CITY OF ROLLINGWOOD UTILITY COMMISSION MINUTES

Tuesday, April 01, 2025

The Utility Commission of the City of Rollingwood, Texas held a meeting, open to the public, in the Municipal Building at 403 Nixon Drive in Rollingwood, Texas on April 1, 2025. Members of the public and the Utility Commission were able to participate in the meeting virtually, as long as a quorum of the Utility Commission and the presiding officer were physically present at the Municipal Building, in accordance with the Texas Open Meetings Act. A video recording of the meeting was made and will be posted to the City's website and available to the public in accordance with the Texas Public Information Act upon written request.

CALL UTILITY COMMISSION MEETING TO ORDER

1. Roll Call

Chair Jonathan Miller called the meeting to order at 5:30 p.m.

Present Members: Chair Jonathan Miller, Elizabeth Bray, Chris Kirksey, Walter Roloson, and Clark Wilson

Also Present: City Administrator Alun Thomas, Interim City Secretary Makayla Rodriguez, Utility Billing Manager Veronica Hernandez, and Council Member Phil McDuffee

PUBLIC COMMENTS

There were no public comments.

CONSENT AGENDA

2. Discussion and possible action on the minutes from the March 4, 2025 Utility Commission meeting

Clark Wilson moved to approve the meeting minutes. Chris Kirksey seconded the motion. The motion carried with 5 in favor and 0 against.

REGULAR AGENDA

3. Discussion on possible improvements to cellular service

Members of the Utility Commission discussed cellular service, previous efforts to address cellular service, and changes in nearby infrastructure that impacted cellular service. They continued to discuss reaching out to nearby cities to inquire about possible improvements as well as the use of network antennas.

4. Update and discussion on a recommendation to City Council to update the Utility Bill Appeals policy

City Administrator Alun Thomas explained that the Utility Commission's recommendation to City Council to update Utility Bills Appeals Policy was approved at their March meeting and is now effective.

5. Discussion and possible action on strategies to increase participation for the EyeOnWater Customer Portal

The Utility Commission and City staff discussed billing, Rave Alerts, and its capabilities.

City Administrator Alun Thomas discussed a letter drafted for the purpose of notifying residents about the update to the appeals policy and information regarding EyeOnWater. He continued to discuss another letter that residents could receive once they are signed up for EyeOnWater to inform homeowner insurance companies of their enrollment and stated that the letter could be used as a cost effective strategy to acknowledge proactive steps to prevent flood damage.

The Utility Commission discussed the letter, expenses for leaks, the updated appeals process, and communication to residents regarding the policy change.

Chris Kirksey moved to export the letter with the change recommended. Clark Wilson seconded the motion. The motion carried with 5 in favor and 0 against.

ADJOURNMENT OF MEETING

The meeting was adjourned at 6:15 p.m.

Minutes adopted on the _____ day of _____, 2025.

WATER PAYMENT APPEAL FORM

Name on Account: Andrew and Michelle Van Winkle

Service Address: 104 Kristi Dr

Account Number: [REDACTED]

Amount Due: \$3,080.90 (amount requested)

Telephone Number: [REDACTED]

Email Address: avw@braidx.com

Reason for Appeal to the Rollingwood Utility Commission: 1) Please identify the months that you are contesting. 2) Please provide the reason for dispute. 3) Please provide 12 months of history. 4) Provide any other information to support appeal.

1) Month contested: December 2024

2) On February 6, 2025, we submitted a water leak adjustment request for the amount of \$16,200.
The months contested in our adjustment request included December 2024 and January 2025.

3) On June 23, 2025, we received a credit against our Feb 6 adjustment request as follows
Credit for December 2024: \$0.00. Credit for January 2025: \$11,255.14

The purpose of this appeal is to pursue credit for the full amount requested - including our cost (\$225) to repair our line which was damaged by RW utility contractors. Our case that RW contractors damaged the line and caused the leak is included in the materials we presented to City Council on Feb 19.

For easy reference, the break in our line occurred within the trench RW contractors dug to install a new meter and/or supply line to our meter.

4) We are requesting to meet with the Utility Commission and/or whomever else is appropriate to review our appeal.

NOTE: on June 23 we also received credits for a separate leak adjustment request we submitted in October 2024.

The October 24 leak adjustment request is not part of the leak adjustment request we submitted in Feb 2025, nor is it part of this appeal.

Leak Description:

On October 11, 2024 we identified and fixed a broken pipe in our irrigation system.

Based upon consumption history (on <https://rollingwoodtx.municipalonlinepayments.com>)

I think the pipe broke in June 2024. I think this is when the pipe broke because June is when the report shows our consumption more than doubled compared to the previous year.

Rollingwood City Council

February 19, 2025

Dear Council Members.

On Feb 6, we submitted a Water Leak Adjustment Request to Veronica Hernandez for > \$16,000. Because of the dollar amount, our request might require support of City Council. Therefore, this letter presents the merits of our request.

In November and December 2024, City of Rollingwood's utility contractors ran new water line through our street and into our yard up to our meter. Our main water line exits the meter and runs through that segment of yard trenched by RW contractors. As identified by Johnny Coronado on 01/20/2025, our line was gauged by some tool in the section of yard that was trenched by RW's contractors. The pink flag in the included photos show the location where our pipe was damaged. Notably, that pink flag is within the path trenched by RW's contractors.

We (Van Winkles) and our neighbors (Harringtons) who share that water meter box certify that we did not nor did any contractor of ours dig or otherwise work at that location in December when our line was damaged.

We contend that RW's contractor damaged the line and caused the leak. Therefore, we requested full relief of excess water fees (~\$16k), plus \$225 we paid to repair the line, plus adjustment for winter averaging.

Request: Please ...

- Visit with Johnny Coronado to validate the location and nature of the damaged pipe.
- Evaluate this information and support our request for full relief and reimbursement.
- Advise us on how we can best advocate for ourselves on this issue.

Hi, Veronica.

1.) water leak adjustment report.

I think you might have sent that email to the wrong person. You sent usage reports you sent for dates in December 2024 and January 2025. My adjustment request was for a leak that was repaired in October 2024. Therefore, usage reports of days in December and January are not relevant to my request. For easy reference, I attached the following to this email.

- water leak adjustment request form (nothing new here. This is the same form I sent on Dec 9, 2024.)
- invoice showing leak repair (again ... nothing new here. This is the same form I sent on Dec 9, 2024.)
- usage report from rollingwoodtx.municipalpaymentsonline.com

2.) EyeOneWater

eyeonewater shows that we are using ~ 1,100+ gallons of water every hour of every day. that is not correct. I need help addressing this.

Cheers,

Hello Mr. Van Winkle,

I hope this message finds you well.

I am reviewing the leak adjustment you submitted. I checked EyeOnWater, and it still indicates constant water usage. I have attached the charts from EyeOnWater for your reference. I noticed you are registered for EyeOnWater, and you can view your constant water usage. Currently, we are not able to approve the leak adjustment.

I would like to add that the Council and Utility Commission is considering changing the adjustment period from three months to one month, as residents can now detect leaks sooner through EyeOnWater.

Thank you for your attention to this matter.

Hi, Veronica.

Thanks for your help with this. Leak Adjustment Form and repair invoice are attached.

As I noted in the attached form, please use the body of this email for the details and merit of our request. As you will see, this detail does not fit into the form.

We contend that City of RW gauged our main water line immediately adjacent our water meter and that this caused a leak. We are requesting relief in water fees charged to us by City of RW and repair fees as follows.

Leak period: 32 days (12/20/2024 – 01/20/2025).

Leak dates determine by flow on eyeonwater.com.

My contractor fixed the leak on 01/20/2025. Repair Fees: \$225.

Daily average use for the 30 days surrounding the leak dates = 136.7.

This is what I suggest we use as our estimated 'real water usage' per day for the 32 days ((12/20/2024 – 01/20/2025) if our line had not been gauged.

Estimated total "real water use" = 32 days x 136.7 per day = 4,374.4

Gallons billed during "Leak Period": 597,361.2

Gallon billed due to leak caused by City of RW = 592,986.80

Relief requested, please:

1. Water fees associated with 592,986.80 gallons billed during 'Leak Period'
NOTE: I can't state this as USD bc I do not have a rate schedule to convert gallons to USD.
2. Repair fees: \$225
3. Please update our account so that the correct values are used for 'winter averaging.'

Additional Comments

As identified by Johnny Coronado on Jan 20, 2025, a tool or similar object gauged our main water line immediately adjacent to our meter. I have the damaged pipe segment available for inspection.

City of RW (or its contractors) was working at the location of this leak on many days in October, November, and December, 2024. We contend that City RW (or its contractors) damaged our water line during that work. We expect that you can confirm that City RW (or its contractors) was performing work at this location of the leak on or about the date the leak started. Also, since you can see in the eye on water data that the leak flow gradually increased, please recognize that this implies that damage to the line might have preceded the exact date (12/20/2024) when water broke through the line.

We certify that we (including any contractor or other party associated with us) was not in the location of the damaged pipe at any time in November or December.

Hi Makayla,

There is an article in the paper today (attached below) regarding a project in San Antonio on the RiverWalk. A company, Toro Blanco Group <https://www.toroblancogroup.com> is helping the City to boost cell service in the area at no cost to the City. Toro Blanco is paid by the companies that provide cell service.

I am wondering if this might be an option the Utility Commission might want to look into for Rollingwood. Could you please forward this email to the Utility Commission members?

Thanks,
Victoria Johnson

Theatre to upgrade sound and light system

By Megan Rodriguez
STAFF WRITER

The city of San Antonio is replacing a 1990s-era sound and light system at the Arneson River Theatre, the malfunctioning bane of performance groups that just wanted to put on a good show at the River Walk venue.

The city and guest performers have long been forced to rent stage equipment for productions at the 800-seat, open-air theater below La Villita.

But come December, they won't have to.

City Council on Thursday OK'd a \$1.34 million contract with San Antonio general contractor AMSTAR Inc. for a revamp, which will include the addition of public Wi-Fi for visitors. Construction is set to begin next month.

Events are scheduled at the theater during the six-month construction period, but city spokesperson Kelly Saunders said the city stopped accepting bookings for additional events, such as weddings and concerts.

Sam Owens/San Antonio Express-News

The Battle of Flowers Association float enters the Arneson River Theatre during the 79th annual Texas Cavaliers River Parade on April 22, 2024, in San Antonio.

City Council also approved a contract with Toro Vertical LLC, which will install a small cell antenna and equipment that will improve 5G cell cov-

erage on the River Walk near the Arneson.

Saunders, who works for the Center City Development and Operations Department, said the Riv-

er Walk has "significant 'dead zones' and connectivity issues" below street level that the company will help address.

The city won't have to

pay anything for its 20-year contract with Toro. Its Atlanta-based parent company, Toro Blanco Group, will install \$78,550 worth of its equipment,

including poles that will house the cell phone antenna.

Toro's revenue comes from cell carriers that contract with the company directly.

"It's exciting to see that space, that's open and free to the public often, is getting a little bit of love right now," said District 1 Councilwoman Sukh Kaur.

The Arneson River Theatre was built by the federal Works Progress Administration, a Depression-era program that transformed cities across the country with construction projects that put locals to work.

The venue opened in early 1940. The Tipica Orchestra, a WPA-sponsored ensemble, was the first group to take the stage, performing a two-hour pre-Fiesta concert on April 28, 1940.

Edwin P. Arneson was a local civil engineer, surveyor and WPA district director who helped make the theater a reality. He died before the project was completed, but the city named venue after him in August 1940.
