIONS

This time is for persons who wish to address the Commission on any matter not on this agenda and over which the Commission has jurisdiction. As such, a dialogue with the Commission or staff is not allowed under the Ralph M. Brown Act. Items requiring Commission action not listed on this agenda may be placed on the next regular agenda for consideration if the Commission directs, unless a finding is made by at least 2/3rds of the Commission that the item came up after the agenda was posted and is of an urgency nature requiring immediate action.

Written public comment must be submitted via email no later than 1-hour before the meeting at publiccomment@cityofriodell.ca.gov. Your comments will be read out loud, for up to three minutes.

G. SPECIAL MEETING MATTERS

1. 2023/0614.02 - Review and Consideration of Mingo's/Patron Building Façade Improvement Program (FIP) Grant Application (**ACTION**) - Pg. #8

I. ADJOURNMENT

The next Regular Planning Commission meeting is scheduled for June 27, 2023 at 6:00 p.m.

**RIO DELL PLANNING COMMISSION
REGULAR MEETING MINUTES
APRIL 25, 2023**

CALL TO ORDER

Commissioner Angeloff called the regular meeting of the Rio Dell Planning Commission to order at 6:12 p.m.

Present were Commissioners Angeloff, Arsenault, Knight, and Millington. Planning Commissioner Alternate Kemp was absent.

Others present were Community Development Director Caldwell and City Clerk Dunham.

CONSENT CALENDAR

Approve Minutes of the February 8, 2023 Special Meeting

Motion was made by Arsenault/Knight to approve the Consent Calendar including approval of minutes of the February 8, 2023 special meeting. Motion carried 4-0.

PUBLIC PRESENTATIONS

None

SPECIAL MEETING MATTERS

Receive & File 2022 Housing Element and General Plan Annual Progress Report

Community Development Director Caldwell provided a staff report and explained that each year, jurisdictions are required by State law to prepare a General Plan and Housing Element Progress Report and submit to the Department of Housing and Community Development (HCD) and the Office of Planning Research (OPR).

He said that the documents are very similar to one another and the purpose of preparing them is to report on the City of Rio Dell's progress in implementing its General Plan and Housing Elements.

He continued with review of the plans, projects and accomplishments for 2022. Projects for the year included a summary of the following:

- Building Permits
- Planning Projects

RIO DELL PLANNING COMMISSION
APRIL 25, 2023 MINUTES
Page 2

- Projects Reviewed During 2022
- Other Plans and Projects

Community Development Director Caldwell reported that the Building Department issued 97 Building Permits in 2022 with the total valuation of \$1,691,844 and received approximately \$32,000 in Building Permit Fees.

Projects included the Austrus Lot Line Adjustment and the Roscoe Minor Subdivision as well as a Zoning Reclassification and General Plan Amendment, and Zoning Regulations Text Amendments.

Other identified projects that required involvement from the Community Development Department, Planning Division staff included the establishment of a Façade Improvement Program, Commercial Cannabis related activities, CDBG Program (PI) and Supplemental Activity revisions

Community Development Director Caldwell said that the state of the commercial cannabis industry has changed dramatically over the past few years. The three outdoor farms located on the Dinsmore Plateau all experienced crop failure due to diseases and mold. This resulted in unpaid cannabis taxes to the City. He noted that one of the problems with the crop failure is that they grew strains of cannabis that are susceptible to mold. He indicated that two of the farms are for sale and one was leased to another grower.

Commissioner Angeloff asked if the taxes and fines go along with the property when it's sold.

Community Development Director Caldwell said that there was someone interested in purchasing Dinsmore Plateau Farms and the City informed the realtor that we would be willing to reduce the past due taxes by half (\$71,000). He noted that the cannabis tax regulations were amended to require that previous years cultivation season taxes be paid by March 15th the following year, otherwise they would not be entitled to grow.

Commissioner Knight asked if a lien could be placed on the property for non-paid cannabis taxes.

Community Development Director Caldwell indicated that the City cannot place a lien on the property because it is a business tax. He said if the property sells, the remainder of the unpaid taxes goes away.

**RIO DELL PLANNING COMMISSION
APRIL 25, 2023 MINUTES
Page 3**

Commissioner Knight asked if the unpaid taxes could be turned over to a collection agency and collected that way.

Community Development Director Caldwell reiterated that because the cannabis tax is a business tax, it cannot be turned over for collection. However, the past due water bill can be turned over and the past due water bill for Dinsmore Plateau Farms is around \$7,000.

Next was review of CDBG Program Income. In the spring of 2022 the City was informed by the Department of Housing and Community Development (HCD) that the City must expend or at least have the City's Program Income encumbered by June 30, 2022 or return it to the State (approximately \$550,000).

The Council, in an attempt to retain the City's Program Income, shifted gears and earmarked the Program Income funds to the Painter St. Sewer Main Replacement Project. The end of Painter St. is subject to sanitary sewer overflows due to inflow and infiltration (I & I) where storm water goes into the sewer system and the pipe in that area cannot handle that much capacity.

He said that with the damages to structures as a result of the recent earthquakes, the City shifted gears once again and is now working with HCD to reallocate the Program Income (PI) to qualifying homeowner loans for earthquake damage repairs for owner-occupied residences and residential rentals, including multi-family units. The City entered into a MOU with the County to administer the City's CDBG Program. He said that the program is extremely onerous and requires a full-time staff person to administer the program and keep up with all of the changes with the program.

Next was review of the 2022 Building Codes. The City Council adopted the 2022 codes in December which became effective on January 1, 2023. Included with the adoption of the California Building Standards Code was also the 2021 International Property Management Code. This provides the City authority to abate structures that are imminent hazards to the public in a quick and efficient manner.

Community Development Director Caldwell said that the seven elements as required in the General Plan are the following:

**RIO DELL PLANNING COMMISSION
APRIL 25, 2023 MINUTES
Page 4**

- Land Use
- Circulation
- Conservation
- Open Space
- Noise
- Safety
- Housing

Some amendments were made to the Land Use Element in 2022, most of which had to do with residential densities that were not included for the Neighborhood Commercial and Community Commercial designations. He said that the Council adopted a density of 20 units per acre for all three commercial designations which includes the Town Center designation.

There were no updates to the Circulation Element. The Conservation and Open Space Elements were last adopted in 2013 and there is no necessity to change anything. The next on the list for revision is the Land Use Element. The Noise Element has been around for years but not a lot has changed as far as noise standards in the City. A noise study would need to be done by a professional to update the Noise Element, estimated at \$15,000-\$25,000.

Community Development Director Caldwell said that the Safety Element had to be updated as part of the Local Hazard Mitigation Plan that came before the Planning Commission in February. This was needed to increase the City's chances of getting reimbursed by the California Earthquake Authority for the 75% of the expenses the City incurred as a result of the earthquake repairs.

He noted that in updating the Housing Element, staff had actually missed a few units in the housing site inventory and did not include two parcels located in Grayland Heights. The Todd property was also included in the updated inventory, hoping for a mixed-use development on that parcel. He noted that the Todd parcel is in escrow with Cal Fire noting that one of the State policies for acquisitions of land is to utilize it for its highest and best use. Utilizing 18 acres for a Cal Fire facility is not the highest and best use of that parcel, especially for the community of Rio Dell.

STAFF COMMUNICATIONS/UPDATES

**RIO DELL PLANNING COMMISSION
APRIL 25, 2023 MINUTES
Page 5**

Community Development Director Caldwell commented that there are no pending items to come to the Commission for the May meeting as of now.

ADJOURNMENT

Motion was made by Angeloff/Arsenault to adjourn the meeting at 7:08 p.m. to the May 23, 2023 regular meeting. Motion carried 4-0.

Nick Angeloff, Chair

Attest:

Karen Dunham, City Clerk

675 Wildwood Avenue
Rio Dell, CA 95562
(707) 764-3532

For Meeting of: June 14, 2023

Consent Item; Public Hearing Item

To: Planning Commission
From: Kevin Caldwell, Community Development Director 
Through: Kyle Knopp, City Manager
Date: June 8, 2023
Subject: Mingo's/Patron Building Façade Improvement Program (FIP) Submittal

Recommendation:

That the Planning Commission:

1. Review the Mingo's/Patron proposal submitted as part of the City's Façade Improvement Program (FIP); and
2. If the Commission finds the proposed improvements and appropriate and an enhancement of the building, approve the proposed project.

Discussion:

The Façade Improvement Program (FIP) is a reimbursement grant program provided to a business and/or property owner for the improvement of existing commercial buildings throughout the City of Rio Dell. The program provides a matching grant of 50% of the façade improvement cost to the business and/or owner up to a maximum dollar amount \$15,000 per approved project.

The purpose of the FIP is to induce private investment that results in quality improvements and enhancements to business-use properties. It is the City's intention that the FIP serve public-private incentive for significant aesthetic improvements to the commercial area in which the property is located.

A copy of the Façade Improvement Program Guidelines is included as Attachment 1.

The City received an application for the Mingo's/Patron building from new owner Josh Neff. As the Commission is aware the building has needed repairs for quite some time. A copy of the application is included as Attachment 2.

The application includes the replacement of the dilapidated awning and painting the building. Photo's of the building are included as Attachment 3. The proposed improvements are eligible activities as approved by the City Council. The owner is proposing to replace the current dilapidated wood covered awning with metal ribbed roofing. In addition, the owner is proposing to paint the building in gray tones. Please refer to Attachment 4.

The FIP requires that the applicant submit a minimum of two bids for the work. The two bids for the painting of the building varied dramatically. CDH Painting out of Eureka submitted a bid of \$25,125. Tall Guy Painting out of Rio Dell submitted a bid of \$10,540.

The bids for the replacement of the awning were \$14,811 from Huber Construction and \$16,000 from Hall Construction. We averaged the quote from Huber Construction and Hall Construction which is \$15,405. We also used the Tall Guy Painting Quote of \$10,540. The total amount for the work is \$25,945. Under the City's Façade Improvement Program, the City would pay fifty percent (50%) of that or \$12,975.

Attachments

Attachment 1: Façade Improvement Program Guidelines.

Attachment 2: Mingo's/Patron application.

Attachment 3: Photos of the Building.

Attachment 4: Color/Paint Rendering of the Building.

Attachment 5: Bids for the Work.

Facade Improvement Program Round No. 1 Fiscal Year 2021-2022 through 2022-2023

Program Description

The Facade Improvement Program (FIP) is a reimbursement grant program provided to a business and/or property owner for the improvement of existing commercial buildings throughout the City of Rio Dell. The program provides a matching grant of 50% of the facade improvement cost to the business and/or owner up to a maximum dollar amount \$15,000 per approved project.

The purpose of the FIP is to induce private investment that results in quality improvements and enhancements to business-use properties. The City's intention is that the FIP serve public-private incentive for significant aesthetic improvements to the commercial area in which the property is located.

The private investment will need to be equal to or greater than the grant funds awarded.

The Community Development Department will administer the grant program (Project Administrator) in conjunction with the City's Planning Commission and Department of Finance. The Community Development Department will handle project approval, processing and permitting. No commitment of funds will be made until the Planning Division has evaluated the project for code compliance, received a complete project application and received approval from the City's Planning Commission / Design Review that the project is appropriate to proceed.

Project applications must be complete and collateral information must be provided to the Program Administrator before a grant will be processed for funding; no advances will be made of grant funds.

Projects must make an exterior improvement easily visible from public view. Grants will be given only for improvements done in a professional manner and approved through the City's Design Review process. A final inspection will be conducted by the City to confirm the work has been completed and conforms to the approved plans, colors and/or materials.

As part of the approval process, a Letter of Commitment will be issued by the Program Administrator.

Applicants are expected to complete projects in the timeframe outlined in the Letter of Commitment. The City aims to fund as many projects as possible and will not tie up funds with applicants who are not completing their projects. The City will hold stringently to the time frame specified in the Letter of Commitment.

Round No. 1 of the program will focus on the commercial areas identified on the attached map. Further areas of focus may be added or refined in future rounds if the program is successful.

Definition of Significant Facade Improvements or Renovations

"Improvements or renovations of existing buildings that are ten years of age or older, when a combination of two or more of the following are included: structural facade improvements, paint, awnings, signs, addition of architectural detail to facade, facade tile or stone accents, decorative entry walkway area, outside dining with decorative fencing, outside decorative lighting and new windows. Mural art projects can be considered as a significant façade improvement with or without other improvements."

Eligibility & Processing

The property must meet the following criteria:

- Be located within Rio Dell city limits.
- Be a retail or commercial project (except for those listed under the section titled "Ineligible for Grants.").

- Proposed project must be in conformance with all applicable City codes and design standards.
- Must submit a completed grant application, with all requested collateral materials, to the Program Administrator.
- Must be a permitted or conditionally permitted use; legal non-conforming uses are not eligible (example: improvements to a legal non-conforming sign, structure, or a structure housing a non-conforming use will not be eligible).
- Must receive all necessary approvals before any work is started for which grant funds are being requested.
- Must submit original invoices stamped paid or accompanied by copies of cancelled checks, or proof of payment for materials, or for work performed by others before receiving the grant.

Grants

All grants are up to 50% of the cost of the approved improvements up to a maximum reimbursement of \$15,000.

At this time, properties having a building with multiple businesses/suites qualify for one grant only. Unoccupied commercial buildings are also eligible for the grant.

Work must be completed within a specified time period stated in the Letter of Commitment; if work is not completed in the time frame, the applicant can still receive a grant only if funds are available when they complete the work.

Applicants will not be compensated for labor they perform themselves. Only materials used, and/or the work of a contractor will be eligible and the work must be done in a professional manner. The property owner assumes all risk. All work must be in conformance with applicable building codes.

Proof of property owner acknowledgement is required as part of the application process.

Design Standards and Requirements

- Applicants requesting grants must propose and complete projects that meet the standards set through the design review process and the Planning

commission. Projects must meet or exceed design standards (where applicable).

- Formulation of color pallets, renderings and building plans will, in most cases, require professional design assistance that may be provided by the City.
- If repainting is involved, the entirety of the building, including portions of the building not visible from the street frontage, must be painted in the same color scheme.
- High quality "before" photos of the property must accompany the application. "After" photos will be required to be submitted with receipts or paid invoices before receiving the grant when the project is complete.

Process

1. Applicant contacts the Program Administrator to arrange a pre-application concept meeting. No drawings or plans are required, but the applicant must be able to describe the plan in detail.
2. Upon tentative approval of the project, the Program Administrator will assign the applicant a licensed architect to work with on the development of a cost estimate and visual representation of the design, at no cost to the applicant. The cost of the licensed architect's work is not to exceed \$2,000.00.
3. The applicant completes and submits the formal application with appropriate permits, architect-developed cost estimates, architect-developed visual representation of the final design and if necessary owner approval of the project.
4. Project will be submitted to the Planning Commission for Design Review and approval.
5. Once the application has been approved, a Letter of Commitment & Project Agreement will be sent to the applicant from the Program Administrator. This material will specify the amount of the grant funds to be set aside and a time frame in which the work must be completed to receive a grant. The Program Administrator will hold funds within FIP budget.
6. Once the Project Agreement is signed by the applicant and Program Administrator, the applicant may then begin work on the proposed project. The project **must be completed** by the deadline listed in the Project Agreement to receive funds. Extensions can be approved by the Program Administrator on a case-by-case basis.

7. Upon completion of work on the proposed project, final inspection of the project is performed by the City.
8. The Building Inspector and/or Program Administrator will review the work for compliance with the Planning Commission approved application. If approved by the Program Administrator, the applicant will submit invoices to the City's Department of Finance to receive payment in accordance to the grant agreement within 30 days of submittal. If the Building Inspector and/or Program Administrator deems the final work to be in non-compliance with the approved design, or not in compliance with applicable building code, the matter will be automatically referred to the Planning Commission for review and ratification, within 60 days, at no cost to the applicant. Work performed, or modifications made that do not conform to the approved project plans, will not receive funds.

Projects Eligible for Grants

- Areas of eligibility: Must be commercially zoned. Must be on or visible from the following streets: Wildwood, Eeloa & Northwestern.
- Significant facade improvements and renovations (see above, "**Definition of Significant Facade Improvements or Renovations**").
- Building additions, when the entire building is improved, that is, the addition does not appear to be an add-on but integrates with the building (ex: building addition of compatible architecture and repainting of entire building to match the addition).
- Security features integrated with a façade improvement (example: shatter resistant windows, door locks, lighting) only if part of an approved façade improvement or renovation and adds a visible improvement.
- New roof material only if part of a significant facade improvement or renovation and adds a visible improvement.
- Upgraded and uniform facade improvements in older commercial buildings with multiple spaces that enhance the entire building (if the facility has more than one individual property ownership, there must be a comprehensive signage plan, color pallet and/or architectural facade plan in place; improvements made must conform to the plans or color pallet).
- Front facing landscaping.
- Block walls and fencing only if part of a comprehensive landscaping project and approved by the Planning Commission.
- Signs, awnings and painting of structures if they meet City design requirements.

- Murals, if they have the appropriate approvals (Design Review).
- Screening of roof-top equipment only in conjunction with other exterior property improvements.
- Creation of fixed outdoor patio areas (non-fixed assets are not eligible. Example: removable patio furniture, mobile heaters, etc.).
- Creation of customer entrances from the alley, especially when parking is available in the rear of a building or the alley side is visible from a public street; this must be done in conjunction with an approved facade improvement.
- Other improvements can be considered on a case-by-case basis, but must make a significant improvement to the property appearance and not be one of the excluded items.

Ineligible for Grants:

- New buildings. Buildings ten (10) years of age or more recently constructed.
- Motion detected lighting.
- Internally illuminated "can" signs or otherwise non-permitted signs.
- Land clearing or tree removal costs.
- Parking area paving, resurfacing, repair or striping.
- Chain link fencing with or without slats.
- City permits or processing fees.
- Residential projects, apartments, day care facilities located in residential neighborhoods.
- Religious facilities (ex: churches), unless they have street frontage in a business area.
- Non-profit facilities, unless they have street frontage in a business area.
- Projects that are receiving any other public funds.
