**Roll Call** – **Council Members Present:** Chris Alexopoulos (Via Zoom), William Alexopoulos (Via Zoom), Richard Brewer (In-Person), James F. Burgess, Jr. (In-Person), Jesse Gordon (In-Person), Katrina Huff-Larmond (In-Person), Kevin O'Connell (In-Person), Brandon Thompson (In-Person).

**Roll Call - School Committee Members Present:** Ida Gordon (In-person), Beverly Coles-Roby (In-Person), Jaime Ackles (In-Person), Andrea Nixon (In-Person), and Lisa Millwood (In-Person)

#### **Old/Unfinished Business:**

# 1. Discussion of FY2025 Annual Operating Budget

Council Vice-President Brewer: The purpose of this joint meeting is to allow the Council and School Committee to discuss the proposed Town of Randolph Fiscal Year 2024 Operating Budget. If it becomes to crowded, there is a room setup downstairs for guests. Before we begin those discussions, the School Committee has requested an opportunity for public comments at this meeting. I will turn that over to the Chair of the School Committee, Lisa Millwood.

Ms. Millwood: Pursuant to the School Committee Policy, we allow public comments at all of our meetings. The Public comments section shall not exceed twenty minutes and each speaker will be allowed up to three minutes to speak.

#### **Public Comments:**

Councillor Huff-Larmond entered the meeting, in person, at 5:45 PM.

- 1. Shauna Rommelmeyer, Co-President of the Randolph Education Association and 1st-grade teacher at Donovan Elementary School: Randolph's literacy rates have continued to rise over the last challenging four years. We have been visited by the Governor Maura Healey and have been featured in the Boston Globe to highlight the strides Randolph Schools have been making. Without the proper funding, we will not have the staffing or resources we need to give our students the very best. We are urging you to invest in a district that is full of so much talent and dedication.
- 2. Joe Burke, 54 Hills Street: The town doesn't have the funds to give the schools what they are asking for. In September, taxes will go up due to the override, and trash fees for residents have also gone up. I hope the Board sticks to the initial proposed budget or we'll be looking at an override next year.

Section C, Item1.

- 3. Raymond Bennett, Bridgewater, MA, Preschool Paraprofessional: I feel strongly about advertient my students and their needs. Our pre-k program has grown over the past three years. We are told that we may not have the funds for enough stuff for the next school year and this is a major concern because our classrooms then become unsafe and unmanageable. We need more help in our schools.
- 4. Sarah Joncas, Avalon Drive, Randolph, MA: Please fund our schools. The current 3.3% increase to the school department will devastate our schools.
- 5. Tracey Duguay, Randolph Public School Department Chair for K-12 Music Program: The music program has such a positive impact on our schools and the community. We have eight dedicated music teachers who are committed to providing quality instruction to our students and provided them with opportunities and experiences that they may not otherwise have. Any budget cuts to our program can negatively impact our students.
- 6. Veronica Hodges, Brockton, MA, Randolph High School Educator: For many of us educators, we are wearing capes in the classrooms. We're trying to fund our own classrooms as well as teach two to three languages a class, provide modifications for special needs, and teach and create life lessons for students. More budget cuts would affect our school as well as our programs. Our students work year and we can't afford to lose any more teachers. We need to be seen and be heard. Thank you for taking all of these things into consideration.
- 7. Tom Colear, Southeastern, MA: As a dedicated employee within the Randolph School system for the past fourteen years, I have concerns regarding the proposed cuts that may affect our educational institutions. The proposed cuts threaten to undermine the very essence of what makes the Randolph Educational System exceptional. I implore you to prioritize the long-term well-being of our education system and the future of Randolph.
- 8. Justin Martin, Randolph, MA, Parent of Randolph student: I am deeply concerned with our the budget cuts will impact my children and the schools overall. We need to invest in our schools. I implore you to reconsider the proposed budget.
- 9. Cecil Garcia, Randolph, MA: I am a resident of the community. I believe the most important part of any business is quality staff. Education is an investment in the future of the Town. From my perspective and as a property owner, it's a worthwhile investment to fund the schools.
- 10. Sandy Cohen, 63 Bittersweet Lane: Public education is a right. These children are the foundation of our Town, the State, and our Country. If we don't fund the schools, we not only loose the residents who will move out of Town but the kids.
- 11. James Forrest, Marlborough, MA: I have been a sixth-grade teacher at Randolph Community Middle School and coach for the past ten years. I attended a coaching clinic and I heard the phrase, "Don't say, "don't," which has stuck with me until today. The purpose is not to dwell on what the athlete did wrong but to emphasize what they should be doing with the correct action. I think that we should apply that phrase to what can be done for the school department instead of what can't be done.

Lisa Millwood: Thank you to the Council for allowing public comments tonight.

Superintendent Dr. Thea Stovel: Happy Teacher's Appreciation Week! I wanted to highlight some of Randolph School System's academic achievements. We have had educators from various schools throughout the Commonwealth visit and learn about our curriculum, including our Randolph Reads Program which has been very successful.

Dr. Stovell gave a presentation regarding many of the population shifts in Randolph Public Schools (RPS) since 2023, and the needs of the students within the district. 1. In the last six months RPS has enrolled an unprecedented 225 new students which is an 8% increase in the total student enrollment. Also in the last six months, low-income families have increased by 10.3% and high-needs students have increased by 10.1%. "High Needs Students" are a combination of students with disabilities, ML, and/or low-income. There has been a 7% increase of pre-k students so we have added an 11th pre-k classroom to keep up with the demand. We have also seen a 6.28% increase in students with IEP (individualized education plan) districtwide, and 10% increase of IEP students at the Pre-K level in the last six months.RPS has the highest mobility rate in Norfolk County and

Section C, Item1.

4th highest in the state with a 16.7% churn of students. One of the things we have noticed about th students entering Randolph and sticking with Randolph are meeting or exceeding MCAS expectations. There has also been an increase of homeless students by 22%. Transportation costs for these students are anticipated to be \$26,19.70.

Councillor Huff-Larmond: What do you mean when you talk about students coming at the beginning of the year for the first time versus other students? Dr. Stovell: When students enter RPS at an early age and get the foundational skills RPS provides, they are meeting expectations. We see that MCAS scores drop in the "churn" aka students who come and go.

Dr. Stovell provided additional information on student enrollment drivers in the budget such as academic performance, social and emotional well-being, attendance and engagement, administrative challenges, teacher and peer relationships, and community impact. All of these things have direct impacts on the budget such as assessment collection and data planning, high-quality tear II and tear III instructional materials and professional development, intervention classes, additional support staff, and out-of-school time learning opportunities.

Councillor Huff-Larmond asked for additional about funding out-of-district students.

Councillor Gordon asked for additional information about the circuit breaker and Chapter 70 funds and how those funds are given to the Community.

Councillor Burgess asked about how the school department will maintain this budget next year if the increase is being given with one-time funds.

Councillor Gordon: The dollar amount reflected per pupil doesn't reflect anything we would get for reimbursement. Town Manager Howard provided clarification concerning Chapter 70 funds which do not work as a reimbursement program, and the circuit breaker which is only a partial reimbursement: Ms. Millwood: The circuit breaker is 70% reimbursement. Town Manager Howard provided data regarding FY2023 per pupil expenditures and highlighted other communities similar to Randolph.

Councillor Huff-Larmond asked about how the school department would be able to keep up with the influx of students next year.

Councillor O'Connell: If we gave you what you asked for in last years budget, why were twenty teachers laid off? I'm trying to figure out why we didn't solve these issues last year, especially with the grant management that cost the Town almost \$2 million. Dr. Stovell: I work with Town Manager Howard behind the scenes to come up with a reasonable number because the percentage we truly want to ask for would be too much. Ms. Millwodd: That was an inaccurate grant report given to the Town Council. Many of the grants we work on are reimbursements grants so you have to spend the money first and then submit paperwork to get the funds reimbursed. Town Accountant/Finance Director Janine Smith: The total free cash that was submitted for Fiscal Year 2023 was a deficit of \$1.9 million, which was an accumulation of various school grants. When the revenue eventually comes in from the grants, it does not go back into free cash if the receipts were not received at the end of the fiscal year. Ms. Nixon: So if the grant has revenue how much is went into the grant fund? Town Accountant/Finance Director Ms. Smith: When the grant reimbursement comes in, it goes to the grant account. Although some grants in this scenario were truly just overspent.

Councillor Thompson: How many Unit A employees are there? Dr. Stovell: About 400.

A discussion of the Town Council was held regarding the procedure for Town Attorney Griffin: The Town Manager is the only officer in town who can present a budget. The Town Council can approve, reduce, or reject the budget. Councillor Burgess: If the Town Manager presents a higher budget, does it need to be advertised? Town Attorney Griffin: No, the Town Manager can initiate the increase.

Motion for the Town Manager to prepare alternative budget scenarios to look at during the Public Hearing on May 13, 2024, seconded by Councillor Gordon.

A discussion of the Council and Town Manager was held concerning what exactly is being asked of the Town Manager to consider bringing forward.

Motion present an alternative budget scenario with a 5% increase to the Randolph Public School department with an indiciation of where the increase in funding would come from, seconded by Councillor Burgess. Roll Call Vote: 8-0-0 (Absent: Egan) Motion passes.

Councillor Gordon provided information from the Division of Local Services concerning free cash revenue.

# 1. Discussion of FY2025 Annual Operating Budget

#### **Discussion:**

## **Town Council Line Item**

Councillor Huff-Larmond: We never use the full amount for professional development. Is that something we still need? Town Manager Howard: Well some Councillors use that funding source more than others and it give you each an opportunity to go to different conferences such as the annual Massachusttes Municipal Association Conference, and other. Council President Alexopoulos: It's a short amount of money and anything that is not spent, goes right back into the general fund at the end of the year.

## **Town Manager Line Item**

Councillor Huff-Larmond: Is the Assistant Town Manager position still included in the Town Manager's budget? If so, what is the salary? Is the youthworks program also ran out of this budget? Town Manager Howard: Yes it is. It's currently at \$125,000. youth workers done through you? The Youth Works budget has comefrom operations.

## **Town Clerk Line Item**

Councillor Huff-Larmond: There has been an increase in the budget for Town Clerk. Also with Haitian creole potentially getting added to ballots, are there enough funds for that? Town Manager Howard: The salary increases are step and cost of living increases. Ballots with Haitian-Creole are just going on ballots for local elections. That will be budgeted accordingly.

# **Conservation Commission and Planning Line Items**

Councillor Gordon: We need a staff person to work on and oversee open space and recreation plans (OSRP). Town Manager Howard: The Conservation agent can be encouraged to get more involved but any additional servies needed related to OSRP can come out of the professional services line item in the Planning Department. Additional discussion was held concerning grant administration.

# **Community Programs Line Item**

Councillor Huff-Larmond: What is the increase for? Town Manager Howard: The amount granted is actually less than what was requested. Most of the increase is going towards the Zapustas Ice Skating Rink. We are having to spend more on maintenance and are looking into hiring more staff. Councillor Huff-Larmond: How we can do a better job with repairs or do a full makeover of the rink? Town Manager Howard: If you have an opportunity to go visit the rink, there have been lots of repairs done using capital funds.

#### **Stetson Hall Line Item**

Councillor Huff-Larmond: Is anything going to be done with Stetson Hall to make it more functional? Are there any grants available to make Stetson available so we can get more revenue out of it? Town Manager Howard: I have been meeting with the Stetson Trustees and we are talking about making the downstairs space available for use for office businesses. We are also in the process of repairing the upstairs. From a historic building standpoint, larger functions are not possible.

# **Randolph Public Schools Line Item**

Councillor Gordon: Can we review what was asked for in the previous meeting? Town Attorney Griffin: So the Council President made a motion for the Town Manager to provide information on how to provide the schools with a 5% increase. The Town Manager can do that in a variety of different ways including presenting an alternative budget but the Town Council cannot order him to present an alternative budget. Councillor Gordon: I'd like to see an outline of 6-6/5% increase to the school budget.

Motion for the Town Manager to present information on how to provide the Randolph Public School Department with a 6.25% increase with any potential revenue streams, made by Councillor Gordon, seconded by Councillor Huff-Larmond.

Roll Call Vote: 3-4-0 (Nays: C. Alexopoulos, W. Alexopoulos, Brewer, Thompson) Motion fails.

## **Highway Line Item**

Councillor Gordon: free FTE to fund additional XYZ TMH: i think you're adding two future year deficits. We've added five additional bodies since 2021. we also have summer help. 1 started today. three more are coming in. JG: there was lots of discussion about net game and have stayed even.

Motion for the Town Manager to present information on how to provide three additional full time employees to help with litter cleanup, do additional pothole filling, and additional department of public works duties from a funding soure as determined by the Town Manager made by Councillor Gordon. The motion died for lack of a second.

Section C, Item2.

Town Manager Howard provided insight on the feasibility of adding three full time employees to the Annual Operating Budget.

The motion dies for lack of a second.

# **Public Hearings:**

# 1. 6:15 PM - Council Order 2024-021: FY2025 Annual Operating Budget

Council Order 2024-021 was introduced in the Special Town Council meeting on April 10, 2024. The legal advertisement was placed in the Patriot Ledger on March 27, and April 3, 2024. Town Manager Howard presented an amended version of this Council Order, entitled "Council Order 2024A FY2025 Annual Operating Budget," that includes a 5% increase to the school department budget.

Council Vice President Brewer opened the public comments portion of the public hearing.

- 1. Sarah Joncas, Avalon Drive Randolph, MA:
- 2. Joe Burke, 54 Hills Street: 13% raise, then 3% and another 3%. private schools are
- 3. Sandy Cohen, 63 Bittersweet Lane: I appreciate the consideration of increasing the school budget with the 5% increase however, I feel very strongly about increasing it to 6.2%. Education is the building block of young people's lives.

There were no more public comments. Council President Brewer closed the public comments portion of the public hearing.

Councillor Burgess: With the 5% increase what were the changes? Town Manager Howard: I increased the one-time funds to approximately \$880,000.

Councillor Huff-Larmond: Did you have to take from any other budget? Town Manager Howard: No. I just increased the amount of one-time money being used to fund the School Department budget.

Councillor Gordon: The only increase is in the Randolph Public School line item which means the only increase in the funding source is from the ARPA line which is one-time funds. If there were to be a 6.25% increase we could again use one-time funds. Town Manager Howard: If I were to increase it, it would probably come from the ARPA category since this is the last year to use it. I am trying to preserve the free cash as much as possible. Councillor Gordon: I think this is a very responsible budget. I'd like to hear from the Superintendent. Superintendent Thea Stovell: We are very grateful for the increase that was given. With a 5% increase, we'd be looking at a maximum of cutting approximately 20 staff members.

Town Manager shared statistical data on net school spending of various districts in the Commonwealth, and FY2023 per pupil expenditures.

Motion to approve Council Order 2024-021A as presented, made by Councillor C. Alexopoulos, seconded by Councillor Gordon.

Roll Call Vote: 7-1-0 (Nays: O'Connell)

Motion passes.

## **Council Comments:**

Councillor Gordon: I attended a recent Milton Town Meeting to address the Chickatawbut Road updates; I also attended an Avon Town meeting to discuss the blasting occurring at TL Edwards on the border of Randolph. The Town Meeting decided I could not be heard at all so I have made a new petition; We need to an updated paint job on the crosswalk by the dog park and it would be great to have blinking lights at the intersection of Warren; I'm proposing a joint meeting with the Stetson Hall Trustees to discuss the functionality and operations of the Stetson Hall space.

Councillor Burgess: 1. I'm concerned that the Licensing Board has issued one-day liquor licenses to an event space by 7/11. What is going on in that location? Town Manager Howard: That matter is being looked into.

Councillor Huff-Larmond: Randolph Youth Council is having a game night at the Randolph Intergenerational Community Center this Friday, May 17, 2024.; June 1, 2024, is Randolph Day at the Zapuestas Ice Arena and the Randolph High School Graduation; The Progress Pride Flag raising is on May 31, 2024, and there will be a Progress Pride celebration in June; Norfolk-Plymouth County Area Alumnae Chapter Delta Sigma Theta Sorority, Inc. is hosting a 5k Run/Walk Challenge and there will be lots of healthy snacks; Juneteenth celebrations will take place at Powers Farm on Wednesday, June 19, 2024 at 11 AM. # **Memorandum In Support of Application**

## For Street Discontinuance

In conjunction with the site plan and design review package submitted to the Town of Randolph Planning Board and the stormwater review package submitted to the Department of Public Works in December of 2023, the applicants (with the addition of Randolph Transportation Realty LLC) would like to formally submit for the discontinuance of Billings Street in the Town of Randolph. Please see attached package (both digital and physical) with requisite information.

The applicants, and their related entities, own over 95% of the land abutting Billings Street and are requesting the discontinuation in order to contribute the land to a broader masterplan that allows for a higher and better use for its future users and the Randolph community as a whole.

In addition to the package submitted, the applicants would like to commit to resolving the requests presented at the 1/23/24 planning board hearing by Captain Austerino regarding fire access through the abutting Comfort Inn property located at 1374 North Main Street in Randolph. The applicant's design team will resolve said comments by working directly with the Randolph Fire Department to create solutions to any and all concerns related to fire access.

We look forward to engaging with the town and the members of the community during this process.

Please provide additional information about the public way, including any information that you ma Section F, Item 1. have about how and when the public way was laid out, how it has been used by the public since it was laid out, and why you are requesting that it be discontinued and/or abandoned.

Permission of the owners affected by any change to the layout of the pubic way and of the other interest holders, including mortgage holders, affected by any change to the layout of the public way, must be obtained. Written consent from said owners and mortgage holders, if any, must be attached hereto. (\*Attach a list of lot owners, addresses and signatures of consent in the form attached.)

All modifications to the lay out of a Public Way require back-up materials to support the request. Modifications may require review by the Town Council, the Planning Board and a consulting engineer. The expense of any required public notices, mailings or of any consulting engineer shall be borne by the Applicant. The Town will alert the Applicant prior to engaging a consulting engineer if a consulting engineer is deemed necessary.

Upon approval, any modification to the public way, discontinuance or abandonment, shall be reflected in an endorsed plan to be recorded by the Applicant at the Norfolk County Registry of Deeds with an engineer's stamp and in compliance with all other Registry filing requirements. The plan shall be accompanied by a certified copy of the vote of the Randolph Town Council making such modification, discontinuance or abandonment.

Upon approval, a report (with a description of the location and bounds) must be filed with the Town Clerk, as required by M.G.L. ch. 82, sec. 32.

The Town may discontinue a municipal public way pursuant to M.G.L. ch. 82, §21 and may abandon a municipal public way pursuant to M.G.L. ch. 82, §32A. Generally, when a municipal public way is discontinued, the public's easement in the public way is extinguished and the property reverts to the ownership of the prior owners; whereas, when a municipal public way is abandoned the Town discontinues maintenance of the way, but the public's easement remains and the ownership of the property does not revert. In addition, the Town may vote to relocate and alter the layout of a portion of a street and/or to exclude from the layout any portion that the Town will no longer use.

# **Relevant Statutory Authority:**

M.G.L. Chapter 82, Section 21: Authority to lay out ways

Section 21. The selectmen or road commissioners of a town or city council of a city may lay out, relocate or alter town ways, for the use of the town or city, and private ways for the use of one or more of the inhabitants thereof; or they may order specific repairs to be made upon such ways; and a town, at a meeting, or the city council of a city, may discontinue a town way or a private way.

M.G.L. Chapter 82, Section 24: Taking by eminent domain; damages (emphasis added) Section 24. If it is necessary to acquire land for the purposes of a town way or private way which is laid out, altered or relocated by the selectmen, road commissioners or other officers of a town under this chapter, such officers shall, within one hundred and twenty days after the termination of the town meeting at which the laying out, alteration or relocation of such town way or private way is accepted by the town, acquire such land by purchase or otherwise, or adopt an order for the taking of such land by eminent domain under chapter seventy-nine or institute proceedings for such taking under chapter eighty A. Any person sustaining damage in his property by the laying out, alteration or relocation of a town way or private way shall be entitled to recover the same under said chapter seventy-nine, unless such damage was sustained in connection with a taking made in proceedings instituted under said chapter eighty A, and any person sustaining damage in his property by the discontinuance of a town way or private way or by specific repairs thereon shall be entitled to recover the same under said chapter seventy-nine. If no entry has been made upon land taken under said chapter seventy-nine for the purpose of a town way, or if the location has for any other cause become void, a person who has suffered loss or been put to expense by the proceedings shall be entitled to recover indemnity therefor

Section F, Item1.

under said chapter seventy-nine. If a private way is laid out, relocated, altered or discontinued by a town, or if a town makes specific repairs thereon, or if a town way is discontinued, the persons upon whose application such way is laid out, relocated, altered or discontinued or upon whose application specific repairs are made thereon shall, before such way is entered upon for the purposes of construction, or is closed up, give such town security satisfactory to the selectmen that they will indemnify such town for all damages and charges which it is obliged to pay by reason thereof, and all such damages and charges shall be repaid to the town by the persons making such application; provided, however, that in case of the discontinuance of a town way the selectmen may order a part of the damages to be paid by the town. The first sentence of this section shall not apply to cities.

M.G.L. Chapter 82, Section 32A: Abandonment of municipal ways

Section 32A. The board or officers of a city or town having charge of a public way may, after holding a public hearing, notice of which shall be sent by registered mail, return receipt requested, to all property owners abutting an affected road and notice of which shall be published in a newspaper of general circulation in the city or town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and by posting in a conspicuous place in the office of the city or town clerk for a period of not less than fourteen days before the day of the hearing, upon finding that a city or town way or public way has become abandoned and unused for ordinary travel and that the common convenience and necessity no longer requires said town way or public way to be maintained in a condition reasonably safe and convenient for travel, shall declare that the city or town shall no longer be bound to keep such way or public way in repair and upon filing of such declaration with the city or town clerk such declaration shall take effect, provided that sufficient notice to warn the public that the way is no longer maintained is posted at both ends of such way or public way, or portions thereof. Upon petition in writing of the board or officers of a city or town in which a county highway is located, the county commissioners, whenever common convenience and necessity no longer require such way to be maintained in a condition reasonably safe and convenient for public travel, after giving notice in the manner prescribed in section 3, and after viewing the premises and hearing the interested parties in the manner prescribed in section 4, may adjudicate that the town shall no longer be bound to keep the way in repair, and thereupon the adjudication shall take effect; provided, that sufficient notice to warn the public that the way is no longer maintained is posted at both ends of the way, or portions thereof.

Town Council Town of Randolph

Re: Lantana and Lombardo's Redevelopment

Respectfully submitted,

Please accept this letter on behalf of Comfort Inn Randolph located at 1374 North Main Street. My family purchased the property in 2006. The hotel was built in 1969 and has operated as a hotel for nearly 55 years. We have accounted for a substantial amount of lodging and property tax revenue to the Town. We have hosted countless family events, weddings, corporate meetings, etc. through our years of operating the hotel.

As developers ourselves, we welcome the major redevelopment and the future of this section of Randolph. We have been fortunate to meet the developer and have nothing but positive feedback to provide. The properties are in good hands, and we feel the redevelopment will be great for the Town and the area. However, it has come to our attention the redevelopment of the Lantana and Lombardo's properties would include discontinuances of Billings Street and a portion of High Street. We have yet to review any final plans for the future of the properties, but we know this will have a major impact on our site and will be a disruption to our business.

The entire Northern entrance and exit of our property will be blocked, which will cause major issues with the flow of our site. We often house utility crews and transportation groups that depend on being able to drive through our site to access our main entrance. Without the access to Billings Street, no large vehicle such as Fire engines or other emergency vehicles will be able to turn around on the Route 28 facing portion of our property after entering. I would equate the removal of these streets to one day removing Depot Street or Diauto Drive. The impact may be perceived as limited, but in reality would be substantial to the small businesses these streets serve. The continuation of use of Billings Street and High Street is extremely important to our team and the guests we serve. I appreciate the consideration of our concerns and thank you for your time.

Sincerely,

Jiten Patel President

Please let me know if further information is required.

# Town of Randolph Town Council Instructions for Street Acceptance

The creation of a public way generally requires (1) a survey to show the boundaries of the public way; (2) grants to the Town by you and your neighbors of permanent property rights for the Town to use the property for a public way; (3) Planning Board review; (4) a public meeting/hearing of the Town Council to determine whether your street should be laid out as a public way; (5) acceptance by the Town Council of your street as a public way; and (6) the recording of instruments granting property rights (easements and orders or takings or betterments) at the Registry of Deeds in the chain of title for the relevant property.

### **APPLICATION INFORMATION**

6. The Town Council shall obtain a certified list of abutters (within 100 feet) from the Assessor's Once and will notify all abutters of the public hearing by mail, at least 14 days prior to the public hearing. The Town Council will invoice Applicant for these costs and the invoice must be paid prior to the Public Hearing.

### 7. Voting Requirements:

- a. **BY PURCHASE OR TAKING:** If the Town is acquiring a real estate interest in the way by means of a purchase or taking the way by eminent domain, either of which requires an appropriation of funds for damages:
  - 1. **FIRST FUNDING VOTE:** A recommendation of the Town Manager and a 2/3 vote is required to fund the damages to be awarded and then a second vote is required for the acquisition or taking of the property interest in the way.
  - 2. **SECOND ACQUISITION VOTE:** If the way was originally laid out under the Subdivision Control Law under the Planning Board's jurisdiction, a simple majority is required of the Council to acquire or take the way. (The petitioner would have to provide proof and/or the Planning Board would need to confirm this fact).
  - 3. **SECOND ACQUISITION VOTE:** If the way was not originally laid out pursuant to the Subdivision Control Law, then a 2/3 vote is required of the Council to acquire or take the way.
  - 4. **SECOND ACQUISITION VOTE:** If the Town is acquiring a real estate interest in the way by means of a gift to the Town, such that there is no need to appropriate funds for any damages, follow paragraph 2 or 3 above. Note that, for gifts, the Town Manager's recommendation to accept the way is also required.
- b. NO ACQUISITION OF OWNERSHIP RIGHTS: If the Town is not acquiring a real estate interest in the way but is just accepting responsibility for maintaining the way:
  - If the way was originally laid out under the Subdivision Control Law under the Planning Board's jurisdiction, a simple majority is required of the Council to accept the way for the purposes of maintaining the way. (The petitioner would have to provide proof and/or the Planning Board would need to confirm this fact).
  - 2. If the way was not originally laid out pursuant to the Subdivision Control Law, then a 2/3 vote is required of the Council to accept the way for the purposes of maintaining the way.

If the Council votes to lay out the street as a public way, then any deeds, easements or orders of taking related to the street layout must be recorded by the Applicant at the Registry of Deeds, and evidence of recording must be provided to the Town, unless betterments are to be assessed, in which case the Town should record the documents together with any initial order for betterments.

# FY25 Revolving Fund Operational Plans

#### TOWN OF RANDOLPH

#### 41 SOUTH MAIN STREET RANDOLPH, MASSACHUSETTS 02368

The Town Council passed a Resolution that requires an operational plan to be presented for each revolving fund as part of the annual budget process.

Revolving Funds, authorized by Chapter 44 section 53 E1/2, are a great option for the Town to separate certain fees that are directly linked to specific costs out of the operating budget. The funds also allow us more flexibility in addressing financial obligations.

The Town has created a Revolving Fund Ordinance that establishes each fund, identifies the department authorized to spend from the fund, the revenue credited to the fund, and allowable expenses to be charged to the fund. Annually, the Town Council votes to set the spending limit from each fund for the upcoming fiscal year.

Spending from a revolving fund is done without appropriation, but subject to the following limitations:

- At <u>NO TIME</u> can the fund be in a deficit position. Invoices/Payroll cannot be charged to the fund if there is not a sufficient balance to cover the expenses.
- Full-time salaries charged to the fund, in whole or partially, must also have fringe benefits charged to the fund by the same percentage as the salary.
- Total spending during a fiscal year shall not exceed the amount authorized by the Town Council for that particular year.

It is possible to increase a spending limit during the year with the Town Manager's and Town Council's approval.

The balances of revolving funds carry from year to year. Although all invoices should be paid timely, revolving funds may pay invoices from a previous fiscal year as long as the balance is sufficient and the spending limit has not been exceeded.

Respectfully submitted,
Janine Smith
Director of Finance/Town Accountant

Senior Van Transportation has played an essential role in meeting the needs of the senior citizens in Randolph. Whether it be for medical purposes, keeping active or staying social, the van transportation that we provide gives senior citizens a reliable and affordable option. The revenue that we generate from trip fees is used to pay for gas, repairs and maintenance on the 3 vehicles under our ownership.

Certain household wastes, such as yard waste, cathode ray tubes, computer monitors, motor vehicle tires, household hazardous waste, medical waste and propane tanks are regulated by the Massachusetts Department of Environmental Protection, (MDEP), and are banned from disposal as solid waste, (310 CMR 19.017). These items are managed as recycled materials under this revolving account. Revenue for this program is derived from the sale of yard waste passes, collection fees for certain medical waste, tires, propane cylinders and reimbursement by service providers. Expenses are related to the direct collection, transportation and recycle cost for each type of material. Public Health Manages these programs and responds to the needs of the residents for the proper management of these Recycled materials.

The Library Technology Revolving account allows the library to lease a public copier/scanner as well as two public printers and to purchase paper. The public printers and scanners are utilized over 100x per day by the public and monthly by the staff for marketing materials, so maintaining a lease to ensure they are operational and have low-cost ink is vital to productivity for the library's 16,000+ visitors per month. Patrons are charged \$0.15/page for black and white and \$0.50/page for color print outs; scanning to a USB or Email is free of charge. Library fines are minimal due to a "fine free" policy enacted by Library Trustees however more expensive items and equipment do still incur fines.

A revolving account that allows for the use of rental fees to help with these costs will benefit the town and help us to maintain these important outdoor areas. The Randolph Youth Softball and Baseball Association recently turned the fields at North St. (Sullivan Complex) back over to the Town. These fields will be easy to rent however for the first year we are not sure about the potential revenue (this project was delayed due to an issue with the Deed so we will being renting in FY2025)

The before and after school program would supplement budgetary funds allocated for the Intergenerational Community Center operations and provide additional options for parents of school age children that may need support outside of the normal school day. The purpose of the \$1 authorization is to establish the fund so that receipts can be deposited, but virtually no spending is allowed. Once the fund is ready to be used, the Town Manager and Town Council may vote to increase the spending authorization.

#### **Community Preservation Budget and Reserves**

To see if the Town Council votes to appropriate from the Community Preservation Fund FY2025 estimated revenues the sum of \$69,164 to meet the administrative expenses and all other necessary and proper expenses of the Community Preservation Committee for Fiscal Year 2025; and further to reserve for future appropriation from the Community Preservation Fund FY2025 estimated revenues the sum of \$138,327 for the acquisition, creation and preservation of open space; \$138,327 for the acquisition, preservation and rehabilitation of historic resources; \$138,327 for the acquisition, creation, preservation and support of community housing; \$636,531 for the creation of a budgeted reserve and \$262,596 to provide for Community Preservation Fund FY2025 debt obligations.

**Explanation:** By statute, the Town is required to set aside at least 10% of its estimated revenues in the categories listed above as well as up to 5% to establish an administrative budget. If the administrative budget is not expended, the funds remain part of the Community Preservation Fund balance. The amount for debt is directly related to past Community Preservation projects in which the Town borrowed long term to finance the project.

# 5 Year Capital Improvement Plan

FY2025-FY2029

#### CAPITAL IMPROVEMENT PLAN

In an effort to provide "user friendly" documents to our citizens and decision makers, the Town has drafted a straight forward introductory section that answers the most commonly asked questions regarding capital planning. The following questions and answers define terms, describe processes, and details the needs and benefits of Randolph's capital planning activities.

#### What is the Capital Improvement Plan (CIP)?

The Capital Improvement Plan (CIP) is a multi-year plan used to coordinate the financing and timing of major public improvement and equipment needs of the Town of Randolph. It contains a list of capital projects and needs proposed for the Town within the next four years and reflects the recommendations of the Town Manager. The CIP identifies each proposed project and presents a summary description, estimate of cost and a method of financing.

#### What are capital expenditures and what criteria must be met to be included on the CIP?

A capital expenditure is defined in terms of the useful life of the asset and cost. In order for a request to be considered for inclusion in the CIP, the project must meet the following:

- Must protect health, safety and welfare of the community and town employees
- Must enhance the Town's ability to improve the quality of life in Randolph
- Must preserve existing assets and invest in resources to preserve and maintain assets to avoid larger future expenses
- Must have a useful life of at least five (5) years
- Must have a cost of \$25,000 or greater

#### What is the difference between the Capital Improvement Plan and the Capital Budget?

The first year of the CIP is the proposed Capital Budget. The Capital Budget consists of those projects which are presented by the Town Manager to the Town Council for consideration. The projects listed for subsequent years in the CIP are for planning purposes only and do not receive ultimate spending authority until they are incorporated into a capital budget and approved by the Town Council.

#### How is the Operating Budget related to the Capital Budget?

A capital budget is prepared separate from the operating budget, yet the two are closely linked. The annual operating budget provides for general municipal services, including personnel costs, supplies and other contractual services and equipment. Revenues for the operating budget are derived primarily from property taxes, local receipts and intergovernmental sources. Appropriations voted for the annual operating budget are for a single fiscal year.

In contrast, the capital budget is a multi-year budget. Capital projects typically require expenditures beyond a single fiscal year. These projects are often funded by borrowing, State and Federal grants or can be supported by one-time funding sources such as free cash. The debt service expenses related to capital projects is included in the operating budget.

#### CAPITAL IMPROVEMENT PLAN

#### Why does the Town need a CIP?

The CIP provides a means of coordinating and centralizing the capital project requests of various departments thus eliminating wasteful overlap, duplication and delay. It focuses attention on the Town's goals and financial capability by comprehensively considering not only what capital projects departments may need, but equally important, what the Town can afford. Additionally, the formalized process allows more time for the study of the projects, encourages public discussion of proposed undertakings, and allows citizens the opportunity to provide input, advice, and recommendations with respect to proposed projects and expenditures.

#### How does having a Capital Plan save the Town money?

Investors and bond rating agencies stress the value of a Capital Plan for a municipality seeking to borrow funds. The absence of a rational, long-term planning instrument would weigh against the bond rating assigned to the Town. This would result in higher interest rates on bond issues and more tax dollars going to pay for interest on the borrowed funds. Randolph currently holds a superior credit rating of AA by S&P Global Ratings.

Another financial benefit from the capital plan process is the avoidance of poorly timed projects. Good planning can ensure that capital improvement efforts are coordinated and costly duplication is avoided. In addition, significant savings can accrue to taxpayers when major capital financing is coordinated so that bond issues are sold infrequently, but at good times during the economic cycle to take advantage of low interest rates.

#### How is the CIP developed?

The process for preparing the FY25-FY29 Capital Improvement Plan and its associated FY25 Capital Budget is consistent from year to year. It involves active participation by Department Heads planning on their department needs, submitting those needs in detail to the Town Manager and Director of Municipal Finance. The Town Manager will then form his recommendation for the current year. The Capital Budget is prepared in the context of a five-year determination of need by Departments, in conjunction with the Town's overall financial capacity to affordably accommodate the required needs.

Proposed projects are reviewed and prioritized based upon commonly used criteria such as health and safety factors, legal obligations and mandates, fiscal impact, environmental impact, community economic effects, and aesthetic as well as social effects on the quality of life experienced by Randolph residents. Projects are also examined in terms of their relationship and compatibility with Town wide goals and objectives.

The process and procedural steps are described below.

#### CAPITAL IMPROVEMENT PLAN

**Early/Late Fall** – a copy of the existing plan is distributed to departments for review, update and the addition of the next fifth year. While requests generally remain the same as in the initial request, there are occasionally changed circumstances which necessitate alterations to the requests.

**Late Fall/Early Winter** – The Town Manager and Director of Municipal Finance review project requests and prepare a draft of the current year capital plan including financing recommendations and estimated amounts.

Late Winter – the capital plan is finalized within the parameters of the established funding target. In making final decisions, the process includes a determination of actual needs and the prioritization of need based upon legal mandate, public safety and the effect of deferral. Any projects not approved for funding are typically deferred into the next plan.

**Spring** – Capital Budget is present to the Town Council for approval.

#### Why must the Capital Improvement Plan be continually updated?

The CIP must be reviewed annually by Town departments to ensure its effectiveness as a flexible, mid-range strategic plan that links the annual budget with the multi-year financial forecasts. Each year, a current capital budget is approved and unfunded projects slated for later years are acknowledged on a planning basis only. In this respect, the CIP can be thought of as a "rolling" process because unfunded projects and those farther out in years typically move up after each year of review. It is important to note that each project in the plan must be recommended every subsequent year and as priorities and monetary constraints change, projects may be moved up, moved back or even eliminated.

10. Project Description:

11. Describe Impact on Operating Budget:

The proposed project entails the comprehensive repair and fixture upgrade of two locker rooms and two bathrooms at the Zapustas Ice Arena. The scope of work includes the installation of two new water heaters, replacement of bathroom fixtures, toilets, sinks, and walls, and the implementation of ADA accessibility features to ensure inclusivity for all users. Additionally, the project encompasses painting, ceiling repairs, and lighting upgrades to enhance the overall aesthetics and functionality of the facilities. With these improvements, the Zapustas Ice Arena aims to provide a modern, safe, and welcoming environment for all patrons.

The proposed project for the repair and fixture upgrade of two locker rooms and two bathrooms at the Zapustas Ice Arena is expected to have a positive impact on the operating budget. By implementing new water heaters and replacing bathroom fixtures, toilets, sinks, and walls, the arena anticipates a reduction in ongoing maintenance costs. With upgraded facilities, less frequent repairs and maintenance will be required, resulting in decreased expenditures for bathroom upkeep. Additionally, by addressing plumbing issues comprehensively, the project aims to minimize the need for emergency calls to plumbers, further reducing operational expenses associated with unforeseen repairs. Overall, these improvements not only enhance the user experience but also contribute to long-term cost savings for the Zapustas Ice Arena.

The repair and fixture upgrade of two locker rooms and two bathrooms at the Zapustas Ice Arena is a priority project for several reasons. Firstly, the current state of the facilities has become substandard, with outdated fixtures and inadequate accessibility features that do not meet modern standards. Addressing these deficiencies is crucial to ensure the safety, comfort, and inclusivity of all patrons, including athletes, spectators, and visitors. There have been several complaints and public health concerns related to the condition of the bathrooms that have been addressed in the short-term but need long-term solutions.

# 12. Describe Department Priority:

Furthermore, the proposed upgrades align with the arena's commitment to providing a high-quality experience for users. By enhancing the aesthetics and functionality of the locker rooms and bathrooms, the project aims to elevate the overall atmosphere of the arena, contributing to a positive and memorable experience for attendees.

Additionally, the project's impact on the operating budget is a key consideration. With upgraded facilities, the arena anticipates a reduction in ongoing maintenance costs and emergency plumbing repairs, resulting in long-term cost savings. By addressing these needs proactively, the arena can allocate resources more efficiently and sustainably, ensuring the continued success and viability of the facility.

Overall, the repair and fixture upgrade of the locker rooms and bathrooms at the Zapustas Ice Arena is essential to uphold safety standards, enhance user experience, and optimize operational efficiency, making it a priority project for the facility.

The proposed project involves the replacement of a broken and outdated commercial pool lift at the Randolph Community Pool to ensure ADA compliance and accessibility for all patrons. The existing pool lift no longer meets the necessary safety standards and has become unreliable, posing barriers to individuals with disabilities who wish to access the pool. By installing a new, state-of-the-art pool lift, the facility aims to provide equitable access to individuals of all abilities, promoting inclusivity and ensuring compliance with ADA regulations.

#### **10. Project Description:**

The new pool lift will feature modern technology and design enhancements to improve functionality, reliability, and user experience. It will be strategically positioned to facilitate easy and safe entry into the pool for individuals with mobility challenges, allowing them to enjoy recreational activities and therapeutic benefits without barriers. Additionally, the installation of the new pool lift will demonstrate the facility's commitment to accessibility and inclusion, fostering a welcoming and accommodating environment for all members of the community.

# 11. Describe Impact on Operating Budget:

The replacement of the commercial pool lift will have neither a positive nor a negative effect on the operating budget.

# 12. Describe Department Priority:

The replacement of the commercial pool lift is essential to uphold accessibility standards, promote inclusivity, and ensure that individuals with disabilities have equal opportunities to enjoy the recreational amenities offered by the facility. The current lift is inoperable (corroded gear), posing significant barriers to access for individuals with disabilities, making this a high-priority project. By installing a new, reliable pool lift, the facility can swiftly address these accessibility challenges and provide a safe and welcoming environment for all patrons.
