**AGENDA ITEM SUMMARY SHEET**  
**City of Rollingwood**  
**Meeting Date: September 17, 2025**

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action to amend the Fiscal Year 2024-2025 budget

**Description:**

The purpose of this ordinance is to amend any line items from the current Fiscal Year (Fiscal Year 2024-2025) that were or we project to be significantly over or under budget. This is a way to clean up the budget so that it more closely reflects what was spent.

The amendments listed in this document have already been planned for in the budgeting process, meaning that projections for unexpended balances of the different funds have taken into account what staff believes will be spent in each account. This end of year budget amendment has no impact on the balances that were presented previously going into Fiscal Year 2025-2026.

**Action Requested:**

To approve Ordinance 2025-09-17-04 amending the Fiscal Year 2024-2025 budget as proposed in Attachment A.

**Fiscal Impacts:**

The end of the year budget amendment reflects corrections to the current year's budget.

**Attachments:**

- Draft Ordinance 2025-09-07-04 amending Ordinance No. 2024-09-18-09 adopting and approving amendments to the budget for the Fiscal Year beginning October 1, 2024 and terminating September 30, 2025, providing for adjustments of spending authority among budget line items, and providing for immediate effectiveness

**ORDINANCE NO. 2025-09-17-02**

**AN ORDINANCE OF THE CITY OF ROLLINGWOOD AMENDING ORDINANCE NO. 2024-09-18-09, ADOPTING AND APPROVING AMENDMENTS TO THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2024 AND TERMINATING SEPTEMBER 30, 2025, PROVIDING FOR ADJUSTMENTS OF SPENDING AUTHORITY AMONG BUDGET LINE ITEMS, AND PROVIDING FOR IMMEDIATE EFFECTIVENESS**

**WHEREAS**, the City Council of the City of Rollingwood, Texas, deems it necessary to amend Ordinance No. 2024-09-18-09 (the "**2024-2025 Budget**") to meet unexpected and/or unforeseen conditions that could not have been included in the budget through the use of reasonably diligent thought and attention;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS THAT:**

**Section 1.** The 2024-2025 Budget approved on September 18, 2024 is hereby amended to provide for the adjustment of spending authority in the line items set forth in Attachment A, as attached hereto and incorporated herein. Attachment A shall be appended to the 2024-2025 Budget for ease of reference. Except as specifically affected by the adjustments reflected in the attached Attachment A the 2024-2025 Budget shall remain in full force and effect.

**Section 2.** This Ordinance shall be effective immediately upon adoption.

**PASSED AND APPROVED** this 17th day of September 2025.

**AGENDA ITEM SUMMARY SHEET**  
**City of Rollingwood**  
**Meeting Date: September 17, 2025**

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action on an ordinance of the City of Rollingwood, Texas adopting the Fiscal Year 2025-2026 budget beginning October 1, 2025, and ending September 30, 2026, in accordance with Texas Local Government Code Chapter 102; providing for the filing of the budget; providing that this ordinance shall be cumulative of all ordinances; providing a severability clause; and providing an effective date

**Description:**

There are two proposed budgets that accompany this ordinance. One reflects the Ad Valorem Tax collections at the Voter Approval Rate and one reflects the Ad Valorem Tax collections at the Actual No New Revenue Rate.

Approval of the budget that reflects the Ad Valorem Tax collections at the Voter Approval Rate align with the expenditures and exceptional items that were tentatively agreed upon at the last City Council meeting and with the goal of preparing for future capital expenditures as shown on the 10-year capital expenditure planning document.

**Action Requested:**

To approve ordinance 2025-09-17-04 adopting the Fiscal Year 2025-2026 budget beginning October 1, 2025 and ending September 30, 2026, that reflects *either* the Voter Approval Rate or Actual No New Revenue Rate. (Required motion language will be distributed at the meeting)

**Fiscal Impacts:**

The budget that is adopted will provide a roadmap for Fiscal Year 2025-2026 operations.

**Attachments:**

- Draft Ordinance 2025-09-17-04 (Voter Approval Rate)
- Draft Ordinance 2025-09-17-04 (Actual No New Revenue Rate)

**ORDINANCE NO. 2025-09-17-04**

**AN ORDINANCE OF THE CITY OF ROLLINGWOOD, TEXAS ADOPTING THE FISCAL YEAR 2025-2026 BUDGET BEGINNING OCTOBER 1, 2025, AND ENDING SEPTEMBER 30, 2026, IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE CHAPTER 102; PROVIDING FOR THE FILING OF THE BUDGET; PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE**

**WHEREAS**, the proposed budget for the City of Rollingwood, Texas (the “City) has been filed with the City Secretary in accordance with Section 102.005 of the Texas Local Government Code; and

**WHEREAS**, following notice and a public hearing on the proposed budget, the City Council of the City has made changes in the budget which it considers to be in the best interest of the municipal taxpayers; and

**WHEREAS**, the City Council of the City now desires to finally approve the budget and to provide for the filing of the approved budget with the City Secretary and with the County Clerk of Travis County, Texas.

**NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS:**

**Section 1.** The budget attached hereto as Exhibit A and incorporated herein by reference, shall be and is hereby finally approved.

**Section 2.** The City Secretary shall be and hereby is directed to file the approved final budget in her office and in the office of the County Clerk of Travis County, Texas.

**Section 3.** Taxes shall be levied and municipal funds expended in accordance with the approved final budget attached to this ordinance, and any amendment of the approved budget shall be evidenced by ordinance, attached to the budget, which ordinance shall also be filed with the City Secretary and the County Clerk of Travis County, Texas.

**Section 4.** All Ordinances, or parts thereof, which are in conflict or inconsistent with any provision of this Ordinance are hereby repealed to the extent of such conflict, and the provisions of this Ordinance shall be and remain controlling as to the matters resolved herein.

**Section 5.** If any provision of this Ordinance or the application thereof to any person or circumstance shall be held to be invalid, the remainder of this Ordinance and the application of such provision to other persons and circumstances shall nevertheless be valid, and the City Council hereby declares that this Ordinance would have been enacted without such invalid provision.

**Section 6.** This ordinance will be effective upon adoption.

**Section 7.** Pursuant to Texas Local Government Code §102.007(a), this ordinance must be a record vote; which is reflected below:

**AGENDA ITEM SUMMARY SHEET**  
**City of Rollingwood**  
**Meeting Date: September 17, 2025**

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action on an ordinance of the City of Rollingwood, Texas approving the certified appraisal roll; setting the tax rate; levying and assessing ad valorem taxes for the use and support of the municipal government of the City of Rollingwood, Texas for Fiscal Year 2024-2025; apportioning the levies for specific purposes; providing a severability clause; and providing an effective date

**Description:**

Following the adoption of the annual budget, the City Council must adopt an Ad Valorem Tax Rate to cover the expenses approved in the budget. Staff recommends approval of whichever tax rate matches that which was used in the adopted budget.

**Action Requested:**

To approve ordinance 2025-09-17-05 adopting *either* the Voter Approval Rate or the Actual No New Revenue Rate. (Required motion language will be distributed at the meeting)

**Fiscal Impacts:**

The Ad Valorem Tax Rate will determine tax collections for the city for Fiscal Year 2025-2026.

**Attachments:**

# AGENDA ITEM SUMMARY SHEET

## City of Rollingwood

**Meeting Date: September 17, 2025**

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action to review the City of Rollingwood Investment Policy and to approve an ordinance requiring the annual review of the Investment Policy

**Description:**

This item allows the City of Rollingwood to ensure compliance with the Texas Public Funds Investment Act (PFIA), Chapter 2256 of the Government Code, by establishing (or in this case, reestablishing) and maintaining a written investment policy that governs the management of public funds. Adoption of this ordinance would continue to safeguard taxpayer dollars by ensuring that investment decisions are transparent, accountable, and guided by professional standards of care.

The ordinance requires the City Council to conduct annual reviews of its investment policy and strategies, thereby guaranteeing that practices remain current with evolving financial conditions and statutory requirements. It also mandates that any changes to policies or strategies be documented in writing, further reinforcing accountability and continuity in financial stewardship.

The policy is attached in two forms – a redlined version and a “clean” version without the redlining. The proposed changes are intended to correct minor typographical errors in the City’s existing policy.

**Action Requested:**

To take action on the proposed ordinance to adopt the City’s updated and corrected Investment Policy.

**Fiscal Impacts:**

Approval and adoption of this ordinance will not have a fiscal impact on the City.

**Attachments:**

- Redlined Investment Policy
- Proposed Ordinance with Exhibit A (“Clean” Copy of Investment Policy)

# CITY OF ROLLINGWOOD

# INVESTMENT POLICY

## PREFACE

The purpose of this document is to set forth specific investment policy and strategy guidelines for the City of Rollingwood in order to achieve the goals of safety, liquidity, yield, and public trust for all investment activity. The City Council of the City of Rollingwood shall review its investment strategies and policy not less than annually. This policy serves to satisfy the statutory requirement (specifically the Public Funds Investment Act, Chapter 2256 of Title 10 of the Government Code (the “Act”) to define, adopt and review a formal investment strategy and policy.

It is the policy of the City of Rollingwood, Texas that, giving due regard to the safety and risk of investment, all available funds shall be invested in conformance with State and Federal regulations, applicable Bond Resolution requirements, adopted Investment Policy and adopted Investment Strategy.

Effective investment strategy development coordinates the primary objectives of the City of Rollingwood’s Investment Policy and cash management procedures with investment security risk/return analysis to enhance interest earnings and reduce investment risk and aggressive cash management to increase the available “investment period”. Maturity selections shall be based on cash flow and market conditions to take advantage of interest earnings as a viable and material revenue to all City of Rollingwood funds. The City of Rollingwood’s portfolio shall be designed and managed in a manner responsive to the public trust and consistent with the Investment Policy.

Each major fund type has varying cash flow requirements and liquidity needs. Therefore, specific strategies shall be implemented considering the fund’s unique requirements.

## INVESTMENT STRATEGY

The City of Rollingwood maintains a pooled investment portfolio that utilizes specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolio. In order to minimize risk of loss due to interest rate fluctuations, investment maturities will not exceed the anticipated cash flow requirements of the funds. The composite portfolio will have a dollar-weighted average maturity of 365 days or less. This dollar-weighted average maturity will be calculated using the stated final maturity dates of each security. Investment guidelines by fund-type are as follows:

- Investment strategies for operating funds have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The secondary objective is to create a portfolio structure that will experience minimal volatility during economic cycles. This may be accomplished by purchasing high quality, short- to medium-term securities that will complement each other in a laddered structure.
- Investment strategies for debt service funds shall have as the primary objective the assurance of investment liquidity adequate to cover the debt service obligations on the required payment date. Securities purchased shall not have a stated final maturity date which exceeds the debt service payment date, or funds shall be maintained in an investment pool or money market mutual fund to be available for debt service payments.
- Investment strategies for bond funds and for debt service reserve funds shall have as the primary objective the ability to generate a dependable revenue source to the appropriate fund from securities with a low degree of volatility. Except as may be required by the bond ordinance specific to an individual issue, securities should be of high quality, with short to medium term maturities.

# CITY OF ROLLINGWOOD INVESTMENT POLICY

## I. POLICY

It is the policy of the City of Rollingwood (City) that after allowing for the anticipated cash flow requirements of the City and giving due consideration to the safety and risk of investment, all available funds shall be invested in conformance with these legal and administrative guidelines and to the maximum extent possible, at the highest rates obtainable at the time of investment.

Effective cash management is recognized as essential to good fiscal management. Investment interest is a viable and material source of revenue to City funds. The City’s investment portfolio shall be designed and managed in a manner designed to maximize this revenue source, to be responsive to public trust, and to be in compliance with legal requirements and limitations.

Investments shall be made with the primary objectives of:

- \* Safety and preservation of principal
- \* Maintenance of sufficient liquidity to meet operating needs
- \* Maximization of yield on the portfolio
- \* Public trust from prudent investment activities

## II. PURPOSE

The purpose of this investment policy is to comply with Chapter 2256 of Title 10 of the Government Code which requires each city to adopt a written investment policy regarding the investment of its funds under its control. The Investment Policy addresses the methods, procedures and practices ~~which~~ that must be exercised to ensure effective and judicious fiscal management of the City of Rollingwood funds.

## III. SCOPE

This Investment Policy shall govern the investment of all financial assets of the City of Rollingwood. These funds are accounted for in the City’s Comprehensive Annual Financial Report (CAFR) and include:

- General Fund
- Water Revenue Fund
- Wastewater Revenue Fund
- Special Revenue Funds
- Capital Projects Funds
- Enterprise Funds
- Trust and Agency Funds, to the extent not required by law or existing contract to be kept segregated and managed separately
- Debt Service Funds, including reserves and sinking funds, to the extent not required by law or existing contract to be kept segregated and managed separately
- Any new fund created by the City, unless specifically exempted from this Policy by the City Council or by law.

## IV. INVESTMENT OBJECTIVES

The City of Rollingwood shall manage its investments with the judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. Investment of funds shall be governed by the following investment objectives, in order of priority: (1) preservation and safety of principal; (2) liquidity; and (3) yield, with primary emphasis always being on safety of principal and liquidity. In addition to the investment objectives as provided herein all decisions regarding investment of public funds should be accomplished with the goal of ensuring public trust.

The City shall maintain a comprehensive cash management program which includes collection of accounts receivable, vendor payments in accordance with invoice terms, and prudent investment of available cash. Cash management is defined as the process of managing monies in order to ~~insure~~ensure maximum cash availability and maximum yield on short-term investment of pooled idle cash.

Safety

Formatted: Underline

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit and interest rate risk.

- o Credit Risk – The City will minimize credit risk, the risk of loss due to the failure of the security issuer of backer, by:
  - Limiting investments to the safest types of securities
  - Pre-qualifying the financial institutions and broker/dealers with which the City will do business
  - Diversifying the investment portfolio so that potential losses on individual securities will be minimized.
- o Interest Rate Risk – the City will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:
  - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity
  - Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools

Liquidity

Formatted: Underline

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrently with cash needs to meet anticipated demands. Because all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets. A portion of the portfolio will also be placed in money market mutual funds or local government investment pools which offer same day liquidity for short-term funds.

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed.

Public Trust

All participants in the City’s investment process shall seek to act responsibly as custodians of the public trust. Investment officials shall avoid any transaction which might impair public confidence in the City’s ability to govern effectively.

V. RESPONSIBILITY AND CONTROL

Delegation of Authority

The Personnel Policies Handbook of the City of Rollingwood designates that the City Administrator shall be responsible for ~~insuring~~ ensuring that all of the physical and monetary assets of the City are appropriately safeguarded and controlled and perform any duties of City Treasurer as required by the general laws of the State of Texas. Through the adoption of this policy, the City Administrator shall be designated as an investment officer who is responsible for the investment of the City’s funds. The investment officer shall exercise the judgment and care, under prevailing circumstances, that a prudent person would exercise in the management of the person's own affairs. No person may engage in an investment transaction or the management of funds except as provided under the terms of this Investment Policy as approved by the City Council. The investment authority granted to the investment officer is effective until rescinded by the governing body.

Training Requirement

The City Administrator or the Finance Manager shall attend an investment training session no less often than once every two fiscal years commencing February 1, 2006 and shall receive not less than 10 hours of instruction relating to investment responsibilities. The investment training session shall be provided by an independent source approved by the City Council. For purposes of this policy, an “independent source” from which investment training shall be obtained shall include a professional organization, an institute of higher learning or any other sponsor other than a business organization with whom the City of Rollingwood may engage in an investment transaction.

Internal Controls

The Finance Manager is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the City Administrator shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points:

- Control of collusion.
- Separation of transactions authority from accounting and record keeping.
- Custodial safekeeping.
- Avoidance of physical delivery securities.
- Clear delegation of authority to subordinate staff members.
- Written confirmation for telephone (voice) transactions for investments and wire transfers.
- Development of a wire transfer agreement with the depository bank or third party custodian.

Prudence

The standard of prudence to be applied by the investment officer shall be the “prudent investor” rule which states: “Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived”. In determining whether an investment officer has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- The investment of all funds, or funds under the City’s control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment.
- Whether the investment decision was consistent with the written investment policy of the City.

Indemnification

The investment officer, acting in accordance with written procedures and exercising due diligence, shall not be held personally responsible for a specific security’s credit risk or market price changes, provided that these deviations are reported immediately and the appropriate action is taken to control adverse developments.

Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City.

An investment officer of the City who has a personal business relationship with an organization seeking to sell an investment to the City shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship. A statement required under this subsection must be filed with the Texas Ethics Commission and the governing body of the ~~entity~~City.

## VI. SUITABLE AND AUTHORIZED INVESTMENTS

Portfolio Management

The City shall utilize a “buy and hold” portfolio strategy. Maturity dates are matched with cash flow requirements and investments are purchased with the intent to be held until maturity. However, securities may be sold before they mature if market conditions present an opportunity for the City to benefit from the trade. Securities may be sold for the following reasons:

- A security with declining credit may be sold early to minimize loss of principal.
- A security swap would improve the quality, yield, or target duration in the portfolio.
- Liquidity needs of the portfolio require that the security be sold.

Investments

Assets of the City of Rollingwood may be invested in the following instruments; provided, however, that at no time shall assets of the City be invested in any instrument or security not authorized for investment under the Act, as the Act may from time to time be amended.

I. Authorized

Formatted: Underline

1. Obligations of the United States of America, its agencies and instrumentalities.
2. Certificates of Deposit of state and national banks domiciled in Texas, a savings and loan association domiciled in the state, or a state or federal credit union domiciled in this state that is guaranteed or insured by the Federal Deposit Insurance or its successor or secured by obligations in a manner and amount provided by law for deposits of the investing entity.
3. Fully collateralized direct repurchase agreements with a defined termination date secured by obligations of the United States or its agencies and instrumentalities pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party selected and approved by the City. Repurchase agreements must be purchased through a primary government securities dealer, as defined by the Federal Reserve, or a bank domiciled in Texas. A Master Repurchase Agreement must be signed by the bank/dealer prior to investment in a repurchase agreement. All repurchase agreement transactions will be on a delivery vs. payment basis. Securities received for repurchase agreements must have a market value greater than or equal to 102 percent at the time funds are disbursed.
4. Money Market Mutual funds that are 1) registered and regulated by the SEC, 2) have a dollar weighted average stated maturity of 90 days or less, and 3) maintain a net asset value of \$1 for each share.
5. Government investment pools which 1) meet the requirements of Chapter 2256.016 of the Public Funds Investment Act, 2) are rated no lower than AAA or an equivalent rating by at least one nationally recognized rating service and 3) are authorized by resolution or ordinance by City Council. The government investment pool, TEXPOOL, a public investment pool established by the State of Texas, is expressly authorized as an authorized investment.

II. -Not Authorized

Formatted: Underline

Under no circumstances shall investments be made in interest-only or principal-only strips of obligations with underlying mortgage-backed security collateral, or in collateralized mortgage obligations with an inverse floating interest rate or a maturity date of over 10 years. Neither shall investments be made in obligations that are secured by these prohibited investments.

VII. INVESTMENT PARAMETERS

Maximum Maturities

The longer the maturity of investments, the greater their price volatility. Therefore, it is the City's policy to concentrate its investment portfolio in shorter-term securities in order to limit principal risk caused by changes in interest rates.

The City attempts to match its investments with anticipated cash flow requirements. The City will not directly invest in securities maturing more than three (3) years from the date of purchase; however, the

~~above-above~~-described obligations, certificates, or agreements may be collateralized using ~~longer-longer~~-dated investments.

Because no secondary market exists for repurchase agreements, the maximum maturity shall be 120 days. The composite portfolio will have a weighted average maturity of one (1) year or less. This ~~dollar-dollar~~-weighted average maturity will be calculated using the stated final maturity dates of each security.

Diversification

The City of Rollingwood recognizes that investment risks can result from issuer defaults, market price changes or various technical complications leading to temporary illiquidity. Risk is controlled through portfolio diversification which shall be achieved by the following general guidelines:

1. Limiting investments to avoid overconcentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities)
2. Limiting investment in securities that have higher credit risks
3. Investing in securities with varying maturities
4. Continuously investing a portion of the portfolio in readily available funds such as local government investment pools (LGIPs), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

The following maximum limits, by instrument, are established for the City’s total portfolio:

1. U.S. Treasury Securities .....	100%
2. Agencies and Instrumentalities .....	75%
3. Certificates of Deposits .....	50%
4. Repurchase Agreements .....	50%
5. Money Market Mutual Funds .....	50%
6. Authorized Pools .....	100%

VIII. SELECTION OF BANKS AND DEALERS

Depository

At least every five years a Depository shall be selected through the City’s banking services procurement process, which shall include a formal request for proposal (RFP). The selection of a depository will be determined by competitive bid and evaluation of bids will be based on the following selection criteria:

- The ability to qualify as a depository for public funds in accordance with state and local laws.
- The ability to provide requested information or financial statements for the periods specified.
- The ability to meet all requirements in the banking RFP.
- Complete response to all required items on the bid form.
- Lowest net banking service cost, consistent with the ability to provide an appropriate level of service.
- The credit worthiness and financial stability of the bank.

Authorized Brokers/Dealers

The City shall select dealers reporting to the Market Reports Division of the Federal Reserve Board of New York, also known as “Primary Government Security Dealers”, or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).

All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the following as appropriate:

- audited financial statements
- completed broker/dealer questionnaire
- certification of having read and understood the City’s investment policy and agreeing to comply with the policy

The governing body must adopt and annually review a list of qualified broker/dealers authorized to engage in investment transactions with the City.

Competitive Bids

Competitive quotes must be taken from at least three qualifying institutions for any investment transaction. Investment transactions may be done orally but followed by electronic or written confirmation. Funds will be authorized to be released after notification that the purchased security has been received. Written confirmation shall be received from the financial institution or broker/dealer. All investments purchased will be held in safekeeping at a third-party custodial institution with a safekeeping receipt being sent to the City.

Delivery vs. Payment

Securities shall be purchased using the delivery vs. payment method except for investment pools and mutual funds. Funds shall not be wired or paid until verification has been made that the correct security was received by the Trustee. The security shall be held in the name of the City or held on behalf of the City. The Trustee’s records shall assure the notation of the City’s ownership of or explicit claim on the securities. The original copy of all safekeeping receipts shall be delivered to the City.

**IX. SAFEKEEPING OF SECURITIES**

Safekeeping Agreement

The City shall contract with a bank or banks for the safekeeping of securities either owned by the City as part of its investment portfolio or held as collateral to secure demand or time deposits.

Safekeeping

All securities owned by the City shall be held by its safekeeping agent, except the collateral for certificates of deposits in banks. The collateral for certificates of deposit in banks will be registered in the City’s name in the bank’s trust department or, alternatively, in a Federal Reserve Bank account in the City’s name, or a third-party bank in the City’s name, at the City’s discretion. Original safekeeping receipts shall be obtained.

Collateralization

Consistent with the requirements of the Public Funds Collateral Act, it is the policy of the City to require full collateralization of all City investments and funds on deposit with a depository bank, other than investments which are obligations of the U.S. government and its agencies and instrumentalities. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be

102% of market value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC or FSLIC. At its discretion, the City may require a higher level of collateralization for certain investment securities. Securities pledged as collateral shall be held by an independent third party with whom the City has a current custodial agreement. The City Administrator is responsible for entering into collateralization agreements with third party custodians in compliance with this Policy.

The agreements are to specify the acceptable investment securities for collateral, including provisions relating to possession of the collateral, the substitution or release of investment securities, ownership of securities, and the method of valuation of securities. A clearly marked evidence of ownership (safekeeping receipt) must be supplied to the City and retained. Collateral shall be reviewed at least weekly to assure that the market value of the pledged securities is adequate.

Collateral Defined

The City of Rollingwood shall accept only the following securities as collateral:

- FDIC and FSLIC insurance coverage.
- A bond, certificate of indebtedness, or Treasury Note of the United States, or other evidence of indebtedness of the United States that is guaranteed as to principal and interest of the United States.
- Obligations, the principal and interest on which, are unconditionally guaranteed or insured by the State of Texas.
- A bond of the State of Texas or of a county, city or other political subdivision of the State of Texas having been rated as investment grade (investment rating no less than “A” or its equivalent) by a nationally recognized rating agency with a remaining maturity often (10) years ~~of~~ or less.

Subject to Audit

All collateral shall be subject to inspection and audit by the City Administrator or the City’s independent auditors.

**X. PERFORMANCE**

Performance Standards

The City’s investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio shall be designed with the objective of obtaining a rate of return through budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow requirements of the City.

Performance Benchmark

It is the policy of the City to purchase investments with maturity dates coinciding with cash flow needs. Through this strategy, the City attempts to purchase the highest yielding allowable investments available on the market at that time. Market value will be calculated on a quarterly basis on all securities owned and compared to current book value of those securities to determine portfolio performance during that period of time. The City’s portfolio shall be designed with the objective of regularly meeting or exceeding the average rate of return on U.S. Treasury Bills at a maturity level comparable to the City’s weighted average maturity in days.

## XI. REPORTING

### Methods

The Investment Officer shall prepare an investment report on a quarterly basis that summarizes investment strategies employed in the most recent quarter and describes the portfolio in terms of investment securities, maturities, and shall explain the total investment return for the quarter.

The quarterly investment report shall include a summary statement of investment activity prepared in compliance with generally accepted accounting principles. This summary will be prepared in a manner which will allow the City to ascertain whether investment activities during the reporting period have conformed to the Investment Policy. The report will be provided to the City Administrator and City Council. The report will include the following:

- A listing of individual securities held at the end of the reporting period.
- Unrealized gains or losses resulting from appreciation or depreciation by listing the beginning and ending book and market value of securities for the period.
- Additions and changes to the market value during the period.
- Average weighted yield to maturity of portfolio as compared to applicable benchmark.
- Listing of investments by maturity date.
- Fully accrued interest for the reporting period
- The percentage of the total portfolio which each type of investment represents.
- Statement of compliance of the City’s investment portfolio with state law and the investment strategy and policy approved by the City Council, including but not limited to review of rating changes in any investment and a review of market prices of investments, in compliance with Act Section 2256.005(b).

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.2"

A formal annual review of the quarterly reports will be performed by an independent auditor with the results reported to the governing body.

### Marking to Market

Market value of all securities in the portfolio will be determined on a quarterly basis. These values will be obtained from a reputable and independent source and disclosed to the governing body quarterly in a written report.

## XII. INVESTMENT POLICY ADOPTION

The City of Rollingwood investment policy shall be adopted and amended by ordinance of the City Council. It is the City’s intent to comply with state laws and regulations. The City’s investment policies shall be subject to revisions to stay current with changing laws, regulations, and needs of the City. The policy shall be reviewed and adopted annually by the City Council and any changes or modifications must be approved by the City Council.

## GLOSSARY OF COMMON TREASURY TERMINOLOGY

Accrued Interest: The accumulated interest due on a bond as of the last interest payment made by the issuer.

**Agency:** A debt security issued by a federal or federally sponsored agency. Federal agencies are backed by the full faith and credit of the U.S. Government. Federally sponsored agencies (FSAs) are backed by each particular agency with a market perception that there is an implicit government guarantee. An example of federal agency is the Government National Mortgage Association (GNMA). An example of an FSA is the Federal National Mortgage Association (FNMA).

**Amortization:** The systematic reduction of the amount owed on a debt issue through periodic payments of principal.

**Asked:** The price at which securities are offered.

**Average Life:** The average length of time that an issue of serial bonds and/or term bonds with a mandatory sinking fund feature is expected to be outstanding.

**Basis Point:** A unit of measurement used in the valuation of fixed-income securities equal to 1/100 of a percent of yield. E.g.,  $\frac{1}{4}$  "1/4" of 1 percent is equal to 25 basis points.

**Bid:** The indicated price at which a buyer is willing to purchase a security or commodity.

**Book Value:** The value at which a security is carried on the inventory lists or other financial records of an investor. The book value may differ significantly from the security's current value in the market.

**Broker:** A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides; he does not position. In the money market, brokers are active in markets in which banks buy and sell money and in interdealer markets.

**Callable Bond:** A bond issue in which all or part of its outstanding principal amount may be redeemed before maturity by the issuer under specified conditions.

**Call Price:** The price at which an issuer may redeem a bond prior to maturity. The price is usually at a slight premium to the bond's original issue price to compensate the holder for loss of income and ownership.

**Call Risk:** The risk to a bondholder that a bond may be redeemed prior to maturity.

**Cash Sale/Purchase:** A transaction which calls for delivery and payment of securities on the same day that the transaction is initiated.

**Certificate of Deposit (CD):** A time deposit with a specific maturity evidenced by a certificate. Large-denomination CD's are typically negotiable.

**Collateralization:** Process by which a borrower pledges securities, property, or other deposits for the purpose of securing the repayment of a loan and/or security.

**Commercial Paper:** An unsecured short-term promissory note issued by corporations, with maturities ranging from 2 to 270 days.

**Comprehensive Annual Financial Report (CAFR):** The official annual report for the City of Rollingwood. It includes combined statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provision, extensive introductory material, and a detailed statistical section.

**Convexity:** A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

**Coupon Rate:** The annual rate of interest received by an investor from the issuer of certain types of fixed-income securities. Also known as the "interest rate".

**Credit Quality:** The measurement of the financial strength of a bond issuer. This measurement helps and investor to understand an issuer's ability to make timely interest payments and repay the loan principal upon maturity. Generally, the higher the credit quality of a bond issuer, the lower the interest rate paid by the issuer because the risk of default is lower. Credit quality ratings are provided by nationally recognized rating agencies.

**Credit Risk:** The risk to an investor that an issuer will default in the payment of interest and/or principal on a security.

**Current Yield (Current Return):** A yield calculation determined by dividing the annual interest received on a security by the current market price of that security.

**Dealer:** A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

**Debenture:** A bond secured only by the general credit of the issuer.

**Delivery versus Receipt Payment:** There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is the delivery of securities with an exchange of a signed receipt for the securities.

**Derivative Security:** Financial instrument created from, or whose value depends upon, one or more underlying assets or indexes of asset values.

**Discount:** The amount by which the par value of security exceeds the price paid for the security.

**Discount Securities:** Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value, e.g., U.S. Treasury Bills.

**Diversification:** A process of investing assets among a range of security types by sector, maturity, and quality rating.

**Duration:** A measure of the timing of the cash flows, such as the interest payments and the principal repayment, to be received from a given fixed-income security. This calculation is based on three variables: term to maturity, coupon rate, and yield to maturity. The duration of a security is a useful indicator of its price volatility for given changes in interest rates.

**Fair Value:** The amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

**Federal Funds (Fed Funds):** Funds placed in Federal Reserve banks by depository institutions in excess of current reserve requirements. These depository institutions may lend fed funds to each other overnight or on a longer basis. They may also transfer funds among each other on a same-day basis through the Federal Reserve banking system. Fed funds are considered to be immediately available funds.

**Federal Funds Rate:** Interest rate charged by one institution lending federal funds to the other.

Federal Credit Agencies: Agencies of the Federal government set up to supply credit to various classes of institutions and individuals, e.g. S&Ls, small business firms, students, farmers, farm cooperatives, and exporters.

Federal Deposit Insurance Corporation (FDIC): A federal agency that insures bank deposits, currently up to \$250,000 per deposit.

Federal Home Loan Banks (FHLB): The institutions that regulate and lend to savings and loan associations. The Federal Home Loan Banks play a role analogous to that played by the Federal Reserve Banks vis-a-vis member commercial banks.

Federal National Mortgage Association (FNMA): FNMA, like GNMA, was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development, H.U.D. It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

Federal Open Market Committee (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open-market as a means of influencing the volume of bank credit and money.

Federal Reserve System: The central bank of the United States created by Congress and consisting of a seven-member Board of Governors in Washington, D.C., 12 regional banks and about 5,700 commercial banks that are members of the system.

Government National Mortgage Association (GNMA or Ginnie Mae): Securities guaranteed by GNMA and issued by mortgage bankers, commercial banks, savings and loan associations, and other institutions. Security holder is protected by full faith and credit of the U.S. Government. Ginnie Mae securities are backed by FHA, VA or FMHM mortgages. The term pass-through is often used to describe Ginnie Maes.

Government Securities: An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the securities market. See "Treasury Bills, Notes, and Bonds".

Interest Rate: See "Coupon Rate".

Interest Rate Risk: The risk associated with declines or rises in interest rates which cause an investment in a fixed-income security to increase or decrease in value.

Internal Controls: An internal control structure designed to ensure that the assets of the entity are protected from loss, theft, or misuse. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that 1) the cost of a control should not exceed the benefits likely to be derived and 2) the valuation of costs and benefits requires estimates and judgments by management. Internal controls should address the following points:

- Control of collusion – Collusion is a situation where two or more employees are working in

- ~~\_\_\_\_\_~~conjunction to defraud their employer.
- Separation of transaction authority from accounting and record keeping – By separating the person who authorizes or performs the transaction from the people who record or otherwise account for the transaction, a separation of duties is achieved.
- Custodial safekeeping – Securities purchased from any bank or dealer including appropriate collateral (as defined by state law) shall be placed with an independent third party for custodial safekeeping.

Formatted: List Paragraph, Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.2"

Inverted Yield Curve: A chart formation that illustrates long-term securities having lower yields than short-term securities. This configuration usually occurs during periods of high inflation coupled with low levels of confidence in the economy and restrictive monetary policy.

Investment Policy: A concise and clear statement of the objectives and parameters formulated by an investor or investment manager for a portfolio of investment securities.

Investment-~~grade~~Grade Obligations: An investment instrument suitable for purchase by institutional investors under the prudent person rule. Investment-grade is restricted to those obligations rated BBB or higher by a rating agency.

Liquidity: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable size can be done at those quotes.

Local Government Investment Pool (LGIP): An investment by local governments in which their money is pooled as a method for managing local funds.

Mark-to-market: The process whereby the book value or collateral value of a security is adjusted to reflect its current market value.

Market Risk: The risk that the value of a security will rise or decline as a result of changes in market conditions.

Market Value: Current market price of a security.

Master Repurchase Agreement: To protect investors, many public investors will request that repurchase agreements be preceded by a master repurchase agreement between the investor and the financial institution or dealer. The master agreement should define the nature of the transaction, identify the relationship between the parties, establish normal practices regarding ownership and custody of the collateral securities during the term of the investment, provide remedies in the case of default by either party and clarify issues of ownership. The master repurchase agreement protects the investor by eliminating the uncertainty of ownership and hence, allowing investors to liquidate collateral if a bank or dealer defaults during the term of the agreement.

Maturity: The date on which payment of a financial obligation is due. The final stated maturity is the date on which the issuer must retire a bond and pay the face value to the bondholder. See "Weighted Average maturity".

Money ~~market~~Market: The market in which short-term debt instruments (bills, commercial paper, bankers' acceptances, etc.) are issued and traded.

Money Market Mutual Fund: Mutual funds that invest solely in money market instruments.

**Mutual Fund:** An investment company that pools money and can invest in a variety of securities, including fixed-income securities and money market instruments. Mutual funds are regulated by the Investment Company Act of 1940.

**National Association of Securities Dealers (NASD):** A self-regulatory organization (SRO) of brokers and dealers in the over-the-counter securities business. Its regulatory mandate includes authority over firms that distribute mutual fund shares as well as other securities.

**Net Asset Value:** The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets which includes securities, cash, and any accrued earnings, subtracting this from the fund liabilities and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio.

**No Load Mutual Fund:** A mutual fund which does not levy a sales charge on the purchase of its shares.

**Nominal Yield:** The stated rate of interest that a bond pays its current owner, based on par value of the security. It is also known as the "coupon", "coupon rate", or "interest rate".

**Offer:** An indicated price at which market participants are willing to sell a security or commodity. Also referred to as the "ask price".

**Open Market Operations:** Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

**Par:** Face value or principal value of a bond, typically \$1,000 per bond.

**Portfolio:** Collection of securities held by an investor.

**Positive Yield Curve:** A chart formation that illustrates short-term securities having lower yields than long-term securities.

**Premium:** The amount by which the price paid for a security exceeds the security's par value.

**Prime Rate:** A preferred interest rate charged by commercial banks to their most creditworthy customers. Many interest rates are keyed to this rate.

**Primary Dealer:** A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to it, informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities broker-dealers, banks and a few unregulated firms.

**Principal:** The face value or par value of a debt investment. Also may refer to the amount of capital invested in a given security.

**Prospectus:** A legal document that must be provided to any prospective purchaser of a new securities offering registered with the SEC. This can include information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements.

**Prudent Person Rule:** An investment standard outlining the fiduciary responsibilities of public fund investors relating to investment practices.

**Qualified Public Depositories:** A financial institution which does not claim exemption from the payment of any sales or compensating use of ad valorem taxes under the laws of the state, which has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability and which has been approved by the Public Deposit Protection Commission to hold public deposits.

**Rate of Return:** The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

**Reinvestment Risk:** The risk that a fixed income investor will be unable to reinvest income proceeds from a security holding at the same rate of return currently generated by that holding.

**Repurchase Agreement (RP or REPO):** An agreement of one party to purchase securities at a specified price from a second party and simultaneous agreement by the first party to resell the securities at a specified price to the second party on demand or at a specified date.

**Safekeeping:** Holding of assets (e.g. securities) by a financial institution.

**SEC Rule 15C3-1:** See uniform net capital rule.

**Secondary Market:** A market made for the purchase and sale of outstanding issues following the initial distribution.

**Securities & Exchange Commission:** Agency created by Congress to protect investors in securities transactions by administering securities legislation.

**Serial Bond:** A bond issue, usually of a municipality, with various maturity dates scheduled at regular intervals until the entire issue is retired.

**Sinking Fund:** Money accumulated on a regular basis in a separate custodial account that is used to redeem debt securities or preferred stock issues.

**Swap:** Trading one asset for another.

**Term Bond:** Bonds comprising a large part of all of a particular issue which come due in a single maturity. The issuer usually agrees to make periodic payments into a sinking fund for mandatory redemption of term bonds before maturity.

**Total Return:** The sum of all investment income plus changes in the capital value of the portfolio. For mutual funds, return on an investment is composed of share price appreciation plus any realized dividends or capital gains. This is calculated by taking the following components during a certain time period. (Price Appreciation) + (Dividends paid) + (Capital gains) = Total Return

**Treasury Bills:** A non-interest-bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year in minimum denominations of \$10,000.00. The yields on bills are monitored closely in the money markets for signs of interest rate trends.

**Treasury Bond:** Long-term U.S. Treasury securities having initial maturities of more than ten years.

Treasury Notes: Intermediate term coupon bearing U.S. Treasury securities having initial maturities from one to ten years. Currently, the longest outstanding maturity for such securities is 30 years.

Uniform Net Capital Rule: Securities and Exchange Commission requirement that member firm as well as nonmember broker-dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities. This is one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

Volatility: A degree of fluctuation in the price and valuation of securities.

Volatility Risk Rating: A rating system to clearly indicate the level of volatility and other non-credit risks associated with securities and certain bond funds. The ratings for bond funds range from those that have extremely low sensitivity to changing market conditions and offer the greatest stability of the return (“aaa” by S&P; “V-1” by Fitch) to those that are highly sensitive with currently identifiable market volatility risk (“ccc” by S&P, “V-10” by Fitch).

Weighted Average Maturity (WAM): The average maturity of all the securities that comprise a portfolio. According to SEC rule 2A-7, the WAM for SEC registered money market mutual funds may not exceed 90 days and no one security may have a maturity that exceeds 397 days.

When ~~issued~~-Issued (WI): A conditional transaction in which an authorized new security has not been issued. All “when issued” transactions are settled when the actual security is issued.

Yield: The rate of annual income return on an investment, expressed as a percentage. (a) Income Yield is obtained by dividing the current dollar income by the current market price of the security. (b) Net Yield or Yield to Maturity is the current income yield minus any premium above par or plus any discount from par on purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

Yield-to-~~call~~-Call (YTC): The rate of return an investor earns from a bond assuming the bond is redeemed (called) prior to its nominal maturity date. Yield Curve-A graphic representation that depicts the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity. A normal yield curve may be alternatively referred to as a positive yield curve.

Yield-to-maturity: The rate of return yielded by a debt security held to maturity when both interest payments and the investor’s potential capital gain or loss are included in the calculation of return.

Zero-~~coupon~~-Coupon Securities: Security that is issued at a discount and makes no periodic interest payments. The rate of return consists of a gradual accretion of the principal of the security and is payable at par upon maturity.

PREFACE

---

The purpose of this document is to set forth specific investment policy and strategy guidelines for the City of Rollingwood in order to achieve the goals of safety, liquidity, yield, and public trust for all investment activity. The City Council of the City of Rollingwood shall review its investment strategies and policy not less than annually. This policy serves to satisfy the statutory requirement (specifically the Public Funds Investment Act, Chapter 2256 of Title 10 of the Government Code (the “Act”) to define, adopt and review a formal investment strategy and policy.

It is the policy of the City of Rollingwood, Texas that, giving due regard to the safety and risk of investment, all available funds shall be invested in conformance with State and Federal regulations, applicable Bond Resolution requirements, adopted Investment Policy and adopted Investment Strategy.

Effective investment strategy development coordinates the primary objectives of the City of Rollingwood’s Investment Policy and cash management procedures with investment security risk/return analysis to enhance interest earnings and reduce investment risk and aggressive cash management to increase the available “investment period”. Maturity selections shall be based on cash flow and market conditions to take advantage of interest earnings as a viable and material revenue to all City of Rollingwood funds. The City of Rollingwood’s portfolio shall be designed and managed in a manner responsive to the public trust and consistent with the Investment Policy.

Each major fund type has varying cash flow requirements and liquidity needs. Therefore, specific strategies shall be implemented considering the fund’s unique requirements.

## INVESTMENT STRATEGY

The City of Rollingwood maintains a pooled investment portfolio that utilizes specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolio. In order to minimize risk of loss due to interest rate fluctuations, investment maturities will not exceed the anticipated cash flow requirements of the funds. The composite portfolio will have a dollar-weighted average maturity of 365 days or less. This dollar-weighted average maturity will be calculated using the stated final maturity dates of each security. Investment guidelines by fund-type are as follows:

- Investment strategies for operating funds have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The secondary objective is to create a portfolio structure that will experience minimal volatility during economic cycles. This may be accomplished by purchasing high quality, short- to medium-term securities that will complement each other in a laddered structure.
- Investment strategies for debt service funds shall have as the primary objective the assurance of investment liquidity adequate to cover the debt service obligations on the required payment date. Securities purchased shall not have a stated final maturity date which exceeds the debt service payment date, or funds shall be maintained in an investment pool or money market mutual fund to be available for debt service payments.
- Investment strategies for bond funds and for debt service reserve funds shall have as the primary objective the ability to generate a dependable revenue source to the appropriate fund from securities with a low degree of volatility. Except as may be required by the bond ordinance specific to an individual issue, securities should be of high quality, with short to medium term maturities.

# CITY OF ROLLINGWOOD INVESTMENT POLICY

## I. POLICY

It is the policy of the City of Rollingwood (City) that after allowing for the anticipated cash flow requirements of the City and giving due consideration to the safety and risk of investment, all available funds shall be invested in conformance with these legal and administrative guidelines and to the maximum extent possible, at the highest rates obtainable at the time of investment.

Effective cash management is recognized as essential to good fiscal management. Investment interest is a viable and material source of revenue to City funds. The City’s investment portfolio shall be designed and managed in a manner designed to maximize this revenue source, to be responsive to public trust, and to be in compliance with legal requirements and limitations.

Investments shall be made with the primary objectives of:

- \* Safety and preservation of principal
- \* Maintenance of sufficient liquidity to meet operating needs
- \* Maximization of yield on the portfolio
- \* Public trust from prudent investment activities

## II. PURPOSE

The purpose of this investment policy is to comply with Chapter 2256 of Title 10 of the Government Code which requires each city to adopt a written investment policy regarding the investment of its funds under its control. The Investment Policy addresses the methods, procedures and practices that must be exercised to ensure effective and judicious fiscal management of the City of Rollingwood funds.

## III. SCOPE

This Investment Policy shall govern the investment of all financial assets of the City of Rollingwood. These funds are accounted for in the City’s Comprehensive Annual Financial Report (CAFR) and include:

- General Fund
- Water Revenue Fund
- Wastewater Revenue Fund
- Special Revenue Funds
- Capital Projects Funds
- Enterprise Funds
- Trust and Agency Funds, to the extent not required by law or existing contract to be kept segregated and managed separately
- Debt Service Funds, including reserves and sinking funds, to the extent not required by law or existing contract to be kept segregated and managed separately
- Any new fund created by the City, unless specifically exempted from this Policy by the City Council or by law.

## IV. INVESTMENT OBJECTIVES

The City of Rollingwood shall manage its investments with the judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. Investment of funds shall be governed by the following investment objectives, in order of priority: (1) preservation and safety of principal; (2) liquidity; and (3) yield, with primary emphasis always being on safety of principal and liquidity. In addition to the investment objectives as provided herein all decisions regarding investment of public funds should be accomplished with the goal of ensuring public trust.

The City shall maintain a comprehensive cash management program which includes collection of accounts receivable, vendor payments in accordance with invoice terms, and prudent investment of available cash. Cash management is defined as the process of managing monies in order to ensure maximum cash availability and maximum yield on short-term investment of pooled idle cash.

### Safety

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit and interest rate risk.

- Credit Risk – The City will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:
  - Limiting investments to the safest types of securities
  - Pre-qualifying the financial institutions and broker/dealers with which the City will do business
  - Diversifying the investment portfolio so that potential losses on individual securities will be minimized.
- Interest Rate Risk – the City will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:
  - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity
  - Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools

### Liquidity

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrently with cash needs to meet anticipated demands. Because all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets. A portion of the portfolio will also be placed in money market mutual funds or local government investment pools which offer same day liquidity for short-term funds.

<sup>5</sup> The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed.

---

## Public Trust

All participants in the City's investment process shall seek to act responsibly as custodians of the public trust. Investment officials shall avoid any transaction which might impair public confidence in the City's ability to govern effectively.

## V. RESPONSIBILITY AND CONTROL

### Delegation of Authority

The Personnel Policies Handbook of the City of Rollingwood designates that the City Administrator shall be responsible for ensuring that all of the physical and monetary assets of the City are appropriately safeguarded and controlled and perform any duties of City Treasurer as required by the general laws of the State of Texas. Through the adoption of this policy, the City Administrator shall be designated as an investment officer who is responsible for the investment of the City's funds. The investment officer shall exercise the judgment and care, under prevailing circumstances, that a prudent person would exercise in the management of the person's own affairs. No person may engage in an investment transaction or the management of funds except as provided under the terms of this Investment Policy as approved by the City Council. The investment authority granted to the investment officer is effective until rescinded by the governing body.

### Training Requirement

The City Administrator or the Finance Manager shall attend an investment training session no less often than once every two fiscal years commencing February 1, 2006 and shall receive not less than 10 hours of instruction relating to investment responsibilities. The investment training session shall be provided by an independent source approved by the City Council. For purposes of this policy, an "independent source" from which investment training shall be obtained shall include a professional organization, an institute of higher learning or any other sponsor other than a business organization with whom the City of Rollingwood may engage in an investment transaction.

### Internal Controls

The Finance Manager is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the City Administrator shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points:

- Control of collusion.
- Separation of transactions authority from accounting and record keeping.
- Custodial safekeeping.
- Avoidance of physical delivery securities.
- Clear delegation of authority to subordinate staff members.
- Written confirmation for telephone (voice) transactions for investments and wire transfers.
- Development of a wire transfer agreement with the depository bank or third party custodian.

Prudence

The standard of prudence to be applied by the investment officer shall be the “prudent investor” rule which states: “Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived”. In determining whether an investment officer has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- The investment of all funds, or funds under the City’s control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment.
- Whether the investment decision was consistent with the written investment policy of the City.

Indemnification

The investment officer, acting in accordance with written procedures and exercising due diligence, shall not be held personally responsible for a specific security’s credit risk or market price changes, provided that these deviations are reported immediately and the appropriate action is taken to control adverse developments.

Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City.

An investment officer of the City who has a personal business relationship with an organization seeking to sell an investment to the City shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship. A statement required under this subsection must be filed with the Texas Ethics Commission and the governing body of the City.

**VI. SUITABLE AND AUTHORIZED INVESTMENTS**

Portfolio Management

The City shall utilize a “buy and hold” portfolio strategy. Maturity dates are matched with cash flow requirements and investments are purchased with the intent to be held until maturity. However, securities may be sold before they mature if market conditions present an opportunity for the City to benefit from the trade. Securities may be sold for the following reasons:

- A security with declining credit may be sold early to minimize loss of principal.
- A security swap would improve the quality, yield, or target duration in the portfolio.
- Liquidity needs of the portfolio require that the security be sold.

Investments

Assets of the City of Rollingwood may be invested in the following instruments; provided, however, that at no time shall assets of the City be invested in any instrument or security not authorized for investment under the Act, as the Act may from time to time be amended.

I. Authorized

1. Obligations of the United States of America, its agencies and instrumentalities.

2. Certificates of Deposit of state and national banks domiciled in Texas, a savings and loan association domiciled in the state, or a state or federal credit union domiciled in this state that is guaranteed or insured by the Federal Deposit Insurance or its successor or secured by obligations in a manner and amount provided by law for deposits of the investing entity.

3. Fully collateralized direct repurchase agreements with a defined termination date secured by obligations of the United States or its agencies and instrumentalities pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party selected and approved by the City. Repurchase agreements must be purchased through a primary government securities dealer, as defined by the Federal Reserve, or a bank domiciled in Texas. A Master Repurchase Agreement must be signed by the bank/dealer prior to investment in a repurchase agreement. All repurchase agreement transactions will be on a delivery vs. payment basis. Securities received for repurchase agreements must have a market value greater than or equal to 102 percent at the time funds are disbursed.

4. Money Market Mutual funds that are 1) registered and regulated by the SEC, 2) have a dollar weighted average stated maturity of 90 days or less, and 3) maintain a net asset value of \$1 for each share.

5. Government investment pools which 1) meet the requirements of Chapter 2256.016 of the Public Funds Investment Act, 2) are rated no lower than AAA or an equivalent rating by at least one nationally recognized rating service and 3) are authorized by resolution or ordinance by City Council. The government investment pool, TEXPOOL, a public investment pool established by the State of Texas, is expressly authorized as an authorized investment.

II. Not Authorized

Under no circumstances shall investments be made in interest-only or principal-only strips of obligations with underlying mortgage-backed security collateral, or in collateralized mortgage obligations with an inverse floating interest rate or a maturity date of over 10 years. Neither shall investments be made in obligations that are secured by these prohibited investments.

**VII. INVESTMENT PARAMETERS**

Maximum Maturities

The longer the maturity of investments, the greater their price volatility. Therefore, it is the City's policy to concentrate its investment portfolio in shorter-term securities in order to limit principal risk caused by changes in interest rates.

The City attempts to match its investments with anticipated cash flow requirements. The City will not directly invest in securities maturing more than three (3) years from the date of purchase; however, the

above--described obligations, certificates, or agreements may be collateralized using longer-dated investments.

Because no secondary market exists for repurchase agreements, the maximum maturity shall be 120 days. The composite portfolio will have a weighted average maturity of one (1) year or less. This dollar--weighted average maturity will be calculated using the stated final maturity dates of each security.

Diversification

The City of Rollingwood recognizes that investment risks can result from issuer defaults, market price changes or various technical complications leading to temporary illiquidity. Risk is controlled through portfolio diversification which shall be achieved by the following general guidelines:

1. Limiting investments to avoid overconcentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities)
2. Limiting investment in securities that have higher credit risks
3. Investing in securities with varying maturities
4. Continuously investing a portion of the portfolio in readily available funds such as local government investment pools (LGIPs), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

The following maximum limits, by instrument, are established for the City's total portfolio:

1. U.S. Treasury Securities .....	100%
2. Agencies and Instrumentalities .....	75%
3. Certificates of Deposits .....	50%
4. Repurchase Agreements .....	50%
5. Money Market Mutual Funds .....	50%
6. Authorized Pools .....	100%

VIII. SELECTION OF BANKS AND DEALERS

Depository

At least every five years a Depository shall be selected through the City's banking services procurement process, which shall include a formal request for proposal (RFP). The selection of a depository will be determined by competitive bid and evaluation of bids will be based on the following selection criteria:

- The ability to qualify as a depository for public funds in accordance with state and local laws.
- The ability to provide requested information or financial statements for the periods specified.
- The ability to meet all requirements in the banking RFP.
- Complete response to all required items on the bid form.
- Lowest net banking service cost, consistent with the ability to provide an appropriate level of service.
- The credit worthiness and financial stability of the bank.

<sup>9</sup>  
Authorized Brokers/Dealers

The City shall select dealers reporting to the Market Reports Division of the Federal Reserve Board of New York, also known as "Primary Government Security Dealers", or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).

All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the following as appropriate:

- audited financial statements
- completed broker/dealer questionnaire
- certification of having read and understood the City's investment policy and agreeing to comply with the policy

The governing body must adopt and annually review a list of qualified broker/dealers authorized to engage in investment transactions with the City.

### Competitive Bids

Competitive quotes must be taken from at least three qualifying institutions for any investment transaction. Investment transactions may be done orally but followed by electronic or written confirmation. Funds will be authorized to be released after notification that the purchased security has been received. Written confirmation shall be received from the financial institution or broker/dealer. All investments purchased will be held in safekeeping at a third-party custodial institution with a safekeeping receipt being sent to the City.

### Delivery vs. Payment

Securities shall be purchased using the delivery vs. payment method except for investment pools and mutual funds. Funds shall not be wired or paid until verification has been made that the correct security was received by the Trustee. The security shall be held in the name of the City or held on behalf of the City. The Trustee's records shall assure the notation of the City's ownership of or explicit claim on the securities. The original copy of all safekeeping receipts shall be delivered to the City.

## IX. SAFEKEEPING OF SECURITIES

### Safekeeping Agreement

The City shall contract with a bank or banks for the safekeeping of securities either owned by the City as part of its investment portfolio or held as collateral to secure demand or time deposits.

### Safekeeping

All securities owned by the City shall be held by its safekeeping agent, except the collateral for certificates of deposits in banks. The collateral for certificates of deposit in banks will be registered in the City's name in the bank's trust department or, alternatively, in a Federal Reserve Bank account in the City's name, or a third-party bank in the City's name, at the City's discretion. Original safekeeping receipts shall be obtained.

### Collateralization

Consistent with the requirements of the Public Funds Collateral Act, it is the policy of the City to require full collateralization of all City investments and funds on deposit with a depository bank, other than investments which are obligations of the U.S. government and its agencies and instrumentalities. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be 102% of market value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC or FSLIC. At its discretion, the City may require a higher level of collateralization for certain investment securities. Securities pledged as collateral shall be held by an independent third party

---

with whom the City has a current custodial agreement. The City Administrator is responsible for entering into collateralization agreements with third party custodians in compliance with this Policy.

The agreements are to specify the acceptable investment securities for collateral, including provisions relating to possession of the collateral, the substitution or release of investment securities, ownership of securities, and the method of valuation of securities. A clearly marked evidence of ownership (safekeeping receipt) must be supplied to the City and retained. Collateral shall be reviewed at least weekly to assure that the market value of the pledged securities is adequate.

Collateral Defined

The City of Rollingwood shall accept only the following securities as collateral:

- FDIC and FSLIC insurance coverage.
- A bond, certificate of indebtedness, or Treasury Note of the United States, or other evidence of indebtedness of the United States that is guaranteed as to principal and interest of the United States.
- Obligations, the principal and interest on which, are unconditionally guaranteed or insured by the State of Texas.
- A bond of the State of Texas or of a county, city or other political subdivision of the State of Texas having been rated as investment grade (investment rating no less than “A” or its equivalent) by a nationally recognized rating agency with a remaining maturity often (10) years or less.

Subject to Audit

All collateral shall be subject to inspection and audit by the City Administrator or the City’s independent auditors.

**X. PERFORMANCE**

Performance Standards

The City’s investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio shall be designed with the objective of obtaining a rate of return through budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow requirements of the City.

Performance Benchmark

It is the policy of the City to purchase investments with maturity dates coinciding with cash flow needs. Through this strategy, the City attempts to purchase the highest yielding allowable investments available on the market at that time. Market value will be calculated on a quarterly basis on all securities owned and compared to current book value of those securities to determine portfolio performance during that period of time. The City’s portfolio shall be designed with the objective of regularly meeting or exceeding the average rate of return on U.S. Treasury Bills at a maturity level comparable to the City’s weighted average maturity in days.

## XI. REPORTING

### Methods

The Investment Officer shall prepare an investment report on a quarterly basis that summarizes investment strategies employed in the most recent quarter and describes the portfolio in terms of investment securities, maturities, and shall explain the total investment return for the quarter.

The quarterly investment report shall include a summary statement of investment activity prepared in compliance with generally accepted accounting principles. This summary will be prepared in a manner which will allow the City to ascertain whether investment activities during the reporting period have conformed to the Investment Policy. The report will be provided to the City Administrator and City Council. The report will include the following:

- A listing of individual securities held at the end of the reporting period.
- Unrealized gains or losses resulting from appreciation or depreciation by listing the beginning and ending book and market value of securities for the period.
- Additions and changes to the market value during the period.
- Average weighted yield to maturity of portfolio as compared to applicable benchmark.
- Listing of investments by maturity date.
- Fully accrued interest for the reporting period
- The percentage of the total portfolio which each type of investment represents.
- Statement of compliance of the City's investment portfolio with state law and the investment strategy and policy approved by the City Council, including but not limited to review of rating changes in any investment and a review of market prices of investments, in compliance with Act Section 2256.005(b).

A formal annual review of the quarterly reports will be performed by an independent auditor with the results reported to the governing body.

### Marking to Market

Market value of all securities in the portfolio will be determined on a quarterly basis. These values will be obtained from a reputable and independent source and disclosed to the governing body quarterly in a written report.

## XII. INVESTMENT POLICY ADOPTION

The City of Rollingwood investment policy shall be adopted and amended by ordinance of the City Council. It is the City's intent to comply with state laws and regulations. The City's investment policies shall be subject to revisions to stay current with changing laws, regulations, and needs of the City. The policy shall be reviewed and adopted annually by the City Council and any changes or modifications must be approved by the City Council.

## GLOSSARY OF COMMON TREASURY TERMINOLOGY

Accrued Interest: The accumulated interest due on a bond as of the last interest payment made by the issuer.

---

**Agency:** A debt security issued by a federal or federally sponsored agency. Federal agencies are backed by the full faith and credit of the U.S. Government. Federally sponsored agencies (FSAs) are backed by each particular agency with a market perception that there is an implicit government guarantee. An example of federal agency is the Government National Mortgage Association (GNMA). An example of an FSA is the Federal National Mortgage Association (FNMA).

**Amortization:** The systematic reduction of the amount owed on a debt issue through periodic payments of principal.

**Asked:** The price at which securities are offered.

**Average Life:** The average length of time that an issue of serial bonds and/or term bonds with a mandatory sinking fund feature is expected to be outstanding.

**Basis Point:** A unit of measurement used in the valuation of fixed-income securities equal to 1/100 of a percent of yield. E.g., 1/4 of 1 percent is equal to 25 basis points.

**Bid:** The indicated price at which a buyer is willing to purchase a security or commodity.

**Book Value:** The value at which a security is carried on the inventory lists or other financial records of an investor. The book value may differ significantly from the security's current value in the market.

**Broker:** A broker brings buyers and sellers together for a commission paid by the initiator of the transaction or by both sides; he does not position. In the money market, brokers are active in markets in which banks buy and sell money and in interdealer markets.

**Callable Bond:** A bond issue in which all or part of its outstanding principal amount may be redeemed before maturity by the issuer under specified conditions.

**Call Price:** The price at which an issuer may redeem a bond prior to maturity. The price is usually at a slight premium to the bond's original issue price to compensate the holder for loss of income and ownership.

**Call Risk:** The risk to a bondholder that a bond may be redeemed prior to maturity.

**Cash Sale/Purchase:** A transaction which calls for delivery and payment of securities on the same day that the transaction is initiated.

**Certificate of Deposit (CD):** A time deposit with a specific maturity evidenced by a certificate. Large-denomination CDs are typically negotiable.

**Collateralization:** Process by which a borrower pledges securities, property, or other deposits for the purpose of securing the repayment of a loan and/or security.

**Commercial Paper:** An unsecured short-term promissory note issued by corporations, with maturities ranging from 2 to 270 days.

**Comprehensive Annual Financial Report (CAFR):** The official annual report for the City of Rollingwood. It includes combined statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provision, extensive introductory material, and a detailed statistical section.

---

**Convexity:** A measure of a bond's price sensitivity to changing interest rates. A high convexity indicates greater sensitivity of a bond's price to interest rate changes.

**Coupon Rate:** The annual rate of interest received by an investor from the issuer of certain types of fixed-income securities. Also known as the "interest rate".

**Credit Quality:** The measurement of the financial strength of a bond issuer. This measurement helps and investor to understand an issuer's ability to make timely interest payments and repay the loan principal upon maturity. Generally, the higher the credit quality of a bond issuer, the lower the interest rate paid by the issuer because the risk of default is lower. Credit quality ratings are provided by nationally recognized rating agencies.

**Credit Risk:** The risk to an investor that an issuer will default in the payment of interest and/or principal on a security.

**Current Yield (Current Return):** A yield calculation determined by dividing the annual interest received on a security by the current market price of that security.

**Dealer:** A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

**Debenture:** A bond secured only by the general credit of the issuer.

**Delivery Versus Payment:** There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is the delivery of securities with and exchange of a signed receipt for the securities.

**Derivative Security:** Financial instrument created from, or whose value depends upon, one or more underlying assets or indexes of asset values.

**Discount:** The amount by which the par value of security exceeds the price paid for the security.

**Discount Securities:** Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value, e.g., U.S. Treasury Bills.

**Diversification:** A process of investing assets among a range of security types by sector, maturity, and quality rating.

**Duration:** A measure of the timing of the cash flows, such as the interest payments and the principal repayment, to be received from a given fixed-income security. This calculation is based on three variables: term to maturity, coupon rate, and yield to maturity. The duration of a security is a useful indicator of its price volatility for given changes in interest rates.

**Fair Value:** The amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

**Federal Funds (Fed Funds):** Funds placed in Federal Reserve banks by depository institutions in excess of current reserve requirements. These depository institutions may lend fed funds to each other overnight or on a longer basis. They may also transfer funds among each other on a same-day basis through the Federal Reserve banking system. Fed funds are considered to be immediately available funds.

**Federal Funds Rate:** Interest rate charged by one institution lending federal funds to the other.

---

**Federal Credit Agencies:** Agencies of the Federal government set up to supply credit to various classes of institutions and individuals, e.g. S&Ls, small business firms, students, farmers, farm cooperatives, and exporters.

**Federal Deposit Insurance Corporation (FDIC):** A federal agency that insures bank deposits, currently up to \$250,000 per deposit.

**Federal Home Loan Banks (FHLB):** The institutions that regulate and lend to savings and loan associations. The Federal Home Loan Banks play a role analogous to that played by the Federal Reserve Banks vis-a-vis member commercial banks.

**Federal National Mortgage Association (FNMA):** FNMA, like GNMA, was chartered under the Federal National Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development, H.U.D. It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

**Federal Open Market Committee (FOMC):** Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member while the other Presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open-market as a means of influencing the volume of bank credit and money.

**Federal Reserve System:** The central bank of the United States created by Congress and consisting of a sevenmember Board of Governors in Washington, D.C., 12 regional banks and about 5,700 commercial banks that are members of the system.

**Government National Mortgage Association (GNMA or Ginnie Mae):** Securities guaranteed by GNMA and issued by mortgage bankers, commercial banks, savings and loan associations, and other institutions. Security holder is protected by full faith and credit of the U.S. Government. Ginnie Mae securities are backed by FHA, VA or FMHM mortgages. The term pass-through is often used to describe Ginnie Maes.

**Government Securities:** An obligation of the U.S. government, backed by the full faith and credit of the government. These securities are regarded as the highest quality of investment securities available in the securities market. See "Treasury Bills, Notes, and Bonds".

**Interest Rate:** See "Coupon Rate".

**Interest Rate Risk:** The risk associated with declines or rises in interest rates which cause an investment in a fixed-income security to increase or decrease in value.

**Internal Controls:** An internal control structure designed to ensure that the assets of the entity are protected from loss, theft, or misuse. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognized that 1) the cost of a control should not exceed the benefits likely to be derived and 2) the valuation of costs and benefits requires estimates and judgments by management. Internal controls should address the following points:

- Control of collusion – Collusion is a situation where two or more employees are working in conjunction to defraud their employer.
-

- Separation of transaction authority from accounting and record keeping – By separating the person who authorizes or performs the transaction from the people who record or otherwise account for the transaction, a separation of duties is achieved.
- Custodial safekeeping – Securities purchased from any bank or dealer including appropriate collateral (as defined by state law) shall be placed with an independent third party for custodial safekeeping.

**Inverted Yield Curve:** A chart formation that illustrates long-term securities having lower yields than short-term securities. This configuration usually occurs during periods of high inflation coupled with low levels of confidence in the economy and restrictive monetary policy.

**Investment Policy:** A concise and clear statement of the objectives and parameters formulated by an investor or investment manager for a portfolio of investment securities.

**Investment-Grade Obligations:** An investment instrument suitable for purchase by institutional investors under the prudent person rule. Investment-grade is restricted to those obligations rated BBB or higher by a rating agency.

**Liquidity:** A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow and reasonable size can be done at those quotes.

**Local Government Investment Pool (LGIP):** An investment by local governments in which their money is pooled as a method for managing local funds.

**Mark-to-market:** The process whereby the book value or collateral value of a security is adjusted to reflect its current market value.

**Market Risk:** The risk that the value of a security will rise or decline as a result of changes in market conditions.

**Market Value:** Current market price of a security.

**Master Repurchase Agreement:** To protect investors, many public investors will request that repurchase agreements be preceded by a master repurchase agreement between the investor and the financial institution or dealer. The master agreement should define the nature of the transaction, identify the relationship between the parties, establish normal practices regarding ownership and custody of the collateral securities during the term of the investment, provide remedies in the case of default by either party and clarify issues of ownership. The master repurchase agreement protects the investor by eliminating the uncertainty of ownership and hence, allowing investors to liquidate collateral if a bank or dealer defaults during the term of the agreement.

**Maturity:** The date on which payment of a financial obligation is due. The final stated maturity is the date on which the issuer must retire a bond and pay the face value to the bondholder. See “Weighted Average maturity”.

**Money Market:** The market in which short-term debt instruments (bills, commercial paper, bankers' acceptances, etc.) are issued and traded.

**Money Market Mutual Fund:** Mutual funds that invest solely in money market instruments.

---

**Mutual Fund:** An investment company that pools money and can invest in a variety of securities, including fixed-income securities and money market instruments. Mutual funds are regulated by the Investment Company Act of 1940.

**National Association of Securities Dealers (NASD):** A self-regulatory organization (SRO) of brokers and dealers in the over-the-counter securities business. Its regulatory mandate includes authority over firms that distribute mutual fund shares as well as other securities.

**Net Asset Value:** The market value of one share of an investment company, such as a mutual fund. This figure is calculated by totaling a fund's assets which includes securities, cash, and any accrued earnings, subtracting this from the fund liabilities and dividing this total by the number of shares outstanding. This is calculated once a day based on the closing price for each security in the fund's portfolio.

**No Load Mutual Fund:** A mutual fund which does not levy a sales charge on the purchase of its shares.

**Nominal Yield:** The stated rate of interest that a bond pays its current owner, based on par value of the security. It is also known as the "coupon", "coupon rate", or "interest rate".

**Offer:** An indicated price at which market participants are willing to sell a security or commodity. Also referred to as the "ask price".

**Open Market Operations:** Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

**Par:** Face value or principal value of a bond, typically \$1,000 per bond.

**Portfolio:** Collection of securities held by an investor.

**Positive Yield Curve:** A chart formation that illustrates short-term securities having lower yields than long-term securities.

**Premium:** The amount by which the price paid for a security exceeds the security's par value.

**Prime Rate:** A preferred interest rate charged by commercial banks to their most creditworthy customers. Many interest rates are keyed to this rate.

**Primary Dealer:** A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to it, informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities broker-dealers, banks and a few unregulated firms.

**Principal:** The face value or par value of a debt investment. Also may refer to the amount of capital invested in a given security.

**Prospectus:** A legal document that must be provided to any prospective purchaser of a new securities offering registered with the SEC. This can include information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements.

---

**Prudent Person Rule:** An investment standard outlining the fiduciary responsibilities of public fund investors relating to investment practices.

**Qualified Public Depositories:** A financial institution which does not claim exemption from the payment of any sales or compensating use of ad valorem taxes under the laws of the state, which has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability and which has been approved by the Public Deposit Protection Commission to hold public deposits.

**Rate of Return:** The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

**Reinvestment Risk:** The risk that a fixed income investor will be unable to reinvest income proceeds from a security holding at the same rate of return currently generated by that holding.

**Repurchase Agreement (RP or REPO):** An agreement of one party to purchase securities at a specified price from a second party and simultaneous agreement by the first party to resell the securities at a specified price to the second party on demand or at a specified date.

**Safekeeping:** Holding of assets (e.g. securities) by a financial institution.

**SEC Rule 15C3-1:** See uniform net capital rule.

**Secondary Market:** A market made for the purchase and sale of outstanding issues following the initial distribution.

**Securities & Exchange Commission:** Agency created by Congress to protect investors in securities transactions by administering securities legislation.

**Serial Bond:** A bond issue, usually of a municipality, with various maturity dates scheduled at regular intervals until the entire issue is retired.

**Sinking Fund:** Money accumulated on a regular basis in a separate custodial account that is used to redeem debt securities or preferred stock issues.

**Swap:** Trading one asset for another.

**Term Bond:** Bonds comprising a large part of all of a particular issue which come due in a single maturity. The issuer usually agrees to make periodic payments into a sinking fund for mandatory redemption of term bonds before maturity.

**Total Return:** The sum of all investment income plus changes in the capital value of the portfolio. For mutual funds, return on an investment is composed of share price appreciation plus any realized dividends or capital gains. This is calculated by taking the following components during a certain time period. (Price Appreciation) + (Dividends paid) + (Capital gains) = Total Return

**Treasury Bills:** A non-interest-bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year in minimum denominations of \$10,000.00. The yields on bills are monitored closely in the money markets for signs of interest rate trends.

**Treasury Bond:** Long-term U.S. Treasury securities having initial maturities of more than ten years.

---

**Treasury Notes:** Intermediate term coupon bearing U.S. Treasury securities having initial maturities from one to ten years. Currently, the longest outstanding maturity for such securities is 30 years.

**Uniform Net Capital Rule:** Securities and Exchange Commission requirement that member firm as well as nonmember broker-dealers in securities maintain a maximum ration of indebtedness to liquid capital of 15 to 1: also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities. This is one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

**Volatility:** A degree of fluctuation in the price and valuation of securities.

**Volatility Risk Rating:** A rating system to clearly indicate the level of volatility and other non-credit risks associated with securities and certain bond funds. The ratings for bond funds range from those that have extremely low sensitivity to changing market conditions and offer the greatest stability of the return (“aaa” by S&P; “V-1” by Fitch) to those that are highly sensitive with currently identifiable market volatility risk (“ccc” by S&P, “V-10” by Fitch).

**Weighted Average Maturity (WAM):** The average maturity of all the securities that comprise a portfolio. According to SEC rule 2A-7, the WAM for SEC registered money market mutual funds may not exceed 90 days and no one security may have a maturity that exceeds 397 days.

**When Issued (WI):** A conditional transaction in which an authorized new security has not been issued. All “when issued” transactions are settled when the actual security is issued.

**Yield:** The rate of annual income return on an investment, expressed as a percentage. (a) Income Yield is obtained by dividing the current dollar income by the current market price of the security. (b) Net Yield or Yield to Maturity is the current income yield minus any premium above par or plus any discount from par on purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

**Yield-to-Call (YTC):** The rate of return an investor earns from a bond assuming the bond is redeemed (called) prior to its nominal maturity date. **Yield Curve-A** graphic representation that depicts the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity. A normal yield curve may be alternatively referred to as a positive yield curve.

**Yield-to-maturity:** The rate of return yielded by a debt security held to maturity when both interest payments and the investor’s potential capital gain or loss are included in the calculation of return.

**Zero-Coupon Securities:** Security that is issued at a discount and makes no periodic interest payments. The rate of return consists of a gradual accretion of the principal of the security and is payable at par upon maturity.

# AGENDA ITEM SUMMARY SHEET

## City of Rollingwood

**Meeting Date: September 17, 2025**

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action regarding the adoption of a Capital Improvements Plan in accordance with Section 2-338 of the city's Code of Ordinances

**Description:**

Section 2-338 of the City's Code of Ordinances requires that the city establish, adopt, and maintain a Capital Improvements Plan that lists all capital improvement projects that are approved for the current fiscal year and for the five years following the current fiscal year.

Sections 2-339 through 2-345 discuss the details and requirements of the plan, the lists that are to be included, how projects are placed on each list, how funding is identified, and the annual review or revision of the plan. This plan will be brought back annually in conjunction with the budget for the following fiscal year, but projects can be added to the list throughout the year by the processes specified in the ordinance.

The 10-year expenditure planning document is Exhibit A of this plan. This document will serve to document capital items, while the lists on the Capital Improvements Plan will document capital projects.

**Action Requested:**

To review and take action on the proposed Capital Improvements Plan developed in accordance with Section 2-338 of the City's Code of Ordinances

**Fiscal Impacts:**

The plan details current and future capital projects that have current or future fiscal impacts.

*PART I - CODE OF ORDINANCES*  
*Chapter 2 - ADMINISTRATION*  
**ARTICLE V. - FINANCE**  
**DIVISION 4. CAPITAL IMPROVEMENTS PLAN**

**Fiscal Year 2025-2026**

**Description**

Per Section 2-338 of the City’s Code of Ordinances, *the city council shall establish, adopt, and maintain a capital improvements plan that lists all capital improvements projects that are approved for the current fiscal year and for the five years following the current fiscal year.*

**Definitions**

*Capital improvements project* means a new or expanded physical facility, as opposed to equipment or services that prudent management defines as routine maintenance or repair or operating budget items financed out of current revenue resources. The term "capital improvements project" includes:

- new construction of physical facilities intended for long-term usefulness and permanence;
- renovation, remodeling, major repair, or major maintenance of an existing facility;
- a major landscape improvement;
- land or one-time major equipment purchase;
- utility, street, or public park modification that affects numerous residences, businesses, or citizens; or
- other improvement that enhances the usefulness, productivity, or life expectancy of a new or existing city facility.

Any question regarding the identity of a particular project as a capital improvements project shall be decided by majority vote of the city council.

**Identification and Funding of Capital Improvements Projects**

Identification or funding for an approved project (including a project proposed by a board or commission) may be established or changed only by majority vote of the city council. The city council may revise the capital improvements plan, including adding or deleting projects from the UPL at any time by majority vote.

**Budgeting of Projects**

Only capital improvement projects approved by the city council for construction, establishment, or accomplishment in a particular fiscal year may be included in the budget or a budget amendment adopted by either the city or the city community development corporation for that fiscal year.

**Projected Long Term Asset Replacement**

In September 2023 the city council approved, for the first time, a 10 Year Expenditure Planning Document (as updated and included as Exhibit A). This document is designed to aid in the planning for annual budget needs for items that are not part of the base budget and are not an approved project. These items are requested by department heads to support the efficiency and effectiveness of city operations. This exhibit will be reviewed, updated and submitted to the city council for review and approval annually as part of the Capital Improvements Plan.

**Annual Review or Revision of Capital Improvements Plan**

The capital improvements plan shall be reviewed and may be revised or updated no less than once each fiscal year during the period when the operating budget for the subsequent fiscal year is being considered by the city council.

**Projected Long Term Asset Replacement  
10 Year Expenditure Planning**

Notes: Items are only listed with values of \$5,000 or more.

Estimated costs for subsequent fiscal years have been increased by 2% (or more for vehicles) per year from last known cost.

**Agenda Item:**

Discussion and possible action on a Budget Management and Review Policy

**Description:**

Staff has drafted a Budget Management and Review policy that serves as a framework of the city's budget process. This policy outlines:

- How budget requests are to be made by department directors
- The budget process from approval of the budget calendar to adoption
- The process for budget amendments, and
- The quarterly budget review process.

This policy was adopted the year before last, reapproved last year, and staff recommends that this policy be reviewed and approved annually in conjunction with budget approval.

**Action Requested:**

To consider approval of the Budget Management and Review Policy.

**Fiscal Impacts:**

No fiscal impact anticipated at this time.

## City of Rollingwood Budget Management and Review Policy

### I. Introduction

The city's budget process is designed to allow the Mayor and City Council to plan and control the total financial resources available to the city and the expenditures of those resources. This is a continuous process. Budgets are considered working plans to maximize the use of limited financial resources, for the effective management of city operations.

### II. Annual Budget Requests

Budget Requests must be prepared annually for each account by the responsible Department Head to request funding for their department for the fiscal year. After review by the Mayor and/or City Council Budget Liaison, and the City Administrator, a proposed budget is submitted for review and approval by the City Council.

The process of developing the city's annual budget is designed to promote transparency through the following procedures:

- The City Council will adopt a budget calendar at the beginning of the budget process each year. The calendar is reviewed and updated as needed.
- The city will hold a minimum of three budget workshops, open to the public.
- Base budgets of all funds are presented first, including the basic necessities for city operations.
- Exceptional items for all funds are considered and approved by the City Council after base budgets have been reviewed.
- Base budgets plus exceptional items will not exceed unexpended balance for each fund.
- Beginning balance will be calculated as the net of cash on hand, investments, projected revenue and projected expenditures.
- The reserve balance is based on average monthly projected expenditures and is calculated for the General Fund, Water Fund and Wastewater Fund.
  - The reserve balance for the General Fund will be at a minimum of 90 days operating expenditures, with a long-term goal not to exceed 7 months operating revenue.
  - The city will strive to meet the goal of 6 months reserve balance for the Water and Wastewater funds.
- Expenditures from the reserve balance are only to be used for one-time expenditures, not ongoing costs.
- The final tax rate should be chosen based on the expenditures presented.

After final approval by ordinance, the budget is entered in the city's financial system.

**III. Budget Amendments**

The budget may be amended periodically through actions of the City Council. Department Heads can request budget amendments by completing a written request to the City Administrator, which will be reviewed and submitted to the City Council for review and approval by ordinance. The budget amendment request should include the following information, by fund:

- Narrative justification for budget request
- Line item account number for both revenue and expenditure
- Amount to adjust
- Amended amount

All accounts must maintain a balanced budget at the major category level within the department. Any account with an over-expended budget balance may be frozen until a properly approved budget amendment is submitted and approved by ordinance of the City Council.

**IV. Budget Review**

The City Administrator will provide the City Council with the Monthly Financials, a monthly statement of its accounts. The Monthly Financials will be presented as near as practicable to the end of the previous month and must show the progress that has been made in relation to the budget.

On a quarterly basis, the City Council will comprehensively review the budget during a recurring agenda item on a regular City Council meeting agenda. The budget review will provide information on year to date actual expenditures and revenues in relation to budgeted amounts.

**V. Annual Review or Revision of Budget Management and Review Policy**

The Budget Management and Review Policy shall be reviewed and may be revised or updated no less than once each fiscal year during the period when the operating budget for the subsequent fiscal year is being considered by the city council.

Referral Letter from City of Austin-Office of the Chief Medical Officer

September 10, 2025

Chief Kristal Munoz,

Cardiac Arrest effects over 350,000 Americans every year and usually proves fatal. Survival of cardiac arrest outside of a hospital setting is estimated at less than 10%. Early, effective chest compressions and timely defibrillation are essential cornerstones in the Chain of Survival, a systematic approach to lifesaving treatments of patients in cardiac arrest.

On May 17, 2025, Law Enforcement officers from Rollingwood and West Lake Hills Police Departments responded to assist Fire and EMS for one such patient and were the first to the scene.

Officer Aaron Bruns quickly initiated high-quality chest compressions while another officer applied an AED and delivered a shock to the patient prior to the arrival of Fire and EMS. The immediate actions performed by Officer Bruns were crucial to the Chain of Survival and restoring the patient's pulse.

Due to the efforts of all first responders, including Officer Bruns, this patient was discharged just days later from St David's- South Austin Medical Center with no long-term negative effects.

Respectfully,

Heidi Abraham, MD

## BUDGET WORKSHOP

2. Discussion and update on the FY 2025-2026 Budget

Mayor Gavin Massingill announced that the budget is nearing its end and gave an overview of the budget workshop.

*Mayor Pro Tem Sara Hutson joined the meeting at 5:21 p.m.*

Mayor Gavin Massingill discussed the City’s revenue at the no new revenue rate, actual no new revenue rate, and voter approval rate calculated by Travis County Appraisal District. He also discussed the reserve balance and department unexpended balances.

Finance Director Abel Campos discussed how Travis County Appraisal District calculates the no new revenue rate, actual no new revenue rate, and voter approval rate. Members of City Council asked questions of Mr. Campos regarding the process. Mayor Gavin Massingill recommended

that City Council approve the actual no new revenue rate, which is the lowest rate that can be adopted.

Mayor Gavin Massingill began reviewing exceptional items starting with City staff's cost of living adjustment (COLA) percentages. He recommended approving the 2% and 3% totaling to a 5% cost of living adjustment. City Council generally supported providing City staff with a 5% cost of living adjustment.

Mayor Gavin Massingill discussed AF-3, an exceptional item for a half ton truck for the Public Works Department. City Council asked questions regarding budget impacts and generally supported approving AF-3. Mr. Massingill continued to discuss AF-4, an additional three-fourths or one ton truck for Public Works and City Council generally supported approving AF-4.

8. Discussion and possible action on an amendment to the city's Code of Ordinances to correct a scrivener's error in the Article and Division referenced in Section 101-94(a) - Site Plan Requirements

Council Member Brook Brown removed item 4 from the Consent Agenda.

**Council Member Brook Brown moved to approve items 5 through 8 on the Consent Agenda. Council Member Phil McDuffee seconded the motion. The motion carried with 5 in favor and 0 against.**

Council Member Brook Brown shared edits to the July City Council meeting minutes.

**Council Member Brook Brown moved to approve the meeting minutes from the July 16, 2025 City Council meeting minutes upon the changes mentioned. Mayor Pro Tem Sara Hutson seconded the motion. The motion carried with 5 in favor and 0 against.**

**REGULAR AGENDA**

9. Update and discussion regarding Water CIP Packages 1-4 and the Nixon/Pleasant and Hubbard/Hatley/Pickwick Drainage Projects

Greg Blackburn of K. Friese and Associates discussed that Nixon/Pleasant is almost completed and Hubbard/Hatley is estimated to be completed on October 8, 2025.

City Council and Greg Blackburn discussed road paving and striping.

10. Discussion and possible action on construction traffic on Almarion Way related to projects within the city limits of Austin

Arno Prodel, resident at 200 Almarion Way, discussed construction activity taking place in the City of Austin near his home. He mentioned that construction workers use Almarion Way as a shortcut to access the City of Austin property. He stated that construction trucks have blocked his driveway, parked in his driveway, and also impeded access to nearby homes. Mr. Prodel raised traffic and safety concerns and requested that the City Council take action to address the issue.

Police Chief Kristal Muñoz explained that the Police Department cannot prevent access to homes but they do enforce no through trucks. She discussed the possible use of implementing parking by permit only and confirmed that citations have been issued to the drivers.

City Administrator Alun Thomas explained that legal counsel recommended an ordinance to restrict access from a city street to a property located outside the City’s jurisdiction. City Council discussed this option, similar instances, and next steps.

Shanthy Jayakumar, resident at 3309 Park Hills Drive, discussed another instance in which there were construction drivers that accessed the City of Austin through by using the City’s streets.

**Council Member Kevin Glasheen moved to give the property owners notice that they are no longer allowed to have vehicle access from Almarion Way to their lots. Council Member Brook Brown seconded the motion. The motion carried with 5 in favor and 0 against.**

Members of Council continued discussion on possible solutions.

**Council Member Kevin Glasheen amended his motion to add no parking on Almarion Way for any City of Austin constructions projects. Council Member Phil McDuffee seconded the motion.**

Mayor Pro Tem Sara Hutson suggested broadening the restriction beyond Almarion Way and that parking access be restricted throughout the entire city for individuals conducting construction projects outside city limits. City Administrator Alun Thomas explained that the parking ordinance can be revisited in a future meeting.

**The motion carried with 5 in favor and 0 against.**

11. Discussion and possible action regarding appointment to fill a vacancy on the Park Commission

City Administrator Alun Thomas explained that the Park Commission has a vacancy and that the City has two applicants to fill the open position.

12. Update and discussion on the purchase of up to seven (7) license plate readers, in an amount not to exceed \$21,000, to monitor roadways entering Rollingwood

Mayor Gavin Massingill explained that the item is back to allow resident comment and feedback.

Council Member Kevin Glasheen explained that he supports the cameras because they will provide notification of stolen vehicles entering the City and help identify vehicles involved in crimes. He discussed a recent shooting in the City of Austin involving a stolen vehicle in which license plate readers could have been utilized.

Mayor Gavin Massingill explained that \$21,000 was tentatively approved for the cameras as an exceptional item and that final approval will be considered during the public hearing and budget adoption process.

Council Member Brook Brown shared concerns regarding Flock Safety's contract related to terms and conditions.

Council Member Alec Robinson reviewed data from an audit conducted by the City of Austin on their Flock Safety cameras. He continued to discuss the effectiveness of the system and expressed concerns regarding data retention.

Council Member Kevin Glasheen encouraged Council Member Brook Brown to work with Legal Counsel to work on the contract with Flock Safety. Members of Council continued to share concerns regarding the contract, negotiability, and privacy.

13. Discussion and possible action on the responsibility for the maintenance and operation of wastewater collection systems

City Administrator Alun Thomas discussed that there are three versions of the draft ordinance for consideration, one composing direction from City Council at the previous meeting, a version with additional edits by Council Member Brook Brown, and a version merging the changes from City Council and Council Member Brook Brown.

Council Member Brook Brown suggested delaying action on the item and discussed conflicts with the existing code regarding grinder pump replacement and rehabilitation. She suggested seeking guidance from Crossroads Utility Services on how to move forward, creating policies and expectations, and the need for overall education on grinder pump components. Council Member Kevin Glasheen stated that he agreed with Ms. Brown.

Mayor Gavin Massingill stated that the intent of the draft ordinance was to clarify responsibility of the grinder pumps between the city and homeowners.

Members of the City Council discussed items that should not be disposed of through toilets or garbage disposals.

Council Member Kevin Glasheen encouraged Council Member Brook Brown to create an ordinance and policies. Council Member Brook Brown agreed and stated that she will work with City staff and Crossroads Utility Services.

*Mayor Gavin Massingill moved back to Public Comments.*

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS, DECLARING THE UNOPPOSED CANDIDATES FOR THE OFFICES OF CITY COUNCIL MEMBERS AS ELECTED; PROVIDING THAT THE NOVEMBER 4, 2025, REGULAR MUNICIPAL GENERAL ELECTION SHALL NOT BE HELD; PROVIDING A VALIDITY CLAUSE; PROVIDING A SEVERABILITY CLAUSE; FINDING AND DETERMINING THAT THE MEETING AT WHICH THE ORDINANCE WAS PASSED WAS OPEN TO THE PUBLIC AS REQUIRED BY LAW; AND PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City Council of the City of Rollingwood, Texas, ordered a regular municipal election to be held on November 4, 2025, for the purpose of electing three City Council Members; and

**WHEREAS**, pursuant to Sections 143.007(c) and 146.054(b) of the Texas Election Code, the deadlines for filing applications for a place on the ballot and declarations of write-in candidacy for the City’s regular municipal election have expired; and

**WHEREAS**, the City Secretary, in accordance with Section 2.052 of the Texas Election Code, has certified in writing to the City Council that Brook Brown, Phil McDuffee, and Kevin Schell are all unopposed for election to the office of City Council Member; and

**WHEREAS**, the City Council hereby finds and determines that the candidates whose names are to appear on the ballot in said election are unopposed, there are no declared write-in candidates; and

**WHEREAS**, under these circumstances, Subchapter C, Chapter 2, Election Code, authorizes the City Council to cancel the general election and to subsequently declare the incumbent candidates elected to office as of the date/time the election of November 4, 2025, would have been officially canvassed by the City Council.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS:**

**SECTION 1.** That, the facts and matters set forth in the preamble of this ordinance are hereby adopted and found to be true and correct.

**SECTION 2.** That, in accordance with Section 2.053(a), Texas Election Code, the following unopposed candidates, Brook Brown, Phil McDuffee, and Kevin Schell are hereby declared duly elected to the respective offices shown and shall be issued a certificate of election following the date on which the regular municipal election for Mayor and City Council Members was to have been held.

**SECTION 3.** That, pursuant to Section 2.053 of the Texas Election Code, the regular general municipal election for City Council Members called and ordered by the City Council, shall not be held and is hereby cancelled.

**SECTION 4.** That, pursuant to Section 2.053 of the Texas Election Code, the City Secretary is hereby directed to cause a copy of the Election Cancellation Notice to be posted on Election Day, the same being November 4, 2025, at all polling places that would have been used in such election.

**SECTION 5. Validity.** That, all ordinances of the City of Rollingwood in conflict with the provisions of this ordinance be, and the same are hereby superseded and all other provisions of the ordinances of the City of Rollingwood not in conflict with the provisions of this ordinance shall remain in full force and effect.

**SECTION 6. Severability.** That should any paragraph, sentence, clause, phrase, or word of this ordinance be declared unconstitutional or invalid for any reason, the remainder of this ordinance shall not be affected.

**SECTION 7. Open Meeting.** That, it is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Section 551.001 et seq, of the Texas Government Code, and that advance public notice of the time, place and purpose of said meeting was given.

**SECTION 8. Effective Date.** That, this ordinance shall take effect immediately upon its passage, approval, and publication as provided by law, and it is accordingly so ordained.

PASSED AND APPROVED this \_\_\_\_ day of \_\_\_\_\_, 2025 at a regular meeting of the City Council of the City of Rollingwood, Texas.

**ORDINANCE NO. 2025-09-17-22**

**AN ORDINANCE AMENDING CHAPTER 107, SECTION 107-3 AND ADDING SECTION 107-85 OF THE CITY OF ROLLINGWOOD’S CODE OF ORDINANCES RELATED TO PLAYHOUSES AND PLAYSAPES; PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.**

**WHEREAS**, the City of Rollingwood is a General Law Type A City under the statutes of the State of Texas; and

**WHEREAS**, the Texas Local Government Code Chapter 211 provides authority to regulate the height, number of stories, and size of buildings and other structures such as playhouses and playscapes; and

**WHEREAS**, the City Council of the City of Rollingwood (“City Council”) finds that scale and placement of playhouses and playscapes can impact the character of residential neighborhoods by affecting the spacing between structures, visibility from adjacent properties, and overall aesthetic harmony; and

**WHEREAS**, the City Council finds and determines that playhouses and playscapes, particularly those of significant height or located near property lines, can impact the privacy and quiet enjoyment of adjacent properties by creating sightlines into private spaces and generating noise; and

**WHEREAS**, the City Council finds and determines that unregulated placement or oversized playhouses and playscapes may create safety concerns, obstruct views, or lead to neighborhood disputes regarding setbacks, visual impact, and compatibility with surrounding structures; and

**WHEREAS**, the City Council finds and declares that establishing reasonable regulations for the size and location of playhouses and playscapes is essential to maintaining the character of residential areas, minimizing conflicts between neighbors, and ensuring that such structures are safely and appropriately integrated within properties.

**NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS, THAT:**

**SECTION 1.** All the above premises are hereby found to be true and correct legislative and factual findings of the City Council and are hereby approved and incorporated into the body of this Ordinance as if copied in their entirety.

**SECTION 2.** Code Amendment. The following sections of the Rollingwood Code of Ordinances are hereby amended as follows with ~~strikethroughs~~ being deletions from the Code and underlines being additions to the Code:

Section 107-3 and 107-85 is amended as follows:

**Sec. 107-3. – Definitions.**

38 Playhouse means a freestanding structure with a roof supported by walls  
39 and is designed as a toy for children’s activities, which will not be supplied  
40 by utilities.

41 Playscape means a freestanding structure that is mostly unenclosed, has no  
42 solid floor at grade level or within 48 inches of grade, and is designed for  
43 children’s activities. A playscape typically consists of a swing, slide, and  
44 climbing walls or ladder.

45 **Sec. 107- 85 Playhouses and Playscapes.**

46 (a) Playhouses and playscapes are exempt from regulations for accessory  
47 buildings or structures, if they comply with the regulations outlined in  
48 this subsection.

49 (b) Playscapes may be in a required side or rear yard.

50 (c) Playhouses less than six (6) feet in height may be in a required side or  
51 rear yard

52 (d) Playhouses exceeding six (6) feet in height may be in a required side or  
53 rear yard if all of the following conditions are met:

54 (1) The maximum height, measured to the topmost part of the  
55 playhouse, does not exceed twelve (12) feet above natural grade;

56 (2) The total area of the playhouse shall not ~~exceed~~ encroach one  
57 hundred (100) square feet in a required rear yard and not to  
58 encroach fifty (50) square feet in a required side yard; and

59 (3) The playhouse must be set back at least six (6) feet from any  
60 property line.

61 (e) For corner lots a playhouse exceeding more than six (6) feet in height  
62 and no taller than twelve (12) feet in height, shall be allowed in both the  
63 required side yard and required rear yard so long as it is a minimum of  
64 sixteen (16) feet from the curb and no greater than one hundred (100)  
65 square feet of surface area.

66

67 **SECTION 3.** All provisions of the ordinances of the City of Rollingwood in conflict with  
68 the provisions of this ordinance are hereby repealed to the extent of such conflict, and all  
69 other provisions of the City of Rollingwood ordinances which are not in conflict with the  
70 provisions of this ordinance shall remain in full force and effect.

71 **SECTION 4.** Should any sentence, paragraph, sub-article, clause, phrase or section of this  
72 ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not  
73 affect the validity of this ordinance as a whole, or any part or provision thereof other than  
74 the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity  
75 of the Code of Ordinances as a whole.

76 **SECTION 5.** This ordinance shall take effect immediately from and after its passage and  
77 the publication of the caption, as the law and charter in such cases provide.

Public hearing, discussion, and possible action on an ordinance amending Chapter 107, Section 107-3 and adding Section 107-84 of the Rollingwood Code of Ordinances related to mechanical equipment

**Description:**

At the May 7, 2025, Planning and Zoning Commission meeting, the Commission voted 5-0 recommending approval of the proposed ordinance creating a definition for mechanical equipment (Sec. 107-3), along with corresponding placement guidelines for each (New Section 107- 84).

At the May 21, 2025, City Council meeting, Council Member Brook Brown moved to send the draft ordinance back to the Planning and Zoning Commission for consideration of the Council's comments regarding the location of mechanical equipment. Council Member Kevin Glasheen seconded the motion. The motion carried with 5 in favor and 0 against.

At the June 4, 2025, Planning and Zoning Commission Meeting, the Commission discussed the City Council's request regarding ordinance revisions. Commissioner Jerry Flemming proposed edits to the section on mechanical equipment, removing the phrase "(b) mechanical equipment is permitted in the required back yard" and adding "and the required rear yard." As a result, subsection (c) was renumbered to (b) to read: "(b) Mechanical equipment is permitted in the required side yard and rear yard subject to the following conditions:"

Commissioner Jerry Flemming made a motion to approve the edits that he made, and Commissioner Genie Nyer seconded the motion. The motion carried with 4 in favor and 1 abstention (Tony Stein).

# AGENDA ITEM SUMMARY SHEET

## City of Rollingwood

Meeting Date: September 17, 2025

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action on an ordinance amending Chapter 107, Section 107-3 and adding Section 107-85 of the Rollingwood Code of Ordinances related to Playhouses and Playscapes

**Description:**

At the June 4, 2025, Planning and Zoning Commission Meeting, the Commission discussed the request of the City Council in which Commissioner Jerry Flemming suggested edits to the definition of playscape, adding "at grade level nor within 48" of grade'. He also made edits to the area of a playhouse, suggesting that the total area of a playhouse shall not exceed 100 square feet in a required rear yard, rather than the 120 square feet as the City Council draft ordinance showed.

**Commissioner Jerry Flemming moved to approve the edits that he made, and Commissioner Genie Nyer seconded the motion. The motion carried with 4 in favor and 1 against (Tony Stein).**

At the September 3, 2025, Planning and Zoning Commission meeting, the Commissioners discussed public comments included in the meeting packet regarding properties that have larger side yards on corner lots and how the drafted language needed some more clarification. The word 'encroach' would be better suited to replace 'exceed' in Sec. 107-85(d)(2). Additionally, the drafted ordinance did not mention anything about corner lots.

**Commissioner Stein moved to recommend approval with the following changes:**

- 1. Adjust the definition of Playhouse to include *which will not be supplied by utilities*;**
- 2. Adjust Sec. 107-85(d)(2) by swapping the word 'exceed' with 'encroach' to read: *The total area of the playhouse shall not encroach one hundred (100) square feet in a required rear yard and shall not encroach fifty (50) square feet in a required side yard*;**
- 3. Add (e) to Sec. 107-85 to read: *For corner lots, a playhouse exceeding more than six (6) feet in height and no taller than twelve (12) feet in height shall be allowed in both the required rear yard and required side yard so long as it is a minimum sixteen (16) feet from the curb and no greater than one hundred (100) square feet of surface area.***

**Commissioner Bench seconded the motion. The motion carried with 6 in favor and 1 opposed (Brian Nash).**

**Action Requested:**

Discuss and consider approval of the ordinance amending Chapter 107, Section 107-3 and adding Section 107-85 of the Rollingwood Code of Ordinances related to Playhouses and Playscapes.

**Fiscal Impacts:**

No significant fiscal impacts anticipated at this time.

**ORDINANCE NO. 2025-09-17-22**

**AN ORDINANCE AMENDING CHAPTER 107, SECTION 107-3 AND ADDING SECTION 107-85 OF THE CITY OF ROLLINGWOOD’S CODE OF ORDINANCES RELATED TO PLAYHOUSES AND PLAYSAPES; PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.**

**WHEREAS**, the City of Rollingwood is a General Law Type A City under the statutes of the State of Texas; and

**WHEREAS**, the Texas Local Government Code Chapter 211 provides authority to regulate the height, number of stories, and size of buildings and other structures such as playhouses and playscapes; and

**WHEREAS**, the City Council of the City of Rollingwood (“City Council”) finds that scale and placement of playhouses and playscapes can impact the character of residential neighborhoods by affecting the spacing between structures, visibility from adjacent properties, and overall aesthetic harmony; and

**WHEREAS**, the City Council finds and determines that playhouses and playscapes, particularly those of significant height or located near property lines, can impact the privacy and quiet enjoyment of adjacent properties by creating sightlines into private spaces and generating noise; and

**WHEREAS**, the City Council finds and determines that unregulated placement or oversized playhouses and playscapes may create safety concerns, obstruct views, or lead to neighborhood disputes regarding setbacks, visual impact, and compatibility with surrounding structures; and

**WHEREAS**, the City Council finds and declares that establishing reasonable regulations for the size and location of playhouses and playscapes is essential to maintaining the character of residential areas, minimizing conflicts between neighbors, and ensuring that such structures are safely and appropriately integrated within properties.

**NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS, THAT:**

**SECTION 1.** All the above premises are hereby found to be true and correct legislative and factual findings of the City Council and are hereby approved and incorporated into the body of this Ordinance as if copied in their entirety.

**SECTION 2.** Code Amendment. The following sections of the Rollingwood Code of Ordinances are hereby amended as follows with ~~strikethroughs~~ being deletions from the Code and underlines being additions to the Code:

Section 107-3 and 107-85 is amended as follows:

**Sec. 107-3. – Definitions.**

38 Playhouse means a freestanding structure with a roof supported by walls  
39 and is designed as a toy for children’s activities, ~~which will not be supplied~~  
40 ~~by utilities.~~

41 Playscape means a freestanding structure that is mostly unenclosed, has no  
42 solid floor at grade level or within 48 inches of grade, and is designed for  
43 children’s activities. A playscape typically consists of a swing, slide, and  
44 climbing walls or ladder.

45 **Sec. 107- 85 Playhouses and Playscapes.**

46 (a) Playhouses and playscapes are exempt from regulations for accessory  
47 buildings or structures, if they comply with the regulations outlined in  
48 this subsection.

49 (b) Playscapes may be in a required side or rear yard.

50 (c) Playhouses less than six (6) feet in height may be in a required side or  
51 rear yard

52 (d) Playhouses exceeding six (6) feet in height may be in a required side or  
53 rear yard if all of the following conditions are met:

54 (1) The maximum height, measured to the topmost part of the  
55 playhouse, does not exceed twelve (12) feet above natural grade;

56 (2) The total area of the playhouse shall not ~~exceed~~ encroach one  
57 hundred (100) square feet in a required rear yard and ~~not to~~  
58 encroach fifty (50) square feet in a required side yard; and

59 (3) The playhouse must be set back at least six (6) feet from any  
60 property line.

61 (e) ~~For corner lots a playhouse exceeding more than six (6) feet in height~~  
62 ~~and no taller than twelve (12) feet in height, shall be allowed in both the~~  
63 ~~required side yard and required rear yard so long as it is a minimum of~~  
64 ~~sixteen (16) feet from the curb and no greater than one hundred (100)~~  
65 ~~square feet of surface area.~~

66

67 **SECTION 3.** All provisions of the ordinances of the City of Rollingwood in conflict with  
68 the provisions of this ordinance are hereby repealed to the extent of such conflict, and all  
69 other provisions of the City of Rollingwood ordinances which are not in conflict with the  
70 provisions of this ordinance shall remain in full force and effect.

71 **SECTION 4.** Should any sentence, paragraph, sub-article, clause, phrase or section of this  
72 ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not  
73 affect the validity of this ordinance as a whole, or any part or provision thereof other than  
74 the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity  
75 of the Code of Ordinances as a whole.

Discussion and possible action on an ordinance amending Chapter 107, Section 107-3 and adding Section 107-84 of the Rollingwood Code of Ordinances related to mechanical equipment

**Description:**

At the June 4, 2025, Planning and Zoning Commission Meeting, the Commission discussed the City Council's request regarding ordinance revisions. Commissioner Jerry Flemming proposed edits to the section on mechanical equipment, removing the phrase "(b) mechanical equipment is permitted in the required back yard" and adding "and the required rear yard." As a result, subsection (c) was renumbered to (b) to read: "(b) Mechanical equipment is permitted in the required side yard and rear yard subject to the following conditions:"

**Commissioner Jerry Flemming made a motion to approve the edits that he made, and Commissioner Genie Nyer seconded the motion. The motion carried with 4 in favor and 1 abstention (Tony Stein).**

At the September 3, 2025 Planning and Zoning Commission meeting, the Commission reviewed the drafted ordinance regarding mechanical equipment. Discussion focused on the concern that the primary issue with mechanical equipment is inadequate screening rather than its location or noise. The Commission also considered whether the definition of mechanical equipment should specify that such equipment is not considered a structure, since under the current code, these features are classified and reviewed as structures.

**Commissioner Brian Nash moved to recommend approval of the ordinance as written, with the deletion of Section 107-84(b)(1), which states: "A minimum setback of ten (10) feet from the property line is required." Commissioner Michael Hall seconded the motion. The motion carried with 5 in favor and 2 against (Jerry Flemming & Dave Bench).**

# Long-Term Pavement Priorities Plan

Rollingwood, Texas

Prepared for:

Prepared by:

Angellia Points, PE  
Matthew Henderson, PE

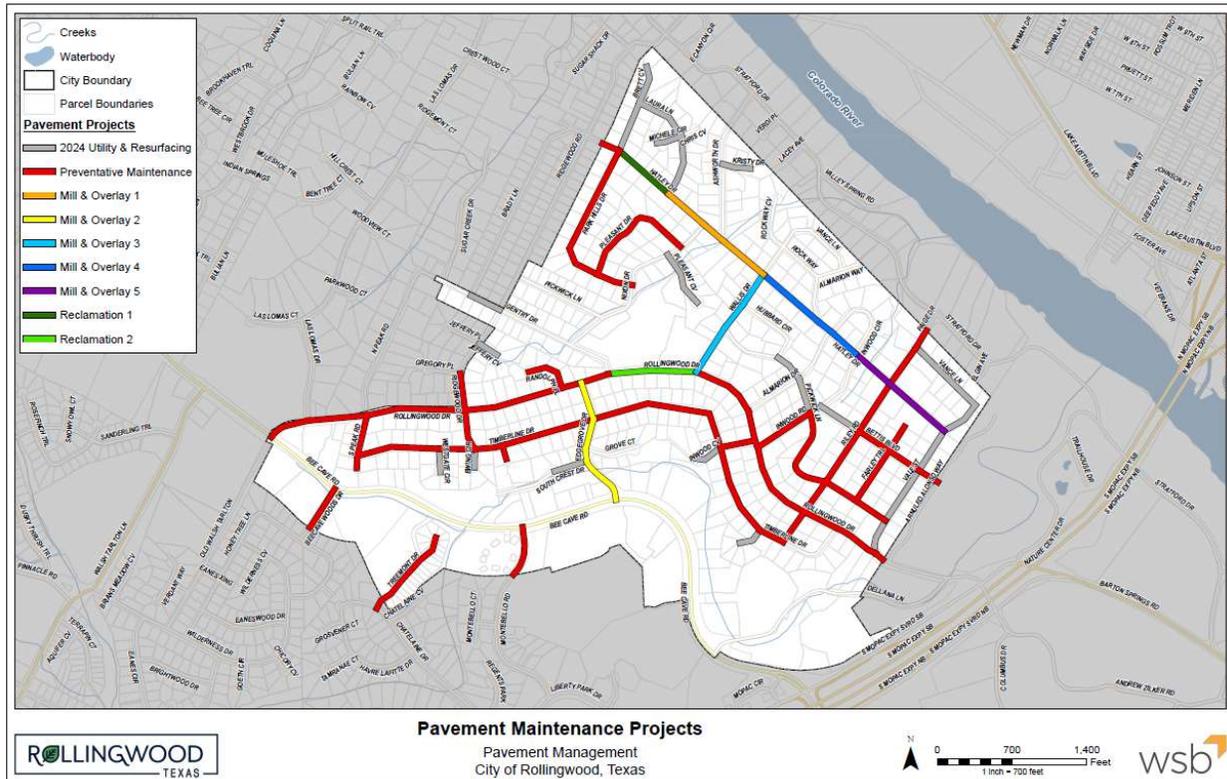

### I. Executive Summary

This memorandum summarizes Rollingwood’s top priorities for pavement maintenance using the 2023 Pavement Management Report and condition ratings.

This memo groups segments and recommends a specific treatment type in accordance with Scenario 3 as described in the 2023 Pavement Management Report. The recommended maintenance strategy is to maintain the City’s pavement in the current (2023) condition the City of Rollingwood is accustomed to over the next five years.

This memo provides the top-priority street maintenance groupings to accomplish that goal. Projects are grouped into three treatment types: preventative maintenance by rejuvenation, 2-inch mill and overlay, and reclamation as shown in the following map.

Figure I.A. Rollingwood Pavement Maintenance Priority Map

Although an annual budget of approximately \$275,000 to \$300,000 appears necessary to keep Rollingwood’s pavement in the current (2023) condition, the level of funding for street maintenance selection may vary over time. This prioritization is meant to give the City a list of scalable projects to accomplish as funding becomes available. Cost estimates and project scoping notes are included in this memorandum.

## II. 2023 Pavement Management Report Summary

The findings of the pavement inspection of the road segments in Rollingwood performed by WSB and completed in August 2023 were detailed in a 2023 Pavement Management Report. Pavement analysis was performed by WSB using the PAVER program to project the future condition of the City’s pavement and make maintenance recommendations.

Here is a summary of the October 2023 Pavement Management Report:

- 10.4 miles of city roads were evaluated in Rollingwood.
- Most bituminous roadways at the time of inspection were in Excellent or Good condition, but several are approaching a critical condition stage if no maintenance is done. The following table shows how much of the City’s pavement is in each condition category at the time of inspection.

Table II.A. 2023 Pavement Maintenance PCI Summary

Pavement Condition Index	Mileage	Percent of System by Area
Excellent Category (90.01 – 100.00)	2.8	27.5 %
Good Category (75.01 – 90.00)	6.0	58.8 %
Fair Category (58.01 – 75.00)	1.3	10.9 %
Poor Category (40.01 – 58.00)	0.3	2.8 %
Failed Category (0.00 – 40.00)	0.0	0.0 %
<b>TOTAL</b>	<b>10.4</b>	<b>100%</b>

- The weighted average Pavement Condition Index (PCI) for bituminous roads in Rollingwood in 2023 was 84.4. PCI is based on a 0 to 100 scale, with higher PCI values corresponding to better road conditions.
- Specific treatment types were recommended for the specific PCI rating of each roadway.

### Methodology to Maintain Current Average PCI (Scenario 3)

Funding and Maintenance Scenario 3 from the 2023 Pavement Management Report examined what budget would be needed to maintain an average PCI of 84.4 over the life of the City’s Capital Improvement Plan (CIP). If funds are spent optimally, the 2023 model showed that an annual budget of approximately \$275,000-\$300,000 is needed to ensure an average PCI of 84.4 is achieved each year until 2028. However, City funding and capacity change over time.

To maintain Rollingwood’s PCI, WSB recommends prioritizing extensive preventative maintenance on “Good” condition segments to extend the life and condition of these segments. The City has many roads in this condition category and it is important to preserve these segments before they require more costly repairs. WSB recommends then addressing the “Fair” condition segments with a more structural improvement. Lastly, “Poor” condition streets can be restored with a more robust treatment to address any larger structural concerns before a full reconstruction is required.

### III. Approach to Rollingwood's Pavement Maintenance Priorities

WSB acknowledges the City of Rollingwood has a current and ongoing water bond program that affects many of the City’s roadways. The City proactively required any pavement disturbed by the water bond program projects to be milled and overlaid as part of the waterline project(s). The City also has two drainage improvement projects that have or will impact roadways. Those projects included the following:

- Water CIP Bond Program Packages 1-4: Numerous streets throughout the City, each milled and receiving 2” of new Type D HMAc.
- Hubbard-Hatley Drainage Improvements: Trench area asphalt repair.
- Nixon-Pleasant Drainage Improvements: Full-depth pavement repair with some areas receiving a 0-2” mill and overlay repair.

Before considering future pavement maintenance projects, WSB modified the City’s PAVER database to reflect the new Pavement Condition Index (PCI) for each newly overlaid street affected by the waterline and drainage projects. As a result, each newly milled and overlaid road was re-classified to the “Excellent” condition category. Therefore, the recommended pavement maintenance priorities will not involve maintenance on any of the newly repaired segments.

With the 2024 utility projects, the revised pavement condition indices by category are shown below.

*Table II.B. Revised Pavement Maintenance PCI Summary Post-Utility Projects*

<b>Pavement Condition Index</b>	<b>Mileage</b>	<b>Percent of System by Area</b>
Excellent Category (90.01 – 100.00)	3.9	37.1 %
Good Category (75.01 – 90.00)	5.0	50.1 %
Fair Category (58.01 – 75.00)	1.2	9.9 %
Poor Category (40.01 – 58.00)	0.3	2.8 %
Failed Category (0.00 – 40.00)	0.0	0.0 %
<b>TOTAL</b>	<b>10.4</b>	<b>100%</b>

All other remaining streets and their corresponding PCI ratings were considered when creating priority groupings for pavement maintenance.

Timing is important when considering which segment should receive maintenance. Over time, every street segment deteriorates. An appropriate fix for a street now will likely not be the most effective treatment in several years. WSB considered standard pavement degradation when prioritizing street repairs for the City but an inspection of each street should be completed before implementing any project to ensure no unexpected deterioration has occurred.

Also, not every street in Rollingwood is recommended to receive treatment at this time and therefore is not included in the priority lists. It is important to have contiguous, cost-effective groupings of streets from a pavement longevity perspective but also, more importantly, from a public relations perspective. Some streets may be in fair or good condition, but WSB

recommends waiting on treating a specific segment of the street to align with the adjoining segment, which may be in better condition.

### Maintenance Recommendations

WSB recommends Rollingwood proceed with a single, widespread preventative maintenance treatment project as their first priority. This treatment type can reach many segments across the City due to the lower unit cost. There are many options for pavement maintenance treatments. WSB recommends rejuvenation for Rollingwood's streets.

Secondly, the City has many roads in "Fair" condition. The PAVER model in Scenario 3 shows to improve many of these specific segments, especially before they reach the point where they will need a much more expensive repair. The recommended treatment for "Fair" condition streets is a 2" mill and overlay for the full width of the street.

Lastly, WSB recommends funding reclamation projects to repair and restore the worst segments in the City, which includes two segments with "Poor" condition ratings. "Poor" segments typically display deterioration through the entire pavement section. At this stage of a pavement's life, a mill and overlay is no longer a long-term solution. Reclamation projects are a cost-effective way to replace the entire pavement section.

WSB performed detailed pavement inspections of all City streets in 2023. However, visual assessments cannot capture subsurface conditions. Since the recommended maintenance strategies are based on these visual inspections, a pavement forensic study should be conducted less than two years before all major maintenance projects (mill/overlay and reclamation) to ensure the proper repair is implemented. Pavement forensics include pavement coring.

Pavement coring has been shown to save cities money by ensuring the proper and most cost-effective project is implemented. A road that looks like it may need to be reclaimed based only on a visual inspection may be a candidate for a much less costly mill/overlay project if coring reveals the underlying pavement and base is still in good condition. Conversely, coring may reveal that implementing a mill/overlay on a project that looks like it should receive one would be a waste of resources because a more robust repair is needed to repair poor base or underlying pavement. Pavement core data also assists engineers in properly designing mill/overlay and reclamation projects. The pavement forensic information can be used to determine how thick a layer should be milled/overlayed or if stabilizer is needed during a reclamation project. The cost of pavement coring varies greatly depending on location, quantity of cores needed, and how much analysis is needed but can be roughly estimated at \$300-\$500/core. The number of recommended cores will depend on the segments in question and the conditions encountered in the field. The recommended frequency of cores can be as much as a multiple cores per block (if conditions vary significantly and questionable pavement is encountered) to one core for every few blocks (if conditions are consistent and no surprises are encountered). The cost of pavement forensic coring is a small investment to make sure a major pavement repair is properly designed and implemented. If needed, WSB can assist Rollingwood with coring and forensics.

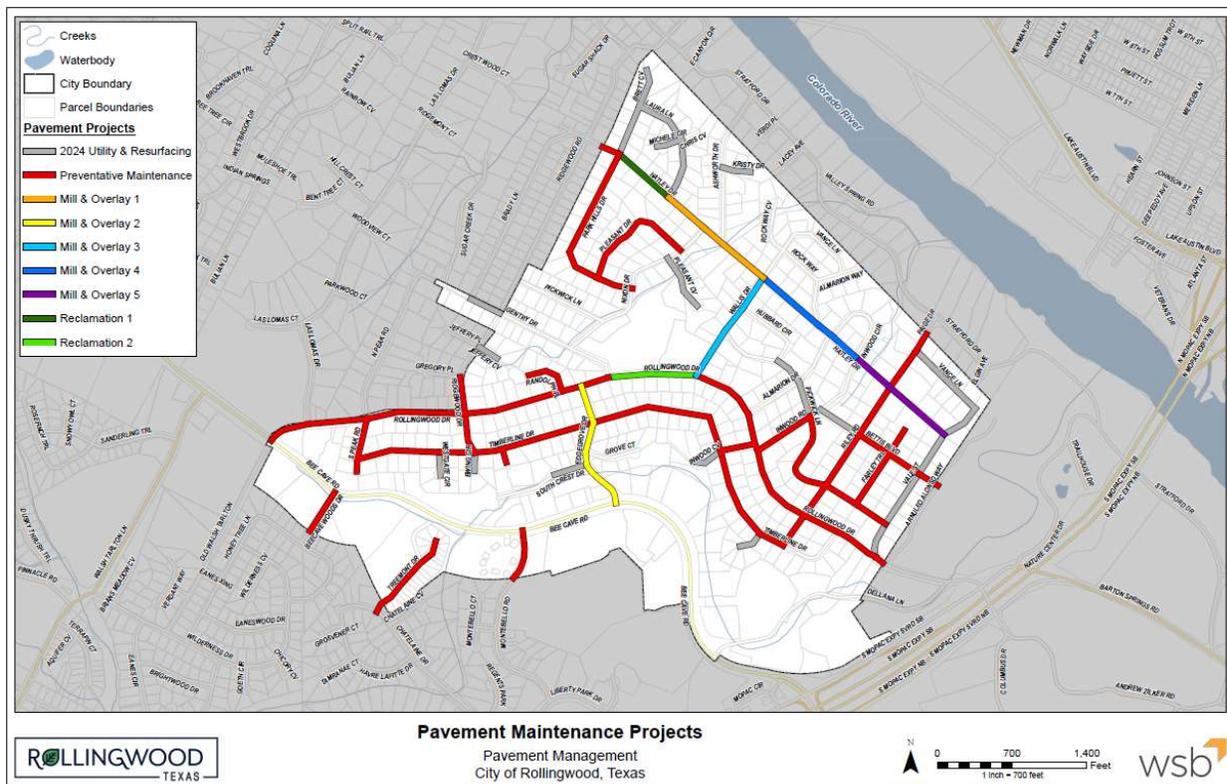

### IV. Pavement Maintenance Priorities

Considering the City’s ongoing and planned projects and the desire to maintain the 2023 PCI ratings as recommended in the Pavement Management Report, the following treatment types are in order of priority for pavement maintenance in the City of Rollingwood.

1. Preventative Maintenance
2. Mill and Overlay
3. Reclamation

See the following map for Rollingwood’s pavement maintenance program’s priority order.

Figure IV.A. Rollingwood Pavement Maintenance Priority Map

Unit costs by treatment type are based on previous project estimates and bids for similar work in the Central Texas Area. The cost estimates do not include any additional items, such as curb and gutter replacements, striping, or soft spot repairs.

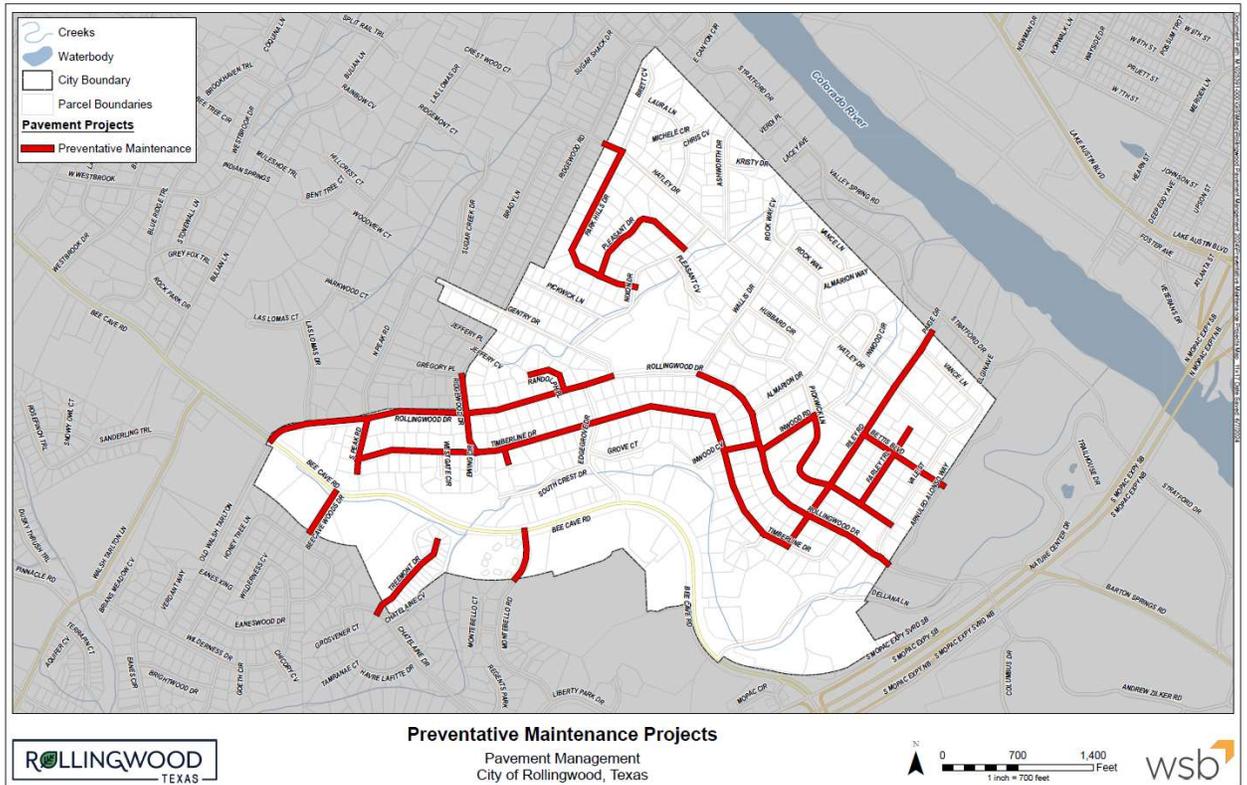

### Priority 1 - Preventative Maintenance

Preventative maintenance is defined as treatment to an existing road that will help preserve and protect the pavement, while also slowing oxidation and deterioration. This type of maintenance improves the condition of the system without increasing its structural capacity.

After considering current, ongoing, or planned projects as listed in the previous section, WSB identified all streets that warranted a preventative maintenance treatment, based on the street's PCI rating identifying as "Good" condition and corresponding notes/photos. Priority preventative maintenance streets are shown in red on the map below. This includes approximately 4.5 miles of streets, or approximately 43% of Rollingwood's streets.

Keep in mind, not every "Good" condition street in Rollingwood is recommended to receive treatment as a Priority 1 group, and therefore is not included in this priority map. It is important to have contiguous, cost-effective groupings of streets from a pavement longevity perspective but also, more importantly, from a public relations perspective. Treating a short block of pavement in a neighborhood can increase the price for mobilization and cause some confusion or complaints from residents.

Figure IV.B. Priority 1 Pavement Maintenance Map

Common preventative maintenance treatment options include fog seals, chip seals, and rejuvenation applications, in addition to crack sealing and pothole repairs. The City Staff may choose what they feel is best for their pavements. From experience and our knowledge of Rollingwood's streets, WSB recommends rejuvenation treatment for preventative maintenance. Rejuvenator has one of the lowest costs of any preventative maintenance options and has proven cost-effective. WSB has worked with other communities, including Central Texas communities, who have had great success with a rejuvenation treatment called Reclamite®. Rejuvenators like Reclamite® improve the durability of asphalt pavement by preventing or reversing the oxidation that causes asphalt binder to dry out and crack. They also help seal out harmful moisture.

#### Reclamite® Rejuvenator Information

Reclamite® is an asphalt rejuvenator used across the United States. It contains selected maltene fractions that penetrate the asphalt pavement's surface, rebalancing the chemistry of the oxidized asphalt. It improves the durability of the pavement near the surface by sealing out moisture, restoring the asphaltene/maltene balance, and restoring the aggregate and asphalt bond. It also tightens new asphalt pavements that are open due to poor compaction and seals the surface. Applied as part of a routine pavement management program, Reclamite® can greatly extend pavement life.

Before treatment, the contractor sweeps the pavement to be treated. Reclamite® is diluted with 2 parts rejuvenator to 1 part water and applied at application rates between 0.07 gallons per square yard and 0.10 gallons per square yard. Reclamite® cures between 20 minutes and one hour after application with ambient temperatures of 40 degrees Fahrenheit or warmer. The pavement is then sanded at an application rate of 1-2 lbs. per square yard. The sanding allows for traffic to be reintroduced to the road within 2 hours of the application of Reclamite®. The following day, sand is swept with regenerative sweepers to ensure a clean and uniform appearance.

Soliciting bids for pavement rejuvenation would be based on a performance specification. Bids could be solicited for a single project or on an "as-needed" basis over a five-year period. The award of a bid would be based on the vendor's product specifications, experience, cost, and references. The required specifications would be included in the bid package. Bidders would be allowed to submit alternatives to the specification, with the following requirements:

- (a) List the proposed alternative in the section of the Bid Form giving the product name and price.
- (b) Furnish complete specifications and descriptive literature for the alternate as well as a one-gallon sample of the material proposed for use. Such descriptive and detailed information shall be complete and at least

equal in detail to the city's requirements for the standard item for which the alternate is offered.

(c) Submit a current Material Safety Data Sheet for the alternate materials. The City will give the alternate consideration. The Contractor may furnish only those alternate items included in his proposal and approved by the City before the award of a contract.

If no alternate is indicated on the bid sheet, the Contractor shall furnish the standard specified in the attached specifications.

Rejuvenation treatment application photos. The brown to tan/yellow dye goes away within 10-20 minutes. There is no change to the roadway surface color except for the rejuvenated pavement.

Before and after rejuvenation treatment (typical conditions)

Post treatment example: London Lane, Cedar Park, Texas. London Lane was constructed around 1991 and received rejuvenation treatment in 2006, 2011, and 2017.

Preventative Maintenance Alternatives

Another preventative maintenance technique that Rollingwood could use is a thin overlay. This repair is often called a “Thinlay” and involves repaving a street with a layer of asphalt that is thinner than a traditional overlay. The thickness of a thin overlay is typically less than 2 inches. This thin layer of pavement does little to increase the structural capacity of the road or to repair existing distresses. However, it does temporarily provide a brand-new driving surface for a lower cost than other repaving projects. The longevity and success of this type of project varies greatly depending on the condition of the underlying pavement. While effective in some situations, thin overlays should not completely replace other preventative maintenance or mill/overlay projects implemented in the City. This type of treatment is significantly more expensive than surface treatments like rejuvenators.

Fog sealing and chip sealing are other examples of preventative maintenance. However, fog seal typically does not last as long or provide the long-term benefits of rejuvenators. Chip sealing is an effective preventative maintenance treatment and is one of the most widely implemented preventative maintenance techniques. However, the cost is still nearly double that of a rejuvenator application.

Patching can also be considered preventative maintenance, but it is usually implemented on small areas of severe distress. Additionally, patching a road to increase its PCI does not provide long-term structural improvement. Patching may be necessary to keep roads in serviceable condition, but it should not be considered routine maintenance for every road.

### *Estimated Priority 1 Streets Preventative Maintenance Cost*

Assuming all identified Priority 1 preventative maintenance streets are included in the scoped project, the estimated treatment cost is \$110,000 for rejuvenation treatment.

- Approximately 75,800 SY is the estimated quantity.
- The estimated unit cost for Reclamite® rejuvenation is \$1.30-\$1.50/SY. \$1.30/SY was used in the estimate.
- The unit cost includes evaluation by the qualified contractor to confirm applicability, distribution of letters/door hangers to each property along the project site, traffic control, pre-street sweeping, emulsion application, sand distribution, and next-day sweeping.
- The total cost of treatment of \$110,000 includes a 10% contingency.
- For the lowest unit price, we recommend all preventative maintenance streets be combined into one single project.
- This estimated cost does not include any additional work that the City may require in addition to pavement treatment.
- Typically, cracking seal before the treatment and restriping post-treatment is not required when using this type of rejuvenator.

### *Life of Treatment*

Rejuvenation is estimated to last approximately 5 to 7 years. However, the life of the treatment and condition of the roadway will depend on the loading on the road, types of vehicles on the road, overall structural condition of the road, and quality of the treatment application. Some streets may require re-treatment after 5 years. Others may not require treatment for 10+ years.

### *Other Notes*

In performing this treatment, it is recommended one half of the street be treated with traffic control for a one-way or shifted traffic. The remaining half of the street could be performed later in the day or the following day.

In the event rejuvenation is not recommended for a specific segment, this segment would need to be identified for an alternative treatment such as mill and overlay.

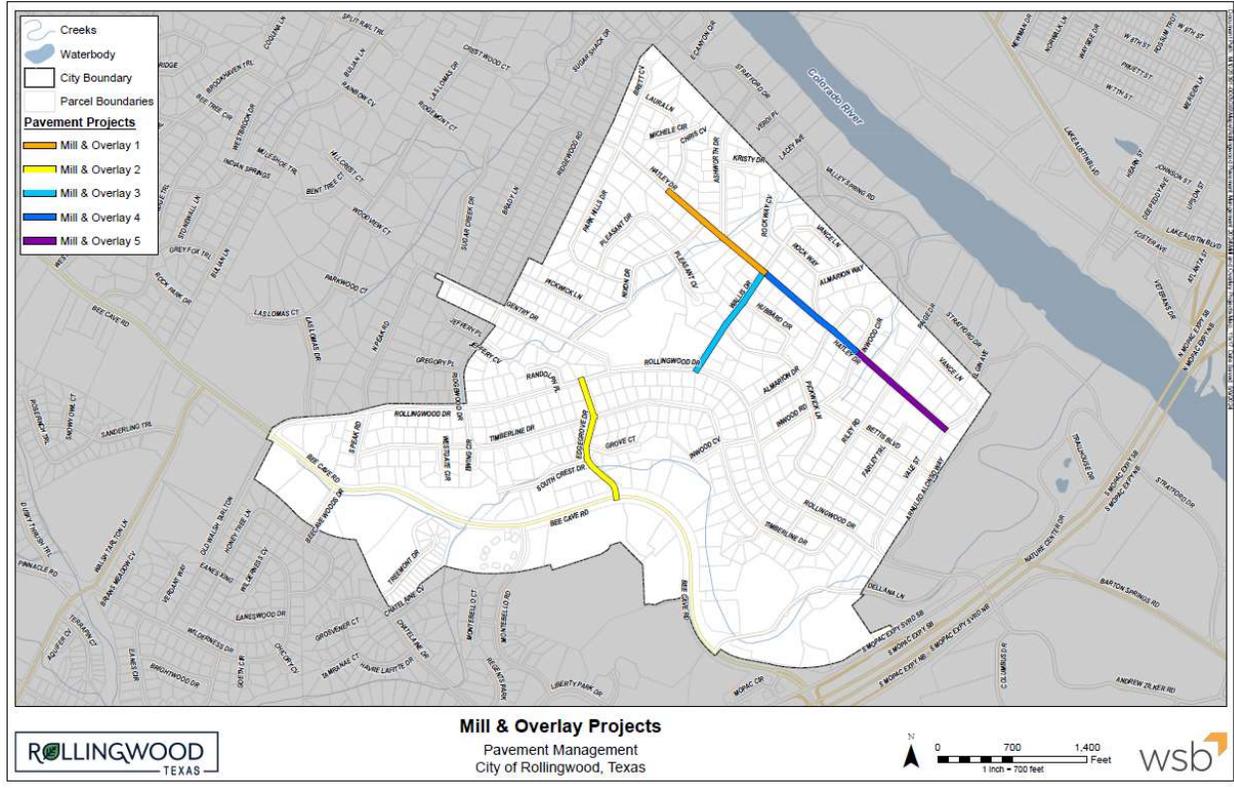

### Priority 2 - Mill and Overlay

The second priority for the City of Rollingwood is a mill and overlay to address “Fair” condition streets. An overlay involves placing a new layer of bituminous material on top of an existing asphalt surface. A mill and overlay project requires grinding all or a portion of the in-place asphalt surface and topping the ground surface with a bituminous wearing course. This rehabilitation strategy provides a structural improvement to the roadway. Typically, a mill and overlay is at least 2 inches in depth.

Priority 2 groups include the following streets to receive a 2-inch mill and overlay. A map of these streets is shown in the following figure. This includes an approximate total of 1.1 street miles. Due to cost, the City may consider the following priority groups of streets to be implemented over multiple fiscal years.

1. Hatley Drive between Laura Lane and Wallis Drive
2. Edgewood Drive between Rollingwood Drive and Bee Cave Road
3. Wallis Drive between Rollingwood Drive and Hatley Drive
4. Hatley Drive between Wallis Drive and Inwood Drive
5. Hatley Drive between Inwood Drive and Vale Street

Figure IV.C. Priority 2 Pavement Maintenance Map

Keep in mind, not every “Fair” condition street in Rollingwood is recommended to receive treatment in a Priority 1 or 2 group. It is important to have contiguous, cost-effective groupings of streets from a pavement longevity perspective but also, more importantly, for a public relations perspective. Treating a short block of pavement in a neighborhood can increase the price for mobilization and cause some confusion or complaints from residents.

#### *Estimated Priority 2 Streets Mill and Overlay Costs*

Depending on funding and priority, Priority 2 streets are listed below with their corresponding cost estimate to mill and overlay.

1. Hatley Drive between Laura Lane and Wallis Drive
  - 3,600 SY for \$125,000
2. Edgewood Drive between Rollingwood Drive and Bee Cave Road
  - 3,800 SY for \$135,000
3. Wallis Drive between Rollingwood Drive and Hatley Drive
  - 3,400 SY for \$120,000
4. Hatley Drive between Wallis Drive and Inwood Drive
  - 3,500 SY for \$125,000
5. Hatley Drive between Inwood Drive and Vale Street
  - 3,400 SY for \$120,000

These estimates include the following:

- The estimated unit cost for a 2-inch mill and overlay is \$31.49/SY in 2023 dollars.
- The unit cost includes 2-inch mill full width of the pavement, contractor owns and removes millings, 2 inches of new Type D HMAC, rolling compaction, and site clean-up.
- The total cost of treatment for each grouping includes a 10% contingency.
- For the lowest unit price, it is recommended that as much quantity possible should be used when bidding a project.
- This estimated cost does not include any additional work that the City may require in addition to pavement treatment.
- The estimated cost does not include any pavement coring as recommended on Page 4.

#### *Life of Treatment*

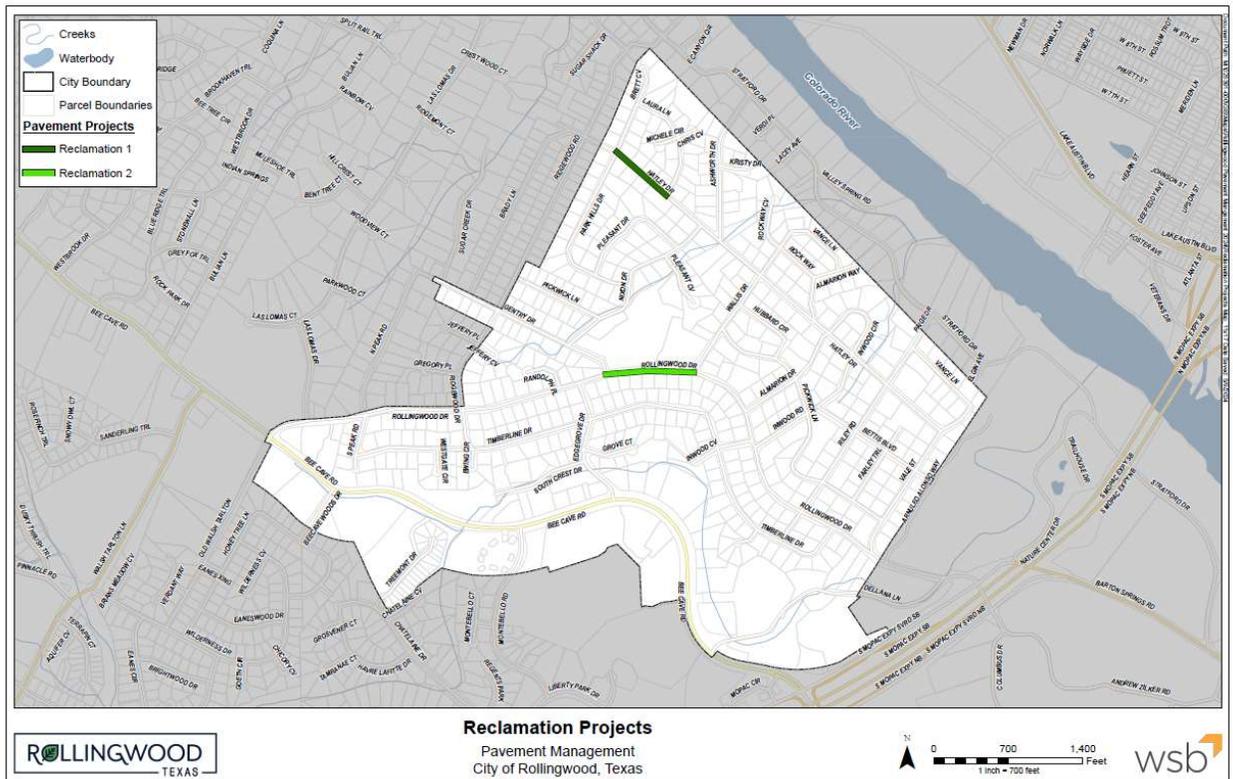

A 2-inch mill and overlay is estimated to last approximately 7-15 years. However, the life of the treatment and condition of the roadway will depend on the loading on the road, types of vehicles on the road, overall structural condition of the road, and quality of the treatment application. Some streets may require re-treatment after 7 years. Others may not require treatment for 15+ years. Additional pavement life can be achieved when the overlaid surface routinely receives preventative maintenance.

### Priority 3 - Reclamation

Addressing the City’s poorest road conditions last is the recommended strategy for pavement maintenance in Rollingwood. Two segments in Rollingwood have a “Poor” condition rating. WSB recommends reclamation treatment for these two segments, totaling 0.3 miles of streets.

1. Hatley Drive between Park Hills Drive/Brett Cove and Laura Lane
2. Rollingwood Drive between Gentry Drive and Wallis Drive

Figure IV.D. Priority 3 Pavement Maintenance Map

The most common types of reclamation are *full-depth reclamations (FDR)* and *stabilized full-depth reclamations (SFDR)*.

FDR involves pulverizing the full depth of bituminous and a portion of the underlying materials. That material then gets blended together and placed as a sound base for new pavement. Typically, FDR reclaim depth is 12 inches, although it can be as deep as 18 inches. Excess FDR mixture may be removed to allow 6-inch lifts compaction. Additional rock may need to be provided if the mixture is expected to be deficient in crushing or gradation. The reclaimed mixture can be topped with different types of surface course, depending on the structural requirements and anticipated traffic level. A layer of tack coat needs to

be applied before the surface treatment to provide good bonding between the FDR mixture and surface course.

SFDR involves the same process but includes mechanical, chemical, or bituminous stabilization. The typical minimum depth of stabilization is 4 inches, but it can go as deep as 6 inches. Mechanical stabilization involves the addition of new aggregate or recycled materials. Chemical stabilization includes the addition of lime, cement, fly ash, calcium chloride, or other proprietary products. The asphalt additives can be foamed asphalt or asphalt emulsion. These stabilizing agents if combined with additives, can help optimize the FDR performance.

WSB expects a traditional FDR treatment to be the most cost-effective for these Rollingwood streets. This assumes sufficient pavement and aggregate base layers are present in the current pavement section. Pavement forensics can confirm if a reclamation project is needed and provide additional information needed to properly specify the reclaim depth.

#### *Estimated Priority 3 Streets Reclamation Costs*

Depending on funding and priority, Priority 3 streets are listed below with their corresponding cost estimate for full-depth reclamation.

1. Hatley Drive between Park Hills Drive/Brett Cove and Laura Lane
  - 1,900 SY for \$120,000
2. Rollingwood Drive between Gentry Drive and Wallis Drive
  - 3,900 SY for \$250,000

These estimates include the following:

- The estimated unit cost for a full-depth reclamation is \$55.98/SY in 2023 dollars.
- The unit cost includes pulverizing the existing pavement, blending the pulverized pavement and underlying aggregate, removing excess blended material, compacting blended material, paving a new wear course layer, restriping, and site clean-up.
- The total cost of treatment for each of these two groups includes a 10% contingency.
- For the lowest unit price, it is recommended that as much quantity possible should be used when bidding/letting a project.
- This estimated cost does not include any additional work that the City may require in addition to pavement treatment.
- The estimated cost does not include any pavement coring as recommended on Page 4.

*Life of Treatment*

When implemented correctly, reclamation treatments completely reset the life of a road. A properly reclaimed road should provide 15-30 years of serviceable pavement but that can be extended to over 100 years if preventative maintenance and mill/overlay projects are routinely implemented. However, the life of the treatment and condition of the roadway will depend on the loading on the road, types of vehicles on the road, overall structural condition of the road, and quality of the treatment application.

It is highly recommended the City perform pavement forensics as recommended on Page 4 to confirm reclamation and the type of reclamation to be performed on these two segments before the investment is made in these streets.

### Prioritized Pavement Maintenance Costs

The following table includes the above-prioritized pavement maintenance recommendations and estimated costs. These cost estimates do not include ancillary items such as re-striping, curb and gutter replacements, manhole collars, etc. Additionally, these cost estimates are based on average unit costs for similar work. Project-specific needs will influence the actual cost of these projects. Additionally, all costs were estimated using typical current pricing. Future construction pricing is uncertain, and inflation may increase the price of this work, especially in the more distant future. If more detailed or expanded projects are desired, WSB can provide detailed project-specific cost estimates.

Table IV.A. Prioritized Pavement Maintenance Costs

Priority	Treatment Type	Location	Square Yards	Unit Cost	Estimated Cost	Budgetary Cost
1	Rejuvenation	City-wide	75,800	\$1.30	\$98,540	\$110,000
2A	Mill and Overlay	Hatley Drive between Laura Lane and Wallis Drive	3,600	\$31.49	\$113,364	\$125,000
2B	Mill and Overlay	Edgewood Drive between Rollingwood Drive and Bee Cave Road	3,800	\$31.49	\$119,662	\$135,000
2C	Mill and Overlay	Wallis Drive between Rollingwood Drive and Hatley Drive	3,400	\$31.49	\$107,066	\$120,000
2D	Mill and Overlay	Hatley Drive between Wallis Drive and Inwood Drive	3,500	\$31.49	\$110,215	\$125,000
2E	Mill and Overlay	Hatley Drive between Inwood Drive and Vale Street	3,400	\$31.49	\$107,066	\$120,000
3A	Full-Depth Reclamation	Hatley Drive between Park Hills Drive/Brett Cove and Laura Lane	1,900	\$55.98	\$106,362	\$120,000
3B	Full-Depth Reclamation	Rollingwood Drive between Gentry Drive and Wallis Drive	3,900	\$55.98	\$218,322	\$250,000
		<b>TOTAL</b>	<b>99,300</b>		<b>\$980,597</b>	<b>\$1,105,000</b>

In the 2023 Pavement Management Report, an annual allocation of \$250,000 to \$300,000 was the projected need to maintain the City’s PCI rating to the 2023 condition. However, if the above projects were implemented over a five-year period, the annual allocation would be about \$221,000. However, as project costs are higher or lower than this amount, WSB recommends a

separate Capital Improvement Fund balance be maintained for these pricing and project cost fluctuations year to year.

## V. Pavement Maintenance Project Notes

Rollingwood has many options at their disposal for pavement rehabilitation and preventative maintenance including reconstruction, reclamation, mill and overlays, and preventative maintenance that extend the life of a roadway. Each of these treatments should last several years and be cost-effective if correctly implemented at the right time. When developing a pavement maintenance project, the following are additional items to be considered.

### Scope of Projects

Bid prices can vary year to year, depending on asphalt/emulsion pricing, availability of materials, and the time of year for the project. When scoping projects, we recommend including alternative bids for lower-priority pavement maintenance segments to allow the City the maximum flexibility in awarding projects.

Bid items for pavement maintenance should include not only the actual maintenance item, but also mobilization, bonds and insurance, any recommended or required pre-street sweeping, adjustments to valves or manhole covers, striping, pavement markers, curb and gutter replacements, valley gutter replacements, etc. Contract documents should address traffic control, notifications and timing of activities, right-of-way preparation, who owns the pavement millings, how to address “soft spots” in the pavement or subgrade once exposed, post-construction site clean-up, and addressing contractor damage to property or infrastructure. It is also important to specify the quality of the material and any testing requirements.

WSB recommends bidding projects in the Spring of each year and plan for construction activity in the warmer months of the year. We have experience with the greatest success for maintenance projects if the contractor is under contract in the summer when school is out of session.

### Project Close-Out and Warranty

At the end of each pavement maintenance project, we recommend documenting project punch lists, final pay applications with remaining retainage, project acceptance date, and the warranty start date with the duration. Identify and set a calendar date on who and when a warranty walk-through will occur, typically 30 days before the warranty expiration date.

### Maintenance Logs

Finally, we recommend keeping a detailed log of all street maintenance implemented in the City. Recording information such as the type of maintenance activity, month and year of implementation, how much it cost, the materials used, the age of the road during implementation, and any other testing results on that segment can prove helpful in the future. Maintenance logs can help determine what is working well for a City and what is not. Similarly, if a recommended maintenance strategy is not working well, reviewing details of the activity can help reveal why. This data can also contribute to enhancing the assumptions utilized in future PAVER modeling. This will ensure future recommendations will be based on accurate scenarios.

### Untreated Streets

Keep in mind that not every street in Rollingwood is included in the top 3 priority treatment types or groupings. Segments categorized as being in “Excellent” condition are not shown in the priority groupings. There are some streets deemed “Good” or “Fair” condition that also are not included in the priority groupings. WSB recommends corrective maintenance on these segments to include pothole repairs, crack sealing, and street sweeping, as needed.

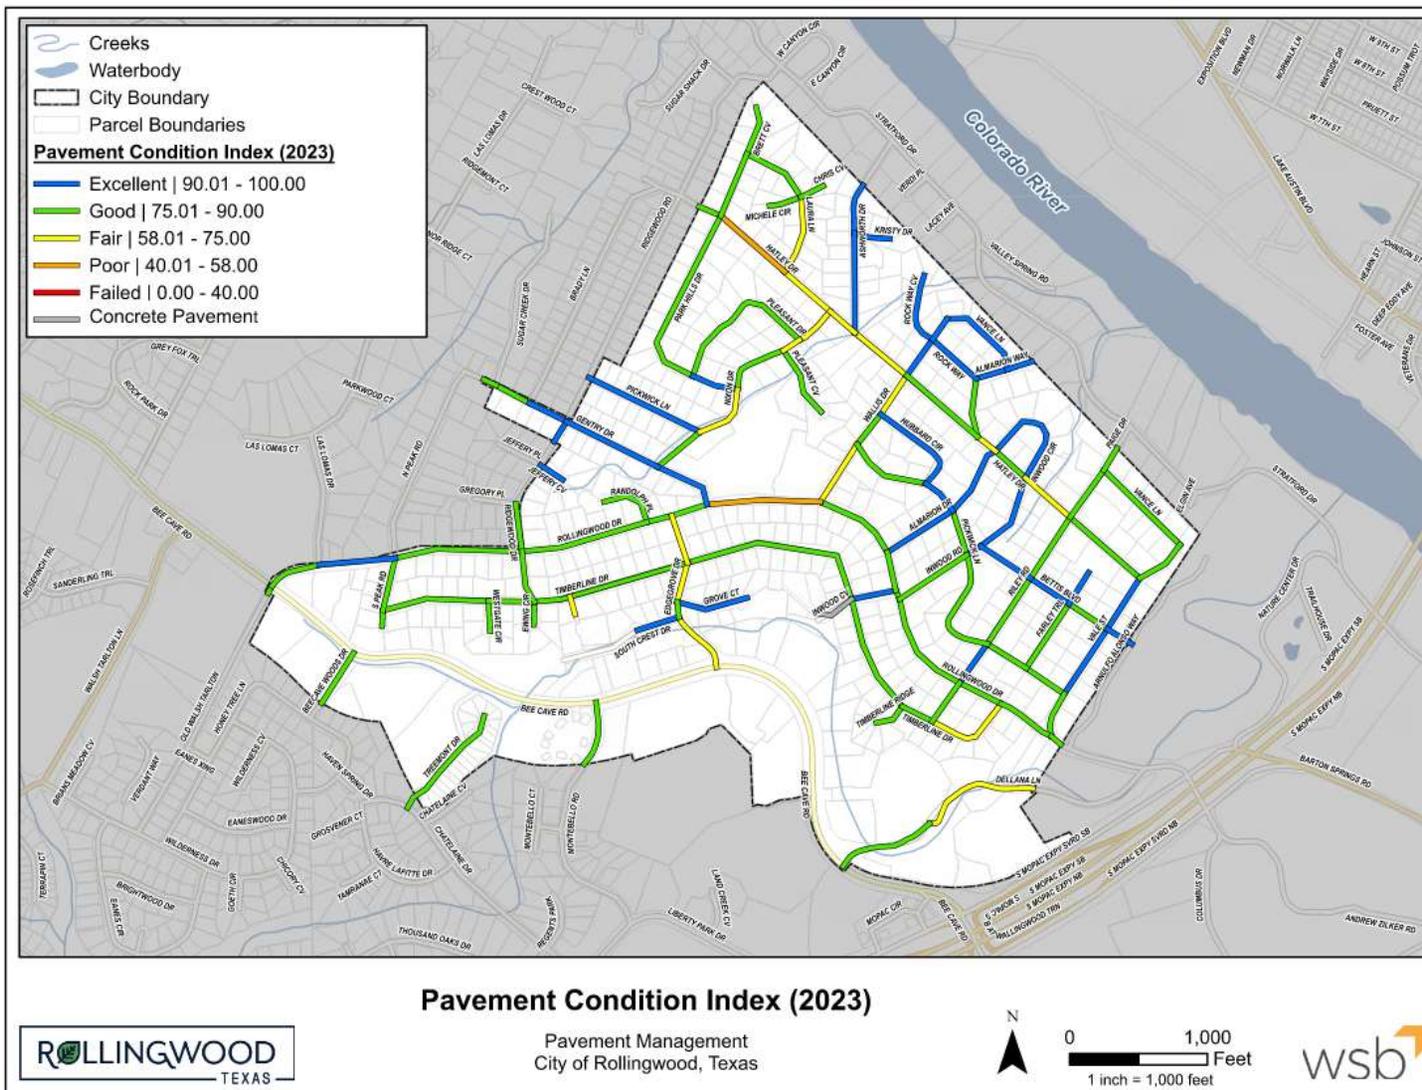

WSB recommends Rollingwood monitor all untreated streets over the next three to five years and continue to plan for annual pavement maintenance as part of the City’s annual budget.

Park Commission

**Agenda Item:**

Discussion and possible action a recommendation from the Park Commission to hire a landscape architect to design and define parking areas, plant trees, and landscape locations for park improvements for up to \$17,000 to be funded by RCDC

**Description:**

At the August Park Commission meeting, the Park Commission discussed the need to hire a landscape architect and to request funding from the RCDC. They made the following motion:

**Mary Elizabeth Cofer moved to hire landscape architect to design and define parking areas, plant trees, and landscape locations for improvements of the park and to send it to RCDC for funding up to \$15,000. Diana Wallace seconded the motion. The motion carried with 4 in favor and 0 against.**

At the September RCDC Meeting, the RCDC considered the Park Commission's recommendation and made the following motion:

**Brian Rider moved that the RCDC approve a \$15,000 request for landscape architect services and \$2,000 for topo survey services to address the feasibility of this plan. Barry Delcambre seconded the motion. The motion carried with 5 in favor and 0 against.**

**Action Requested:**

To consider the authorization of \$17,000 from the RCDC budget to be used to hire a landscape architect and for a topographical survey of the park.

**Fiscal Impacts:**

If approved, \$17,000 would be used from the RCDC budget for the landscape architect and topographical survey for the park.

### **Landscape Development Plan for Rollingwood Park**

Dear Melissa,

Curt Arnette, Landscape Architect, proposes to provide the following landscape architectural services for the project mentioned above:

#### **Landscape Design Development Plan (Phase 1)**

A design development plan will be produced for Phase 1, the entrance drive and parking areas. This design will further develop the current conceptual design. The design development plan will include the following elements:

- Dimensioned parking spaces, planted islands, moving lanes and turnaround area
- Paving materials for the different areas
- Controlled access gate location
- Adjusted fence alignment to accommodate more parking
- Possible new fence design that would be more transparent
- Possible seating area at entrance to fields
- Tree locations and planting areas incorporating list of previously approved plants

#### **Landscape Construction Drawings (Phase 1)**

The landscape construction drawings will include a dimensional layout plan with finish grades (based on updated survey showing existing topography) and construction details for the proposed hardscape elements. The landscape construction drawings will include a planting plan with a plant list, planting details and specifications. The landscape construction drawings may be used for bidding purposes.

#### **Conceptual Design for Park Entrance (Phase 2)**

A conceptual design will be produced for the park entrance area between Rollingwood Drive and the existing live oaks flanking the entrance drive. The conceptual plan will include a concept plan and a perspective sketch of the area.

#### **Construction Observation**

Construction observation includes periodic visits to the site to verify that constructed and planted items are being implemented according to the construction documents.

#### **Site Meetings**

This includes meeting time with city leaders or contractors.

**Fee**

Landscape Design Development Plan (Phase 1) - \$3,600

Landscape Construction Drawings (Phase 1) - \$6,000

Conceptual Design for Park Entrance (Phase 2) - \$4,200

Construction Observation – This item will be billed on an hourly basis at \$150 per hour.

Site Meetings – This item will be billed on an hourly basis at \$150 per hour.

**Terms and Conditions**

Progress invoices will be submitted monthly based upon the hours of work during that period. Payment is due upon receipt of invoice. All materials such as blueprints, postage, handling of documents, photographs, etc. will be billed at cost plus 15%. These costs are not included in the estimate mentioned above.

Either party may terminate this contract by submission of 10 days notice. Upon receipt of the notice of termination, all services will be discontinued and a statement will be submitted detailing the services provided until the date of termination. Following payment of this statement all completed or partially completed designs and drawings will be delivered to the client.

If you are in agreement with this proposal letter as outlined, please sign and return the letter to our office. Thank you for the opportunity of submitting this proposal.

Respectfully submitted,

**Agenda Item:**

Discussion and possible action on a recommendation from the Park Commission to appropriate remaining funds from the alternative plan to the retaining wall project to improve the playscape at Rollingwood Park

**Description:**

At the September Park Commission meeting, the Park Commission discussed that the alternative plan to the retaining wall was completed and that the proposal selected for the project was less than the amount originally approved by the RCDC. The Park Commission discussed appropriating the remaining funds for a separate project to replace the existing playscape barrier at the upper park. The following motion was made at the Park Commission meeting:

**Victoria Johnson moved to recommend approving \$12,000 towards improvements in the upper park as per the drawing, illustration, and bid with potential for some of the bid to be amended depending on what the city can provide and also to make a big point that we saved money. Laurie Mills seconded the motion. The motion carried with 7 in favor and 0 against.**

**Action Requested:**

To consider the Park Commission's recommendation.

**Fiscal Impacts:**

If approved, \$12,000 could potentially be used for the desired project to be funded by the RCDC or the City.

# AGENDA ITEM SUMMARY SHEET

City of Rollingwood

Meeting Date: September 17, 2025

**Submitted By:**

Staff, on behalf of Councilmember Glasheen

**Agenda Item:**

Discussion and possible action to expend funds over appropriated amounts for the design of a replacement sprinkler system and soil and sod upgrades in the upper park

**Description:**

This item allows Council to consider entering into an agreement with a landscape architect to:

- Design an improved sprinkler system for the park design work (so that the City can then solicit bids for the work); and
- Provide specifications for what the city needs to do to improve the soil on the baseball fields, and to recommend what type of turf sod should be installed on the fields

**Gavin Massingill**  
403 Nixon Drive  
Rollingwood, TX 78746

Attention: Gavin Massingill

## Project Description

---

**Gavin Massingill** ("Client") is currently soliciting proposals for Landscape Architect's landscape design services for the redevelopment of existing sports fields currently known as **Rollingwood Sports Fields** located in **Rollingwood, Texas**.

## Scope of Services

---

**artis, Inc.** (Consultant) will provide landscape architectural renovation master planning and conceptual design services.

### Landscape Schematic Design Phase:

1. A digital base plan using CAD files per survey information from GIS and County data will be prepared.
2. The design concepts for **three (3) revised sports fields** will be prepared. The concept plans will at a minimum include a color layout plan drawn to scale. The concept plans will at a minimum include a color layout plan drawn to scale and 3D modeling of the site. Elevations and/or perspective sketches may be included to further demonstrate design intent.
3. Preliminary materials for landscape improvements will be indicated on the schematic drawings.
4. The Consultant will obtain samples of the existing on-site topsoil and submit them to a certified soil testing laboratory for analysis or will coordinate with a local subcontractor to do so.
5. All information prepared by the Consultant in the tasks above will be submitted to the Client for approval prior to commencing design development drawings. Based on comments by the Client, the Consultant will make up to two rounds of revisions to the concept plans. Additional revisions to the schematic drawings will be billed as *Additional Services*.
6. General correspondence between the Client and Consultant during this phase will be handled primarily through email, phone calls and meetings at the Consultant's office.

### Landscape Design Development and Construction Document Phase:

1. The Consultant will prepare a set of design development/construction document drawings for all landscape areas for review by the Client.
2. A hardscape plan showing the location, size and material type for all hardscape

- elements will be prepared. Finalized hardscape details and specifications for the revised sports fields will be prepared. All proposed elements will be dimensioned and detailed.
3. Any details that require structural engineering are assumed to be the responsibility of the project Contractor. The Consultant will coordinate with the Contractor, if necessary, to review any relevant structural drawings for continuity throughout this phase.
  4. A planting plan showing the location and type of turf will be prepared. Planting details showing proper installation techniques for all proposed plant materials will be prepared.
  5. Utilizing the final planting plan, a sealed set of irrigation plans for bidding, permitting and construction purposes will be prepared for all landscape areas of the project.
  6. Minor revisions to the landscape construction documents in an effort to reduce construction costs or incorporate value engineering solutions may be completed during the preparation of construction documents.
  7. Initially the construction drawings will be issued as an in-progress set (50% CD set) for review and coordination with the project team. Based on the feedback of the Client and coordination with other consultants, the Consultant will make any necessary revisions and issue a second in-progress set (95% CD set). The drawings will be revised as needed based on any final comments and coordination before the final construction drawings are issued for construction. (100% CD set).
  8. Based on the feedback of the Client and coordination with other consultants, the Consultant will make any necessary revisions and issue an in-progress set (95% CD set). The drawings will be revised as needed based on any final comments and coordination before the final construction drawings are issued for construction. (100% CD set).
  9. The originals for all drawings in this task will be provided to the Client in a hard copy and PDF format.
  10. General correspondence between the Client and Consultant during this phase will be handled primarily through email, phone calls and meetings at the Consultant's office.

Construction Administration:

1. The Consultant's time for up to two (2) site visits is included in this phase for the purposes described below. Travel expenses will be billed under *Reimbursable Items* task below.
2. Landscape Installation Administration:
  - a. Prior to the Owner awarding any contracts for the landscape installation, the Consultant will review all bids for consistency with the construction documents.
  - b. The Consultant will attend a landscape installation kick-off meeting, if requested, with the Owner and landscape contractor to:
    - i. Review the construction drawings and specifications.
    - ii. Discuss expectations for plant samples and submittals.
    - iii. Establish milestones with dates.
  - c. At a minimum, the Consultant will conduct the following site inspections:
    - i. Inspect and approve plant samples.
    - ii. Any other in-progress inspections the Consultant, Subconsultant or the Owner deem necessary.
    - iii. Final landscape inspection. Subconsultant will provide the Owner with a punch list explaining any deficiencies with the installation.
3. Throughout the construction of the project, the Consultant may conduct additional site visits to oversee the installation of any other landscape. The Consultant will conduct a final site visit to confirm the completed landscape was constructed per the landscape construction documents. The Consultant will provide the Owner with a punch list explaining any deficiencies in the installation.
4. Throughout the construction of the project, the Consultant will coordinate with the Owner and/or contractors at the site.

5. The Consultant will review all RFIs and Change Orders pertaining to the landscape. The Consultant will coordinate with the contractors and provide formal responses as needed.
6. At the request of the Owner, the Consultant will make minor revisions to the landscape construction documents as site conditions change or adjustments to the buildings or site plan are made by the civil engineer or architect. Once a minor revision is approved by the Owner, the Consultant will issue an ASI (Architect's Supplemental Information). Major revisions requested by the Owner will be billed as *Additional Services*.
7. At the request of the Owner, the Consultant may make minor revisions to the landscape construction documents in an effort to reduce construction costs or incorporate value engineering solutions.

## Reimbursable Items

---

The Client shall reimburse the Consultant for all project related expenses including but not limited to postage, courier fees, airfare, car rental and lodging. Color photo prints will be billed at \$8.00 per 11"x17" and \$24 for 24"x36." Mileage billed per IRS standard mileage rates.

## Additional Services

---

In keeping with the scope of work as described in the task(s) above, the Consultant will provide supplemental information as required by the Owner. Additional Services require written authorization via an additional services agreement. Services and tasks that would typically fall within the scope of additional services would be:

1. Site visits other than those included in the task above.
2. Meetings with the Client or the design team other than those included in the task above.
3. The preparation and processing of accessible plans as required by any governing authority.

## Services Not Included in this Proposal

---

1. Engineering services unless specified in the tasks above.
2. Design services for project identification and/or wayfinding signs.
3. The preparation of applications and processing of any required entitlements including but not limited to site development permits, construction permits, sign permits and pool permits.
4. Security/safety lighting.
5. Any service not specifically listed in this proposal.

## Compensation, Terms and Conditions

Landscape Architect III	\$ 140.00 per hour
Landscape Architect IV	\$ 160.00 per hour
Landscape Architect V	\$ 180.00 per hour
Principal	\$ 200.00 per hour

Ownership of Instruments of Service:

All renderings, exhibits and other documents, including all documents on electronic media, prepared by the Consultant as instruments of service shall become the joint property of the Consultant and the Client upon payment for services rendered. The Client shall have the right to use instruments in connection with marketing of the project.

Insurance:

The Consultant maintains, at a minimum, the following insurance:

1. General Liability: \$1,000,000 occurrence / \$2,000,000 aggregate
2. Hired and Non-owned Auto Liability: \$1,000,000 combined single limit
3. Worker's Compensation, Employer's Liability: \$1,000,000
4. Professional Liability: \$1,000,000 each claim / \$2,000,000 aggregate

A current set of insurance certificates is available for review by the Client. If limits or coverages other than those listed are required, the Consultant reserves the right to renegotiate the fees of this proposal accordingly.

Termination Agreement:

Either the Client or the Consultant may terminate this agreement at any time with or without cause upon giving the other party ten calendar day's prior written notice. The Client shall within thirty days of termination pay the Consultant for all services rendered and all costs incurred up to the date of termination, in accordance with the compensation provisions of this contract.

Execution of Proposal:

A copy of this proposal, signed by both the Client and Consultant, once received, shall constitute an authorization to proceed. Work will not begin until an executed copy of this proposal is received. This proposal is good for ninety (90) calendar days from the date above.

Thank you for the opportunity to prepare this proposal. If you have any comments or questions, do not hesitate to contact me directly.

**IN WITNESS WHEREOF**, the parties hereto have caused this consultant agreement to be effective as of the day, month, and year first written above.

**Meeting Date: September 17, 2025**

**Submitted By:**

Staff, on behalf of Councilmember McDuffee

**Agenda Item:**

Update and discussion regarding vegetation maintenance on corners and sight distances

**Description:**

Several intersections around the city have excessive vegetation near them, which can help to create a dangerous situation.

**Action Requested:**

No action is needed on this item. However, Council is encouraged to discuss options for better mitigating this issue going forward.

**Fiscal Impacts:**

This item will not have a fiscal impact on the City.

**Agenda Item:**

Discussion and possible action on the responsibility for the maintenance and operation of wastewater collection systems

**Description:**

This item is returning from the August 27, 2025 City Council meeting. During the meeting, Council reviewed the draft ordinance and requested that Councilmember Brown lead the process of improving the ordinance's proposed code modifications. Those requested changes have now been incorporated into the revised ordinance.

**Action Requested:**

To consider, and possibly pass and adopt, Ordinance 2025-09-17-29 regarding maintenance of wastewater systems.

**Fiscal Impacts:**

No additional fiscal impacts are anticipated; if approved, the City will continue to maintain and repair residential grinder pumps unless there are signs of misuse.

**Attachments:**

- Draft ordinance, as amended
- Councilmember Brown's comments on the wastewater connection proposal and survey

**AN ORDINANCE AMENDING SECTION 22-4, RESIDENTIAL CONNECTIONS, OF ARTICLE I, IN GENERAL, OF CHAPTER 22, SEWER AND WASTEWATER SERVICE AND ADDING SECTION 22-5, COMMERCIAL CONNECTIONS, TO ARTICLE I, IN GENERAL, OF CHAPTER 22, SEWER AND WASTEWATER SERVICE, OF THE CITY OF ROLLINGWOOD’S CODE OF ORDINANCES RELATED TO WASTEWATER CONNECTIONS MADE FROM RESIDENTIAL OR COMMERCIAL PROPERTIES TO THE CITY’S WASTEWATER SYSTEM; PROVIDING FOR A REPEALER CLAUSE, A SEVERABILITY CLAUSE, AND AN EFFECTIVE DATE.**

**WHEREAS**, the City of Rollingwood (the “City”) owns and operates a wastewater collection system within its corporate limits; and

**WHEREAS**, owners of property to which such wastewater collection system is available are permitted to connect their wastewater system to the city’s system, subject to restrictions and regulations as contained in the City’s Code of Ordinances; and

**WHEREAS**, the City Council of the City of Rollingwood (“City Council”) wishes to make clear that, with the exception of residential grinder pumps that are operated and maintained in full accordance with their manufacturers’ guidelines, the City shall only be responsible for the operation and maintenance of the portion of the wastewater collection system that is owned and operated by the City and that is on publicly-owned land, and that each property owner shall be responsible for the maintenance and operation of all other wastewater collection systems that are on each respective property owner’s land.

**NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROLLINGWOOD, TEXAS, THAT:**

**SECTION 1.** All the above premises are hereby found to be true and correct legislative and factual findings of the City Council and are hereby approved and incorporated into the body of this Ordinance as if copied in their entirety.

**SECTION 2.** Code Amendment. The following sections of the Rollingwood Code of Ordinances are hereby amended as follows with ~~striketroughs~~ being deletions from the Code and underlines being additions to the Code:

Section 22-4 is amended and Section 22-5 is added as follows:

**Sec. 22-4. - Residential connections.**

- (a) The owner of the property is responsible to install and maintain all wastewater lines and systems connecting the owner’s premise to the city’s wastewater collection system according to the city’s policies and regulations. The property owner’s wastewater lines and systems, include, if determined to be necessary by the director of public works, or other designated agent of the city (“city’s designated agent”), a grinder pump and related equipment, a double-check valve, to the City’s wastewater collection system at the boundary of the property, and all line, both

42 within the boundaries of the property and any lines extending from the boundary of  
43 the property up to, but not including, the double-check valve that connects the  
44 wastewater lines and systems to the city’s wastewater collection system.

45 (b) If a grinder pump is necessary to convey wastewater from a building to the public  
46 sewer system through a pressurized force main, as determined by the ~~director of~~  
47 ~~public works, city’s designated agent or other designated agent of the city,~~ the  
48 property owner shall install a grinder pump approved by ~~the director of public~~  
49 ~~works or other designated agent of the city.~~ Thereafter, the city may repair and  
50 replace subsequent grinder pumps to serve the property in accordance with policies  
51 and budgets adopted from time to time by the city council, provided that the  
52 property owner or other person with appropriate authority grants to the city's agents  
53 permission to enter the property for such purpose. The property owner shall be  
54 responsible for supplying power to the grinder pump and for all repair or other costs  
55 associated with supplying power for the operation of the pump. Such grinder pump  
56 shall:

57 (1) Be located in its entirety on private property, including all  
58 mechanical and electrical components. However, in cases where the  
59 installation of a grinder pump on private property is impractical or  
60 poses undue hardship to the user, the City may permit all or part of  
61 the grinder pump system to be installed near the curb or in a public  
62 right-of-way, subject to review and approval by the City Council  
63 upon recommendation from the director of public works or other  
64 designated agent of the city.

65 (2) Be installed in an outdoor location that provides reasonable access  
66 for any future servicing of the grinder pump, including any  
67 necessary clearances.

68 (3) Be owned, operated, and maintained by the property owner in  
69 accordance with the city ordinances and regulations including city  
70 policies as to repair and replacement. Nothing in this Section or  
71 Chapter shall be construed as the City unconditionally agreeing to  
72 use public funds to install, maintain, or repair grinder pumps located  
73 on private property and serving one or more residential wastewater  
74 accounts.

75 c) Decommissioning of on-site wastewater facilities. If on-site wastewater facilities  
76 (such as septic tanks) exist or are located on a property at the time of connection to  
77 the city's wastewater collection system, the property owner shall decommission all  
78 ~~septic tanks and other such~~ facilities in accordance with applicable law and shall  
79 present evidence of compliance to the director of public works or other designated  
80 agent of the city not later than 30 days after connection to the city's wastewater  
81 collection system.

82 d) Where a property owner’s existing wastewater system is not connected to the City  
83 wastewater system with a double check valve, the City may require such a valve to

84 be installed when repair, upgrade, or other changes are made to the property  
85 owner’s existing system.

86 e) The property owner’s wastewater lines and systems shall be operated and  
87 maintained in accordance with city policies and regulations, including policies  
88 prohibiting the flushing of materials that may cause damage to the property owner’s  
89 systems or the city’s system, cause unnecessary maintenance, or increase the city’s  
90 maintenance costs. If prohibited materials are found during maintenance or repair  
91 of the property owner’s wastewater lines and systems, the City may assess the costs  
92 of repair and maintenance to the property owner.

93 **Sec. 22-5. - Commercial connections.**

94 (a) The owner of the property is responsible:

95 (1) To install and maintain all wastewater lines and systems connecting to the  
96 City’s wastewater collection system, to include, if determined to be  
97 necessary by the director of public works or other designated agent of the  
98 city (“city’s designated agent”), a grinder pump and related equipment. The  
99 property owner’s system shall include all wastewater lines and systems both  
100 within the boundaries of the property and those extending from the  
101 boundary of the property up to, but not including, the double-check valve  
102 that connects the private lines and systems to the public wastewater system.

103 (2) To provide for connection, utilizing a double-check valve, to the City’s  
104 wastewater collection system at the boundary of the property.

105 (b) If a grinder pump is necessary to convey wastewater from a building to the public  
106 sewer system through a pressurized force main, as determined by the city’s  
107 designated agent, the property owner shall install a grinder pump approved by the  
108 city’s designated agent. Such grinder pump shall:

109 (1) Be located in its entirety on private property, including all mechanical and  
110 electrical components. However, in cases where the installation of a grinder  
111 pump on private property is impractical or poses undue hardship to the user,  
112 the City may permit all or part of the grinder pump system to be installed  
113 near the curb or in a public right-of-way, subject to review and approval by  
114 the City Council upon recommendation from the director of public works  
115 or other designated agent of the city.

116 (2) Be installed in an outdoor location that provides reasonable access for any  
117 future servicing of the grinder pump, including any necessary clearances.

118 (3) Be owned, operated, and maintained by the property owner according to the  
119 City’s ordinances and regulations, including city policies as to repair and  
120 maintenance, at the property owner’s expense. Nothing in this Section or  
121 Chapter shall be construed as the City agreeing to use public funds to install,  
122 maintain, or repair grinder pumps located on private property and serving  
123 one or more commercial wastewater accounts.

124 (4) Be operated by the property owner in full accordance with manufacturer  
125 guidelines and City regulations.

126 c) Where a property owner’s existing wastewater system is not connected to the City  
127 wastewater system with a double check valve, the City may require such a valve to  
128 be installed when repair, upgrade, or other changes are made to the property  
129 owner’s existing system.

130 d) The property owner’s wastewater lines and systems shall be operated and  
131 maintained in accordance with city policies and regulations, including policies  
132 prohibiting the flushing of materials that may cause damage to the property owner’s  
133 systems or the city’s system, cause unnecessary maintenance, or increase the city’s  
134 maintenance costs. If prohibited materials are found during maintenance or repair  
135 of the property owner’s wastewater lines and systems, the City may assess the costs  
136 of repair and maintenance to the property owner.

137  
138 **SECTION 3.** All provisions of the ordinances of the City of Rollingwood in conflict with  
139 the provisions of this ordinance are hereby repealed to the extent of such conflict, and all  
140 other provisions of the City of Rollingwood ordinances which are not in conflict with the  
141 provisions of this ordinance shall remain in full force and effect.

142 **SECTION 4.** Should any sentence, paragraph, sub-article, clause, phrase or section of this  
143 ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not  
144 affect the validity of this ordinance as a whole, or any part or provision thereof other than  
145 the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity  
146 of the Code of Ordinances as a whole.

147 **SECTION 5.** This ordinance shall take effect immediately from and after its passage and  
148 the publication of the caption, as the law and charter in such cases provide.

**Brook Brown: My comments on wastewater connection proposal and proposed survey**

The proposed changes retain the current grinder pump replacement policy, which is discretionary based on city budgeting, has benefits for both the City and residents.

Pumps: The City's replacement of these pumps has cost efficiencies for both the resident and the City. The city can switch out a failed pump with a replacement pump that meets city specs, ensuring uniformity in pumps and efficiency in operation of the city's wastewater lines. It allows the city to inspect the existing resident connection, including the backflow device and pump blades, to ensure that what is in place and what is passed to the city's lines won't cause clogging or unnecessary maintenance to the city lift stations. The City's maintenance of the pump and inspection of the resident system also allows the city to enforce the flushing prohibition, with cost savings to the city in reduced maintenance of its systems and lift stations. The practice of replacing a failed pump with an on-hand replacement pump is efficient in getting the customer system back in service, is cost efficient as compared to the resident having to replace a failed pump with a new pump in that the failed pump can be rehabbed instead of replaced with a new pump. Handling these outages efficiently also reduces the possibility of a spill that would require TCEQ cleanup obligations.

Double-check valve: The double-check valve requirement can be costly (@\$2,000) but protects the homeowner in the event a lift station fails causing a back up to the home. Also, the double check valve helps in the case of such wastewater spill to control the extent of the spill, and any resulting TCEQ cleanup requirements.

**Proposed survey:** In connection with the proposed survey of existing pumps by Crossroads, the City can get a handle on the number of existing grinder pumps, the expected life of those pumps, to get an assessment of the costs of future replacement obligations, budget impacts, and any recommended maintenance practices that would benefit the city and homeowner.

## Professional Services Description

Flock Safety Platform Items	Product Description
Flock Safety LPR, fka Falcon	Law enforcement grade infrastructure-free (solar power + LTE) license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users.
Professional Services - Standard Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.
Flock Safety Platform - Essentials	An integrated public safety platform that detects, centralizes and decodes actionable evidence to increase safety, improve efficiency, and connect the community.

## FlockOS Features & Description

FlockOS Features	Description
Community Network Access	The ability to request direct access to feeds from privately owned Flock Safety LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.
Unlimited Users	Unlimited users for FlockOS
State Network (License Plate Lookup Only)	Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.
Nationwide Network (License Plate Lookup Only)	With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations.
Law Enforcement Network Access	The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.
Time & Location Based Search	Search full, partial, and temporary plates by time at particular device locations
License Plate Lookup	Look up specific license plate location history captured on Flock devices
Vehicle Fingerprint Search	Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.
Insights & Analytics	Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.
Real-Time NCIC Alerts on Flock ALPR Cameras	Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI's National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.
Unlimited Custom Hot Lists	Ability to add a suspect's license plate to a custom list and get alerted when it passes by a Flock camera

Outside Party	When They May Be Involved
Electrician/Street Department	If the Flock cameras need to be AC powered, you (customer) are responsible for providing an electrician to ensure power connectivity
Public Works (LE)	To weigh in on the use of public Rights of Way or property
Department of Transportation (DOT), City, or County agencies	If installation in your area requires permitting

**PLEASE NOTE:** On some occasions, third parties outside of Flock Safety may be (or need to be) involved in your implementation.

# Implementation Service Briefs: Existing Infrastructure vs Standard vs Advanced

	Existing Infrastructure Install	Standard Install	Advanced Install
<b>Pole</b>	None	Flock	NCHRP 350 / MASH
<b>Timeline</b>	Short	Medium	Longest
<b>Cost</b>	Lowest	Mid	Highest

## Existing Infrastructure Implementation

**COST:** \$150 per camera (one time cost)

### Included In Scope:

Once designated locations are approved by the customer, as part of the **Existing Infrastructure Implementation Service** Flock will perform the following:

- An in-person site survey to confirm the installation feasibility of a location (location assessment, solar assessment, visibility review, etc.)
  - Cameras need sufficient power. Since a solar panel is required per camera, it can prevent adequate solar power if two cameras and two solar panels are on a single pole (blocking visibility). Therefore if relying on solar power, only one camera can be installed per pole.
- Confirm that a location is safe for work by following State utility locating procedures.
- Each installation may include the following:
  - Installation of camera and solar panel or AC adapter box on a suitable existing pole

- Types of existing infrastructure such as existing utility, light, and traffic signal poles.
- Pole no higher than 8'-12' (approval at Flock Safety's discretion)
- Flock will provide and mount an AC adapter unit that a qualified electrician can connect to AC power following our [electrical wiring requirements](#). Flock is unable to make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material). Electrical work requiring a licensed electrician and associated costs, not included in the scope.
  - Access requiring up to a 14' using an A-frame ladder
  - Standard MUTCD traffic control procedures performed by a Flock technician
- Obtain a business license to operate in the city and state of camera location

## Out Of Scope:

By default, Flock does **not** include the following as part of the **Existing Infrastructure Implementation Service** but can provide a quote for sourcing at an additional cost:

- Mounting on mast arms (always require bucket truck and traffic control)
- Call 811 'Call-before-you-Dig' system
- Installation of any poles including but not limited to
  - Standard, 12' above grade [Flock breakaway pole](#)
  - NCHRP 350 or MASH approved pole (as may be required for locations in DOT right of way)
- A Bucket Truck for accessing horizontal/cross-beams and/or height above 14'
- Special equipment rentals for site access
- Site-specific engineered traffic plans
- Third-party provided traffic control
- State or city-specific specialty contractor licenses or unique attachment/connection requirements
- Custom engineered drawings
- Electrical work requires a licensed electrician.

- Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power but cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).
- Concrete cutting
- Private utility search for privately owned items not included in standard 811 procedures (communication, networking, sprinklers, etc.)
- Upgrades to power sources to ready them for Flock power (additional fuses, switches, breakers, etc.)
- Any fees or costs associated with filing for required city, county, or state permits
- Licensing or attachment agreements with asset / infrastructure owners
- Utility contracts and billing
- Customer requested relocations (see fee schedule)

## Standard Implementation

**COST:** \$650 per camera (one time cost)

### Included In Scope:

Once designated locations are approved by the customer, as part of the **Standard Implementation Service** Flock will perform the following:

- An in-person site survey to confirm the installation feasibility of a location (location assessment, solar assessment, visibility review, etc.)
- Confirm that a location is safe for work by following state utility locating procedures. Work with local utilities to prevent service interruptions during the installation
  - Engage 811 'Call-before-you-Dig' system to receive legal dig date
  - Apply approved markings Coordinate with 811 regarding any necessary high-risk dig clearances or required vendor meets
- Each installation may include the following:
  - Installation of camera and solar panel with **standard, 12' above grade Flock breakaway pole**

- Installation of camera and AC adapter that a qualified electrician can connect to AC power on a suitable existing pole, no higher than 8-12' (approval at Flock Safety's discretion)
  - Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power following our **electrical wiring requirements**. Flock is unable to make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material). Electrical work requiring a licensed electrician and associated costs, not included in the scope.
- Access requiring up to a 14' A-frame ladder
- Standard MUTCD traffic control procedures performed by a Flock technician
- Obtain a business license to operate in the City and State of camera location

## Out Of Scope:

By default, Flock does **not** include the following as part of the Standard Implementation Service but can provide a quote for sourcing at an additional cost:

- Use and/or mounting to existing infrastructure.
- NCHRP 350 or MASH approved pole (as may be required for locations in DOT right of way)
- A Bucket Truck for accessing horizontal/cross-beams and/or height above 14'
- Special equipment rentals for site access
- Site-specific engineered traffic plans
- Third-party provided traffic control
- State or city-specific specialty contractor licenses
- Custom engineered drawings
- Electrical work requires a licensed electrician.
  - Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power but cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).
- Concrete cutting
- Private utility search for privately owned items not included in standard 811 procedures (communication, networking, sprinklers, etc.)

- Upgrades to power sources to ready them for Flock power (additional fuses, switches, breakers, etc.)
- Any fees or costs associated with filing for required city, county, or state permits
- Licensing or attachment agreements with asset / infrastructure owners
- Utility contracts and billing
- Customer requested relocations (see fee schedule)

## Advanced Implementation

**COST:** \$1,900 per camera (one time cost)

### Included In Scope:

Once Designated Locations are confirmed, as part of the **Advanced Implementation Service**, Flock will perform the following:

- An in-person site survey to confirm the installation feasibility of a location (location assessment, solar assessment, visibility review, etc.)
- Confirm that a location is safe for work by following State utility locating procedures. Work with local utilities to prevent service interruptions during the installation
  - Engage 811 'Call-before-you-Dig' system to receive legal dig date
  - Apply approved markings Coordinate with 811 regarding any necessary high-risk dig clearances or required vendor meets
- Each installation may include the following:
  - Installation of camera and solar panel on a suitable **NCHRP 350 or MASH** approved pole.
  - Installation of camera and AC adapter that a qualified electrician can connect to AC power.
    - Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power following our [electrical wiring requirements](#). Flock cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).

Electrical work requiring a licensed electrician and associated costs, not included in the scope.

- Access requiring up to a 14' A-frame ladder
- Standard MUTCD traffic control procedures performed by a Flock technician
- Obtain a business license to operate in the City and State of camera location

## Out Of Scope:

By default, Flock does not include the following as part of the **Advanced Implementation Service** but can optionally provide a quote for sourcing (additional cost):

- Installation on **Standard, 12' above grade Flock breakaway pole** or existing infrastructure.
- A Bucket Truck for accessing horizontal/cross-beams and/or height above 14'
- Special equipment rentals for site access
- Site-specific engineered traffic plans
- Third-party provided traffic control
- State or City-specific specialty contractor licenses
- Custom engineered drawings
- Electrical work requires a licensed electrician. Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power but cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).
- Concrete cutting
- Private utility search for privately owned items not included in standard 811 procedures (communication, networking, sprinklers, etc.)
- Upgrades to power sources to ready them for Flock power (additional fuses, switches, breakers, etc.)
- Fees or costs associated with filing for required City, County, or State permits

# Things to Consider When Selecting Locations

## Falcon Cameras

- Use Cases
  - Flock LPRs are designed to capture images of rear license plates aimed in the direction of traffic.
  - Flock LPRs are not designed to capture pedestrians, sidewalks, dumpsters, gates, other areas of non-vehicle traffic, intersections.
- Placement
  - They capture vehicles driving away from an intersection.
  - They cannot point into the middle of an intersection.
  - They should be placed after the intersection to prevent stop and go motion activation or “stop and go” traffic.
- Mounting
  - They can be mounted on existing utility, light, traffic signal poles, or 12 foot Flock poles.\*
  - They should be mounted one per pole.\*\* If using AC power, they can be mounted 2 per pole.
- They can be powered with solar panels or direct wire-in AC Power (no outlets).\*\*\*
- They will require adequate cellular service using AT&T or T-Mobile to be able to process & send images.

\* Permitting (or permission from pole owner) may be required to use existing infrastructure or install in specific areas, depending on local regulations & policies.

\*\* Cameras need sufficient power. Since a solar panel is required per camera, it can prevent adequate solar power if two cameras and two solar panels are on a single pole (blocking visibility). Therefore if relying on solar power, only one camera can be installed per pole.

\*\*\* Flock does not provide Electrical services. Once installed, the agency or community must work with an electrician to wire the cameras. Electrician services should be completed within two days of installation to prevent the camera from dying.

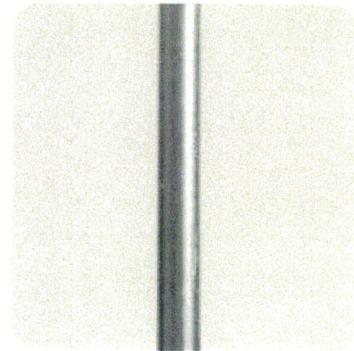

## Solar Panels

Solar panels need unobstructed southern-facing views.

## Pole

If a location requires a "DOT Pole" (i.e., Advanced Pole, **not** Flock standard pole), the implementation cost will be \$5,000/camera.

# Customer Responsibilities: AC-Powered Cams

If the Flock cameras need to be AC-powered, the **customer is responsible** for acquiring an electrician and ensuring they connect the camera to power. **See steps 2 and 6 below.**

## How to Get Started with a Powered Install

### 1. Create a Deployment Plan

Work with us to select the best location(s) for Flock Safety cameras and power sources

### 2. Acquire an Electric Quote

Contact an electrician to receive a quote to run 120volt AC power to the camera

### 3. Sign Flock Safety Agreement

Sign the Flock Safety purchase order to begin the installation of cameras

### 4. Conduct Site Survey

Flock will mark camera locations, locate underground utilities and mark if present

### 5. Install Camera

Flock will install the camera and AC power kit at the specified camera location

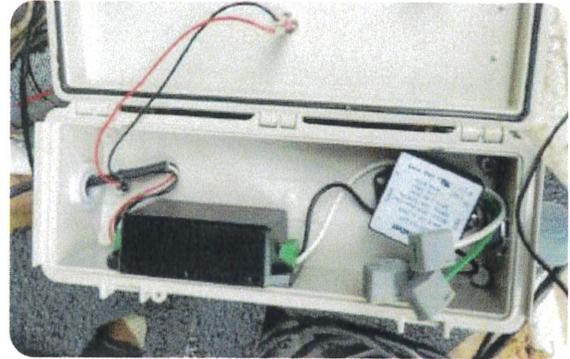

### 6. Connect Camera to Power

Notify the electrician that the camera is ready for the power connection installation

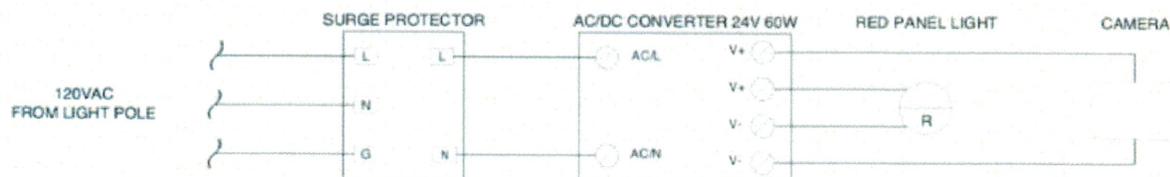

# Electrician Handout

## Electrician Installation Steps

1. Run AC cable and conduit to the box according to NEC Article 300 and any applicable local codes. The gland accepts ½" conduit.
2. Open the box using hinges.
3. Connect AC Mains per wiring diagram below:
  - a. Connect AC Neutral wire to the Surge Protector white Neutral wire using the open position on the lever nut.
  - b. Connect AC Line wire to the Surge Protector black Line wire using the open position on the lever nut.
  - c. Connect AC Ground wire to the Surge Protector green ground wire using the open position on the lever nut.
4. Verify that both the RED LED is lit on the front of the box
5. Close box and zip tie the box shut with the provided zip tie
6. While still on-site, call Flock, who will remotely verify that power is working correctly:

**Southeast Region - (678) 562-8766**  
**West-Region - (804) 607-9213**  
**Central & NE Region - (470) 868-4027**

## FAQs about AC-Powered Flock Cameras

### What voltage is supported?

The AC kit is designed to work with 120VAC Infrastructure by default. A 240VAC version is available on request.

### How much power does this consume?

Peak current draw is 1.5 A at 120VAC. The average power draw is roughly 30W in high traffic conditions but maybe lower when fewer vehicles are present.

### Who is responsible for contracting the electrician?

The customer is responsible for contracting an electrician. We can help answer questions, but the customer is responsible for identifying and contracting an electrician.

### Who is responsible for maintenance?

Flock will handle all maintenance related to Flock's camera and power equipment. However, any problems with the electrical supply are the customer's responsibility. The AC junction box has two lights to indicate the presence of power and make it easy for quick diagnosis if there is a problem related to the AC power source.

- If the camera indicates to Flock that there is a power supply problem, Flock will notify the customer and request that the customer verifies the lights on the AC junction box. If the AC Source light is illuminated, Flock will send a technician to investigate. If the AC source light is not illuminated, the customer should check any GFCI's or breakers in the supply circuit or call the electrician who installed the power supply.

### How much does it cost?

Work required to bring AC power to each location will be different, so exact pricing is unavailable. Primary cost drivers include arrow boards and the distance from the camera location to the AC power source.

### What information do I need to provide my electrician?

The Flock deployment plan and these work instructions should be sufficient to secure a quote. It will be helpful if you know the location of the existing power infrastructure before creating the deployment plan.

**Can you plug it into my existing power outlet?** The Flock AC power adapter does not use a standard outlet plug but must be directly wired into the power mains. While using outlet plugs may be convenient, they can easily be unplugged, presenting a tampering risk to this critical safety infrastructure.

The electrician can route power directly to the camera with a direct wire-in connection if an outlet is close to the camera.

**How long does this process typically take?**

The installation process typically takes 6-8 weeks. To accelerate the process, be sure to have the electrician perform his work shortly after the Flock technician finishes installing the camera.

**What kind of electrician should I look for?**

Any licensed electrician should perform this work, though we have found that those who advertise working with landscape lighting are most suited for this work.

**What happens if the electrician damages the equipment?**

The customer is responsible for contracting the electrician. Any liability associated with this work would be assumed by the customer. If any future work is required at this site due to the electrical infrastructure or the work performed by the electrician would be the responsibility of the customer.

**When should the electrician perform his work?**

Once Flock installs the camera, you will receive an email alert letting you know that this has been completed. After this, you will need to schedule the electrician to route power to the pole.

**What if my electrician has questions about Flock's AC Kit?**

You should share the [AC-Power Kit Details](#) packet with the electrician if they have questions.

**What if the AC power is on a timer?**

Sometimes the AC power will be on a timer (like used for exterior lighting). Flock requires that the AC power provided to the camera be constant. The source that the electrician uses must not be on a timing circuit.

# Installation Service Brief Summary

Below outlines the statement of work for the Flock Camera Installation:

What Is Covered By Flock	What Is NOT Covered By Flock	Special Note
Flock Cameras & Online Platform	Traffic Control And Any Associated Costs	
Mounting Poles	*DOT Approved Pole Cost Electrician & Ongoing Electrical Costs	
AC Power Kit (As Needed)	Engineering Drawings	
Solar Panels (As Needed)	Relocation Fees	<i>Excluding Changes During Initial Installation</i>
Site Surveys And Call 811 Scheduling	Contractor Licensing Fees	
Installation Labor Costs	Permit Application Processing Fees	
Customer Support / Training	Specialist Mounting Equipment	<i>Including, But Not Limited To, **MASH Poles Or Adapters</i>
Cellular Data Coverage	Bucket Trucks	
Maintenance Fees <i>(Review <a href="#">Fees Sheet</a> For More Details)</i>	Loss, Theft, Damage To Flock Equipment	
Data Storage For 30 Days	Camera Downtime Due To Power Outage	<i>Only Applicable For AC-Powered Cameras</i>
	<b>***Field Technician Maintenance For Falcon™ Flex</b>	

\*If a location requires a "DOT pole" (i.e., not our standard), the implementation cost will be \$5,000/camera; This cost is applicable for installations in GA, IL, SC, TN, and CA.

\*\*MASH poles: Manual for Assessing Safety Hardware (MASH) presents uniform guidelines for crash testing permanent and temporary highway safety features and recommends evaluation criteria to assess test results

\*\*\*If a camera is lost, stolen, or damaged, a replacement device can be purchased at a discounted price of \$800

# Permitting: Pre-Install Questionnaire

## 1. Timeline

- In Flock Safety's experience, in-depth permitting requirements can **add 2+ months to the installation timeline.**
- The SLA for permit document submission is within 15 days from contract signature date (contract Closed-Won)

## 2. Right of Way

- Will any Flock Safety cameras be installed on the city, state, or power company-owned poles or in the city, county, or state Right of Way (RoW)?
  - What is the RoW buffer?
  - Will additional permits or written permission be required from third-party entities (such as DOT, power companies, public works, etc.)?
- Will any cameras be installed on city-owned traffic signal poles (vertical mass)?
  - If yes, please provide heights/photos to determine if a bucket truck is needed for the installation.
    - Note: A bucket truck is required if the height exceeds 15 feet tall.

## 3. AC Power vs. Solar

- If AC powered, is there a 120V power source available, and is there access to an electrician who can connect the existing wire to the Flock Safety powered **installation kit**?
- If solar-powered, consider the size of the solar panel and potential to impact the visibility of DOT signs/signals:
  - Single Panel: 21.25" x 14" x 2" (Length x Width x Depth)
  - Double Panel: 21.25" x 28" x 2" (LxWxD)

## 4. Traffic Control & Installation Methods

- **If a bucket truck is required**, this typically necessitates an entire lane to be blocked in the direction of travel. **Can you provide a patrol car escort, or will full traffic control be required?\***

**PLEASE NOTE:** If traffic control is required, you may incur additional costs due to city/state requirements; Fees will be determined by quotes received.

- **If full traffic control is required (cones, arrow boards, etc.):**
  - Will standard plans suffice, or are custom plans needed? Custom plans can double the cost, while standard plans can be pulled from the Manual of Uniform Traffic Control Devices (**MUTCD**).
  - Will a non-sealed copy of the traffic plan suffice? Or does the traffic plan need to be sealed and/or submitted by a professional engineer?
  - Are there state-specific special versions/variances that must be followed?
- **If a bucket truck is not required**, the shoulder or sidewalk should suffice and enable Flock Safety to proceed without traffic control systems in place.
  - Note: In some states (i.e., arrow boards), sidewalks may require signage. If signage is mandatory, Will your Public Works department be able to assist?

## 5. Paperwork & Required Forms

- Flock Safety will need copies of paperwork to complete before proceeding (ex., business license applications, encroachment permit applications). We can save critical time by gathering these documents upfront. We appreciate your assistance in procuring these.

## 6. Contacts

- If Flock Safety needs to interface directly with the departments, please share the contact information of the following departments:
  - Permitting
  - Public Works
  - Traffic Department

## **\*Fee Schedule**

After a deployment plan with Designated Locations and equipment has been agreed upon by both Flock and the Customer, any subsequent changes to the deployment plan ("Reinstalls") driven by a Customer's request will incur a fee per the table below.

### **What Services Incur Fees:**

- Requested relocations post-approval by customer
- Relocations due to poor performance will be the responsibility of Flock
  - If a customer requests a location against the advisement of Flock, performance issues and any requested relocations will be the responsibility of the customer.
- Per the contract and absent a defect, in the event that Flock Hardware is lost, stolen, or damaged, Customer may request that Flock replace the Flock Hardware at a fee according to the then-current Reinstall policy  
<https://www.flocksafety.com/reinstall-fee-schedule>
- Misc billables for out of scope items for each implementation

All fees are per reinstall or required visit (in the case that a reinstall is attempted but not completed) and include labor and materials. If you have any questions, please email [support@flocksafety.com](mailto:support@flocksafety.com).

## COMMENTS ON FLOCK "TERMS AND CONDITIONS"

**1. The Terms and Conditions ("TAC") provide no meaningful protection of Rollingwood data:** The Terms and Conditions state that Flock "does not own and shall not sell "Customer Data", "Customer Generated Data" or "Anonymized Data" (TAC 4.1- 4.3), but this statement is not meaningful, because:

**The TAC gives Flock the ability to change the terms of the TAC at will:** "These terms and conditions are subject to change." (TAC, last sentence).

**The TAC precludes any claims against Flock for breach of contract or warranty and limits liability and indemnity to one year's contract fees - here, \$21,000.** Claims are allowed only for gross negligence, willful misconduct, or claims arising under Flock's patents, Flock equipment and its installation. Damages and indemnity are limited to \$21,000. (TAC 9.1, 9.3)

**Flock is given express licenses (variously, combinations of "non-exclusive", "irrevocable", "worldwide", "royalty-free", "perpetual") to use "Customer Data", "Customer Generated Data," "Anonymized Data" and "Integration Data" for various purposes and with various limitations (TAC 4.2-4.4) but any limitations on Flock in these terms are not meaningful.** Again, as above, these limitations can be unilaterally changed by Flock. The limitation that Flock does not "own" and will not "sell" the data would not preclude Flock from use of the data under a joint venture where Flock contributes the data to the venture and receives a share of profits in return. To the extent a data breach occurs via a website or application provided by Flock's third party providers, there is no recourse as the Flock TAC exempts Flock from any liability for any third party data breach. (TAC 8.6, characterizing any third party technology provider's act or omission an event of "force majeure") The TAC also gives Flock the right to "make any updates to the system or platform that it deems necessary or useful" including such changes as it deems useful to "the competitive strength of, or market for, Flock's products or services" (TAC 2.4).

### **2. Rollingwood is not given control of access to its customer data.**

The TAC contains no statement as to certain assurances given in discussions, such as that Rollingwood will control who can have access to its customer data, that the data will be retained only for 30 days, etc. The TAC also negates any terms not contained in the TAC, the order form or any attached exhibit, and provides that any terms in any such documents conflicting with the TAC are subordinate to the terms of the TAC. (TAC 11.4)

### **3. Lack of reciprocal obligations:**

The TAC makes Rollingwood responsible for "all acts and omissions of Authorized End Users", must make such users aware of the TAC, and "shall cause the Authorized End User to comply with such provisions." (TAC 2.1) However, Flock does not undertake parallel obligations as to its third party contractors (expressly authorized under the TAC to include "web interfaces, cloud storage, wireless and cell services") and, as addressed in Paragraph 1, Flock expressly limits its liability - both as to claims and damages - and its indemnity.

**4. Rollingwood is bound by the TAC and any changes to it, but Flock is not.**

The TAC states that the City agrees in advance that any changes to the TAC "will not diminish" or "materially change" any terms or conditions of service. (TAC 2.3) The effect of this language is that the City is bound regardless of whatever changes Flock may make to its services and cannot terminate the agreement because of such changes.

# Terms and Conditions

Last Updated: July 22, 2025

## TERMS AND CONDITIONS

### 1. DEFINITIONS

Certain capitalized terms, not otherwise defined herein, have the meanings set forth or cross-referenced in this Section 1.

1.1 “**Agreement**” means the order form (to be provided as Exhibit A, “**Order Form**”), these terms and conditions, and any document therein incorporated by reference in section 11.4.

1.2 “**Anonymized Data**” means Customer Data permanently stripped of identifying details and any potential personally identifiable information, by commercially available standards which irreversibly alters data in such a way that a data subject (i.e., individual person or entity) can no longer be identified directly or indirectly.

1.3 “**Authorized End User(s)**” means any individual employees, agents, or contractors of Customer accessing or using the Services, under the rights granted to Customer pursuant to this Agreement.

1.4 “**Customer Data**” means the data, media, and content provided by Customer through

the Services. For the avoidance of doubt, the Customer Data will include the Footage.

1.5. “**Customer Hardware**” means the third-party camera owned or provided by Customer and any other physical elements that interact with the Embedded Software and the Web Interface to provide the Services.

1.6 “**Effective Date**” means the date this Agreement is mutually executed (valid and enforceable) by both Parties.

1.7 “**Embedded Software**” means the Flock proprietary software and/or firmware integrated with or installed on the Flock Hardware or Customer Hardware.

1.8 “**Flock Hardware**” means the Flock device(s), which may include the pole, clamps, solar panel, installation components, and any other physical elements that interact with the Embedded Software and the Web Interface, to provide the Flock Services as specifically set forth in the applicable Order Form.

1.9 “**Flock IP**” means the Services, the Embedded Software, and any intellectual property or proprietary information therein or otherwise provided to Customer and/or its Authorized End Users. Flock IP does not include Footage (as defined below).

1.10 “**Flock Services**” means the provision of Flock’s software and hardware situational awareness solution, via the Web Interface, for automatic license plate detection, alerts, audio detection, searching image records, video and sharing Footage.

1.11 “**Footage**” means still images, video, audio, and other data captured by the Flock Hardware or Customer Hardware in the course of and provided via the Flock Services.

1.12 “**Integration Data**” means any distribution of data from a Customer requested third party integration.

1.13 “**Installation Services**” means the services provided by Flock for installation of Flock Services.

1.14 “**Permitted Purpose**” means legitimate public safety and/or business purpose, including but not limited to the awareness, prevention, and prosecution of crime; investigations; and prevention of commercial harm, to the extent permitted by law.

1.15 “**Retention Period**” means the time period that the Customer Data is stored within the cloud storage, as specified in the applicable Order Form .

1.16 “**Term**” means the date, unless otherwise stated in the Order Form, upon which the cameras are validated by both Parties as operational.

1.17 “**Web Interface**” means the website(s) or application(s) through which Customer and its Authorized End Users can access the Services.

## 2. SERVICES AND SUPPORT

2.1 **Provision of Access.** Flock hereby grants to Customer a non-exclusive, non-transferable right to access the features and functions of the Flock Services via the Web Interface during the Term, solely for the Authorized End Users. The Footage will be available for Authorized End Users to access and download via the Web Interface for the Retention Period. Authorized End Users will be required to sign up for an account and select a password and username (“**User ID**”). Customer shall be responsible for all acts and omissions of Authorized End Users. Customer shall undertake reasonable efforts to make all Authorized End Users aware of all applicable provisions of this Agreement and shall cause Authorized End Users to comply with such provisions. Flock may use the services of one or more third parties to deliver any

part of the Flock Services, (such as using a third party to host the Web Interface for cloud storage or a cell phone provider for wireless cellular coverage).

**2.2 Embedded Software License.** Flock grants Customer a limited, non-exclusive, non-transferable, non-sublicensable (except to the Authorized End Users), revocable right to use the Embedded Software as it pertains to Flock Services, solely as necessary for Customer to use the Flock Services.

**2.3 Support Services.** Flock shall monitor the Flock Services, and any applicable device health, in order to improve performance and functionality. Flock will use commercially reasonable efforts to respond to requests for support within seventy-two (72) hours. Flock will provide Customer with reasonable technical and on-site support and maintenance services in-person, via phone or by email at **support@flocksafety.com** (such services collectively referred to as "**Support Services**").

**2.4 Updates to Platform.** Flock may make any updates to system or platform that it deems necessary or useful to (i) maintain or enhance the quality or delivery of Flock's products or services to its agencies, the competitive strength of, or market for, Flock's products or services such platform or system's cost efficiency or performance, or (ii) to comply with applicable law. Parties understand that such updates are necessary from time to time and will not diminish the quality of the services or materially change any terms or conditions within this Agreement.

**2.5 Service Interruption.** Services may be interrupted in the event that: (a) Flock's provision of the Services to Customer or any Authorized End User is prohibited by applicable law; (b) any third-party services required for Services are interrupted; (c) if Services are being used for malicious, unlawful, or otherwise unauthorized use; (d) there is a threat or attack on any of the Flock IP by a third party; or (e) scheduled or emergency maintenance ("**Service**

**Interruption**”). Flock will make commercially reasonable efforts to provide written notice of any Service Interruption to Customer, to provide updates, and to resume providing access to Flock Services as soon as reasonably possible after the event giving rise to the Service Interruption is cured. Flock will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized End User may incur as a result of a Service Interruption. To the extent that the Service Interruption is not caused by Customer’s direct actions or by the actions of parties associated with the Customer, the time will be tolled by the duration of the Service Interruption (for any continuous suspension lasting at least one full day). For example, in the event of a Service Interruption lasting five (5) continuous days, Customer will receive a credit for five (5) free days at the end of the Term.

**2.6 Service Suspension.** Flock may temporarily suspend Customer’s and any Authorized End User’s access to any portion or all of the Flock IP or Flock Service if (a) there is a threat or attack on any of the Flock IP by Customer; (b) Customer’s or any Authorized End User’s use of the Flock IP disrupts or poses a security risk to the Flock IP or any other customer or vendor of Flock; (c) Customer or any Authorized End User is/are using the Flock IP for fraudulent or illegal activities; (d) Customer has violated any term of this provision, including, but not limited to, utilizing Flock Services for anything other than the Permitted Purpose; or (e) any unauthorized access to Flock Services through Customer’s account (“**Service Suspension**”). Customer shall not be entitled to any remedy for the Service Suspension period, including any reimbursement, tolling, or credit. If the Service Suspension was not caused by Customer, the Term will be tolled by the duration of the Service Suspension.

**2.7 Hazardous Conditions.** Flock Services do not contemplate hazardous materials, or other

hazardous conditions, including, without limit, asbestos, lead, or toxic or flammable substances. In the event any such hazardous materials are discovered in the designated locations in which Flock is to perform services under this Agreement, Flock shall have the right to cease work immediately.

### 3. CUSTOMER OBLIGATIONS

**3.1 Customer Obligations.** Flock will assist Customer Authorized End Users in the creation of a User ID. Authorized End Users agree to provide Flock with accurate, complete, and updated registration information. Authorized End Users may not select as their User ID, a name that they do not have the right to use, or any other name with the intent of impersonation. Customer and Authorized End Users may not transfer their account to anyone else without prior written permission of Flock. Authorized End Users shall not share their account username or password information and must protect the security of the username and password. Unless otherwise stated and defined in this Agreement, Customer shall not designate Authorized End Users for persons who are not officers, employees, or agents of Customer. Authorized End Users shall only use Customer-issued email addresses for the creation of their User ID. Customer is responsible for any Authorized End User activity associated with its account. Customer shall ensure that Customer provides Flock with up to date contact information at all times during the Term of this Agreement. Customer shall be responsible for obtaining and maintaining any equipment and ancillary services needed to connect to, access or otherwise use the Flock Services (e.g., laptops, internet connection, mobile devices, etc.). Customer shall (at its own expense) provide Flock with reasonable access and use of Customer facilities and Customer personnel in order to enable Flock to perform Services (such obligations of Customer are collectively defined as **“Customer Obligations”**).

### 3.2 **Customer Representations and Warranties.**

Customer represents, covenants, and warrants that Customer shall use Flock Services only in compliance with this Agreement and all applicable laws and regulations, including but not limited to any laws relating to the recording or sharing of data, video, photo, or audio content.

## 4. DATA USE AND LICENSING

4.1 **Customer Data.** As between Flock and Customer, all right, title and interest in the Customer Data, belong to and are retained solely by Customer. Customer hereby grants to Flock a limited, non-exclusive, royalty-free, irrevocable, worldwide license to use the Customer Data and perform all acts as may be necessary for Flock to provide the Flock Services to Customer. Flock does not own and shall not sell Customer Data.

4.2 **Customer Generated Data.** Flock may provide Customer with the opportunity to post, upload, display, publish, distribute, transmit, broadcast, or otherwise make available, messages, text, illustrations, files, images, graphics, photos, comments, sounds, music, videos, information, content, ratings, reviews, data, questions, suggestions, or other information or materials produced by Customer ("**Customer Generated Data**"). Customer shall retain whatever legally cognizable right, title, and interest in Customer Generated Data. Customer understands and acknowledges that Flock has no obligation to monitor or enforce Customer's intellectual property rights of Customer Generated Data. Customer grants Flock a non-exclusive, irrevocable, worldwide, royalty-free, license to use the Customer Generated Data for the purpose of providing Flock Services. Flock does not own and shall not sell Customer Generated Data.

4.3 **Anonymized Data.** Flock shall have the right to collect, analyze, and anonymize Customer Data and Customer Generated Data to the extent such anonymization renders the data non-identifiable to

create Anonymized Data to use and perform the Services and related systems and technologies, including the training of machine learning algorithms. Customer hereby grants Flock a non-exclusive, worldwide, perpetual, royalty-free right to use and distribute such Anonymized Data to improve and enhance the Services and for other development, diagnostic and corrective purposes, and other Flock offerings. Parties understand that the aforementioned license is required for continuity of Services. Flock does not own and shall not sell Anonymized Data.

**4.4 Data Distribution.** Customer may, upon request, choose to integrate Flock Services with a third party to either distribute Integration Data or Customer Data (such third party, "Recipient"). Upon such request, Customer hereby grants to Flock a non-exclusive, non-transferable, royalty-free, perpetual license to access, share, view, record, duplicate, store, save, reproduce, modify, display, and distribute Customer Data and/or Integration Data, as required by the requested distribution. Customer acknowledges that such data may be viewed, recorded, duplicated, stored, saved, reproduced, modified, displayed, distributed, and retained by Recipient for a period longer than Flock's standard retention period and hereby provides consent to such retention period. Unless expressly listed in the Order Form, the provision, access, or use of any Application Programming Interfaces ("APIs") is not included under this Agreement. Any rights, licenses, or obligations related to APIs shall be governed solely by the terms set forth in the Order Form or a separate agreement between the parties.

## **5. CONFIDENTIALITY; DISCLOSURES**

**5.1 Confidentiality.** To the extent required by any applicable public records requests, each Party (the "**Receiving Party**") understands that the other Party (the "**Disclosing Party**") has disclosed or may disclose business, technical or financial information relating to the Disclosing Party's business

(hereinafter referred to as "**Proprietary Information**" of the Disclosing Party). Proprietary Information includes non-public information provided by the Disclosing Party to the Receiving Party regarding features, functionality, and performance of this Agreement. The Receiving Party agrees: (i) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the Party takes with its own proprietary information, but in no event less than commercially reasonable precautions, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information. The Disclosing Party agrees that the foregoing shall not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public; or (b) was in its possession or known by it prior to receipt from the Disclosing Party; or (c) was rightfully disclosed to it without restriction by a third party; or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing the Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. At the termination of this Agreement, all Proprietary Information will be returned to the Disclosing Party, destroyed or erased (if recorded on an erasable storage medium), together with any copies thereof, when no longer needed for the purposes above, or upon request from the Disclosing Party, and in any case upon termination of the Agreement. Notwithstanding any termination, all confidentiality obligations of Proprietary Information that is trade secret shall continue in perpetuity or until such information is no longer trade secret.

**5.2 Usage Restrictions on Flock IP.** Flock and its licensors retain all right, title and interest in and to the Flock IP and its components, and Customer acknowledges that it neither owns nor acquires any

additional rights in and to the foregoing not expressly granted by this Agreement. Customer further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. Customer and Authorized End Users shall not (i) directly or indirectly, reverse engineer, decompile, disassemble or otherwise attempt to discover or recreate the source code, object code or underlying structure, ideas or algorithms of the Flock Services or any software provided hereunder; modify, translate, or create derivative works based on the Flock Services or any software provided hereunder(ii) attempt to modify, alter, tamper with or repair any of the Flock IP, or attempt to create any derivative product from any of the foregoing; (iii) interfere or attempt to interfere in any manner with the functionality or proper working of any of the Flock IP; (iv) remove, obscure, or alter any notice of any intellectual property or proprietary right appearing on or contained within the Flock Services or Flock IP; (v) use the Flock Services for anything other than the Permitted Purpose; or (vii) assign, sublicense, sell, resell, lease, rent, or otherwise transfer, convey, pledge as security, or otherwise encumber, Customer's rights. There are no implied rights.

**5.3 Disclosure of Footage.** Subject to and during the Retention Period, Flock may access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or third parties, if legally required to do so or if Flock has a good faith belief that such access, use, preservation or disclosure is reasonably necessary to comply with a legal process, enforce this Agreement, or detect, prevent or otherwise address security, privacy, fraud or technical issues, or emergency situations.

## **6. PAYMENT OF FEES**

**6.1 Billing and Payment of Fees.** Customer shall pay the fees set forth in the applicable Order Form based on the billing structure and payment terms as indicated in the Order Form. To the extent the

Order Form is silent, Customer shall pay all invoices net thirty (30) days from the date of receipt. If Customer believes that Flock has billed Customer incorrectly, Customer must contact Flock no later than thirty (30) days after the closing date on the first invoice in which the error or problem appeared to receive an adjustment or credit. Customer acknowledges and agrees that a failure to contact Flock within this period will serve as a waiver of any claim. If any undisputed fee is more than thirty (30) days overdue, Flock may, without limiting its other rights and remedies, suspend delivery of its service until such undisputed invoice is paid in full. Flock shall provide at least thirty (30) days' prior written notice to Customer of the payment delinquency before exercising any suspension right.

**6.2 Notice of Changes to Fees.** In the event of any changes to fees, Flock shall provide Customer with sixty (60) days notice (email sufficient) prior to the end of the Initial Term or Renewal Term (as applicable). Any such changes to fees shall only impact subsequent Renewal Terms.

**6.3 Taxes.** To the extent Customer is not a tax exempt entity, Customer is responsible for all taxes, levies, or duties, excluding only taxes based on Flock's net income, imposed by taxing authorities associated with the order. If Flock has the legal obligation to pay or collect taxes, including amount subsequently assessed by a taxing authority, for which Customer is responsible, the appropriate amount shall be invoice to and paid by Customer unless Customer provides Flock a legally sufficient tax exemption certificate and Flock shall not charge Customer any taxes from which it is exempt. If any deduction or withholding is required by law, Customer shall notify Flock and shall pay Flock any additional amounts necessary to ensure that the net amount that Flock receives, after any deduction and withholding, equals the amount Flock would have received if no deduction or withholding had been required.

## **7. TERM AND TERMINATION**

7.1 **Term.** The initial term of this Agreement shall be for the period of time set forth on the Order Form (the "**Term**"). Unless otherwise indicated on the Order Form, the Term shall commence upon first installation of Flock Hardware, as applicable. Following the Term, unless otherwise indicated on the Order Form, this Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a "**Renewal Term**") unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.

7.2 **Termination.** Upon termination or expiration of this Agreement, Flock will remove any applicable Flock Hardware at a commercially reasonable time period. In the event of any material breach of this Agreement, the non-breaching Party may terminate this Agreement prior to the end of the Term by giving thirty (30) days prior written notice to the breaching Party; provided, however, that this Agreement will not terminate if the breaching Party has cured the breach prior to the expiration of such thirty (30) day period ("Cure Period"). Either Party may terminate this Agreement (i) upon the institution by or against the other Party of insolvency, receivership or bankruptcy proceedings, (ii) upon the other Party's making an assignment for the benefit of creditors, or (iii) upon the other Party's dissolution or ceasing to do business. In the event of a material breach by Flock, and Flock is unable to cure within the Cure Period, Flock will refund Customer a pro-rata portion of the pre-paid fees for Services not received due to such termination.

7.3 **Survival.** The following Sections will survive termination: 1, 3, 5, 6, 7, 8.3, 8.4, 9, 10.1 and 11.6.

## **8. REMEDY FOR DEFECT; WARRANTY AND DISCLAIMER**

8.1 **Manufacturer Defect.** Upon a malfunction or failure of Flock Hardware or Embedded Software (a

**“Defect”**), Customer must notify Flock’s technical support team. In the event of a Defect, Flock shall make a commercially reasonable attempt to repair or replace the defective Flock Hardware at no additional cost to the Customer. Flock reserves the right, in its sole discretion, to repair or replace such Defect, provided that Flock shall conduct inspection or testing within a commercially reasonable time, but no longer than seven (7) business days after Customer gives notice to Flock.

**8.2 Replacements.** In the event that Flock Hardware is lost, stolen, or damaged, Customer may request a replacement of Flock Hardware at a fee according to the reinstall fee schedule (<https://www.flocksafety.com/reinstall-fee-schedule>). In the event that Customer chooses not to replace lost, damaged, or stolen Flock Hardware, Customer understands and agrees that Flock is not liable for any resulting impact to Flock Service, nor shall Customer receive a refund for the lost, damaged, or stolen Flock Hardware.

**8.3 Warranty.** Flock shall use reasonable efforts consistent with prevailing industry standards to maintain the Services in a manner which minimizes errors and interruptions in the Services and shall perform the Installation Services in a professional and workmanlike manner. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Flock or by third-party providers, or because of other causes beyond Flock’s reasonable control, but Flock shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption.

**8.4 Disclaimer.** THE REMEDY DESCRIBED IN SECTION 8.1 ABOVE IS CUSTOMER’S SOLE REMEDY, AND FLOCK’S SOLE LIABILITY, WITH RESPECT TO DEFECTS. FLOCK IS NOT LIABLE FOR ANY DAMAGES OR ISSUES ARISING FROM THIRD-PARTY DISTRIBUTIONS REQUESTED BY CUSTOMER. AFOREMENTIONED DISTRIBUTION IS AT CUSTOMER’S OWN RISK. FLOCK DOES NOT

WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE SERVICES ARE PROVIDED "AS IS" AND FLOCK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THIS DISCLAIMER ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE MENTIONED IN SECTION 11.6.

**8.5 Insurance.** Flock will maintain commercial general liability policies to be provided as Exhibit B.

**8.6 Force Majeure.** Parties are not responsible or liable for any delays or failures in performance from any cause beyond their control, including, but not limited to acts of God, changes to law or regulations, embargoes, war, terrorist acts, pandemics (including the spread of variants), issues of national security, acts or omissions of third-party technology providers, riots, fires, earthquakes, floods, power blackouts, strikes, supply chain shortages of equipment or supplies, financial institution crisis, weather conditions or acts of hackers, internet service providers or any other third party acts or omissions.

## **9. LIMITATION OF LIABILITY; INDEMNITY**

**9.1 Limitation of Liability.** NOTWITHSTANDING ANYTHING TO THE CONTRARY, FLOCK, ITS OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS AND EMPLOYEES SHALL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT OR TERMS AND CONDITIONS RELATED THERETO UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, PRODUCT LIABILITY, OR OTHER THEORY: (A) FOR LOSS OF REVENUE, BUSINESS OR BUSINESS INTERRUPTION; (B) INCOMPLETE,

CORRUPT, OR INACCURATE DATA; (C) COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY; (D) FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES; (E) FOR ANY MATTER BEYOND FLOCK'S ACTUAL KNOWLEDGE OR REASONABLE CONTROL INCLUDING REPEAT CRIMINAL ACTIVITY OR INABILITY TO CAPTURE FOOTAGE; OR (F) FOR ANY AMOUNTS THAT, TOGETHER WITH AMOUNTS ASSOCIATED WITH ALL OTHER CLAIMS, EXCEED THE FEES PAID AND/OR PAYABLE BY CUSTOMER TO FLOCK FOR THE SERVICES UNDER THIS AGREEMENT IN THE TWELVE (12) MONTHS PRIOR TO THE ACT OR OMISSION THAT GAVE RISE TO THE LIABILITY, IN EACH CASE, WHETHER OR NOT FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY OF SECTION ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE REFERENCED IN SECTION 11.6. NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE FOREGOING LIMITATIONS OF LIABILITY SHALL NOT APPLY (I) IN THE EVENT OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR (II) INDEMNIFICATION OBLIGATIONS.

**9.2 Responsibility.** Each Party to this Agreement shall assume the responsibility and liability for the acts and omissions of its own employees, officers, or agents, in connection with the performance of their official duties under this Agreement. Each Party to this Agreement shall be liable for the torts of its own officers, agents, or employees.

**9.3 Flock Indemnity.** Flock shall indemnify and hold harmless Customer, its agents and employees, from liability of any kind, including claims, costs (including defense) and expenses, on account of: (i) any copyrighted material, patented or unpatented invention, articles, device or appliance manufactured or used in the performance of this Agreement; or (ii) any damage or injury to property or person directly caused by Flock's installation of Flock Hardware, except for where such damage or

injury was caused solely by the negligence of the Customer or its agents, officers or employees. Flock's performance of this indemnity obligation shall not exceed the fees paid and/or payable for the services rendered under this Agreement in the preceding twelve (12) months.

## 10. INSTALLATION SERVICES AND OBLIGATIONS

10.1 **Ownership of Hardware.** Flock Hardware is owned and shall remain the exclusive property of Flock. Title to any Flock Hardware shall not pass to Customer upon execution of this Agreement, except as otherwise specifically set forth in this Agreement. Except as otherwise expressly stated in this Agreement, Customer is not permitted to remove, reposition, re-install, tamper with, alter, adjust or otherwise take possession or control of Flock Hardware. Customer agrees and understands that in the event Customer is found to engage in any of the foregoing restricted actions, all warranties herein shall be null and void, and this Agreement shall be subject to immediate termination for material breach by Customer. Customer shall not perform any acts which would interfere with the retention of title of the Flock Hardware by Flock. Should Customer default on any payment of the Flock Services, Flock may remove Flock Hardware at Flock's discretion. Such removal, if made by Flock, shall not be deemed a waiver of Flock's rights to any damages Flock may sustain as a result of Customer's default and Flock shall have the right to enforce any other legal remedy or right.

10.2 **Deployment Plan.** Flock shall advise Customer on the location and positioning of the Flock Hardware for optimal product functionality, as conditions and locations allow. Flock will collaborate with Customer to design the strategic geographic mapping of the location(s) and implementation of Flock Hardware to create a deployment plan ("**Deployment Plan**"). In the event that Flock determines that Flock Hardware will not achieve optimal functionality at a designated

location, Flock shall have final discretion to veto a specific location and will provide alternative options to Customer.

**10.3 Changes to Deployment Plan.** After installation of Flock Hardware, any subsequent requested changes to the Deployment Plan, including, but not limited to, relocating, re-positioning, adjusting of the mounting, removing foliage, replacement, changes to heights of poles will incur a fee according to the reinstall fee schedule located at [\(https://www.flocksafety.com/reinstall-fee-schedule\)](https://www.flocksafety.com/reinstall-fee-schedule). Customer will receive prior notice and confirm approval of any such fees.

**10.4 Customer Installation Obligations.** Customer is responsible for any applicable supplementary cost as described in the Customer Implementation Guide. Customer represents and warrants that it has, or shall lawfully obtain, all necessary right title and authority and hereby authorizes Flock to install the Flock Hardware at the designated locations and to make any necessary inspections or maintenance in connection with such installation.

**10.5 Flock's Obligations.** Installation of any Flock Hardware shall be installed in a professional manner within a commercially reasonable time from the Effective Date of this Agreement. Upon removal of Flock Hardware, Flock shall restore the location to its original condition, ordinary wear and tear excepted. Flock will continue to monitor the performance of Flock Hardware for the length of the Term. Flock may use a subcontractor or third party to perform certain obligations under this Agreement, provided that Flock's use of such subcontractor or third party shall not release Flock from any duty or liability to fulfill Flock's obligations under this Agreement.

## **11. MISCELLANEOUS**

**11.1 Compliance with Laws.** Parties shall comply with all applicable local, state and federal

laws, regulations, policies and ordinances and their associated record retention schedules, including responding to any subpoena request(s).

11.2 **Severability.** If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect.

11.3 **Assignment.** This Agreement is not assignable, transferable or sublicensable by either Party, without prior consent. Notwithstanding the foregoing, either Party may assign this Agreement, without the other Party's consent, (i) to any parent, subsidiary, or affiliate entity, or (ii) to any purchaser of all or substantially all of such Party's assets or to any successor by way of merger, consolidation or similar transaction.

11.4 **Entire Agreement.** This Agreement, together with the Order Form(s), the reinstall fee schedule (<https://www.flocksafety.com/reinstall-fee-schedule>), and any attached exhibits are the complete and exclusive statement of the mutual understanding of the Parties and supersedes and cancels all previous or contemporaneous negotiations, discussions or agreements, whether written and oral, communications and other understandings relating to the subject matter of this Agreement. All waivers and modifications must be in a writing signed by both Parties, except as otherwise provided herein. None of Customer's purchase orders, authorizations or similar documents will alter the terms of this Agreement, and any such conflicting terms are expressly rejected. Any mutually agreed upon purchase order is subject to these terms. In the event of any conflict of terms found in this Agreement or any other terms and conditions, the terms of this Agreement shall prevail. Customer agrees that Customer's purchase is neither contingent upon the delivery of any future functionality or features nor dependent upon any oral or written comments

made by Flock with respect to future functionality or feature.

**11.5 Relationship.** No agency, partnership, joint venture, or employment is created as a result of this Agreement and Parties do not have any authority of any kind to bind each other in any respect whatsoever. Flock shall at all times be and act as an independent contractor to Customer.

**11.6 Governing Law; Venue.** This Agreement shall be governed by the laws of the state in which the Customer is located. The Parties hereto agree that venue would be proper in the chosen courts of the State of which the Customer is located. The Parties agree that the United Nations Convention for the International Sale of Goods is excluded in its entirety from this Agreement.

**11.7 Special Terms.** Flock may offer certain special terms which are indicated in the Order Form and will become part of this Agreement, upon Customer's prior written consent and the mutual execution by authorized representatives ("**Special Terms**"). To the extent that any terms of this Agreement are inconsistent or conflict with the Special Terms, the Special Terms shall control.

**11.8 Publicity.** Upon prior written consent, Flock has the right to reference and use Customer's name and disclose the nature of the Services in business and development and marketing efforts. Nothing contained in this Agreement shall be construed as conferring on any Party, any right to use the other Party's name as an endorsement of product/service.

**11.9 Feedback.** If Customer or Authorized End User provides any suggestions, ideas, enhancement requests, feedback, recommendations or other information relating to the subject matter hereunder, Customer or Authorized End User hereby assigns to Flock all right, title and interest (including intellectual property rights) with respect to or resulting from any of the foregoing.

11.10 **Export.** Customer may not remove or export from the United States or allow the export or re-export of the Flock IP or anything related thereto, or any direct product thereof in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, or any other United States or foreign Customer or authority. As defined in Federal Acquisition Regulation (“FAR”), section 2.101, the Services, the Flock Hardware and Documentation are “commercial items” and according to the Department of Defense Federal Acquisition Regulation (“DFAR”) section 252.2277014(a)(1) and are deemed to be “commercial computer software” and “commercial computer software documentation.” Flock is compliant with FAR Section 889 and does not contract or do business with, use any equipment, system, or service that uses the enumerated banned Chinese telecommunication companies, equipment or services as a substantial or essential component of any system, or as critical technology as part of any Flock system. Consistent with DFAR section 227.7202 and FAR section 12.212, any use, modification, reproduction, release, performance, display, or disclosure of such commercial software or commercial software documentation by the U.S. Government will be governed solely by the terms of this Agreement and will be prohibited except to the extent expressly permitted by the terms of this Agreement.

11.11 **Headings.** The headings are merely for organization and should not be construed as adding meaning to the Agreement or interpreting the associated sections.

11.12 **Authority.** Each of the below signers of this Agreement represent that they understand this Agreement and have the authority to sign on behalf of and bind the Parties they are representing upon the Effective Date.

11.13 **Conflict.** In the event there is a conflict between this Agreement and any applicable statement of work, or Customer purchase order, this Agreement controls unless explicitly stated otherwise.

11.14 **Notices.** All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by email; the day after it is sent, if sent for next day delivery by recognized overnight delivery service; and upon receipt, if sent by certified or registered mail, return receipt requested. All notices will be provided to the email or mailing address listed in the Order Form.

11.15 **Non-Appropriation.** Notwithstanding any other provision of this Agreement, all obligations of the Customer under this Agreement which require the expenditure of public funds are conditioned on the availability of said funds appropriated for that purpose. To the extent applicable, Customer shall have the right to terminate this Agreement for non appropriation with thirty (30) days written notice without penalty or other cost.

These Terms and Conditions are subject to change.

**AGENDA ITEM SUMMARY SHEET**  
**City of Rollingwood**  
**Meeting Date: September 17, 2025**

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action to authorize a survey by Crossroads Utility Services of the existing residential grinder pumps

**Description:**

Currently, the city's wastewater system includes approximately 127 residential grinder pumps. The pumps are of different styles and in different states of repair. This item is to allow Council the opportunity to have Crossroads Utility Services conduct a survey on behalf of the City of Rollingwood of the existing residential grinder pumps, which will provide the City with information on the types (make and model) of such pumps in the City, as well as a report on the condition of each pump. These data can then be used for preventative maintenance and budgetary purposes in the future.

**Action Requested:**

To consider authorizing a survey by Crossroads Utility Services of the existing residential grinder pumps.

**Fiscal Impacts:**

Approval of the proposed survey will be an additional cost to the City. The inspection fee per system is \$362.50 and the approximate total cost for all inspections is \$46,037.50.

# AGENDA ITEM SUMMARY SHEET

## City of Rollingwood

Meeting Date: September 17, 2025

**Submitted By:**

Staff

**Agenda Item:**

Discussion and possible action on a resolution amending the City of Rollingwood Fee Schedule to include credit card transaction fees, revised fence application fees, tree removal application fees, updated code references relating to building inspections, and the removal of a duplicate section

**Description:**

**Add: new Sec. A1.004. Credit Card Transaction Fee**

All credit card transactions will have a 3.25% processing fee added to payments made with credit cards. The City does not currently pass a credit card transaction fee on to customers. Because this fee would apply to all departments this is added as a new section to apply to all departments. Currently, the Court is the only department charging a credit card transaction fee, of 3.25%.

**Edit: Section A2.001 General Fees- Fence application fee**

Removed "Fence greater than six ft. in height: \$225.00" fee under "Residential Additions" and created "Fence Permit Application", splitting into 2 fees. (a) fences less than 8 feet in height and (b) Fences greater than 8 feet in height. Fences 8' or greater require a more in-depth review due to engineering.

**Edit: Section A2.003 Inspections (a)**

Updated this subsection to reflect the correct code chapters. This referenced the old code of ordinance chapters.

**Edit: Tree Removal Application Fee (Article A3.000 Development and Zoning Fees)**

Edited fees to reflect the work associated with permit processing and review of tree removals with development or improvement projects.

**Add: Heritage Tree Removal Fee (Article A3.000 Development and Zoning Fees)**

Added additional fees for the removal of a Heritage Tree, which was recently added with the amended Residential Tree Canopy & Landscape ordinance.

**Delete: Duplicate "Alcoholic beverage permit" (Article A6.000)**

Alcoholic beverage permit is listed in subsection (a) and subsection (m), which includes other fees. Alcoholic beverage permit was removed from subsection (m) as it is already captured in subsection (a) to avoid duplication.

**Action Requested:**

Discuss and consider approval of a resolution to amend the City of Rollingwood Fee Schedule.

**Fiscal Impacts:**

No significant fiscal impacts anticipated at this time.

**Attachments:**

- Resolution to amend the City of Rollingwood's Fee Schedule
- Redlined City of Rollingwood Fee Schedule

## **ARTICLE A1.000. GENERAL PROVISIONS**

### **Sec. A1.001. Scope.**

The fees listed in the fee schedule shall be charged and collected by the city for the activities or uses indicated.

### **Sec. A1.002. Conflicting provisions.**

This fee schedule, and in particular the fees set forth herein, controls over and supersedes any conflicting provisions in the city code.

### **Sec. A1.003. Payment of consultant fees.**

- (a) Payment required.  
All applicants shall pay all consultant fees incurred by the city that are associated with their applications referenced in the following articles (A2.000 and A3.000). No approvals will be issued in connection with their applications until all required fees have been paid to the city, regardless of the method used for collection of such fees.
- (b) Payment of deposit.  
When consultant fees are anticipated to be substantial, the city secretary or building official upon receipt of an application, may establish a deposit amount that is equivalent to the projected consultant fees to be incurred in connection with the application. The applicant shall deposit this amount with the city prior to any review, or predevelopment conference/discussion/correspondence, inspection, processing or other work being initiated by the city. A revised deposit amount may be established at any time when consultant fees are substantially different than originally projected, and additional amounts payable or refundable will be due at the time of issuance to the applicant of notice of a revised deposit amount. When a deposit is established, the application will not be considered as filed or complete until the deposit is paid. When a deposit is paid, all consultant fees incurred by the city that are associated with the application will be charged against this deposit. Upon completion of the consultant activities, the applicant shall pay any fees incurred by the city in excess of the deposit. Any excess deposit remaining after the payment of all consultant fees will be returned to the applicant.
- (c) Alternate procedure for substantial consulting fees.  
For large or complex development projects and other applications where an estimate of fees is determined to be impracticable, the city secretary, city engineer, public works director or building official will provide a list of the types of review, inspections, and determinations to be made by city consultants, together with hourly or customary fees charged by relevant consultants for the work. In the case of any ongoing inspection or review activities, such as utility construction review, a description of the anticipated incidence of such consultant work may be provided. In cases with protracted consultant activity, periodic invoices for costs incurred by the city may be issued to the applicant and shall be due and payable within 30 days of the issue date.

### **Sec. A1.004. Transaction fees associated with credit cards.**

#### **(a) Credit Card Transaction Fee. 3.25%**

All credit card transactions will have a 3.25% processing fee added to payments made with credit cards.

- (e) Expedited fee. Installation of taps and connections for water and wastewater service is scheduled in the order a request and payment of fees is provided to the city, and in the reasonably expeditious regular course such services are provided by the city. Installation shall be arranged on a priority expedited basis upon request and payment of an additional fee calculated as follows:

The applicable tap fee will be increased by the cost charged to the city by the city's designated third-party provider of service for the work of making the requested connection to the city's system. Such additional charge shall be the cost to the city of labor provided by the city's designated third-party provider; there shall be no additional charge for regular materials or fixtures included in the standard tap fee.

**Sec. A9.003. Wastewater service rates.**

- (a) Rates. The rates to be charged by the city for wastewater collection and treatment services to its customers will be:
  - (1) Residential customers. \$13.07 base rate per month, plus \$7.81 per 1,000 gallons based upon the current winter average.
  - (2) Commercial customers. \$91.07 per living unit equivalent, as that living unit equivalent is defined by policy of the city, assigned to the customer per month, plus \$7.81 per 1,000 gallons of water usage as measured monthly.
- (b) Winter average calculation.
  - (1) Each year, the city will determine each customer's winter water usage during the months of November, December, January, February, and March and calculate an average monthly water usage based on usage during such winter months. There will be a minimum average of at least 1,000 gallons. This average will be used to calculate the customer's volume wastewater charges until the next year, when the average will be recalculated. In addition, each year the city will determine an average during such winter months of monthly residential usage by all residential customers. Such average will be used to calculate volume charges for a customer who did not purchase water from the city for the entirety of the most recent winter average period, including those whose water supply is provided by one or more water wells.
  - (2) For any residential connection that does not have adequate prior water use history from which to determine an accurate average, including those customers who do not purchase water from the city, the default average use shall be the average monthly usage of all residential water customers last determined pursuant to subsection (b)(1) of this section. Actual winter water usage for such a residential connection shall be utilized when/if the calculation is made the following year. Neither the city nor a customer shall be entitled to any adjustment for previous bills based on recalculation after employment of the default rate.

City of Rollingwood Fee Schedule

Amended August 20, 2025

- (3) For residential customers with residential irrigation meters, water use of both household and irrigation meters shall be aggregated to determine the winter average water use.

**Sec. A9.004. Water service rates, fees and deposit.**

Appendix A  
Fee Schedule

## **ARTICLE A1.000. GENERAL PROVISIONS**

### **Sec. A1.001. Scope.**

The fees listed in the fee schedule shall be charged and collected by the city for the activities or uses indicated.

### **Sec. A1.002. Conflicting provisions.**

This fee schedule, and in particular the fees set forth herein, controls over and supersedes any conflicting provisions in the city code.

### **Sec. A1.003. Payment of consultant fees.**

- (a) Payment required.  
All applicants shall pay all consultant fees incurred by the city that are associated with their applications referenced in the following articles (A2.000 and A3.000). No approvals will be issued in connection with their applications until all required fees have been paid to the city, regardless of the method used for collection of such fees.
- (b) Payment of deposit.  
When consultant fees are anticipated to be substantial, the city secretary or building official upon receipt of an application, may establish a deposit amount that is equivalent to the projected consultant fees to be incurred in connection with the application. The applicant shall deposit this amount with the city prior to any review, or predevelopment conference/discussion/correspondence, inspection, processing or other work being initiated by the city. A revised deposit amount may be established at any time when consultant fees are substantially different than originally projected, and additional amounts payable or refundable will be due at the time of issuance to the applicant of notice of a revised deposit amount. When a deposit is established, the application will not be considered as filed or complete until the deposit is paid. When a deposit is paid, all consultant fees incurred by the city that are associated with the application will be charged against this deposit. Upon completion of the consultant activities, the applicant shall pay any fees incurred by the city in excess of the deposit. Any excess deposit remaining after the payment of all consultant fees will be returned to the applicant.
- (c) Alternate procedure for substantial consulting fees.  
For large or complex development projects and other applications where an estimate of fees is determined to be impracticable, the city secretary, city engineer, public works director or building official will provide a list of the types of review, inspections, and determinations to be made by city consultants, together with hourly or customary fees charged by relevant consultants for the work. In the case of any ongoing inspection or review activities, such as utility construction review, a description of the anticipated incidence of such consultant work may be provided. In cases with protracted consultant activity, periodic invoices for costs incurred by the city may be issued to the applicant and shall be due and payable within 30 days of the issue date.

Senate Bill 2 from the fourth special session of the 88<sup>th</sup> Texas Legislature changed the composition and appointment method of the Board of Directors for the Travis Central Appraisal District. The terms of two appointed members of the Board of Directors will expire at the end of this year. Accordingly, the appointment of two members to the Board must be conducted this fall to select the individuals who will serve in this capacity for the term beginning January 1, 2026, serving a four-year term.

To be eligible to serve on the Board of Directors, an individual must be a resident of Travis County and must have resided in the District for at least two years immediately preceding the date he or she takes office. An elected official may be a member of the Board; however, an employee of a taxing entity may not be a member unless they are also an elected official.

A complete list of entities entitled to nominate and vote on members of the Board of Directors, along with their voting entitlement, is enclosed. Should you desire to make a nomination to the Board, you must deliver the name of the nominee to the Chief Appraiser in the form of a resolution on or before October 14, 2025.

Before October 30, 2025, the Chief Appraiser will prepare a ballot listing all the candidates nominated and deliver a copy to the presiding officer of the governing body of each taxing entity entitled to vote. The ballot must be returned to the Chief Appraiser by December 14, 2025. Your entity is entitled to 2 votes that can be split among any of the nominees on the ballot.

Before December 31, 2025, the Chief Appraiser will count the votes submitted by each entity, declare the results, and submit the results to the governing bodies of each entity, as well as to each of the nominated candidates. According to the Property Tax Code, any ties will be resolved by a method of chance by the Chief Appraiser.

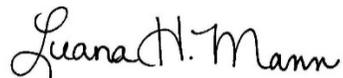

If you desire to submit a nomination, please do so by **October 14, 2025** in the form of a resolution. Each taxing entity may make up to two (2) nominations. Please submit resolutions and biographies for the nominees to the following address:

Leana Mann  
Travis Central Appraisal District  
P.O. Box 149012  
Austin, TX 78714-9012

*Resolutions and biographies can also be submitted via email to [Lmann@tcadcentral.org](mailto:Lmann@tcadcentral.org).*

If you have any questions, please feel free to call me at (512) 834-9317, ext. 405.

Sincerely,

Leana Mann  
Chief Appraiser

- Audit Planning Letter from ABIP, PC

August 28, 2025

Mr. Gavin Massingill, Mayor and City Council  
of the City of Rollingwood, Texas  
403 Nixon Drive  
Rollingwood, Texas 78746

We are engaged to audit the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Rollingwood, Texas for the year ended September 30, 2025. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

Our Responsibility under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards*

As stated in our engagement letter dated August 28, 2025, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we will consider the City of Rollingwood, Texas’ internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not provide assurance on the internal control over financial reporting.

As part of obtaining reasonable assurance about whether the City’s financial statements are free of material misstatement, we will perform tests of its compliance with certain provisions of laws, regulations, contracts and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to the following; 1) Management’s Discussion and Analysis, 2) Schedule of Revenues, Expenditures, and Changes in Fund Balance–Budget to Actual–General Fund, 3) Schedule of Changes in Net Pension Liability and Related Ratios–Texas Municipal Retirement System 4) Schedule of Contributions–Texas Municipal Retirement System, 5) Schedule of Funding Changes in Liability and related Ratios–Other Postemployment Benefit Plan, which supplements the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

We have been engaged to report on the following other supplementary information; 1) Combining and Individual Fund Statements and Schedules, which accompany the financial statements but are not RSI. Our responsibility for this supplementary information, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Planned Scope, Timing of the Audit, Significant Risks, and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the entity and its environment, including the system of internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

According to GAAS, significant risks include management override of controls, and GAAS presumes that revenue recognition is a significant risk. Accordingly, we have considered these as significant risks as part of our planning. We expect to begin our audit in December 2025 and issue our report for presentation no later than the March 2026 City Council meeting. Michael Del Toro is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of the City Council and management of the City of Rollingwood, Texas and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,  
ABIP, PC

### City Financials

Highlights of the financials through the month of August 2025:

- As of August 31, 2025, 91% of the Fiscal Year has passed.
- Property taxes collected were up 14% from the amount collected in August 2024.
- Sales taxes collected were up 1% from the amount collected in August 2024.
- The Water Fund balance is currently at \$1,119,537.51. The General Fund balance is \$4,934,441.79.

### Budget

Budget season continues! In the August budget workshop, we covered final revenue estimates and estimated beginning balances, the impact of different tax rates, exceptional item requests and the 10-year expenditure planning document. During the City Council Meeting on September 17, 2025, the City Council will finalize the approved exceptional items, adopt the City's Fiscal Year 2025-2026 Budget, and the Ad Valorem Tax Rate. As always, budget worksheets and budget working papers can found at the following link and are frequently updated: <https://www.rollingwoodtx.gov/finance/page/fy-2025-2026-budget-binder>

### Police Department (Rollingwood Night Out)

Rollingwood Night Out was held on September 9, 2025, and was very well attended.

### Utilities

Stage 2 water restrictions remain in effect, so we continue to strongly encourage residents to set up their [EyeOnWater](#) customer portal and to set up leak alerts and to limit their water usage.

As of September 11, 2025, the EyeOnWater customer portal has a total of **238** accounts (an increase of 6 since my last report) that are registered within the system, representing 40% of the system's connections. Of those accounts, **185** (an increase of 7 since my last report) have signed up for leak alerts.

### **Water CIP and Drainage Projects**

Construction activities are still ongoing for Water CIP Bond Program Packages 1-4 and the Hubbard/Hatley/Pickwick and Nixon/Pleasant drainage projects. The weeks of September 8<sup>th</sup> and 16<sup>th</sup> have and will be spent tying in water main lines as a part of these projects. That work has and will necessitate water outages and temporary boil water notices due to the nature of the work.

Updates on these projects and their impacts on residents can be found on our city website, under the public notices section on the front page. The page “Rollingwood Water System Improvements Updates” will be kept up to date with project progress and milestones. A full schedule of all projects can also be found on this page and will be updated as the projects progress. Link: <https://www.rollingwoodtx.gov/administration/page/rollingwood-water-system-improvements-updates>

### **Opioid Settlement**

A new proposed national opioids settlement (“Secondary Manufacturers, Settlements”) has been reached with eight opioids manufacturers: Alvogen, Amneal, Apotex, Hikma, Indivior, Mylan, Sun, and Zydus. The City of Rollingwood is a participating entity in the settlements.

### **City Holiday**

City Hall will be closed on Monday, October 13, 2025 in observance of Columbus Day/Indigenous Peoples Day. City Hall will re-open on Tuesday, October 14, 2025.

### **Contact Me if Needed**

I can be reached by email at [athomas@rollingwoodtx.gov](mailto:athomas@rollingwoodtx.gov) and by cell phone at (737) 218-8326. Please let me know if you have any questions or concerns.

<b>Project</b>	<b>Project Summary</b>	<b>Status</b>	<b>Next steps</b>
WA03 Hubbard, Hatley, Drainage Improvements PS&E	Preparation of plans, specifications and estimates for the development of a construction bid package. Option 2 from the PER has been selected as the preferred option which proposes to construct a storm drain system from the creek at Almarion Way extending upstream to Hatley, Hubbard and Pickwick.	Project in construction.  Work in progress includes construction of storm drain on Almarion Way.  Coordinating utility issue with geothermal wells inside of easement.	
WA04 Nixon/Pleasant Drainage Improvements PS&E	Preparation of plans, specifications and estimates for the development of a construction bid package. This will include channel improvements and Segment 1 of the storm sewer improvements.	Work in progress includes routing of rock wall, mill and overlay of pavement, and landscaping.  Substantial completion projected for 08/30/25.	
WA07 Water CIP Bond Program – Packages 1-4	Residents of Rollingwood approved Bond Proposition A, a \$5.3MM bond to fund improvements to the city's water system as identified in the city's Water Capital Improvements Plan (CIP).	Project is in construction.	

**6. General Engineering Services**

Task	Assignment Summary	Status	Next steps
General	General coordination with City staff regarding engineering services, monthly report preparation and attendance of meeting, as requested.	On-Going.  Bi-weekly meetings.	
Development Services	Coordination with City staff regarding on-going development services.	On-going for developments.  KFA submitted contract amendment for updating rates for 2025.	Ongoing coordination.
Development Services – Code revisions	Request from Council member Brooke Brown related to code questions and recommendations for addressing concerns. Relates to rainwater harvesting tank, drainage facilities in easement, excavation of rock, excavation near trees, drainage facility definitions.	KFA is preparing recommendations related to these issues for review by the City.	Submit Code Revisions Memo to the City.
MS4 Compliance	Coordination with City staff on compliance with the Storm Water Management Permit for the 2025 calendar year.	MS4 submitted 2/11/25.  Re-submitted to TCEQ.	Got comments from TCEQ, resubmitted and awaiting signatory approval. Annual MS4 report was presented at City Council Meeting 08/20/2025.
Water Rights Application (LCRA)		Presented at council and resubmitted to LCRA.	
Rollingwood Park Drainage Improvements	Coordination with City staff and IWS for the park detention pond and retaining wall improvements. Supporting review of submitted plans.	Not active.	

Task	Assignment Summary	Status	Next steps
Drainage Issue at Vale and Bettis	KFA is reviewing the drainage issue at Vale and Bettis and will provide recommendations for next steps.	In progress.	Meet with Rollingwood and provide drainage options.
City of Austin Atlas 14 Floodplain Update	The City of Austin has begun a five-year effort to update floodplain maps in the Austin area. The maps are being updated with Atlas 14 rainfall data.  KFA attended COA informational virtual public meeting over Zoom.  Eanes Creek is likely to be restudied. It is likely to lead to a floodplain increase, which will impact properties along the creeks.	Not active.  Continue to monitor progress. Have not received any recent updates.

KFA is preparing recommendations related to these issues for review by the City.	Submit Code Revisions Memo to the City.
MS4 Compliance	Coordination with City staff on compliance with the Storm Water Management Permit for the 2025 calendar year.	MS4 submitted 2/11/25.  Re-submitted to TCEQ.	Got comments from TCEQ, resubmitted and awaiting signatory approval. Annual MS4 report was presented at City Council Meeting 08/20/2025.
Water Rights Application (LCRA)		Presented at council and resubmitted to LCRA.	
Rollingwood Park Drainage Improvements	Coordination with City staff and IWS for the park detention pond and retaining wall improvements. Supporting review of submitted plans.	Not active.	

Task	Assignment Summary	Status	Next steps
Drainage Issue at Vale and Bettis	KFA is reviewing the drainage issue at Vale and Bettis and will provide recommendations for next steps.	In progress.	Meet with Rollingwood and provide drainage options.
City of Austin Atlas 14 Floodplain Update	The City of Austin has begun a five-year effort to update floodplain maps in the Austin area. The maps are being updated with Atlas 14 rainfall data.  KFA attended COA informational virtual public meeting over Zoom.  Eanes Creek is likely to be restudied. It is likely to lead to a floodplain increase, which will impact properties along the creeks.	Not active.  Continue to monitor progress. Have not received any recent updates.

Senate Bill 2 from the fourth special session of the 88<sup>th</sup> Texas Legislature changed the composition and appointment method of the Board of Directors for the Travis Central Appraisal District. The terms of two appointed members of the Board of Directors will expire at the end of this year. Accordingly, the appointment of two members to the Board must be conducted this fall to select the individuals who will serve in this capacity for the term beginning January 1, 2026, serving a four-year term.

To be eligible to serve on the Board of Directors, an individual must be a resident of Travis County and must have resided in the District for at least two years immediately preceding the date he or she takes office. An elected official may be a member of the Board; however, an employee of a taxing entity may not be a member unless they are also an elected official.

A complete list of entities entitled to nominate and vote on members of the Board of Directors, along with their voting entitlement, is enclosed. Should you desire to make a nomination to the Board, you must deliver the name of the nominee to the Chief Appraiser in the form of a resolution on or before October 14, 2025.

Before October 30, 2025, the Chief Appraiser will prepare a ballot listing all the candidates nominated and deliver a copy to the presiding officer of the governing body of each taxing entity entitled to vote. The ballot must be returned to the Chief Appraiser by December 14, 2025. Your entity is entitled to 2 votes that can be split among any of the nominees on the ballot.

Before December 31, 2025, the Chief Appraiser will count the votes submitted by each entity, declare the results, and submit the results to the governing bodies of each entity, as well as to each of the nominated candidates. According to the Property Tax Code, any ties will be resolved by a method of chance by the Chief Appraiser.

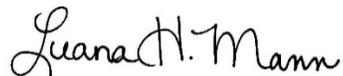

If you desire to submit a nomination, please do so by **October 14, 2025** in the form of a resolution. Each taxing entity may make up to two (2) nominations. Please submit resolutions and biographies for the nominees to the following address:

Leana Mann

Honorable Mayor and Members of the City Council:

Pursuant to the Cost of Gas Clause currently in effect for the Central-Gulf service area, the following is the determination of the cost of gas to be used for billings in September 2025:

1. Cost of Purchased Gas @ 14.73 PSIA.....	\$6.4195
2. Cost of Purchased Gas @ 14.65 PSIA.....	\$6.3847
3. Purchase/Sales Ratio.....	1.0102
4. Commodity Cost (Line 2 x Line 3).....	\$6.4498
5. Surcharge or Refund Factor.....	\$0.0000
6. Reconciliation Factor.....	\$0.0000
7. Revenue-associated Fees and Taxes.....	\$0.0000
8. Subtotal (Line 4 + Line 5 + Line 6 + Line 7).....	\$6.4498
9. Customer Rate Relief Component.....	\$1.1800
10. Cost of Gas (Line 8 + Line 9).....	<u>\$7.6298 / Mcf</u>
	<u>\$0.7630 / Ccf</u>

Billings using the cost of gas as determined above will begin with meters read on and after August 25, 2025 and end with meters read on and after September 24, 2025.

Sincerely,

*Lisa Wattinger*

### PUBLIC NOTICE OF PROPOSED RATE CHANGE NATURAL GAS UTILITY RATES

On June 30, 2025, Texas Gas Service Company, a Division of ONE Gas, Inc. ("TGS" or "Company"), filed a Statement of Intent to Change Rates ("Statement of Intent") in the Central-Gulf Service Area ("CGSA"), Rio Grande Valley Service Area ("RGVSA"), and the West North Service Area ("WNSA") with the Railroad Commission of Texas ("Commission") and with the Cities of: Alamo, Aledo, Alton, Andrews, Anthony, Austin, Barstow, Bayou Vista, Beaumont, Bee Cave, Borger, Breckenridge, Brownsville, Bryson, Buda, Cedar Park, Clint, Combes, Crane, Cuero, Dell City, Donna, Dripping Springs, Edcouch, Edinburg, El Paso, Elsa, Galveston, Georgetown, Gonzales, Grafard, Graham, Groves, Harlingen, Hidalgo, Horizon City, Hudson Oaks, Hutto, Jacksboro, Jamaica Beach, Jarrell, Kyle, La Feria, La Joya, La Villa, Laguna Vista, Lakeway, Lockhart, Los Fresnos, Luling, Lyford, Marble Falls, McAllen, McCamey, Mercedes, Millsap, Mineral Wells, Mission, Monahans, Mustang Ridge, Nederland, Nixon, Palm Valley, Palmhurst, Palmview, Pecos, Penitas, Pflugerville, Pharr, Port Arthur, Port Isabel, Port Neches, Primera, Progreso, Pyote, Rancho Viejo, Raymondville, Rio Hondo, Rollingwood, San Benito, San Elizario, San Juan, Santa Rosa, Shiner, Skellytown, Socorro, Sunset Valley, Thorntonville, Vinton, Weatherford, Weslaco, West Lake Hills, Wickett, Willow Park, Wink, and Yoakum, Texas for the gas utility rates charged by the Company to customers throughout the state of Texas.

The proposed change in rates will affect all small and large residential, small and large commercial,<sup>1</sup> commercial transportation, industrial, industrial transportation, public authority, public authority transportation, irrigation, compressed natural gas, compressed natural gas transportation, electrical generation, electrical generation transportation, and unmetered gas light service customers within the cities listed above and unincorporated areas TGS serves. The proposed effective date of the requested rate changes is August 19, 2025.

In addition to changing rates, TGS proposes to consolidate the existing CGSA, RGVSA, and WNSA into a single TGS territory. Consistent with its request for consolidation, the Company has developed its proposed rates based on the systemwide cost of providing service to all customers in Texas. The proposed rates and tariffs are expected to increase the Company's annual systemwide revenues by approximately \$41.1 million or 7.07% including gas cost or 9.83% excluding gas cost. The proposed change in rates does constitute a "major change" as that term is defined by Section 104.101 of the Texas Utilities Code because the proposed rates will increase the total aggregate revenues of the Company by more than two and one-half percent. The proposed change in rates will not become effective until similar changes have become effective within the nearest incorporated city.

The Company proposes to implement the rates included in Table 1 below:

3. There are currently no customers paying the newly proposed Residential Customer Assistance rate; any customers who qualify for this pilot program are currently paying the Small Residential or Large Residential rate for their respective service area.

4. Because there are no customers in this rate class and no volumes being used, the calculated Current Average Bill and Proposed Average Bill are based on a hypothetical (estimated) volume usage. Actual average bills are subject to actual usage.

5. The Current Average Monthly Bill is calculated using volumes and gas cost at local pressure and is calculated based on a \$0.45 cost of gas. The Proposed Average Monthly Bill is calculated using volumes and gas costs at common pressure of 14.65 psi and is based on the average area-specific cost of gas from the 2024 test-year (i.e., \$0.50 for CGSA, \$0.40 for WNSA and \$0.25 for RGVSA). Neither the Proposed or the Current Average Monthly Bills include revenue-related taxes.

The Company also proposes Miscellaneous Service Charges included in Table 3 below:

<sup>a</sup> CFH: Cubic Feet per Hour.

<sup>b</sup> ERT: Electronic Radio Transponder. The Company only exchanges meters with ERT.

The proposed increases in Table 3 reflect a net increase of \$546,729 in revenues.

TGS is requesting: (1) that rates be approved for TGS consistent with those proposed in the Statement of Intent, to become effective for meters read on and after August 19, 2025; (2) approval of the consolidation of the existing CGSA, RGVSA, and the WNSA; (3) the Commission approve new depreciation rates for Direct and Division distribution and general plant; (4) the Commission find that expenses for COVID-19 that are contained in regulatory assets authorized by the Commission are reasonable, necessary and accurate; (5) that capital investment made through December 31, 2024, including capital investment in the Company's Interim Rate Adjustment filings made since the last rate cases in the CGSA, RGVSA, and the WNSA pursuant to Texas Utilities Code § 104.301, is deemed prudent; (6) that the form of notice for the proposed Rate Schedule PIT be approved; (7) approval of the proposed expansion of Customer Assistance Programs; and (8) that all reasonable rate case expenses incurred in connection with this Statement of Intent filing are authorized for recovery by the Company.

In addition, if new TGS tariffs are approved, TGS proposes to withdraw the existing CGSA, RGVSA, and WNSA tariffs to reflect the new TGS rates in Table 1 and/or related changes necessary to reflect consolidation, including revisions to reflect application of tariffs to all incorporated and unincorporated areas served by TGS.

**For all proposed rate schedules for General Sales and Transportation customers, TGS proposes:** (1) to use a Common Billing Pressure to calculate customer volume usage shown on customer bills; (2) a revision to the "Other Adjustments" section to remove references to: Rate Schedules URI-Rider, Conservation Adjustment Clause 1C and CAC, Energy Efficiency Program 1EE and EEP; and (3) add references to Rate Schedules EDR.

**For Residential Rate Schedules Customer Assistance 16 and 1W, TGS proposes:** to provide a reduced-price rate design for up to 30,000 customers who qualify.

**For Commercial Rate Schedules, TGS proposes:** to add Rate Schedules 20 and 2Z Small Commercial and 25 and 2Y Large Commercial for customers currently in the WNSA.

**For Transportation Rate Schedules T-1, T-1-ENV and T-TERMS, TGS proposes:** to combine the individual rates for Commercial Transportation, Industrial Transportation, Public Authority Transportation and CNG

Transportation into a single general Transportation rate design; and, to include definitions for Compressed Natural Gas (CNG) Service and Public Authority Service under "Definitions."

**For the Cost of Gas Clauses 1-INC and 1-ENV, TGS proposes:** to add clarifying language to section B.2 to specify that the Customer Rate Relief Component is not applicable to some areas; that the "revenue associated fee" is applicable to Weatherford, Texas only; add clarifying language to section B.4 for the Customer Rate Relief definition to specify that this rate is not applicable to some areas (authorized by the Commission's Financing Order in Docket No. OS-21-00007061); add section B.5 to include a definition for FERC Intervention Costs; add section B.6 to include a definition for Non-Utility Transactions; add section B.12 to include a definition for Uncollectible Cost of Gas; add new Section G, Non-Utility Transactions; and, to add a reference to the FERC Intervention Costs to Section I. Annual Reconciliation Report.

**For Rate Schedule WNA, TGS proposes:** updated weather factors for each class consistent with weather normalization calculations in this case. Proposed Rate Schedules RCE-TGS and RCE-TGS-ENV provide a mechanism to recover all reasonable rate case expenses incurred by the Company and cities in connection with the Statement of Intent filings that have been made with the cities and the Commission.

**For the Rules of Service, TGS proposes:** revisions for consistency with the Commission's Quality of Service Rules; updating § 1.3, Definitions for the terms: Atmospheric Pressure, Common Billing Pressure, Compressed Natural Gas Service, Constant Factor, Public Authority Service, Safe Access and Standard Serving Pressure as well as expanded the definition for "electrical generation service" to apply to a larger group on non-residential customers, and removing the definition for "service area"; addition of § 4.2 to include language for the 'Use of Natural Gas Equipment' and 'Appliances'; revisions to § 5.5 to add clarifying language regarding to the Company's ability to provide Expedited Service at the customer's request; revisions to § 6.1 to add clarifying language regarding the Company's ability to refuse service in any situation that is unsafe for personnel, customers or the general public; revision to §§ 4.1, 6.1, 7.4, 7.9, 10.2, 12.3 and 12.7 to reflect the requirement that Company personnel have safe access to Company assets; revisions to § 9.3 to expand Company and Customer options for capturing meter reads when the meter is not accessible; revisions to §§ 10.2, 10.6, 10.7 and 10.8 to enhance language regarding: the prohibition against tampering, the requirement for reasonable precautions when engaging in activities near Company-owned facilities and clarify the responsibility for relocation expenses and replacement of Customer-owned piping; additions to § 11 to include language regarding cost justifications for line extensions and cost treatment for residential multi-family line extensions revisions to § 13 and the table in § 13.1 to add language regarding 'Common Billing Pressure' and include the 'Constant Factor' for all incorporated and unincorporated jurisdictions; revision to § 14.1 to establish the systemwide pressure at 14.65 psi; revisions to § 15 to update service fees and deposits to reflect recent approvals among the Company's service areas and to move fees closer to actual Company costs; and, addition of § 16 to expand the applicability of this option to the Company's customers statewide, consistent with the approved Quality of Service Rules in the existing WNSA.
