NEW BUSINESS

- 1. Discussion and Recommendation** of entering into an agreement with **Omni Technologies, LLC** for the the renewal of the maintenance agreement, and purchase and installation of hardware, for the Village's access control system.

Administrator Kurlinkus summarized recommendations, stating that The Village currently has a “Lenel S2” access control system that manages the locks for the Village Hall and Police Department Doors. There are several doors on the Village Hall side for which we are having some trouble. The Village has spoken with the manufacturer and determined that we need to update our license and software for the control system and install an additional lock control node in the Village Hall. This is a quote from Omni Technologies, LLC to install the necessary upgrades which they believe should resolve our issues. This will also bring our license back into compliance and allow us to continue to receive the required.

The motion was made by Trustee Plock and seconded by Trustee Petty.

Voting Yea: Trustee Babcock, Trustee Mallicoat, Trustee Petty, Trustee Plock, Trustee Wright
