**Council Order Concerning Use of Temporary Removable Speed Bumps**

Whereas, many Town residents have requested the installation of temporary, removable speed bumps on their streets; and

Whereas, the Town has procured at least one removable speed bump; and

Whereas, that removable speed bump is installed in the spring and removed before the snow falls in the winter, so as not to interfere with snow plowing; and

Whereas the use of that removable speed bump has been successful,

Now therefore, the Randolph Town Council hereby supports the implantation of additional temporary, removable speed bumps, and Orders as follows:

1. Subject to appropriation and all requirements of law, the Town shall acquire additional removable speed bumps.
2. The Town Manager shall work with the DPW Director to adopt a policy concerning the deployment of these removable speed bumps, including a policy concerning when in the year they should be deployed and when they should be removed.
3. The Town Manager shall work with the DPW director to adopt a policy concerning the location of these removable speed bumps that includes provisions for input from the public and the Randolph Town Council.
4. The Town shall make efforts to acquire additional removable speed bumps each year, as needed.
