VII. PRESENTATIONS

- A. FY Budget 2026/2027 Draft Presentation by Town Manager (slideshow attached)
Town Manager reads Budget Message for FY 26-27
Mayor Dockery inquired about not recalling the \$ 38,000 backing out from Capital Outlay. Town Manager Mack stated those funds were for Christmas lights. Mayor Pro Tem Bradshaw confirmed that legal fees were at \$30,000, with \$21,000 used to date. Mack and the Town Attorney, TC, stated there is room for litigation should the Town need it, and that \$30,000 is a reasonable estimate compared to historical figures. Commissioner Gilbert inquired about a \$1,500 increase in dues and subscriptions. Mack explained this was for new citation software needed for Robbins PD. Bradshaw requested the name of the software, which Mack identified as Tyler Technologies. Chief Haddock added that this is the standard software used statewide for handling accidents, court matters, and more. Gilbert also inquired about an increase in Fund 30 dues and subscriptions, was it due to switching to cellular service for water meters. Mack stated that once all meters are active, there will be an annual charge. Additionally, the fuel pumps are now on cellular service with a subscription.
Mack concluded the line-by-line budget presentation. Gilbert addressed that the Robbins 2026 audit is not yet complete and asked if LGC is amenable to issuing another waiver regarding sales tax. Mack stated that LGC is supportive and that the Secretary of Treasury advocated for the Town due to issues with the last two auditors. LGC understood the situation and did not hold it against the Town of Robbins. The Town has worked exceptionally hard on the audit over the past six weeks. A portal has been established directly with the CPA, with daily alerts and requests from the CPA/Auditor. Town staff have prioritized fulfilling all these requests, sending daily emails and holding weekly meetings to stay ahead. For example, the team went line by line through the depreciation schedule, and in 2021 the CPA uploaded—for the first time in 19 years—a true capital assets inventory. Mack reviewed the progress made and highlighted the proactive steps taken to reach this point.

XI. MANAGER'S REPORT

- A. April 2026 Manager Report
 Review of Manager Report by Town Manager Clint Mack
 The manager pointed out that quotes for the Downtown WiFi grant have been submitted to Moore County Schools. Gilbert suggested scheduling a time for all parties to walk through the building to ensure everyone is ready to move forward. The manager stated that the sidewalks are being upgraded to be ADA accessible. Gilbert expressed a desire to reach out to all departments to discuss the importance of seat belts, stating that wearing them sets a standard for citizens. Additionally, Gilbert stated that when a photo opportunity arises or important people come to town, the commissioners would like to be informed. He emphasized that everyone on the board is invested in the town, paying taxes and owning businesses, and it would be helpful to be included to avoid embarrassment if events appear on social media and people ask why the board was not present. Mack stated he would relay this information and share what he knows.

XII. PUBLIC COMMENT PERIOD NC G.S. 160A-81, 160A-81.1

Eden Holt signed up to speak and stated through the community that the chicken laws are getting very strict, and that is why there are a lot of people here tonight. I think a lot of people are concerned about chickens because a lot of people in town have chickens. Whether they be free-range or in a coop, I think people want to address it and possibly get something fixed where they can do like a coop with so many chickens and have chickens, because it's kind of crazy a little town like this can't even have chickens.

Commissioner Stewart calls out to former Commissioner Terri Holt in the audience inquiring if she sponsored this ordinance years ago. Holt stated we did in 2008-9 or 10 around there.

Town Attorney states that an amendment to the ordinance regarding chickens was drafted around 2017. It was directed that the clerk be asked to research whether the ordinance had been adopted.

Chief Haddock assured the audience concerned that enforcement would be moved to July.

The Commissioners requested for this topic to be on the June agenda.

XIII. COMMISSIONER'S COMMENTS

Dockery: If you have not seen the Ellie Jean Park, there will be a ribbon cutting on the 26th at 5:00pm, it is a beautiful park and I'm proud of it and I would recommend going to take a look at it. You will like what you see.

Gilbert: I have a question for TC about the rapid response audit. Why are we not allowed to speak since it's a public document?

TC states there are a couple of things in there; number 1, there was an allegation about fraud on check, and there's an ongoing criminal investigation with that, so we want to be able to talk about that. Typically when there's pending criminal information, we do not want to disclose that publicly. Also, I want the board to be able to ask questions, and then after the meeting in closed session, if the board wanted to adopt some sort of formal statement, he thought that would be fine.

Gilbert: Still inquires due to confusion why it has to be closed session if it's a public document.

TC states if you or the board members want to be able to speak about it you certainly could, but we wanted to make sure that those sensitive things are discussed first with the board in closed session before members of the board start making public statements.

Mayor Cameron Dockery opened the meeting, citing recent successes: tax cuts, debt service payments, infrastructure, affordable housing, completion of the yearly budget, and increased funds. Recognized progress made in the last two months compared to the previous six years.

Discussion of CPA failures and the board’s corrective actions. Addressed delayed bank reconciliations; new staff hired to address backlog. Noted bank fraud incident under legal investigation; no wrongdoing by town hall staff.

Commissioners reviewed each audit finding and discussed policy implementations. Emphasis on proper invoice procedures, three-part checks, and manual checks for emergencies only. Discussed the need for improved transparency and public statements.

Updates on ongoing audits and work with state agencies (LGC, OSA); progress hindered by lack of auditors and staff turnover. No specific completion date for audits, but weekly meetings with agencies are ongoing.

Resolution in Opposition to HB 765, Changes to Local Planning and Zoning and Related Bills by the North Carolina General Assembly

WHEREAS, House Bill 765 has been introduced in the 2025-2026 session of the North Carolina General Assembly that changes many aspects of local planning and zoning and affect the ability of the Town of Robbins Board of Commissioners to reflect the will of their citizenry; and

WHEREAS, local governments have historically been the final guardian of the rights of the people, and local government zoning has made in-person attendance and comment easier for proponents and opponents of zoning and planning decisions, thereby allowing the residents of Town of Robbins to participate in matters that directly affect them through the Public Hearing Process; and

WHEREAS, House Bill 765 now pending in the General Assembly will effectively mandate many planning and zoning decisions that are now made by the Town or Robbins Board of commissioners through the public participation and open meetings process and circumvent the local community’s authority to uphold public health, safety and welfare instead require the decisions be made in the implementation, administration, or enforcement of development regulations that involve the determination of fact and the application of objective standards as set forth in House Bill 765 applying a “one size fits all” standard to all of North Carolina; and

WHEREAS, Chapter 160D of the North Carolina General Statutes mandates comprehensive planning and zoning and this Chapter of the Statutes would be severely eroded by the passage of House Bill 765 by eliminating the input and trust of the citizens, including those who voluntarily serve on the Town’s Board of Commissioners and Planning Board; and

WHEREAS, local governments with the input of their citizens can best recognize and enforce the need for planning and zoning ordinances. The Town of Robbins strongly feels that local governments are best suited to represent their citizens on local municipal matters and should decide planning and zoning issues with the advice of their citizens who want to participate in such critical and long lasting decisions;

WHEREAS, multiple bills have been authored, submitted for consideration and voted into law without any input from municipal representatives to provide input on house these enactments would lead to negative, costly and potentially dangerous situations for a community, its citizens, businesses, and property owners.

NOW, THEREFORE, BE IT RESOLVED by Board of Commissioners of the Town of Robbins, North Carolina in a regular meeting assembled this ___ day of June 2026 as follows:

Section 1. The Town of Robbins opposes the section of House Bill 765 and urges the North Carolina General Assembly to leave planning and zoning decisions to the locally elected Board and their Citizens.

Section 2. The town of Robbins encourages the North Carolina General Assembly to immediately TERMINATE House Bill 765 as well as any other related or similar bills which severely undermine the rights of local citizens and their elected government officials to make the zoning rules for their communities as they see fit.

This the _____ day of June, 2026.

Resolution in Opposition to SB 382, and Similar Legislation to Eliminate Local Government Planning and Zoning Authority

WHEREAS, the Town of Robbins recognizes the essential need of planning and zoning regulations for orderly management of growth, public safety, and general welfare of its citizens; and,

WHEREAS, Senate Bill 382 Disaster Relief-3/Various Law Changes was vetoed by Governor Roy Cooper on November 26th, 2024; and,

WHEREAS, Session Law 2024-57 Senate Bill 382 Contains Subpart III-K Local Government: No Local Government Initiated Down-Zoning Without Consent of Affected Property Owners, which includes Sections 3K.1.(a)-(b) amending G.S. 160D-601(d); and,

WHEREAS, the amendment to G.S. 160D-601(d) inserted on the last page of the bill without any opportunity for the public to review and comment removed local government authority to initiate down-zoning amendments without the written consent of all property owners whose property is the subject of the down-zoning; and

WHEREAS, this amendment impedes the ability of local governments to manage development and land use within their communities; and

WHEREAS, this amendment undermines the Town Board of Commissioners of the Town of Robbins from appropriately updating and revising the Town’s Master Plan to meet future resident and community needs to address concerns regarding growth and land use within the Town.

NOW, THEREFORE, BE IT RESOLVED by Board of Commissioners of the Town of Robbins, North Carolina in a regular meeting assembled this ____ day of June 2026 as follows:

Section 1. The Town of Robbins opposes the section of Senate Bill 382 amending G.S. 160D-601(d), which is found on page 131 of Senate Bill 382.

Section 2. The town of Robbins encourages the North Carolina General Assembly to rescind the section of Senate Bill 382 amending G.S. 160D-601(d) and to allow local
